Noblesville, Fishers announce partnership to develop . . . The new Nickel Plate Trail

The REPORTER
Noblesville Mayor John Ditslear and Fishers Mayor Scott Fadness were joined by Hamilton County Commissioners today to announce a joint partnership to develop the Nickel Plate Trail, a 14-foot wide paved pedestrian and bicycle trail connecting the two cities from 96th Street in Fishers to Pleasant Street in Noblesville, totaling 9.2 miles. The Nickel Plate Trail would be developed over the existing Nickel Plate Rail line.

“The Nickel Plate Trail is another step in fulfilling our vision to create more opportunities for residents to really get out and experience our community,” said Fishers Mayor Scott Fadness. “With the challenges we are facing to save the rail line, this option helps provide similar connectivity, activates the space year-round, and has the potential for a positive economic impact to Fishers.”

The partnership complements both cities’ long-range trails plans and connects the two communities.

“Whether residents walk, run, bike or skate, the Nickel Plate Trail will highlight what is unique about each of our cities – from the new downtown of Fishers and the young entrepreneurs of Launch Fishers north to Noblesville’s historic downtown and the small-town charm that we hold so dear,” said Noblesville Mayor John Ditslear.

“The Nickel Plate Trail will connect together the hearts of our downtown and provide an opportunity for our residents to experience each community like never before. For Noblesville residents, it will bring even greater walkability and add to our 84 miles of trails without replacing existing trail projects set to begin construction this year.”

The trail will be developed under a federal program as part of its National Trails System Act. The Act established the federal rail banking program which allows the owners of the rail corridor to convert the railroad to a pedestrian trail, while preserving the right to re-establish rail service.

The rail banking process

Indiana Transportation Museum releases response to Nickel Plate trail plans

The REPORTER

With the announcement of plans by the Cities of Fishers and Noblesville to convert the local landmark, Nickel Plate railroad to a walking and biking trail, the area is at risk of losing a major historic and economic differentiator.

The Indiana Transportation Museum, which has operated events and excursions on the line since 1990, is disheartened by the direction local leaders have chosen. With downtown developments carrying the Nickel Plate theme, the railroad as a historical, tourism-oriented entity has the capacity

to continually enrich the area’s market appeal and economic footprint. Studies have shown ITM is one of the top attractions in Hamilton County.

Many cities have walking and biking paths, but few in the United States have an operating heritage railroad operating through bustling business districts with access to a large metropolitan market such as Indianapolis. The organization brings in more than 40,000 riders into the area each year at a growing rate, and many travel from

Traffic Safety Partnership kicks off law enforcement campaign

The REPORTER

The Hamilton County Traffic Safety Partnership, a consortium of law enforcement agencies including Carmel Police, Cicero Police, Fishers Police, Noblesville Police, Westfield Police, Indiana State Police and the Hamilton County Sheriff’s Office, announced today they will join efforts with over 250 Indiana state and local law enforcement agencies to increase education and enforcement around dangerous and impaired driving. From March 3 through March 26, 2017, officers across the state will conduct high-visibility patrols specifically designated to identify and intercept those driving aggressively and under the influence.

Bowen

“As a state known for basketball hysteria, March is a time of celebration and fun here in Indiana,” said Hamilton County Sheriff Mark Bowen. “Throw in St. Patrick’s Day as well, and it’s critical we drive home the message that the only way to celebrate is responsibly. For this reason, our officers will be working day and night all across the county looking out for our fellow Hoosiers, because if we do see you driving dangerously or impaired, we will pull you over.”

Increased enforcement during March is a statewide effort supported by federal funding allocated to the Hamilton County Traffic Safety Partnership from the Traffic Safety Division of the Indiana Criminal Justice Institute (ICJI). Officers from around the county will work overtime to conduct observational patrols and sobriety checkpoints around the clock.

According to ICJI, in March 2016 there

Sheridan has a tiny new library

The REPORTER
The Sheridan Main Street Committee, in cooperation with the Noblesville Branch of the American Association of University Women (AAUW), has located and opened a “Little Free Library” on Main Street in uptown Sheridan. The library is located in the pocket park at the front of the JBS United Feeds parking lot just on the north edge of their office building. Sheridan Main Street is responsible, of course, for several pocket parks on Main Street but this location seemed to be just perfect for a project like this.

Little Free Libraries is an idea that began in Wisconsin in 2009 and features a small, dollhouse-sized structure with a large front panel that opens like a door. Most of the libraries are fashioned after one-room school houses. They are filled with books which people can trade for free. The idea is that for every book you borrow, you will leave one in return for someone else to borrow. Once you have read the book you can trade it in for another. There are no due dates or overdue fines involved; it is based

By FRED SWIFT

Hamilton County Democrats have a new party chairman, and Republicans re-elected their chairwoman during political reorganization meetings Saturday.

Joe Weingarten took over from retiring Keith Clock as Democratic chairman

in a caucus held at the Noblesville Public Library. About 60 committeemen and vice committeemen gathered to elect the new chairman without opposition. Named vice chairwoman was Rosemary Dunkle.

The Republican precinct organization with more than 200 attending, re-elected

Laura Campbell as county chairwoman without opposition. The GOP caucus was held at the Ritz Charles in Carmel.

Elected vice chairman was Terry Anker. Congresswoman Susan Books attended and spoke to the reorganization gathering.

Boys & Girls Club of Noblesville ready for spring break

The REPORTER

Registration is now open for the Boys & Girls Club of Noblesville spring break programs. The Club offers two unique programs for youth to participate in during the break. The attendees must be a member of the Club to take part in either program and both begin March 27 and run through April 7.

Camp Crosser is a fun and adventurous program full of high energy, fun and educational experiences. Youth will

participate in age appropriate activities including fishing, archery, arts & crafts, nature and environmental education, hiking, camp fire cooking, and so much more! Two separate week-long sessions are available which take place Monday through Friday from 8:30 a.m.-4 p.m. Registration forms can be found at www.BGCNI.org and turned in at the Club. Available spots are limited and will fill up quickly.

Club Daybreak programming,

which is located at 1448 Conner Street, provides themed weeks which will consist of special events, contest, guest speakers, activities and much more relating to that theme. Participants will have access to our computer lab, library, gym, games room, art room and snack bar. Hours of operation for spring break are Monday through Friday, 7:30 a.m.-6:00 p.m. The hours of 11 a.m.-3 p.m. are free with a Club membership, and there is a \$9 charge for the morning session (7:30-11 a.m.) and a \$9 charge for the afternoon session (3-6 p.m.). Club Daybreak registration forms are available online at www.BGCNI.org.

The Community Center will have multiple activities taking place during break. Open gym will be open to Club Members from 12:00pm-3:00pm Monday through Friday for both weeks of Spring Break. Boys and Girls ages 7-16 are invited to participate in the Indiana Pacers "Upgrade Your Game" Basketball Clinic on April 3rd and 4th. Indiana Pacers Basketball Clinics are an excellent way for boys and girls of all ages to upgrade their skills and have a blast at the same time. The clinic cost of \$80 includes a t-shirt and a ticket to a future Pacers home game!

The Boys & Girls Club of Noblesville provides high-quality, low-cost programs for youth members with the help of donors and sponsors. Between the Club, the Community Center and Camp Crosser, we provide opportunities for members to enjoy activities and experiences that help shape character and offer new perspectives. We are dedicated to inspiring and enabling all young people to reach their full potential as productive, caring, responsible citizens by promoting leadership, character, health and physical development.

is overseen by the federal Surface Transportation Board (STB), which could take six to 12 months, depending on response time of the STB.

"Transforming the rail to the Nickel Plate Trail gives these communities an opportunity to use these connection points today, rather than years down the line," said Christine Altman, Hamilton County Commissioner. "It also allows us to preserve the land for any potential long term transit plans. This is something we're very supportive of."

A preliminary cost estimate to convert 9.2 miles from rail to trail from 96th Street to Pleasant Street is approximately \$9.3 M, assuming standard crossings at intersections. This is subject to change, and value engineering and grant opportunities for cost savings will be explored as part of the initial design phase.

Two community listening sessions are scheduled to answer questions and provide the public with the opportunity to learn more about the trail. The listening sessions are scheduled for Tuesday, March 21 from 6-8 p.m. at Fishers City Hall Auditorium (1 Municipal Drive, Fishers, IN 46037) and Thursday, March 23 from 6-8 p.m. at Noblesville City Hall, 2nd Floor Conference Room (16 S 10th St, Noblesville, IN 46060).

Residents are encouraged to provide comments, ask questions or to request a meeting with staff via email at NPT@fishers.in.us or NPT@noblesville.in.us.

RESPONSE

from Page A1

out of town. These visitors buy gas, soda and snacks at convenience stores; have dinner and drinks at local restaurants and bars as well as stay in local hotels. The economic impact of such a move on the local businesses and community must be carefully considered before the heritage railroad is removed.

Museum officials have prepared a master plan that calls for increased excursions and events in order to maximize economic and cultural benefit. The Museum urges city officials to consider a joint-use-plan for the rail corridor, thereby allowing for both attractions to coexist for maximum community benefit. The Museum believes collaboration with city leaders is of the utmost necessity to preserve this unique icon and differentiator for the region as well as future generations of enjoyment.

