Noblesville launches investigation into hazardous materials storage at Indiana Transportation Museum

The REPORTER

The City of Noblesville and Noblesville Parks and Recreation Board have notified the Indiana Transportation Museum (ITM) that the organization is in "serious default" under the terms of its lease of the grounds within Forest Park due to its unlawful handling of hazardous chemicals.

The city requested ITM begin remediation procedures including immediate containment measures to be completed within 60 days for all stored liquid materials, develop a plan within 90 days for permanent removal of the contamination, provide contact information for the licensed environmental firm or individual ITM will hire to supervise this work and identify the location where the materials will be properly disposed of.

"Despite numerous efforts over the years to encourage ITM to address some housekeeping concerns they have allowed within their property, the Parks Board had no idea what hazardous conditions existed on the other side of the fence," said Scott Noel, president of the Noblesville Parks and Recreation board of directors. "We are disappointed that ITM has violated the terms of its lease with the Parks Board and by allowing their carelessness to endanger one of the greatest assets in the City of Noblesville – Forest Park."

The investigation at Forest Park began after the City of Noblesville's MS4

ITM issues statement

The REPORTER

"The pronouncement by the City of Noblesville and the Noblesville Parks Department about alleged environmental issues at the Indiana Transportation Museum site comes to us as a complete surprise. It is significant that Mayor Ditslear's office canceled a meeting scheduled for Wednesday with new ITM leaders where this could have been discussed and resolved. We were not aware of their concerns until the city's news release and we have not been contacted by city officials."

"This is another example of local political leaders' unwillingness to work with the ITM and its new leadership to resolve differences. This latest release is simply another trumped up charge to reduce the significant public outcry against the cities of Fishers and Noblesville to rip up the rails. "The ITM has been in Forest Park since 1990. The site is a maintenance facility for vintage locomotives and other railroad historic artifacts. Museum maintenance personnel store and handle fuels and lube oils in the maintenance and operation of equipment. There are no known violations on the park property. To the best of our knowledge there have been no violations or complaints registered with IDEM.

Westfield Fire Department receives grant from State Farm

The REPORTER

The Westfield Fire Department receives a \$1,000 grant from State Farm to purchase carbon monoxide detectors for Westfield residents.

"CO detectors will alert residents of a natural gas leak in their home before it becomes deadly," explains Westfield Fire Marshal Garry Harling. "My mission is to buy enough CO detectors, with the help of businesses like State Farm that Westfield residents will never have to experience a carbon monoxide death."

"My agency appreciates the opportunity to work with clients and partners to help make Westfield one of the safest places to live and raise a family," says Westfield State Farm agent Ben Brown.

The Westfield Fire Department will be able to purchase an additional 50 carbon monoxide detectors because of the recent donation. Harling hopes to collect \$25,000 in donations for the program.

If you would like to give to the program, please email Garry Harling at gharling@westfield.in.gov.

RENICK

from Page A1

Renick served the IT needs of Madison County, Ill., government for nearly 20 years, the last four as its Director of Information Technology. During that time, he led the consolidation of all the county departments under the IT Department's technology support. He also created and implemented strategic technology plans for county-wide services and designed, created and ran the information security program.

Renick will oversee a department of 12 that provides services for both internal and external data management and communications needs for the City, including its public safety departments.

Renick and his wife Anne are in the process of relocating to Carmel.

ITM

This initial inspection found serious issues with outside storage of fluids and other items that could pose a risk, including container leakage and ground stains of oils, grease, diesel fuel and other products and chemicals used for the maintenance of ITM's former railroad operations, which it has leased since the 1990s.

As a result, the city voluntarily notified the Indiana Department of Environmental Management (IDEM) to request a more

comprehensive inspection. While no imminent threats were apparent to the city's inspector, an independent environmental firm also was hired by the city to provide oversight and guidance.

"We look forward to working closely with IDEM so they can complete a much more thorough inspection of the site and help evaluate ITM's plans for remediation," said Noblesville Mayor John Ditslear. "We will do everything we can to

ensure local taxpayers do not have to pay for the clean-up effort caused by the ITM due to its careless practices."

IDEM has informed the city that its staff plans to inspect the grounds this week. At this time, the city is allowing ITM to continue normal business operations. However, if ITM does not comply with its request for containment and remediation, the city will be forced to take further action.

