Mayor Ditslear delivers annual 'State of the City' address

The REPORTER

Noblesville Mayor John Ditslear delivered his annual "State of the City" address to the Noblesville Chamber of Commerce Wednesday afternoon at Harbour Trees Golf Club, 333 Regents Park Lane.

Noblesville's infrastructure was a featured section of this year's message.

The city is conducting an engineering survey and has budgeted \$16 million for the State Road 37 project. Hamilton County and Fishers are providing an additional \$4.5 million each to the northern section, but the city needs to work with its partners at the state level for funding options to deliver a free-flowing interchange system to help relieve traffic congestion.

"One of the most transformative projects facing the city in the coming years is State Road 37, the key north-south corridor through our community," Ditslear said.

Part of the State Road 37 southern project is the interchange at 146th Street. Storm drain work will begin in 2018 with construction to begin in 2019 or 2020. As this work is being done, the City of Noblesville is considering options for the nearby Herriman Boulevard and 146th Street intersection as a potential roundabout. Ditslear said these improvements "will assist with traffic flow in that area and

The future of Noblesville's infrastructure was the focus of this year's State of the City address.

infrastructure changes at Stony Creek Business Park will greatly benefit those businesses and the thousands of people who depend on this intersection every day."

"In my opinion, Pleasant Street is just as important as improvements to State Road 37 and is one of our top priorities. The Pleasant Street project is vital

to creating a connector between eastside and westside Noblesville while relieving traffic from State Road 32 and through our historic downtown square," Ditslear said.

Noblesville began preliminary planning this summer to widen and extend Pleasant Street from State Road 37 to Hague Road while improving pedestrian

crossings. To better inform citizens of this project, the city will be hosting a public information meeting later this year or in early 2018. Another portion of the city's work on Pleasant Street is a planning and economic impact study of the corridor including

Man dies in Arcadia car crash

The REPORTER

Hamilton County Sheriff's Office deputies are investigating a fatal crash that occurred on Wednesday, Sept. 27, at State Road 19 and 266th Street in Arcadia. Deputies were first called to the scene at approximately 11:23 a.m. on a report of a personal injury crash with a subject not responding and trapped in the vehicle.

Deputies arriving at the crash site reported a white 2001 GMC Jimmy, driven by Boyd K. Morris, 55, Cicero, was traveling westbound on 266th Street approaching SR 19 when, for an unknown reason, it left the north side of the roadway. The vehicle collided with an embankment on the east side of SR 19 before crossing the highway and eventually striking an unoccupied delivery truck parked at the Casey's on the northwest corner of the intersection. Medical personnel pronounced Morris dead at the scene of the crash. No one else was injured during the incident.

This crash is under review by the Hamilton County Sheriff's Office Crash Investigation Team. Anyone with information concerning the incident is asked to contact the agency at 317-773-1282.

The name change from Klipsch Music Center to Ruoff Home Mortgage Music Center takes effect immediately. Next year will mark 30 years for the Noblesville venue.

Klipsch renamed Ruoff Home Mortgage Music Center

WISH-TV
wishtv.com

The venue formerly known as Klipsch Music Center has a new name: Ruoff Home Mortgage Music Center.

The new name for the 24,000-seat facility was unveiled Wednesday morning. This comes after the Fort-Wayne based Ruoff Home Mortgage and Live Nation agreed to an undisclosed multi-year sponsorship agreement.

"I can't tell you how many years, but I can tell you this: It's a good arrangement for the venue. It should give them stability for a long time to come," said Mark Music, CEO and president of Ruoff Home Mortgage Music Center.

"It's a challenge because we're trying to find a company that we think makes sense," said Marc Abend, regional vice president for Live Nation, the owners of the Noblesville amphitheater.

"We love having partners that are entrenched in the community. It's nice having a company that has roots here in Indiana, and I think that the fans appreciate that, they recognize it."

Music and Abend admitted home mortgages and live concerts aren't quickly linked in the public's mind.

"They don't necessarily have to be in the exact same industry

Trail plans continue to south . . .

Trains on Nickel Plate sought for next year

By FRED SWIFT
ReadTheReporter.com

Plans are coming together for re-introducing excursion train travel on the Nickel Plate north from Noblesville by late spring of next year, according to County Tourism Director Brenda Myers. A newly organized entity known as Nickel Plate Heritage Railroad Inc., will soon be entering a contractual agreement with the county port authority, owner of the tracks, for operating the train service.

Currently the Heritage Railroad leaders, assisted by the Tourism Bureau, are seeking funding for various improvements at the Arcadia depot and in Atlanta where trains will end their 12-mile run. Track repairs are also needed. All told about \$1 million is expected to be required for the project.