Currently, as many as 10,000 families from across the region make museum events such as Polar Bear Express, Fair-Train and regular offerings a family tradition. The Museum wishes to reach a joint resolution to ensure these experiences are preserved for all to enjoy, thus allowing for the long-term continuation of museum programs.

Between Noblesville and Pendleton . . . State Road 38 to receive new pavement

The REPORTER

The Indiana Department of Transportation (INDOT) has awarded a \$1.6 million construction contract to E & B Paving to repair and resurface more than nine miles of pavement on State Road 38 between State Road 32 in Noblesville and I-69 in Pendleton.

The project will include repairing aged sections of pavement on the stretch before paving an inch-and-a-half asphalt overlay be-

tween I-69 and State Road 13 and applying a 3/4-inch ultrathin bonded wearing course between State Road 13 and State Road 32.

State Road 38 will remain open through the project. Flaggers will be used to direct traffic around work zones.

Construction is anticipated to begin this spring. A specific start date will be announced after a schedule is submitted by contractors. The project is expected to be complete this summer.

Sheridan Main Street Committee members, members of the Noblesville branch of the American Association of University Women and other Sheridan community members dedicate the new Little Library located in the pocket park located on the west side of Main Street in uptown Sheridan.

entirely on the integrity of the individual to bring borrowed materials back. And now that warmer weather is returning, this little pocket park location on Main Street makes an excellent location for people to sit, relax and read their books.

Since 2009 and the advent of Little Free Libraries, there are literally thousands of them spread all across the world. According to Elaine Petro, president of the Noblesville Branch of the AAUW, this is their first time to sponsor one of these little libraries and they are very pleased with the enthusiastic welcome they have received here in Sheridan. And the members of the Sheridan Main Street Committee, most notably Linda Williams, Michelle Junkins and Anita

Childers, are just as pleased to have this unique gift to our community located in one of their pocket parks.

The next time you drive up or down Sheridan's Main Street be sure to take a look at our new library located in the 300 block. And if you feel so inclined, please stop and pick up a book or two to take home to read; or better yet, just take a seat in the park and have a good read.

SAFETY

from Page A1

were 495 alcohol-related crashes across Indiana, resulting in 231 injuries and 11 fatalities. Additionally, during the same period, crash reports indicate 1,128 collisions occurred due to dangerous driving, resulting in 260 injuries and two fatalities. Dangerous driving includes factors such as "speed too fast for weather conditions," "driver distracted" and "driver asleep or fatigued."

"Protecting all those traveling Indiana's roadways is an action we do not take lightly," said ICJI Executive Director Dave Murtaugh. "With various celebratory events taking place during the month of March, it's important we remind all drivers and passengers the responsibility of staying safe on the road lies at their feet. I want to thank our hard-working and dedicated officers who will be out in full patrol working to ensure this message is front and center in the mind of all those behind the wheel. The key to safe travel is simple. Buckle up and drive sober."

Crashes resulting from dangerous and impaired driving are preventable. The Hamilton County Traffic Safety Partnership and ICJI would like to remind motorists safe driving is as simple as following these easy steps:

- Before the celebration begins, plan a safe way home
- Do not drive impaired
- If you do drink, use a taxi, public transportation, ridesharing service or designate a sober friend or family member, and give them your keys
- If you see a drunk driver on the road, call 911
- If you know someone who is about to drive or ride impaired, take their keys and help make arrangements to get them home safely

For more information on Indiana's efforts on impaired driving prevention and enforcement, please visit: <http://www.in.gov/cji/2354.htm>.

Anne Stoddard Harris

April 2, 1980 - February 27, 2017

Anne Stoddard Harris, 36, of Fishers, passed away February 27, 2017 at IU University Hospital Hospice Center. She was born in Indianapolis April 2, 1980, the daughter of Linda and Stanley Harris of Fishers. She married Anthony "Tony" Bell on March 26, 2013.

As a youth, Anne was a member of First Meridian Heights Presbyterian Church and enjoyed attending summer church camp. She earned an Associate's Degree in Computer Graphics from International Business College.

Anne is survived by her husband; her parents; her daughter, Isabelle Harris; brother, Patrick (Denise) Harris; niece, Katie and two nephews, Elliott and Landon Harris, all of Franklin, WI; stepchildren, Jasper Bell and Jaime Bell; parents-in-law, Cathy & William "Bill" Bell; two uncles, William Stoddard of Sioux Falls, SD, and Leland Stoddard of Madison, SD; and an aunt, Audra Stoddard Bailey of Sioux Falls, SD.

Calling was Saturday, March 4, with a service following, at Randall & Roberts Funeral Home, Noblesville, Indiana.

In lieu of flowers, memorial donations may be made to Humane Society for Hamilton County, 1721 Pleasant Street, Suite B, Noblesville, IN 46060; or Pyoca Camp, Conference & Retreat Center, 886 East County Road 100 S, Brownstown, IN 47220.

Condolences: www.randallroberts.com

Marian P. Farrell

December 22, 1927 - March 2, 2017

Marian P. Farrell, 89, of Zionsville, IN, passed away March 2, 2017. She was born on December 22, 1927, in Peoria, IL, to Robert and Lola Allton Prewett.

Marian was a 1946 graduate of Peoria High School and attended Bradley University. She was a member of the Sigma Kappa Sorority and was the Dream Girl of Theta Chi Fraternity.

Marian was gifted in and had a passion for writing. Her writings included more than 300 poems and stories which many were published in the Indianapolis Star and Zionsville Times. Marian worked as secretary-treasurer of J.M. Farrell Co. Contractors. She also volunteered for a number of years at the Zionsville Police Department.

In addition to her parents, Marian was preceded in death by her brother, Jimmy Prewett.

Survivors include her husband, John; daughter, Renna; son, Daniel (Marie); 7 grandchildren and 8 great-grandchildren.

Family and friends will gather on Saturday, March 11, 2017 at 10 a.m. in Zionsville United Methodist Church where the funeral service will begin at 12 noon. Burial will follow in Salem Cemetery, Zionsville.

Please visit www.bussellfamilyfunerals.com to read Marian's complete obituary.

Phyllis Jane (Boruff) Morris

July 18, 1943 - February 27, 2017

Phyllis Jane (Boruff) Morris, 73, of Noblesville, passed away on Monday, February 27, 2017 at Riverview Health. She was born on July 18, 1943 to Jamerson and Bonnie (Dezean) Boruff in Elwood, Indiana.

Phyllis was a resident of Noblesville her entire adult life beginning in 1966 when she married Robert Morris. She worked in the Noblesville High School cafeteria for 5 years, then for over 15 years worked as a secretary for McMahon Foods, Kraft, and US Food Service. Phyllis loved to cook and bake, especially for other people, and was a member of First Christian Church of Noblesville. She was an avid reader, and was a sports fan, especially of the Indianapolis Colts. Phyllis was a very kind and patient person, and always thought of others first. Most of all, she loved her grandchildren more than anything.

Phyllis is survived by her daughter, Amy (Todd) Lee; son, Rob (Erin) Morris; four grandchildren, Tim Frazier, Matthew Morris, Emerson Morris, and Jackson Morris; siblings, Joann Williams, Mary Greenwald, Jim (Judy) Boruff, Ron (Darlene) Boruff, and Wayne Boruff; as well as several nieces & nephews. In addition to her parents, she was preceded in death by her siblings, Madonna & Roy Boruff.

Services were held on Saturday, March 4, 2017 at Randall & Roberts Funeral Center in Noblesville, with visitation prior to the time of service. Rev. Stanley R. Sutton officiated. Burial was at Sunset Memorial Park in Elwood at a later date.

Condolences: www.randallroberts.com

Thomas Albert Ferguson

September 30, 1935 - February 24, 2017

Thomas Albert Ferguson, 81, of Lapel, passed away on Friday, February 24, 2017 at St. Vincent Anderson Regional Hospital following a brief illness.

He was born on September 30, 1935, in DuBois, Pennsylvania, to Perry A. and Hattie M. (Dent) Ferguson.

Tom graduated from DuBois High School in 1954. He was a veteran of the U.S. Army Infantry 3rd Division and served in Germany, and retired from Brockway Glass in 2001 with 45 years of service in maintenance. He was an avid bowler, bowled 35 consecutive years in the Nationals, inducted into the Anderson Bowling Hall of Fame, and served on the bowling association for many years. He made all the trophies for the Special Bowlers League. Tom was a lifelong member of the Anderson Fraternal Order of Eagles 174.

Tom is survived by his wife of 58 years, Peg (Johnson) Ferguson; one daughter, Tammy (Ferguson) Blake of Anderson; two grandsons, Christopher Blake of Anderson and Devon Yuskis of Lapel; two brothers, Perry (wife, Bernie) Ferguson of Hermitage, Pennsylvania and Ron (wife, Beverly) Ferguson of DuBois, Pennsylvania; one brother-in-law, Robert Johnson of Brockport, Pennsylvania; and several nieces and nephews.

