The County Line
A Halloween mystery...

Bridge burning: Vandalism or consolidation protest

By FRED SWIFT
The burning of Eller Bridge: was it the most vicious and costly case of Halloween vandalism in Hamilton County history, or was it the state's most outrageous and foolhardy effort to obstruct school consolidation?
After 59 years no one knows for sure

and no one was ever brought to justice for the destruction.
The Eller bridge was a wooden covered bridge built in 1869 over White River at 116th Street. The faded red structure framed by huge trees along the riverbank was the subject of countless paintings by local artists. The bridge was also the principal connection for motorists between Carmel and Fishers, the next closest river crossing being three miles north at 146th Street.
In the late 1950s school consolidation was beginning in Indiana. It was a topic of conversation in every small town where the idea often met with opposition. In Hamilton County there was talk of merging schools in Fishers with Carmel, Sheridan with Westfield and Jackson Central with Walnut Grove. (Only the Jackson Central-Walnut Grove consolidation ever materialized.)
Some believed that opponents of the Fishers-Carmel merger were responsible for burning the Eller Bridge, thus making transportation for any consolidated school district more difficult.

Others believed that it was Halloween vandals who were responsible because it was in October, a short time before Halloween 1957 that the bridge burned.
Officials said it looked like the arsonists knew what they were doing. The wooden timbers were apparently soaked with a flammable material. The structure burned in less than an hour and the remains fell into the river. It took more than two years to get a

Other schools throughout the district will also be honoring Veteran's Day with student/family programs.

Riverview Health receives American College of Cardiology Award for Cardiac Care

Pictured from Riverview Health are Kathy Scheidler, Cardiac Cath Case Manager (left) and Joyce Wood, Chief Nursing Officer (right).

Riverview Health has received the American College of Cardiology's NCDR ACTION Registry—GWTG Platinum Performance Achievement Award for 2016. Riverview Health is one of only 223 hospitals nationwide to receive this prestigious award.
"It's an honor to receive this award once again. More importantly, it's a well deserved recognition for our hardworking Heart & Vascular team members," said Tammi Nash, executive director of Nursing Operations at Riverview Health. "By successfully implementing a higher standard of care for heart attack patients, we're able to improve their outcomes, which is the greatest reward for us."
To achieve this award, a certain level of treatment guidelines had to be implemented for eight consecutive quarters. Riverview Health was able to perform at the top level of standards for specific performance measures. The implementation of these guidelines requires successful coordination of the Heart & Vascular team and emergency personnel, and it's a critical step in saving the lives and improving outcomes of heart attack patients.

Leaf pickup underway in the City of Noblesville

The Noblesville Street Department is in the process of their annual leaf pickup program which will continue weekly until Friday, Dec. 2. There are two methods that residents may use to dispose of leaves: 1) Bagging leaves in free, biodegradable bags; and 2) Raking loose leaves to the grass area next to the curb. The bagged leaf method is the quickest method of pickup since bagged leaves are picked up citywide once a week on residents' regularly scheduled trash day. There can be a waiting period of up to three weeks between loose leaf pickups because street crews make a continuous circuit of the city with the leaf vacuums.
"The city utilizes street sweepers to assist in leaf clean-up along with our leaf vacuums, which hopefully speeds up the process and keeps yards and streets clean and beautiful throughout Noblesville," Street Department Commissioner Patty Johnson said.
Bagged leaves will be picked up on the same day as residents' regular trash day but not necessarily the same time since leaves are collected by the street department and not Republic Services. Please make sure that leaves are only bagged in the free, biodegradable bags provided by the city and are placed separately from trash containers. Residents may set out as many biodegradable bags as necessary, but each bag must

weigh no more than 40 pounds. Bags are available free of charge to Noblesville residents at all fire stations, City Hall (16 S. 10th St.), street department (1575 Pleasant St.), parks department (701 Cicero Road) and the Hamilton County Household Hazardous Waste Center (1717 Pleasant St.).
If residents choose to rake their loose leaves, they must be collected as close to the edge of the street as possible without placing leaves in the street. Loose leaves with brush, grass, litter, and/or other debris will not be picked up, as this will damage equipment.
Neither loose leaves nor bagged leaves will be picked up in alleys. Pickups will only be in front of a resident's house until Dec. 2. After Dec. 2, if residents have bagged or loose leaves for pickup, they will need to contact the street department and provide their address. The street department will continue to pick up leaves after this date as weather permits. Please note that residents are strongly encouraged to bag their leaves after Dec. 2 because loose leaves run the risk of freezing, which then makes them unable to be picked up by the leaf machines.
For more information about the leaf program, contact the Street Department at (317) 776-6348.