County businesses, clubs invited to "Adopt a Food Pantry" this summer

The REPORTER

In an effort to help lessen local food insecurity, the Hamilton County Soil and Water Conservation District (SWCD) invites all businesses and service clubs in Hamilton County to participate in the new "Adopt a Food Pantry" program this summer. Food pantries throughout the county distribute healthy fresh produce to families in need, and more donations are always desired and used. Businesses and service clubs are asked to designate one or more days this summer to hold produce food drives in which employees and club members donate excess vegetables and fruits that they have grown and/or have bought from a farmers market or grocery store. Produce food drives can be held weekly, monthly, or even just once or twice during the summer. If large businesses are not able to participate company-wide, individual departments are invited to participate instead. The SWCD can help pair businesses and clubs with a local food pantry which

will then receive the produce donations.

"Many businesses and service clubs have canned food drives during the holiday season for food pantries," said Cara Culp, SWCD Outreach Specialist. "This program takes that same concept of giving to those in need and moves it to the summer months using fresh produce instead of nonperishables."

Two organizations have committed to help launch the Adopt a Food Pantry program. The Sheridan Rotary Club will donate produce once a month this summer and will deliver it to Mama's Cupboard and the Sheridan Community School Food Pantry. BLASTmedia in Fishers will also have produce drives once a month this summer and will deliver the donations to Come To Me Food Pantry, also in Fishers.

For questions or more information on how join the Adopt a Food Pantry program and be paired with a food pantry, call (317) 773-2181 or email caraculp@hamiltoncounty.in.gov.

Hamilton County Soil and Water receives grant from Legacy Fund

The REPORTER

Hamilton County Soil and Water Conservation District is pleased to announce it has received a \$15,000 grant from Legacy Fund, the community foundation serving Hamilton County and an affiliate of the Central Indiana Community Foundation. This grant will support the District's Urban Agriculture program.

The Urban Agriculture program was started in 2016 with a grant from the National Association of Soil and Water Conservation Districts. The program builds on the success of the urban conservation program and supports backyard and community gardens across Hamilton County. Technical assistance is provided to help

county residents start new vegetable and fruit gardens and improve their existing gardens. Comprehensive education and outreach programs are focused on alleviating food insecurity in the county and connecting residents with local food. Donations of fresh vegetables to local food pantries are supported by pairing businesses, community gardens, and service organizations with food pantries.

The Hamilton County Garden Network was created to support and connect the growing number of community gardens across the county.

"We are thrilled to receive this support from the Legacy Fund. We've made great strides combating food insecurity and sup-

porting urban agriculture in the county with this program and these funds are critical to continuing that mission," said Claire Lane, Urban Conservationist.

More information about the services provided by the Soil and Water Conservation District, including info on the Urban Agriculture program and Hamilton County Garden Network can be found online at www.hamiltonswcd.org.

Legacy Fund, the community foundation serving Hamilton County and a Central Indiana Community Foundation affiliate, granted \$124,500 to 16 not-for-profit organizations in May. Grants from Legacy Fund are made possible by the unrestricted Endowment for Hamilton County. Learn more at www.cicf.org.

GEIST

from Page A1

residents and stakeholders, I've heard time and time again the argument that the long term vibrancy of Geist is a concern. Part of that involves environmental, boat traffic, and new development. My hope is that this park development helps to mitigate those concerns for residents and turn Geist into a distinct asset for all of Fishers."

Conceptual designs of the park, to be named at a later date, show the possibilities of the park development: amphitheater, fishing dock, public beach, kayak, boardwalk, natural playscapes and opportunities for adventure races, triathlons, paddle boarding and more. Fishers residents will have the opportunity to be involved in the final design of the park. No motorized boat launch will be permitted in the park area.

"To have a major natural asset like we do with Geist Reservoir is a great opportunity to encourage residents to enjoy nature a little more and unplug," said Fishers Parks and Recreation Director Tony Elliot. "By adding public access to Geist, our entire community can enjoy this wonderful natural setting and I look forward to working with the community as designs for this park start to come together. At nearly double Roy G. Holland Memorial Park, the possibilities are endless."

