# Centennial Cookbook

The members of the Friends of the Hamilton North Public Library compiled recipes and are selling a Centennial Cookbook in honor of the 100th anniversary of the Atlanta Library branch. The Atlanta building was built in 1916 and is an original Carnegie library. The state of Indiana benefited greatly from Andrew Carnegie’s philanthropy. Indiana constructed 164 Carnegie libraries, more than any other state.

The cost of the cookbook is \$12.00 and can be purchased at the Cicero or Atlanta branches.

*In the 317 area code...*

## Full 10-digit phone number required for all local calls

A reminder that as of Oct. 15, all local calls in the 317 area code require the full 10-digit number. This includes dialing numbers at the Sheriff's Office, government offices, and the non-emergency dispatch number (317-773-1282). Emergency (911) is not affected by the change. No phone numbers have changed and local calls are still local but you must use the 10 digit number (317-XXX-XXXX) even for local calls.

The change to the full 10-digit phone number is due to adding a new 463 area code. For more information visit <http://www.in.gov/oucc/2800.htm>.

## From the Hokey Pokey to Yoga

By JANET HART LEONARD

Remember a couple of weeks ago when I wrote about heading to a church RETREAT? You know, where you get away from all the stress of the real world and relax. Here's the rest of the story.

When my friend, Patrice, and I arrived, we checked out the itinerary. We had options.

Saturday 7:00 a.m. YOGA  
Sunday 7:00 a.m. YOGA  
We signed up. YIKES!

Yes, that is B.C. Before Coffee. The alarm went off at 6:00 a.m.. Why does a Retreat have to start so early? Why didn't we sign up for the option of sleeping? Patrice and I left the toasty warm room and hiked down the hill to the Conference Building. The air was brisk. The sun was still sleeping.

We began with scripture and prayer. Candles were lit throughout the darkened room. THEN... the workout began.

We were taught to focus on our breathing. We were reminded to soften our shoulders. We were told to relax and feel the tension release. This was a lot to ask before dawn and before coffee. I was determined to enjoy Yoga...even if it hurt me.

I wish we could have signed up for a Yoga vocabulary class. I understood Rag Doll, Child's Pose and Cat-Cow. Then...it got difficult.

See Janet...Page 2

## HC North, Tipton chambers meet

Photo provided

The Hamilton County North Chamber of Commerce and the Tipton County Chamber combined their monthly meeting and met at Beck’s Hybrid to hear a presentation on the family owned company’s growth. At the meeting were Westfield Chamber of Commerce Director Jack Russell (left), Hamilton County North Chamber Director Catharine Heller, and Tipton County Chamber Director Vickie Warner.

## Hoosiers asked to keep campaign signs out of rights of way

The Indiana Department of Transportation urges political candidates and their supporters to keep our roads free from encroaching campaign signs for the safety of the motoring public. The signs can block visibility for traffic entering and exiting the roadway at intersections and driveways.

Areas that should remain sign-free include intersections, interchanges and rights of way that run along the roadway. Where the right of way is not clearly marked, boundaries may be estimated as the fence line, the back of the ditch or behind utility poles.

**Sign removal**

Indiana Code 9-21-4-6 authorizes INDOT and local governments to remove advertising signs from their public highways. INDOT staff removes encroaching signs encountered during normal maintenance activities and that are reported as potential safety hazards.

For hours of operation or to report signs blocking visibility, contact your regional INDOT district. A map of INDOT’s districts and subdistricts and contact information is at:<http://entapps.indot.in.gov/dotmaps/districtmaps>

# Stay away from frightful investment moves

By COREY SYLVESTER

Halloween is almost here. When you're passing out candy, you'll see many "scary" costumes that will probably just make you smile. But in real life, you can easily find some things that truly are frightening – such as bad investment moves.

Here are a few that you'll want to avoid:

- **Chasing after "hot" stocks** – Many so-called "experts" – not to mention your friends, neighbors, relatives and co-workers – are more than willing to provide you with "tips" on "hot" stocks. But by the time you hear about these stocks, they may already be cooling off – and, in any case, they may not have been appropriate for your needs in the first place.
- **Investing too aggressively or too conservatively** – If you constantly worry about the value of your investment portfolio, and you lose sleep whenever the market drops sharply, you might be taking on too much risk for your own comfort – so you may need to invest somewhat less aggressively. Conversely, if you invest primarily in conservative, low-yielding investments because you think they will help you avoid losses, you might not achieve the long-term growth potential you need to help you reach your important financial goals, such as a comfortable retirement. When you invest, try to balance your need for growth with your personal tolerance for risk.
- **Failing to diversify** – If you only own one type of financial asset, and a market downturn hits that asset class strongly, your portfolio will likely take a big hit. You can greatly reduce the effects of market volatility – and give yourself more chances for success – by spreading your

money among a range of investments. (Keep in mind, though, that diversification can't always guarantee profits or protect against all losses.)

