Obituary

Eldridge George ‘Al’ Lindsey

October 9, 2014

Eldridge George ‘Al’ Lindsey, 83, passed away on October 9, 2014 in Indianapolis, following a long and courageous battle against cancer.

Al was a native New Englander, born and raised in Hampton, NH, and maintained strong ties to his hometown throughout his life. He was a graduate of Springfield College in Massachusetts and served in the US Army during the Korean War, completing duty in 1955. Following his military service, he took up a career in the insurance industry. He made the move to Indianapolis in the late 50’s where he continued his work in the field of insurance, making it his lifelong profession. Al adapted easily to life in the Midwest and made an abundance of lasting friendships. He was an active member of the Murat Shrine for 55 years.

He was preceded in death by his parents, Clifford and Dorothy (Eldridge) Lindsey. Interment will be in the Hampton, NH, High Street Cemetery, beside his parents.

The excellent care expertly and gently administered by Al’s Community Home Health Care Hospice team is deeply appreciated.

Memorial contributions may be made to the Shriner’s Children’s Hospital, 2900 Rocky Point Drive, Tampa, FL 33607.

Condolences: www.randallroberts.com.

Accident victim identified as Frank Alvarenga

Saturday, the Noblesville Police Department released the name of a Noblesville man fatally injured Friday evening in an accident at the intersection of 191st Street and Golden Meadow Way in Noblesville.

Dead is Frank Jose Alvarenga, 18, of Noblesville.

Police were called to the accident scene shortly before midnight on Friday.

The pedestrian, Alvarenga, was transported by ground ambulance to Riverview Health and was pronounced dead shortly after arriving at the hospital.

According to Noblesville Police, based on witness statements and evidence at the scene, preliminary information suggests that a 2007 Buick Rendezvous was traveling westbound on 191st Street, near the intersection of Golden Meadow Way, when

the accident occurred. Witnesses told Noblesville Police that just prior to the crash a pedestrian was near the westbound lane of travel of 191st Street and was struck by the Buick. After being struck by the Buick, evidence suggests that the pedestrian was struck a second time by a 2000 Mercury Sable that was traveling eastbound on 191st.

Both drivers stopped immediately and attempted to render aid.

The driver of the Buick, identified as Amy C. Leap, 26, Noblesville did not sustain any injuries; however was transported to Riverview Health for a check out. According to Noblesville Police, there were five additional passengers in the Buick. None of them sustained any injuries.

The driver of the Mercury, identified as Gabrielle L. Shepherd, 22, Noblesville, did not sustain any injuries.

But, property tax is not the only source of revenue for the non-school government units. There is huge revenue from the County Option Income Tax (COIT), but its increase for next year is expected to be limited. Schools do not get COIT, but do get a great portion of their revenue from state collected funds based largely on school enrollment.

Anyone who has an interest in finding what a 2015 budget includes may ask the fiscal officer of their local city, town, school system, etc. But, few folks ask questions and almost no one showed up at budget public hearings held in recent weeks. That’s not a good example of democratic process, but it’s normal and we’ll move on for another year without major problems.

JELLISON

We already, by a country mile, have a larger distribution than any daily newspaper in Hamilton County. If all of you folks today would just hit that “forward” key, our circulation would double.

One day a couple of weeks ago we hit a peak readership of 20,000-plus. I’ve been in the newspaper business for nearly 60 years and I’ve never before seen that number. No, not even the old Ledger, which we all so much loved and missed today, hit the 20,000 mark.

This weekend editions of The Reporter are a great selling tool for me to ask such a favor from you.

Because we are a morning newspaper and therefore have our product in your computer even before most of you rise, we can get the news to you first.

Friday night, for example, just before midnight, there was an auto accident which claimed the life of a Noblesville man. The Hamilton County Sheriff Department about 2 a.m. reported to us what had happened. The story made the headlines in the Saturday Reporter. In today’s Sunday edition, the person killed in that crash was identified.

We have an excellent web site and an excellent face book page, but when we have a story and you’re reading that story in The Reporter, we don’t ask you to jump to another source to find what happened. Nor, to pay for being on someone’s web page.

Another reason why to read The Reporter is on today’s sports pages. We’re sharing with you who won the boys and girls soccer sectionals and the local boys and girls cross country sectionals. No reason to wait a couple of days, or go to a web-site. The stories are in this Sunday edition of The Reporter.

Also in today’s Reporter, we’re writing about your city, Noblesville, and the revitalization effort by the City in a section of town. We not only giving you the news; we try to help you understand it.

Finally, on Monday, tomorrow, with the help of our good advertisers Renner Nixon Body Works and Tom Kenley’s election campaign, we will bring you a three-page special on the high school football post-season tournament draw.

Normally, Monday is the one day we don’t publish. This being a national holiday, Columbus Day, it’s another reason not to publish. But, our theory is when news hits, it should be reported. This will be our sixth special Monday edition since we got into the business of reporting news.

So, please, I ask again, just move your fingers a couple of notches on the keyboard and click today’s Reporter to someone you know. Or, lots of someones.