A Memorial Service was held on Tuesday, February 28, 2017 at Scott E. Hersberger Funeral Home, Lapel, with Rev. Larry Bigham officiating. Burial will follow in Brockway, Pennsylvania at a later date.

Visitation was Tuesday, February 28, 2017 at Scott E. Hersberger Funeral Home.

Memorial contributions may be made to Special Bowlers League of Anderson, 1920 East 53rd Street, Anderson, Indiana, 46013.

Online condolences: www.hersbergerfuneralhome.com

Sharon Lee Ducate Bedinger

November 2, 1936 - February 25, 2017

Sharon Lee Ducate Bedinger, 80, of Carmel, passed away Saturday, February 25, 2017. She was born on November 2, 1936 in Shreveport, LA, to the late Jack and Lena Hogan Ducate.

Sharon taught sixth grade at Carmel Middle School before retiring in 1998. She also volunteered at Carmel St. Vincent hospital.

In addition to her parents, Sharon was preceded in death by her son, Brian Kelley. She is survived by her loving husband of 38 years, David Bedinger; twin sister, Shirley; brother, Doug (Judy); children, Keith (Lorri); daughter Paige (Rob); daughter-in-law Debbie; stepson Tom; grandchildren, Matt, Andy, Brooke, Zack, Bronson, Jacob and Zane and great-grandchild, Logan.

Family and friends gathered on Thursday, March 2, 2017 in Church at the Crossing, Indianapolis. A Celebration of Life Service took place on Friday, March 3 in the church. A private burial for the family followed in Farley Cemetery.

In lieu of flowers, the family suggests in memory of Sharon, donations to Alpha Chi Omega Foundation, a scholarship fund has been established in her honor. Please visit www.bussellfamilyfunerals.com

Donna L. Clark

November 7, 1946 - March 2, 2017

Donna L. Clark, 70, of Noblesville, passed away peacefully at her home surrounded by loved ones on Thursday, March 2, 2017. She was born on November 7, 1946 to James and Pearl (Herron) Trexler in Painesville, Ohio. Donna was a self-employed house cleaner.

She is survived by her daughter, Angela McGraw; grandsons, Lee McFarland, Joseph Privett Jr, Kevin McGraw, and Kameron McGraw; brothers, Robert (Nancy) Trexler, and Joe (Pam) Trexler; sisters, Joyce (Keith) Benefiel, Alice (Ron) Beamon, Sally Harmon, Robin (Jeff) Souder, and Linda (Scott) Weems; and friends, James McMichael and Robert Polard.

In addition to her parents, Donna was preceded in death by her husband, James Clark; sister, Barbara Lott; and brother-in-law, Mike Harmon.

Services will be held at 1 p.m. on Monday, March 6, 2017 at Randall & Roberts Funeral Center, 1685 Westfield Road in Noblesville, with visitation from 11 a.m. to the time of service. Rev. Stanley R. Sutton will officiate. Burial will be at Summit Lawn Cemetery in Westfield.

Condolences: www.randallroberts.com

Ronald E. Campbell

August 24, 1940 - March 1, 2017

Ronald E. Campbell, 76, of Noblesville, passed away on Wednesday, March 1, 2017 at St. Vincent Hospice in Indianapolis. He was born on August 24, 1940 to Eugene and Doris (Finnegan) Campbell in Guthrie Center, Iowa.

Ronald worked in security system sales, and was a model railroader and avid reader. He enjoyed camping and watching NASCAR.

Ronald is survived by his wife, Kathy; mother, Doris; daughters, Niki, Joey, Leah, and Rachel; son, Chris; brother, Allen; and grandchildren, Marcus, Hardt, and Raquel.

In addition to his father, Eugene, he was preceded in death by his brother, Robert; and niece, Wendy.

Services will be held at 10 a.m. on Saturday, March 4, 2017 at Randall & Roberts Funeral Center, 1685 Westfield Road in Noblesville, with Rev. Allen Campbell officiating.

From Marathon to Stage 4 Cancer

By COURTNEY COX COLE

It's Jan. 19, 2014, and I'm getting ready to run my first marathon at Clearwater Beach in Florida. I've been training for this thing and I'm ready to make this long run. My goal is to do this under five hours. Leading up to this race, I had done numerous triathlons – Sprint and Olympic Distance – and multiple mini marathons; however, I had never run a marathon. I stopped doing the triathlons in favor of running my first marathon, mainly because it was winter and there were not any triathlons in the winter because the swim portion would be way too cold. Furthermore, I wanted to prove that I could both run a marathon and that I could run it at a decent pace.

I loved working out because it relieved all the stress from my job of helping run Hare Chevrolet with my sister, Monica Peck. We loved the car business, but it would occasionally get stressful due to dealing with different kinds of employees and customers. Some were fantastic and some were a challenge.

We had quickly become the largest Chevy Dealership in the State of Indiana

and we loved competing with the other stores. We were constantly looking for niches that would help improve our business. However, I really needed the exercise to stay balanced. I was going to run this marathon with a buddy of mine who lived in Florida, who was a consultant in the car business, and who had become a very close friend. He had run about 60 marathons and was only going to do the half portion of this one because he had hurt himself at his previous race.

Leading up to this race, I had no idea that I was about to experience a life-altering change. In less than three weeks, I would find out that I had lung cancer! That's right – in three weeks – I would find out that I had run my FIRST marathon with LUNG CANCER . . . I had never smoked in my life and had recently run numerous mini marathons, triathlons, and now a marathon . . .

I kept having these chest pains and I "thought" it was just due to stress. Finally, one evening my chest had been bothering me all day. I was recently divorced and it was just the two kids and me. I could no longer endure the pain so it was about 7 at night and I told the kids – Mommy has to get some relief. This is not a big deal, but the only place I know to go at this time is the emergency room . . .

For the first time in my life, I take my

two kids and myself to the emergency room. I tell the doctors that I'm having horrible chest pains. That gets you right to the "front of the line" . . . I get right in and they run numerous tests . . . The doctor comes back and says, "You have pleurisy on the left side of your chest, but you have a big lesion on your right side. You are going to have to get this checked out as soon as possible."

At this time, I am 42 years old, never smoked in my life, and I am in great shape. I am thinking to myself – there's no way that I have lung cancer! How could I have run a MARATHON with lung cancer? I am convinced that they are just not sure and that it will be something much milder. Unfortunately, a couple of weeks later I would do a PET Scan and learn that I had Stage 3 lung cancer . . . My life would be permanently changed.

My biggest lesson is that life is truly a gift. I am about to start my fourth year of what is now Stage 4 Lung Cancer. Despite this disease, I am very optimistic about my future. My Doctor group is at IU Health and it's the same group that took care of Lance Armstrong for his Prostate Cancer. They have expanded their specialty to Lung Cancer. I have quickly learned that every day is a gift and it is up to us to make the absolute most of it.

Learning to hang my worries on the Worry Tree

By JANET HART LEONARD

A wise man once told me that everyone needs one . . . a Worry Tree.

Whenever you have something at work that is troubling you, he said, "Don't take it home with you. Hang it up on the

branches of the Worry Tree and leave them when you clock out." You don't get paid overtime because you take the worries home with you.

It is hard to do, especially when you are a people pleaser like I am. I want to fix it. I want to make it better. I want to do right by people.

And when I can't? Ugh. I feel like I have failed. And of course, I feel like they don't like me. Yes, I take it personally.

The wise man told me that if you do all that you can to take care of someone, that is what matters. Some will see it, some won't.

Some people, well, you will never be able to please. You will have people that you go above and beyond what you should do for them and yet, it will never be enough.

I've spent many a night tossing and turning trying to find a way to make someone happy. For some people, happiness will never be found. They find faults that others would never see. They seem to carry a magnifying glass around with them. They hand you the magnifying glass and the weight of it burdens your mind and heart.

I have struggled to hang my worries on the Worry Tree. They get in my mind and as tired as I am, I cannot allow my mind to rest.

I've learned to respond to any concern as quickly as possible. The longer someone has to stew about something the harder it is to get them to understand that you are trying. Sometimes they just need to be reassured that you are aware of the issue and are trying to address it.

What if you cannot do anything to fix the problem? Apologize and move on. All you can do is your best. My least favorite saying is "it is what it is".

Some people will never get over what you cannot solve. Some things are not for you to solve, try as you might.

Some people hold the measuring stick of satisfaction well beyond what you can jump over. Some people hand you hoop after hoop to jump through. You are ONE person. You have your limits. You do not hold the key to happiness for anyone but yourself.

The truth is that most people just want to know you care enough to try. They want to see that their concerns are addressed. They don't want to hear the prepackaged word tracks that land on deaf ears. Apologies need to be sincere. Issues need to be addressed as quickly as possible.

At the end of the day, don't wrestle with the issues of the day.

Ok, so my mind knows all this. I just wish my heart would listen.

"All Aboard" the Nickel Plate Trail

By STEVE COOKE

Deputy Mayor, City of Noblesville

This week's Nickel Plate Trail announcement from Fishers and Noblesville was met with a tremendous amount of excitement from both communities. Word spread faster than a bullet (thanks to Twitter) and more powerful than a . . . well, locomotive.