• **Paying too much attention to today's news** – Unfortunately, many of the news items of today – or of any day – are more negative than positive. But as an investor, you don't want to be forced into a "sky-is-falling" mentality, because such a mind-set could lead you to make rash, unwise decisions, such as selling quality investments too soon or staying out of the market altogether. Generally, no single event has truly long-term consequences for investors. Consider the recent "Brexite" vote – in the immediate aftermath, the markets fell sharply, but just a few weeks later, they hit all-time highs. That won't happen with every newsworthy occurrence, but historically, the markets have shown resilience. So stay invested and follow a smart, long-term investment strategy that's suitable for your situation – and look beyond today's headlines.

• **Ignoring opportunities** – Are you taking full advantage of all the investment opportunities available to you? For example, are you contributing as much as you can afford to your 401(k) or similar employer-sponsored retirement plan? If not, you are underutilizing one of the best retirement savings vehicles around. At a minimum, put in enough to earn your employer's matching contribution, if one is offered. You won't always have the chance to participate in this type of tax-advantaged retirement plan – so make the most of it while it's available.

Halloween usually ends with few tricks and many treats. Steering clear of the scary investment moves described above can help you make steady progress toward your financial objectives.

## 50 Years Ago

**News:** The Noblesville Chamber of Commerce has opened the door for individual or personal memberships as well as business and professional members. The board of directors added a personal membership classification at their meeting last week, according to Mrs. Naomi M. Bush, Chamber manager.

**Sports:** Hamilton County high school football teams may not capture any defensive honors this season and only Carmel is assured of a winning record, but.... More county players have already scored points this year than during any other season in the county's football history. Fifty-one players have either scored a touchdown, collected an extra point or booted a field goal.

# Boden Road, 156th Street intersection made safer through signs, signal

Recent improvements at the intersection of Boden Road and 156th Street have made the crossing safer for motorists. The Noblesville Engineering Department has added signs indicating an upcoming stop along the east-west sides of 156th Street along with multiple oversized stop signs at the intersection. A flashing light signal has been constructed with a red light for 156th Street and a yellow light on Boden Road.

“These improvements are above normal standards to provide enhanced advanced warning,” City Engineer John Beery said.

Because there were a couple of serious accidents at the intersection in 2015, officials said the improvements are a preventative measure taken to ensure drivers come to a complete stop on 156th Street before proceeding.

“Boden Road is seeing higher traffic rates as motorists use it to travel north and south on the east side of the city. Our goal with the heightened safety is to curtail any future serious accidents. Other factors are involved when it comes to accidents, but with these improvements we hope drivers are a little more cognizant of others and yield properly,” Noblesville Mayor John Ditslear said.

## Sugar consumption may be a fright on Halloween

*How to satisfy your kid’s sweet tooth without sacrificing good nutrition:*

Children will be dressed as ghosts and ghouls, but it may be the amount of sugar they’re ”gobblin’” up that is the scariest part of Halloween.

According to the Center for Disease Control’s nutrition survey, U.S. children, on average, consume 124 grams of sugar (about 14 Halloween-sized candies) per day.

About four percent of all candy consumed in the U.S. occurs on Halloween alone. In fact, the average trick-or-treater consumes about three cups of sugar — the equivalent of 220 sugar packets.

“The good news,” said Community Health Network registered dietician Erin Coleman, “is we can help our children have a healthier, happier Halloween without sacrificing all the fun.”

Coleman recommends:

- Fill up on healthy foods prior to trick-or-treating as a way to prevent children from filling up on too much candy that evening.
- Talk to kids about the plan for Halloween candy consumption before trick-or-treating so they are aware of their limits.
- Allow kids to pick out a certain amount of their favorite treats and give the rest away to co-workers or a dentist candy swap.
- Allow kids to trade their candy for a small toy from the store.

When it comes to candy, the smaller the size, the better. Because of its antioxidants, Coleman recommends dark chocolate over milk chocolate candies; or opt for low fat choices like Twizzlers. Fun-sized dark chocolate Mounds and Almond Joys are lower in sugar (about 4.5 grams a piece) compared to other candies.

The intersection of 156th Street and Boden Road has had recent improvements for the safety of motorists. Oversized stop signs have been added on 156th Street at the intersection, with a flashing red light signal on 156th Street and a yellow signal on Boden Road.