That’s all I’m asking. They will love you for doing so. Tell them they can do the same, daily.

light business area, separated, if will, from mainstream Noblesville by the railroad tracks.

The Southwest Quad, arguably, is the most isolated area in Noblesville. You can’t come into or leave the area on the west side without a boat. Industries block any exit or entrance from the south.

The main exit and entrance to the Southwest Quad is 8th Street. A heavily traveled 8th Street. Ever tried pulling onto 8th Street at Pleasant? It’s the perfect intersection for a roundabout.

Noblesville folks never enter the Southwest Quad when traveling east or west in and out of the city. They use Conner Street. Those traveling north, well, the north is the north and the Southwest Quad is the south. Those traveling to the south use 8th Street. Traveling south on 8th Street, the Southwest Quad can be seen to the west. But, no motorist ever drives over the tracks for a shortcut to anywhere. There is none.

No one drives through the Southwest Quad to, for example, reach the library. Or, to the County Judicial Center. Or, to the Boys & Girls Club. Or, to a high school basketball game. Or, to City Hall.

School buses come and go. They don’t unload. If you would divide Noblesville into four geographical sections, only the Southwest Quad would be without a school building. The days of Noblesville Schools being First Ward, Second Ward and Third Ward long ago disappeared. Today schools are built in the growing areas of the city. To be honest about it, schools today are built in the higher revenue areas.

I asked three city officials at the second of three neighborhood revitalization meetings last week how many kids, today, live in Southwest Quad. No one knew. Still, there was talk at the first two meetings about building baseball diamonds and soccer fields on the flood plain and how to make Southside park more friendly to the kids.

Southwest Quad residents have to cross the tracks and then travel east to do their shopping. There is no place to buy groceries. No longer a Kenely Market just across the tracks.

Some of the Southwest Quad people I talked with like it that the area is isolated from the rest of the city. That’s a reason as to why they have chosen to live there. Many have lived there for years. Many of the young adults who live there grew up in the Southwest Quad.

In fact, many of the folks I talked with fear that the Southwest Quad some day, and, perhaps, some day soon, will become one of

the heaviest traveled areas in the city. They’ve heard talk about Hamilton County building a bridge across White River and then the City using Pleasant Street as an east-west bypass of the downtown area. If that happens, then the 2,000 trucks which daily use Conner Street, plus all the cars, would travel through Noblesville’s Southwest Quad. Homes would be lost to progress, perhaps more homes lost to a bypass than were lost when a flood plain to White River was established following a major flood nearly 30 years ago.

Concerning a bypass, the City suggests that the cart shouldn’t be put in front of the horse. “Nothing is set in stone,” one City official told me. “That’s just one of five plans we’re studying.”

I was surprised, but I shouldn’t been surprised, by one thing I heard while talking with Southwest Quad people.

At the last meeting residents were talking about how they’re enjoying the attention of the City. They like hearing, and discussing the best revitalization practices.

But, some also said, “We like it, but we don’t trust the City.”

And, for good reason. Until now, there hasn’t been an effort by the City to connect to the Southwest Quad. The entire Southwest Quad, not just the river area were the flood occurred.

Things have been allowed to happen in the Southwest Quad that simply could not happen in other areas of Noblesville. Sidewalk improvements now are underway. Some streets are badly in need of repair. Little has been done about some abandoned properties, both commercial and residential.

The City talks about helping the residents of the Southwest Quad to make their neighborhood better. But, quite honestly, talk is cheap. Direct action from the City is what is needed. And, yes, to be sure, money is needed.

Southwest Quad residents appear willing and ready to make their neighborhood better. They also look over the tracks and hear about millions of dollars being proposed for new parks in other areas of the city..

Noblesville City needs to do more than talk the talk. The City needs to walk the walk. The City needs to bring trust of the City to an area which has been around as long as Noblesville has been a city.

I will tell you in our Wednesday edition about the ONE thing that can gain that trust for the City. The ONE thing which could draw together the Southwest Quad residents. The One thing that can give the Southwest Quad folks what they need.

The Eternal and Immortal Soul

By LEANN WILSON

“And the LORD God formed man of the dust of the ground, and breathed into his nostrils the breath of life; and man became a living soul” Gen 2:7 (KJV)

Only life can create life, we became living souls – “*nephesh*”, a breathing creature- when the Living God breathed the breath of life, which is His spirit, into a carcass fashioned from dirt. The soul and spirit tethered in the flesh until one day at death this breath will depart and your soul will go on into eternity. C. S. Lewis was quoted as saying, “You don’t have a soul. You are a Soul. You have a body.” Our soul, this is our life. It is concealed yet known, it is what makes us, us. It is attracted to others and has desires (Gen 34:3& Job 23:13), it feels anguish and hurt (Gen 42:21), it can display disgust (Nu 21:5), it can become embittered (1Sa 1:10 & Job 7:11) and troubled (Ps 6:3), it bonds in friendship (1 Sa 18:1), it loves (Dt 10:12) and most important, our souls wait and long for the LORD (Psalms 33:20 & Psalms 143:6).

