Sheriff's Office mourns death of retired K9 Deputy Waldo

Photo provided

It is with sorrow the Sheriff's Office announces the passing of former K9 Deputy Waldo who died Tuesday afternoon. Waldo joined the Sheriff's Office as a pup in 2009 and faithfully served the residents of Hamilton County until his retirement earlier this year. Along with his partner Deputy Biddle, Waldo handled many calls for service and was responsible for numerous finds around the area. In recent weeks, Waldo's health declined and he died this afternoon. Memorial plans are pending at this time.

Please keep Deputy Biddle in mind as well as the members of the K9 Tracking Team and those who were touched by Waldo.

Kenley: A final farewell

As my time as a state lawmaker winds down, I want to take a moment to reflect on my time serving in the Indiana legislature — how I started, what I accomplished and who helped me along the way.

LUKE KENLEY
Indiana State Senator
(R-Noblesville)

Prior to running for a State Senate seat, I grew a small family business and served as a Noblesville City Court judge. While I never considered myself a "political guy," at the recommendation of some in the community, I ran for the Senate in the early 1990s with the intent to help Hoosiers and move the state of Indiana forward.

As a new legislator, I started by addressing small issues with-

Sheridan sings on the square

Sheridan's first Town Square Music Fest will be from 6 to 9 p.m. on Saturday at Sheridan's town square, located between 2nd and 3rd streets on the west side of Main Street. The event offers free music, food and fellowship in a family-friendly atmosphere.

The Reporter caught up with Pastor Stephen Yarbrough of Sheridan First Christian Church to talk about this community event.

"It's being sponsored by First Christian Church," Yarbrough said. "Some of us have been talking about wanting to have music for the community. The Thursday Night Special are a group of our own musicians who have been playing together. We have relationship with different groups. We got excited about the idea of hosting something free for the community with a little food as something for families to do on a Saturday night."

Yarbrough wanted to give credit to the group of people who helped make this event possible.

"It's not just me; there is a team of people who have gotten really excited about this project and come together around it." Pastor Yarbrough calls them "The Dream Team."

"There's a group of folks we've been calling 'The Dream Team' who have been thinking about ways we can better get in touch with the community and do things for the community," Yarbrough said. "It's all

folks from First Christian, although many of them have experience with other organizations. For example, Michelle [Junkins] is involved with the Main Street group in Sheridan."

He noted, however, that this is not a Main Street project. Yarbrough wanted to point out that the people on this dream team come with experience from a variety of organizations, which has helped make this event a reality.

Yarbrough said there may be an opportunity for a free-will donation, but he does not want anyone to feel that they need to

donate in order to come enjoy the music.

"The Hummingbirds are from the Williams family who sing classic country," Yarbrough told The Reporter. "Blue Sunshine is classic country, classic rock and folk music. That's me and my wife and we play exclusively secular music. The other two groups [The Barker Sisters and Thursday Night Specials] are gospel groups."

Hotdogs, chips and drinks will be available to those who attend.

"We hope it's a fun, family-friendly event. We encourage people to bring lawn chairs," Yarbrough said.

County lost 19 men . . . Vietnam TV series rekindles memories

The powerful mini-series, The Vietnam War, currently being telecast on PBS this week, brings back sad memories to Americans old enough to remember the war. To those no more than 50 years old, it may be revealing if they have never heard the details of that long and desperate struggle.

Certainly the master history-teller Ken Burns gives us an in-depth and disturbing picture of the nation's most unpopular war which ended with more than 58,000 Americans killed and seemingly nothing to show for so much sacrifice.

Several hundred young men from Hamilton County went into military service during the era, and 19 died in the decade-long struggle to keep Vietnam from Communist control. Those men's names are found on the county war memorial on the Courthouse grounds. Many of them still have families living here.

I stopped at the memorial this week to copy the names. They are: Roy Freeman, Daniel Biddle, David Coy, Steven Clark, Guy Jones, Gerald Johnson, Alan Bardach, Michael Randall, Thomas Bell, Daniel Terry, Nelson Hicks, Michael Lawhon, James Grant, Robert Shelton, Lawrence Gordon, Kenneth Oldham, Benjamin Scholley, Michael Farley and Charles Cupp.

The war was a tragic event

FRED SWIFT

which Americans have been led to believe we lost. Certainly we did not succeed in our goal to keep communists from ultimately taking control of South Vietnam. But, when the U.S. withdrew in 1973 under terms of a negotiated peace agreement, South Vietnam was still non-communist.

