Noblesville breaks ground on Midland Trace Trail Phase II

The REPORTER

Noblesville officials have broken ground on its second Phase of the Midland Trace Trail, a 12-footwide multi-use path that will connect Willowview Road east to Hazel Dell Road. The project continues to increase Noblesville's trail availability and connectivity.

"This trail is especially important as it connects Noblesville directly with our neighbors. Through the Midland, residents can travel to Westfield and connect with the Monon Trail to Carmel and Indianapolis," said Noblesville Mavor John Ditslear.

The Midland Trace Trail project follows along the abandoned Midland Central Railway corridor (approximately 0.2 miles south of State Road 32). Phase II work began earlier this spring with tree clearing. Phase II is expected to

Carmel Clay eyes closing of elementary schools

WISH-TV wishtv.com

Changes could be on the way for Carmel Clay Schools as elementary enrollment continues to drop. District leaders hosted a meeting last Wednesday to talk about possible changes and get community input.

It's early in the process, but the district is looking at redistributing and potentially closing at least one school. The interim co-superintendent said there isn't a need for the district's 11 elementary schools anymore.

Orchard Park and Carmel elementary schools are two of the oldest ones in the district.

"It is time to consider doing something with these facilities,' said Roger McMichael, interim co-superintendent.

McMichael said those buildings are due for millions of dollars worth of renovations, but district leaders are questioning if that money would be better spent elsewhere as elementary enrollment in the district has been declining since

2011 and is projected to continue to decline.

District leaders said one option would be to close Orchard Park and Carmel elementaries, and then build a new school on the west side of the city where there is a need.

This community meeting was the first of at least five that are scheduled. Leaders said after hearing from the public, they will make a recommendation to the school board. It is likely to be another three years or so before any changes go into effect.

The original TIF debt to construct just the culinary center, which has already been enacted, is \$9.2 million, according to the city's bond attorney Rick Hall. The \$6 million in additional TIF debt will be used to finance a parking garage, which will be needed with the addition of multi-family housing as part of the plan, Hall told LarryInFishers.

The financing plan approved by the Redevelopment Commission must still go through more approvals before the decision on the additional TIF debt is final.

New lightning detection system at Noblesville Parks

The REPORTER

As severe weather season approaches, the Noblesville Parks and Recreation Department has purchased AnythingWeather Communications' iStrike Lightning Detection System for several city parks to help keep visitors safe.

"With the popularity of our parks and outdoor events, severe weather and lightning are concerns we must worry about. Using the latest technology allows the city to best alert our patrons if severe weather approaches and provides them amble time to react and safely evacuate if needed," Noblesville Mayor John Ditslear said.

Nine lightning detectors have been installed. AnythingWeather's iStrike System monitors lightning in real-time and minimizes false alarms for exact locations

"With thousands of park

Trail-

certs and special events, and more than 43,000 rounds of golf played on city courses annually, once we learned about the detection system we knew it was something we needed to have in place and will be a great asset for all guests," said Noblesville Parks Director Brandon Bennett.

The alert system will be located at various locations throughout Noblesville parks, including multiple detectors in Forest Park servicing the main areas of the park, Forest Park Golf Course, Aquatic Center and Babe Ruth baseball diamonds; multiple detectors at Fox Prairie Golf Course and Noblesville United Soccer Club fields; multiple detectors at Dillon Park servicing the playground, splash pad, football fields and event lawn; and at Federal Hill Commons.

When severe weath-

er approaches, the system will monitor the specific conditions at each location, alerting park staff when lightning is detected within 20 miles in order to keep them aware of any approaching severe weather. The system will alert park visitors by activating a strobe light when lightning is detected within 12 miles and a horn sounding along with strobe light activation when lightning is detected within eight miles. When lightning is detected within eight miles, park staff will end any outdoor park programs and evacuate the area. When lighting is not detected within 30 minutes, the system will sound three short horn blasts to indicate the all clear and outdoor park activities may resume.

Carmel man charged with stealing skateboarding bulldog

Police have arrested a Carmel man on theft charges stemming from the disappearance of a popular skateboarding English bulldog named Gus.

Carmel Police said last Monday that Reid Albrecht, 22, of Carmel already was serving a six-month sentence on drug charges when he was arrested on the new

charges and is being held in the Hamilton County Jail with a bond set at \$5,000.

Gus disappeared from his owners' front yard on Oct. 6. Several witnesses told police they re-

New Babyland sign highlights latest of several renovations at Noblesville's Riverside Cemetery

The REPORTER

In the past year, several Noblesville departments have worked together to renovate Riverside Cemetery. Located in Downtown Noblesville along the banks of the White River, the earliest known burial marker at Riverside Cemetery is dated 1824. The cemetery, which is available to all regardless of race, creed or ethnic heritage, is maintained by the Noblesville Street Department and overseen by the City Clerk and Board of Works.

