Ditslear announces new projects for Noblesville...

## Mayor delivers annual ‘State of the City’ address

Noblesville Mayor John Ditslear delivered his annual “State of the City” address to the Noblesville Chamber of Commerce this afternoon at Harbour Trees Golf Club, 333 Regents Park Lane.

New projects announced during his speech include:

\* **Levee Trail** – The city has design completed and is ready to move forward with the project along Morse Reservoir once funding is approved. This will be built in three phases using Park Impact Fees to offset costs. Once completed, the trail will connect Morse Beach Park north to 216th Street and south to downtown. Levee Trail will connect at least 7,000 people to existing trails leading to downtown.

\* **South 10<sup>th</sup> Street Roundabout** – Ditslear unveiled the new roundabout design for the intersection of South 10th Street and Christian and Greenfield avenues. Redesigning this unique five-points intersection gives the city the opportunity to make that traffic flow easier and create a gateway on the south side of Noblesville.

\* **Budget** – “In the next month we will pass a balanced budget, but it does not provide the adequate funding for our community to continue to maintain and grow at the rate we deserve. To get there we will need to find alternative funding,” Ditslear said. Because of the loss of \$30.4 million in property tax caps since 2010, Ditslear said

a trash fee is one option the city may explore to accommodate the request of adding new police officers and address infrastructure needs. Trash and recycling is a service the city provides free of charge, unlike any other in Hamilton County. If a fee or alternative funding is not available, the city will be forced to reduce or cut the high quality services we have come to expect.

\* **Website** – Later this year the City of Noblesville will launch its updated website. Besides being user friendly, the site will have a responsive design for mobile devices. The website is cleaner and easier to navigate with visitor buttons for the items most browsers want readily available. The website also will have our social media feed to keep residents informed.

Highlights of the mayor’s speech include:

\* **Economic Development** – Workforce development is the No. 1 issue in economic development. One proactive way the city is addressing that need is through Noblesville WORKS, a new soft skills initiative announced in July. “We want to increase awareness of these skills so that we are growing a marketable workforce for the ever-changing and modern business environment,” Ditslear said.

Since the opening of Cabela’s second Indiana store, Hamilton Town Center and Exit 210 is experiencing a lot of interest

from investors and developers. “There is a lot of energy and things are going to happen – soon. While I can’t go into details, it’s very exciting,” Ditslear said. Saxony Business Park is focused on life sciences and the city is seeing companies like Pharmakon Pharmaceuticals continue to expand and

new businesses like Zevacor Molecular come to Noblesville. The ventures taking place there are making a difference and will save lives.

Rocky sells his idea....

# “Will benefit our community”

By DON JELLISON  
Reporter Editor

Rocky Shanehsaz, owner of the Mill Top Banquet & Conference center who is attempting to expand by purchasing land near his business location, doesn’t understand why the City of Noblesville won’t support his plan for expansion.

Shanehsaz says he has supported HAND in various ventures, but he believes HAND’s idea of building a 54-unit apartment building and retail outlets simply is being planned for the wrong location. The old grain building and silos are located between 8<sup>th</sup> & 9<sup>th</sup> Streets on the south side of Noblesville, within walking distance of the Courthouse Square.

“I honestly believe that my proposal will better benefit our community in so many ways,” Shanehsaz said during a recent exclusive interview with the Hamilton County Reporter.

### We would like to hear from you!

The Hamilton County Reporter, which has been Hamilton County’s and Noblesville’s leading daily newspaper in breaking and reporting on stories such as what is happening with the grain elevator and silos on South 9<sup>th</sup> Street in Noblesville, has once again opened its space for comments on another story which is extremely important to the City. Yesterday, the Reporter ran a page 1 letter to the editor from HAND. Today, we are publishing Part 2 of a recent interview with Rocky Shanehsaz.

Letters to the editor should be sent to [hoosiermaba@aol.com](mailto:hoosiermaba@aol.com)

“Just last year alone the Mill Top Banquet & Conference Center brought over 20,000 guests to the Noblesville area,” Shanehsaz said. “The expansion of the Model Mill will not only increase business for the Mill but also for local restaurants, hotels, boutiques, ect., increasing income

and employment opportunities. At around \$500,000 per year in tax contribution, with expansion, the Model Mill could essentially double this figure.

“The idea of the parking project on this site has been studied extensively for efficiency, neighborhood appeal and the best use of the land. This style of parking is capable of producing three times the amount of parking space compared to a standard parking garage, while being 70 percent cheaper. The combination of this option makes this method the most desirable in creating attractive parking. In fact,” Shanehsaz said, “a company has been formed to utilize this technology throughout Indiana, a company which would be headquartered in Noblesville, which, again would create additional job opportunities and tax revenue.

“Additionally, as a result of increasing parking availability, the Model Mill building will be able to create a high end restaurant with a seating capacity of around 400 people. This restaurant has already been part of the master plan for a Model Mill building.”

# Complete text of Mayor Ditslear’s State of the City address

Good afternoon, and thank you to the Chamber of Commerce for inviting me to give the annual “State of the City” address.

Ditslear

This year will be a little different than previous speeches. First off, I’m starting out with a groundbreaking announcement. The engineering department and I have come up with a new traffic modification that will make our neighbors to the southwest envious. Are you ready?

You’ve heard of the Michigan Left, I call this the Carmel Circle. For those of you who can’t see – or figure it out – that’s five roundabouts within a roundabout.

OK, we aren’t actually constructing this – and it isn’t the worst idea I’ve heard this past year. The City of Noblesville has a lot to be proud of and numerous things taking place that I am truly pleased to share with you today!

I could talk about how Noblesville made the “Best 25 suburbs for retirement” in 2015 by Forbes.com. Or how Klipsch Music Center was named in the top 5 of the best outdoor venues in the nation. Instead, placed on your table are interesting facts and figures for the City of Noblesville since January 1st. Those will highlight some of our services while I speak about where we are as a city and where we are headed.

Workforce development is the No. 1 issue in economic development. Noblesville WORKS is part of our economic development’s focus on attraction, retention and expansion. Since my speech last year, we have launched the Stay Here Grow Here website.

One of the major announcements made this past year – besides the re-election of your devilishly handsome and intelligent mayor – was the community-wide soft skills initiative called Noblesville WORKS.

Soft skills are important because they are human element skills – like how you communicate or your ethics and attitude. These might be the element that sets you aside from your competitor. Technical skills may get you an interview, but soft skills will get you the job and help you keep it! We want to increase awareness of these skills so that we are growing a marketable workforce for the ever-changing and modern business environment.