Regardless if you refer to it as the soul or spirit interchangeably or the soul versus the spirit as separate entities, people across time, nations, religions and even those with no particular believe system at all know there is a part within themselves that lives on forever. This is innately known for “He has put eternity in their hearts” Ecclesiastes 3:11.

The eternal, immortal Soul. Not eternal in the same way God is eternal. God has no beginning and no end – He is “*the Alpha and the Omega, the Beginning and the End*” Rev 1:8 (NKJV). We as created beings have a beginning, beginning with Adam and with Eve. Created for eternity and placed in His Garden along with the “tree of life” and the “tree of the knowledge of good and evil” Gen 2:9 (NKJV). The couple was given instruction advising “Of every tree of the garden you may freely eat; but of the tree of the knowledge of good and evil you shall not eat, for in the day that you eat of it you shall surely die.” Gen 2:16-17 (NKJV). And death did enter in when the serpent deceived Eve (Gen 3:13) tricking her into eating the forbidden fruit and having given of the same to her husband, they fell from the Grace of God through contemptuous disobedience. “...through one man sin entered the world, and death through sin, and thus death spread to all men” Romans 5:12

(NKJV). On this accursed day the soul was corrupted, forevermore it would shelter a nature with a proclivity toward sin. A nature that is passed on to every child. A nature possessed by every man and every woman. It is this sin that has separated Adam & Eve, and us, from God (Isaiah 59:2) which is the death. For the body encasing the soul this is a literal death. Psalms 104:29 tells us it is God who “*takes away the breath*” and we die. Child of God or not, all physical bodies share the same fate “For what happens to the sons of men also happens to animals; one thing befalls them: as one dies, so dies the other. Surely, they all have one breath; man has no advantage over animals, for all *is* vanity. All go to one place: all are from the dust, and all return to dust.” Eccl 3:19-20 (NKJV). “Then the dust will return to the earth as it was, and the spirit [the actual breath of God which keeps our flesh alive] will return to God who gave it.” Eccl 12:7 (NKJV). All souls, all spirit, belong to God who spoke to Ezekiel saying. “Behold, all souls are Mine; The soul of the father As well as the soul of the son is Mine; The soul who sins shall die.” Ezek 18:4 (NKJV). This death of the soul this is a figurative death in that it does not die and degrade into the dirt. The spirit is removed, the flesh dies, and the soul departs. This is illustrated in Gen 35:18 that reads – “And

so it was, as her soul was departing (for she died)”. When Rachel died as she gave birth to Jacob’s youngest son Benjamin her soul did not go to the grave with her. Neither did the soul of Moses go to the grave with him upon death for he and Elijah both appeared before Peter, James, and John on mountain during the transfiguration of Jesus (Matt 17:1 KJV). And in Luke 23:43-46 Jesus told the repentant thief on the cross, “*Assuredly, I say to you, today you will be with Me in Paradise*” just before Jesus Himself commits His soul into God’s hands as physical life ebbed from both their bodies as they hung on those cruel crosses. A soul companioned with the committed soul of Jesus is not a soul that has gone to the grave and to the dust!

“Gather not my soul with sinners, nor my life with bloody men in whose hands *is* mischief, and their right hand is full of bribes” Psalms 26:9-10 (KJV). Life “*appeareth for a little time, and then vanisheth away*” James 4:14 (KJV). It is the salvation or loss of the soul that is the greatest question of life!

To be continued.....

In the interim, contemplate on the eternality written on your heart.

Not The Perfect Mom

Glorious Home

By TAMAR KNOCH

"LORD, look down from heaven; look from Your holy, *glorious home*, and see us." Isaiah 63:15

Sometimes in the midst of all the hustle and bustle of everyday life we miss opportunities to sit back in awe of the many blessings that God has bestowed upon us. We get so preoccupied with where we're going that we don't stop to ponder on where we've been, or perhaps better yet, how far we've come.

This morning after the chaos of getting my family out the door to school and work, I grabbed my Bible and plunked down in my rocking chair by the window to read for 20 before rushing off to join my first grader for a field trip to the zoo.

As I started to read I came to the verse above and looked up at my own “glorious home”.

I saw dishes mounting in the sink, bedroom lights that never get turned off, and a pile of masterpieces from the hands of a seven-year-old art prodigy on my kitchen table. I could go on but won't.

No. It's certainly not the cleanest house I've ever been in. But it's definitely my favorite because in every single inch and corner there is evidence that MY family lives here.

There's the husband, who has been the love of my life these last twenty years, who avoids putting away the dishes as if his life depends on not touching the dish washer.