During the following two years, the South suffered from poor leadership and serious military miscalculations despite American financial assistance and military training. In 1975 the regime collapsed and the communists took control.

We had backed the loser, no question about that. But, in the end it was the South Vietnamese who lost their war. Back home, Lyndon Johnson has generally been blamed for our involvement. There's truth to that, although the U.S. had embarked on a slippery slope before Johnson's presidency.

President Richard Nixon negotiated the peace agreement that brought about American withdrawal. But, Nixon was never a favorite of the anti-war movement and didn't get much credit for ending U.S. involvement.

As Burns' series points out, what made the whole Vietnam experience so painful at home

Earlier this month, thanks to the help of over 170 IU Health volunteers, Cool Creek Park got a new, innovative Nature Play area, which is now open to the public.

IU Health, Hamilton County Parks join to create new special play area

The REPORTER

On Friday, Sept. 15, as part of the annual IU Health Day of Service initiative, more than 170 volunteers from IU Health North, Saxony, Tipton and several other IU Health Hospital facilities, joined with Hamilton County

Parks and Recreation staff to transform an underutilized parcel of land in Cool Creek Park into an innovative new park feature – a nature play area. IU Health Saxony President Mike Harlowe was on hand to support his associates by donning gloves and work-

ing alongside volunteers as they labored throughout the day in warm and humid conditions. The project included installing six separate play elements, designed to encourage children to enjoy unstructured play, in a natural environment. The

elements are comprised of mostly natural resources removed during regular land management. The project was made possible through funding and the hard work and dedication provided by IU Health and their army of volunteers, in support of the Hamilton County Park staff. Additional support, materials and services were donated by BAM Outdoor, Elbert Construction and Kona Ice.

As another function of IU Health's Day of Ser-

vice, hospital volunteers at both IU Health North and Saxony campuses who were unable to attend the park work site stuffed and labeled 4,000 packets of milkweed seed that will be distributed as part of Hamilton County Parks' Mission Monarch program. The intent of the program is to re-establish the monarch butterfly population that has shown an alarming decrease in recent years. The nature play area is now open and best accessed via the road that

runs past the Cool Creek Nature Center. It is hoped that this new addition to Cool Creek Park will serve as an innovative alternative to traditional play for Hamilton County children and families for years to come. For more information about the Cool Creek Nature Play Area or Cool Creek Park, contact the staff at Cool Creek Nature Center, 317-774-2500, or Hamilton County Parks and Recreation at 317-770-4400.

was the split in the country between those who supported the war effort and those who opposed it. Although Hamilton County saw little of it, the anti-war demonstrations in 1968 made dramatic news. They were followed by the assassinations of Martin Luther King and Robert Kennedy and violent riots in many cities which had little if anything to do with the war. Then came Watergate, also not war-related, but the combination of the whole series of tragic events cost the country dearly in lives, treasure and innocence. For the more than half of the present American population who did not experience the Vietnam Era, perhaps it's just as well they didn't.

Moeller holds Fishers Town Hall meeting

By LARRY LANNAN
LarryInFishers.com

It was Town Hall night at Fishers City Hall Monday, with City Councilman Eric Moeller inviting his North Central District constituents and other Fishers residents to the event. Councilman Moeller welcomed Amy Massillamany from the Hamilton County Council, Eric Pethtel from the Department of Public Works and Jeff Hill from the Fishers City Engineering Department.

Most of the questions from the roughly 20 citizens in attendance were directed at Jeff Hill. Construction plans for State Road 37 improvements and how traffic will be handled during that construction period were a big part of the discussion.

Moeller hinted there may be more town hall sessions planned in the future, hosted by members of the city council.

Hamilton County Sheriff's Office investigating criminal mischief at Carmel's Coxhall Gardens

THE REPORTER

Hamilton County Sheriff's Office investigators have presented the results of an investigation to the Prosecutor's Office on three juveniles in connection with a criminal mischief case at a county park. In a single incident last month, thousands of dollars of damage was done to public property inside

the park.

On Aug. 1, deputies responded to Coxhall Gardens in Carmel when Hamilton County Parks personnel discovered damage inside the park after closing hours. Deputies detained four juveniles inside the park after discovering them near the damaged property. According to a Sheriff's Office report, the juveniles

were allegedly responsible for smashing decorative lights, pushing over benches and vandalizing signs around the park. The cost to clean up, repair, and replace damaged property was estimated at nearly \$5,000.