If your company isn’t a partner with Noblesville WORKS then I encourage you to learn more because what we are doing now will impact a lot of people’s tomorrow.

Noblesville WORKS features a soft skill, one per month, for the academic year. This month’s theme is Teamwork. I remember TEAM as being Together Everyone Achieves More. You have a great team of employees working for the city and the job they do truly provides the best for our residents, businesses and guests.

Through our economic development department we have seen a significant increase in retail and restaurants in our city. We also are prepared for these businesses to open in the coming months.

One area we are gaining a lot of traction in is Exit 210 and Hamilton Town Center. You have heard – or seen – that Cabela’s recently opened its second Indiana store in Noblesville. We have a lot of interest from investors and developers out there. There is a lot of energy and things are going to happen – soon. While I can’t go into details, it’s very exciting.

Retail and Industrial may be the target of Exit 210, but our Saxony Business Park is focused on life sciences. We are seeing companies like Pharmakon Pharmaceuticals expand twice in the past two years. Zevacor Molecular recently received the only commercial cyclotron in the United States. The ventures taking place there are making a difference and will save lives!

One new addition to downtown Noblesville is the creation of Riverwalk Depot, the city’s first pocket park. It will open October 2. Using an irregular piece of vacant land, the Depot is a placemaking and beautification initiative. It will serve as a trailhead for the intersection of the White River Greenway and the Riverwalk. It will integrate art with function – like the steel locomotive that also is a bike rack. This is a great example of the teamwork skill. Three different departments have been involved in this project. Their work – along with generous donations – is providing this amenity at no cost to taxpayers.

This park is one of many initiatives the city has to improve downtown. We have created the Riverfront Redevelopment District to increase retail and tourism activities. This program has had a strong response so far and we plan to expand its opportunities next year.

The heart of our city is stronger and more appealing thanks to programs like façade grants and the work of our downtown partners including the Chamber of Commerce. Nickel Plate Arts has infused a new excitement for the arts and culture. Noblesville Main Street hosts more than 80 successful events that engage Noblesville families including the Farmer’s Market, First Friday’s, Street Dance and

Duck Race. As the city continues to improve and grow our downtown – we are thankful for our partnerships.

Trails provide the amenity of connecting people with places in the outdoors. The city is currently working to extend Midland Trace Trail from Westfield to the center of Noblesville. Once completed, residents will be able to use trails to get from the heart of our city to the Monon Trail and down to Indianapolis. Right now we are purchasing easements before we can begin building the trail extension.

Another project I would like to see happen is the Levee Trail. We have the design finished and are ready to move forward. We just need the funding and approval. This will be built in three phases using Park Impact Fees to offset costs. Once completed, the trail will connect Morse Beach Park north to 216th Street and south to downtown. Levee Trail will connect at least 7,000 people to existing trails leading to downtown.

The wastewater utility crew is working on its long-term control plan. They are in the third phase of the 15-year project. In addition to adding a 60-inch sewer line south of Maple Avenue behind Riverside Cemetery, the crew has created an extension of the Riverwalk. The trail will be completed later this year.

Speaking of the Riverwalk project, it is preparing for the final stage. It will connect Maple Avenue with other portions of the Riverwalk through trails and a boardwalk. This is a joint project with the county and will take place in 2016.

Two weeks ago we broke ground on Federal Hill Commons. The new 6+ acre park will extend downtown and become catalyst for economic development and growth west of the White River. It is designed to incorporate arts and cultural opportunities with the city’s deep-rooted history.

Federal Hill will be the fifth city park. It is just one of the examples of how our parks department is moving forward.

One new initiative that was rolled out this summer was Rec 2 Go and Nature 2 Go. Each provides programs at your event including games, supplies, staff and most importantly fun. Another new initiative for the parks department is their partnership with Ivy Tech to create a small community center for Noblesville. The space includes a gym, wellness room, locker rooms and classrooms. This partnership allows us to provide new programming and rental opportunities such as batting cages and gyms. The facility had a soft opening this month and will begin expanded programming this winter.

Forest Park plays host to more than 400,000 visitors a year and has many unique features. The city installed the first Expression Swing in the State of Indiana this summer. This new swing allows parent and child to swing together and interact with each other. New permanent Cornhole pits were also installed this summer. Coming this fall is the addition of a Bocce ball court to Forest Park.

I hope you enjoyed that short video as it shares the joy our staff has and their mission – to create fun opportunities for everybody. In my opinion that guy at the end deserves an Oscar.

I’m happy to announce that building is up in Noblesville. Our planning department is recording an increase in the number of permits the city has issued this year (almost 70 more than this time last year) and the value is higher too. It’s a great sign that we have seen that increase in single family residential and commercial. It also is interesting to note that 50 percent of our permit growth is in the southeast section of the city.

Shortly, the street department will open its newest facility. The people on the eastside of Noblesville should see an improvement on their service and response time when winter hits because of the new Salt Barn. The new facility is estimated to save our drivers an hour and 15 minutes every time they have to refill.

The addition of the second salt barn means the street department can house all of its salt order before the season starts instead of receiving shipments throughout the winter. We will be ready and more efficient and economical for bad weather this year.

I’d love to announce that you won’t have to see the orange “Road Construction Ahead” signs next year, but that’s part of being a growing community. It also is part of trying to be more efficient with our traffic flows. Think of them as short term pains for long term gains.

We currently have two projects under construction affecting traffic. The roundabout at Hague and Carrigan roads, which some of you may have passed on your way here today, and the roundabout on Pleasant Street at Presley Drive.

Two major road projects next year include a roundabout on State Road 32/38 by Home Depot. It will connect to Presley Drive and provide an alternative route parallel to State Road 37 to alleviate congestion. The other is the roundabout construction on South 10th Street, which I’m happy to unveil to you today. The five-points intersection has been in need of being designed. This gives us a chance

to make that traffic flow easier. We also will create a monument gateway on the south side of Noblesville.

In the next month we will pass a balanced budget, but it does not provide the adequate funding for our community to continue to maintain and grow at the rate we deserve. To get there we will need to find alternative funding.

From 2010 to projections for 2016, Noblesville has lost 30.4 million dollars because of property tax caps. This averages to 5 million dollars a year. In that same time frame, the city has not had a significant increase in operating funding. The city would be financially irresponsible to continuously use cash to support the budget.

A trash fee is one option we may explore to accommodate the request of adding new police officers and address infrastructure needs. As the city increases its road mileage we must provide funds to maintain those areas. Right now, we are looking at losing half a million dollars for resurfacing and pothole and alley repairs. This means projects we plan to address next year will have to wait and may worsen.