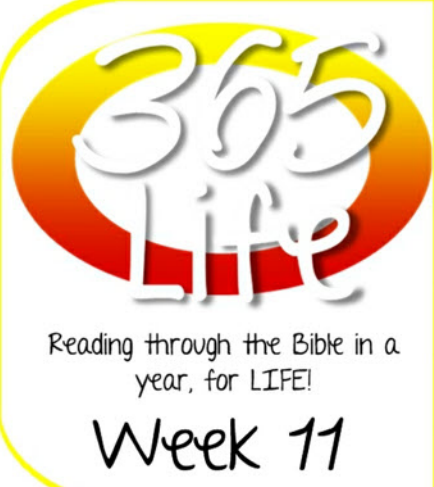

Those dishes prove that he's still there not doing them. (-) I love you Darling!

There's the not-so-baby boy who scared the tar out of each and every one of us when he decided to come 6 weeks early and almost killed his mother doing so. And yet every time I turn that bedroom light off for him I smile inside that he's actually here to leave it on. Thank You Jesus! May his light always shine so brightly that **no one** is able to turn it off!

Then there's the vibrant little girl who has steadily turned colder in the last year from the struggle of her life. For some, school comes naturally, for others it's *hard* work. In the last two years she has worked harder than any child should have to work to gain the educational ground she's taken. And yet at the point of a pencil she's taken it all the same! However, at some point enough is enough and a break from the struggle is necessary in order to save a spirit. Her break time came last Monday and not a moment too soon. And for a child whose weakness is language what better way to express those troublesome feelings than piles and piles of paintings and notebooks full of drawings? Those piles of papers on the table are proof of a God who has been there with her every single millimeter of the way, helping her (and us) through her own Valley of the Shadow of Death. (He was the One who told me to provide her with all the art supplies she wanted to help her cope. And she is loving it!)

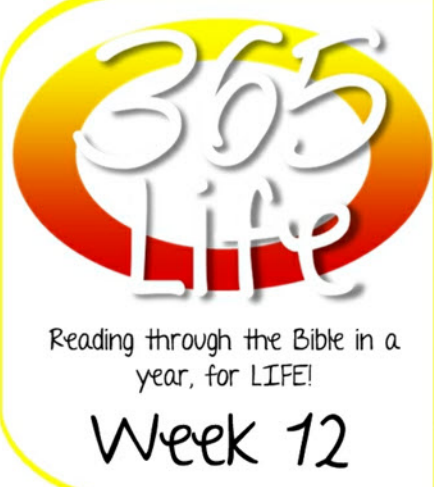

Yes. My house may be a mess of dishes and lights and art paper. But it's a glorious mess that proves that the Knoch family, MY Knoch family, lives here. And I wouldn't trade **that** mess for the world!

Open Enrollment:

A great time to review your retirement plan

By CORY SYLVESTER

If you work for a medium-to-large company, you may now be entering the “open enrollment” period — that time of year when you get to make changes to your employee benefits. Your benefit package can be a big piece of your overall financial picture, so you’ll want to make the right moves — especially in regard to your employer-sponsored retirement plan.

Take a close look at your 401(k) or similar plan, such as a 403(b), if you work for a school or a nonprofit group, or a 457(b), if you work for a state or local government. And keep these possible moves in mind:

- Boost your contributions. If your salary has gone up over the past year, or if you just think you have a reasonable “cushion” in your disposable income, boost your contributions to your employer-sponsored retirement plan. Even if you can’t afford to contribute the maximum amount — which, in 2014, is \$17,500, or \$23,000 if

you’re 50 or older — to your 401(k) or similar plan, try to put in as much as you can afford. Remember the key benefits of these plans: Your money can grow tax deferred and your contributions can lower your annual taxable income. (Keep in mind, though, that you will eventually be taxed on your withdrawals, and any withdrawals you take before you reach 59½ may be subject to a 10% IRS penalty.)

- Don’t miss the match. Try to take full advantage of your employer’s matching contribution, if one is offered. Your employer may match 50% of employee contributions, up to the first 6% of your salary. So if you’re only deferring 3% of your income, you are missing half the match — or leaving money “on the table,” so to speak.
- Rebalance, if necessary. You may be able to change the investment mix of your employer-sponsored retirement plan throughout the year, but you might find that the best time to review your holdings and rebalance your portfolio is during open enrollment, when you’re reviewing all your benefit options. Try to determine if your investment allocation is still appropriate for your needs or if you own some investments that are chronically underperforming.

And always keep in mind the need to diversify. Try to spread your money around a variety of investments within your plan, with the exact percentages of each investment depending on your goals, risk tolerance and time horizon. As you near retirement, you may need to lower your overall risk level, but even at this stage of your career, you’ll benefit from a diversified portfolio. While diversification can’t guarantee a profit or protect against loss, it can help reduce the impact of volatility on your holdings.

- Review your beneficiary designations. Your retirement plan’s beneficiary designations are important and, in fact, can even supersede the wishes you express in your will. So if you experience changes in your life — marriage, remarriage, a birth or an adoption, etc. — you’ll need to update the beneficiary designations on your 401(k) or similar plan. It won’t take much time today — and it can help prevent a lot of trouble tomorrow.

You work hard for the money that goes into your retirement plan —so make sure your plan is working hard for you.

More sister kissing...

