*Terror attacks in Nice delay announcement...*

# Pence reportedly will be Trump’s VP pick

It appears that a Hoosier will be a vice-presidential nominee for the first time in 28 years, and his ascendancy to the national ticket means an abdication from the governor's office.

Multiple news sources have said that Indiana Governor Mike Pence will run as the vice-presidential candidate to Donald Trump, the presumptive Republican nominee. An official announcement was to be made this morning at 11 a.m. in New York City, but Trump postponed the announcement after Thursday's terrorist attack in Nice, France.

Pence has been a source of speculation as a possible VP pick for the past few weeks, and the buzz increased exponentially after he introduced Trump at his rally in Westfield

Tuesday night. Pence has been a mainstay in the Indiana political world since the turn of the century, having served as a Congressman from 2001-2013, then being elected Governor in 2012. He began his term as Governor on Jan. 14, 2013, and had been in the process of running for re-election. If Pence is indeed named as Trump's VP candidate, he must withdraw from the Governor's race due to Indiana law - and he must do so by noon today.

Trump has not given any hints as to his nominee will be. Other names that had been speculated were New Jersey Governor Chris Christie, and former Speaker of the House Newt Gingrich.

See Pence...Page 2

### Pence would be 8th Hoosier nominee

By FRED SWIFT

Assuming Gov. Mike Pence is nominated for vice president, he will be the eighth Hoosier to run for the nation's second highest office. Only New York has had more vice presidents and VP nominees.

In the period between the Civil War and World War I Indiana was considered an important swing state and both political parties felt it helpful to have an Indiana candidate on the ticket.

Five Hoosiers were successful in being elected to the vice presidency. They include Dan Quayle, Republican

## Carmel Police looking for robbery suspect

The Carmel Police Department is searching for a robbery suspect.

On Tuesday, July 5 and Wednesday, July 6, the suspect pictured below entered the locker room at the L.A. Fitness at 10574 Workout Way (near the intersection of 106th Street and US 421) and stole keys to the victims’ vehicles. He then entered their vehicles and stole electronics and wallets. He later used the victims’ credit cards at a nearby Wal-Mart.

The suspect is described as white male with short, dark hair and a chin strap beard. He was operating a dark colored, four-door sedan during the time of the incidents.

The Carmel Police would like your assistance identifying the suspect in the surveillance photos. If anyone has information on this suspect, please contact the Carmel Police Department Investigations Division at [317-571-2511](tel:317-571-2511) or Crime Stoppers of Central Indiana at [317-262-8477](tel:317-262-8477) (TIPS).

# VA visits Noblesville

Reporter photo by Richie Hall

Harrison Painter of Noblesville talks with Lisa Sissom, chief of the VA Health Benefits Unit, as he gets enrolled in VA health coverage during a Town Hall that took place Thursday evening at Noblesville City Hall. VA Director J. Brian Hancock spoke at the Town Hall, and said the organization is trying to drum up support for a VA clinic in Noblesville.

# Central Indiana Orthopedics proposes MedTech campus in northeast Fishers

Central Indiana Orthopedics announced a proposal for a MedTech Park that would include a medical campus located on 37 acres east of St. Vincent’s Hospital in Fishers. The first development on the proposed campus would be a 50,000 sq. ft. medical-office facility, home to Central Indiana Orthopedics, on the southwest portion of the parcel. The proposal will be considered at the Fishers City Council meeting on Monday.

“Central Indiana Orthopedics is already a great partner in the Fishers community and the decision to further invest in Fishers is very exciting,” said Mayor Scott Fadness. “As an advanced leader in the field of orthopedics and sports medicine, the company embodies the innovation-driven vision that has become synonymous with Fishers.”

Currently, Central Indiana Orthopedics’ Fishers-based operations are located in St. Vincent’s Hospital. The new, state-of-the-art facility will expand the company’s footprint in Hamilton County and include, among other services, a clinic, surgery center, imaging and physical therapy. The building will house Central Indiana Ortho-

Artistic renderings provided

Central Indiana Orthopedics announced a proposal for a MedTech Park that would include a medical campus located on 37 acres east of St. Vincent's Hospital in Fishers. The building rendering is pictured above, with the conceptual rendering for MedTech Park pictured below.