Trash and recycling is a service the city provides free of charge, unlike any other in Hamilton County. If a fee or alternative funding is not available, the city will be forced to reduce or cut the high quality services we have come to expect.

You may not know but Noblesville has taken the lead on three county initiatives: the Hamilton County Transit Forum, the Hamilton County Homeless Initiative and the Hamilton County Volunteer Administration Group.

This year, we recruited volunteers for 9 city events and 13 partner events translating into 670 total volunteer hours.

For 2016, I’m happy to announce two new community engagement programs. As part of the city’s focus to improve the southwest quad, we will begin a community garden on 6 lots next to Southside Park in April. Within the next few weeks we will launch our new Adopt-A-Street program to promote clean streets and clear water. Individuals, families and groups will be able to adopt a portion of a street and clean-up trash and ensure that the stormwater drains are cleared of debris.

I’ve heard concerns about downtown parking so earlier this year I created a Parking Task Force led by Chamber President Bob DuBois. The team is discussing ways to address the parking situation downtown. In August, they conducted a manual car count for 1 week. The last count we conducted was in 2009 and we’ve learned more about long-term parking then we did back then. Recommendations from the task force will come later this year.

Public safety is the No. 1 priority for our community. I believe most of you in the room would agree we have some of the best trained, courageous and professional first responders in the country. Each department has a five-year strategic plan to improve its services and better engage and train our citizens.

The police department recently received the prestigious CALEA accreditation. In the United States less than 10 percent of law enforcement agencies have this accreditation. It entails more internal and external accountability. Being proactive, the police department provides several opportunities to educate the public through its Citizens Police Academy and Crime Watch Program.

In the fire department, Greg Wyant was named the new chief after Chief Ken Gilliam retired in May. Noblesville is the second busiest fire department in Hamilton County and has 1 of 2 tactical rescue teams.

Did you know Noblesville has more than 400 bodies of water? Thankfully, we also have 1 of the 2 dive teams in Hamilton County. The combination of police and fire teams is just one of the specialty groups we have in public safety.

Now, I want to provide you with another first. Later this year the City of Noblesville will launch its updated website. We think it’s time for a fresh look. Besides being user friendly, the site will have a responsive design for mobile devices. The website is cleaner and easier to navigate. As you can see, there are visitor buttons for the items most browsers want readily available. The website also will have our social media feed to keep residents informed. I encourage you to follow the City on Facebook, Twitter and Instagram.

One last update on something the community should expect in the near future is Noblesville’s status as becoming a second class city. On January 1, Noblesville joins Fort Wayne, Evansville, Bloomington, Lafayette and others with its new status distinction. One of the benefits of being a second class city is that instead of seven Common Council members there will be nine. This will allow for better citizen representation.

Thank you all again for the opportunity to talk about our amazing city, and for all that you do to make Noblesville such a great community – it truly is a team effort. Here are the directors of our city and many are in attendance today. We will remain after today’s meeting, so if you have any questions, please feel free to talk with us before you head back to work. Thank you!

## MAYOR

\* **Riverwalk Depot** – Using an irregular piece of vacant land, Riverwalk Depot is a placemaking and beautification initiative. It will serve as a trailhead for the intersection of the White River Greenway and the Riverwalk and will integrate art with function. The city’s first pocket park will open Oct. 2.

\* **Trails** – Trails provide the amenity of connecting people with places in the outdoors. The city is currently working to extend Midland Trace Trail from Westfield to the center of Noblesville. Once completed, residents will be able to use trails to get from the heart of our city to the Monon Trail and down to Indianapolis. A trails south of Maple Avenue behind Riverside Cemetery, which will extend the Riverwalk, is currently begin built and will be completed later this year. In 2016, the city and Hamilton County will begin the third and final phase of the Riverwalk.

\* **Parks and Recreation** – The parks department has created a partnership with Ivy Tech to create a small community center for Noblesville. The space includes a gym, wellness room, locker rooms and classrooms. This partnership allows us to provide new programming and rental opportunities such as batting cages and gyms. The facility had a soft opening this month and will begin expanded programming this winter. New additions to Forest Park include the first Expression Swing in the State of Indiana

and permanent Cornhole pits, which were installed this summer. This fall, a Bocce ball court will be created.

\* **Planning** – The city is recording an increase in the number of single family residential and commercial permits issued this year.

\* **Snow Removal** – Shortly, the street department will open its newest facility on the eastside of Noblesville. The new facility is estimated to save drivers an hour and 15 minutes every time they have to refill. The addition of the second salt barn also means the street department can house all of its salt order before the season starts instead of receiving shipments throughout the winter.

\* **Road Projects** – Noblesville currently has two projects under construction affecting traffic – the roundabout at Hague and Carrigan roads and the roundabout on Pleasant Street at Presley Drive. In 2016, a roundabout on State Road 32/38 by Home Depot will connect to Presley Drive and provide an alternative route parallel to State Road 37 to alleviate congestion. “It’s part of being a growing community. It also is part of trying to be more efficient with our traffic flows. Think of them as short term pains for long term gains,” Ditslear said.

\* **Community Engagement** – In 2015, the city recruited volunteers for nine city events and 13 partner events translating into 670 total volunteer hours. Within the next

### From Page 1

few weeks the city will launch our new Adopt-A-Street program to promote clean streets and clear water. As part of the city’s focus to improve the southwest quad, the city will begin a community garden on six lots next to Southside Park in April.

\* **Parking Task Force** – Earlier this year Ditslear created a Parking Task Force to discuss ways to address the parking situation downtown. In August, they conducted a manual car count for 1 week and recommendations from the task force will come later this year.

\* **Public Safety** – The police and fire departments each have a five-year strategic plan to improve its services and better engage and train our citizens. The police department recently received the prestigious CALEA accreditation, which entails more internal and external accountability. In May, the fire department received a new leader as Greg Wyant was named fire chief after Ken Gilliam retired.

\***Second Class City** – On Jan. 1, 2016 Noblesville will become a Second Class City. One of the benefits of being a second class city is that instead of seven Common Council members there will be nine. This will allow for better citizen representation.

