## March Madness Spelling Bee is March 14

Hey, Sheridan! Are you ready for the annual March Madness Spelling Bee? That's right, it is time once again to see who can spell their way to success and take home the first place trophy. The community spelling bee is sponsored by the Sheridan Public Library and the Friends of the Library.

The bee is scheduled to take place at the Sheridan Public Library on Saturday evening, March 14 from 6 to 8 pm. The 3 person teams are encouraged to choose snappy names and then arrive in costumes supporting that name.

Last year's winners, the Sheridan Society Spellers, represented the Sheridan Historical Society and were all decked out as fashionable pioneer ladies. Our program master of ceremony, Sheridan's own favorite architect Parvin Gillim, was all dressed up in his best tux and bow

tie and his witty sense of humor kept the program rolling right along.

The bee is open to all who want to participate regardless of age, but be forewarned that difficult words will have to be spelled because winners will have to be determined. To participate, you will need to have a team of 3 people. There is no charge to enter but donations to the Friends of the Library are welcome. Teams will have one minute to correctly write their word on a marker board. While it is good to come prepared with 3 good spellers, you only need one or two on your team; the non-speller(s) can just be there for encouragement and enthusiastic support!

Entry forms and rules are available at the Sheridan Public Library. You can just show up and fill out an entry form when you arrive, but if you could enter a few days in advance we will have a better idea of how many to expect.

Doors will open at 5:00 pm and competition will begin promptly at 6:00 pm.

Spelling rounds will continue until a winner is determined. Pictures will be taken and free refreshments (donations gladly accepted) will be available. First and second place finishers will take home a beautiful trophy.

For further information, rules and/or entry forms, please contact Steve Martin at the Sheridan Public Library (317-758-5201). The Sheridan Public Library is located at 103 West First Street in beautiful uptown Sheridan, just on the country side of Hamilton County, Indiana. Library hours are Monday through Thursday from 10 am to 7 pm, Friday from 10 am to 5:30 pm and Saturday from 9 am to 1 pm.

ALDI stands behind this quality with a Double Guarantee: If for any reason a customer is not 100 percent satisfied with a food product, ALDI will gladly replace the product *and* refund the customer's money.

ALDI exemplifies efficiency by eliminating overhead costs through smart practices, such as a cart rental system, through which shoppers insert a quarter to release a cart and receive the quarter back upon the cart's return. Other cost-saving practices include a smaller store footprint, open carton displays and encouragement of customers to bring their own shopping bags.

ALDI also saves shoppers money by keeping stores open during prime shopping times. The newest location will be open from 9 a.m. to 8 p.m. Monday through Saturday and from 10 a.m. to 7 p.m. on Sunday. ALDI accepts cash, debit and EBT/Quest cards.

Over the next several years, ALDI plans to add an average of 130 new stores each year, expanding the ability to bring grocery savings to more people every day.

## Hamilton County Leadership Academy honors Kenton Ward, Distinguished Alumnus

The Hamilton County Leadership Academy (HCLA) bestowed its 14th Distinguished Alumnus Award to Kenton Ward, a 1995 graduate of the program, at its Holiday Luncheon. This award was established to recognize graduates who have realized the ideals of the Academy experience—to utilize their time, talents and energy to make a positive contribution to the community. "Kent truly represents the best of what the Academy offers residents of Hamilton County. He is but one of many graduates that serves Hamilton County and has made it the great place it is!" said Liz Tate, HCLA Board President.

Kent has enjoyed serving his community for much of his life. Kent has been serving Hamilton County since 1977. He is a life member of the Hamilton County Historical Society and a past president (mid 1980's). He is proud that his daughter Kate is the current president. Kent is an Eagle Scout that gave back to scouting as a scout leader for his son's troop in Noblesville. He served as Committee Chair for the troop and is proud that his son Alex also became an Eagle Scout. He is the past President of the National Association of County Surveyors and is a member of the Board of Directors of the National Association of Counties and serves on the Environment, Energy and Land Use Steering Committee, and as a Vice Chairman of the GIS Sub Committee and the Water Subcommittee for NACo. He serves as Chairman of the Hamilton County GIS Policy Committee, the Hamilton County Web Committee and the Hamilton County Wellhead Protection Committee. He served two 6-year terms on the HCLA board and recently served as funding chair. He lives in Noblesville with his wife Robin. This is just a short summary of Kent's passion and commitment to the community.