In addition, rolling stock is being sought, possibly to be leased from various sources. What part, if any, the Indiana Transportation Museum will play has not been announced. The museum was denied access to the railroad last year due to safety concerns, but the organization has a considerable number of train cars and engines at its Forest Park facility.

Myers says Tourism's plan is to assist in boosting the tourism interest and economies of the northern Hamilton County communities of Atlanta, Arcadia and Cicero through which the Nickel Plate runs. She says trains will likely leave from Noblesville's pocket park near 8th and Clinton streets on their route north.

Meanwhile, preliminary plans are underway for development of the Nickel Plate walking trail and the removal of the railroad tracks between Pleasant Street and 146th Street. South of 146th the City of Fishers will develop the trail to 96th Street.

But don't plan hiking on the trail anytime soon. Noblesville city officials are concentrating on the Midland Trail, the second phase of which is scheduled to get underway next year. Eventually that trail will run east from Westfield to intersect the Nickel Plate at Pleasant Street. Apparently, the tracks will remain intact from Pleasant through downtown Noblesville.

While these plans are underway, the organization known as Save the Nickel Plate is waiting for the federal Surface

Fishers Fire Chief Orusa elected as third vice president of Indiana Fire Chiefs

The REPORTER

At a recent Indiana Fire Chiefs Association (IFCA) meeting, Fishers Fire Chief Steven Orusa was nominated and elected third vice president. Elected by members of the association. Chief Orusas' primary responsibilities will be to assist the president and vice presidents in performing their duties. This position is part of the leadership training and process for the organization.

Mission

The Indiana Fire Chiefs Association promotes excellence in the fire and emergency services by providing a forum for networking, information sharing, cooperative opportunities and a unified voice for our diverse membership and partners through educational, legislative and technical means.

Purpose

The purpose of this organization is to further the professionalism in the Fire Service and strive

continuously to develop ever improving capability to cope with the constant threat of destructive fire to the lives and property protected by our State Membership. To accomplish these purposes the Association shall:

- Conduct studies of major Fire Service problems for the enlightenment of the membership and the improvement of public and private fire protection.
- Develop and effectuate an active program for the progressive improvement of local Fire Service, and stimulate action by the International Association to advance such proposals and improvements which the Association decides are of broad scope and merit.
- Serve as the recognized Fire Service "clearing house" within its jurisdiction for the dissemination of information pertinent to the Fire Service, its affairs and responsibilities.
- Encourage and assist local programs for public education in fire preven-

tion and fire safety emphasizing home drills and emergency plans and promote smoke detectors in all residences.

- Cooperate with other recognized Local, State and International Fire

Service Organizations. Promote advanced educational programs directed toward a goal of professional status for the Fire Service leadership.

- Purpose and support sound legislative propos-

als at all levels of government to establish a nucleus around which an improved local Fire Service may be developed, with increasing emphasis upon professional qualifications and performance.

Vision

The Indiana Fire Chiefs Association is dedicated to being the recognized leader by representing, educating, and supporting the leadership of Indiana's fire and emergency services.

Festival of Hope coming to Federal Hill Commons Sept. 30

By **FRED SWIFT**

ReadTheReporter.com

Transformations Center for Healing, a Noblesville treatment facility for women suffering substance addiction, will stage its inaugural Festival of Hope on Saturday, Sept. 30 at the Federal Hill Commons

outdoor theatre.

The Recovery Rocks benefit concert will begin at 4 p.m. Admission is free, although the Transformations Center hopes to raise funds for its treatment work in freeing women of drug dependence. Games and food trucks will be a part of the

afternoon activities.

The center, located at 2200 Sheridan Road, offers a residential, holistic approach to fighting addiction during a one-year program. The facility is in a 10-bed, residential setting dedicated entirely to healing victims of substance abuse.

NICKEL PLATE

from Page 1

Transportation Board to finish hearing comments from the public before making a decision on whether to grant a request to place the railroad in a "rail bank". The Hoosier Heritage Port Authority, as owners, have asked for this designation to preserve the right to re-

turn the rail right-of-way to a railroad should that be needed in the future. A so-called Light Rail commuter train has been envisioned in long-range mass transit studies.

This week Save the Nickel Plate, which opposes conversion of the rail

line to a Monon-type trail, elected Logan Day as president. He works in the railroad business at Kokomo and is a dedicated train enthusiast. The group has not announced what it might do toward saving the rail line after the Transportation Board makes its ruling.

Philip Allen Tomlin

October 17, 1929 – September 24, 2017

Philip Allen Tomlin, 87, Noblesville, passed away on Sunday, September 24, 2017 at Harbour Manor Care Center in Noblesville. He was born on October 17, 1929 to the late Paul and Katherine (Rundall) Tomlin in Chicago, Ill.