Betty Gordon

April 17, 1929 - September 22, 2015

Betty Gordon, 86, of Noblesville, passed away on Tuesday, September 22, 2015 at her home. She was born on April 17, 1929 in Noblesville, Indiana. Betty loved to fish. She is survived by her children, Terry Gordon, Ronnie Gordon, Jamey Gordon, Simeon Gordon, and Yvonne Gordon-Brandt; sister, Marilyn Sue Pickett; several grandchildren; several great-grandchildren; and three great-great-grandchildren. Betty was preceded in death by her mother, Margaret (Lawhon) Mikafeller; husband, Leland S. Gordon; and son, Lawrence Gordon. Services will be Saturday, September 26, 2015 from 10:00 am to 1:00 pm at her home, with Pastor Jeff Young officiating. Burial will be at Carey Cemetery in Noblesville. Condolences: [www.randallroberts.com](http://www.randallroberts.com).

A look at this year in Noblesville

**2015 By the Numbers** \*Through August

[www.cityofnoblesville.org](http://www.cityofnoblesville.org)  
Total page views – 365,389  
Unique page views – 275,711

84 seconds  
Average time on website page

12 – People who graduated from the spring Citizens Police Academy.

13 – Residents who are currently participating in the fall session.

Noblesville has removed 697 Ash Trees because of the Emerald Ash Borer and has planted 274 new trees.

Workers made 7,914 line locations for city-owned street lights, sewer system and communication lines.

The city is responsible for approximately 500 road miles of streets for snow removal, mows 193 acres of right of way and maintains 861 street lights.

We have 16 community engagement teams, involving 215 unique people and 92 organizations.

Planning seeing an increase

	2014	2015
Single Family Unit Permits	294	354
Multi Family Unit Permits	344	522
All Permits Filed	2,024	2,109

\*Total responses – 3,527  
\* 75.1% of our incidents have been medical.  
\* July was the busiest month with 522 total responses.  
\* Most common "fire" call type was alarms & sick person was the most common "EMS" call.  
\* District 73 (southeast side) was the busiest district with 22.09% of runs.

Noblesville Wastewater Utility treats 6.3-6.4 million gallons of water every day. The treatment plant is open 7 days a week, 365 days a year.

In a year, that is more than 2 billion gallons of clean water released into the White River.

\* The 2015 General Fund is \$43,350,471. Public safety comprises 55.4% of the general fund – Fire with 32.8% (\$14,215,278) and Police with 22.6% (\$9,810,323). Approximately 44.6% of that amount is used by all other departments.  
\* The 2016 General Fund is expected to be \$45,249,270.

The largest commercial project completed this year was Cabela's, which built 80,030 square feet worth \$12.3 million. The largest project under construction currently is Holiday Inn Express at 79,004 square feet.

**Percent of Total Crashes vs. Hour of the Day**

The crash rate per capita is .027 or 27 crashes per 1,000 people. This is down from .032 in 2004.

Hamilton County received the Association of Indiana Counties’ Local Government Cooperation Award Wednesday night at the AIC’s annual meeting in Michigan City. Pictured are Hamilton County Commissioners Mark Heirbrandt, Christine Altman, Steve Dillinger and Hamilton County Councilman Brad Beaver.

Hamilton County receives Local Government Cooperation Award

By FRED SWIFT

Hamilton County has been given the Association of Indiana Counties' (AIC) Local Government Cooperation Award. The prestigious citation was presented last night at the AIC annual meeting held this year at Michigan City. The award was given for the county's spearheading the of a cooperative effort to bring an IVY Tech regional campus to Noblesville. The project involved cooperation between the county, Noblesville Schools, the city of Noblesville, and IVY Tech officials.

County Commissioners Steve Dillinger, Christine Altman and Mark Heirbrandt along with several other county officials were on hand at the AIC meeting to accept the award. The IVY Tech project required many hours of negotiation to bring it to a successful conclusion, according to AIC leaders. Hamilton County has been cited several times by the association of counties in past years for various projects. This year's award will join six others on the wall in Commissioners Court.

Riverview Health to host balance seminar

Riverview Health will host a balance seminar from 6-7 pm on Tuesday, October 27. Elissa Moise, DPT, will discuss balance issues and how physical therapy can help. Some of the issues Elissa will cover include balance while walking, spinning sensations and falls. The back in balance seminar will take place at Riverview Health in the Krieg DeVault Conference Room, located in the lower level of the Women’s Pavilion. A light dinner will be served. The program is free, but registration is required. Register at [riverview.org/classes](http://riverview.org/classes) or call [317.776.7999](tel:3177767999).