The land is made up of three separate parcels, held by two owners: Irving Materials, Inc. and Marina Limited Partnership. The City of Fishers submitted an offer to the owners to purchase the land outright. Negotiations are confidential until final. Condemnation of the land is possible if an agreement cannot be reached, considering the public usage. Acquisition of the land will take several months, with final design process beginning late 2017 or early 2018.

Irving Materials Inc. (IMI) currently operates a quarry on these parcels with anticipated operations ending Summer 2018. A Planned Unit Development (PUD) was passed years ago that would allow more development with intent to add just over 100 homes.

"I hear from residents all the time that increasing boat traffic on Geist is the fastest way to reduce the recreational experience out there," said City Councilor Pete Peterson. "This is a real opportunity to utilize Fall Creek and connect the reservoir in a natural way to some of the most beautiful areas of our city. This is a win-win situation for Geist residents. By creating this natural recreation area and reducing new development, it will ultimately lessen the added boat traffic that comes with more homes and docks."

Residents may direct questions or concerns to Dan Domsic at domsicd@fishers.in.us. More info can be found at www.fishers.in.us/GeistWaterfrontPark.

Where the sidewalk ends . . .

By JANET HART LEONARD

My dearest Aleckska,
For eighteen years I've been giving you advice. I remember, when you were little, telling you to stop walking where the sidewalk ends. In just a few days you will walk across the stage to receive your high school diploma. A new sidewalk begins.

Aleckska, the old sidewalk will end but I'm going to tell you to keep walking towards the new one. I won't be there to hold your hand but I will forever hold your heart.

Look both ways at the choices you have. If you make a wrong choice it is okay. Lesson learned. Keep walking and remember that mistakes will make you stronger . . . and wiser.

Find a career that you love. Don't let money determine your happiness nor your value. No job is perfect. I repeat, no

job is perfect.

Look for the positive in each day. Look for ways to help others. It is there you will find contentment.

Don't look around at what others are achieving and find yourself envying them. Your success will look different than theirs.

Give others grace. Even more importantly, give yourself grace. You can't be everything to everyone.

Choose a spouse who holds your hand as well as your heart . . . with gentle reassurance that you matter.

Pay close attention to the traffic in your life. You know, your community, the people who will either build you up or tear you down. Never be afraid to leave a relationship of any kind.

Always remember it is not your job to make someone happy. Happiness is a choice we all have to make.

If someone makes you feel "less than" then remember you are always "more than" enough for the people who matter.

Stay out of the lane where everyone is on a fast track. You won't want to miss

the scenery of the moment.

Don't be afraid of detours. It often is there that you find where you were destined to be.

Your habits will determine your success. Always start the day by making your bed and saying your prayers. Trust me on this. It will make a difference.

Pray each day that you will make a difference in someone's life. Look for ways to do so. And thank the people who make a difference in your life.

Always have a current library card and read for fun, not just for what you have to study.

Read the newspaper, a real one that you hold. Don't rely on a screen to give you all the facts. Remember that in this day and age the news you see and hear is just someone's opinion about what is happening. Gather the facts and determine your own opinion.

Be careful of whose influence you find yourself under. Sometimes you must close the umbrella of their influence. It may be scary to find yourself in a brief thunderstorm, but better than years

of a tsunami.

Listen to the opinion of others and learn to disagree agreeably. If a difference of opinion separates you from someone maybe they were meant to be in your life for just a season.

Don't ever let anyone put you down for how you feel. They don't wear your shoes. They don't know your story.

Don't let regrets, jealousy or anger take residence in your heart. Pick your battles. Sometimes you stand your ground and sometimes you just walk away.

Aleckska, your voice is quiet but it has much to say. Don't let anyone talk for you or over you.

Don't forget to call your Grandma. Five minutes out of your day will make her day. She just wants to hear your voice and thoughts. She wants to know what is going on beyond the end of her sidewalk.

I love you Aleckska and I'll always be your cheerleader and will be waiting . . . where my sidewalk ends.