Cross country...

# Noblesville girls won first-ever regional

It was a perfect day for cross country, and a perfect day for the Noblesville girls team to make a little history.

Actually, the Millers made some big history.

Noblesville won its first ever girls regional cross country championship Saturday at its home course, Chanquapin Ridge at White River Elementary School. The Millers ended the eight-year regional reign of Carmel, by the score of 61-67.

Hamilton County teams dominated the standings, securing all of the top five places and thus qualifying for next Saturday's semi-state in Shelbyville. Fishers placed third, Westfield was fourth and Guerin Catholic finished fifth.

Abi Little led Noblesville by taking fourth in a time of 18:18.49.

In terms of the team places, Little scored three points. The next four runners all finished in the team top 19. Sophie Reichard scored 11 points, Susanna Sharples-Gordon 12, Aubrie Deal 16 and Abbie Klinker 19. That was enough to offset Carmel's monopolization of the top two places.

Sarah Leinheiser won the individual race for the Greyhounds, clocking in at 17:53.31. Christina Geisler was the runner-up, finishing the course in 17:53.31. Izza Khurram had a huge day for Carmel, finishing in 10th place (scoring eight team points). The Greyhounds' next two runners scored 27 and 29 points respectively.

Fishers' Miya Wai placed fifth, while Westfield's Gabby Dilick landed in sixth place. Guerin Catholic's top three runners all finished highly: Megan Slamkowski was seventh, Ellie Schroeder ninth and Paige Schemanske was 11th.

Hamilton Southeastern was in the unique position of not qualifying as a team, but getting all seven of its runners to regional as individuals. The Royals will send three of those athletes on to semi-state: Lulu Black blasted her way to a third-place finish, Sabrina Bippus placed eighth and Maddie Mirro was 28th.

Hamilton Heights had two girls running at the regional. Chloe Henderson placed 51st and Abby Christiansen was 86th.

In the boys race, Carmel reclaimed the regional plaque with a score of 54 points. It's the Greyhounds' state-leading 33rd regional title.

Hamilton Southeastern placed second, while defending regional champion Fishers took third. All three schools advance to next week's Shelbyville semi-state.

Carmel had two runners place in the top 10. Colin Murphy finished third and Ben Millers placed seventh.

Hamilton Southeastern had the individual champion, as Gabe Fendel clocked in at 15:22.39. Fishers' Sam Kuhn placed 10th to lead the Tigers.

Reporter photo by Kent Graham

The Noblesville girls cross country team won its first ever regional championship Saturday at its own regional at Chanquapin Ridge Cross Country Course. The Millers scored 61 points, outscoring eight-time defending champion Carmel by six points.

In addition, five county runners advanced as individuals. Noblesville's Eric Hoffman finished fourth to earn a spot at semi-state, with Levi Neuzerling joining him after taking 18th.

Westfield's Aaron Bennett landed in eighth place, while Nicholas Leahy took 26th; both qualified for semi-state. So did Guerin Catholic's Quinn Gallagher: He finished in ninth place and will be moving on to Shelbyville next week.

Miller girls win at Logansport

The Noblesville girls soccer team continued its post-season run Saturday by winning the Class 2A Logansport regional.

The No. 17-ranked Millers beat Marion 3-0 to claim their first regional championship since 2008, and the fifth IHSAA regional in the school's history. Noblesville now advances to the north semi-state, which will be played at either South Bend St. Joseph or Warsaw, to take on No. 1-ranked Penn. The IHSAA will announce the location in the next day or two.

"This time of year, it's not about who we play, but how well we play as a team," said Millers coach Mike Brady. "We started a little slow, but picked it up in the second half."

The Millers and the Giants were scoreless at halftime, but Noblesville got going in the second half. Delaney Riester, Ashlyn Morefield and Maddie Rauch all scored goals for the Millers, with Mackenzie Kincaid, Taylor Crowe, and Keely Hoopiganer all making assists. Kincaid,

Mackenzie Kincaid Noblesville

the goalkeeper, had two saves. Noblesville outshot Marion 17-3.

"We're excited to be moving on the semi-state, we've worked hard to earn the opportunity, and we look forward to playing next Saturday," said Brady.

"We've come a long way this season, and we're excited to have another week to train together. This team really likes to train, play, and spend time together."

Noblesville is now 8-6-2 for the season.

GOLDEN EAGLES FALL TO BREBEUF

Guerin Catholic's spirited run came to an end Saturday, as the Golden Eagles fell to No. 4-ranked and Class 2A defending state champion Brebeuf Jesuit 2-0 in the championship of the Carmel regional.