Letter to the Editor

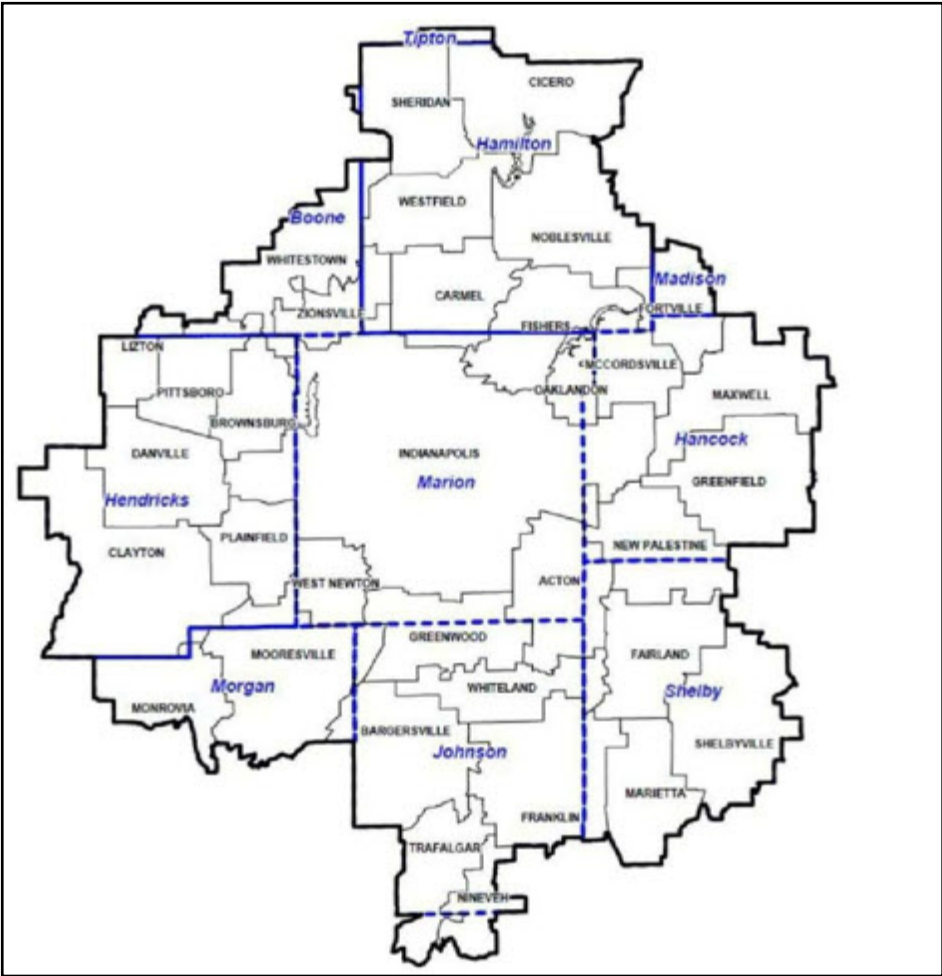

Site has no plans for Section 8 housing

As a homeowner in the nearby area, we have been kept abreast of the planning as HAND has proceeded with this project. I am afraid that Mr. Shanzhsaz is either purposefully misrepresenting the facts or is misinformed. There are no plans for Section 8 housing for the site under discussion. Perhaps the Hamilton County Reporter ought to do their fact checking that journalism requires before printing an article. Makes me wonder what other "facts" reported here are hearsay and misrepresentations.

Debbie Jamieson  
Noblesville

Ten-digit dialing to start next year in 317 area code

Get ready to start dialing some extra digits if you live in the 317 area code. The Indiana Utility Regulatory Commission approved the 463 area code to make its debut in Central Indiana next fall. The 463 area code will serve the same area as the 317 code, in what is called an overlay. That means all phones that use a 317 area code phone number will to get to keep their number, with new numbers either receiving a 317 or 463 code. The 463 area code will get its first assigned numbers on Oct. 17, 2016. However, it does mean that phone callers will have to start using 10-digit dialing to make calls. A six-month grace period goes into effect on March 19, with 10-digit dialing becoming mandatory on Sept. 17, 2016. Most of Hamilton County uses the 317 area code, except for the far northern and eastern parts of the county, including the town of Atlanta. Those areas use area code 765. A map of the 317 area code appears in the graphic to the right. The 317 area code is one of two original codes that were introduced to Indiana in 1947. Originally, 317 served the northern two-thirds of the state, with 812 serving the southern third. In 1948, the 219 area code was introduced to serve the northern third of Indiana. Unlike other states, Indiana has seen very few area code changes. In 1997, the 765 area code came into use for most of Central Indiana, with the greater Indianapolis area retaining 317. Then in 2002, area code 219 split into three codes, with 219 staying in the northwestern part of the state, 574 being used in the north central part, and 260 coming into use for northeastern Indiana. Earlier this year, the 812 area code became overlaid with a new code, 930. That area code started being assigned phone numbers on March 7, with 10-digit dialing becoming mandatory on Feb. 7. Overlays have become more popular as of late, allowing phone callers to keep their same area codes.

Millers host No. 1, No. 3 Chatard

# Looking for non-loop win

By DON JELLISON  
Reporter Editor

Two of Noblesville's three victories in five football games this season have come when the Millers stepped out of the Hoosier Crossroads Conference. The Millers defeated Lawrence North and Hamilton Heights.

Noblesville's third and final game of the non-conference season comes Friday at Hare Chevrolet Field. This game could be the toughest of the three.

The Chatard Trojans will be in town.

In Class 3A football, Chatard is ranked No. 1 by the coaches and No 3 by the Association Press.

Chatard's only loss in five games was a 42-14 decision by powerhouse Cathedral. The Trojans have defeated Brebeuf 27-17, Lawrence Central 17-10, Roncalli 31-8 and Ritter 48-19.

Noblesville, along with the wins over Lawrence North and Hamilton Heights, has defeated Zionsville in a 23-21 come-from-behind thriller last week, and the Millers have lost to Fishers and Westfield.

"We found a way to make stops on defense when the game was on the line, which enabled us to win," Noblesville coach Lance Scheib talked about the Millers' victory last Friday over Zionsville. "We forced Zionsville to punt on 5 of its last 6 possessions, which is a big step in the right direction for our defense and our team."

"We were able to run the ball more effectively, which allowed us to have a better balance with our offense, which helped us win the game," Scheib added.

Noblesville played Chatard last year. The Millers put up a battle before losing 24-14.

"We will need to build on last week's defensive effort to win on Friday," Scheib continued. "Our offense needs to be able to establish the run this week to enable our offense to maximize our possessions."

Noblesville's offense with the passing game has been led by quarterback Luke Melloh and receivers Jackson Thurman, Jarel Youree and JD Scheib. Melloh has hit 65-of-119 passes for 622 yards. Thurman has 19 catches for 243 yards, Youree 16 for 188 and Scheib 13 for 140.

On the ground, Melloh and Youree each have carried 79 times. Youree has 561 yards and Melloh 268.

"Justin Ogle continues to play well for us on defense along with Harris Camp," Scheib said. "I am really happy with how they continue to compete and play well every week."

"Chandler Hurst did a great job last week filling in at times for a sick Jarel Youree. And," Scheib said, "I really liked

Kent Graham/File photo

Noblesville's Jarel Youree has carried the football 79 times for 561 yards so far this season. The Millers host Bishop Chatard Friday night at Hare Chevrolet Field.

the way Jackson Thurman is gaining confidence each and every game. Hurst and Travis Gillian compete so hard. Youree is a warrior out there

"Blocking two field goals last week was a big lift for our team," said Scheib. "Josh Garcia blocked the first kick and Grant Bullard blocked the second."

"We played without three defensive starters. We had only two seniors on the defense," Scheib added.

"Our kicker, Andrew Little, has come a long way and worked so hard," said Scheib. "Max Atkins, our snapper, did a great job."

After big loss to West Lafayette...

# Huskies will hit the (long) road

By DON JELLISON  
Reporter Editor

The Hamilton Heights football team this Friday will be out to prove it is better than the team which lost to West Lafayette 38-7 last week, and the Huskies will travel a few miles to get their point across.

Heights, for the first time ever, will play at Culver Academy

“We did not play our best game of football against West Lafayette this past Friday,” said Heights coach Mitch Street. “Against the top teams on our schedule, we cannot afford to shoot ourselves in the foot and not execute at a high level. Unfortunately, we did not do that last Friday.”

The loss dropped the Huskies to 3-2 on the year. Although both Heights and West Lafayette play in the Hoosier Conference, they play in different divisions. Therefore, Heights still lead its division with a 2-0 record.

The Culver Academy game this Friday is not a conference game. It is one of three non-conference games on the Huskies’ schedule. In the other two, Heights defeated Mt. Vernon and lost to Noblesville.