Love and prayers,
Grandma Janet

Revisit your New Year's Resolutions

By SHARON McMAHON

"You are never too old to set another goal or to dream a new dream."
- C.S. Lewis

Well, we are facing that mid-point in our "New Year's Resolutions" we made just about six months ago. Some of you

probably were gung-ho about those, noting the goals you have identified in one, or many, categories including career, family, financial, fitness and health, hobbies, etc. Some of you may have been more casual about your 2017 resolutions, with just a mental note and a wait-and-see attitude. However, I venture to say that we all had some ideas as we completed our holiday to-do lists and focused on the year ahead about what we wished to change, improve, omit, or add to our lives. What can

happen – and often does happen – is that within a few months after we get excited about those resolutions we begin to realize that we have not yet started to make those changes. Or perhaps we did begin to (take your pick) incorporate a better eating plan, start an exercise program, schedule more time with the family, begin a job search, enroll in classes, etc. but as often happens, life intervenes and we just run out of steam.

Don't give up! Although we are at the halfway point, it is still 2017! Why not revisit those resolutions and goals, re-evaluate and consider your options. When we are at the beginning of a nice, shiny new year it is very easy to be a bit stary-eyed regarding those changes. In particular those of us "of a certain age" sometimes back off from making, or even considering, changes. I find in working with clients on their health and fitness goals that the wish for speedy results in both

the way they look and feel can possibly undermine the continued quest to reach their goals. Those who stay focused and realize that a "quick fix" (and don't we get bombarded with those ads!) will never be the answer to obtaining a more fit and healthy body will most likely reach their fitness goals.

I believe that as long as we, regardless of our age, make a commitment to setting the goals and dreaming the dreams we will find that we can achieve much of what we desire. Here is a suggestion, and something I have done which I find helpful. Find a photo (you know what I mean, one of those "hard copy" photos that you can actually hold in your hand...) of yourself at an age when you felt optimistic, healthy, and excited about the future. That may be when you were 8, 12, 15 or 25, it doesn't matter, put that photo in a frame where you will see it every day. That person is YOU! It is never too late to

take a deep breath, review that "list" you made six months ago and go forward. We all want to be happy, and we often believe that attaining whatever our goals or resolutions may be will offer that to us. I hope you continue your quest to better your life in whatever categories you believe need the most work. Another of my favorite quotes is offered by Eleanor Roosevelt - "Happiness is not a goal...it's a by-product of a life well lived." I hope you live well and healthy, and that the second half of 2017 is a good one for you, keeping your goals in front of you and moving toward them in a realistic, focused, and positive way. Happy New Year!

When the medicine works

By COURTNEY COX COLE

I have been through a great deal in the last twelve months — Stage 4 Lung Cancer that metastasized to my bones, broken arm, multiple meds, weight gain, confusion, and even withdrawal issues when getting off some of the meds. However, I am currently in a good position — finally!

First, they put me on some drugs that offset the confusion caused by the chemo drug that I take on a daily basis.

This has given me some sanity and clarity. The only side effects of this drug are dry mouth and loss of appetite — yay!! The worst part about cancer drugs is that you end up on numerous combinations of drugs — some cause you to want to eat vast amounts and some curb your appetite. The last one made me feel like I could not eat enough. I am “erasing” that “damage” with the “clarity” drug.

Furthermore, I continue to work out on a regular basis. I am currently down 11.5 pounds and would like to lose another 20 pounds. That would erase the damage caused by the “anti-depressant” that they put me on after I broke my arm. It was an “instant” weight gain and very frustrating.

However, I am making strides every month on cutting into the “damage” caused by the “break”. I work out four times a week and track everything I eat. I am hoping to try to lose the “rest” by late Fall or Thanksgiving. I am extremely thankful that despite having Stage 4 Lung Cancer, I am actually in a good place.

For right now, things are stabilizing and I am able to enjoy some of the fruits of life. I am missing a chunk of lung which sometimes makes it difficult to

breathe, but I have increased my overall lung capacity by working out regularly. We sold our business in January which allows me extra time to spend with my kids and to really appreciate life.

I am primarily focused on making myself as healthy as possible and enjoying the Summer. I would like to try to play golf again soon. I lost the ability to swing a club for the past year. However, through physical therapy and Orange Theory, I have drastically improved my right arm range. I am very close to “normalizing” which would offer me the opportunity to possibly play golf.

You never know how good you have it until you don't have it anymore. One thing that I have learned is to be extremely thankful all the time. We have a huge range of mobility and it's easy to take it for granted until you suddenly cannot do regular activities. I have a steel rod from my right shoulder to my right elbow and it's taken incredible effort to regain my range of motion.

