White River Church not the answer...

# Back to Page 1 for Mosaics kids

By DON JELLISON  
Reporter Editor

After nearly two years of botched planning, followed by two weeks of unsuccessful scrambling, the Superintendents Governing Board Friday morning had no answer, no school, for the kids who are members of the Hamilton County co-op Mosaics School.

Not the answer a group of disappointed parents who attended the meeting wanted to hear.

The Mosaics School and its problems were back to page 1, back to nearly two years ago when Noblesville Schools announced they would no longer have space to house Mosaics.

At that time, the superintendents from Noblesville, Westfield, Sheridan, Hamilton Heights and Frankton/Lapel thought their new home, starting with the 2014-15 school year, would be the Noblesville Armory. Noblesville Schools planned on purchasing the Armory, which eventually happened. But, as the federal government moved at a slow pace, the sale didn't take place until

only recently. Noblesville committed the building to Mosaics for five or six years. The plan fell apart two weeks ago when Noblesville Superintendent Dr. Libbie Conner announced to the co-op that an inspection of the Armory, following Noblesville's purchase of the building, discovered that it would take more than a

## Opportunity abounds for good citizens

By MARY SUE ROWLAND

Often folks don't step forward because they are not asked to participate. No such excuse now. You are officially being asked to pick one or more of the following great events and good causes to show just how you can help. One event will get your hands dirty, on event will warm your hearts and one event is a great family activity that will benefit others. Actually, all three events benefit others and the community. Some are state wide, some county wide and one just for Noblesville. If you live outside of Noblesville, you probably could organize something similar in your town. Consider if everyone pitched in to help the tasks would surly seem smaller.

Opportunities by date order: This is 3 of many.

## Biddle Park receives \$4,000 donation

The Charles M. Orff Foundation via Charlie's Ride/Sheridan American Legion Riders (post 67) is donating \$4,000.00 to Biddle Memorial Park for the purchase of 3 pieces of playground equipment. One is a play set with slides; two are spring riders. The equipment will be installed by volunteers including members of the American Legion Riders and Andy Stites. Foundation members are hoping to have the new playground equipment fully installed by July 4th.

Jennifer Stites is the president of the The Charles M. Orff Foundation which was created to honor the memory of Charles M. Orff. Charlie Orff was a native of central Indiana, and attended school in Sheridan and graduated from Noblesville High School. Shortly after graduation, Charlie joined the US Army and served two tours in Iraq. He achieved the rank of Staff Sergeant and continued his service in the Army Reserves.

Upon his return from Iraq, Charlie took a job as a foreman for a central Indiana roofing company. In July of 2008 Charlie was severely injured when he fell off a roof. By February, 2009, he was able to return to work, but on March 22, 2009, Charlie was killed in a catastrophic motorcycle accident near Sheridan.

## Rotary honors Top 10 percent SHS seniors

The Sheridan Rotary Club was pleased to honor the Top Ten Percent of the Sheridan Class of 2014 at its annual Scholastic Awards Program at the Club meeting on Tuesday, May 20, 2014. Each year Sheridan Rotary recognizes the academic achievements of selected Sheridan High School graduates and their parents with a dinner and awards program. This year the club welcomed Rachel Boucher, Tucker Rose, Michael Boyer, Boone Rose, Jacob Covert, Carolyn Quick, Arminda Delph, Matthew Delph, Garrett Owens, Carolyn Miller and Caleb Fettner

to our meeting to honor and celebrate these outstanding young scholars.

Another recognition at the Tuesday meeting was a salute to the Sheridan Community School's high school and elementary teachers of the year. Stephanie Lego was recognized as the elementary teacher of the year, and Phil Carter was honored as the secondary teacher of the year. Mrs. Lego teaches 2<sup>nd</sup> grade and Mr. Carter teaches science.

Scholastic achievement is important to Rotarians. They honor it

not only locally but celebrate it worldwide. Rotarians recognize that classroom success usually translates into success later in life. We need to applaud those accomplishments when and where they occur, be it in a person's younger years or after a life time of successful ventures. Sheridan Rotarians are proud to be a part of Rotary International's continuing efforts to reward those who try their very best to make this a better world.

## McCauley hired as new NHS boys basketball head coach

Noblesville has replaced one of the state's most outstanding basketball coaches, Dave McCollough, with another outstanding coach, Brian McCauley.

In eight seasons at basketball-strong Kokomo McCauley, who played his high school basketball for the Wildkats, put together a 130-58 record. He led the Wildkats to a 23-3 record and the state championship game in 2011, losing to Bloomington South, 56-42, for the crown.