Culver Academy, like Hamilton Heights, is a 3A team. The Eagles are 3-2 on the year.

Victories have been over Tippecanoe Valley 27-19, Indianapolis Marshall 58-0 and Western 29-11. The Eagles have lost to Berrien Springs, Michigan 13-6 and to Brebeuf 14-7.

“Culver Academy,” Street continued, “is a team which is disciplined, fast and well-coached.

“We must have a focused trip up there and get off the bus ready to play at a high level,” the coach added.

Street hasn’t commented on his quarterback situation. Senior Ethan Jones has been sidelined with an injury the past two weeks and replaced by junior Josh Feltz.

Jones had passed for 359 yards before going down with the injury, hitting on 23-of-44 attempts. Feltz has connected on 33-of-69 for 405 yards.

Street’s top two receivers are Jesse Brown with 19 catches for 182 yards and Riley White with 16 catches for 157 yards.

Leading the Heights ground game is junior Clayton Cowan with 103 carries for 569 yards.

Culver Academy, which does not play in a conference, is averaging 25.4 points a game and giving up an average of 11.4. Heights is scoring at a 17.6 clip and allowing 28.8 points a game.

Most of Heights’ points were allowed to Noblesville and West Lafayette. In Heights’ three victories over Mt. Vernon, Lewis Cass and Tipton the Huskies allowed a total of only 21 points.

Hamilton Heights and Culver Academy haven’t faced any common opponents. The Western team Culver defeated two weeks ago is a member of the Hoosier Conference and will play Hamilton Heights on Oct. 9.

Reporter photo by Brian Reddick

Josh Feltz is the probable starter at the quarterback position for the Hamilton Heights football team when it plays at Culver Academy this Friday.

It's Homecoming for Carmel....

# NC comes in winless

By DON JELLISON  
Reporter Editor  
Folks in the Metropolitan Conference will tell you there isn't an "off week" in the MIC. Maybe so, but you have to think Carmel will take its chances this Friday. For starters, it is Homecoming Week. In Carmel's last 26 homecomings, the Greyhounds have won 23. They've haven't lost a homecoming game since 2003.

Burks

North Central will be at Greyhound Stadium. Carmel leads the series with North Central only 33-28, but the Greyhounds have defeated the Panthers nine straight times.

And, oh yes, North Central has lost 16 straight games, including going 0-5 so far this season. Carmel is 3-2 overall. The Greyhounds are 2-1 in the MIC, having lost to Center Grove and the last two weeks beating Pike and Lawrence North. Center Grove leads the conference with a 4-0 record, followed by Warren Central at 3-1, Carmel 2-1 and Lawrence Central 2-1.

Haywood

Getting back to that "off week" thing, after playing North Central this Friday Carmel will close the regular season with a road game at Ben Davis, a home game with Warren Central and a road game at Lawrence Central.

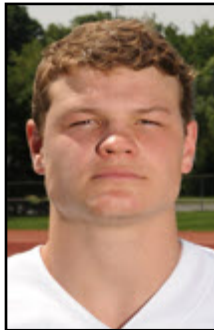

### Carmel Probable Lineups

Offense	Defense
QB, Michael Viktrup, Sr., 205	DL, Britt Beery, Jr., 237
TB, Tobias Watkins Sr., 178	N, Sam Hipple, Sr., 217
HB, Tonny Vittrito, Sr., 215	DL, Rodney Haywood, Sr. 233
WR, Ethan Merriweather, Jr., 175	OLB, Noah Burks, Sr., 230
WR, Jalen Walker, Jr., 170	OLB, Justus Schumann, Sr., 195
WR, Marcus Perkins Sr., 160	ILB, Jack Van Remortel, So., 213
LT, Jack Lorson, Sr., 220	ILB, Cameron Hunt, Sr., 212
LG, Justin Williams, Jr., 280	CB, Nick Mazza, Sr., 183
C, Chase Krauter, Sr., 300	CB, Nathan Ebikwo, Sr., 180

rence North last week," said Carmel coach John Hebert "Our defense executed well in limiting their explosive plays," Hebert said. "I believe we only allowed two plays that were over 10 yards. We also held LN to four yards or less on first down 70 percent of the

time. Two interceptions also were really important for us. Both of those were in our end zone. "Justus Schumann, Nick Fox, Noah Burks, Rodney Haywood, Justin Fleck and Britt Beery were all outstanding on defense."

Hebert also liked Carmel's offense. "On offense," said the coach, "we executed very well. Mike Viktrup was 16-of-16 passing in the first half for over 200 yards. Stephen Watts rushed for 96 yards on 10 carries. Jalen Walker had two TD catches. Kurt Rafdal had a TD catch. Our offensive line had another great game, as well."

Fox

Schumann

For the season, Viktrup is 55-of-86 for 633 yards, seven touchdowns and only two interceptions. Walker has caught 20 passes for 266 yards and Merriweather 12 for 147. On the ground, Watkins has carried 102 times for 516 yards; Viktrup 34 times for 299 yards and Watts 34 times for 200 yards. North Central has lost to Fishers 28-0, Southeastern 41-14, Warren Central 60-7, Lawrence North 34-21 and Center Grove 38-7. "We feel like this game with North Central is very important for us," Hebert continued. "We've tried to prepare well each day this week and limit some of the mistakes we have been making. North Central has a lot of talented players who can make big plays, so, understanding our game plan is going to be key."

Volleyball...

# Carmel beats NHS, Royals get 20th win

An all-county volleyball showdown went to Carmel on Wednesday, as the Greyhounds beat Noblesville 25-20, 25-20, 25-15.

Kaye Lesure had another big night for Carmel, which improved to 12-10 on the year. Lesure had 12 kills with a hitting percentage of .800.

Ashley Birkhimer had nine kills for the Millers, with Josie Sanders hitting eight. Allie Phillips handed out 27 assists.

Stephanie Meysembourg made 18 digs.

Carmel also won the junior varsity match 22-25, 25-20, 15-10 and the freshman match 25-11, 25-18.

**Hamilton Southeastern**, the No. 3 team in Class 4A, won in straight sets against Lawrence North Wednesday, 25-18, 25-14, 25-22.

Caitlin Kane had a strong night with 10 kills and three aces. Hayden Huybers had 10 kills in the middle and Meredith Phillips had nine kills on the outside. The varsity improves to 20-2 on the season and face a tough Zionsville Thursday night.

The Junior varsity Royals bested Lawrence North 25-15, 25-14.

