Indiana Honor Flights designed for World War II vets

By FRED SWIFT

A friend mentioned to me the other day that a military veteran she knew had gone to Washington earlier this month on an Indiana Honor Flight. I had heard about these flights before, but never looked into the project or found out who all went on these special one-day trips.

Turns out these flights to view the World War II memorial and other memorials has been going on for several years now. Military veterans are able to go without charge although

World War II vets are given preference.

As most everyone knows WW2 has been over for nearly 70 years so the veterans who go on these flights are all in their 80s and 90s. Seven of these old soldiers from Hamilton County went on the most recent trip earlier this month along with several dozen from elsewhere in the state.

From this county were: Jay Cotton, Carmel, the youngest in the group at 85; Phil Bray, rural Noblesville; Ervil Noel, Carmel; James Davis, Noblesville; John Claytor, Cicero; Paul Coleman, Fishers and John Babinac, Carmel.

The memorial for those who served and died in WW2 is an impressive open structure. By chance I saw it about this time last year when visiting in Washington. The Honor Flight project provides a great opportunity for the remain-

ing veterans of the war to see "their" memorial while there is still time.

A majority of the 16 million who served in the war are now gone, joining the 400,000 or so who died in the conflict itself. Veterans Affairs officials estimate that nationwide hundreds of the war's vets are passing away every single day in the U.S.

Veterans who may be interested in going on the next flight October 18 may call the Honor Flight headquarters at 317-559-1600 for information and reservations. The non-profit project is financed solely by donations from civic groups, veteran's organizations and individual donors. Veterans going on the trip are never solicited for donations.

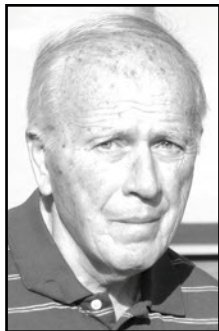

Worthy project, don't you think?

Commissioners moving ahead on new addition

By DON JELLISON
Reporter Editor

They have the vision. They have the location. They have a need to do so. They even have the money to accomplish the task.

Only hurdle in the path of the Hamilton County Commissioners beginning work on an addition to the Government and Judicial Center in downtown Noblesville is the little matter of not being able to spend their own money.

The addition will be on the west side of the building. The County needs more space with the anticipation of two or three more courts in a few years.

During the Commissioners' meeting earlier this week it was announced that the firms of Structure Point and DLV have been hired to design the addition.

The architects may need to come up with two designs. Now, we get back to that little money problem.

"By state law we can bond up to \$12 million," said Commissioner Steve Dillinger. "It will cost more than that to build the addition.

"We have the additional money needed, but by state law we can't use our own moneys."

That may change. Dillinger certainly hopes it done.

"We've asked the State Legislature to change the law" Dillinger said. "The law as it written makes no sense. We have the money, but we can't spend it."

In order to build an addition the way the Commissioners want, the law will have to be changed.

Tiny Atlanta...

Goes big time this weekend

Atlanta, nestled in northern Hamilton County and sitting on the Hamilton-Tipton counties line, is the county's smallest community.

In fact, it's one of the smallest communities in the state.

Population: 795.

This Saturday and Sunday, Atlanta will be stuffed with visitors at the annual Atlanta New Earth Festival.

"We usually have between 80,000 and 100,000 people attend," said Atlanta Town

Clerk Robyn Cook. "We had great weather last year, and the prediction is for great weather this weekend. We could break the record."

Benjamin Wade Snowden
July 10, 1972 - September 23, 2014

Benjamin Wade Snowden, 42, of Noblesville, died early Tuesday morning, September 23, 2014 in his home, after a 9-month battle with brain cancer. He was born on July 10, 1972 in Ft. Wayne, IN. He was surrounded by love until the end, drawing his last breath while in the arms of his wife and true love, Allison Snowden.

Ben was a free-thinking multi-talented man with an entrepreneurial spirit who spent most of his professional life in the coffee service industry. With his infectious smile, warm personae, and mechanical aptitude he could sell you almost anything and then fix it if it broke.