In the Hoosier Crossroads

By DON JELLISON
Reporter Editor

Back in the days when football ties were not broken by overtime periods, Carmel, Noblesville, Westfield Hall of Fame coach Jim Belden labeled deadlocks “kissing your sister.”

If that was the situation today, there would be lots of sister kissing going on in the Hoosier Crossroads Conference.

Five times in the last seven years the HCC crown has been shared. One year, 2011, it was shared by three teams, Hamilton Southeastern, Avon and Brownsburg.

Last year, the 2013 season, Westfield and Fishers shared the crown.

This season, the HCC appears headed for still another deadlock. If Fishers defeats Zionsville and Avon defeats Noblesville in finales next Friday, the Tigers and Orioles will tie for the championship, each with a 5-1 record.

Fishers has won or tied for the Hoosier Crossroads title three times in the last five years. The only team to win the championship outright in those five years was Brownsburg with a 9-0 record in 2012.

In the 14 year history of the HCC, only five teams have escaped with undefeated conference records Brownsburg at 9-0 in 2012; Hamilton Southeastern with 9-0 records I 2008 and 2006; McCutcheon at 7-0 in 2001, and Noblesville at 4-0 when only five teams competed in 2000, the first year of the conference.

The Metropolitan Conference (the MIC) also has seen its share of sister kissing. Center Grove and Ben Davis tied in 2013 and Carmel, Center Grove and Ben Davis shared the championship in 2012.

Of the four conferences Hamilton County teams currently participate in, the MIC has been around the longest. That conference was first started in 1997.

Carmel last won the MIC outright in 2009, the Greyhounds rolling through unbeaten at 7-0.

Carmel appears headed to take all the marbles this season. The Greyhounds are 6-0 and have clinched at least a tie.. If Carmel beats Lawrence Central this Friday, the Greyhounds will win it all.

Hamilton Heights, which last year tied with Western for the Mid-Indiana Conference championship, will need some help to repeat. The Huskies currently trail

Cass by one game. For Heights to tie, the Huskies would have to win at home on Friday against Peru and Western would have to upset Cass.

Heights joined the Mid-Indiana in 2000 and in the 14 years the Huskies have won or tied for the title eight times. Heights has won or tied for first four of the last six years.

Sheridan has been playing in the Hoosier Heartland only four years. The Blackhawks won in 2001 and 2012, but Tri-Central won last year. Sheridan can get a piece of this year’s championship by beating Tri-Central on the road on Friday.

Only Carmel is home free....

Conference races still open

By DON JELLISON

Seven of Hamilton County’s eight high school football teams play in conferences. Only Guerin Catholic doesn’t compete in a conference.

After eight weeks of the nine-week regular season none of the four conference in which county teams play have crowned champions.

Among the Hamilton County teams, Carmel has the best shot at winning a championship. The Greyhounds assured at least a Metropolitan Conference tie when they defeated Warren Central on Friday.

Carmel can win it all this Friday with a home victory over Lawrence Central, a new team in the MIC this season. LC is 3-3 in the conference and 3-5 overall.

The Greyhounds haven’t won the MIC outright since going 7-0 in 2009.

In the Hoosier Crossroads, Fishers and Avon are battling to the wire, each with a

4-1 record. Fishers’ loss was to Avon. Avon’s loss was to Brownsburg.

Friday, Fishers will close its season playing at Zionsville. The Eagles are 1-4 in the conference and 2-6 overall. Avon will play at Noblesville, where the Millers are 3-2 in the conference and 5-3 overall.

Noblesville still has a shot at deadlocking for the HCC championship. If the Millers beat Avon on Friday and Fishers is upset by Zionsville, Noblesville will tie with those two teams for first place.

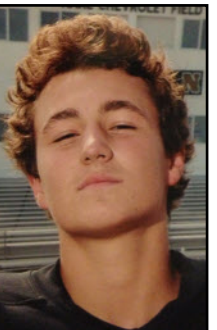

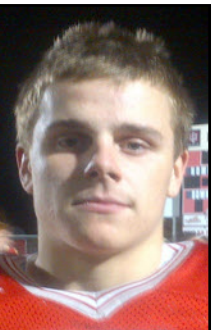

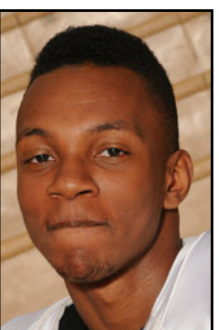

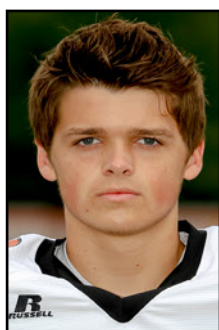

Hamilton Heights needs help to tie for the Mid-Indiana championship. The Huskies are 5-1, trailing Lewis Cass by a game. Heights will host Peru, which is 2-4 in the conference and 3-5 overall. Lewis Cass will close at home against Western, which has a 2-4 conference record and a 2-6 overall mark.

