Derek Daly will be emcee... Westfield hosts Grand **Junction Derby Saturday**

Westfield's answer to the Indianapolis 500 will happen this Saturday October 4th, as the city's downtown becomes the setting for the Grand Junction Derby.

"The Grand Junction Derby is one of Westfield's best traditions," Parks Director Melody Jones said. "Now in its sixth year, the derby allows Westfield's residents, nonprofits and businesses to build and race their own unique cars right in the heart of downtown Westfield."

The homemade cars will compete in bracketed heats until winners find their names going up on the Grand Junction Derby Cup trophy. Cars are entered into the "creative" or "competitive" brackets, and drivers are encouraged to wear costumes that complement their car's theme.

This year's race will feature international racing champion and Westfield resident Derek Daly, who will emcee the event. The derby also features a tricycle race, street festival with food and beer, live music kid's activities and more.

River Road resurfacing takes place during overnight hours next week

Beginning next Tuesday, Oct. 7, E&B Paving will begin resurfacing River Road with a completion date of Saturday, Oct. 11 by 6 a.m. (weather permitting).

The two impacted areas are River Road between 146th Street and 160th Street and River Road between 160th Street and County Bridge No. 135 (approximately 5,200 feet north of 160th Street). Hours of construction will be between 7 p.m. and 6 a.m. This will be a rolling closure, so only one of the two segment closures will be in affect at any given time. Flaggers will be on-site allowing any motorists that live in the directly impacted construction area through. All other motorists should find an alternate route.

The federal funding allows Community Health Network to accelerate its Zero Suicides for Indiana Youth initiative, a comprehensive early intervention and suicide prevention youth-serving organizations to identify and refer at-risk youth.

Over the next five years, the SAMHSA grant will bring crisis, telepsychiatry and intensive care coordination services to more than 600 primary care physicians, 11 emergency departments and 13 hospitals located throughout the state. These locations are a mix of Community facilities and other healthcare providers where Community provides Behavioral Health services. They will annually reach more than 5,000 at-risk Indiana children and young adults who will receive evidence-based assessments and treatments.

In addition, the SAMHSA grant allows Community Health Network's Behavioral Health physicians and leaders to build a statewide crisis network that will include Indiana's schools, foster care system, juvenile justice program, primary and specialty healthcare providers, policy makers and suicide survivors.