While this proposal is generating wide coverage in the media and discussion at every coffee shop from The Edge to the Courthouse Square, I wanted to delve into further details on the route through Noblesville and what it means for the potential Pleasant Street project.

Whether you are a fan of rails, trails or both, the time is now for our community to make this move given the opportunity to apply the National Trails System Act that would allow converting the rail line to a trail – while preserving the right to re-establish a rail service should it be needed in the future.

We foresee a high degree of recreational usage for the Nickel Plate Trail, connecting our two cities. Heading north from 146th Street, residents and visitors will travel alongside Noblesville woodlands, neighborhoods and business parks

before meeting up in Old Town at Pleasant Street where the Nickel Plate will intersect with the future Midland Trace Trail.

Keep imagining as you turn onto the Midland Trace (because the Nickel Plate Rail tracks veer into 8th Street at this point) and head west to where it connects with the Riverwalk trail. Using the scenic Riverwalk alongside the White River, pedestrians can travel north to pass under both Conner Street and Logan Street bridges to arrive at the Pocket Park where the county's White River Greenway trail crosses over into Forest Park.

What about the Nickel Plate tracks that run north of the Pocket Park toward Cicero? What if we continued the Nickel Plate Trail, and extended it north between Forest Park and Fox Prairie Golf Course and continued beyond 196th Street? That decision is still to be determined, but it is a discussion that we welcome.

For now, however, Fishers and Noblesville will focus our initial plans for the Nickel Plate Trail from 96th Street to Pleasant Street.

Speaking of Pleasant Street, we believe nearby residents will be excited to welcome two major urban trails intersecting this historic area right outside their homes and businesses. Think of the Indianapolis Cultural Trail and imagine what we can do with our own trail to celebrate the history and vibrancy of the Old Town we know and love. The ability to inspire

redevelopment with improved safety and connectivity is something we can work together to achieve.

At the same time, the City will soon begin the initial survey and design work that is necessary before any expansion of Pleasant Street with the new bridge over the White River. While the rendering of the Nickel Plate Trail depicts a possible view of this intersection of low-speed roadways and pedestrian trails – it is only a concept at this point and does not represent the exact route, real estate impact or other engineering details.

Our city leaders long ago realized the value of a robust trail system, evidenced by the 84 miles of current trails that traverse Noblesville and give residents lots of options for outdoor recreation. Starting this year, we will add to that system with the Midland Trace, Little Chicago Road and Levee trails all beginning construction in 2017. I hope you are as excited as I am to add to this system the Nickel Plate Trail.

In the meantime, learn more about the proposal and get answers to your questions about the Nickel Plate. Attend one of two community listening sessions that are scheduled for Tuesday, March 21 from 6-8 p.m. at Fishers City Hall Auditorium (1 Municipal Drive) or Thursday, March 23 at Noblesville City Hall, 2nd Floor Conference Room (16 S. 10th Street).

Until next time, see you on the square.

Mourning and doing the best we can

By SHARON McMAHON

"The English language lacks the words to mourn an absence. For the loss of a parent, grandparent, spouse, child or friend, we have all manner of words and phrases, some helpful some not. Still we are conditioned to say something, even if it is only "I'm sorry for your loss."

- Laura Bush, Spoken From the Heart

For my husband Bruce and me this has been a season of visiting funeral homes and memorial services much too often. The quote above seems very appropriate to me as a reminder of two things: one thing every human on this planet has in common is that we are headed toward the same end, and we will know others who are experiencing loss before they themselves meet that end. How is that for an upbeat column this week!

Mourning our own loved ones we lose is obviously very difficult; and mourning with others is difficult as well. However, it is an important part of our lives. Our psyche and our physical well-being are inextricably linked. Few people enjoy funeral home visitations and services. (If you do I suggest you might wish to read another column or seek professional help.) We do it as a service both to those for whom we care and for ourselves. There is a saying that "we never really begin to live until we are prepared to die." I earnestly believe that is true; whatever your personal faith might be, most of us believe that we will

be aware and engaged after our demise.

Speaking for myself, I am in no great hurry to meet that end so I want to live my life healthy, engaged, giving, and with enjoyment in the process. We are all shaped differently with various talents, outlooks, and plans. However, we are drawn together in common goals to achieve our "best self." These goals include proper nutrition, moving our bodies away from the television, computers and social media, working our muscles and staying flexible, and keeping our mental capacities strong and curious. Obviously, there are situations in which the demise of a person is immediate and without warning, something my own family has experienced and maybe some of you as well. A life cut short in that way is truly tragic but not the situation which I am addressing here.

In working with senior citizens (of which I am one!) in nutrition consulting and personal training, I very often receive feedback that they understand – now – that if they had been more discerning of their eating habits, activity, and personal care over the years their senior years would be more productive, enjoyable, and rewarding. I believe this to be true for most of us. So – what are we to do? The answer is very simple, really...the best we can. Isn't that what it comes down to; taking the best care of ourselves that we possibly can and adopting a positive outlook on the trials and tribulations that are pervasive in our society? By doing that, reaching out to others, and using our time on planet Earth to be a confident force in maintaining optimum physical, emotional, and mental health we will make the best use

of our time here. Control what you can, work on the attributes you can change, and greet each morning with optimism and hope. Reach out to those who mourn; ease their souls as you soothe your own. Your body, mind, and soul will respond to the care you provide to yourself and to others.

Are zodiac signs changing?

By **EMILY RUIZ GUTTMAN**
Sheridan High School Student

Zodiac signs are something that are all around us, yet we tend to forget or barely notice them. These 12 signs are from constellations in the sky. They are known to determine people's personalities based on their birthdays. For example, right now is the Pisces sign. So, anyone who was born from Feb. 19 to March 20 is known to be sensitive, understanding and imaginative. These signs help us determine things in our lives and in others' lives as well. These signs make it fun to find out how others may act, what the future may hold for them, or things about celebrities we did not know based on their birthdays.

If you are like me, then you may want to know which zodiac sign you have. I already told you the Pisces sign, but the one before that is the Aquarius sign. If you were born under the Aquarius sign between Jan. 20 and Feb. 18, you are an intellectual, socially aware and trendsetting person. The sign before that is the Cap-

ricorn. People born between Dec. 22 and Jan. 19 are said to be reliable, cautious and ambitious. The Sagittarius sign says that if your birthday is between Nov. 22 and Dec. 21, you are likely to be free-spirited, optimistic and enthusiastic. Scorpio (Oct. 23 – Nov. 21) people are known to be wise, dramatic and passionate. Libras (Sept. 23 – Oct. 22) are loving, refined and cooperative. Virgos (Aug. 23 – Sept. 22) are ethical, considerate and creative. Leos (July 23 – Aug. 22) are charismatic, loyal and devoted. Cancers (June 21 – July 22) are compassionate, emotional and sensitive. Geminis are adventurous, multi-talented and are born between May 21 and June 20. Taurus people are born between April 20 and May 20 and are said to be kind, reserved and obstinate. The Aries is born between March 21 and April 19. They are known to be adventurous, active and athletic. The new question is, are these signs changing?

These signs come from constellations that are marked by the path the earth travels through the year. It is said that the signs correlate with Earth passing through constellations. This is not always true though. You could be said to be a Pisces by the dates on a calendar but the earth may have traveled past that constellation. This

happens when the earth revolves around the sun less than a year by our calendar. According to Christopher Crockett from earthsky.org, 2,000 years ago the earth and the sun were between the Gemini and Cancer constellations during the June solstice. This is what we use to determine our signs today. If you were born between May 21 and June 21, then you were either a Gemini or a Cancer. But, today's June solstice has the earth and sun between the Gemini and Taurus constellations. This means the signs are now about one month off. Earth's axis has slightly wobbled and shifted over the years, causing this to happen. In another 2,000 years the calendar will be two months off because of Earth's movement.

What does this mean for the zodiac signs? I think that this will not change our calendar's views, meaning the description about predictions for personalities, love, health and fortune that we read about or see online will probably still be right or close to right. It is not a fact that these can predict our future, but it is fun to imagine they can. Although the earth may be moving and changing our zodiac calendar, the entertainment of finding the future or other reasons for unknown things should not and most likely will not be taken away.

March brings never-ending opportunities

By **MARY SUE ROWLAND**

March brings a never-ending supply of downed tree limbs, winter collections of leaves in the yard and general yard waste. Unusually warm weather in February, was an opportunity to get some fresh air

and work in the yard. But what to do with the organic left overs of mother nature? The city of Noblesville has the answer. Beginning in just a few days, the street department will be coming to your door to remove the gathered yard waste from your property. The Street Department does not rake your yard but they do pick up the result of your work.

Here is how it must be done and when:

Beginning March 13, 2017 and continues through October 13, 2017, brush will be picked up on the same day as trash collection, not the same time as trash collection but the same day. Pick up is made on the street side only, NO alleys. Do NOT put brush in the street but place it in the space between the street and the sidewalk. All brush must be stacked in small piles, no more than 4 feet in length and 18 inches in diameter. Limb size should be no more than 4 inches in diameter.

