Carmel's Fiala a key player for Irish

Notre Dame baseball here this weekend

By DON JELLISON
Reporter Editor
Former star Carmel shortstop Kyle Fiala will be back in Hamilton County this weekend, and he'll bring his college buddies with him.
Fiala and the Notre Dame Fighting Irish will be at Westfield's Grand Park, facing Atlantic Coast Conference foe Virginia Tech in a pair of conference games.
Old Man Winter continues to take a toll on the University of Notre Dame baseball schedule as poor field conditions at the U.S. Steel Yard in Gary due to the winter frost

have forced the Irish to move their Saturday and Sunday games to Grand Park. Game times are set for 4:30 p.m. Saturday and 11 a.m. Sunday.
This will be only the second weekend of baseball at brand-new Grand Park. Over 1,500 fans are expected for the games.
Also at Grand Park this weekend will be pair of games between Hanover and Manchester. Those two teams will play Friday at 6 p.m. and Saturday at 10 a.m.
Along with the college baseball, also scheduled at Westfield this weekend is a huge soccer tournament. Like last weekend

when both baseball and soccer were played at Grand Park, hotel rooms are few and far between throughout the Hamilton County area.
Notre Dame and Virginia Tech will kick off the weekend schedule at 5:35 p.m. on Friday at the Four Winds Field (formerly Coveleski Stadium) in South Bend before Saturday heading to Westfield.
Fiala, who starts for the Irish and is hitting .269, will bring a hot bat to Grand Park. In Notre Dame's last game, a 3-0 over over Robert Morris on Tuesday, Fiala had a hit, RBI run and two walks.
Also on the Notre Dame roster are Connor Hale, a pitcher from Carmel who played at Brebeuf; Nick McCarty, a pitcher from Westfield who played at Cathedral, and Phil Mosey, an infielder from Fishers who played at Cathedral.
On the Virginia Tech roster is Matt Dauby, from Carmel who played at Cathedral.
Manchester and Hanover both appeared at Grand Park last weekend.

She's a million dollar baby, but come now

By DON JELLISON

Talking about looking like a dummy.
Again.
I hope those of you who read my Libbie Conner story Wednesday morning, concerning Conner retiring as Noblesville Schools Superintendent, kind of slipped past my latest blunder.
My story said Dr. Conner's salary was \$1,660,000.
Conner might have done work of a \$1 million plus school leader, but she wasn't paid that much. Her salary is about 660,000.
Talk about egg on my face.
Again.
I feel badly that I would make such a mistake in a story about a very special lady who has led Noblesville Schools through a very exciting period of time. Conner has left her mark on the community.
As I listened and watched Conner answer questions Tuesday evening in the board room, she talked about all the great things which have happened during her career as boss of the schools. She didn't mention the one I think of as her No. 1 feat.
She came here from Carmel at a time when I thought this town was about to explode over the one school, two school issue. Should Noblesville, as the city continued to grow, split and go to two schools, as the Hamilton Southeastern district did, or should Noblesville remain one high school and arguably someday become a huge high school, just, as they say, like Carmel.
Conner never allowed that type of fight to ever begin here. She got lots of people involved and she moved Noblesville into making what I believe was the right decision. Instead of adding a second high school building with a matching staff and matching facilities of old Noblesville High School, the community decided to add on to what it had.
Considering what has happened and is happening at other school districts, such as Kokomo, Anderson and Muncie, Noblesville remaining one high school was, I believe, huge. Kokomo tried a second school, Haworth, and failed. Anderson lost Madison Heights. Now, next year Muncie South will become a part of Muncie Central.
Conner accomplished lots of other things during her leadership role here. She should have, considering that million dollar salary I tried to give her.
Kidding aside, she just recently engineered the sale of old East Middle School to Hamilton County, thus triggering Ivy Tech's planned move to Noblesville with a regional campus.
And, in the building in which we all were seated Tuesday evening, Conner led the charge from Field Drive to River Road for new Central Administrative offices. Big deal, you say? Noblesville Schools'

City announces one-time spring loose leaf pickup program

The Noblesville Street Department normally conducts pickup of loose leaves only in the autumn. Due to the fact that many leaves still remain on the ground, the Street Department will make one complete circuit of the city with leaf machines in order to remove any remaining loose leaves. This special pickup will begin on Monday, March 24, 2014 and should take approximately three weeks to complete.