Prairie Baptist Road now open between 196th and 206th streets

The Hamilton County Highway Department announced the replacement of Small Structure 23060 – Prairie Baptist Road between 196th and 206th streets was complete as of Wednesday.

County Highway officials indicated deterioration occurred at various locations along the arch ring. The geometry of the structure was one-lane and had sight distance issues due to a rise on both sides of the structure. The new design widened the roadway and structure to two 12 foot lanes and a minimum four-foot shoulder. The roadway was elevated to eliminate any sight distance issues. The new structure will be able to accommodate a Q100 flood event with an additional two feet of free board for unexpected flood events.

Hamilton County has nine townships with approximately 600 miles of roadway and rights-of-way, 280 bridges, and over 600 small structures to maintain. The goal of the Hamilton County Highway Department is to provide and maintain safe, accessible and efficient roadways, and strive to improve the transportation infrastructure for the citizens of Hamilton County.

Harvard educator, negotiator Daniel Shapiro to present at Grand Park

Founder and Director of the Harvard International Negotiation Program Daniel Shapiro is coming to Westfield.

The author and award-winning negotiator will deliver two workshops at Grand Park on October 26. Titled “The Five Keys to Successful Negotiation,” Shapiro’s lecture and workshop will provide practical approaches to amplify leadership and influence – in business, government and life.

The event is a partnership between the City of Westfield and Hamilton County Leadership Academy.

“I’m honored and enthused to deliver the negotiation workshop at Grand Park,” Dr. Shapiro said. “Negotiation is crucial for success in business, government, and family life. In our program, we’ll be exploring practical tools to turn the toughest situations into opportunities for mutual gains.”

“Dan Shapiro’s training will provide participants with a deep understanding of negotiation and emotional intelligence that will prove valuable to a variety of professions,” Westfield Chief of Staff Todd Burtron said. “I’ve enjoyed reading Dr. Shapiro’s work, and have had the opportunity to participate in his workshop. I can attest

to the practical, everyday impact his knowledge can have on one’s work and life.”

“The Hamilton County Leadership Academy is excited to partner with the City of Westfield in hosting Daniel Shapiro,” HCLA Executive Director Jill Doyle said. “Negotiating skills are very important in any kind of leadership, including community leadership, and we hope our community takes advantage of learning from one of the experts in this field.”

The event is sponsored by Faegre Baker Daniels.

new steel and concrete span built to replace the iconic covered bridge.

The mystery of whodunit and why remains to this day. The loss reduced the number of the county's covered bridges from two to one. At one time there had been at least a half-dozen of the picturesque bridges in Hamilton County.

There are certain ironies involved in the Eller bridge destruction. The Carmel-Fishers consolidation would likely have never happened because even in 1957 school officials realized that tremendous population growth was coming to the southern part of

the county and such a merged school district would eventually be unnecessarily large.

And, due to that population growth, the bridge may have been doomed within a very few years. Can you imagine today's heavy traffic pounding across a wooden bridge on 116th Street?

In the 1950s there was little interest in saving such bridges for historical reasons, so unfortunately the bridge might well have soon been demolished in the name of progress. In any event, it makes for a great, if tragic, Halloween-time mystery story.

Correction

The Hamilton County Reporter incorrectly listed the date for Hamilton County Parks’ dedication of the restoration and re-creation of three historic bridges used to build a bridge to link Koteewi Park with White River Campground.

The correct date for the dedication and festival is November 10th.

Community Health Network Foundation receives largest gift in its history

Community Health Network Foundation has received a \$1.5 million cash donation from Anthony D. “Tony” Alderson, whose gift is the largest donation from an individual in the Foundation’s 40 year history.

Alderson, president and co-founder of Alderson Commercial Group, made the gift in support of Community Health Network’s innovative integrative oncology program, which offers holistic services proven to decrease pain, anxiety and depression like art therapy, yoga, tai chi, massage and more to cancer patients. Alderson’s donation will be used to develop a comprehensive plan to implement and grow the integrative oncology program across all six of Community’s Central Indiana regions.

According to Alderson, he made the gift on behalf of those he considers members of his immediate and expanded family, which includes friends, colleagues and employees of Alderson Commercial Group.