Philip proudly served his country in the United States Air Force and was a junior high school principal in Waukegan, Ill. He was a member of Noblesville First United Methodist Church and was a Stephen Minister. Philip served as past president of Noblesville Golden K Kiwanis Club, was an AARP Safe Driving Instructor and volunteered at Riverview Hospital. Philip married Meg in 1961 and together they enjoyed traveling to over 20 countries in their retirement years.

He is survived by his wife, Margaret "Meg" Tomlin; daughter, Jeanne Lawson; son, Russ Tomlin (wife Karen); two granddaughters, Alice and Clara Lawson; and sister- and brother-in-law, Gretchen and George Dickison.

Services will be held at noon on Saturday, September 30, 2017 at Noblesville First United Methodist Church, 2051 Monument St., Noblesville, with visitation from 10 a.m. to the time of service. Pastor Dick Judson will officiate. Burial will be at Crownland Cemetery in Noblesville at a later date.

Memorial contributions may be made to Noblesville First United Methodist Church, 2051 Monument St., Noblesville, IN 46060.

Johnnie W. Wright

December 28, 1936 – September 26, 2017

Johnnie W. Wright, 80, Noblesville, passed away on Tuesday, September 26, 2017 at Harbour Manor Care Center in Noblesville. He was born on December 28, 1936 to William and Mollie (Price) Wright in Page County, Va.

Johnnie retired from Firestone as an assembly worker. He is survived by his wife, Patricia Wright, who he married on May 7, 1957; children, LaVonne (John) O'Neal, Brice (Dolores) Wright and Crystal Mann; nine grandchildren, Angela, John, Lindsey, Heather, Michelle, Eric, Sasha, Jenna and Elissa; and 12 great-grandchildren.

In addition to his parents, Johnnie was preceded in death by his

son, Shawn Wright.

Visitation will be from 12:30 to 3 p.m. on Saturday, September 30, 2017 at Randall & Roberts Funeral Home, 1150 Logan St., Noblesville, with Graveside Services immediately following visitation at Crownland Cemetery in Noblesville.

Westfield's Well Armed Woman educates, empowers

By **STU CLAMPITT**
ReadTheReporter.com

The Well Armed Woman is a national organization dedicated to educating and empowering women through firearms education. The local chapter in Westfield recently had a public discussion on active shooters and will soon have a presentation and discussion about opioids.

The Reporter had the opportunity to talk to Ann Stapleton from the Westfield chapter about the organization in general as well as these two event public events.

"The originator and president of The Well Armed Woman is Carrie Lightfoot," Stapleton said. "The headquarters are in Arizona. She started out with local chapters

in her area and there was an overwhelming interest from women wanting to know more about shooting. That's always been a typically male subject, but so many women are much more liberated today than they used to be. They really want to know more about how to protect themselves."

The organization has had an enormous response from the public, with chapters in 45 states, according to their website: TheWellArmedWoman.com. They educate women who want to know more about firearm safety and protection, regardless of their level of experience.

"I would say the majority of women that come to us don't know a doggone thing about guns," Stapleton told The

Reporter. "They want to be educated. We educated them and empower them. I think once the woman has the handgun or rifle she chooses to shoot with and has the education behind it, they feel very empowered to take care of themselves and protect themselves better. That's our primary goal: to educate and empower women."

The organization and the monthly meeting is exclusively for women. They do, however, offer some educational events that are open to the public.

Monthly Meetings

When: 7 to 9 p.m. the third Thursday of each month
Where: Tim's Shooting Academy of Westfield, 17777 Commerce Drive
Get involved: No registration is required, but you are welcome to reach out to Ann Stapleton by email at StapletonFarms1@yahoo.com
Learn more: Visit their website at TheWellArmedWoman.com or come to a meeting.

One such event was a presentation and discussion on active shooters led by Bill Clifford.

On Sept. 18, Clifford spoke to approximately 40 members of the community at the Westfield Fire Department, 17535 Dartown Road, about how to deal with an active shooter situation.

"I think it's important for people to be aware of situations that could arise and to forearm themselves with knowledge," Stapleton said about the event. "When those situations arise, you don't want to be caught up short, not knowing what to do. We were talking about being aware of your environment and possible hazards. Should a situation arise, we talked about how to react: whether we should stay and try to fight those situations, if should we get out of those situations or how we could lessen the danger of the situation."

The evening was not just a presentation of information by Clifford, but was also an opportunity for questions and discussion by those in attendance.

According to Stapleton, "We went through various exercises of 'what would you do if an active shooter came into this room?' Would you try to get out? Would you look for a place to hide? Would you look for something to defend yourself? It was all pretty stimulating and we

had a lot of discussion and questions about it."

Stapleton was the organizer of this event, having previously seen a similar presentation.

"I met Bill [at another venue] when he gave the same talk to the group I was with," Stapleton said. "I asked him if he would be willing to come talk to The Well Armed Woman and he agreed. We opened that up to the community in general. We had quite a few visitors there, in addition to our members."