# ORTHOPEDIC

From Page 1

pedics' current Fishers employees and up to 25 new hires. In addition, employees from various service providers that partner with Central Indiana Orthopedics will be located at the facility.

"Fishers is a growing, thriving community and we see so much potential here," said Dr. Nimu Surtani, President of Central Indiana Orthopedics. "The new medical center and MedTech Park will allow our doctors and staff to continue offering advanced training and specialized care to our patients, and encourage additional investment in the area. The MedTech Park vision is to attract a critical mass of innovative medical service providers and ultimately be a regional destination for those in need of expert care."

Central Indiana Orthopedics' building is the first development in the proposed MedTech Park, and will establish market expectation for future development in the area. The company will purchase 37 acres of shovel-ready land on 136th Street, south of I-69 to develop the technology-focused medical campus. Conceptually, the park will boast additional medical office devel-

opments and amenities to attract young, bright talent to the community, including infrastructure improvements, active greenspace and trail connectivity. In total, Central Indiana Orthopedics' plans to invest \$13 million in the proposed MedTech Park and new building.

"The fact that Central Indiana Orthopedics isn't just building a home for their business, but also investing in the broader vision for an emerging medical services and technology corridor is a true testament to the commitment to the Fishers community," said Mayor Fadness. "This development will not only benefit our local economy, but the residents of Hamilton County will have access to state-of-the-art medical care."

The City Council will consider an agreement that includes issuing a developer-backed economic development bond of approximately \$6.9 million to offset a portion of the future infrastructure improvements to the 37 acre site. In addition, the proposed agreement includes the waiver of development fees.

# PENCE

From Page 1

Trump announced he would delay the vice-presidential nominee announcement Thursday evening due to the terrible terrorist attack in France.

The French were celebrating Bastille Day, their national holiday, and a crowd had gathered at the Promenade des Anglais, a well-known beach road that overlooks the Mediterranean Sea, to watch fireworks. The attack began when a man drove a 19-ton truck over a mile into the crowd while firing a gun.

Police eventually shot the man and killed him, but not before he had killed 84 people and injured 18 others. In a report by Agence France Presse, the French national news service, French President Franoise Hollande said the attack was of a "undeniable terrorist nature."

France has now endured three attacks over the past 18 months. On Jan. 17, 2015, 17 people were killed in a series of coordinated shootings in the  le-de-France region, including Paris. On Nov. 13, another coordinated set of attacks claimed 130 lives in Paris.

# NOMINEE

From Page 1

in 1988; Thomas Marshall, Democrat in 1912; Charles Warren Fairbanks, Republican in 1904; Thomas Hendricks, Democrat in 1884, and Schuyler Colfax, Republican in 1868.

Hoosiers who were unsuccessful VP candidates were William H. English, Democrat in 1880 and John W. Kern, Democrat in 1908.

## New officer at DemandJump...

# Oak Street Funding moves to Keystone Crossing

A Carmel-based business has moved to new headquarters. Oak Street Funding announced that on Monday, it had completed its relocation from Carmel to its new offices at 8888 Keystone Crossing, less than a mile away from the county line. Oak Street said in a press release on its website that it made the move to "accommodate recent and projected future growth."

### NEW CRO FOR DEMANDJUMP

Carmel-based DemandJump, an artificial intelligence marketing company, announced on Thursday that Julie Lyle has been named the company's new chief revenue officer and chief marketing officer.

A post on the company's blog said that Lyle "brings more than 20 years of executive and board-level experience to the table," including experience as chief marketing officer of Walmart and Prudential Company Asia, as well as chief revenue officer at Raytheon.

## SteadyServ Technologies announces move to Fishers' Nickel Plate District

The beer people with a thing for technology have announced plans to move and grow in Fishers' downtown business district. SteadyServ Technologies intends on leasing the upper floor space in the new Spur Building, home of Four Day Ray Brewing and Restaurant, located at the corner of Lantern Road and North Street in the Nickel Plate District.

"Our entrepreneurial ecosystem is designed so that companies like SteadyServ can grow in our community without the barriers that can hinder high-impact, high-growth tech firms during the scale-up phase," said Mayor Scott Fadness. "We are excited to welcome SteadyServ and their technology to the Nickel Plate District, and look forward to this partnership."