He was a loving son, loyal brother, and steadfast friend. Ben's greatest joys included music, motorcycles, and his Indianapolis Colts.

Although he was not a proponent of organized religion, he loved God and shared his belief with those closest to him. He enjoyed discussing politics with anyone who agreed with him.

He leaves behind a legacy of love and laughter, and a large circle of family and friends who will miss him immeasurably.

120 teams from across the country will compete at the National Cup XIV Finals.

"We're thrilled to host the US Club Soccer national championships at Grand Park," said Westfield Mayor Andy Cook. "Both of these tournaments attract a large number of attendees from across the country, which has a measurable impact on our local economy."

The 2014 NPL Finals and National Cup XIII Finals (held this past July in Greensboro, N.C.) included teams from 18 different states – including several teams from the West Coast and Hawaii.

ATLANTA

This is Atlanta's 41st Earth Festival.

"I don't know anyone around who started it," Cook said. "They've all moved to Florida."

The Festival will feature arts, crafts, collectables and all the food needed to feed the huge crowd.

What started with a few booths on Main Street and a flee market this weekend will have more than 600 booths. The town rents booths along Main Street and Broadway, and most of the residents will have rented out one or two booths in their yards.

Cook said the town's revenue from the event will be about \$25,000.

"That may not seem like a lot of money, but here in Atlanta that is a lot of money to help run our community," she said.

The Hunter Smith Band will entertain both days, performing on the Ivy Tech Community College stage.

The music schedule is as follows:

SATURDAY

9 a.m.: The Reno Convention

10:30 a.m.: Jeremy Morris & The Harvest Road Band

But, with or without a change, the Commissioners appear to be moving forward. Hiring of the architects this week was the first step.

"If the law isn't changed and we're limited to bonding \$12 million, then we'll have to build in three stages," Dillinger said. "To start, we would build the shell and finish only the first floor. Delaying finishing the building will be costly because building costs will rise."

While the County needs space for what is anticipated two or three more courts, the addition might not house those courts.

"Nothing has been decided, or will it be decided until we see what the architects come up with," Dillinger said. "But, building office space is cheaper than building court rooms. What we could do is house the new courts on our (current) first floor and move some of the officers on the first floor to the new addition. Lots of these offices need more space."

State Department of Health releases medical error report

The Indiana State Department of Health released the 2013 Indiana Medical Error Reporting System annual report. Reports of stage three or four pressure ulcers acquired after admission increased from 30 in 2012 to 45 in 2013. Pressure ulcers, also known as bed sores, have been the most reported incident seven of the eight years the report has been compiled and average approximately 32 incidents a year.

"The purpose of the Medical Error Reporting System is to identify sources of significant opportunities to improve quality of care for Hoosiers," said State Health Commissioner William VanNess, M.D. "This is part of the Indiana State Department of Health's continuing efforts to improve health and care for Hoosiers."

The annual report is based on the National Quality Forum's 28 Serious Adverse Events. A total of 293 hospitals, ambulatory surgery centers, abortion clinics, and birthing centers were surveyed.

A total of 111 incidents were reported in 2013. The most reported incidents in 2013 were:

- 45 stage three or four pressure ulcers acquired after admission to the hospital
- 27 incidents of a foreign object retained in a patient after surgery
- 18 surgeries performed on the wrong body part
- 12 falls resulting in a death or serious disability

In 2006, Indiana became the second state to adopt the National Quality Forum's reporting standards. The reporting standards are not intended as a comprehensive study of medical errors, but rather as representing a broad overview of health care issues. Prevention of medical errors generally requires a system-based approach. By focusing on a few fundamental prevention activities and an organized prevention system, errors can be prevented.

The 2013 Medical Error Reporting System report may be found on the Indiana State Department of Health website at www.StateHealth.in.gov.

Visit the Indiana State Department of Health at www.StateHealth.in.gov for important health and safety information, or follow us on Twitter at @StateHealthIN and on Facebook at www.facebook.com/isdh1.