So you have a bigger pile of brush? Solution: Just call the Noblesville Street Department, 317-776-6348 to schedule a special large brush pick up. Now how is that for service? No reason to not beautify your property with a spring cleanup and set the brush between the curb and sidewalk for pick up on the same day as trash pickup. DO NOT PUT THE BRUSH IN THE ALLEY WAY, BRUSH IS PICKED UP AT THE STREET SIDE ONLY.

What about the small stuff like leaves left over from fall?

In the spring, NO loose leaves will be picked up. All leaves must be bagged in green biodegradable bags, set next to the brush pick up site or placed in front of the house between the curb and sidewalk. Keep all yard waste away from storm drain sites to keep the drains open and flowing. If the storm drains become blocked flooding can occur. If you have a storm drain near your home, "adopt the drain" and take care of it by raking leaves and trash away from the storm drain site. It will mean positive water flow for your property and your neighbors.

So get your supplies ready now. Pick up the free green biodegradable bags from City Hall front desk or Planning Department, Street Department just 3 blocks west of the Post Office on Pleasant Street, Parks Department in Forest Park Inn, Hamilton Co. Hazardous Waste Station on Pleasant Street, or the Fire Station in your area. There is no charge and now you are ready to do your yard cleanup. You have all the information to be a good citizen and follow the helpful suggestions for city pick up of yard materials. That service is free also...well maybe not free but a service supported by your tax dollars. Get your tax dollars' worth and take advantage of this great service. It also makes the community look clean and healthy and ready for those warm breezes to follow.

Note: Fall leaf pick up begins September 18 and continues through December 15th. Use those left-over spring green biodegradable bags in the fall. Pick up is at the same location and day as in the spring. No limit to the number of bagged leaves. Loose leaves are messy and pick up does not begin until October 9, 2017. It would be good to pick up a nice supply of green bags and bag it in the spring and the fall.

Add a few nice flowers and enjoy. The city is your partner is making your home an even more special place and you can be the great example for the neighborhood.

Questions? Call the Street Department 317-776-6348, Mayor's Office 317-776-6324, Police Department (non-emergency) 317-776-6340. Hamilton Co. Household Hazardous Waste Center 317-776-4005, Green Cycle 317-773-3350, Creative Compost 317-776-2909. See you in the yard!

A look back down Nickel Plate Rail

By **FRED SWIFT**

Some of our local leaders have decided a trail would offer more than a railroad. So, as the Nickel Plate Railroad appears to be nearing the end of its historic contribution to Noblesville history, it is worth reviewing what it has meant to the community.

When the railroad reached the community in 1851 Noblesville had a population of less than 700. By 1900 the population was nearing 5,000 thanks in large part to the railroad.

As in so many American communities, the railroad supplied the life blood. Towns without rail service in the 19th century usually did not flourish. Most

products were shipped out on the rails, and manufactured goods arrived by rail.

In Hamilton County, grain processing mills and small factories opened not only in Noblesville, but at Cicero, Arcadia and Atlanta. Fishers was actually founded because of access to the Nickel Plate.

Most people traveled by rail, especially if going more than a few miles from home. Passenger service brought interesting and famous people to Noblesville. There were six presidential visits between the 1870s and 1948.

President U.S. Grant was the first, coming to speak to Civil War veterans. He was followed by President Benjamin Harrison, William McKinley, Teddy Roosevelt, Warren Harding, and Harry Truman, an impressive group to visit a small city.

There were unsuccessful candidates too, including William Jennings Bryan

and Franklin D. Roosevelt who was running for vice president in 1920. These were in times when whistle-stop campaigning was popular.

But, the popularity of the railroad waned by the 1960s. Truck transport took over much of the freight business and the automobile and air travel took most of the passenger traffic. Since the 1980s the Nickel Plate has been used only for local excursion trains which until last year gave local residents and especially children a sample of what train travel used to be.

Last week the city administrations in Noblesville and Fishers announced intentions to convert the railroad right-of-way between the two cities to a recreational trail for hikers and bicyclists. No date has been set for the conversion. For better or worse, this will likely end the 165-year history of train traffic in Noblesville.

Give a little time, raise a little money

By **JACK RUSSELL**

Westfield Chamber of Commerce President

Have you ever heard the saying, "Time is money?" Such an interesting expression, but it can mean different things to different people. I wanted to look at those words individually.

Time is an interesting word because it can mean different things depending on how you say it. You can use it as a noun which means a point of time as measured in hours and minutes. You can also use it as a verb in which case the meaning is plan, schedule, or arrange when (something) should happen or be done.

Another part of the sentence I wanted to look at is the word money. One of the definitions of money is the assets, property, and resources owned by someone or something.

No matter how you define time or money, one thing I learned over the last couple weeks is our local nonprofits here in Hamilton County work hard every day to support individuals in our community through time and money.

The Westfield Chamber of Commerce had the Share the Love Luncheon connecting the business community with local nonprofits in the area. It was amazing to me to hear the responses afterwards. Most of the people who came up to me said I had no idea about these issues and needs. The businesses and people attending also could not believe how much each nonprofit relied on one another. Every person after the event responded with... How do I get involved? My answer was, "Time is money."

Again, each of us have a different definition of that saying. My definition is simple; if people have time in their busy lives, find a way to give back. We learned at that luncheon that volunteers were needed in most organizations. Each of us treat time like money. It is valuable

and it is an important part of how we take care of our family. It is an asset and resource that we own.

I challenge everyone to use their most valuable asset and give back. That being time. If you already do so share it! Share it on social media and let others know how they can join you. We are blessed to live in a place like Hamilton County and together we can give a voice to those who may not have one.

If the perception of Hamilton County is that the streets are paved in gold than let's find a way to make that true in the lives of each person in Hamilton County.

I would be crazy not to say thank you to those who work for nonprofits each and every day. Passion is a contagious thing. I encourage everyone to go meet with a local nonprofit and talk to a board member or their executive director. I would bet after that conversation that you would be ready to help that day because of the passion they bring.

If you can remember one thing, remember this. Time is money.

Time for some financial spring cleaning

By **COREY SYLVESTER**

Cicero Edward Jones

Spring is in the air, even if it's not quite there on the calendar. This year, as you shake off the cobwebs from winter and start tidying up around your home and yard, why not also do some financial spring cleaning?

Actually, you can apply several traditional spring cleaning techniques to your financial situation. Here are a few ideas:

LOOK FOR DAMAGE. Damage to your home's siding, shingles and foundation can eventually degrade the structure of your home. Your investment portfolio is also a structure of a sort, and it, too, can be damaged. Specifically, you may have deliberately constructed your portfolio with an investment mix – stocks, fixed-income vehicles, cash instruments, etc. – that's appropriate for your goals and risk tolerance. But over time, your portfolio can evolve in unexpected ways. For example, your stocks may have grown so much in value

that they now take up a larger percentage of your holdings than you had intended, possibly subjecting you to a higher degree of risk. If this happens, you may need to rebalance your portfolio.

GET RID OF "CLUTTER." As you look around your home, do you see three mops or four nonfunctional televisions or a stack of magazines from the 1990s? If these items no longer have value, you could get rid of them and clear up some living space. As an investor, you also might have "clutter" – in the form of investments that no longer meet your needs. If you sold these investments, you could use the proceeds to fill gaps in your portfolio.

CONSOLIDATE. Do you keep your lawnmower in a shed, a rake in your garage, and your gardening tools in the basement? When working on your outdoor tasks, you might find it more efficient to have all these items in one location. You could also have your investments scattered about – an IRA here, a new 401(k) there, and an older 401(k) someplace else. But if you consolidated all your investments in one place, you might cut down on paperwork and fees, and you wouldn't risk losing track of an asset (which actually happens more than you might think). Even

more importantly, when you have all your investments with one provider, you'll be better positioned to follow a single, centralized investment strategy.

PREPARE FOR A RAINY DAY. As part of your outdoor spring cleaning, you may want to look at your gutters and downspouts to make sure they are clear and in good repair, so that they can move rainwater away from your home. Your financial goals need protection, too, so you'll want to ensure you have adequate life and disability insurance.

SEAL LEAKS. In your home inspection this spring, you may want to investigate doors and windows for leaks and drafts. Your investment portfolio might have some "leaks" also. Are investment-related taxes siphoning off more of your earnings than you realize? A financial professional can offer you recommendations for appropriate tax-advantaged investments.

This spring, when you're cleaning your physical surroundings, take some time to also tidy up your financial environment. You may be pleased with the results.

Sectional 8 championship...

Solid defense leads 'Hounds to third straight title

By RICHIE HALL

Reporter Sports Editor

The Carmel boys basketball team won its third consecutive sectional Saturday, beating Hamilton Southeastern 69-57 at the Eric Clark Activity Center.

This was a reversal from the two teams' earlier season game, where the Royals won 72-51. On Saturday, the Greyhounds rolled through the second quarter to take control of the contest, and maintained that advantage in the second half.

"Defensively, we were so much better tonight than the first time we played them," said Carmel coach Scott Heady. "We rebounded a lot better. We controlled the boards all night. And we didn't turn the ball over. We went in at halftime with two turnovers, and I think that was the key that got us the lead."