Liz Tate, HCLA Board President, had many kind words to say about Kenton Ward, who was given the Distinguished Alumnus Award at its Holiday Luncheon. Ward has been serving Hamilton County since 1977.

HCLA offers a 10-month program that begins with a two-day retreat in late August and is followed by monthly educational sessions held in sites throughout the county. The sessions are designed to increase awareness of the existing institutions and leaders in the county and to develop personal leadership skills. Upon graduation, the program participants will be prepared for greater levels of involvement in the community. The alumni, made up of over 570 graduates of the program, are often called upon to serve on boards of county organizations and to volunteer their time for community development efforts. They are our local leaders who are working to create

and sustain a thriving community for all of us to live, work and play. The programming of the Hamilton County Leadership Academy would not be possible without the generous support of our Platinum Leadership Partner, Duke Energy and our Silver Leadership Partner, the City of Westfield, along with a number of other local sponsors.

This transaction marks NCA Group’s seventh acquisition since 2011 and continues NCA Group’s expansion as a leading provider of loss adjusting and claims management services throughout North America, including daily claims service in all 50 states.

through its team of talented adjusters. All Valley Adjusters provides statewide coverage in California and also services residential and commercial property claims in Washington, Oregon, Nevada, Utah, New Mexico and Arizona. enhances our capabilities to service our regional and national insurance carrier partners," said Jim Pearl, President of NCA Group.

Doug Fuller comments, "We look forward to our partnership with NCA Group and the expanded opportunities it will present to All Valley Adjusters. We were particularly attracted by NCA Group’s keen focus on customer service and track record of successful acquisitions in the loss adjusting sector."

StoneRidge Advisors acted as financial advisor to NCA Group on this transaction.

## Ten-digit dialing in the 812 area code starts Saturday

Mandatory 10-digit dialing in the 812 area code area will begin on Saturday, in anticipation of the implementation of the new 930 area code.

The mandatory dialing period has been established to help customers prepare for the addition of the 930 area code to southern Indiana, which will take place on March 7. Once mandatory dialing begins, customers will be required to dial the area code, along with the seven-digit phone number, when making calls within the 812 area code, including local calls.

Previously, the IURC delayed the start date for mandatory 10-digit dialing after it became aware of concerns regarding the ability of critical segments of the business community and telecommunications providers to prepare for the switch to mandatory dialing, specifically those serving the medical and law enforcement industry.

In anticipation of the mandatory dialing period, customers are encouraged to begin practicing 10-digit dialing, check with any alarm service providers or providers of other services that use the telephone network to ensure the customer's equipment is capable of using 10-digits, and to update pertinent medical records, business materials, personal contacts, and pet I.D. tags with all 10 digits of their phone numbers.

For more information, please visit [www.in.gov/iurc](http://www.in.gov/iurc).

## Purdue participating in USDA’s farm start-up effort

A team of Purdue University faculty, staff and Extension educators will lead a U.S. Department of Agriculture effort in Indiana aimed at supporting new and beginning farmers and ranchers.

The National Institute of Food and Agriculture initiative - called Infrastructure, Access, Community: A Plan to Support Beginning Farmers in Indiana - is designed to increase the number of farm start-ups in the state and provide direct, practical assistance to anyone who is new to farming.

"We are particularly interested in supporting small farms and military veterans," said Kevin Gibson, one of the team leaders.

"This grant comes at a very critical time for the agriculture industry," Gibson said. "The ag workforce is rapidly aging, and the average age of farmers in this country is now over 58 years. Once these farmers and ranchers start to retire, who will grow our food? At the same time, consumers are increasingly interested in buying local foods and supporting local farmers. There are real opportunities for new and beginning farmers to help meet this demand."

Plans call for annual training sessions for Extension educators, workshops and farm tours focusing on effective farming practices, a "one-stop shop" website with a variety of resources for beginning farmers and networking events.

