Three Carmel students win Congressional App Challenge

The REPORTER

A group of three Carmel High School seniors have won this year's Congressional App Challenge (CAC) for the development and implementation of their digital hall pass app, "PassMaster." Congresswoman Susan Brooks (R-Ind.-05) visited Carmel High School Monday morning to announce the winners.

Evan Kenyon, Joseph Paavola and Armaan Goel won the competition. They were assisted by fellow students Jared Stigter and Andrew Sleugh. Their app will be on display in the U.S. Capitol Building in Washington, D.C. **Click here** to watch a short video about PassMaster.

The CAC is a competition designed to engage students from across the country in computer science and coding. More than ever before, Science, Technology, Engineering and Math (STEM) skills, including computer science, are vital to compete in the workforce, to build a culture of innovation and to spur economic growth. The competition is intended to promote student engagement in STEM fields and to encourage them to pursue skills that will serve them throughout their careers.

LarryInFishers.com

The City of Fishers plans to reconstruct South Street near downtown Fishers, and the State of Indiana will pay $1 million of the construction costs through the Community Crossings Matching Grant program.

Jeff Hill, Director of Engineering for the City of Fishers, told the Board of Public Works and Safety on Monday that the project will cost $2.5 million, but with the matching Community Crossings grant funds, the state will pay $1 million and the city will pay $1.5 million.

The South Street reconstruction will stretch from Fishers Point Boulevard to Lantern Road, according to Hill. The project will be bid this winter with construction expected to begin in the spring of 2019.

The board approved the matching funds from the state.

The Federal Hill Commons Ice Plaza will extend operating hours for further enjoyment during winter break. Starting Wednesday, Dec. 26, the Ice Plaza will be open daily from 11 a.m. to 9 p.m. through Monday, Jan. 7, 2019.

"The outdoor recreational activity has welcomed nearly 2,000 skaters this season and we continue to look at ways to make the ice skating experience even better – including the addition of the Christmas Cottage with Santa from 5 to 8 p.m. Friday and Saturday evenings and 2 to 5 p.m. Sunday afternoons," Parks Director Brandon Bennett said.

In return, when ice rink patrons show their wristband from a paid rink admission, they will receive a free round of mini golf (nine holes) at Three-Two-Fun!! & Bowl 32 through Jan. 7 and receive $4 off general admission at Koteewi Run.

"These partnerships provide families with discounts and incentives to get out of the house and enjoy more Noblesville attractions," said Bennett. "The daily special $10 admission with a receipt from a downtown Noblesville merchant the same day will continue as well."

In addition to the partnerships with area businesses, the parks department is working with a number of Noblesville School Parent Teacher Organizations to offer discounted skate admission as a fundraising opportunity. App Challenge

from Page 1

When the group of students submitted the final version of their app for review, they provided these answers to the following questions:

1. What Coding languages did you use to complete your app?

Python, HTML, CSS, DART, and the Bootstrap, Flutter and Django frameworks.

2. What inspired you to create this app?

We met with our school's administration and discussed the way passes worked. We found that the current pass system was disorganized and lacked accountability, and PassMaster will solve these issues.

3. What is your app trying to accomplish?

Our app attempts to fix our school's pass system. It does so by allowing teachers and students to request, approve and create passes wherever they are and whenever they need.

4. What's a technical difficulty you faced in programming your app, and what technical solution did you use to overcome it?

One of the biggest challenges we faced when we created PassMaster was making sure that it was built with both teachers and students in mind, two totally separate demographics. In order to make sure that it was accessible and useful to each group, we made it available in both web and mobile app formats and added features tailored to each group that the old paper pass system couldn't have supported. Making it available on computers via a web browser as well as in mobile app form lets each group use it in the way that best suits them. However, to make sure that teachers and students could use PassMaster regardless of their personal preferences, we made sure everyone could use either interface. One feature we added to aid in this accessibility was letting students write their own passes and then ask teachers to approve it, something that wasn't possible with our school's old pass system. For teachers, we added a list of students who were incoming so that they would know how many students were coming and which ones were coming in most often, a highly requested feature that was lacking from the paper pass system. However, this increase in accessibility meant we had to essentially design two separate interfaces that were both integrated and had a similar look and feel. Adding this on top of making both web and app interfaces meant we had to do a lot more work than we could have if we had decided not to build the project for with both teachers and students in mind.

TODAY'S BIBLE READING

And when the sabbath was past, Mary Magdalene, and Mary the mother of James, and Salome, had bought sweet spices, that they might come and anoint him. And very early in the morning the first day of the week, they came unto the sepulchre at the rising of the sun. And they said among themselves, Who shall roll us away the stone from the door of the sepulchre? And when they looked, they saw that the stone was rolled away: for it was very great. And entering into the sepulchre, they saw a young man sitting on the right side, clothed in a long white garment; and they were affrighted. And he saith unto them, Be not affrighted: Ye seek Jesus of Nazareth, which was crucified: he is risen; he is not here: behold the place where they laid him. But go your way, tell his disciples and Peter that he goeth before you into Galilee: there shall ye see him, as he said unto you. And they went out quickly, and fled from the sepulchre; for they trembled and were amazed: neither said they any thing to any man; for they were afraid.

