Fishers City Council gives go-ahead to The Yard

The Fishers City Council unanimously approved the economic development agreement with Thompson Thrift for The Yard Project Monday night.

The development is a private investment of at least \$40 million planned for the southeast corner of 116th Street and IKEA Way.

Planned on 17 acres by Thompson Thrift Retail Group, the culinary and entertainment center intends to attract first-class amenities and local culinary entrepreneurs to Fishers. The development plans to house a collective of 10-12 individual concepts; however the exact site-plan may shift depending on demand in the area.

In the heart of the development, situated on an acre of greenspace, a shared culinary center will foster the advancement of the culinary arts and entrepreneurship in the greater-Fishers area. The city will master lease two 1,500 square feet buildings to be used as a culinary and/or restaurant accelerator. While details on the accelerator effort are still being finalized, Mayor Fadness has asked the Indiana Restaurant and Lodging Association to assist in the concept development to ensure the endeavor meets the needs of the industry.

and maintenance costs.

"Had the land remained only a city park, there would be zero property tax dollars generated, so this project nearly pays for itself," said Ditslear. "In return, Noblesville gains a first-rate youth sports complex that will support local youth sports, attract athletic tournaments from outside our region and bring greater tourism spending to support our community including hotels, restaurants and retail businesses."

The city has been in discussions since spring with Mike Klipsch and Andy Card, co-presidents and CEOs of Klipsch-Card Athletic Facilities LLC. Their plan for the Noblesville Fieldhouse, includes five hardwood courts, 75,000 square feet of indoor turf and a 10,000-square-foot physical therapy office. At the Council meeting, Card announced plans for a potential 200-meter indoor track that will surround the turf fields and be approved by USA Track and Field, which makes hosting indoor track and field events a possibility.

Card said that since the announcement, they have received interest from a volleyball club with 100 teams, baseball teams and tournaments, an international soccer academy, flag football organization, a Futsal League and if Noblesville could become the international Pickleball headquarters.

"Baseball, volleyball and track will be the prominent sports," he said. "Noblesville Fieldhouse will be different than anything else in the country. It will be so unique and set Noblesville apart from anything else in the youth sports industry."

The Noblesville Fieldhouse helps jumpstart the construction of the City's sixth park on the east side of Noblesville near Klipsch Music Center, Hamilton Town Center and

Exit 210. The 203-acre Finch Creek Park, which will be built out in phases, is bordered by Boden Road on the east and East 166th Street to the north.

Budgeted at \$8.9 million for construction of phase I, Finch Creek Park is expected to break ground in late spring 2017 and begin with the southeast portion just north of the Blue Ridge Creek neighborhood development on Boden Road. The cost of construction includes all utility relocations, infrastructure, roads, parking, play areas, landscape, lighting and more.

"As the first public park on the east side, we're excited to move forward with Finch Creek Park and address the needs of the growing population out there," said Noblesville Parks Director Brandon Bennett. "Fifty-six percent of the Noblesville housing permits are east of State Road 37. The City's five current parks are all located west of 37 so those residents on the east side of town do not have park amenities in close proximity to their homes. Thankfully, in the near future all of Noblesville will be able to enjoy all of Finch Creek Park's green space with active and passive areas."

Bennett said the anticipated park amenities included in the first phase of construction include three shelters, a restroom, age appropriate playgrounds, a spray ground, basketball and pickleball courts, park parking lots, a large berm utilized as a play feature, trail connections and a maintenance facility.

Carmel Link updates

Here is an update on the Carmel Link road projects going on throughout the city.

146th Street and Gray Road - Lane Restrictions

The reconstruction of Gray Road near the new GetGo Station has begun. Weather permitting, lane restrictions will be in place until it is complete. There will not be a full closure.

Crooked Stick Drainage/ Storm Water and Multi-use Path

The normal level of a pond in Crooked Stick has been lowered to inspect and clean the storm water pipes leading into the pond. A plan to effectively remove surface pooling of water will be tied into a long desired multi-use path along the west side of Ditch Road. This path project is a part of the southwest Clay Township annexation agreement.

West Carmel Drive Path Project

One westbound lane on Carmel Drive remains closed for the construction of a new path to connect US31 to Keystone parkway that started in October as part of Carmel's Active transportation plan. The path will link existing path along the north edge of West Carmel drive just west of 3rd Avenue to the intersection near N. Clark Street. This portion of the city's path project is expected to conclude in December.

126th Street Improvements between Range Line Road and Keystone Avenue

Eastbound 126th street between Keystone Parkway and Range Line Road remains closed. Road improvements have been underway, including multiuse paths, and storm water

management. Traffic will be maintained in the westerly direction for the duration of the project, although the goal to open easterly travel during winter months has been impacted by extreme weather. Utilities have been relocated underground. Eight-foot multiuse paths will be installed on both the north and south side of the length of this section of the road. Curbs, gutters and storm water drainage will continue to be installed along the roadway and a median installation all combine to create a two-lane boulevard section of 126th street. An important roundabout has been partially installed at Kinzer Avenue that will be shifted to the south from the center line. This roundabout will have a stub street heading south for an anticipated future connection to Carmel Drive. The 126th Street project is anticipated to last until summer of 2017.

