### Vehicle did not cause Cicero bicyclist's death

The active investigation into the bicycle crash that occurred in icero near Main Street and Buckeye Street last Monday, July 14 has concluded indicating that no vehicle struck the victim, Nicholas Camp, or his bicycle. The evidence indicates Camp was southbound on Main Street when he lost control of the bicycle he was riding and crashed. The fatal injury was caused by the handlebar of the bicycle. The conclusion was reached after careful examination of roadway evidence (or lack thereof), the lack of damage to the bicycle, the autopsy results, and the lack of striking injuries to Camp.

The possibility does exist that a vehicle got close enough to Camp to startle him and lead to him losing control of the bicycle; however, at no point in time was contact made between a vehicle and Camp or a bicycle. Experts from around the country were consulted during this investigation and reached the same conclusion.

This office in downtown Carmel was one of the places that DORN, the Drug and Opiate Recovery Network, operated. Nine people have been charged with Conspiracy to Commit Dealing in a Schedule III Controlled Substance, among other charges that have come out of DORN's activities.

At the lecture, Dr. Ley asked everyone present if they needed Suboxone for pain or for addiction and had everyone fill out a form. Upon completion of the lecture, which lasted 1 1/2 to 2 hours. FP No. 3 was issued a two-week prescription for Suboxone and referred to a Muncie office for follow up visits. FP No. 3 stated that she never saw Dr. Ley again in his Carmel office. For her follow up visits, FP No. 3 went to the Muncie office located on High Street every two weeks any time between 7:30 a.m. bearing Dr. Ley's signature.

#### New twist to Dr. Larry Ley story

Many of the Noblesville "Old Town" people showed up at the last zoning meeting in Noblesville City Hall to protest a request by Dr. Larry Ley, who wanted to change the zoning of his house (one of the two Craycraft homes; this one next to the green

Victorian house where the Ruby Pear once was located) from residential to business. Ley, it has been reported to The Reporter, had already added parking and done work inside to prepare the house for the offices he wanted there.

Residents, especially those on Conner Street, do not want to be rezoned because: 1, it would further damage the historical aspect; 2, it would make it hard to keep family-friendly "Old Town" feel desired.

## Over 300 people attend Noblesville Mayor's Ball

Friday evening, Noblesville Mayor John Ditslear and his wife Teri hosted the annual Noblesville Mayor's Ball at the beautiful Mustard Seed Gardens. The annual event raises money for local charities. This year's selected charities were the Noblesville Fire Fighters Christmas food and toy drive, the Noblesville Youth Assistance Program and Friends of the Noblesville Central Pool. It won't be until Monday that the amount raised will be known because of the silent auction that took place. The tallies will be calculated over the weekend. A total of 333 guests attended this year's gala. With beautiful weather and great scenery, the mayor could not have been happier with the event.

## Five new buildings open at Fishers' Concourse at Crosspoint office park

Edgeworth Laskey Properties LLC officially opens the second of five buildings slated for the Concourse at Crosspoint office park on 26 acres near Interstate 69 between 96th and 106th streets.

An open house for brokers and the media is scheduled at 5:30 pm today.

On schedule, Two Concourse provides 132,993 additional square feet of Class A space in Fishers. The five-story building has received Energy Star certification from the Environmental Protection Agency. It uses less energy and is less expensive to operate. One Concourse at Crosspoint, the first of the buildings, opened in 2010 and is 100 percent leased. Tenants include Stanley Black and Decker, Stanley Security Solutions, USA Funds, and Raymond James, Inc.

"Edgeworth Laskey's commitment in Fishers is good support for our community and adds to the advantages of doing business in Fishers" said Town Manager and Mayor-Elect Scott Fadness.

The four-, five- and six-story brick-and-stone buildings of Concourse at Crosspoint will create a master-planned campus environment conveniently located for easy interstate access. The design includes brick, limestone, and glass exteriors with dramatic interior lobbies, and an abundance of natural light.

The office park fills a void by providing much-needed Class A office space attractive to professionals who want to work in the same community where they live.

"Once again, it's seems the right place and the right time for this project," said John Edgeworth, principal with Edgeworth Laskey Properties. "With One Concourse completely occupied, we see the opening of the second building as part of critical momentum for our area. Interest is high, and our buildings at this location have been well-received. That bodes well for the future of Fishers"

Indianapolis-based Edgeworth Laskey Properties is known especially for its entrepreneurial and personal approach to commercial developments.

# Holiday World to open "Thunderbird" in 2015

#### Press Release

The nation's first launched wing coaster will take flight over Holiday World in 2015.

Named Thunderbird, Holiday World's first major steel roller coaster will feature a zero-to-60 miles-per-hour launch in 3.5 seconds, followed by multiple inversions - including a 14-story Immelmann loop, Zero-g roll, barrel roll, and a loop soaring 125 feet in the air

Continuing Holiday World's tradition of sending roller coasters through its thickly wooded and hilly terrain, Thunderbird will Sp at first soar and loop high in the air and then hug the ground, surprising riders with rapid-fire "near misses" such as keyholes, Themed elements, other rides, trees, and even the ground.

"A wing coaster creates a feeling of incredible freedom - you ride beside the coaster track with nothing above or below you," says Holiday World's president, Matt Eckert. "Thunderbird is the first launched

wing coaster in the nation - we can't wait to ride it!"

Eckert calls Thunderbird's manufacturer, Bolliger & Mabillard, the "Cadillac of roller coasters, known for their safety, quality and reliability. We've dreamed of adding a B&M steel coaster for many years and are excited that Thunderbird will be B&M's first launched coaster."