Next up for Carmel (21-4) is a trip to the Logansport regional, where it will have a noon re-match next Saturday with McCutcheon. The Mavericks beat the Greyhounds in overtime last year at the Berry Bowl, and then made their way to the Class 4A state championship game.

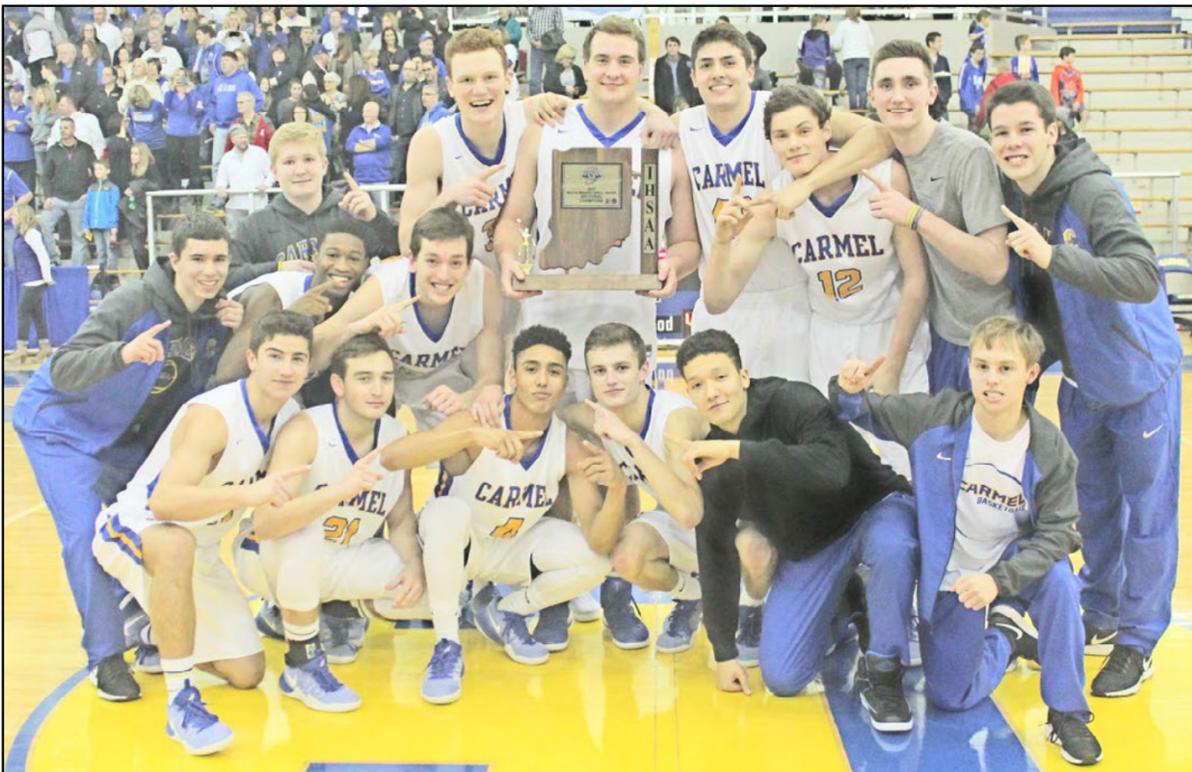

The 'Hounds were ahead 15-9 at the end of the first period, and beginning a 15-2 run that would take them up to a 29-11 lead late in the second quarter. Senior PJ Baron continued his great play in the first half, scoring 11 points.

"As a senior, it feels great, especially on the home court," said Baron.

Carmel led 17-11 before scoring 12 unanswered points, the majority of its big first-half run. Baron hit a 3-pointer, a putback and a layin, and Eddie Gill finished things up with a 3-pointer of his own.

Southeastern got five quick points off a basket by Connor Rotterman, then Zach Gunn converted a 3-point play. But the half ended with Cole Jenkins tossing in a '3' for Carmel, and the Greyhounds were up 32-16 at the break.

Carmel continued to roll in the third period, ending it with six unanswered points, layins by Britt Beery, Jalen Whack

Reporter photo by Richie Hall

The Carmel boys basketball team beat Hamilton Southeastern 69-57 Saturday to win its third consecutive sectional championship. The Greyhounds will travel to Logansport next Saturday to take on McCutcheon in a regional semi-final re-match.

and John Michael Mulloy. That gave the Greyhounds their largest lead of the game at 43-24. The Royals would chip away at the lead in the fourth period, getting to within 59-49 with 1:48 left. But Carmel's foul shooting allowed it to seal the game.

"We hit some key shots to get us the lead, and we were just able to contain, or to keep the lead and hit free throws down the stretch," said Heady.

Baron finished the game with 17 points, and pulled nine rebounds as well.

"I think I played pretty well, but I got to

stay humble and just keep moving forward into the tournament," said Baron.

Luke Heady scored 14 points, while Cole Jenkins added 12. Whack and Mulloy both had five rebounds.

"I give our guys a lot of credit," said Heady. "You look at our lineup tonight, three of our five starters were just strictly JV players last year and the other two guys came off the bench. They were like our seventh and eighth man."

"I know it's the end of the year and they're seasoned throughout the year, but

thinking about where those guys started the beginning of the year and where they are now is, I think a real tribute to our team and that they got a lot better throughout the year."

Jack Davidson led HSE with 21 points, including 12 in the fourth quarter. Rotterman scored 10 points, as did Gunn, a four-year star who graduates as the Royals' all-time leading scorer and rebounder. Aaron Etherington pulled six rebounds, while Gunn had four.

Semi-final games

Royals, 'Hounds beat old rivals to reach championship

By RICHIE HALL

Reporter Sports Editor

Hamilton Southeastern and Carmel advanced to the championship game of Sectional 8 Friday night after semi-final wins over old rivals at the Eric Clark Activity Center.

In the first game, the Royals took care of Anderson 68-47. The Greyhounds were next, taking on Noblesville and winning 62-44.

The Indians stayed with HSE for most of the first quarter, which ended with the Royals ahead 14-13. Jack Davidson scored eight points for Southeastern, including two 3-pointers, and Chaz Birchfield added six.

Anderson then took a 16-14 lead early in the second period, but the Royals blasted off after that, outscoring the Indians 23-6 to cruise into halftime with a 37-22 advantage. Six different HSE players scored in the second quarter, with Aaron Etherington getting six points.

"Defensively, I thought we were solid the entire game," said Royals coach Brian Satterfield. "I know once they got that lead, 16-14, we ran a play, got the ball inside, go to the foul line, and from that point on defensively, we were solid."

"And then I thought our defense did some things to create some offense for us, and then the other aspect is, we moved the basketball when we did get to the offensive end, and had some good looks."

Southeastern's lead gradually grew in the second half, and the Royals never allowed Anderson to score more than five consecutive points in the half. HSE's largest run of the second half came in the fourth quarter, when it scored seven unanswered points (five points from Aaron Shank and two more from Etherington), and that run gave the Royals their largest lead of the game at 62-38.

Davidson scored 17 points for Southeastern (21-5), with Birchfield adding

13 and Etherington scoring 10. Birchfield, Etherington and Zach Mutchner all had four rebounds. Zach Gunn, the Royals' leading scorer, didn't play; Satterfield that was a "precautionary measure."

The first quarter of the Carmel-Noblesville game was a roller coaster. The 'Hounds scored the first five points, with Luke Heady hitting a 3-pointer and PJ Baron scoring off a rebound.

The Millers answered that with eight straight points of their own. Rico Duncan got Noblesville's first basket on a floater, Nolan Ginther tied the game with a three-point play, then Duncan drained a 3-pointer to put Noblesville up 8-5.

Carmel came back, finishing the period on a 10-2 run to lead 15-10. Baron scored eight points, including two three-point plays, and Heady scored off a steal.

The Greyhounds started to take control of the game in the second quarter, slowly making their way to a 28-18 lead by halftime. Baron scored five more points; he finished the first half a perfect 6-of-6 from the field.

"I thought we were patient offensively and really got good shots," said Carmel coach Scott Heady. "We got some great looks, and we got a lot of shots around the basket."

Both teams scored 10 points in the third period. The Millers cut Carmel's lead to 38-30 late in the quarter, thanks to consecutive baskets by Grant Gremel and Max Flinchum. Baron ended the period with a layin to push the Greyhounds ahead 40-30.

"They hung around," said Heady. "They kind of kept it around eight, nine, and they did enough to where it was a game. We had to make plays, so give them credit, they kept coming back and made it a game."

Heady and Jalen Whack both had a 3-pointer in the third quarter, and they each made another long-range shot in the fourth

Reporter photo by Kent Graham

Nick Bowman scored six points for Hamilton Southeastern in its Friday night win.

quarter, with Whack's basket putting Carmel up 46-34. A late 3-pointer from Duncan kept Noblesville within 53-42 with 2:26 left, but the Greyhounds ended the game on a 9-2 run. Carmel is now 20-4 for the year.

Baron finished the game with 20 points on 7-of-9 shooting, and also had six rebounds. Heady drained three 3-pointers for 13 points. John Michael Mulloy was all

over the place, with seven rebounds, five assists and four blocked shots to go along with his seven points.

