# Sheridan Rotarians finish park project

The Sheridan Rotary Club convened their most recent meeting at Sheridan’s Community Park and finished removing all the old juniper bushes from around the Community Building. Despite the hot, humid weather, the 10 hardy souls pictured put their muscles to work and finished the project.

According to club president Steve Martin over the years the bushes had completely overgrown the sidewalks, most specially on the front side of the building. Trimming them back was not an option because they were so big and unruly. Last year the club decided to take this on as a project for this summer.

This coming Tuesday, August 16th, the Sheridan Rotary Club will be sponsoring a public meeting at 7:00 pm to discuss the water utility study recently completed by the town. The meeting will take place in the Community Room of the Sheridan Public Library.

The meeting will feature Sheridan resident Todd Burtron who was actively involved in the evaluation of the town’s water utility. He will be speaking about the study and taking questions. Sheridan residents, especially those who pay water bills, will want to hear what Burtron has to say. There are a lot of rumors out there about this study; time now to get some facts.

The Rotary Club will also be holding a “Meet and Greet” event this coming Saturday morning, August 13th at the Sheridan Public Library. The event will be from 8 am to 10 am and will feature FREE coffee (or juice) and donuts. If you have questions about Rotary and what we do and you would like to become more involved in community volunteer work, please plan to attend. For further information, please contact club president Steve Martin at the library (317-758-5201).

# \$32.7 million investment

The Fishers City Council will vote on an economic development agreement by the City of Fishers and Citimark for a certified tech park at Monday’s council meeting.

Citimark plans to purchase the vacant building at 12115 Technology Lane, as well as the Launch Fishers building, to create a campus that anchors the certified tech park. If approved, the Fishers Redevelopment Commission will also have to approve the sale and lease of the Launch Fishers building and the master lease of the redeveloped office building.

“We are very excited about this proposal and the possibilities it opens up for the certified tech park,” said Mayor Scott Fadness. “Through this partnership, we will

**BREAKING NEWS**

create a campus-like environment that will continue to attract top entrepreneurial talent to our city for years to come.”

Citimark, an Indiana real estate acquisition and development company, plans to invest \$32.7 million in a tech campus that will reinvent the certified tech park. The

## Historic homes tour set for Sept. 17

**By FRED SWIFT**

The 30th annual historic homes tour is set for September 17 in the old town section of Noblesville. The event is sponsored by the Noblesville Preservation Alliance which annually presents the tour "to give visitors a glimpse of the city's historic past."

The tour is considered walkable with homes open for inspection between 10 a.m. and 5 p.m. Tour tickets are \$12 when purchased in advance from local downtown merchants, and \$15 on the day of the tour. This year there are 11 historic residences on the tour.

The homes on the tour are located at 307 N. 10th, 1159 N. 10th, 1175 N. 10th, 1138 Cherry St., 19300 Allisonville Road, and the following addresses on Conner Street: 1095, 1159, 1448, 1503, and 1759 plus the former Sheriff's residence at 810 Conner, now part of the county historical museum.

The Preservation Alliance is a non-profit citizens organization dedicated to preserving and restoring Noblesville's historic sites. This year's tour on a Saturday will be held rain or shine, say the sponsors.

# Monon affected by upcoming construction

Beginning on or after Monday, Aug. 15, contractors will commence tree clearing operations for the first phase of The Retreat on The Monon, a Pulte Group development. Approximately 700 feet of the Monon Trail immediately south of 161st Street will be affected by tree clearing and subsequent development operations. This area is designated in blue in the below graphic.

The Monon Trail is intended to remain open throughout most phases of construction, however, trail users are encouraged to exercise extra caution within the construction zone. Trail users should expect significant construction activity in this area through Spring 2017.

Please direct any concerns to Greg Brummet of Pulte Homes, Land Development Project Manager (317) 714-0462.

**Photo courtesy the City of Westfield**

The Monon Trail south of 161st Street will be affected by tree clearing beginning on Monday.