"It was a big night for the freshman Taylor Shelton and Julia Patras lit up the left side and Taila Trabue was devastating in the middle," said HSE coach Jason Young. Shelton also opened the second set with an 8-0 serving run and junior Dorothy Schmok crushed a ball on the right side. The JV is now 12-3.

Southeastern's freshman team remains undefeated, beating LN 25-8, 25-14.

"Multiple kills by Courtney Baker, Meric Haase, and Haley Bodayla kept the

momentum going," said Young. "Brooke Kubacki had line-drive serves that forced errors."

**Hamilton Heights** was a straight-set winner Wednesday over Lapel, 25-20, 25-21, 25-19.

Ashlyn Bedwell served five aces and dished out 12 assists.

Sydney Griffey, Ana Collar, and Tori Hayden each added four kills. Sarah Sipe had 11 kills and 16 digs.

The Huskies' junior varsity team was a 25-19, 25-20 winner, improving to 15-2 for the season.

**Westfield** also got a Wednesday straight-set victory on Wednesday, beating Muncie Burris 25-22, 25-22, 25-13.

Liene Miller led the team with eight kills and two blocks. Kari Losch had 18 digs and Caroline Sinicki had 30 assists.

The Shamrocks' junior varsity team won its match 25-14, 25-9.

Brian Reddick/File photo

Noblesville's Ashley Birkhimer had nine kills for the Millers in their volleyball match with Carmel on Wednesday.

Fishers boys soccer ties with Avon

The Fishers boys soccer team played to a 3-3 tie at Avon in a Tuesday Hoosier Crossroads Conference game.

In an exciting game, the Tigers went into halftime up 1-0 following Justin Brooks' opening goal. In the second half, the Tigers found two more goals through a 25-yard blast from Allan Nolasco and a quality finish from Max Zimmerman. The Tigers gave up a penalty kick goal, and two more goals from the Orioles tied the game.

Andrew Loneragan played an outstanding game in goal, making 13 saves. Avon and Fishers remain tied for first in the HCC with one game left to be played for each.

Brian Reddick/File photo

Noblesville's Delaney Riester (right) scored a goal for the Millers in their girls soccer win over Marion on Wednesday. Also pictured is Fishers' Stacey George.

Girls soccer...

Millers beat Marion, HSE ties Eagles

The Noblesville girls soccer team beat Marion 3-1 in a Wednesday away game.

Madison Parrish, Delaney Riester and Taylor Crowe each scored one goal for the Class 2A No. 4 Millers, who improved to 9-1-5 on the season.

Noblesville now has one game remaining, and it's a big one: Hamilton Southeastern, which is tied with the Millers for the No. 4 ranking in 2A. The Hoosier Crossroads Conference game is next Wednesday at the Royals' field. Noblesville is 4-0-1 in the conference.

Hamilton Southeastern played to a 0-0 tie with Zionsville, the No. 11 team in 2A, on Wednesday.

"The ball movement and quick touches really had Zionsville turning in circles...but we could just not put away any of our nine shots on goal," said HSE coach Greg Davidson. "Our defense was again stellar in the first half only giving up two shots on goal."

Davidson admitted that his team "got a bit too antsy" about not scoring in the second half, and allowed the Eagles to counter. However, some big goalkeeper saves for HSE kept Zionsville from scoring. Davidson said the Player of the Game was Jayla French.

Southeastern is 3-0-2 in the Hoosier Crossroads Conference as it hosts Noblesville next Wednesday. Before that, the Royals play at Marion on Monday.

Fishers lost an HCC game on Wednesday, falling to 2A No. 8 Avon 3-2.

Maddie Essick and Chloe Ulmer scored goals for the 2A No. 6 Tigers.

YOU KNOW YOU LOVE TEACHING...

Earn extra money with a flexible schedule by substitute teaching at Noblesville Schools

There are lots of opportunities at all of our schools, from day-to-day assignments to long-term placements with the same classroom. Long-term substitutes with a teaching license even have the opportunity to be paid at a daily teaching rate.

A valid teaching license or substitute teaching permit is required. A minimum of 30 college credits is required for a substitute permit and it can be obtained online from the Indiana Department of Education in about a week.

Complete your application at noblesvilleschools.org

Boys tennis...

GC sweeps Eagles, Westfield beats Kokomo

The Guerin Catholic boys tennis team, ranked No. 5 in the state, was a 5-0 winner over No. 25 Zionsville in a Wednesday dual meet.

The Golden Eagles won all five matches in straight sets, including a 6-0, 6-0 victory from Jake Bratton at No. 2 singles.

This was the finale for GC's regular season; the Golden Eagles finished with a 10-3 record. Guerin will play next week at the Carmel sectional.

**Westfield**, the No. 19-ranked team, beat Kokomo 5-2 on Wednesday.

The dual meet featured four singles matches and three doubles matches, more than the usual three singles and two doubles. The Shamrocks swept all four singles matches, and Michael Wiseley and Trevor Humphrey got a victory at No. 3 doubles.

**Guerin Catholic 5, Zionsville 0**  
No. 1 singles: Wyatt Metzger def. Barrett 6-0, 6-2  
No. 2 singles: Jake Bratton def. Metzger 6-0, 6-0

No. 3 singles: Michael Wade def. Brow 6-0, 6-2  
No. 1 doubles: Michael Kenney and A J Hacker def. Axelson and Lin 7-5, 6-4  
No. 2 doubles: Drew Cobb and Ben Catton def. Cunningham and Hubregtse 6-2, 6-0

**Westfield 5, Kokomo 2**  
No. 1 singles: Parker Kalis def. Emerick 6-0, 6-3  
No. 2 singles: Evan Parshall def. Hemerich 6-1, 7-6 (3)  
No. 3 singles: Charlie Warner def. Patterson 6-1, 4-6, 6-1  
No. 4 singles: Matthew Smith def. Tran 6-0, 6-1  
No. 1 doubles: Joe Day and Carson Maris lost to Farkas and Hawk 6-0, 6-1  
No. 2 doubles: Cameron Hoffmann and Parker Phillips lost to Tracy and Sanburn 4-6, 7-6 (5), 6-4  
No. 3 doubles: Michael Wiseley and Trevor Humphrey def. Hanson and Carroll 5-7, 7-5, 10-8.

Noblesville Track Club hosts...

Elementary School Cross Country meet on Sept. 30

The Noblesville Track club is hosting an Elementary School Cross Country meet at 6 p.m. Wednesday, Sept. 30 at White River Elementary School.

There will be three races. Pre-school, kindergarten students and first graders will run a half-mile race, followed by separate "Miller Mile" races - one for second and third-graders, and another for fourth and fifth-graders. Boys and girls compete in the same races. Ribbons will be awarded to all finishers, separated by boys and girls.