The next public event will be Tuesday, Oct. 17, when James Ginder from the Hamilton County Health Department will give a lecture on opioids.

"This is a hot topic," Stapleton told The Reporter. "When we talk about home invasions we have to understand most home invasions aren't like it was when someone broke into your house to maybe steal a TV set. Now they break in because they need cash for drugs. Often, we are confronted by an assailant who is on drugs. That's an entirely different situation. I thought that would be a very pertinent subject, although people might not see the correlation initially, I think if you heard the talk, you would understand that this is something we run into in every facet of our lives."

This talk will be from 7 to 9 p.m. at the Westfield Fire Station, located at 17535 Dartown Road.

Next Public Event

7 to 9 p.m., Tuesday, Oct. 17. James Ginder from the Hamilton County Health Department will give a lecture on opioids the Westfield Fire Department, 17535 Dartown Road. The talk is free and open to the public.

The talk is free and open to the public.

For women interested in learning more about The Well Armed Woman, there are regular meetings in Westfield.

"We have meeting the third Thursday of every month," Stapleton said. "We meet at Tim's Shooting Academy of Westfield [17777 Commerce Drive] from 7 to 9 p.m. We do approximately an hour of classroom and an hour of shooting time."

Neither registration nor membership in the national organization is required to attend a meeting.

"They can just show up," Stapleton told The Reporter. "We'll take care of you. If you don't have a gun, that's no problem. Several of our ladies will come to our meetings for the education part, but do not stay to shoot, and that's fine. If they are new to shooting they may want to stay with us for the meeting because we have an instructor when they go out to shoot."

The organization's website, TheWellArmedWoman.com, has educational video, information on how to be a member and the purpose of our organization. There is also a link called "Local Chapters" where you can look for the closest chapter in any state.

Ditch Road extension now open to traffic

The REPORTER

On Wednesday the city of Westfield officially opened the new extension for Ditch Road with a ribbon cutting ceremony.

“The northwest quadrant of Westfield is growing at a rapid pace and the new section of Ditch Road is necessary infrastructure to keep up with the growth in that area,” said Mayor Andy Cook. “The new roadway will now allow the city to close down Casey Road, which has become unrepairable over the years.”

Ditch Road connects to the new Casey Road roundabout, which opened to traffic just a few weeks ago.

Cost for construction was approximately \$2.8

The Ditch Road extension adds 1.5 miles to Westfield’s road network, connecting to the new Casey Road roundabout.

KLIPSCH

from Page 1

segment for it to necessarily be someplace where you want to have your name. You want eyeballs right?” Music said.

“Most people go to one show a year. That’s what our statistics tell us. Every show is somebody’s playoff game. Well, buying a house has that same feeling,” Abend said. “So we’re excited about that relationship.”

The venue opened in 1989 under the name Deer Creek Music Center. Verizon Wireless took over sponsorship in 2001, with Klipsch Group Inc. changing the name again in 2011. Klipsch’s five-year contract expired last year.

“Out of respect for the prior corporate partner, we had to be quiet and couldn’t make much noise about it and so today we can finally stand on the rooftops and make it known,” Music said.

Concertgoers in Indianapolis said while the name change wouldn’t stop them from attending concerts, they remember previous names first.

“That is quite the mouthful. I’m still just going to be call it Verizon or Klipsch because I can remember that,” one said.

“Doesn’t roll off the tongue,” said a young man. “I don’t think the name would deter me from seeing the music.”

“It does seem a bit long. We’ll figure out a short way to say it I’m sure. It’s 2017,” said another. “RHMMC? I can already see the hashtag.”

The name change is effective immediately, and

Live Nation representatives said the sign changes will occur throughout the fall and winter, with full branding ready for the start of the spring 2018 concert season.

Acts such as Bob Seger and the Silver Bullet Band, Metallica, Coldplay, Frank Sinatra and Kings of Leon have all played at

the venue.

The venue recently wrapped up its 2017 concert season Sunday with a performance from Matchbox Twenty and the Counting Crows.

2018 will mark 30 years for the Noblesville venue.

CITY

from Page 1

Eighth Street, Southwest Quad neighborhood and downtown.

"It is time to bring some definite answers to residents who live along and near Pleasant Street, and to proceed toward the next objective, which is construction," Ditslear said.

The city is being proactive and in 2018 will convert the intersection of 19th and Pleasant streets into a roundabout. This project will be 80 percent funded by state grants. One major roundabout completed in 2017 was the Five Points intersection of Greenfield and Chris-

tian avenues and 10th Street. The improvement removed a stoplight and has decreased congestion along one of the city's main corridors.