After taking over a program which the year before finished 10-11 and a program which had losing seasons two of the previous three years, McCauley struggled in his first season at Kokomo, posting a 5-16 record and losing to Lafayette Jeff in the first round of the sectional. McCauley's second season ended at 13-9 and a second-round sectional loss to Jeff.

Since that time McCauley has won five sectionals, one regional and a semi-state.

The other two are less work but you have to dig into your pocket. You might consider that summer time is the best time to participate. If you wait until winter, you may be asked to shovel snow! MOSAICS

From Page 1

million dollars to bring the Amory up to code. The school systems involved indicated they did not want to make that type of investment, considering they would have the building for only five or six years.

That sent the co-op folks scrambling the last two weeks, trying to come up with a facility to keep the Mosaics School alive.

"We had discussions with White River Christian Church in Noblesville," sad Mosaics Director Dr. Steven Wornhoff. "They offered us space. They have a lot of space, but that space is being used part-time."

Wornhoff said that even furniture used by the Mosaics School would not be the same as used by the church.

"They have something going on each Thursday and then again during the weekend," explained Wornhoff. "We would have to break down our stuff for Thursday evening; set it up again on Friday mornings; move it again Friday evenings and then come back on Mondays.

"It just wouldn't work," Wornhoff added.

So, what then will work?

Wornhoff presented, and the superintendents approved, what the director called a "satellite school."

Beginning next fall, two classes will be housed at Hamilton Heights and one each at Noblesville and Westfield.

That's exactly what some parents made clear isn't what they want, citing splitting up the staff to the point where it would not be effective.

The answer from the board was, effective or not, the plan is necessary. At this point, there is no other option.

Long term?

Wornhoff said that could require building, because there appears to be nothing available in the area.

"We haven't had a good discussion on building," Wornhoff said, "but that could come in our long range planning. We just don't have time to make that happen before school begins next fall."

Not the Perfect Mom

“I Will...”

By TAMAR KNOCH

If I’ve learned anything over the last few years it’s that I’m NOT perfect. I’ve learned that no matter what I do, it’s still never good enough for me. No matter how hard I try I will still sin and I will fall oh-so-short of the glory of God. BUT. I’ve also learned that it’s not about me. The Bible, life, it’s ALL about Jesus. They’re all about what Jesus said and what Jesus did - for ME. And for YOU.

“Thus says the LORD of hosts; Behold, I will save my people from the east country and from the west country and I will bring them to dwell in the midst of Jerusalem. And they shall be My people, and I will be their God in faithfulness and in righteousness.” Zechariah 8:7-8

“Say therefore to the people of Israel, ‘I am the LORD, and I will bring you out from under the burdens of the Egyptians, and I will deliver you from slavery to them, and I will redeem you with an outstretched arm and with great acts of judgment. I will take you to be My people, and I will be your God who has brought you out from under the burdens of the Egyptians. I will bring you into the land that I swore to give to Abraham, to Isaac, and to Jacob. I will give it to you for a possession. I am the LORD.’” Exodus 6:6-8

Is it just me or is there a refrain in those two verses? “I will save”, “I will bring”, “I will deliver”, “I will redeem”, “I will be your God” and “I will give it to you”, it’s all about what GOD will do... for YOU.

When you read Genesis 15 God makes a blood covenant with Abraham and you’ll notice, God doesn’t make any stipulations on Abraham in order to fulfill His promise

to Abraham. All the requirements of the agreement are on God Himself to bless Abraham with more descendants than the stars in the sky.

In Hebrews 9 you’ll find: “But when Christ appeared as a high priest of the good things that have come, then through the greater and more perfect tent (not made with hands, that is, not of this creation) He entered once for all into the holy places, not by means of the blood of goats and calves but by means of His own blood, thus securing an eternal redemption.” (11-12) My friends, God used the blood of a cow, goat, sheep and birds to secure His promise to Abraham and He kept it. How much more faithful do you think He’s going to be to His promises to you when they’ve been secured by the blood of His own SON!?! In the Old Testament when someone sinned they had to take their BEST animal and spill its blood, as atonement for their sins. That animal sacrifice purified them of that sin until the next time they sinned when they would have to repeat the process. While the blood of those goats and bulls had the power to purify, it didn’t last, it wasn’t strong enough.

BUT GOD had a better plan. The blood of a PERFECT lamb, His Son, born in a stable with all the other sacrifices, offered His blood as the propitiation for our sins that justified us by His Grace as a gift through the redemption of Christ Jesus. This was to show God’s righteousness, because in His divine forbearance He had passed over former sins. It was to show His righteousness, at the present time, so that He might be just and the justifier of the one who has faith in Jesus. (Romans 3:24-26) See, again, ALL GOD, not you.