SteadyServ Technologies offers a real-time draft beer inventory intelligence system that generates key insights to help businesses sell every last drop of beer. Currently, the company serves retail customers in over 20 states and four countries, and has more than doubled its customer base in the last six months. Customers include large sporting and entertainment venues such as AT&T Stadium in Dallas, Texas to retailers such as Applebee's, Mellow Mushroom and Tilted Kilt across the United States. Today, the company currently employs over 45 people with growth projections to include more than 100 employees by 2018.

"This is an exciting time for SteadyServ. Our technology is revolutionizing the way the hospitality industry manages their beer inventory," said Steve Hershberger, SteadyServ's Chief Executive Officer. Hershberger added, "In the U.S., draft beer is a \$23 billion-dollar industry that is based on guesswork. We provide data to aid in the decision making process and to eliminate the guesswork that is so pervasive. To put the opportunity for us in perspective, draft beer in the United States is three times larger than Major League Baseball." Hershberger added, "As our company moves forward, it became clear that our vision and culture aligned perfectly with the City of Fishers, as well as the other technology firms that are gravitating to this area. The vision Mayor Fadness has articulated for this district made it an easy decision for SteadyServ. This is a great place for us to grow."

SteadyServ Technologies will sign a four-year lease for 8,613 square feet of office space on the top floor of the Spur Building. Four Day Ray Brewery and Restaurant, occupying the first floor and mezzanine levels of the building will have a close working relationship with SteadyServ and allow SteadyServ an active 'lab' to quickly deploy new innovative improvements that engage patrons and improve operational efficiencies that translate into more beer sold and happier customers.

The building, announced last year, is expected to be complete in late August.

## Verizon opens first Central Indiana Smart Store in Westfield-Carmel

Verizon Wireless is opening its first Smart Store in Central Indiana in the Westfield-Carmel area at 9 a.m. today. The store is located at 1950 E. Greyhound Pass, in Village Park.

Verizon has invited a student ambassador to talk about her experience with the NO MORE Club and DVN's healthy relationship initiatives. DVN serves 18 Central Indiana high schools with a goal of reaching more than 4,000 students in the 2016-2017 school year and expanding into Hamilton County. HopeLine from Verizon supports nonprofit programs focused on ending domestic violence and sexual assault.

## DAILY BIBLE VERSE

And it came to pass, when Jesus had ended these sayings, the people were astonished at his doctrine: For he taught them as one having authority, and not as the scribes.

- Matthew 7:28-29

## 50 Years Ago

**News:** The Carmel Clay Kiwanis Club will meet July 25 at the Island Restaurant, according to Frank Sourbier, publicity director. Speaking to club members will be Jeff Newberg and Jack Wodock, Carmel students chosen to attend the Christian Athletic Camp at Lake Geneva, Wisc. The camp is sponsored by the Kiwanis international organization.

**Sports:** First round action in the championship bracket of the Noblesville Men's Golf Tournament has produced the elimination of three former meet champions and one of the three men who tied for medalist honors in the qualification play this year.

# Summer has Gone to the Dogs

By MARY SUE ROWLAND

In a short 10,000 years from now, the “Dog Days of Summer” will appear in the winter due to the shifts in the Earth’s rotation. Now, that is news. The “Dog Days of Summer” is a known phase that goes together with the “Hazy Lazy Days of Summer” or does it? The Dog Days is used to advertise about everything in our multi-media world. But what does it really mean and where did it come from? The history is long and complicated dating back to the Ancient Greeks and Romans who noticed that summers greatest heat occurred during a 40 day period in the summer. It all gets more complicated from there. The hottest part of summer is thought to happen during the period of Sirius, the Dog Star that rises with the sun from July 3 – Aug. 11. In the beginning, the phase had nothing to do with dogs or summer. It all refers to the Dog Star and its position in the heavens by those ancient Greeks.

The Dog Star has been associated with war and disasters. About 500 years ago, through translations it all took on a new meaning. The original meaning has been lost but the phrase lives on. The dog days of ancient Greece are not the dog days of today. Sirius will be rising with the sun in the mid-winter around 13,000 years from now. The “Dog Days of Summer” will become the “Dog Days of Winter” and the advertisements will change from selling hot and sunny items to winter sweaters. Dog Days have reference in writings, films, music and commerce. Even into the 19<sup>th</sup> century, Dog Days were often called a time of evil when many things just could not be explained. Today, Dog Days is typically when the stock market and commerce declines as well. Sirius, as it turns out, has nothing to do with summer heat and nothing to do with the weather or commerce. It may be that when it is very hot productivity does decline. It may be that summer is a time to enjoy the hot summer sun because the days are short and winter is soon to follow. Who knows about the rest of the story and the connection to Dog Days and those things that just cannot be explained.