I am very close to having the full range back and thus being able to resume playing golf, basketball, etc. . . I cannot wait to spend a full Summer with my kids — since I am not working — and to really appreciate life!!

Millennials for hire

By JACK RUSSELL

President, Westfield Chamber of Commerce

Each time I open a newspaper or read something online the facts remain the same. Hamilton County is an amazing place to live! Consistently it has the best places to live, largest population growth, healthiest, the list could go on forever. Going to different meetings across the county, I do hear one consistent need and one thing that we do lack, and that is a workforce. We are not alone either. It is consistent from city to city and county to county. The times have changed. We have hit the times of regional thinking when it comes to particular issues. One being workforce. Our competitors as a region now are not Northern Indiana or Southern. Our competition is all across the United States. Chicago, Nashville, Boulder, and Columbus just to name a few. So whom are these cities looking to attract? That famous word . . . Millennials.

According to a Gallup report, which a great deal of the data in this article comes from, there are roughly 73 million millennials in the United States. A millennial is someone born between 1980 and 1996. In 2015, Millennials passed Gen Xers as the highest percentage in the workforce at 53.5 percent and rising. These numbers have required businesses to change how they do business. The difference, purpose over paycheck. Millennials look for development, coaches or mentors, and ongoing conversations rather than yearly reviews.

So what do millennials want in a job? Opportunities to learn and grow, quality of manager, quality of management, interest in type of work, and opportunities for advancement. Out of those five wants in a position, the manager position plays a key role in that individual's engagement. A manager should really be looked at as a coach. They want someone who can focus on job clarity and priorities, ongoing feedback, opportunities to learn and grow and accountability.

We all have different perceptions of a millennial good and bad, but if you can create a business culture in your community center around some of those key wants, you will start to see a significant economic impact in your community. Why is that? Well one factor could be that Millennials have the highest confidence in the US economy at 51 percent, thus they feel like they are able to purchase and buy more things. As you go through your social media, you have probably seen a huge increase in ads for items and such. That is because this generation is always online . . . Selfies and all!

At the end of the day, this article is to tell you more about who a Millennial is and what they look for in a job. There are a lot of great ideas and concepts taking place to help continue the efforts of expanding a workforce in Hamilton County. The fact remains that we need to start looking at workforce development regionally. The unemployment rate of Hamilton County as a whole is 3.2 percent, Tipton County 3.9 percent, Madison County 5.0 percent, Boone County 3.4 percent, and Marion County 4.4 percent. Each County having their own strengths and weaknesses when it comes to workforces.

These are important stats to keep in mind, but the facts remain . . . We no longer compete with those next to us for the next generation of workers. We compete across the country.

State track and field...

Carmel boys three-peat as state champions

Carmel relied on its famous depth again and again, and the end result was a three-peat in Bloomington.

The Greyhounds won their third consecutive boys track and field state championship Friday evening at Indiana University. Carmel scored 68 points, comfortably ahead of Avon's 46 points. The Hounds won two events, were runners-up in two more, and scored points in four other events.

"We knew going into it that Avon was going to be the team to beat, but my kids understand what it takes to be a champion, and they didn't back down at all," said Greyhounds coach Ken Browner. "And you know when you look at what we did in the events, it was incredible. We were in 10 events and scored in eight, and didn't finish worse than sixth."

"The kids just refused to lose. People figured they had a chance to take us down, and the kids just didn't want that to happen."

Carmel began the meet with a win in the 4x800 relay. The team of Jon Balda, Trey Harris, Eli Konow and Kenji Tomozawa clocked in at 7:43.65.

Then, it was Ryan Lipe's meet. The senior won the pole vault, outdueling Frankfort's Colton Crum by clearing 17 feet, 3 inches on his first try. It was just one of four events that Lipe participated in at

state. Lipe also picked up a runner-up finish in the 100 dash, then ran on Carmel's 4x100 and 4x400 relay teams, both of which placed sixth.

Browner said that Lipe came up to him at the end of the meet and told his coach he was running on the 4x400 - "it was all him, he forced his way on there," said Browner.