Other highlights of the State of the City speech include:

• **New Police Station** – The city is continuing

discussions with Firestone about the potential for a new police station at the site. The current station was built for 32 officers, but the department now has 95 employees and desperately needs more space. "So far, the feedback we have received from council members and the public has been very favorable as to the need. It is our intention, if financing is approved, to begin construction next year for a 2019 opening."

• **Police Changes** – The police department implemented new strategies to tackle 21st Century challenges with its Intelligence Unit, Problem Oriented Policing Unit and Traffic Unit. At the patrol level, officers are now serving in a particular district for six-month intervals, allowing them to better know the people and places within that geographic area.

• **Fire Department** – The Noblesville Fire Department has replaced its Self-Contained Breathing Apparatuses to provide firefighters with updated models that include new technology such as a wire-

less heads-up display and a communication system within the masks. The department also has ordered a new ladder truck, fire engine and ambulance to be delivered in early 2018.

• **Winter Ice Rink** – Noblesville Parks and Recreation has contracted to install a 50-foot by 80-foot temporary ice skating rink at Federal Hill Commons from Black Friday to early January. The rink will be open daily and can accommodate more than 250 people at once.

• **Free Wi-Fi** – Federal Hill Commons now has free public Wi-Fi. It is the first Noblesville Park to offer this amenity to its guests thanks to a donation from Taylored Systems.

• **Seminary Park** – The city is taking a fresh look at Seminary Park. Potential improvements include additional trees, benches, lighting and pathways; gardens; historical signage and a wrought-iron fence and arched gateway that harkens back to the site of Second Ward School; and upgrades to the gazebo. Some form of improvements are planned to begin in 2018.

• **Bike Share Program** – The city is looking at creating two Zagster bike sharing locations in downtown Noblesville next year. Officials also are working on bike share connectivity throughout Hamilton County and looking for Noblesville businesses to host additional bike share stations to expand the city network.

• **Downtown Streetscape Plan** – Another initiative to improve downtown is the comprehensive streetscape master plan. Its goal is to create a "wow factor" so people know when they enter and leave downtown Noblesville. The plan is in the early stages, but it will extend the downtown borders further out from the Square and create a more functional space for cars and people.

• **Riverwalk** – Last month, city and Hamilton County officials joined together to open the final phase of the Riverwalk. This phase was the missing link to complete a half mile of trail along the eastside of the White River. It also has led to a tentative agreement to begin another City-County project – a pedestrian walkway is being designed for the Logan Street Bridge to be opened in 2019, which will provide another safe passageway over the White River.

• **Riverwalk Extension** – Ditslear announced that the city is extending the Riverwalk trail further south. This additional one-mile stretch will run from Division Street to Southside Park – meaning the Riverwalk will connect two city parks (Southside and Forest parks). The trail will be designed this winter and begin construction next summer.

• **Midland Trace Trail** – Noblesville recently completed its first phase to extend Midland Trace Trail from Gray Road to Hazel Dell Road. The city is now working on creating a trailhead off of Hazel Dell, which will include restrooms, a water fountain, parking, benches and a bike repair and air station. It is expected to open around Memorial Day. Also in 2018, work will begin on Phase II to further extend the trail east to Willowview Road as part of the overall plan to run the Midland Trace into downtown.

• **Phosphorus Removal Plant** – Noblesville Utilities is preparing to build a phosphorus removal plant, a federal unfunded mandate that will cost the city \$9 million. This is due to harmful algae blooms impacting fish habitats in the Gulf of Mexico. Noblesville is about to break ground on this project and expects construction to take approximately one year to complete.

Meeting Notice

The Hamilton County Solid Waste Board will meet at noon on Monday, Oct. 2, 2017, in the Commissioners' Courtroom of the Hamilton County Government and Judicial Center, One Hamilton County Square, Noblesville.

Girls soccer

Millers beat HSE for HCC championship

By RICHIE HALL
Reporter Sports Editor
Call them fighters, call them comeback queens.

Above all, call the Noblesville girls soccer team Hoosier Crossroads Conference champions.

The Millers clinched the HCC title Wednesday night, coming back to beat Hamilton Southeastern 3-2 on the Royals field. With the win, Class 3A No. 6 Noblesville finished conference play at 4-0-2, getting past two more 3A powerhouses, the No. 8 Royals and No. 9 Zionsville in what had become a complicated three-team race for the HCC trophy.

"This team's fought all season," said Noblesville coach Mike Brady.

All of the goals were scored in the second half, this after a well-played first half that saw both teams have plenty of chances. Southeastern was the first to break through when sophomore Layla Brown tapped in the game's first goal in the 47th minute.

But a couple minutes later, Noblesville senior Abby Martin got a penalty kick opportunity, which she easily put into the net. That was with 31:51 left in the game. The Royals answered right away, with freshman Izzie Wallace firing in a goal exactly 39 seconds later. Brown had the assist.