“When individuals are diagnosed with cancer, each family member’s life is disrupted,” said Alderson, whose father passed away from a cancer-like illness in 2007. “My reason for making this gift is to help make it easier for more patients and their families to get through this challenging time. Giving back is the only way I can understand the blessings I’ve been given, and I’m honored to be able to make a positive impact in the lives of oncology patients across Central Indiana.”

Community Health Network President and CEO Bryan Mills says the connecting walkway between Community Hospital North and the new Community Cancer Center North will be named the Alderson Family Bridge of Life in honor of Alderson and his record-breaking donation in support of Community Health Network’s patients.

“This historic gift speaks volumes of Tony’s compassion for our cancer patients and his love for those individuals fortunate enough to be considered part of his family,” said Mills. “His remarkable generosity is an inspiration to us all and will greatly impact patients who turn to us for support and healing of mind, body and spirit in their time of need.”

Alderson is a longtime supporter of Community’s work and mission as an individual donor, corporate sponsor and volunteer through Serve360°, Community’s employee volunteer program.

“We at the Foundation are profoundly thankful for Tony’s longstanding support and in particular this \$1.5 million donation, which will undoubtedly impact countless individuals battling cancer in our community,” added Foundation President and CEO Joyce Irwin. “This gift is an investment in Community’s mission to advance health and well-being, and we are proud to be a steward of his philanthropy.”

Millers travel to Tigers’ field

By **RICHIE HALL**
Reporter Sports Editor

The Noblesville and Fishers football teams have been rivals ever since the Fishers athletic program was re-established with the opening of the "new" Fishers High School in 2006.

The Millers and the Tigers play each other every season as part of the Hoosier Crossroads Conference. The districts border each other. Their football fields are about five miles apart.

"There aren't very many secrets between the two teams," said Noblesville coach Jason Simmons. His Millers will travel to Reynolds Tiger Stadium on Friday to take on Fishers in the semi-finals of Class 6A Sectional 4. Kickoff is scheduled for 7 p.m.

The two teams played each other back in Week 3 of the regular season, with Noblesville winning 28-21, in a game that was also played on the Fishers field.

"Noblesville is an outstanding team that has continued to improve since our first match-up," said Tigers coach Rick Wimmer, who called the Millers "well coached" and noted that Noblesville has learned how to win close games.

"They present some real challenges for us," said Wimmer.

The Millers come into the game 4-5, while Fishers is 3-6. Both teams have played brutal HCC schedules, of course, and have gotten some quality wins. Noblesville ended Brownsburg's long winning streak with a 22-21 victory in Week 8. The Tigers stunned Cathedral in Week 7 by the score of 27-17.

Simmons said his team is looking forward to Friday, and that this game will be a "tremendous challenge" against "a Fishers team that will be hungry and well coached."

"Competing in a tournament setting always brings out the best in players and competitors," said Simmons. "Stopping the run and running the football are critical against any Fishers team. Their defensive line and offensive line are playing well down the stretch. They have tremendous play makers and athletes on the perimeter that we have to be conscious of at all times."

Fishers' leading rusher for the season is Max Shores, who has 354 yards in 75 carries, including two touchdowns. Trevor Newman is next with 299 yards in 82 carries, followed by Michael Noble with 224 yards in 52 trips. Newman and Noble have each scored two touchdowns as well.

This week, Matt Wolff will be making his first varsity start at quarterback for the Tigers. Jon Vore had started the last three games, but is out with an injury he suffered during Fishers' regular-season finale with Zionsville.

DeVonte Adams leads the Fishers receiving with 23 catches for 248 yards and

a touchdown. R.J. Potts has the most yards, gaining 341 yards in 17 catches, including two touchdowns.

Wimmer said that an injury prevented Wolff from playing through about Week 8, but is back and "gaining confidence" every day in practice.

"We also have a few other players back we didn't have in our first match-up," said Wimmer.

"The tournament marks the beginning of a new season and the bye week gave us a chance to get healthier and to work on some things that we need to correct and improve

on," said the coach. "We have approached it as a fresh start."

Ryan Barnes has had an outstanding year for the Millers, leading in both rushing (128 carries for 757 yards and six touchdowns) and passing (74-of-136 for 849 yards and eight touchdowns). Barnes sat out the last two games of the regular season with an injury, and Grant Gremel came into the quarterback position and has done extremely well. Gremel is 40-of-80 for the season, compiling 482 yards and five touchdowns.

Jackson Thurman leads the Noblesville receiving brigade, with 33 catches, 426 yards and four TDs. Nolan Ginther has caught the ball 26 times, gaining 342 yards and scoring four touchdowns.

Chandler Hurst has 391 yards in 105 carries, including two touchdowns.