Sheridan can make it a three-way tie in the Hoosier Heartland Conference with a victory at Tri-Central on Friday. Carroll has closed its conference season at 3-1. Tri-Central is 3-0 and Sheridan is 2-1.

The Hamilton Heights girls soccer team beat Tipton 3-0 to win its fourth consecutive Class 1A sectional championship on Saturday. The No. 8-ranked Huskies will host the regional next Saturday.

Girls soccer sectional championships...

Huskies cruise, Tigers and ‘Hounds need OT to win

By RICHIE HALL
Reporter Sports Editor

It was another exciting day for soccer in Hamilton County on Saturday, with three girls teams winning sectional titles.

Hamilton Heights won its fourth Class 1A sectional in a row. The host and No. 8-ranked Huskies started out fast in the first half, and went on to defeat Tipton 3-0. Over at Noblesville, No. 6 Fishers needed overtime to get past district rival, co-No. 3 Hamilton Southeastern 2-1; the Tigers thus defended their 2A sectional title. And No. 2 Carmel won its first sectional trophy since 2011, also requiring overtime to overcome No. 10 Zionsville 1-0 at the Eagles' field in another 2A sectional screamer.

The Huskies got their first goal in the sixth minute, with Amanda Freeman finding the back of the net. Freeman scored minutes later off an assist by Sierra Welch,

who would score Heights' third goal in the 23rd minute of the half.

The Huskies will host the one-game regional at 10 a.m. next Saturday, playing the winner of the West Lafayette sectional. That championship game is set for 5:30 p.m. Monday, with the host and No. 14 Red Devils playing No. 13 Lafayette Central Catholic.

Over at Noblesville's White River Elementary School field, all the scoring took place after halftime. Fishers broke through first, with Kylie Hohlt scoring in the 51st minute. Alyssa Baker got the assist.

The Royals tied things up with 15:20 left in regulation, as Payton Filson broke away for the goal. That knotted the score at 1-1, where it remained after full time. That sent the game into overtime, which consists of two seven-minute periods.

The first period went quickly, but the second saw another goal: Fishers' Julia

Calvert took a corner kick from Maryna Clark and got it in the net. That gave the Tigers a 2-1 lead, and they held on for the victory.

"She crossed it in," said Calvert. "It just bended right in. I was right on the perfect spot for it."

Fishers will take on Jay County, winner of the Yorktown sectional, in the second game of Wednesday's Logansport regional semi-final. The Tigers will play at 7 p.m., after the 5 p.m. game between Marion and Harrison.

Carmel will host the regional this year, and playing at Murray Stadium probably hasn't felt so good for the Greyhounds in a long time.

The championship game between Carmel and Zionsville was scoreless after regulation, and remained that way after the first period. But in the 89th minute, Macy Miller

scored the winning goal, putting in a cross from Samantha Eastes.

The Greyhounds' exciting final win came on the heels of an overtime semi-final victory over No. 11 Guerin Catholic.

"In my 24 years at Carmel this is the first time I can remember winning two games in the same year which went to overtime in the state tournament," said Carmel coach Frank Dixon. "Winning them back to back is absolutely amazing. It is a testament to the mental toughness of this group of girls. They don't panic and continue to play the game as asked until finally creating a winning opportunity."

The 'Hounds host Cathedral in the first regional semi-final game, which is set for 5 p.m. Wednesday. After that will be a huge showdown between No. 1 Brebeuf Jesuit and co-No. 3 Avon, the defending 2A state champion.

The Fishers girls soccer team needed overtime to defend its Class 2A sectional championship on Saturday, getting past Hamilton Southeastern 2-1. The No. 6-ranked Tigers will play Jay County in the Logansport regional semi-final on Wednesday.

Boys soccer sectionals...

Heights, Guerin set up regional showdown, Westfield knocks off Zionsville, Fishers wins first trophy

By RICHIE HALL
Reporter Sports Editor

Get ready for a county showdown in the boys soccer regionals, as Guerin Catholic and Hamilton Heights each won Class 1A sectionals on Saturday.

The Golden Eagles, ranked No. 1 and defending 1A state champions, got a routine 4-1 win over No. 13 Park Tudor at the Eagles' Nest. Up at Sheridan, the No. 19 Huskies took care of Liberty Christian 5-3 in a game that featured a remarkable performance from one of its leading scorers.

Sam Stallsmith scored all five of the Huskies' goals. Not only that, he scored them all in the first half. The Lions began coming back in the second half, but Heights got it together and held on for the win.

Stallsmith said his goals came through the midfield, crediting the movement of Heights' center midfielders and outsides.

"It was something that we worked on throughout the season," said Stallsmith. He said there were a lot of opportunities, his teammates played them, and it was his job to finish them.

Collin Luckey assisted two of Stallsmith's goals, with Dane Candler and Josiah Hardacre each getting one assist.

As for Guerin, it got a pair of goals each from David Hinkebein and Khalid Hunter. Zach Garvey had assists on three of the Golden Eagles' goals.