Southeastern held the lead until the 17:42 mark, when Carly Hundall found the back of the net on a hard kick. That tied the game at 2-2, but a tie wouldn't win the Millers the conference. They had to win the game or else.

It took them a few minutes, but Noblesville got the winning goal, with junior Keeley Hoopingartner placing the ball into the net. That was with 6:37 left in the game, and the Millers held on from there.

Reporter photo by Richie Hall

The Noblesville girls soccer team beat Hamilton Southeastern to win the Hoosier Crossroads Conference championship on Wednesday. The Millers came back from a goal down to win 3-2.

"Keeley, like the rest of them, has that energy level that lifts everybody up," said Brady. The coach said that whenever Hoopingartner was on the field, good things happen for Noblesville - and they did on Wednesday night.

Right after the Millers completed their victory, many eyes were directed towards many phones to await the result of Wednesday's Zionsville-Brownburg game. If the Eagles won, Noblesville would have to share the HCC crown.

But the No. 14 Bulldogs beat Zionsville 2-1, so the Millers had the championship all to themselves. Brady informed his team of the result, and the cheering started.

"Conference title is pretty impressive for this group, but it's something that we're going to enjoy right now, as you can see, and then we start training for the state tournament tomorrow," said Brady.

Noblesville finished its regular season 10-2-3, while Southeastern completed the regular season 11-5-1.

GREYHOUNDS WIN MIC
Carmel, the third ranked team in 3A, completed an undefeated Metropolitan Conference season Wednesday with a 2-0 victory at 3A No. 20 Center Grove.

The Greyhounds scored a goal in each half, both of them coming early. Kelsie James got the first score, just 1:45 into the game, with Katie Soderstrom providing the assist. Susie Soderstrom then scored Carmel's second goal, with Morgan Parker assisting.

Emily Melchi made four saves in goal. Finishing the regular season with a game for the conference title is always great," said Greyhounds coach Frank Dixon. "It seems like we have been doing this with Center Grove forever. We needed a win or tie this

evening to secure the title and the girls got the job done. This is the fourth straight title for this group of seniors and they are all proud of the accomplishment."

Carmel finished its regular season at 13-1-2.

'HAWKS TIE TIPTON
Sheridan finished its regular season at Tipton Wednesday, playing to a 0-0 tie.

Renee Zachery earned Player of the Game honors for her steady play in several different positions. Blackhawks coach Kurtis Olsan said the Blackhawks improved over their game last week at University, and this should give Sheridan some confidence heading into sectionals.

The 'Hawks finish the regular season at 6-6-3.

TIGERS TIE HARRISON
Fishers, ranked No. 13 in 3A, played to a 3-3 tie with 3A No. 17 Harrison on Wednesday.

Maddie Essick, Taryn McFarland and Gretchen Mills each scored a goal for the Tigers, who finished the regular season 6-5-4.

Boys tennis sectionals begin

Boys tennis sectionals began on Wednesday with semi-final matches at Carmel's Todd Witsken Tennis Center and the Hamilton Southeastern courts.

The No. 1-ranked and defending state champion Greyhounds easily advanced to this afternoon's championship by beating University 5-0. Carmel won all five matches 6-0, 6-0.

The 'Hounds will face No. 10 Guerin Catholic for the title; the Golden Eagles beat Westfield 4-1. Guerin won all of its matches in straight sets.

"Across the board, I thought we played very, very well," said GC coach Joe Lustig. "I was particularly pleased with a couple of positions. Michael Aikman at No. 3 singles

would've lost a match like that earlier in the season and he managed to play extremely well."

Parker Kalis won at No. 1 singles for the Shamrocks, which qualifies him for the individual singles tournament. Play will begin in that next week.

Carmel and Guerin Catholic will play for the championship at 4:15 p.m. today.

At Southeastern, No. 8 Fishers edged the No. 23 host Royals 3-2 to advance to today's championship there. The Tigers won all three singles matches, while Southeastern won both doubles matches. That includes No. 1 doubles Mark Slaninka and Andrew Myers, who move to the individual doubles tournament.

Fishers will play Noblesville, a 4-1 winner over Hamilton Heights. The Millers won all of their matches in straight sets. Hudson Hochstedler got the Huskies' lone win, at No. 2 singles.

The championship at HSE starts at 4:30 p.m.

'Rocks volleyball falls to Cathedral

The Westfield volleyball team dropped a four-set match to Cathedral on Wednesday, 25-19, 25-20, 21-25, 25-23. Claire Hindman led the Shamrocks on defense with 20 digs. Grace Weber hit 12 kills, while Kinsey McAfee had one solo block and two block assists. Caroline Sinicki handed out 35 assists. Westfield is back at The Rock tonight to play Avon in a Hoosier Crossroads Conference match.