Deputies are still investigating other incidents of criminal mischief at Coxhall Gardens over the

last three months. During the summer, chairs, lights, plants and other items have been damaged or destroyed with estimates of nearly \$14,000 in damages done to county property, according to Allen Patterson, Director of Hamilton County Parks and Recreation. Deputies are requesting assistance from anyone with information relevant to

these incidents.

The Sheriff's Office works with the Parks Department to provide security at the 12 local parks that comprise the Hamilton County parks system. Deputies regularly patrol the parks, both during open hours and after dark. Parks are open dawn to dusk but are only open after dark for sanctioned events. Cam-

eras are placed throughout the parks to assist personnel in keeping patrons and property safe; however, those who use county parks are reminded to take steps to keep their property safe. Locking vehicles and hiding valuables are important precautions, as is maintaining awareness of surroundings while visiting the parks.

FAREWELL

in our state, but as my role grew in the Senate, so did my goals. Since 2009, I've chaired the **Senate Committee on Appropriations**, a role that is central to the creation of the state budget.

Education was always a top budget priority for me. I worked to ensure the citizens of our state had the opportunity to receive a quality education by providing ample funding for K-12 and higher education over the last 10 years and sponsoring legislation to create the **College Choice 529 Direct Savings Plan**, which gives parents a chance to receive up to a \$1,000 credit on state taxes.

Along with a high-quality

education, I wanted Hoosiers to be able to provide for themselves, so I authored a welfare reform bill that promoted work, self-sufficiency and personal responsibility of the recipient.

I also wanted to help Hoosiers financially by keeping taxes low. Over the years, I worked on legislative efforts to eliminate the state's inventory tax, permanently cap property taxes and sponsored legislation to do away with the state's inheritance tax.

One last thing I really wanted to accomplish before retirement was to help Indiana plan for our transportation infrastructure

needs. In 2017, we created a \$20 billion, 20-year road funding plan, which went into effect in July.

I am proud of my accomplishments, but without the help of many people along the way, I would not have been as successful.

I want to thank the state lawmakers on both sides of the aisle who have served with me over the years. Solving one issue at a time, we made Indiana the robust fiscal state it is today.

I want to thank the members of Indiana's executive branch who mentored and supported me over the last 25 years. Their hard work and dedication to our state is remarkable and I

am proud of their service.

I want to thank those who served alongside me in my local precinct office. With their help, Senate District 20 has seen substantial growth and improvement. In the last few years alone, they have aided in the carousel rehabilitation at Forest Park and the construction of an Ivy Tech Community College.

Finally, I want to thank my constituents, whose input through emails, phone calls and meetings helped drive many of my legislative decisions.

Finally, I'd like to reflect on my fond memories interacting with young people and our future leaders at

the Statehouse.

A longstanding tradition in the General Assembly is our page program, which allows young Hoosiers to visit the General Assembly during session and see firsthand how policy is made. In the last 10 years, I have had a particularly high page participation rate.

In addition to meeting with the pages, I have also worked with interns since I started in the Senate. One of my favorite traditions is hosting the intern class every year at my home.

Finally, in 1999, I began the Luke Kenley Leadership Conference. Every year, I invited students

from schools located in Senate District 20 to attend a conference at the Statehouse and learn about state and local government and leadership.

In meeting with so many young people, I have seen the energy and optimism they have to make Indiana an even better place. Now and in the future, Hoosiers are in great hands. My colleagues and I have worked to build a strong foundation for our state to continue to grow and develop, making Indiana a great place to live, work and raise a family.

I am proud to have been a state legislator. I am proud to be a Hoosier.

Huskies win on Senior Night, Royals are HCC champs

By RICHIE HALL
Reporter Sports Editor

With the soccer sectional brackets revealed, teams around the state are now focusing on finishing up their regular seasons on a high note.

The Hamilton Heights boys team was able to do that Tuesday night. The Huskies won an exciting and tense Senior Night game over Liberty Christian 3-2, completing their regular season with a 9-7-1 record.

The Lions tied the game at 2-2 in the 48th minute, this after being down 2-0 in the first half. Heights got the lead back about six minutes later; Zach Clarke placed the ball to a wide open Josh Thorpe. With Liberty's goalkeeper out of the box, Thorpe easily sent the ball into the net.

"It was a great placed ball. It was placed to him in the corner," said Huskies coach Derrick Dean. "It wasn't a hard-paced shot, but it didn't have to be with no goalie back there."