"An important function of the city is the preservation of Noblesville's history, and with the help of many people, we are making good progress at Riverside Cemetery," Noblesville Clerk Evelyn Lees said.

In the fall, work was done to distinguish Babyland's portion of the cemetery. Babyland was established and used in the 1950s, '60s and '70s. Nineteen infants are buried there; however, only six graves are marked. A new metal sign was designed and created by Rick Heflin of RC Metalworks in Downtown Noblesville to incorporate the names and years of those burials located in Babyland.

At the same time as work on Babyland took place, the chain link fence on a portion of the cemetery's southern boundary was replaced with the same black metal fencing used at the east and north sides. As funding becomes available, the long-term goal is to replace the remaining chain

link fence so the entire border has the same fencing.

Two State Heritage Cemetery signs have been installed, one at each entrance to the cemetery. The third sign will be installed just outside the north side of the cemetery at the Riverwalk trailhead.

For the past two years, GIS undertook the daunting project of mapping the entire cemetery, which included probing the graves to check accuracy. As work moved into the older parts of the cemetery, it was discovered that several headstones had fallen down and over time become covered with sod.

Lees said the next project will be preservation and restoration of the markers, which the city is researching.

And the survey asks ...

From the Heart

I have a new nemesis ... surveys.

Delivered by email, mail or phone, they seem to be an everyday occurrence. Everyone seems to want my opinion about everything. My first thought is,

like it will matter.

Chuck and I have been on our phones, at the same time, and we seem to be answering the same questions that the callers ask us. We are taking a survey asked by our health providers.

So it seems as we grow older we will be getting more surveys. Ugh on both.

On Friday afternoon I received a call and 5 minutes and 41 seconds later I hung up. It was from the hospital where I had received care in their emergency room a couple of weeks ago for a dog bite. (Yes, yikes!)

I told the man that everything was excellent. I

had no wait. The nurses

and doctor were wonder-

ful. My care was five star.

poor how would you rate your care?

• Did you have blood drawn? No, so thankfully, I did not have to answer questions JANET HART LEONARD about my blood draw. Did you

have any x-rays? Uh, yes, I know, "on a scale from one to five ..." Well, you know the drill.

Taking these surveys is painful. Maybe not as painful as a dog bite but though.

I know these surveys must be important (?). If they were not, then why do we have so many? Maybe I am just a rule follower. Maybe I have a hard time saying, "No, I do not have time to take a quick (?) survey." I feel trapped into the conversation thinking okay, just a few more questions. Twenty questions later they are thanking me for my time and my food is cold.

When the caller says "brief" what exactly is his definition of "brief"? When the caller asks if I would have wanted them to do anything differently, how would I know? I had never been bitten by a dog before. Tetanus shot, extra bandages, two prescriptions, one for pain and one for 10 days of antibiotics (8 a day equals 80), a battle story to tell and I was outta there! The ER staff could not have taken better care of me ... in my humble opinion. I wish I knew the name of the nurse that cleaned my wound and gave me the tetanus shot. She was so gentle. Even as the shock of the bite hit my body and I began to shake and my teeth began to chatter she reassured me that it was all normal. (Like there is anything normal about a dog bite.)

If successful, he would face incumbent Democrat Sen. Joe Donnelly and a Republican who will be selected in the May 8 primary. While several independents have been elected to Congress over the years,

Indiana has not elected an independent, at least in modern times.

In an IBJ interview, Altman says he is running because there is such a divide between the major parties. He says he wants to seek answers to problems and be a listener and a "uniter," and not participate in the fight between sides. In a general election, Altman says his aim is not be a spoiler. But, that would seem to be a potential unintended consequence right here in Hamilton County. In a close senatorial race, Republicans would count heavily on the county to deliver a big margin. Thomas Calvin Burtron November 26, 1951 – April 11, 2018

Thomas Calvin Burtron, 66, passed away at his home

in Sheridan on Wednesday morning, April 11, 2018. He was born in Noblesville on November 26, 1951, to the late Claude Venton Burtron, Sr. and Gladys A. (Honeas) Burtron.

No stranger to hard work, Tom worked for Biddle's Gas Station and Burtron's Poultry while still in high school. Not too long after graduating with the Sheridan High School Class

of 1970, Tom hired on at TRW Foundry, which was located on 8th Street in Noblesville. He also worked construction for a short time with both Perry Construction and Mc-Dougall Pierce Construction companies. After leaving the construction trade, Tom went to work for Wallace Grain Company in Sheridan. He knew almost everybody that would come up to the elevator, and that made for a perfect working environment that would last for the next 25 years.

Tom loved the town of Sheridan – and everything and everybody that came along with it. He was a volunteer firefighter with the Sheridan Fire Department for over 20 years, as well as a member of the Sheridan Town Council. Tom was also a member and Past Commander of the Sons of the American Legion, K.V. Elliott Post 67. Tom was a loyal supporter of the Sheridan community and very devoted to any of the organizations where he belonged and served.