"We will accomplish our goals by improving the infrastructure needed to support beginning farmers, increasing the access beginning farmers have to training and educational materials, and developing a community of educators and experienced farmers who will support beginning farmers and ranchers," said Tamara Benjamin, a research scientist at Purdue and one of the project leaders.

Including funds provided by Purdue, the project will spend nearly \$850,000 over three years to address these goals, she said.

Key partners in the project include the National AgrAbility Project, which will focus on expanding opportunities in agriculture for military veterans, and the Local Growers Guild, which will arrange farm tours across the state and provide other resources for farmers.

Tough final regular-season week for Noblesville...

With a tough sectional first-round game on the horizon, the Noblesville girls basketball is not taking it easy in the final week of the regular season.

The Millers traveled to Heritage Christian on Tuesday to take on the Eagles, who just happen to be the third-ranked team in the one-class coaches poll. Heritage ran away from No. 6 Noblesville and ran to a 66-52 victory, handing the Millers only their second loss of the season - against 19 wins.

The Eagles are the defending Class 2A state champion, but let's be real: Heritage Christian can hold its own with any team in 4A. The Eagles upset No. 4 Lawrence North, another 4A team, this past Saturday. Noblesville will host the Wildcats on Thursday.

"They're so quick and talented," said NHS coach Donna Keck. "I think they're ranked in the Top 20 in the nation. They have six kids that are D-I. You had Duke tonight, and Cal, and all kinds of schools here for their kids."

Tuesday's game featured teams with similar styles. Both like to run and both like to press. The Millers were able to stay with Heritage in the first half. Noblesville only led three times, but never allowed the Eagles to get too much of an advantage. An early 6-2 HC lead was erased when Katelyn O'Reilly scored four straight points, and Alexis Shannon scored five in a row to bring NHS back to a 22-all tie from 22-17 down.

Shannon's jumper towards the end of the half gave the Millers a 29-25 advantage with under a minute to go, but as they know how to do, the Eagles scored quickly. Their five straight points had Noblesville down 30-29 at halftime.

Both teams tried to get the third-quarter momentum, and while Heritage Christian seemed to get it, the Millers again were able to keep the game from getting out of control. Shannon hit two jumpers to cut a seven-point Eagles lead to 41-38.

But that was as close as Noblesville would get. Heritage finished the third on a 7-0 run, and that gave it a 48-38 lead after three quarters. The Eagles then held the Millers scoreless for the first three minutes of the fourth period, holding their biggest lead at 55-38 with 5:13 left in the game.

"We went for too long without being able to score, and that was really the difference in the game in the third," said Keck.

Noblesville made a furious comeback, using a 12-4 run to get to within 60-52 with

a minute-and-a-half left. But Heritage Christian didn't allow the Millers a point after that, instead making 6-of-8 free throws to put the game out of reach.

Shannon scored 23 points, while O'Reilly added 13, and pulled 15 rebounds for a double-double. Emily Kiser grabbed 10 rebounds. Cori Cain made four steals.

# Dates set for Month of May activities at IMS

From an Opening Day featuring re-styled race cars, the second annual Angie's List Grand Prix of Indianapolis, a practice session with after-hours running and the 99th Running of the Indianapolis 500 on May 24, the 2015 Month of May at the Indianapolis Motor Speedway will be full of action.

The stars of the Verizon IndyCar Series will take to the famed 2.5-mile oval for the first time on Sunday, May 3, for a test session featuring the highly anticipated debut of oval aero kits. Speeds on the oval are anticipated to be higher with the aero kits, which feature body work modifications that will bring renewed innovation and differentiate Chevrolet- and Honda-badged Dallara race cars for fans.

IMS will then take three days to transition from the oval configuration to the 2.434-mile, 14-turn road course for the second annual Angie's List Grand Prix of Indianapolis. The road course incorporates portions of Turns 1 and 2 and the front straightaway of the oval with the remainder of the circuit within the infield, allowing for great spectator viewing beginning with a free-admission practice day on Thursday, May 7, and qualification day on May 8. Simon Pagenaud will look to defend his title on Race Day on Saturday, May 9.