Alford scores for UHS boys soccer

The University boys soccer team finished its regular season with a 1-0 win over Class 2A No. 11 Tri-West on Wednesday. Jacob Alford scored the 1A No. 2 Trailblazers' goal, heading in a Sam Gailey free kick. University ended the regular season with a 10-4 record.

Tee times for girls state golfers

Tee times are available for the Hamilton County golfers competing in this weekend's girls state finals at Prairie View Golf Club in Carmel. Westfield, last year's runner-up, will tee off between 8:57 and 9:33 a.m., from the first tee. Carmel and Hamilton Southeastern will play with each other, and will start between 8:48 and 9:24 a.m. from the 10th tee. Fishers will begin from the first tee, going off between 10:27 and 11:03 a.m. Guerin Catholic's Angelica Pfefferkorn will tee off at 10:45 a.m., from the 10th tee.

Football preview

Week 7 features Royals-Millers, huge games for 'Hawks, 'Hounds

By RICHIE HALL

Reporter Sports Editor

As Indiana high school football teams enter the final third of the regular season, pretty much every game is a rivalry game.

Two nearby rivals will meet in Fishers Friday, as Noblesville travels to Hamilton Southeastern. Kickoff for this game is set for 7 p.m. The Millers notched their first win of the season last Friday over Hamilton Heights 45-0, while the Royals lost a frustrating game to Zionsville 30-10.

While Noblesville was glad to get its first victory last week, the Millers are making sure things remain business as usual as they prepare for HSE.

"We aren't approaching this game any differently just because we won last Friday," said NHS coach Jason Simmons. "Our message has been the same for quite some time now. We have challenged our entire program to get better every day and concentrate on the areas of discipline, accountability, trust, and belief in the process of getting better every day."

One player who has definitely gotten better is Grant Gremel. The junior quarterback threw two touchdown passes last week against Heights, and rushed for two more. Gremel totaled 203 yards over the air, and in fact is now the leading passer in Hamilton County with 83 completions and 872 yards.

Gremel has gotten notice from Southeastern coach Scott May.

"He can throw it and run it," said May. "I think they are getting better as a team and play hard. Their win last week I am sure was big."

The Royals had some bright spots against the Eagles last week. Kody Sparks notched his second rushing touchdown of the season and threw for 211 yards. Jackson Sweeney continued his comeback from an early-season injury, rushing for 85 yards.

"Hamilton Southeastern has grown offensively over the past two games," said Simmons. "They are dangerous in space with the football and they have created a more balanced attack the past two weeks. The ability to put defenses in space and the tempo with which they play offensively will be two things we work to handle on Friday. Defensively, they are a fast group that gets downhill well. Their scheme creates match-up concerns that we will need to minimize. They are a sound, well-coached football team that will be a challenge for us Friday."

"Our kids know we have no off week and to win we must show up every week and be ready to make plays," said May. "Sometimes we have to remind them but they know. We just have to keep working on us. I don't think we have hit our peak as a team and we can get better. We missed big opportunities to score last week and we got beat. I do point those things out and we work to improve."

HUGE GAME FOR 'HAWKS

Now that they have at least a share of the Hoosier Heartland Conference championship, Sheridan will be taking a week off from league play to travel to Tipton.

This will be a big game: The Blue Devils are 6-0 and ranked No. 6 in 2A, with wins over Madison-Grant, Elwood, Lafayette Central Catholic, Hamilton Heights, Western and Northwestern. The Blackhawks are 5-1, and rated No. 6 in 1A.

Junior KJ Roudebush has been outstanding for Tipton, with 1548 yards and 91 completions so far this season. Roudebush has thrown for 15 touchdowns. Senior Caleb Burkett has the most receptions with 23, followed closely by junior Aidan Moses with 22.

"This is a real good ball game for us," said Sheridan coach Bud Wright on the Hamilton County Television Coaches Show. "They haven't had a close ball game except for Lafayette Central Catholic."

Kirk Green/File photo

Sheridan's Gunnar Williams (right) has scored six touchdowns for the Blackhawks this season. Sheridan will play at undefeated Tipton this Friday.

"They got a lot of good quickness, especially on the defensive front," said Wright.

Sheridan's Joe Callahan has leaped to the top of the county scoring and rushing charts, thanks to his five-touchdown performance last week against Taylor. Callahan has now scored 14 touchdowns and rushed for 913 yards. The Blackhawks have also mixed it up on offense this season: Drake Delph has eight touchdown passes.

'HOUNDS AT NO. 1 BEN DAVIS

It doesn't get much bigger for Carmel this week: The 6A No. 7 Greyhounds will travel to Ben Davis, the unquestionable No. 1 team in Class 6A.

The Giants are 6-0 and none of those games have been close: Ben Davis is winning its games by an average score of 49-15. Senior Reese Taylor is the Giants' quarterback, and he has already thrown 103 completions, 1483 yards and 19 touchdowns. Senior Broc Thompson is Ben Davis' top receiver, with 34 catches and five scores.