## Carmel native trains to become a U.S. Navy pilot

**By NAVY OFFICE OF COMMUNITY OUTREACH**

A 2011 Carmel High School graduate and Carmel native is playing a key role in the lengthy and rigorous training process that transforms new U.S. Navy Officers into Naval Aviators.

Ensign Dom Deganutti is a student pilot with the “Rangers” Training Squadron (VT-27), based in Corpus, Christi, Texas, that operates the T-6B Texan II aircraft. As a student pilot, Deganutti is responsible for learning the requisite information to become a basically trained military pilot.

“I enjoy the opportunity of being involved with aviation in a technical aspect while serving my country,” said Deganutti.

The T-6B Texan is a training aircraft that is powered by a 1,100 shaft horsepower, free-turbine, turboprop single-engine, four-bladed propeller, with a cruising speed of 310 mph.

VT-27’s primary mission is to train future naval aviators to fly as well as instill leadership and officer values, Navy officials explained. Students must complete four phases of flight training in order to graduate, including aviation pre-flight indoctrination, primary flight training and advanced flight training. After successfully completing the rigorous program, naval aviators earn their coveted “Wings of Gold.”

After graduation, pilots continue their training to learn how to fly a specific aircraft, such as the Navy’s F/A-18 Hornet strike fighter jet, the P-8 Poseidon maritime patrol aircraft or the SH-60 Seahawk helicopter. They are later assigned to a ship or land-based squadron.

Many of these pilots will fly aircraft which take off from and land aboard aircraft carriers and other aviation and air-capable ships, a unique capability which allows Naval Air Forces to operate integrally with surface forces anywhere on the world’s oceans. Recently, Navy strike aircraft operating from aircraft carriers sailing in the Eastern Mediterranean Sea and from Middle East waters have launched hundreds of missions against terrorist targets in Iraq and Syria.

As a member of one of the U.S. Navy’s squadrons with the newest aircraft platforms, Deganutti said he and other VT-27 sailors are proud to be part of a warfighting team that readily defends America at all times.

“This command is great because it extends every opportunity to succeed,” said Deganutti. “The instructors are always there and willing to help you and give you extra tips to be successful.”

See Navy...Page 3

## DEVELOPMENT

From Page 1

master plan includes the purchase and redevelopment of the former Schwab building on the corner of Technology Lane and Visionary Way, and the opportunity to build an additional 80,000 square feet of office space within the park. Citimark will invest \$4.5 million to transform the 12115 building from a 117,000-square-foot call center to a 71,000-square-foot tech-ready office building with a center courtyard and updated exterior. The overall investment also includes the purchase of the Launch Fishers building for \$3.1 million.

“The momentum in Fishers has attracted attention from all over the region and we are thrilled to be a part of the next step for this thriving city,” said Matt Carlstedt, Partner and Senior Vice President of Investments for Citimark. “The master plan includes a tech campus with Launch Fishers and the redeveloped building as the anchors, with a plan for additional development in the surrounding open space.”

The area was designated a certified tech park last year with the relocation of Launch Fishers to a 51,000 square feet vacant building. Infrastructure improvements, including trails connecting the area to downtown Fishers and a new intersection at the entrance, has made the area more attractive for investors and companies looking to relocate.

“Launch Fishers continues to be a magnet for companies and entrepreneurs that want to be a part of our growing city,” said Mayor Fadness. “The demand for office space at Launch Fishers is already at capacity. We knew we had to increase office inventory for the companies that are ready for the next step and those that want to be a part of the what’s happening here. This reimagined office building does just that.”

As a part of the economic development agreement, the city will master lease 35,000 square feet of the office building for two years and offer a five-year, 100 percent abatement. Citimark will purchase the Launch Fishers building and lease it back to the city for 10 years at a rate of \$12.75 per square foot. In addition, the city will waive all development fees.