"Winning the inaugural Grand Prix of Indianapolis in 2014 was definitely one of the highlights of my career. It's a beautiful circuit and it represents a great way to kick off the on-track activities for the Month of May," said Pagenaud, of Team Penske. "The Verizon IndyCar Series is the most fan-friendly series in the world. To open up the practice on May 7 and the garage on May 8 - for free! - is an amazing treat for our fans. I hope many of them come out to see our new 2015 body kits and the high-speed racing that is sure to be thrilling."

On Monday, May 11, the oval will be host to eight consecutive days of on-track activity with a unique late afternoon/evening practice session from 4-7 p.m. in preparation for the Indianapolis 500. Practice sessions will be held from May 11-15, culminating with Fast Friday (May 15), followed by qualification week-end on May 16-17, including Old National Armed Forces Pole Day on Sunday, May

17. The next day, Monday, May 18, will feature the final full day of practice, which is always one of the busiest on the track.

"I am really excited for the month of May activities. Opening Day will be even more interesting this year with the introduction of aero kits, it will be the first time we get on track with them at IMS," said two-time Indianapolis 500 pole winner Ed Carpenter of CFH Racing. "The qualifying format last year was a lot of fun, and I look forward to trying to be part of the action again, but more importantly I can't wait to get another chance to fulfill my dream of drinking milk."

Fans can enjoy their own experiences on the oval on Wednesday, May 20, with the IMS Racing Experience and Fan Track Laps. Fans will be able to take Indy Racing Experience two-seat rides around the oval and drive their own cars on the track from 4-7 p.m., while many of the Verizon IndyCar Series drivers will go into the community visiting schools and participating in other outreach activities (more details to come at a later date).

On-track activity continues with a long-time Indianapolis Motor Speedway tradition and fan favorite - Coors Light Carb Day on Friday, May 22. In addition to the final Indianapolis 500 practice session, Carb Day will feature the Indy Lights Freedom 100 (practice and qualifying is on Thursday, May 21), TAG Heuer Pit Stop Challenge and Coors Light Carb Day Concert.

The eve of the Indianapolis 500, Saturday, May 23, features Legends Day Honoring Al Unser presented by Firestone, the traditional full-field autograph session, public drivers meeting and a Concert presented by Firestone, with the entertainers to be announced.

The 99th Running of the Indianapolis 500 will be contested on Sunday, May 24. Ryan Hunter-Reay is the defending champion. In the infield will be the Indy 500 Snake Pit presented by Miller Lite.

"Anticipation is already building and we are once again excited about our on track schedule as well as the other activities that will make this a special Month of May," said J. Douglas Boles, Indianapolis Motor Speedway president. "Starting with the de-

# Great girls sectional opener

By DON JELLISON  
Reporter Editor

Talking with the big guns of the upcoming Hamilton Southeastern Girls Sectional, on the record, they all said that the draw was extremely important. Okay, what's a good draw? Off the record, the answer was either drawing the bye or drawing Zionsville.

No disrespect of Zionsville, but the Lady Eagles aren't exactly having the best of seasons. They entered the last week of the regular season with a 3-15 record and a 0-4 mark against sectional opponents.

Looking for a good draw? Fishers has drawn Zionsville and North Central has drawn the bye.

North Central, however, will play the winner of the Noblesville-Carmel game, and that's not so good. North Central lost to Carmel 45-29 during the year, although North Central did lead Noblesville with five

minutes remaining before the Millers exploded for a 72-55 win.

The Hamilton Southeastern-Westfield game in the bottom bracket should be a honey of a rematch. In mid-January, Westfield edged Southeastern, 38-37.

But, what likely is the most anticipated first-round match is between Noblesville and Carmel, two long time rivals who, you better believe, don't exactly like each other.

It's going to be interesting. In most Noblesville's games this season the goal has been to be score in the 70s and 80. Opponents would like to keep the Lady Millers in the 40s and 50s.

You can bet that Noblesville coach Donna Keck isn't going to change. She's going to the ball with what brought her there and that's a pressure, run and gun attack.