GOD is the one who has covered you, God is the one who has justified you and purified you from all of your unrighteousness. According to 1 John 4:17 as Jesus is so are we in this world.

So different yet so alike...

By JANET LEONARD

On Friday, my husband played golf with the good ol’ boys.

I asked him “Chuck, what was the talk on the golf course?” He said that they talked about their making pars, bogeys and double bogeys. They discussed driving far and putting well. They played for four hours.

On Friday, twenty some of my girlfriends and I had a luncheon at Ginger’s Cafe.

We oohed and awed over what each other was wearing and how darling certain outfits looked. We discussed the newest products that we have discovered that make us look and feel younger. Some looked quite spiffy with a few pink highlights in their hair. Tattoos? Yes, a few Grandmas were sporting a new statement. Not this Gma.

We compared falling in love when we were young to falling in love later in life. We argued the pros and cons of a large church verses a small church. We weighed in on gluten free diets and Advocare. Most of us have found that our weight has found a pause...in our middle.

We range in age from those who graduated in the sixties to those who graduated in the eighties. Most of us are Noblesville High School Alumni. Many of

us have become reacquainted through Facebook. We have picked each other up by our bra straps. When we felt less than, there was always a girlfriend who made us feel more than.

We have sat beside each other and laughed, then cried and then laughed again when our hormones had a raging come apart.

We discussed being moms who are “fixer’s” and the pain of not being able to fix everything for our kids...no matter how old that they are.

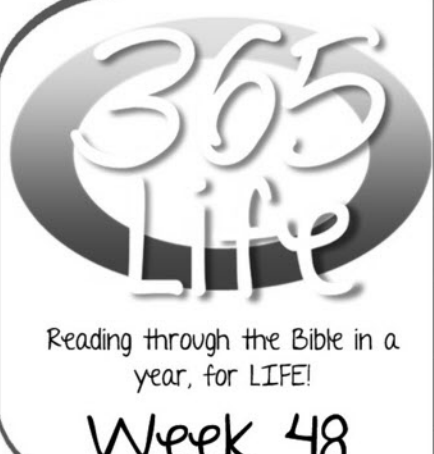

Many of us are gardeners and we all seem to be experts on mulch. A few of us are mulch addicts.

For two hours we sounded just like those giggly girls that we were in high school. It was the sound of friendship. Time had changed our looks but not our hearts. We still needed girlfriend time. We still needed to feel that someone understood us. Funny how in high school we wanted to be seen as though we had it all together, yet we didn’t. Now we don’t care who knows that we don’t have it all together. If we did have it all together most of us would forget where we put it.

We left Ginger’s already making plans for our next Girlfriends Luncheon.

Chuck said that he and the good ol’ boys left the golf course discussing when they will play golf again.

See, we are not so different.

# Heights to join Hoosier Conference

By DON JELLISON  
Reporter Editor

Hamilton Heights, along with Northwestern, Cass and Western from the Mid-Indiana Conference, has joined the Hoosier Conference.

Effective July 1, 2015, those four schools will join the Hoosier Conference in what now will be a 12-team league.

"The existing member schools of the Hoosier Conference, which include Benton

Central, Delphi, Lafayette Central Catholic, Rensselaer, Tipton, Twin Lakes and West Lafayette, are excited about this expansion and look forward to growing the Hoosier Conference," said Benton Central principal Corey Robb, who chairs the new conference.

"This expansion will help the Hoosier Conference on its path to become one of the premier conference in the state," Robb added.

The move, rumored for weeks, was announced on Friday afternoon.

"We are excited," said Hamilton Heights athletic director Kurt Ogden. "The Hoosier Conference will become one of the premier mid-school conferences in Indiana"

Ogden said many of the details of the merger will need to be worked out, such as having a 12-school conference for football.

"We will need to go to divisions in football," Ogden said. "Then, will we have

a playoff the last week of the season? That remains to be worked out."

The new conference will bring together two old rivals, Hamilton Heights and Tipton.

"We will also build new rivalries," said Ogden. "All the schools have good athletic programs.

"Also, on the academic side, we're bringing together some 4-Star schools," Ogden added.

Blackhawks have trouble crossing plate...

# Sheridan falls to Alexandria

By **DON JELLISON**  
**Reporter Editor**  
Sheridan had its chances. Golly, did the Lady Blackhawks have their chances.  
But, the problem for Sheridan in an 8-4 loss to Alexandria at the Eastern Softball Sectional on Monday afternoon was not being able to get base runners across the plate.