Alex Brown-Baez ran on both relays as well. Nick Smith and Jalen Walker completed the 4x100 foursome, while Andrew Fleck and Spencer Gudgel were the other runners on the 4x400 relay.

Walker earned runner-up honors in the 300 hurdles, while Gudgel placed third in the 400 dash. Ben Miller helped out with a third-place medal in the 3200 run, and Mitch Lipe joined his brother on the podium in the pole vault, finishing fourth. Bryce Sharp took sixth in the discus.

Westfield tied for 13th place at state by scoring 13 points. The Shamrocks were led by their 4x800 relay team, with Aaron Bennett, Desmond Herrell, Nicholas Leahy and Charlie Miller taking fourth place. Bennett and Miller also ran on Westfield's ninth-place 4x400 relay, joining Peyton Haack and Justin Mamaril.

That would be Mamaril's second medal of the day, as he took sixth place in the 300 hurdles. Evan Manley finished eighth in the 200 dash.

The Carmel boys track and field team won its third consecutive state championship Friday at Indiana University. The Greyhounds scored 68 team points and won two individual events.

Hamilton Southeastern tied for 18th with 12 points, but got an event champion. Junior Gabe Fendel blasted his way to the 1600 run crown, sailing in with a time of 4:04.70, over eight seconds ahead of second place. Royals freshman Noah Malone finished eighth in the 100 dash.

Noblesville was also part of the 18th place tie, scoring 12 points with three medals. James Hardin took fifth in the 400 dash, while Drew Hartmann finished fifth

in the shot put. Eric Hoffman ran his way to eighth place in the 3200 run.

Fishers tied for 23rd with nine points. Josh Roth finished sixth in the 3200, and joined Ethan Meyer, Andrew Runion and Peter Werling to take fifth in the 4x800 relay.

Royals girls runners-up, HSE and Millers get two event wins each

Hamilton Southeastern and Noblesville marked their names in history.

The Royals finished as state runners-up for the first time ever at the meet, which took place at Indiana University. Southeastern scored 46 points, behind only Warren Central's 55, which gave the Warriors back-to-back state championships. The Royals won two events and five more medals.

First was the pole vault, where sophomore Kennedy Drish leaped over all contenders with a best vault of 12 feet. Her teammate Jessica Bray placed fifth in the pole vault, giving HSE 15 crucial team points.

Southeastern also triumphed in the 4x100 relay. The team of Olivia Burgess, Tierra Sydnor, Mia Mackenzie and Camille Christopher finished that race in 47.19 seconds.

The relay was one of three medals earned by Christopher and Mackenzie. Christopher also placed fourth in the 100 dash and sixth in the 200 dash. Mackenzie, meanwhile, took third in the 100 hurdles, then placed sixth in the 300 hurdles.

Fishers finished eighth as a team with 27 points. The Tigers had two third-place finishes. First, the 4x100 relay team of Paris Carver, Danielle Harrison, Kayla Crose and Tamia Perryman took third in that event. Miya Wai would later finish third in the 3200 run.

Perryman picked up two more medals in the sprints, taking eighth in the 200 and ninth in the 100. Kamyra Lapsley finished sixth in the 800 run to earn a place on the podium, then got another medal as part of the fourth-place 4x400 team. Lapsley ran with Harrison, Arianna Noble and Crose.

The Millers and Carmel tied for 10th place by scoring 22 points each. Noblesville had two state champions at the meet.

First was the 4x800 relay. The team of Maria Anderson, Susanna Sharples-Gordon, Abi Little, Kat Dombroski came together for a well-deserved state championship, clocking in at 9:07.69. Over in the field, sophomore Shelby Tyler emerged at the top of a highly-talented field to win the high jump. Tyler's winning leap was 5 feet, 10 inches.

Girls lacrosse state final four...

Noblesville falls to Culver in close game

By **RICHIE HALL**
 Reporter Sports Editor

The Noblesville girls lacrosse team's spectacular season came to an end Friday, as the Millers lost a close game to Culver Academy 14-13 in the IHSWLA's north regional championship at the White River Elementary Soccer Field.

It was a back-and-forth game all the way through. The Eagles led 6-3 with 13:34 left in the first half before Noblesville went on a tear, scoring four goals to finish the half. Taylor Gysin had three of those goals, and provided the assist on the fourth, to Elle Palmer.