Guerin held the Braves scoreless in the first half, but Brebeuf's Alia Martin maneuvered her way into the goal area in the second minute of the second half, and kicked the ball in for the game's first goal.

Maddie Rauch Noblesville

Martin got the second goal with 12:29 left in the game, converting a penalty kick.

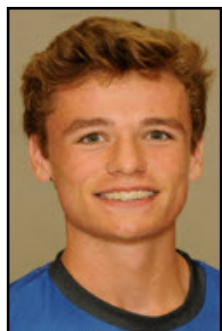

Despite the loss, it was still a remarkable run for the Golden Eagles. Guerin Catholic, which finished its season 8-8-1, beat No. 6 Zionsville and No. 3 Carmel to win the Westfield sectional, then knocked off No. 2 Avon in Wednesday's regional semi-final.

"It was an unbelievable season with an unbelievable group of girls, and there's nothing to be but proud of the group and how they all worked and fought each game from start to end together," said GC coach Jonathan McClure.

HARRISON BEATS HSE BOYS

Hamilton Southeastern's boys soccer team lost to No. 1-ranked Harrison 2-1 Saturday in the final of the Class 2A Kokomo regional.

Dylan Ricketts scored the No. 10-ranked Royals' goal in the second half. Southeastern finished its season 15-3-4.

They've had many showdowns in the state tournament over the years, but Saturday's state championship clash between Carmel and North Central at the Barbara Wynne Tennis Center might have been the closest.  
True, the final score was 4-1 in favor of the Greyhounds, who clinched their first state title since 2012, and ninth overall. But look at the individual scores, and you'll see that this showdown was easily a few points away from going in favor of the Panthers.

"It's a fall tradition, in a lot of ways, that North Central and Carmel hook up and play amazing tennis matches," said Carmel coach Spencer Fields. This is his first win as the coach of the Greyhounds; ironically, he won two state titles as the Panthers' head coach back in 2000 and 2007.  
Carmel came from behind in three of the matches to win.  
"I think we have a very strong sense of self-belief in what we're doing," said Fields. "We understand how to win better than ever. We also have the determination because we've been through X number of setbacks,

we have the determination to finally put what we can do on a court in a winning situation, and that's what we did."  
The Greyhounds got the first set of the final when No. 2 singles Drew Michael won 6-2. North Central took the first set in the No. 1 singles and No. 2 doubles matches.  
But the tide began to turn when Fletchall, who had dropped the first set at No. 1 singles to NC's Ian Brady 6-4, cruised through the second set 6-1. Moments later, Michael won the second set of his match 6-2, thus grabbing the first team point for Carmel.  
North Central soon took the first set in the other two matches, but Carmel's No. 2 doubles team of Timmy Dixon and Rohit Nagaraj won the second set 6-4 after dropping the first set 6-4. Dixon and Nagaraj soon secured the third and deciding set - also 6-4 - putting the 'Hounds up 2-0 in the team standings.  
While that was going on, Fletchall and Brady found themselves in a tiebreak for the third set. All eyes turned to that match, and soon they were watching Fletchall cheer - he won the tiebreak 7-4, thus clinching the match and the state title.  
"I really just dug deep and gave everything I could in the last tiebreaker to get it done," said Fletchall.  
North Central won the No. 3 singles match for its lone point. No. 1 doubles was the last match to finish with Carmel winning (again!) in three sets. Ethan McAndrews and Jay Natarajan prevailed 6-7 (6), 6-4, 6-2. The victory was important, as McAndrews and Natarajan qualified for the IHSAA's doubles tournament due to their undefeated record in the post-season. Fletchall, undefeated in both the regular and post-seasons, will play in the singles tournament.  
"I think the best part about winning state is knowing that all our hard work has paid off," said Natarajan.  
"It always surprises me how intense it is here," said McAndrews. "It's unlike any other environment in tennis, honestly. North Central-Carmel's probably the biggest rivalry in high school tennis, if not high school sports, and so it's awesome to really capitalize on that here today."

In the morning semi-finals, Carmel took care of Bloomington North 5-0. The Greyhounds won all the matches in straight sets, dropping just 15 games. Nishanth Basavareddy won at No. 3 singles, joining his afore-mentioned teammates in getting victories.

**CAZIER HEADS TO STATE**  
Hamilton Southeastern's Addison Cazier qualified for the individual state tournament after winning the Fishers regional Saturday.  
Cazier received a bye into the championship, where he defeated Avon's Andrew Langford 6-3, 6-3.  
The individual singles and doubles tournament takes place next weekend at Park Tudor.