There is no cost or registration - simply show up to run. However, the race is limited to students in Noblesville Schools. A donation of \$1 per entry will help defray the costs of ribbons.

The course is open to the public, unless a high school or middle school meet is in process. Maps will be available before the meet. All athletes may walk the course for orientation before the race. Course tours will be led by the Noblesville Boys & Girls Cross Country Teams at 5:30 p.m. Runners are not required to

walk the course. The course is a one-half mile loop for the Pre-school, kindergarten and first grade. All other racers will complete the loop two times for the distinction of completing the Miller Mile and becoming a member of a select group: Miller Mile Club members.

The first race will begin at 6 p.m. We will race if raining or snowing. We will not race in a thunderstorm. There is not a make-up date. When one race is over the next will begin. All races should be completed by 6:45 p.m.

Parking is limited. Be prepared to walk from the Noblesville High School main campus or soccer fields. Allow an extra 10 minutes for the walk to the course. Parents, think of this as a healthy walking experience. We will have student police cadets working the parking lots and grassy areas.

Questions may be answered by contacting Noblesville CC Coach Kent Graham at kent\_graham@nobl.k12.in.us or, go to: GoMillers.org>fall sports>boys cross country.

Bevy of new items added to eBay auction benefiting Wilson Fund

A wealth of racing and other memorabilia has been added to the eBay online auction benefiting the Wilson Children's Fund. Items now available for bid include donations from Formula One, NASCAR, sports car and Global Rallycross drivers and teams, the USA Soccer men's national team, National Football League players and the entertainment world, as well as additional items submitted by Verizon IndyCar Series drivers and teams.

To view the current list of items for bid, click [HERE](#).

All proceeds from the auction go to the fund for the family of Verizon IndyCar Series driver Justin Wilson, who died Aug. 24 after suffering a head injury in a race the day before. The first group of auction items consisted of signed racing helmets donated by 19 Verizon IndyCar Series drivers and racing legend Mario Andretti. The helmet worn by 2015 series champion Scott Dixon went for more than \$18,000 when its auction concluded Sept. 22. The remaining helmets are available for bidding through approximately 9 p.m. ET Sept. 24.

The new group of auction items, 78 items in all, is available for bidding through the evening of Sept. 28. Among the highlight items, by category, are:

WILSON

From Page 1

• Verizon IndyCar Series: the racing helmet used by Stefan Wilson when he drove as a teammate to brother Justin at Baltimore in 2013; helmets worn by Will Power, Pippa Mann, Tristan Vautier, Sarah Fisher, Stefano Coletti and Carlos Huertas; a Marco Andretti race-worn firesuit; one-of-a-kind, signed San Francisco Giants baseball jerseys with the last names and car numbers of 2015 championship contenders Scott Dixon, Juan Pablo Montoya, Graham Rahal, Helio Castroneves and Josef Newgarden embroidered on the back; and a Giants baseball jersey with "Wilson" and "25" on the back to represent Justin's car number, signed by all the drivers who competed in the season-ending GoPro Grand Prix of Sonoma;

• Formula One: Fernando Alonso's race-worn firesuit, shoes and gloves from the 2015 Austrian Grand Prix, Jenson Button's race-worn helmet and Daniel Ricciardo's race-worn firesuit;

• NASCAR: autographed firesuits, hats, gloves, visors and more from the likes of Jeff Gordon, Dale Earnhardt Jr., Jimmie Johnson, Brad Keselowski, Michael Waltrip and many others;

• Sports cars: the firesuit worn by race winner Jordan Taylor at this year's 24 Hours of Le Mans;

• USA Soccer: jerseys signed by recently retired Landon Donovan, goalkeeper Brad Guzan and one signed by the entire men's national team;

• NFL: footballs signed by Hall of Famer Walter Payton and Kansas City Chiefs quarterback Alex Smith, and a jersey signed by Dallas Cowboys tight end Jason Witten;

• Entertainment: a Roger Daltrey-autographed microphone used at The Who's concert this year at the Glastonbury Festival; a framed 1982 Hall & Oates "Private Eyes" Australian gold record, signed by John Oates; and a 14-by-11 "Butch Cassidy and the Sundance Kid" movie reprint photo signed by the late Paul Newman.

Fans can sell their own Wilson-related items on eBay and designate the Graham Rahal Foundation as their chosen charity, with proceeds also donated to the Wilson Children's Fund. Additionally, a limited edition reproduction of 50 signed and numbered prints of noted artist Bill Patterson's original work depicting Wilson's final Indy car victory at Texas Motor Speedway in 2012 - painted live Aug. 31 at the Verizon IndyCar Series Championship Celebration - are available at Patterson's [WEBSITE](#), with \$100 of each print sold contributed to the fund. Tribute T-shirts and other Wilson memorabilia are available at the Indianapolis Motor Speedway [ONLINE STORE](#), with proceeds also directed to the fund.

Contributions can be made directly to the fund [HERE](#) or by mail to: Wilson Children's Fund, c/o Forum Credit Union, PO Box 50738, Indianapolis, IN 46250-0738.

The Indianapolis Motor Speedway will host "Celebrating the Life of Justin Wilson," to honor Wilson's memory, from 4-6 p.m. ET Sept. 29. The event is open only to members of the racing community and invited media, but fans can watch via live streaming on IndyCar.com.

"We've had a great response for the first batch of items," said Rahal, who has spearheaded the auction effort through eBay, Auction Cause and the Graham Rahal Foundation. "The helmets all went through the roof and we had a great bunch of new items go up Monday night. ... There's a lot of ball caps and items from The Who, UFC, footballs, hockey stuff. People need to take another look and see what they can find.

"It's going good. I'm proud of the effort that everybody has put in and can't thank everyone enough for getting us this far down the road."

## Riverview Health Fair

**Saturday, October 3**  
**8 am-noon**  
**Main Campus**  
**395 Westfield Rd., Noblesville**

Join us for a morning filled with health screenings, educational sessions and other wellness tips at the Riverview Health Fair. Here, you'll find information on a wide range of topics including nutrition, foot health, cardiac services, rehabilitation and fitness, and sleep-related issues. **For more information, visit [riverview.org/](#) classes or call 317.776.7999.**

### Free Screenings/Services

- » Pap smears
- » Women's Health pre-screenings (with priority follow-up appointment)
- » Sleep Apnea screening
- » Blood Pressure screening
- » Ankle-Brachial Index (ABI) test

### Additional Screenings/Services