Another senior, Johnny Adams, has 10 touchdowns and 685 yards to his credit.

"Ben Davis is a supremely talented football team in every measurable way," said Carmel coach John Hebert. "Explosive playmaking on offense is why they are averaging over 50 points a game, but they are capable of executing and controlling the ball, something we learned while playing them last year. Trying to contain and limit Reese Taylor and Johnny Adams is our goal, with the understanding that they are going to make plays and we have to continue to pursue them for the entirety of the game."

"Their defense is very fast and capable of big plays on every snap. Controlling the football will be very important for our chances of victory. We will have to mix the running game with a passing attack that can keep them somewhat off balance. We have gained some confidence on offense but we still have a lot to prove to ourselves about our capabilities."

STATE CHAMPS COME TO FISHERS

Fishers and Roncalli are not rivals - this will be the first time the two schools have ever played each other. But anytime a defending state champion comes to town, it's a big deal.

The Rebels are the No. 1-ranked team in

Class 5A, this after winning the 4A state title last year. Roncalli is 6-0 with wins over Southport, Franklin Central, Bishop Chatard, Plainfield, Scecina and Brebeuf Jesuit.

Senior Conner Gore is the quarterback for the Rebels, and he has a highly efficient record - 69 of 91 for 958 yards and nine touchdowns. Another senior, Patrick McManama, has rushed for nine touchdowns as well, totaling 396 yards for the season. He is one of two top runners for Roncalli; junior Elijah Mahan has accumulated 442 yards. Senior Michael Dill is the leading receiver with 25 catches.

"New Head Coach Scott Marsh has totally changed their offense from the traditional Roncalli offense from years past as they are now a spread offense and throwing the ball to receivers in space but still possess a physical, downhill running game," said Fishers coach Rick Wimmer. "Defensively, they bring lots of pressure and play a lot of man and match coverage. Our receivers will have to do a great job of route running to create space for our quarterback and our offensive line and running backs will have to be physical and tough as we will often have more defenders in the box than we can block."

SHAMROCKS TRAVEL TO AVON

Westfield is looking to bounce back after consecutive losses, and the Shamrocks will try to do that against the Hoosier Crossroads Conference's best team on Friday.

Westfield travels to Avon for a 7 p.m. game. The Class 6A No. 9 Orioles are 4-2 and 2-1 in the conference - they were beaten by Fishers last week in a dramatic contest.

Senior Cameron Misner is Avon's quarterback, and he has totaled an insane number of yards - 1638 - over six games. That's an average of 273 yards per game. Misner has already thrown for 21 touchdowns. Westfield coach Jake Gilbert calls the Orioles' offense "amazing."

"Maybe the best I have ever seen in the HCC," said Gilbert. "They are loaded and experienced everywhere."

Junior Sampson James is the leading rusher for Avon, with 729 yards and nine touchdowns. Senior Isaac Guerendo, a Wisconsin recruit, has 35 receptions for 921 yards and 12 scores.

Despite falling in back-to-back games,

Gilbert remains confident that his team will turn things around.

"We are confident that we'll get better," said Gilbert. "Obviously we have not scored the last two games without Nate Froelich. We have to keep grinding it out and play with better enthusiasm, energy, and fundamentals."

HOMECOMING FOR HUSKIES

Hamilton Heights will have its Homecoming game this week, welcoming Twin Lakes. The kickoff will be at 7:30 p.m. due to travel time for the Indians from Monticello.

Twin Lakes is 3-3 for the season, with wins over Delphi, Benton Central and Lafayette Central Catholic. Losses have come from Culver Academy, Northwestern and Rensselaer Central. After starting 1-3, the Indians have won their last two games. Heights coach Mitch Street said Twin Lakes is "playing pretty confident and good football."

"They are very talented offensively, and because of their scheme provide you a lot of challenges," said Street. "They will make you play disciplined football. Defensively, they attack you, and that can be challenging as well."

"Our kids are excited to have Homecoming this week, but we understand we have a lot of work to do as a football team, and so far this week they have embraced that," said Street.

GUERIN PLAYS AT BREBEUF

Guerin Catholic will try to rebound from its first loss of the season at Brebeuf Jesuit in a Circle City Conference game. This game will be played on Saturday.

The Braves are 2-4 for the season with wins over Arsenal Tech and Culver Academy, and losses to Bishop Chatard, Cardinal Ritter, Zionsville and Roncalli.

Senior Derrick Ozobu is Brebeuf's quarterback, and has thrown for 10 touchdowns and 1102 yards.

"They've got a good team," said Golden Eagles coach Tom Dilley on the HCTV Coaches Show. "Coach Roessler's done a very good job with those guys. They're always tough and they return a lot of experience. Always a physical, physical game."