Ben Gruver has been a solid two-way star for the Millers, with 17 catches for 221 yards and two touchdowns on offense, and a team-leading 50 solo tackles on defense. Gruver also 58 assists for a total of 79 tackles. Eddie Dziennik has the most total tackles with 80.5 (47 solo and a team-leading 67 assists).

First trip to Veedersburg...

Sheridan plays at Fountain Central

By **RICHIE HALL**
Reporter Sports Editor

Believe it or not, there is a place that Bud Wright said his Sheridan football team has never played a game.

That place is Fountain Central. While the Blackhawks have played the Mustangs at Sheridan before, they've never made the trip out to Veedersburg to take on FC at its home field. The 'Hawks will do that Friday, going on the road to play the Mustangs in the semi-finals of Class 1A Sectional 45.

Fountain Central is 9-1 for the season, and opened sectional play with a 72-20 defeat of Riverton Parke. FC won its first eight games of the season before falling to North Vermillion 20-14, which resulted in both teams sharing the Wabash River Conference championship.

Regular season victories for the Mustangs have come over Southmont 55-14, Riverton Parke 71-0, Turkey Run 76-7, Covington 44-0, Attica 34-31, Seeger 62-13, South Vermillion 42-0 and Rockville 56-6.

"I know they've got a lot of speed," said Wright. "They've got an excellent quarterback."

Fountain Central's quarterback is senior Wayne Bentley. He's an efficient thrower, completing 110 of 174 passes for 1711 yards, including 30 touchdowns. Bentley is also the Mustangs' leading rusher with 992 yards in 105 carries, and 11 touchdowns.

"He's a triple threat," said Wright, who noted that Bentley also kicks the ball in addition to running and passing. "He's a heck of a good athlete."

Another senior, Laine Frazee, has rushed for 12 touchdowns; overall he has 667 yards in 70 carries. Senior Jake Vancleave is FC's leading receiver, with 46 catches for 739 yards, including 12 touchdowns. Junior Brandon Howell has caught 11 touchdown passes as part of his 26 receptions for 546 yards.

Wright said his practices this week have been "exceptionally good," and noted that his team is going into Friday's game with "some confidence." Sheridan has some momentum, since it opened sectional play last week with a 49-12 victory over South Putnam.

"I think now we're playing with a little bit of confidence," said Wright. "They know that they can do some good things if they concentrate and work hard."

Junior Joe Callahan has had an outstanding year rushing, with 1913 yards in 320 carries, plus 18 touchdowns. Sophomore quarterback Drake Delph has passed for 587 yards and eight touchdowns. Gunnar Williams is the leading receiver, with 17 catches for 186 yards. Brody Perry has caught three touchdown passes among his 11 receptions for 210 yards.

Season opener...

Turner shines in OT win for Pacers

By WHEAT HOTCHKISS
Courtesy nba.com/pacers
On a night when the Pacers celebrated their past, the franchise's future star shined brightest. 20-year-old center Myles Turner filled up the stat sheet and provided the dagger in overtime to lead Indiana (1-0) to a 130-121 victory over the visiting Dallas Mavericks (0-1) on Wednesday night at Bankers Life Fieldhouse.
Turner, starting just his second NBA season, recorded his fifth double-double of

his young career, finishing with 30 points, 16 rebounds, and four blocks. The 6-11 big man from the Dallas suburbs converted 13-of-19 shots and collected six offensive boards to help the Pacers tip off their 50th season of professional basketball with a win.
"What a way to kick off the season," Turner said. "The adrenaline was pumping right from the opening tip."
Indiana appeared to have the game won late in regulation, but the Mavericks capitalized on a missed free throw by Jeff Teague in the closing seconds and tied the

game at 115 on Harrison Barnes' 3-pointer with 2.3 seconds left in the fourth quarter.
The Pacers, however, prevailed in overtime. Paul George scored the go-ahead layup with 2:44 to play and then kicked out to Turner, who buried his first 3-pointer of the season to give Indiana a four-point advantage with 1:18 remaining.
"(George) believes in me," Turner said. "Even last year, he told me, 'We know what you're capable of, you know what you're capable of, just go out there and show it.' They're going to put me in the right spot to

be successful and that's what they did tonight."
Monta Ellis stole the ball from Deron Williams on the ensuing possession, and George knocked down another triple to all but seal the win.
George, a three-time All-Star fresh off a summer in which he helped lead the United States to an Olympic gold medal, finished with 25 points, eight rebounds, and six assists.