Detour Route: Use Main Street and 116th Street for east bound traffic. Keystone Parkway and Guilford Avenue will be main routes connecting drivers to east-bound detour routes.

Spring Mill Road Improvements

NOW OPEN TO TRAFFIC. Construction is substantially complete on Spring Mill Road from Main Street to Williams Creek, south of Dorset Road, the path and surface restoration will be completed in the spring. This is the first phase of an \$8.3 million project that has added multi-purpose paths to complete pedestrian connectivity; a new median in the center of the roadway and pedestrian railings to bridges. Future phases will include work in 2017 further south on Spring Mill Road to just south of 106th Street, including a roundabout at 111th Street, and a culvert lining project south of 106th Street. Reith Riley is the contractor on this project.

Top tips for holiday family road trips

(StatePoint) The holiday season is one of the busiest travel times of the year, which means congested roads under potentially difficult driving conditions. To keep holiday road warriors comfortable and content on their drives, Autotrader editors offer some of their top holiday travel tips.

- Tune up. Do a quick check on the essentials before you head out. Check the wear and pressure on your tires, and be sure your fluids (oil, coolant and wiper fluid) are topped off. For do-it-yourselfers, you can perform these quick and easy inspections on your own. For added peace of mind, visit your local mechanic or dealership where you can have your car serviced by an accredited technician. Tending to potential issues proactively means you are more likely to avoid having to deal with them while you’re on the road.

- Avoid “are we there yet”? Technology features like built-in screens and DVD players can be saviors on the road, but if your car doesn't come equipped with these, consider bringing along a handheld device so kids can play games or watch videos. And if technology isn't your thing, remember that magnetized board games and word games can work just as well. You can also encourage kids to stay occupied by having them help you navigate and by playing DJ.

- Have patience. These days, your car’s navigation tools can offer realistic travel times, but be prepared for the unexpected. Inclement weather, traffic and bathroom requests can set you back. Give yourself extra time to reach your destination.

- Have fun! Holiday road trips can be a great pastime for the whole family while creating wonderful memories. Enjoy the adventure of it!

To learn more, visit Autotrader.com/HolidayDrivingTips.

“Family time his holiday season starts the moment you hit the road,” says Tara Trompeter, managing editor at Autotrader. “A little bit of planning ahead before you get on the road will go a long way toward filling the experience with more fun and laughter for everyone involved.”

Millers hang tough in first half...

Third quarter run leads Pike past Noblesville

By **RICHIE HALL**
Reporter Sports Editor

Noblesville gave visiting Pike a good battle in the first half of Tuesday's boys basketball game at The Mill.

But the Red Devils took control in the third quarter, then pulled away in the fourth period to send the Millers to a 61-42 loss. Noblesville will be off until after Christmas, giving the Millers a chance to celebrate the holidays and prepare for their own holiday tournament at The Mill next Tuesday and Wednesday (Dec. 27-28).

The Millers got off to a nice start, leading 8-2 midway through the first period. Rico Duncan got the game's first basket, then Nolan Ginther scored three points, and Max Flinchum made a 3-pointer.

Pike responded with a 13-0 run; that included a 3-pointer at the quarter buzzer by Justin Williams to end the period with the Red Devils ahead 12-8. A three-point play by Darian Porch began the second quarter. Noblesville fought back to tie the game at 15-15, with Flinchum draining another 3-pointer.

The teams kept taking the lead from each other throughout the quarter. Ginther's two baskets turned a 17-15 deficit into a 19-17 Miller lead. Corby Mertens helped out with a '3,' and Grant Gremel's jumper pushed Noblesville ahead 26-25 with time running out in the half.

"We had a tremendous second quarter, offensively," said NHS coach Brian McCauley. "That was our best quarter. We did a good job of attacking the basket, getting them into foul problems, got to the free throw line and had some really nice inside-outside shots."

But Williams remained hot for Pike, with another buzzer-beating 3-pointer to send the Red Devils into the locker room up 28-26.

"Those two 3s, I thought were backbreakers for us," said McCauley. "It kept them close, gave them confidence."

The Millers hung in there during the first part of the third period, still tied at 32-32 about halfway through. But Pike scored 11 quick unanswered points to take a 43-32 lead. Noblesville trimmed the lead back to 45-37 by the end of the quarter, with

Noblesville's Nolan Ginther scored nine points for the Millers in their Tuesday game with Pike at The Mill.

Flinchum scoring five points, including another 3-pointer.

The Millers were still within 47-40 early in the fourth period, with Mertens making a layin to cut the Red Devils lead to seven. But Pike finished the game on a 14-2 run.

Flinchum totaled three 3-pointers on his way to 11 points. Ginther added nine points. Mertens and McGwire Plumer each scored

seven, with Plumer also handing out four assists. Ryan Barnes had five rebounds.