Greenwood to visit The Nest

By DON JELLISON
Reporter Editor

Guerin Catholic, a 3A school riding a two-game winning streak, will take a shot at a Class 4A solid program when Greenwood comes calling tonight.

Fettig

The Woodmen are 4-1, having lost only to Indian Creek, 15-14. Victories have come over Perry Meridian 56-28, Martinsville 17-14, Mooresville 38-26 and Plainfield 21-10.

One of those wins, the victory over Martinsville, likely has gotten the attention of Coach Tom Dilley and Guerin's Golden Eagles. Guerin opened its season lost to Martinsville, 28-24.

"Greenwood is a good football team," said Dilley. "They are aggressive, well-coached, physical and fundamentally sound."

"We are looking forward to competing against them and for us to play out best football game," Dilley added.

Guerin Catholic hasn't been tested since a 24-23 overtime loss to Terre Haute South three weeks ago.

Merlina

Since that loss, the Golden Eagles have blasted Howe 38-6 and Broad Ripple 61-6.

"At the mid-season point we are excited about our team," Dilley continued. "We have done some good things and have improved."

"But, there is no doubt that our best football is ahead of us," Dilley added.

Guerin Catholic has lost to Greenwood the last two seasons, 27-14 last year and 41-40 the year before. Started in 2009, it has been a good series. Greenwood leads 3-2. Three of the five games have been

The Eagles' offensive numbers continue to be impressive.

Quarterback Matt Lucas is close to reaching the 1,000-yard mark. He is 61-of-113 for 918 yards. He has thrown eight touchdown passes and been intercepted just three times.

Two Eagles are in double figures with pass receptions. Brian Matthews if having a huge season with 25 catches for 474 yards and six touchdowns, Arion Shinaver has 18 receptions for 193 yards and two TDs.

On the ground, a sophomore is leading the rushing. Carter McGinnis has carried the

pigskin 75 times and gained 398 yards. He has rushed for seven touchdowns.

In three games this season (all wins) Guerin Catholic's defense has held opponents to one touchdown.

Leading that defense in solo tackles is linebacker Kyle Schultz with 29. He is followed by Brady McGinnis with 26, Evan Hansen 25 and Brennan Thieneman with 23.

Defensive end Jordan Hitchcock has five of the Eagles' 10 sacks. Shinaver and Hudson Plumer each have intercepted two passes.

Royals undefeated, first loss for 'Rocks...

Southeastern JV beats Westfield in overtime

The Westfield junior varsity football dropped an overtime game to Hamilton Southeastern 37-34 on Monday.

The game included four ties and four lead changes with the final lead change occurring in overtime with a field goal by the undefeated Royals.

Shamrocks sophomore quarterback Andy Sweet contributed with a hand in four scores, three passing and one rushing. The first score of the game came on the first drive with a scramble by Sweet. The second score to tie the game at 14 came on the Rocks second possession with a 35-yard

pass from Sweet to sophomore wide receiver Evan Manley.

Westfield's third score was for the lead on the very next drive, as Sweet threw another long pass to sophomore receiver Davion Gibson (who has moved to Texas and will be missed). The 'Rocks went into half time with a 21-20 lead. On the first drive of the second half, Sweet completed a short pass to sophomore tight end Hayden Russell to give the rocks a 27-20 lead. The last score of the night was a 20-yard pass from Sweet to freshman running back Nate Froelich.

The JV defense for the Rocks had many ups and many downs throughout the course of the game. One of the bright spots was the play by sophomore defensive ends Liam Jagow and Brian Skelton. They were work horses for the defense. The biggest highlight of the morning for the Westfield defense came at the end of regulation. The game was tied 34-34, the HSE offense was driving and time was running out for the Rocks to get a decisive win. HSE was trying to run the ball off the right edge, when sophomore linebacker Josh "Meatball" Tuffnell tackled the running back and

forced a fumble recovered by sophomore Hank Grenda. Sophomore safety Drew Newstifter intercepted an HSE pass with about a minute remaining in regulation. The Rocks offense drove down the field and gave themselves and opportunity with three seconds left, but missed a very difficult field goal.