“We left two runners on in the fifth, three in the sixth and one in the seventh,” agreed Sheridan coach Joe Grant. “And, we had our good hitters at the plate.”

With the loss, the Blackhawks finished their season with an 8-14 record.

“We don’t have one senior on this team; everyone will be back next season,” Grant said. “Plus we’ve got a good freshman class coming in. If everyone comes out, we’ll have six seniors on the team next season.”

Sheridan had some excellent performances at the plate.

Sophomore Payton Buckner went 3-for-3 and scored three runs. She led off the game with a home run.

“Buckner hit well all season,” said Grant.

Shannon Padgett, a junior, had a single and a double and drove home two runs. Page Forrester, also a junior, collected a double. Junior Abby Gwin doubled.

Sheridan stayed in the battle by holding Alexandria to a run in the last three innings. Grant replaced starting pitcher Forrester in the fifth. Reliever Padgett held the Tigers to

a run in that frame and then Forrester came back to blank them in the last two frames.

“Padgett has pitched a lot for us this year and Alexandria had the bottom of its order coming up in the inning. I wanted to give her a chance, and then come back with Forrester,” Grant said.

Sheridan’s offense got started with Buckner’s lead off home run.

In the third, Buckner got a two-out single and then scored on back-to-back singles by Kendra Durbin and Padgett.

In the fifth, Buckner singled; scored on a double by Padgett, and Padgett scored on a double by Forrester.

## Dunn leaving Sheridan for Rossville?

The Hamilton County Reporter has learned that Sheridan boys basketball coach Cory Dunn will leave to become the new head basketball coach at Rossville High School.

Contacted by The Reporter, Dunn neither confirmed or denied the move.

The Rossville School Board will meet on June 3 and will make the announcement at that time.

Dunn at this time has not resigned at Sheridan.

If that happens, Sheridan School Superintendent Dave Mundy told The Reporter that the Sheridan job will be posted.

Mundy was asked if there are candidates for the basketball job.

“Everyone is a candidate,” Mundy said with a smile.

Huge sixth inning for Guerin...

# Host Golden Eagles smash Beech Grove in sectional opener

By **RICHIE HALL**  
**Reporter Sports Editor**

No matter what happened at the game, Monday was already a big day for the Guerin Catholic softball program.

The Golden Eagles are hosting sectionals for the first time this week. Guerin opened play Memorial Day morning against Beech Grove, and were involved in a battle for the first five innings.

That all changed in the sixth innings, as Guerin Catholic poured in seven runs, and that put the Golden Eagles out of danger and on their way to a 10-4 win over the Hornets. Guerin plays Herron in tonight's second semi-final at 7 p.m.; Marshall and Bishop Chatard start the night with the 5 p.m. first semi-final.

The score was tied at 3-3 going into the top of the sixth (Guerin Catholic was the visitor on the scoreboard), but that changed quickly. Shortstop Addie Gray, catcher Rachel Louthan and designated player Kate Swift each had hits right in a row, which resulted in three runs. Louthan batted in Shelby Martino (who was walked on to base), and Swift batted in Gray and Julie Gallina, who was pinch running for Louthan. Swift would later score on a throwing error.

Megan Collins scored the inning's fourth run, reaching base on error and crossing home plate on a wild pitch. Annie Skarbeck was walked, moved around and scored after Sarah Miller reached on error. Miller stole second base, then was batted in by Martino's single - what goes around comes around.

"We have been focused on putting a bat on the ball all year long," said GCHS coach Ed Collins. He said that one of the things the Golden Eagles have worked on in the later portions of the season is "watching the opponent's pitcher, timing them up and talking." The sixth inning, he said, was a result of all that.

Guerin Catholic scored a run each in the first two innings. Ellen Cech led off the

game with a hit, then scored on a wild pitch. Beech Grove scored twice in the bottom of the first, but GC responded when Kelby Sullivan's single batted in Gallina, again pinch running for Louthan, who hit a double to get on base.

The Hornets scored another run in the bottom of the third. Guerin knotted the game up again in the top of the fifth, when Megan Collins hit a solo home run. That made the score 3-3, and set the stage for the Golden Eagles' big sixth inning. Beech Grove scored another run in the bottom of the seventh, but that was it.

Cech, Gray and Louthan all wound up with two hits.

Miller pitched a great game, going the distance and striking out eight. Second baseman Kelby Sullivan had two big catches in the fourth inning. Collins said the team has been focused on fundamentals, which has helped the fielding do well.

"To come out of a game as clean as we did just there, that's a testament to everyday practice and focus," said Collins.