## Saturday’s Noblesville Movie Series moved indoors

The Noblesville 2016 Movie Series will begin indoors this season. The showing of Disney’s “Zootopia” has been moved inside because of rain and thunderstorm forecasts. “Zootopia” will be shown at 9 p.m. Saturday inside the Recreation Annex Community Gym (Gate 18 at Ivy Tech Community Campus). Seating will be available but guests are invited to bring chairs, blankets, sleeping bags and food. Light concessions also will be available.

The annual Noblesville Movie Series provides six consecutive weeks of free screenings and enjoyment for the entire family starting at dusk. Again, the move inside is solely for Saturday’s “Zootopia” because of weather. The remaining five movies will remain at Forest Park Shelter No. 1.

NAVY

From Page 2

Jobs are highly varied at VT-27, according to Navy officials. Approximately 60 men and women officers and 15 civilian employees, make up and keep all parts of the squadron running smoothly -- this includes everything from training the new aviators, maintaining airframes and engines, processing paperwork, along with handling and flying the aircraft.

“What the men and women of this squadron accomplish every day is nothing short of miraculous,” explained CDR Corbett Dixon, Commanding Officer of VT-27. “The students are in the process of moving from just another college graduate in society, to someone who sacrifices their own time and effort for society. That’s what it means to serve in the Navy. That’s what

they’re learning as they learn to fly. And the staff here, the instructor pilots and civilians, put in an amazing amount of effort day in and day out, to ensure that we send the best young men and women forward to serve our nation, with all the skills, dedication and integrity necessary to serve successfully.”

Serving in the Navy, Deganutti is learning about being a more responsible leader, Sailor and person through handling numerous responsibilities.

"Serving in the Navy has reinforced my work ethic and given me a sense of pride in knowing that I am doing my civic duty in serving my country while being a part of something greater than myself," said Deganutti.\

DAILY BIBLE VERSE

And when he was entered into a ship, his disciples followed him.

- Matthew 8:23

50 Years Ago

**News:** The oldest, active businessman on the Noblesville public square is retiring. After spending more than 60 years preparing and dispensing drugs, Sam Weldy Sr. will begin taking life easy. One of the deans of the druggist business in Indiana, the 81-year-old pharmacist was presented a special award by the Indiana Pharmaceutical Association for 50 years of membership in 1958. Now he is being honored with a life membership in the professional organization.

**Sports:** There’s a sad football tale at Carmel High School this fall, all because head coach Dick Nyers has one whale of a problem. The problem is the type most coaches would trade for an all-state quarterback, and the saddest part isn’t about the Greyhounds, but about the opponents. For a start, Carmel has 13 returning lettermen from a team which didn’t lose a single game last season. That alone is enough to bring smiles to Nyers’ face.

General Manager of Carmel Olive Garden...

Renee Twilley achieves Diamond Club status

Renee Twilley, General Manager of the Olive Garden in Carmel, has achieved parent company Darden Restaurants’ Diamond Club status. She joins a group of top-performing General Managers recognized this year for their commitment to delivering guest experiences at the highest level, while making a difference in the lives of guests, team members and in their community.

“Renee embodies our belief at Olive Garden that everyone who walks through our doors should be treated like family—from our guests to our team members,” said Dave George, President of Olive Garden.

This year, Twilley joins an elite group of 42 General Managers selected from the more than 800 Olive Garden restaurants in North America, making this a truly exclusive honor.

The Carmel Olive Garden is located at 10206 N. Michigan Road.

# State Road 32 opens three days ahead of schedule

INDOT and 3D Company of Muncie announce that State Road 32 opened around noon on Friday - three days ahead of schedule - after completing a culvert replacement project.

State Road 32 was closed near Jolietville on Aug. 1 for the construction project, which was expected to take two weeks.