Thunderbird's \$22 million price tag is continuing Holiday World's tradition of ding roller coasters through its thickly oded and hilly terrain, Thunderbird will Splashin' Safari in the park's 68-year historiest seer and loop high in the pir and then

Thunderbird will be located in the park's Thanksgiving section. Construction is already underway and may be viewed live on Holiday World's ConstructionCam. Thunderbird will open next spring.

Holiday World & Splashin' Safari are open daily through August 13, plus weekends through the end of October. For more information, visit HolidayWorld.com or call 877-463-2645.

## Can Westfield make another run?

5A football?

The IHSAA will re-align teams, based on enrollments, following this season, and, of course, the City of Westfield is growing with leaps and bounds.

However, the answer to the above question may not come from enrollment. Six schools still remain between Westfield and

Coach Jake Gilbert. "And, other schools are growing, too."

Westfield could move from 5A to 6A based on the success of the Shamrocks this fall. That could come from the "success factor" the IHSAA applies to sports today. Westfield went to the state last year, losing to Cathedral 42-18, and a return to the state this season would give the school a push into

Is this Westfield's last season of Class team which left the Hoosier Crossroads Conference this season, along with Lafayette neighbors McCutcheon and Lafayette Jeff. Westfield, in search of three non-conference games, stayed with Harrison for one of those games. The Shamrocks' other two nonconference games this season will be with a Southport team which is expected to be one of the best in Class 6A, and a 2A Indianapolis Washington squad. After "We may not leap over all six," said playing Harrison in the opener, Westfield will host Southport the next Friday. The Washington game will be WHS's regular season finale on Oct. 17.

#### Age Group State swimming...

## Carmel sets two more records

#### By RICHIE HALL **Reporter Sports Editor**

Two more Carmel Swim Club swimmers got new meet records Friday at the Age Group State swim meet, which continued at the IUPUI Natatorium.

Wyatt Davis set a new mark in the Boys 11-12 100 backstroke; his new time of 1:04.72 lowered the old record by 1.16 seconds. Later, Trude Rothrock broke the Girls 13-14 100 butterfly record, finishing that race in 1:02.28.

Carmel won eight events on Friday. Rothrock picked up a second win in the Girls 13-14 200 individual medley, while Emma Nordin won the 400 freestyle. Carmel then won four relays: The 10 and under Girls 200 medley relay (Gretchen Lueking, Bella Brunory, Devon Kitchel and Hayley Wetzel), the Girls 13-14 200 freestyle relay (Nordin, Grace Pangburn, Kelly Pash and Rothrock), and both the Girls 11-12 (Sarah Myung, Sydni Horoho, Meredith Berglund and Avery Williams) and 13-14 200 medley relay (Pangburn, Shayna Fetes, Rothrock and Nordin).

The Fishers Area Swimming Tigers' Reed Beaumont was a winner in the Boys 10 and Under 100 breaststroke. Beaumont also teamed with Kyle Ponsler. Seth Blossom and Tate Warner to win the Boys 10 and under 200 medley relay.

# Miscue and mash send Tribe packing 5-3

Josmil Pinto lifted a three-run homer in the bottom of the sixth to power the Rochester Red Wings (58-48) to a 5-3 win over the Indianapolis Indians (56-51) on Friday night at Frontier Field.

The Tribe has now dropped five consecutive contests and fallen 1.0 games out of first place in the International League West Division.

Pinto homered with two on and no outs to break a 2-2 tie and touch starter Casey Sadler for his only earned runs of his quality start. The Tribe's right-hander then recovered to finish the inning and depart with five runs (three earned) on eight hits in six innings.

Reliever John Holdzkom worked a scoreless seventh and eighth before the Indians' offense moved the tying run into scoring position in the ninth.

Chase d'Arnaud coaxed a leadoff walk, and after back-to-back Tribe outs, Jose Tabata was plunked by a pitch to bring the potential tying run to the plate in the form of Mel Rojas Jr. The Triple-A rookie Rojas fell behind 1-2 before singling home d'Arnaud and moving into scoring position on an ill-advised throw into third base.

With two on and two outs, Wings closer Michael Tonkin fanned his lone batter to preserve the win and pick up his sixth save.

Kurt Busch, who finished sixth in the Indianapolis 500, returns this week to race in his regular No. 41 in the NASCAR Sprint Cup Series. He met the media on Friday

"This feels like an off-weekend now only having to do 400 miles. The way the Month of May went was a tremendous feeling and sense of accomplishment. I really enjoyed it all the way through with the two race teams, Andretti Autosport and Stewart Haas Racing, and all the people along the way who helped make that double happen. I'm still writing thank you notes. It's a lot of fun to come back to Indianapolis and see Doug Boles (Indianapolis Motor Speedway president) again. I won't be bumping into any of the IndyCar folks, but the atmosphere here at Indianapolis is always special. Now I have a greater appreciation of the Speedway. I hope the respect I'm going to show it this weekend will help me bounce up on some of my results here at the track. It's been tough in a stock car here for me. The track goes through a big change throughout the weekend, and we'll adjust to the changing track conditions. I'm looking forward to running around here in a stock car. Driving down into Turn 1 won't be the same as 220 (miles per hour); it will be around 200 today. But Indianapolis always challenges you, no matter what car you're driving and you have to respect the track."

Brickyard 400 win, Jeff Gordon met the media and received a special presentation:

"There is always a huge amount of effort that is put into this race. Obviously, that first year, in 1994, we knew something special was happening here and all of the teams and drivers went that extra effort to prepare for this race. It paid off for us then. I think every year, certainly at Hendrick Motorsports, we look at this as a very unique and special event - and one that we Lap 82: #6 Liddell leads #46 Hindman by want to win.