Noblesville, averaging 75.9 points a game, is the second-leading scoring team in the state. The leader is Homestead at 77.68. Homestead is the only team to defeat the Millers this season, getting the job done in a low-scoring, 58-44 contest. Forty-four is a low mark for Noblesville this season, although the Millers scored just 45 points in a 12-point win over Fishers.

Carmel coach Tod Windlan also likes to press and run and gun. That's what he did in Noblesville's 102-85 victory over Carmel in Windlan's fourth game as Carmel's coach.

You might recall Windlan playing that type of basketball when he coached Hamilton Heights to the 3A state championship game three years ago.

Carmel has scored in the 90s, the 80s and the 70s this season, but in the Greyhounds last three games scores have been lower. Carmel beat Fishers 55-43, Pike 55-51 and Ben Davis 62-58 in overtime.

So, will Windlan romp with the Millers, or will he try to slow down a Noblesville team which, quite honestly, is tough to slow down?

Carmel also has lost to Homestead this season in a 71-38, Dec. 22 blowout.

Here are some interesting facts on the Millers and Greyhounds:

\*Going into the last week of the season Noblesville hadn't lost at home and was 7-0 on the road. The loss to Homestead was at the Greenfield Tourney. Carmel is 9-2 on the road. The Greyhounds have lost five times at home.

\*Noblesville is averaging 75.9 points a game and Carmel 60.0. The Millers are shooting 46% from the field and Carmel 37 percent.

\*Noblesville is outrebound Carmel by about three boards a game.

\*Carmel is averaging 13.9 steals a game and Noblesville 12.1

\*Noblesville is dishing out 20.5 assists a game and Carmel 13.0.

Noblesville has two Millers who in most games have been unstoppable. Alexis Shannon is averaging 19.8 points a game and Katelyn O'Reilly 16.5. Senior point guard Becca Bergman is scoring at a 10.5, and, when needed, can put 15-20 points on the boards

Carmel has one of the better long-range shooters in this sectional with 6-1 junior Emily Kmec. She is averaging 11.9 points a game. Senior Amanda Shaw is scoring at a 11.3 clip.

When the season started Windlan surprised lots of folks by opening with a pair of freshmen in his backcourt. Amy Dilk and Blake Smith now form one of the best backcourts in the sectional. Dilk is averaging 8.7 points a game. Smith is a 6-1 guard

If this is a high-scoring game with lots of shots from both, Noblesville's is very good on the boards with O'Reilly (8.7), freshman Emily Kiser (5.2), senior Erin Wood (5.0) and Shannon (4.7)

Wood and Kiser both are 6-2. Carmel's best rebounder (6.1) is Kmec, followed by 5-9 junior Carrie Larson (5-0) and Shaw, at 5-8, (4.7.).

Most Carmel-Noblesville athletic events down through the years have been great.

For Carmel and Noblesville to be playing in the opening game of the sectional this year, that's super great.

Five county players nominated...

# Kolli, Edwards headline Player of the Week honorees

International senior Skyler Kolli erupted for 57 points in a game and East Chicago Central senior Hyron Edwards averaged 45.0 points over two games to pace this week's winners in the IBCA/Subway Player of the Week program.

The prolific duo is joined by Evansville Reitz senior Jaelan Sanford, Michigan City senior Michal Miller, Portage senior Kaitlin Doud, Lebanon junior Kristen Spolyar and Shakamak senior Sierra Hudson as honorees for the week of Jan. 26-31 in the awards program overseen by the Indiana Basketball Coaches Association.

Edwards is the winner for boys' District 1, while Kolli claims accolades for boys' District 2 and Sanford is the recipient for boys' District 3. Miller and Doud share laurels for girls' District 1, while Spolyar is recognized in girls' District 2 and Hudson is the winner for girls' District 3.

Kolli, a 5-10 senior guard, poured in 57 points with four rebounds, three assists and four steals in International's only game of the week, a 90-69 victory over Anderson Prep. He converted 16-of-25 shots from the field, including 6-of-10 3-pointers, plus 19-

of-23 free throws as the Gryphons improved to 8-10.