Residents who still have leaves in their yard who would like to take advantage of this special pickup must rake the loose leaves as close to the edge of the street as possible without placing leaves in the street. Loose leaves with brush, grass, litter, and/or other debris will not be picked up, as this will damage equipment. Please note that leaves will not be picked up in alleys.

Because of the variables involved with this special pick-up including how many leaf machines are able to be used, weather conditions, and how many residents take advantage of this program, it will be difficult to predict which neighborhoods will have their leaves picked up on which days. Due to this, residents who would like to be included in this pick-up should have their leaves raked and placed close to the street by next Monday, March 24. Residents who miss this special one-time pickup will need to bag their leaves in free, biodegradable bags and call the Street Department at 776-6348 to schedule a pickup. The biodegradable bags are available for free to Noblesville residents and may be picked up at the Street Department (1575 Pleasant Street) or City Hall (16 S. 10th Street).

For more information about the one-time spring leaf pickup program, contact the Street Department at 776-6348.

face on the old Field Drive facility in recent years didn't help paint a picture of what Noblesville Schools are all about.

"All of our successes in the last five years are due to people," Conner said Tuesday evening. "It's the people I've worked with who have made all of this possible."

I'm sure that's true, but all people need a leader and Libbie Conner has been that leader for Noblesville.

Hiring new superintendents is kind of like hiring new coaches. It's a crap shoot, and Noblesville will begin rolling the dice immediately. The boss is leaving on Sept. 1.

The person Noblesville Schools select will be the face of this community's world of education during a period of time when Noblesville will grow and grow; more and more families will come here, and more and more facilities and people will be needed to make the city's schools the success they have become under Dr. Conner.

Kind of scary when you think about that challenge.

Noblesville Schools has scheduled an executive session on March 21. In today's world executive sessions are just that, executive sessions. The agenda is kept private, except today schools for an agenda must check off a list of reasons as to why the session is being held.

Noblesville has listed two reasons for the March 21 session:

- *To receive information about and interview prospective employees.
- *To train school board members with an outside consultant and the performance of the role of the members as public officials.

Hello, folks.

The process has started. Where we are today, school board members please don't make a mistake. Your decision now is for our schools of the future.

City should consider taking control of SR 32

Hello All,

Recently while driving Conner Street , 8th Street , and many other streets in Noblesville, Indiana I have noticed that an effort to repair the many large chuckholes has taken place in most areas of Noblesville except near the 8th and Conner Street and 8th and Logan Street locations.

Has any thought been given to taking from the state including repair/maintenance money ownership and control of Conner Street from 37 to say Hague Road similar to how Carmel took control of 431/Keystone north of 96th Street? Maybe with all the new found money of Westfield and Noblesville it may be possible to take control of the section already mentioned plus SR 32 to Westfield. Just an additional thought! The change in ownership would eliminate all the buck passing about snow removal and other responsibilities including repairs. This change in ownership would allow for direct accountability specifically relating to the current and future horrible road bed condition of these roads.

I am sure Bonding could be arranged to assist in any additional funds needed to make this transaction and upgrade appear seamless.. It would then be possible to limit big truck traffic which by the way a single big truck creates more damage to roadways than 5000 cars combined to only those units making local deliveries. This restriction is certainly not new and would be similar to restrictions in other towns and areas I have noticed thru out the Midwest and United States.

Thank You...

Jim Williams

Meet is Saturday at Indiana Wesleyan...

County gets many HSR qualifiers

The indoor track and field season will conduct its “state meet” on Saturday, with the Hoosier State Relays taking place at Indiana Wesleyan University in Marion.

Hamilton County will have many athletes at the event, including a handful of top seeds. Carmel’s Stacy Morozov is the first qualifier in the large school women’s 3200 meter run, and the Greyhounds are first in the 4x800 relay.

Meanwhile, Fishers earned the top seed in the women’s 4x400 relay, with Hamilton Southeastern rated first in the distance medley relay. The large schools are those that are in football classes 4A, 5A, and 6A.

The small schools are those in the other three football classes, which include 3A schools Guerin Catholic and Hamilton Heights. Each school has a top seed: The Golden Eagles are first in the men’s distance medley relay, while Sierra Brown is the top seed in the women’s 60-meter hurdles.

Here is a complete list of qualifiers. In a change from last year, the top 24 in each event (except for high jump and pole vault, which took the top 18) from the various qualifier events from around the state earned a place at the Hoosier State Relays this year. Previously, athletes must have met a time/distance standard in each event.