Heights' first goal of the game came in the 15th minute, with Drew Tomaszewski finding Logan Fakes for the score. Ten minutes later, Thorpe sent the ball to Nahuel Zarate, who kicked it into the net. The Lions scored with five minutes left in the half to make the score 2-1 at the break.

"We went up 2-0, we had the momentum, and Liberty got that goal," said Dean. "They had a little bit of momentum in the second half, which I told the guys they would have, and they got that second goal to tie it. But, the guys dug deep."

After the Huskies scored the go-ahead goal, both teams had several scoring chances here and there. By the last 15 minutes of the game, Heights was controlling the ball, and got several good saves from Caleb Grabarz, who totaled six saves on the night.

"After we scored, I think we had the momentum," said Dean. "I think we kept it pretty well."

The Huskies will now prepare for the Lebanon sectional, with their first game on

Carmel played 3A No. 3 Harrison to a 2-2 tie on Tuesday.

The 3A No. 16 Greyhounds got goals from Oliver Shebek and Caleb Hussain. Jack Muller made one assist.

Westfield fell to Avon 2-1 on Senior Night.

Nick Rogers scored the Shamrocks' goal on a penalty kick.

Hamilton Southeastern, ranked No. 2 in Class 3A, clinched the Hoosier Crossroads Conference championship on Tuesday by beating Noblesville 1-0.

All five of the goals were scored in the first half. Andrew Garvey got two goals for the Class 3A No. 13 Golden Eagles, while Daniel Cloran scored one.

Soccer sectionals

Big games, re-matches will start the post-season

When the soccer sectionals roll around, there is usually never a dull moment in Hamilton County.

The sectional brackets often see ranked teams in the first round, and a second go-around for rivalries. That is the case this year, as the IHSAA announced pairings for this year's sectionals on Sunday night. Games are scheduled to take place the week of Oct. 2, with times and dates still being finalized.

Noblesville hosts the Class 3A boys Sectional 8 this year. The Millers will play the second game Monday, taking on No. 2 ranked Hamilton Southeastern. The two teams just saw each other Tuesday night (see Page 7), with the Royals winning 1-0. Fishers takes on Pendleton Heights in the opener.

The other 3A boys sectional takes place at Carmel. Sectional 10 is ridiculously loaded, with four ranked teams. In fact, the opening game features No. 1 Zionsville vs. No. 13 Guerin Catholic. Westfield will play the winner in the first semi-final.

Another big first-round game is a Metropolitan Conference re-match between No. 4 North Central and Pike. As for the No. 16 Greyhounds, they get Brebeuf Jesuit in the first round.

Rivalries and ranked battles can be one in the same. Look no further than the Class 3A girls sectional at Hamilton Southeastern. The No. 8 Royals will take on No. 13 Fishers in the first game of Sectional 8 at Southeastern. There are three rated teams in this sectional: Noblesville is ranked sixth, and will play Anderson in the semi-finals.

Guerin Catholic is hosting Sectional 10, and it's just as loaded as the boys Sectional 10. The Golden Eagles are ranked No. 4, and will play No. 9 Zionsville in the first game. Another huge first-round game will be between No. 3 Carmel and No. 2 Brebeuf Jesuit, which reached the state finals in Class 2A two years in a row, back when 2A was the biggest class. This is the first year for three-class soccer.

HUSKIES ON THE ROAD

Hamilton Heights will be making some road trips to play in their Class 2A sectionals.

The boys will compete in Sectional 25 at Lebanon. The Huskies will take on a good Frankfort team: The Hot Dogs are 11-4, while Heights is 9-7-1. The host Tigers are ranked No. 10 and received a bye into the semi-finals.

As for the Huskies girls team, they will travel east to Yorktown. Heights will play the first game of Sectional 24, taking on Jay County.

TOUGH 1A DRAWS

Don't let the size of the Class 1A schools fool you. Sheridan and University are playing in the same sectionals in 1A, and those will be the most loaded in the state.

The boys Sectional 40, hosted by Heritage Christian, features three top-ranked teams. The Trailblazers are No. 2, and they

will take on the Blackhawks in the second game.

Other rated teams include No. 4 Heritage Christian, which plays Shortridge in the first round. No. 12 Park Tudor got the bye and will play either International or Broad Ripple in the semi-finals.

Meanwhile, Sheridan will host the girls Sectional 37. The Blackhawks will play a good Western Boone team in the first round, while University faces Tipton, which is always solid in soccer.