"He was good," said Heady of Baron. "I thought John Michael was good defensively. Luke gave us some scoring punch again tonight, which is what we need without Sterling."

Millers' buzzer-beater win among exciting first-round games

By RICHIE HALL

Reporter Sports Editor

It was a play that the Millers have run before many times throughout the season, and a shot that Rico Duncan said he's probably taken over 10,000 times.

"Obviously everybody practices a home run play throughout the season, and we've been practicing that for 77 practices and 23 games," said Noblesville coach Brian McCauley.

So why was it such a big deal Wednesday night? Because it won the game. Not just any game, but a first-round sectional game for the Millers, a 41-39 victory over Guerin Catholic at Carmel's Eric Clark Activity Center.

"We were able to deliver when we really needed it," said McCauley.

Noblesville was trying to match a big basket from the Golden Eagles, a jumper from Luke Godfrey that put Guerin ahead 39-38 with 3.6 seconds left. The Millers called timeout, then put together the winning play.

"You know, a lot of time coaches joke that, 'That's exactly how I drew it up,'" said McCauley. "I'm not joking, that's exactly how we drew it up."

McGwire Plumer got the ball out of the timeout under the Golden Eagles' basket, and he threw a football pass down across the half court timeline to Nolan Ginther at the top of the 3-point arc. Ginther flipped it over to Duncan, who drained the 3-point shot as time ran out.

It was the Millers' only 3-point basket of the game, but it certainly came at the right time.

"Coach drew a play up and we executed it really well," said Duncan.

Noblesville had to fight and claw its way to the win. In fact, it wasn't until Max Flinchum made a jumper around the 3:20 mark of the fourth quarter that the Millers held the lead for the first time in the game.

The Golden Eagles came out firing, with four 3-pointers in the first quarter alone. Matthew Godfrey had two of those long-range baskets, with Jack Hansen getting the other two.

Guerin led 14-6 late in the first period before Noblesville scored six unanswered points. A Plumer jumper ended the quarter, then McGwire followed that up with two foul shots to begin the second. Duncan scored on a putback to cut the GC lead to 14-12.

But Godfrey hit another 3 to get the Golden Eagles back up to 17-12, and Guerin stayed ahead by that margin until halftime, which ended with the Golden Eagles ahead 23-17.

Noblesville got to within 23-21 early in the third, thanks to back-to-back layins by Ginther.

"He has been a warrior for us throughout the entire season," said McCauley. "He had three layups in the third quarter there. We did a nice job of feeding the post, and he hit two big free throws there in the fourth."

Zach Munson made back-to-back layins to push Guerin Catholic ahead 27-21, but Noblesville answered with a 6-0 run to tie the game at 27-27. Grant Gremel tapped a missed shot into the basket, Ginther scored that third layin of the quarter, and Flinchum hit a jumper.

Reporter photo by Kent Graham

The Noblesville boys basketball team was in full celebration mode after a 3-point basket by Rico Duncan gave the Millers a 41-39 sectional win over Guerin Catholic Wednesday night at Carmel's Eric Clark Activity Center.

But Godfrey stepped up again, hitting two straight 3s to end the third period, and those baskets put Guerin up 33-27. The Millers opened the fourth with a three-point play by Gremel, then Ginther nailed the two free throws to get Noblesville within 33-32. The back-and-forth would continue all the way to the buzzer.

Ginther led the Millers with 14 points, while Gremel had four rebounds.

Godfrey drained five 3-pointers for 15 points, with Hansen scoring 12 points and grabbing five rebounds. Munson also had five rebounds.

"When we had the chance to win the game, they hit a great shot," said GC coach Pete Smith.

The Golden Eagles finished their season 14-10. While disappointed to lose, Smith said he was happy for his friend McCauley, who was an assistant for Smith during one season when he coached at Carmel.

"The silver lining is, if someone had to beat us, I'm happy it's Coach McCauley," said Smith. "Brian's worked so hard with those guys, and they executed a great play for him. You'd like to see your former assistants do well, particularly one that started with me, so I'm really thrilled for him."

CARMEL BEATS WESTFIELD

Carmel opened up play in Wednesday's first round with a 53-36 victory over Westfield. The Greyhounds led 12-6 after the first quarter, with Luke Heady scoring seven points. Carmel kept its lead around that margin during the second period, getting up by as much as 19-10 after Alex Falender hit a 3-pointer.

Westfield managed to cut that lead to 24-17 by halftime, and was still within 27-20 after Aaron Bennett hit a 3-pointer. But that's when Carmel scored 10 unanswered points to jump ahead 37-20. Heady helped that run with a '3,' his second long-range basket of that quarter.

"I thought in the first half, we were kind of spinning our wheels defensively," said

'Hounds coach Scott Heady. "We were doing a lot of good things, then we'd have somebody with a slip-up. The second half, we got our defense going and really, that was the key of the game."

Heady had 14 points for Carmel, with Falender scoring 11. PJ Baron, who opened the fourth period with a steal and basket, added 10 points.

John Michael Mulloy pulled seven rebounds, followed by Cole Jenkins with six, and Jalen Whack and Baron with five each. Britt Beery had two blocked shots.

Ian Kristensen led the Shamrocks and all scorers with 16 points. Jonah Welch had seven rebounds and dished out four assists.

"I thought we did a pretty good job on the defensive end for the most part, but we just struggled to find offense," said Westfield coach Shane Sumpter.

But the Shamrocks continued battling through the fourth quarter, with senior players such as Kristensen, Welch and Bennett leading the way. Milan Barczy was the other senior on Westfield's roster.

"I have four terrific seniors that played their hearts out," said Sumpter, whose team ends the season at 6-17. It's always tough when it's over. It's always tough. I'm proud of the guys and proud of the seniors for their effort and everything they do each and every day."

FISHERS-HSE CLOSE AGAIN

Tuesday's sectional re-match between the Fishers and Hamilton Southeastern boys basketball was hard-fought and intense, just like everybody expected.

In the end, the Royals were able to get past the Tigers 72-66. Fishers finished with a 10-14 record, but that didn't fool Royals coach Brian Satterfield. He remembers the regular-season game between HSE and the Tigers, in which the Royals needed overtime to win.

"They're better than their record shows," said Satterfield.

The first quarter ended with Southeastern up 16-12, with the Royals' senior star

Zach Gunn scoring nine of those points. On the Fishers side, sophomore Armaan Franklin made his entrance into star territory, scoring all 12 of the Tigers' points. Franklin would eventually finish with 33 points, leading all scorers.

"I thought he was absolutely spectacular," said Fishers coach Joe Leonard. "He got an offer from IUPUI, so people were on to him. He's going to be a big-time player here."

The Royals led 39-31 at halftime, and ran their lead up to 12 at one point in the third quarter. Noah Smith had a solid second period for HSE, scoring 11 points.

But the Tigers made a run, and tied the game back up at 50-50 by the end of the period. Franklin scored another seven points in that quarter, while Connor Washburn added six and Jamil Turner-Hall four.

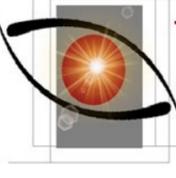

Fishers took the lead twice early in the fourth period, but Southeastern quickly tied the game back up both times, and gradually took control of the quarter. A 3-pointer from Nick Bowman helped the Royals out during the period.

"We had some good ball reversals and got a wide open look in the corner, and Bowman hits a big 3 for us to tie it," said Satterfield. "And then we got a few stops during that stretch where they came back and tied it."

"Very proud of how they fought tonight," said Leonard. "We had played them earlier in the season and had got down 12 and came back. It's a group that I would never give up on because of their ability to come back."

Gunn led HSE with 23 points, including 10 in the third quarter. He also grabbed nine rebounds. Smith added 20 points, and dished out four assists. Jack Davidson scored 12 for HSE.

After Franklin's 33, Washburn scored nine points and grabbed nine rebounds as well. Jamil Turner-Hall added eight points and handed out eight assists.

SEMI-FINALS

From Page B1

Duncan led the Millers with 10 points. Noblesville had very balanced scoring, with McGwire Plumer adding nine, Flinchum and Gremel each scoring eight. Nolan Ginther added seven points and pulled four rebounds.

The Millers finished their season 12-13, and graduate six seniors - Duncan, Plumer, Flinchum, Ginther, Nick Mills and Corby Mertens, who was injured. Noblesville coach Brian McCauley spoke with pride about his senior class after the game.

"They've done a lot for the program, with Coach McCullough throughout their younger years, and then with me the past three years," said McCauley. "I'm proud of those guys. They did something that we hadn't done as a program since Coach McCullough's 2010 team, and that's advance to the sectional semi-finals. They took a step, I'm proud of them for that."

Huskies reach championship game at Marion, fall to Tipton

Weatherford

Four players reached double figures: Drayden Thomas scored 14 points, Sterling Weatherford added 12, Caymn Lutz had 11 and Tyler Wiltermood chipped in 10.

Thomas had seven rebounds for Heights, with Noah Wallace and Wiltermood both grabbing six. The Huskies totaled 21 assists for the game; Wallace handed out six, while Max Wahl and Austin Sauerteig both dished out five.