The Millers led 9-6, then 11-7 in the second half before Culver stormed back, scoring six of the next seven goals to take a 13-12 lead with 6:07 remaining. Grace Newman tied the game up again off a Gysin assist with 3:08 left, but the Eagles' Kirsten LoPrete scored the go-ahead goal with 28.1 seconds remaining, and held on from there.

"Culver's a great team, and they've had a great season this year," said NHS coach Veronica Mitchell. "They've got awesome leadership. So we knew we had to come and be ready to just play a full game with them, and we did. I'm proud of my team, I'm

proud of what they've put forth out there."

Gysin and Palmer both scored four goals for Noblesville, while Mia Blackburn and Hannah Potter both added two goals. Newman scored one. Gysin handed out three assists, Potter and Newman both dished out two, and Hannah Natvig made one assist.

Meredith Hayes made four saves for the Millers. Gysin was sharp on draw control with seven, with Potter and Newman both getting three and Natvig making one.

Noblesville finished the season with a 12-3 record.

"I'm very proud of our girls," said Mitchell. "We did a very good job. We really came out and had a strong start to our season. We played team the way we should've played them. We were in some tough games that didn't turn out the way we needed them to."

"But our girls played every game hard, start to finish, and I'm very proud of them. And our senior leadership is something that a lot of teams don't get the level that we had. Those six girls are very special and they really left a mark on Noblesville Lacrosse."

After the game, Gysin was awarded the Candi Perry Scholarship, which is given to an outstanding lacrosse player. Mitchell

said that "Taylor is a phenomenal lacrosse player, but more importantly, she just really gives back to the game. She's a wonderful girl who's going to go on to Cincinnati and

play and do amazing things. She will be in the Army after she graduates. She's definitely deserving."

Carmel toughs out another state championship

By RICHIE HALL

The Carmel girls tennis team may make winning state championships look easy, but any Greyhound will tell you that it's more difficult than it looks.

Top-ranked Carmel won its ninth state girls tennis title Saturday at North Central's Barbara Wynne Tennis Center, getting past No. 2 (and defending champion) Cathedral 4-1 in the semi-finals, then taking care of No. 4 Providence in the final.

"There were ups and downs," said Carmel coach Spencer Fields. "To dig in the way they did today. To really keep cheering for each other and keep their body language positive and stay cool, it was some really awesome tennis today."

The toughness that the Greyhounds showed was personified by their No. 1 singles player, Lauren Lemonds. The junior battled through cramps, but yet was somehow able to play the maximum number of sets (six) to win both of her matches.

Lemonds squeaked past defending singles champion, Cathedral's Maeve Koscielski, in the semi-finals, 3-6, 7-5, 7-6, with the tiebreak going to 7-5. Lemonds then overcame the feisty Halli Trinkle of Providence, finding a third-set groove to

win 6-4, 3-6, 6-2.

The wins are significant because Lemonds is now eligible for the individual singles tournament, which takes place next weekend. As the undefeated No. 1 singles player from the state champion team, Lemonds will be the top seed in the tournament.

Carmel's No. 1 doubles team of Grace Marchese and Julia Miller also qualified for the individual event, with much less drama than Lemonds had to endure. Marchese and Miller won both their Saturday matches by identical scores of 6-4, 6-2.

In the other matches, No. 2 singles Kiersten Carlson won a tough straight-setter over the Irish's Meg Coleman in the semis, 7-5, 6-4. Carlson had a routine win in the final, beating the Pioneers' Natalie Boesing 6-1, 6-4.

At No. 2 doubles, Cece Katz and Apurva Manas needed a tiebreak to win the first set against Cathedral, but then breezed through the remainder of the day with the loss of only three more games. Katz and Manas won the second set over the Irish 6-1, then took their match with Providence 6-1, 6-1.

No. 3 singles Zoe Woods had a tough match against the Irish, battling Claire Koscielski before falling 6-4 in the third (there is no shame in losing to a Kosciels-

ki.) But Woods, the lone senior in Carmel's line-up, finished her high school career on a high note, walking away a 6-1, 6-0 winner over the Pioneers' Clare Hooper.

"Three for four's not bad," said Woods, referring to the state championships Carmel won in 2014 and 2015 - she was a member of both teams. Woods will play college tennis at the University of Dayton.