3D Company of Muncie replaced a drainage culvert located west of Westfield and approximately one-half mile east of the Boone County line. The culvert channels storm water under the highway to the Woodruff Branch of Little Eagle Creek. The new structure measures 7 feet tall by 20 feet wide and 60 feet long.

3D Company was awarded the contract because its bid of \$357,500 was the lowest of seven bids submitted for the project.

Map provided

State Road 32 near Jolietville re-opened on Friday, three days ahead of schedule. The road had been closed since Aug. 1 for a culvert replacement project.

## Road milling and resurfacing announced for Ninth and Cherry streets

The City of Noblesville has announced the tentative schedule to address road infrastructure changes that will be made to Ninth and Cherry streets during the next two weeks (weather permitting). Details of the construction work include:

- Beginning Monday, Aug. 15 or Tuesday, Aug. 16, Cherry Street between Eighth and Ninth streets will be closed as storm inlets need to be reconstructed. Noblesville Utilities will build new pipes along Cherry Street. Work is expected to last three days.
- Ninth Street will be milled on Thursday, Aug. 18; Friday, Aug. 19; and Monday, Aug. 22. Work will start at Christian Avenue and move north to Maple Avenue. No road parking will be permitted as work takes place. Several side streets between Christian and Maple will be milled and repaved as well between Eighth and Tenth streets.

The milling of Cherry Street will take place on Monday, Aug. 22 and will require the road to be closed.

- Paving will take place from Tuesday, Aug. 23 through Friday, Aug. 26. Resurfacing will begin with Cherry Street before moving to Ninth Street, heading south from Maple Avenue to Christian Avenue.

Weather permitting, the work will be conducted during normal daytime hours. Street parking will be allowed at night and no parking hours will be posted on signs. The work on Ninth and Cherry Streets is part of the City of Noblesville's "Making Moves" road rehabilitation project. This year's infrastructure work, which totals approximately \$2 million, has expanded to include more work than in years past - an increase of \$500,000 over the total spending in 2015.

## Eastbound I-465 restricted near US 31 today

Beginning around 9 p.m. tonight, crews plan to restrict the outside lane of eastbound I-465 near US 31 to remove temporary barrier wall, install the shoulder lane, and add guard rail. This restriction is expected to be complete by Saturday afternoon, Aug. 13.

### Overall project updates

Contractors have completed substantial construction on the US 31 project, and are working to finalize remaining items with minimal lane restrictions.

In Carmel, all lanes are open to full capacity on US 31 and the various interchanges. Per a recent e-newsletter, lane shifts and restrictions remain in place through late August in Westfield between 151st and 161st streets to smooth pavement on the bridge approaches.

Project status updates:

Striping - Crews are working to complete final pavement markings in Carmel by the end of next week, as well as removing the last bit of temporary pavement markings. Some various, temporary lane restrictions may be necessary near striping equipment.

Landscaping - Landscaping efforts are substantially complete throughout the corridor. Some remaining, temperature sensitive plantings will be installed this fall at various locations.

Sealing - All concrete sealing work is complete in Carmel.

Bridge railing - Crews are installing bridge railing at 111th, 126th Street/Carmel Drive and 131st/Main Street. This work will be ongoing throughout the coming weeks.

Speed limit - Once the final pavement markings are complete, INDOT plans to raise the speed limit on the US 31 freeway to 55 mph. An e-newsletter notification will be sent once the speed limit is raised. Until then, motorists must follow the reduced posted speed limits.

# Football scrimmages take place Friday

Reporter photo by Kent Graham

Ryan Barnes (12) hands off to Chandler Hurst (13) during the Noblesville football team's scrimmage with Lawrence North Friday night at Hare Chevrolet Field. The Millers will begin their regular season next Friday, along with the other high school teams in Indiana, by hosting Carmel.

### NHS basketball golf outing is Sept. 18

The golf outing for the Noblesville Basketball program will be held at Pebble Brook Golf Course on Sunday, September 18th at 1:30 p.m.