The 6-1 Edwards captured Player of the Week honors for the second time this season after propelling East Chicago Central to a pair of wins. First, Edwards scored 44 points in an 80-62 triumph over Gary West. The super-quick guard followed with 46 points and seven assists as the Cardinals moved to 12-3 with a 105-95 overtime decision over South Bend Adams. Edwards previously was recognized Nov. 24-29.

Sanford collected honors after he averaged 30.0 points in two wins for undefeated Evansville Reitz (19-0). The 6-3 guard produced 27 points, two assists and one steal in a 117-74 runaway over Evansville Central. The University of Toledo signee followed with a season-high 33 points plus two assists and two steals in an 89-54 victory over Floyd Central. For the two games, Sanford was 21-of-31 from the field, 9-of-16 on 3-pointers and 9-of-9 on free throws.

The 5-9 Miller averaged 40.5 points and 6.0 rebounds over two games for Michigan City (11-9). The University of Arizona recruit opened with 46 points, six rebounds and four assists -- scoring all 24 of her team's fourth-quarter points -- in a 79-70 win over Gary West. Miller then tallied 35 points and six rebounds in a 67-63 decision over Hammond Morton.

Doud, a 5-9 senior, averaged 30.5 points in two games for Portage (11-12). Doud began her week with 25 points and eight rebounds in the Indians' 60-58 double-overtime thriller over Mishawaka. She then produced 36 points with eight rebounds and five steals in a 72-24 rout of Hammond Clark. Doud made nine 3-pointers over the two games, setting a school-record for 3-pointers in a season in the process. She will play softball at Butler University in 2016.

The 5-10 Spolyar averaged 42.5 points and 15.0 rebounds over two games as Lebanon improved to 20-2. A Butler basketball commit, Spolyar tallied 39 points, 16 rebounds, six assists and eight steals as the Tigers defeated Franklin 67-44. She then exploded for 46 points, 14 rebounds, five assists and nine steals in a 95-26 rout of Southmont. Over both games, Spolyar made 30-of-44 shots, 2-of-6 3-pointers and 23-of-32 free throws. She twice previously has been a Player of the Week (Dec. 1-6 and Dec. 29-Jan. 3).

Hudson set a single-game school record with 38 points in Shakamak's only game of the week, a 79-25 thrashing of Eminence. The 5-8 senior guard tossed in 16 field goals, including six 3-pointers, as the Lakers improved to 9-12. She broke the school's previous best of 36 points set by Nicole Fougousse in 2001.

USTA Foundation awards \$10,000 grant to National Junior Tennis League of Indianapolis

USTA Foundation, the national charitable organization of the United States Tennis Association (USTA), today announced it has awarded National Junior Tennis in Indianapolis, IN, a \$10,000 program grant. The foundation concluded its 2014 grant funding cycle by awarding \$741,500 in grants to 44 organizations that provide tennis and education to under-resourced youth and people with disabilities, as well those organizations with a need for program infrastructure support.

National Junior Tennis League of Indianapolis will support the summer youth pro-

gramming to help combat youth leading sedentary lives and summer learning loss. NJTL of Indianapolis offers tennis and enrichment programs to youth in hopes of developing the character of young people through tennis. The \$10,000 program grant will help the nonprofit positively impact the lives of 1,000 central Indiana youth by providing physical activity, healthy living and life skills instruction as well as educational enrichment opportunities during the summer youth program.

The USTA Foundation program grant is a biannual national initiative that was established to award organizations that successfully combine tennis and education to give under-resourced youth and individuals with disabilities the opportunity to play tennis and improve their academic skills in a structured setting. These programs also strive to help combat childhood obesity by promoting healthy lifestyles.

“The USTA Foundation is honored to recognize such outstanding organizations around this country, which greatly impact so many deserving students, children in need and the communities in which they live,” said Dan Faber, Executive Director, USTA Foundation. “Their amazing work makes a difference in thousands of lives across the country and truly inspires us all.”

To date, USTA Foundation has awarded more than \$19 million in grants and scholarships to hundreds of programs benefitting thousands of children and adults through tennis, education and health programming, primarily through the NJTL network and also through efforts to assist Military Personnel, Veterans, and individuals with disabilities.