"Very happy with how we came out," said GCHS coach John Cech. "I thought we showed a lot of poise. We moved the drop ball around really nice, and created a lot of opportunities for ourselves."

Regional play begins Thursday. It is the Tipton regional, however, Guerin Catholic will host due to unplayable conditions at the Blue Devils' field. The Golden Eagles-Hus-

kies game will be the first semi-final, starting at 5 p.m. No. 6 Northwestern and Crawfordsville play the second semi-final.

Meanwhile, Westfield and Fishers won Class 2A sectionals. The Shamrocks took a big early lead and hung on to upset No. 4 Zionsville 3-2 at the Lebanon sectional, while No. 10 Fishers needed overtime to claim its first ever sectional championship in a 2-1 win over host Hamilton Southeastern.

The Shamrocks came out of the gates fast, scoring two goals from Nate Lyon and Matt Clary in the first 15 minutes. Both were assisted by Mikey Maloney. Herman Nesdal then converted a penalty kick to make the score 3-0 at the half. Zionsville was able to get two goals back midway through the second half before the Westfield defense locked in to preserve the victory.

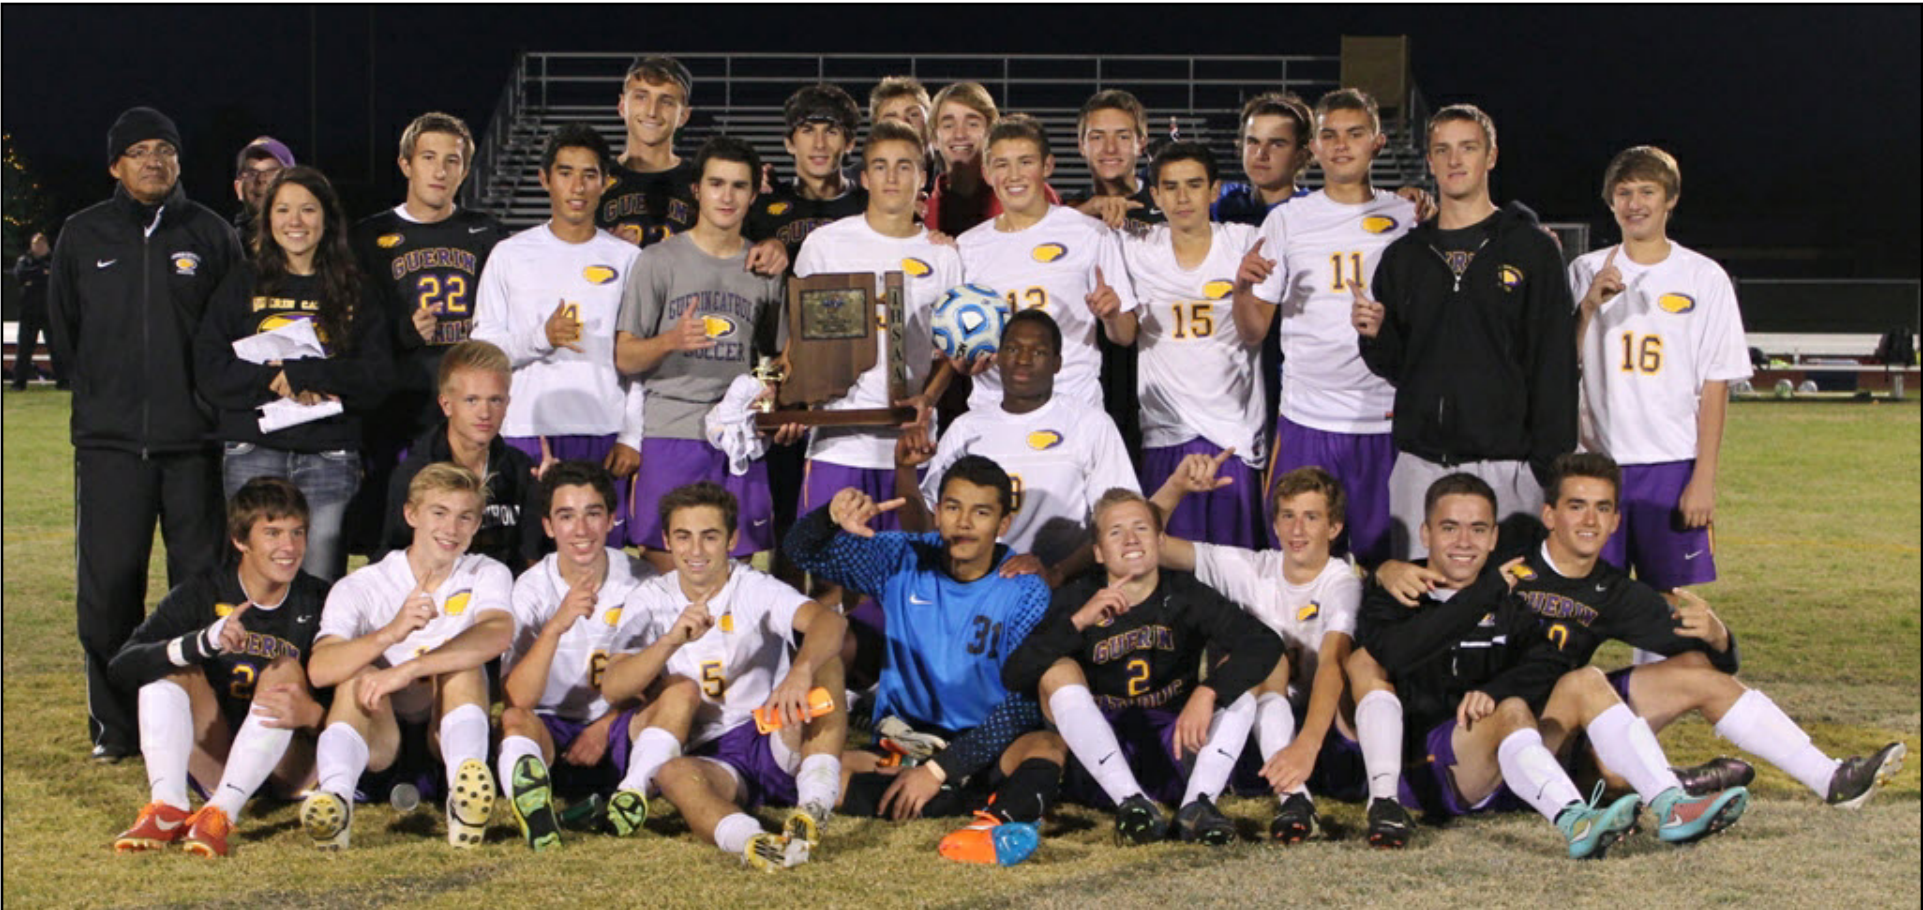

Westfield will travel to the North Central regional on Thursday, taking on No. 15 Cathedral play in the second semi-final game, which is set for 7 p.m. No. 2 Avon and No. 11 Brebeuf play the first semi-final at 5 p.m.

The Tigers won their first-ever sectional the dramatic way, with Justin Brooks scoring in overtime to get Fishers the victory. Keenan Kadam scored in regulation.

"This is the most exciting game for me ever," said Fishers coach Robbie Pels. "To help make history for Fishers High School, this is No. 1."

Eli Quivey scored for the Royals, with Marek Davis making the assist.

Fishers will play No. 20 Harrison in the second game of the Kokomo regional semifinals, which starts at 7 p.m. Thursday. The first semi-final features the host Wildkats taking on Jay County.

Fishers won its first-ever boys soccer sectional on Saturday, beating Hamilton Southeastern in overtime.

Cross country sectionals:

Carmel's Kelsey Harris sets new girls record, WHS boys take top 2