Teresa Jean Pickett, 57, while surrounded by her loving family and caregivers, went to be with the Lord on Thursday evening, December 6, 2018 at her home in Baker's Corner. Born on November 26, 1961 in Noblesville, she was the daughter of Thomas J. and Margaret L. (Hays) Heck.

Teresa was a 1980 graduate of Sheridan High School, and shortly following graduation her life would change forever. That was the summer when she met her soul mate and the love of her life, Dale Alan Pickett. She and Dale were married on October 22, 1982. Together they raised a wonderful family, as well as taking care of quite a few stray animals that happened to wander onto the farm.

Family was a huge part of who she was. It really didn't matter if you were related to her or not, if you were a part of Teresa's life, you were family. If someone could come up with a reason for family and friends to get together, Teresa was in. Birthdays, holiday parties, reunions, family camping trips, get-togethers with her knitting group, or just heading out on the bike with Dale and their riding buddies and getting lost in the beauty of the open road, those were the times that she held closest to her heart. Her work family meant the world to her as well. For 17 years Teresa scheduled appointments and helped keep Noblesville's Hair Design by William running as smoothly as humanly possible. Teresa enjoyed the years she spent with her coworkers, and truly loved getting to visit with the clients that came into the shop.

Teresa attended the Baker's Corner Wesleyan Church. She and Dale also rode with the Lebanon Chapter of the Gold Wing Riders Association.

Teresa is survived by her loving husband, Dale Pickett, Baker's Corner; her two sons, Joshua Alan Pickett (Alyssa), Westfield, and Levi Thomas Pickett, Sheridan; two grandchildren, Autumn and Sadie Pickett, Westfield; one brother, Steven Heck (Ruth), Sheridan; brother-in-law, Michael Pickett (Adrienne); father- and mother-in-law, Ron and Janice Pickett, Baker's Corner; and by her parents, Thomas and Margaret Heck, Lake Placid, Fla. Girls basketball

Royals breeze to win, Parrish reaches 1,000 points

By RICHIE HALL

Hamilton Southeastern's girls basketball game with New Castle was both an easy win and a grand occasion.

The Class 4A No. 2 Royals breezed to a 76-38 victory over the visiting Trojans on Tuesday. The highlight came in the first quarter when junior star Sydney Parrish became the latest member of Hamilton County's 1,000-point club.

Parrish came into the game with 994 points, needing only six to reach the magic number. She got it midway through the first quarter on a 3-pointer. The game was stopped to recognize Parrish, then it was quickly back to business.

"I honestly didn't even know I was close until about two games ago," said Parrish. "I didn't really think about it, but then I was like 'Oh!' I was worried this game that I wasn't going to get there. I was like, 'Oh my gosh, six points.'

Parrish said she couldn't have done it without her teammates.

"They're the reason that I get some of the points that I have," said Parrish. "That's a big help."

"Syd's a wonderful kid," said Southeastern coach Chris Huppenthal. "She gave up the ball when she needed to give it up. She didn't force any shots, she took a lot of great shots. And she was hitting tonight."

"I'm so happy for her," said Huppenthal. "Having her in our program has been a blessing for us and for everybody involved. She does a great job of including her teammates in everything she does on the basketball floor."

The Royals put this game away early. Southeastern led 26-0 before New Castle scored a basket at the last second of the first period. HSE then led 43-12 at halftime and was up 67-25 after three quarters.

"I thought early on, we did a very good job defensively," said Huppenthal. "I thought we did a good job against (Cameron) Tabor. We wanted to go ahead and try and take her out. We thought if we eliminated her opportunities, we eliminated the rest of the team's opportunities. Especially the first quarter. We did a very good job jumping on their 3-point shooters, and again, eliminating Tabor's dribble penetration lanes."

Parrish finished the game with 23 points, including five 3-pointers, and also had six rebounds, five assists and two blocked shots. Amaya Hamilton also scored 23 points, and earned a double-double by collecting 11 rebounds.

"We all get along so well," said Parrish. "They understand every part of sharing the ball. Everybody's great with each other."

"Amaya Hamilton played amazing tonight," said Parrish. "Everybody's happy for her. It's just a great feel as a team, on and off the court."

Jackie Maulucci added 15 points. Molly Walton had six rebounds and five assists, while Malea Jackson also dished out five assists.

The Royals' junior varsity won 63-12. Scoring were Viele 21, Hinshaw 13, Stewart 9, Etheredge 5, Hill 4, Gabriel 4, Baker 3, Goeglin 2 and Rathbun 2.

Southeastern is now 13-1 for the season and will host Fishers on Saturday in the Mudsock game.

Royals get dual meet victory at Noblesville

Hamilton Southeastern won an all-county dual meet Tuesday, beating Noblesville 40-21 at The Mill.

The Royals won the first three bouts of the meet, including the first two by falls from Luke Ferren and Andrew Irick. A decision win from Crae Kunkleman gave Southeastern a 15-0 lead.

The Millers got on the board when Doug Walkley won the 106-pound match with a decision, and the teams mostly alternated wins from there. Noblesville made a run when Dalton Huffman got a tech fall at 132, then Daniel Gallinoto picked up a pin at 138. But the Royals won the next four matches in a row to seal the dual meet win.

Jake Simone and Ronan Heiner both had wins by fall for HSE in addition to the first two pins.