On Friday, the Huskies beat Delta 51-33 in the semi-finals. Heights got off to a fantastic start, leading the Eagles 15-1 after the first quarter. The Huskies kept Delta at arm's length for the remainder of the game, as it led 19-7 at halftime and 29-23 by the end of the third period. Heights outscored Delta 22-10 in the fourth to easily win the game.

"Defensively that's the best we've

played," said Huskies coach Chad Ballenger. In fact, those 33 points are the least Heights has given up so far this season - its previous season-low was the 34 points it allowed Blackford in Tuesday's sectional first round, so the Huskies' defense is playing well at the right time.

Wahl scored 15 points for Heights, including three 3-pointers, while Weatherford reached double-double territory with 11 points and 11 rebounds.

"He's really stepped it up since he's been back and he's been healthy," said Ballenger. "I'm just happy that he's being a leader on the court verbally and getting guys in the right spots."

As for Wahl, Ballenger said he was "huge" on Friday, shooting the ball well. "I was pleased with Max tonight and the show that he ran," said the coach.

In the championship, Heights took Tipton to overtime before falling 46-37.

"It was a great game," Ballenger said. "Tipton just made more plays than we did."

Blue Devils sophomore Carson Dolezal drained a baseline 3-pointer with 1:17 left in regulation to even the score at 35-all. He hit another 3 from the same spot to start overtime and give Tipton the lead for good.

Following Dolezal's 3, Wahl meshed two free throws - those were the Huskies' only points of the extra session and cut Tipton's lead to 38-37. Lukas Swan converted a layup off a nice dish from Dolezal to push the lead to 40-37 with 1:03 left in

OT. Dolezal was later fouled while getting a rebound; he stepped to the line and sank both ends of the one-and-bonus - Tipton's first free throws of the game - with 30 seconds left. Grant Shively meshed two more with 16.8 seconds left to push Tipton's lead to 44-37. Sam Gutierrez's layup capped off the scoring with nine seconds left.

Gutierrez had the hot hand early, converting his first five shots of the game to score 12 points and help Tipton to a 17-16 lead at the first stop.

The Blue Devils' lead was 24-21 at halftime. Tipton also led 28-27 entering the fourth quarter.

Weatherford hit four free throws to give the Huskies a 35-32 lead with 1:46 remaining in the fourth period. Dolezal's 3 evened it at 35-all. The Huskies held the ball for the final shot, but a 5-footer missed and Shively came down with the rebound with 3.8 seconds left. Tipton got a timeout with 2.8 left, but a 35-footer missed off the rim and Tipton went to OT for the second time in the sectional.

Gutierrez finished with a game-high 18 points and had six rebounds and two assists. Dolezal added 11 points and four rebounds. Shively paced Tipton with seven boards.

Weatherford had 12 points and eight rebounds, while Tyler Wiltermood added 10 points for the Huskies (11-13). Neither played in the first meeting - a 56-41 Tipton win on Jan. 27.

'Hawks drop opener to Lapel

Sheridan was overwhelmed by Lapel 79-29 in the first semi-final at Sectional 40 Friday night at the Bulldogs' gym.

Lapel, the defending Class 2A state champion, led 17-4 after the first quarter and 35-11 at halftime.

Aidan Roaten scored seven points to lead the Blackhawks, with Jack Waitt scoring six. Roaten and Nick Burnell both pulled three rebounds.

Sheridan finished its season with a 9-15 record.

Tindley overwhelms University

University lost to Tindley, the No. 3 team in Class 1A, Tuesday in the first round of Sectional 58 at the U Center.

The Tigers scored the first eight points on the second quarter and led 20-11 at the break. University scored just one point in the first 6:45 of the third quarter as the Tigers' lead ballooned to 32-14 and the decision was never in doubt.

Josh Watson led University with nine points. Tindley's Eric Hunter had a game high 20 points.

The Trailblazers finish the season with a 13-11 record.

Public Notices

ORDINANCE NO. 04-02-17

AN ORDINANCE ANNEXING CERTAIN TERRITORY TO THE CITY OF NOBLESVILLE, HAMILTON COUNTY, INDIANA

WHEREAS, the Common Council of the City of Noblesville has conducted a public hearing as required by law in regards to the annexation of certain territory which is contiguous to the corporate boundaries of the City of Noblesville; and,

WHEREAS, the Common Council now finds that the statutory criteria for annexation have been met and satisfied all as demonstrated by the Fiscal Plan adopted hereby and made a part of the record of these proceedings;

NOW, THEREFORE BE IT ORDAINED by the Common Council of the City of Noblesville, Hamilton County, Indiana meeting in regular session as follows:

SECTION 1. That the common location of the subject real estate is as follows: adjacent to the northeast intersection of Hague Road and 196th Street in Noblesville Township and said real estate is more particularly described as follows:

Legal Description
Parcel Numbers: 10-06-24-00-00-020.000 and 10-06-24-00-00-020.003

A PART OF THE SOUTHWEST QUARTER OF SECTION 24, TOWNSHIP 19 NORTH, RANGE 4 EAST, LOCATED IN NOBLESVILLE TOWNSHIP, HAMILTON COUNTY, INDIANA, DESCRIBED AS FOLLOWS:

BEGINNING AT THE SOUTHWEST CORNER OF THE SOUTHWEST QUARTER OF SECTION 24, TOWNSHIP 19 NORTH, RANGE 4 EAST; THENCE ON THE WEST LINE OF SAID SOUTHWEST QUARTER NORTH 00 DEGREES 45 MINUTES 00 SECONDS WEST (ASSUMED BEARING) 1329.03 FEET TO THE NORTH LINE OF THE SOUTHWEST QUARTER OF SAID SOUTHWEST QUARTER; THENCE ON SAID NORTH LINE NORTH 87 DEGREES 52 MINUTES 47 SECONDS 1317.95 FEET TO THE EAST LINE OF THE WEST HALF OF SAID SECTION 24; THENCE ON SAID EAST LINE SOUTH 00 DEGREES 49 MINUTES 00 SECONDS EAST 1330.20 FEET TO THE SOUTH LINE OF SAID, SOUTHWEST QUARTER, THENCE ON SAID SOUTH LINE SOUTH 87 DEGREES 55 MINUTES 55 SECONDS WEST 1319.47 FEET TO THE POINT OF BEGINNING OF THIS DESCRIPTION, CONTAINING 40.24 ACRES, MORE OR LESS.

ALSO, THE ENTIRE RIGHTS-OF-WAY OF HAGUE ROAD AND 196TH STREET ALONG THE FRONTAGE OF THIS DESCRIPTION.

SECTION 2. That said territory described in Section 1 is contiguous to the existing city limits of the City of Noblesville, Indiana, and the same is hereby annexed to and declared a part of the City of Noblesville, Indiana.

SECTION 3. That said territory described in Section 1 is assigned to Council District #1.

SECTION 4. This ordinance shall be in full force and effect Thirty (30) days after its passage by the City of Noblesville, and its publication, as provided by law.

Upon a motion duly made and seconded, the Ordinance was fully passed by the Members of the Common Council this 28th day of February 2017.

COMMON COUNCIL OF THE CITY OF NOBLESVILLE
Mark Boice (Aye)
Wil Hampton (Aye)
Christopher Jensen (Aye)
Roy Johnson (Aye)
Gregory P. O'Connor (Aye)

HAMILTON COUNTY REPORTER

STATE OF INDIANA) IN THE CIRCUIT/SUPERIOR
) SS: COURT
COUNTY OF HAMILTON) CAUSE NO. 29D01-1702-AD-000192
IN THE MATTER OF THE PETITION OF:)
Dennis Alan Hall)
Stepparent)
TO ADOPT)
Brianna Marie Skaggs)
Child)

NOTICE OF ADOPTION

Charles Richard Skaggs, Jr is notified that a petition for adoption of a child, named Brianna Marie Skaggs, born to Christine Marie Hall on 05/21/2000, was filed in the office of the clerk of court, 1 Hamilton County Sq #337, Noblesville, IN 46060. The petition for adoption alleges that the consent to adoption of Charles Richard Skaggs, Jr is not required because the child has been abandoned.

If Charles Richard Skaggs, Jr seeks to contest the adoption of the child, Charles Richard Skaggs, Jr must file a motion to contest the adoption in accordance with IC 31-19-10-1 in the above-named court not later than thirty (30) days after the date of service of this notice.

If Charles Richard Skaggs, Jr does not file a motion to contest the adoption within thirty (30) days after service of this notice, the above-named court will hear and determine the petition for adoption. The consent to adoption of Charles Richard Skaggs, Jr will be irrevocably implied and Charles Richard Skaggs, Jr will lose the right to contest either the adoption or the validity of Charles Richard Skaggs, Jr's implied consent to the adoption.

No oral statement made to Charles Richard Skaggs, Jr relieves Charles Richard Skaggs, Jr of Charles Richard Skaggs, Jr's obligations under this notice.

This notice complies with IC 31-19-4.5-3 but does not exhaustively set forth a person's legal obligations under the Indiana adoption statutes. A person being served with this notice should consult the Indiana adoption statutes.

Date: February 13, 2017