The winners at Saturday's Noblesville cross country sectional weren't surprises. But the battles for the other top five spots were fierce.

In the girls meet, Carmel was far and away the winner. Noblesville edged Hamilton Southeastern for second place, while Fishers and Guerin Catholic took the other two spots. The Greyhounds also won the boys race, followed by the Tigers, the Shamrocks and the Royals. The Miller boys team took fifth. The top five teams advance to next week's regionals, also at Noblesville.

Carmel's Kelsey Harris paced the girls, finishing the 5000-meter course in a new record time of 17:59.39 - she lowered the record by just over a half-second. The 'Hounds swept the top four positions with Madelyn Dalton, Haley Harris and Stacy Morozov taking second, third and fourth. Sarah Leinheiser added a ninth-place finish.

The Millers had two top finishers, as Abby Crouch and Abigail Little went seventh and eighth respectively. Southeastern's Rachel Nichwitz was fifth and Courtney Pfanstiel was sixth.

Guerin Catholic was helped by a 10th-place finish from Megan Slamkowski. Fishers' top finisher was Corinne O'Leary, who placed 16th.

Westfield finished in sixth, but six of its runners (Devon Leahy, Gabby Dilick, Molly Ruggles, Lauren Bailey, Sarah Pensyl and Vicky Evans) advanced as individuals. Other solo runners moving on to regionals are Hamilton Heights' Kat Williams and University's Cyan Cosby. The top 10 individuals not on an advancing team qualifying for the next round.

Carmel's boys won the team standings, but Westfield got the top two individuals: Samuel Henthorn was the winner with a time of 15:46.28. Aaron Bennett was the runner-up.

After that, the 'Hounds got three top 10 places: Teddy Browning was third, Thomas Revard fourth and Zac Leinheiser eighth.

The Tigers were helped to second place by Trevor Thompson's fifth-place perfor-

mance. Nick Butler was seventh. The Shamrocks' Alec Hartman also landed in the top 10, placing 10th.

Southeastern freshman Gabe Fendel led the Royals with a sixth-place finish, followed by Bryce Barnett in ninth. Noblesville's Eric Hoffman led the Millers by taking 14th.

Guerin was sixth as a team, but all seven runners advanced as individuals. Christopher Bluish led the way by taking 17th.