"It's really fun," said Woods. "This year especially was really fun with Kiersten and Lauren being at singles."

With the win, the Hounds completed an undefeated dual meet season at 19-0. The Carmel athletic program also collected its seventh state championship of the school year, matching its own record from 2011-12.

Tigers baseball falls in Lafayette regional final

The Fishers baseball team's historic season came to an end Saturday, as the Tigers fell to Hoosier Crossroads Conference rival Zionsville 4-3 in the championship game of the Lafayette Jeff regional at Loeb Stadium.

The Eagles jumped out to a 3-0 lead after two innings, then added another run in the third. Fishers got on the board in the top of the fifth after Jack Roudebush hit a sacrifice fly to score Matthew Wolff.

The Tigers made one last push in the top of the seventh. A single by Andy Bennett scored two runs to get Fishers within 4-3, and the Tigers then got runners on first and second after Craig Yoho was hit by a pitch. But a strikeout ended the game.

Wolff finished 3-for-3, while Roudebush was 2-for-2 at the plate. Yoho also hit a first-inning double.

Luke Duermit pitched the complete game, striking out five.

In the morning semi-final game, Fishers beat Huntington North 2-0. The Tigers scored one run each in the first and fourth innings.

Caleb Brenczewski batted in Fishers' first run, getting Andy Bennett home with a single. Kiel Brenczewski got the second run home, driving a single into center field to score Collin Statz. Kiel also hit a sixth-inning double, making him 2-for-3 for the game.

Ryan Metz pitched a complete game, giving up only five hits.

HSE softball wins regional, drops semi-state final to CP

By RICHIE HALL
Reporter Sports Editor

Tuesday's Regional 4 softball game between Hamilton Southeastern and Kokomo at the Royals' field was like a prize fight: Both teams were exchanging hits one after the other.

The Wildkats got a few blows in the top of the sixth inning before the Royals pulled themselves off the ropes and made a knock-out punch in the bottom of the inning. Southeastern then breezed through the seventh to earn a 7-4 regional victory.

The Royals struck first, with Jordan Rager hitting a two-run home run with one out in the first inning. In the third inning, Ashton Kiehl blasted a triple to score two more runs, giving HSE a 4-0 lead.

Kokomo hit back-to-back homers in the top of the fourth to cut the lead to 4-2. A two-run single by Nicole Dillow pushed HSE's lead back to 6-2.

"The two times they scored, we answered, and I love that," said HSE coach David Cook. "I loved how hard we played tonight."

In the top of the sixth, Kokomo's Lauryn Hicks hit a one-out solo homer, and Katelyn Dowden's double scored another run to make it 6-4. But pitcher Alexis Macha stepped up big time, striking out the next two batters to end the inning. Southeastern then added one more run, a home run from Ahliza Moore, in the bottom of the sixth. Macha retired the side easily in the top of the seventh to finish the game.

Macha wound up with 10 strikeouts, and issued no walks.

"I thought Alexis responded great," said Cook. "She gave up a couple big hits, and she responded, bounced right back."

Abby Taylor and Dillow both had three hits, with one of Taylor's hits a double. Rager and Libby Ratliff both had two hits for the game; Ratliff also had a double.

Southeastern ran into a tough Crown Point team Saturday evening in the championship game of the Harrison semi-state, falling 3-0. The Bulldogs rode a dominant pitching effort by Ashley Holloway, who struck out 16 batters and only allowed HSE one hit, a second-inning single by Kiehl.

Southeastern stayed in the game thanks to Macha, who had five strikeouts of her own and allowed the Bulldogs just five hits for the game. Cook said that Macha "was right there with" Holloway.

In the semi-final, the Royals beat Homestead 13-0 in five innings. Taylor and Moore both had three hits, while Kiehl hit a triple and a double to total four RBIs for the game. Taylor also smacked a triple and a double, while Nicole Lang hit one triple and Moore had a double.

Macha threw 10 strikeouts for the game, allowing just four hits.

"We hit the ball top to bottom," said Cook. "We got two hits out of Kaelin Wincek in the No. 8 spot, we got three hits out of Ahliza Moore in the 9 spot."

Southeastern finished its season with an 18-9 record.