The JV Rocks team experienced its first loss of the year, but have bounced back well in practice and are prepared to return to their winning ways at 10 a.m. Saturday at home against Brownsburg.

# Quick 2nd half goals lead to Husky win

Two quick second-half goals provided the Hamilton Heights boys soccer team with a 2-0 victory over Western on Thursday.

Class 1A No. 15-ranked Heights was held scoreless in the first half, although it wasn't for lack of trying.

"The Huskies came out running a new formation with many new faces," said HHHS coach Derrick Dean. "The starters for the game did a great job moving the ball

with 1 to 2 touch passes and had some opportunities to score but couldn't find the net."

Heights broke through 15 minutes into the second half, as Josiah Hardacre found Cameron O'Malia, who scored the first goal. Just 20 seconds later, Hardacre provided another assist, this one for Sam Stallsmith's goal.

The Huskies outshot the Panthers 27 to 8.

**Sheridan** fell to Eastern 7-1. Jack Waitt scored the Blackhawks' goal unassisted. Luke Hopper had six saves, with Ethan Reynolds making five saves.

**Fishers**, 2A's No. 7 team, tied with New Palestine 2-2. Cameron Brand scored on a header goal, with Aven Bufkin getting the second goal.

**University** was victorious over Western Boone 4-3. Danny Sanders, Devon Jackson, Samuel Rudd and Jake Tanner all scored goals for the 1A No. 20 Trailblazers.

**Carmel**, ranked No. 8 in 2A, took care of 2A No. 11 Cathedral 4-0. Evan Shaw scored three goals for the Greyhounds. Chad Baker scored a goal and had an assist, with Joel Hudson providing two assists and Jake Heckenberg one. Justin Faas recorded the shutout in the goal.

"I am extremely proud of our entire team's effort," said Carmel coach Shane Schmidt. "Our organization, shape, communication, and team defense was fantastic."

## Hunter-Reay to compete in Race of Champions

Indianapolis 500 champion Ryan Hunter-Reay will represent the Verizon IndyCar Series in the annual Race of Champions, slated to take place at the Bushy Park Circuit in Barbados on December 13-14.

"I'm absolutely thrilled to be returning to the Race of Champions for the second time," said Hunter-Reay, who previously raced in the Race of Champions when it was held in Thailand following his 2012 series championship. "My first ROC in Bangkok was an amazing experience, going head-to-head with some of the best drivers from every different motor sport discipline from around the world."

Hunter-Reay is the most successful American driver currently racing in open-wheel competition and one of the most versatile drivers in the sport. He has 14 career Indy car victories in addition to race wins in the American Le Mans Series and Grand-Am. Hunter-Reay captured three victories during the 2014 season (Barber, Indianapolis and Iowa) and finished sixth in the Verizon IndyCar Series points standings driving the No. 28 DHL Honda for Andretti Autosport.

"Experience really helps with the short amount of seat time in each of the different types of ROC race car," Hunter-Reay said. "When it's time to head to Barbados for the race weekend, I'll be focused on winning. It's an honor to represent America, INDYCAR and the Indy 500 in such a prestigious event."

The ROC features drivers from all different types of motorsports disciplines in a head-to-head knockout competition in a variety of equally-matched vehicles. Hunter-Reay is the third driver confirmed for ROC along with Formula One driver Romain Grosjean, the winner of the event when it was last held in 2012, and sports car legend Tom Kristensen.

"It's great news that Ryan is coming back to the Race of Champions," ROC organizer Fredrik Johansson said. "This year's Indianapolis 500 was a true classic and Ryan did brilliantly to hold off his rivals by such a tiny margin after that thrilling dice to the checkered flag. We can now look forward to seeing Ryan take on greats from all over the world of motorsport in December. He's right at the top of his game and now that he's already had a taste of the ROC machinery he's sure to be a big threat to all the other drivers."