## Free child car seat installation/inspection on July 22 at Hamilton County 4H Fair

According to the National Highway Traffic Safety Administration (NHTSA), a child under the age of 13 is involved in a crash every 34 seconds in the United States. Correct car seat usage reduces the risk for death to infants by 71 percent and for toddlers by 54 percent. However, most child seats are not installed properly. One study by NHTSA shows that 72 percent of car seats are not used correctly.

With summer travel season in full swing, the Hamilton County Sheriff’s Office has decided to host a car seat clinic on Friday, July 22 at the 4-H Fair. The clinic is a free event for the community, but an appointment is recommended; otherwise, it will be on a first come, first serve basis. The clinic will take place from 10:00 a.m.-2:00 p.m. in front of the law enforcement tent.

- Our technicians will educate parents on the following:
- Selection—is the car seat right for the child’s height, weight, and development? Does it fit in the car? Is it easy to use correctly each and every time it is installed?
  - Direction—should the child be forward or rear facing?
  - Location—is it seat in the correct location in the car?
  - Installation—is the seat secured correctly?
  - Harnessing—is the child strapped in the seat securely?

Summer football....

# Royals coming off super year

By DON JELLISON  
Reporter Editor  
“Where did the summer go?”  
That’s a question asked by Hamilton Southeastern football coach Scott May. And, other Hamilton County coaches as summer football is about to end and fall football is about to begin.

“In June we had great workouts,” said May. “We went to Center Grove 7-on-7 and went 3-1 in pool play. We went to a 1-day camp at Saint Francis with Homestead, Snider, Ft. Wayne Carroll and East Noble and saw some good things that day.”

Southeastern is coming off a terrific season, going 8-2 overall and winning the Hoosier Crossroads Conference

with a 6-0 record.

Returning are eight offensive starters and six defensive starters.

“Our defense upfront has Madison Norris, Will Hedrick and Max Burris. We look fast to the ball,” May continued.

“Returning defensive guys also have looked good, Johnny May, Alec Jessop and Logan Holland at backers.

“New face Hayden Lynch had a good day at Saint Francis. We have three defensive backs and playing well with Brock Burns, Austin Holzum and Trey Poore. Fighting for a fourth spot are Will Darlington, Isaiah Phillips and Eric Dailey.

“Our offense is solid up front, too, with Myren, Rutan, Garvin and Dechow.

“I am happy with Adam Mullett at quarterback. Jackson Sweeney is stepping up at running back. Matt Klink is looking great at tight end. Wide receivers stepping up are Michaelis, Lohman, Quелlette and Russell.”

The summer season is nearing an end.

“As always we are looking to build depth next week with our team camp for four days and we will end with Lawrence North coming to our place to get some work in together.

“Overall, we are healthy going into the fall season and that will be a key to winning year,” May added.

“I am ready to get the season going and finding what this group can do,” he said.

The Hamilton Southeastern football team had plenty to cheer about last season, with an 8-2 record and an undefeated championship in the Hoosier Crossroads Conference. The Royals have had a successful summer, including a 3-1 pool play record at the Center Grove 7-on-7.

## The Sheridan Eye Center has officially changed its name!

### We are now called...

# Norman & Miller Eyecare

Dr. Miller and his staff are very excited about this new change!

Call or click today to schedule an appointment with Dr. Miller!  
We look forward to seeing you soon!

Summer basketball...

Strong junior class returning for ‘Blazers

By RICHIE HALL  
Reporter Sports Editor  
University's 2015-16 boys basketball season was one for the history books.

**Halbleib**  
The Trailblazers scored a program-record 20 wins, and played in the Pioneer Conference for the first time, finishing third. Only a tough Tindley team kept University from achieving another goal, as it beat the 'Blazers in a close sectional semi-final.

The good news for the Trailblazers is that they have many of the players from last season returning for this upcoming season. That includes junior-to-be Emerson Halbleib, who was University's second-leading scorer with an 11.8 points per game average.