Noblesville, now 3-4, will play its first-round game at its own tournament at 2 p.m. next Tuesday, taking on Chesterton. First games begin at 10 a.m. and run until 4 p.m., with a pair of consolation games beginning at 6 p.m. Wednesday action begins with the semi-finals at 10 a.m., and the placement

games starting at 2 p.m., with the championship scheduled for 8 p.m.

"We got to get better," said McCauley. "We have got to come to work tomorrow at practice and really improve. We got to take care of the ball better, we had 15 turnovers, which is about 10 too many. And then we've got to become a better free-throw shooting team. That's completely within our control. And we've got to become a better shooting team, and that's completely within our control."

Rico Duncan scored six points for Noblesville on Tuesday.

Carmel falls to Bulldogs in OT

Carmel traveled south on Tuesday to take on New Albany in a game that featured two of Class 4A's top five teams, and one of the best junior players in the country.

The game lived up to the hype, going to overtime. It was there that the No. 2-ranked Greyhounds fell to the No. 4 Bulldogs, 55-52. It's the second straight loss for Carmel, this after it played 4A No. 1 North Central on Friday. The 'Hounds are 8-2 overall.

Carmel led 15-9 after the first quarter, then was up 31-22 at halftime. New Albany came storming back to lead 35-33 midway through the third, but big baskets by Cole Jenkins put the Greyhounds back in front 44-42 going into the fourth period.

Jenkins Baron

The Bulldogs were up again late in the fourth, but a putback by John Michael Mulloy tied the game at 50-50 with 2:16 left. That would remain the score at the regulation buzzer, so it was on to overtime.

Sterling Brown gave Carmel a 52-50 lead by scoring with 46 seconds left. But New Albany's Romeo Langford, the highly-rated junior who had already made history during the game by becoming the Bulldogs' all-time leading scorer, gave his team a 53-52 lead with a three-point play. New Albany would hang on from there.

Brown scored 12 points for Carmel, while Mulloy reached double-double status with 10 points and 10 rebounds. Jenkins finished with nine points. Langford led all scorers with 28 points.

The 'Hounds are off until next Wednesday (Dec. 28), when they host Anderson.

Fourth-quarter Knicks run sends Pacers to defeat

By KYLE GRAND

Indiana led by as many as 15 in the second half, but were overwhelmed in the fourth quarter, mainly by New York's Carmelo Anthony, and fell to Knicks in the Big Apple, 118-111. The Pacers led 99-91 with 9:08 to play in the fourth quarter, but the advantage wouldn't last long as the Knicks fired off a 14-2 run to retake the lead, 105-101, with six minutes and change left on the clock. Myles Turner made a free throw to make it a 105-102 game, but then a barrage of 3-pointers came from the home team. Anthony connected to put the Knicks up six. Indiana's Thaddeus Young answered with a triple of his own to keep the Pacers within striking distance. On New York's next possession, Kristaps Porzingis hit a 3-pointer of his own,

followed by another from Anthony, his seventh of the game, and suddenly the Knicks led 114-105 with under three minutes to play. Indiana wasn't able to seriously threaten New York the rest of the way. Anthony finished with 35 points on 13-of-25 shooting, including 7-of-11 from beyond the arc. He scored 26 of his 35 in the second half. In the first quarter, the Knicks jumped out to an 18-10 lead with 4:41 left in the quarter. Indiana responded well though, reeling off six straight to make it a two-point contest and force a New York timeout at the 3:18 mark. After the timeout, Indiana's run continued. All in all, the Pacers ended the quarter on a 14-2 spurt and carried a 24-20 advantage into the second period. The Knicks didn't make a field goal over the quarter's final 4:44.

The first portion of the second quarter belonged to Al Jefferson. Jefferson scored eight of the team's first 10 points of the quarter and helped extend Indiana's lead to 34-26. New York responded with an 11-2 run to retake the lead, 37-36, with 5:45 left. Jeff Teague tied the game at 43 with a pair of free throws, and from there, Indiana built a six-point advantage, 57-51 with under a minute to play. The teams traded baskets in the quarter's final seconds, and Indiana took a five-point lead into halftime. To start the third, Indiana continually attacked New York in transition leading to opportunities at the free-throw line. Indiana was a perfect 8-of-8 from the charity stripe in the first half of the quarter to grow their halftime lead to nine, 73-64. George then split a double-team and found Thad Young in the corner for a triple that put the Pacers up 12 with 6:16 to play in the period. The Pacers got their lead to 15

before the Knicks cut it to 10 with 3:34 to go in the third. New York continued to close the gap in the final minutes of the third quarter. Anthony scored 15 points in the period, including 3-pointers on the Knicks' last two possessions, to slice Indiana's advantage to just three, 87-84, heading into the fourth. In the final period, Indiana had trouble slowing the Knicks' trio of Derrick Rose, Porzingis and Anthony en route to their fifteenth loss of the season. Turner and Young each finished with 21 points to lead Indiana's offense. Jefferson scored 18 off the bench, and Teague finished with a double-double, compiling 17 points and 12 assists. In support of Anthony, Rose finished with 24 points and six assists. Porzingis scored 21 and grabbed eight rebounds.