The cost for golf, dinner, and prizes will be \$60 per player. Registration forms are available at [www.millersbasketball.com](http://www.millersbasketball.com) (under Quick Links) or in the NHS Athletic Department office.

## Fishers volleyball...

# Seven returners, new coach for Tigers

By **RICHIE HALL**  
Reporter Sports Editor

The Fishers volleyball team had a successful season last year, compiling a 22-12 record.

While this year's edition of the Tigers team graduated North All-Star Brooke Leonard, they do have seven returners from last year. This returning group is varied in age, positions and statistics, and will be ready for a tough schedule that's customary of all Fishers teams.

The Tigers also have a new coach: Former Noblesville assistant Steven Peek is now leading Fishers. Peek's first Tiger team will have two seniors, Maggie Markwood, an outside hitter who led Fishers in kills and

aces last season, and Ellie Adams, a defensive setter who led in digs.

"The two seniors are more than just statistical leaders; they're also leaders of their teammates," said Peek. The coach said that the varsity team "will lean on them for consistency and to handle pressure situations."

Other key returners include junior attacker Mallory Hernandez, who was second in kills last season. Sophomore setter Rose Duffy is also back. Two new sophomores will make an impact on the team: Middle blocker Haley Soper and outside hitter Audrey Haworth.

"Early match-ups in tournaments and against Zionsville, Noblesville and Hamilton Southeastern will be helpful in putting us on the right path, while tough opponents late in the season, like Avon, Mount Vernon, Brebeuf and Westfield, will double-check our spirit and courage heading into Sectionals," said Peek. "We've put a lot of time into defense and other key details this summer, and we're looking forward to setting high standards this season."

Hernandez, Ayslinn Roberts, Molly Waldrop, Elziabeth Weeks.  
Sophomores: Rose Duffy, Haley Soper.

### Fishers roster

Seniors: Ellie Adams, Maggie Markwood.  
Juniors: Robin Brown, Julia Drozd, Yadie Finkler, Audrey Haworth, Mallory

## HSE boys soccer brings back 10 from sectional title team

With 10 varsity players back from last year's sectional championship squad, this year's Hamilton Southeastern boys soccer team will have no shortage of experience.

Royals coach Christopher White said that his team "will once again play one of the toughest schedules in the state," and has a main goal of "being prepared for a deep run in the state tournament."

Southeastern also has good talent, too. Three seniors are on the team: Dylan Rick-

etts, a Second Team All State player who scored 10 goals and handed out five assists; Eli Quivey, who made Third Team All State, dishing out 10 assists and scoring twice; and Vinny Ferrari, one of HSE's defenders.

Two juniors will lead Southeastern on defense: Ethan Pullman and Jake Smith. White said the two have been varsity starters since their freshman year.

## University volleyball has young team, but two senior leaders

The University volleyball team will be a young one this year.

There are two seniors and two juniors on this year's Trailblazers squad, followed by several sophomores and freshmen. University coach Jennifer Thompson said this season "will be a bit of a rebuilding year," but that doesn't mean there won't be talent for the 'Blazers. In fact, Thompson said she is "looking for big things from our two seniors Natalie Hellman and Annabelle Lance."

Hellman returns the most kills from last year with 84, while Lance put down 77

kills. Hellman was also far and away the leader in service aces with 90.

Other players with some experience returning are junior Ashley Steel and sophomore Violet Worth. There will be some new players helping out as well.

"We have a key junior transfer, Clare Little, who will make an impact as well as a strong freshman setter, Gillian Monroe," said Thompson.

**University roster**  
Seniors: Natalie Hellman, Annabelle Lance.  
Juniors: Clare Little, Ashley Steel.

Sophomores: Maya Jude-Karanam, Jess Rosebrough, Rilee Wilson, Sam Woods, Violet Worth.  
Freshmen: Kaitlyn Beheler, Olivia Hakes, Gillian Monroe, Elise Nachils, Patience Rizzo.