Actually, the entire returning junior class looks strong.

**Watson**  
Josh Watson contributed 9.0 points per game, with David Howard scoring 8.6 points. Halbleib was UHS' leading rebounder last season with 7.7 boards per game, and Howard was second with 4.6 rebounds. Watson was second in assists with 2.7 per contest. Also back are senior-to-be Tyler Wott, and another pair of juniors-to-be, Zack Hodgin and Ethan Sickels.

Trailblazers coach Brandon Lafferman reported a successful summer season for his team. University played in three events, including two undefeated runs in the Westfield Shootout and the Wabash Shootout. The 'Blazers finished both of those tournaments 4-0. University also traveled to Los Angeles to compete in the War on The Floor. Lafferman said the team "3-1 against some really solid competition."

**Howard**  
After all that, the month of July will be relatively quiet for the Trailblazers. "In July, we have a few open gyms and spend a good amount of time on Strength and Conditioning," said Lafferman. "Several of our players are finishing out their AAU seasons, so we do not do a whole lot." University has a new opponent on its schedule for next season. The Trailblazers will play at Shenandoah on Feb. 2. The Raiders, coached by former Noblesville coach Dave McCollough, were 21-3 last season.

At the Colts Complex...

High school football GameDay Coffee set for July 31

High school football players, their dads and their coaches should mark their calendars for Sunday, July 31.

Not only is it the day before official football practices begin, but it will also be the day of the GameDay Coffee event. The event will take place from 2 to 5 p.m. at the Colts Complex. Noblesville coach Jason Simmons and Ben Davis coach Mike Kirschner are co-chairing the event.

The GameDay Coffee event will be where dads, their children and coaches can come together to celebrate the start of the football season. Among the activities planned are drills, running, kicking field goals, a speaker, music and a chance to get to know other players.

There will be all age groups there.

Indiana Ice Arenas to assume operation of Pop Weaver Youth Pavilion

Indiana Ice Arenas LLC, affiliate of the Indy Fuel Hockey Club, announced Wednesday that they have signed an operating agreement for the Pop Weaver Youth Pavilion and the Cheri Daniels Arena with the Indiana State Fairgrounds & Event Center. Located directly adjacent to Indiana Farmers Coliseum within the Indiana State Fairgrounds, the Pop Weaver Youth Pavilion and Cheri Daniels Arena opened in 2013 as part as the \$63 million renovation to the Coliseum.

Moving forward, Indiana Ice Arenas will oversee all staffing and programming for ice-related activities within the 29,000 sq. foot facility, which is used year-round for banquets, trade shows and livestock events. From September through March, when the ice surface is installed, the Youth Pavilion has played host to the Fuel, the Coliseum Youth Hockey Association (now part of the Junior Fuel Hockey Club), the Winter Club of Indianapolis Skating Club local collegiate club teams and public open skating. Along with the Fuel Tank at Fishers Indiana Ice Arenas, LLC now operates three sheets of ice in Central Indiana.

“We are extremely excited for the opportunity to operate the Pop Weaver Youth Pavilion and Cheri Daniels Arena. The Indiana State Fairgrounds & Event Center has been an integral partner to us since the Fuel arrived in Indianapolis, and we think we can build on the success the Youth Pavilion has seen since it opened its doors three years ago,” said Chad Hallett, General Manager of the Fuel Tank at Fishers. “So much of what we do is directed at growing hockey and ice sports in the Indianapolis area, and the 75 years of tradition at the Fairgrounds and the new Pop Weaver Youth Pavilion will be an invaluable resource toward executing that goal.”

In addition to its NHL-sized ice surface, the Pop Weaver Youth Pavilion features a full-service pro skate shop, concession stands and can accommodate a hockey crowd of around 600. The facility can be directly connected to both Indiana Farmers Coliseum and the South Pavilion.

Ticket Plans for the 2016-17 Indy Fuel season are now on sale! Join the team for year three at Indiana Farmers Coliseum by visiting [IndyFuelHockey.com](http://IndyFuelHockey.com) or calling 317-925-FUEL. Full and Half-Season packages are available, as well as 9-Game Plans and Group Ticket options. Stay up to date throughout the offseason by following the Fuel on [Twitter](#) and [Instagram](#) and don’t forget to ‘Like’ the Fuel on [Facebook](#).