Tom enjoyed carpentry and going camping whenever he got the chance. He also collected vintage quilts. Tom could sit for hours watching cooking shows on TV. They seemed to feed his love for cooking, baking and his weekly trips to Kroger.

Tom is survived by his high school sweetheart and the love of his life, Debbie (Kinkead) Burtron. She and Tom were married on December 23, 1972. He is also survived by three wonderful daughters, Angel Burtron Cooper (Calvin), Sheridan; Brandy Burtron Blanton (Nelson), Pickard; and Shaa Burtron Fuller (Randy), Sheridan; seven grandchildren, Brantley Burtron, Landyn Cooper, Alexus Burtron, Colton Cooper, Hayden Fuller, Hadley Fuller and Harlyn Fuller; one great-grandchild, Kiernan Mateyko; three brothers, Claude, Carl and Rick; eight sisters, Mary Lou, Phyllis, Carolyn, Charlene, Isabelle, Sandra, Janet and Tina; his sister-in-law, Karen Christian (Danny), Sheridan; mother-in-law, Shirley Kinkead, Sheridan; and many, many nieces and nephews. Tom is also survived by his canine best friend and the brother his daughters never had, Ammo. When Tom's health started to fail, Ammo went to stay with his granddaughter - easing Tom's mind and giving Ammo a safe and loving new forever home.

He was preceded in death by his parents; his brother, Robert Burtron; his sister, Kathy Jo Burtron; and by his father-in-law, Jimmy Kinkead.

Won a state championship at East Central last year...

Justin Roden hired as new NHS football coach

By RICHIE HALL

lead to great accomplishments.

Ask Justin Roden, who called the scheme used by his East Central football team last year "simple," yet it resulted in a state championship. If you're close by Noblesville High School, you can ask Roden in person: He's the Millers' new head foot- Dwenger, but were back in the final two ball coach.

Roden was announced as the new coach by Noblesville Schools last Monday, and his hiring was approved by the school board at Tuesday night's school board meeting at the Educational Services Center. After that, Roden could be found right outside in the atrium, getting introductory handshakes and chatting happily with his new friends.

"I think that's one of the biggest drawing points here is that the community is fantastic," said Roden. "It's a beautiful place to live. It's a beautiful place to raise a family." Roden said that the administration, including NHS principal Jeff Bryant and athletic director Leah Wooldridge have been "über-welcoming." The new coach also said that his family is happy to be here, which is just as important as the football considerations.

"Sometimes the appeal of a football program is great, but then you go there and it's not the right fit for the wife and kids," said Roden. "So I think the whole Noblesville community, the school, the football program, the future where things are going, it's a great job, and there's a reason why a lot of people wanted to be the head coach a throwback, the simple things of tackling here and it's a reason why people recommended that I leave a really good situation for the potential for an even better one."

Roden made his tenure at East Central a Keeping things simple can sometimes very good situation. He coached there for five years, compiling a record of 47-20. The Trojans have won three consecutive regional titles, and in 2015 made their first appearance in a state championship game since 1994 by reaching the Class 4A final.

> East Central lost that game to Bishop years later, in 2017. The Trojans beat Lowell 14-7 to claim their second state title, the first one being 1994.

> Prior to coaching at East Central, Roden was the special teams coordinator at his alma mater, the College of Mount St. Joseph, which is located on the west side of Cincinnati. Roden received most of his education in Cincinnati, as he graduated from Colerain High School, on the city's west side, in 1995, then earned a Bachelor's degree from Mount St. Joseph in 1999.

Roden has also earned a Masters' Degree from Indiana Wesleyan University. He's been involved in coaching for 15 years.

"I've been coaching for a long time, and I've been in a few different places," said Roden. "I think my background, the style of football that I've been a part of and that I coach and take pride in, I think that fits well here."

Roden said that when it came to winning, especially last year for East Central, simple worked - "our scheme was a simple scheme," he said. "We didn't try to out-'paper and pencil' and -'X and O' people. We played a brand of football that is kind of the right way and blocking." Simple things,

Millers shrug off HCC sweep, come back to beat Mavericks

The Noblesville baseball finally got back on the said first baseman Jacob Thiwinning side on Saturday, eman. Coming off a losing and did so in dramatic fash- streak, we told ourselves at ion

The Millers scored all of their runs in the bottom of Dunker Field. The victory ended a four-game losing streak for Noblesville.

"It was very crucial," the beginning of the game that we got to battle."

Noblesville had to deal the seventh inning to beat with being swept by Hoosier McCutcheon 3-2 at Don Crossroads Conference rival Zionsville earlier in the week, but bounced back on Saturday.

Mark Goudy got on base with a double, then was immediately sent home by a double from DJ Owens.

Owens was sacrificed to third by AJ Gray, which brought up Thieman. The senior sent a double into right field to get Owens home, then moved to third when Bryce Randolph singled. Thieman then ran home on a wild pitch and that ended the game.

"We didn't want to be too aggressive, but we don't want to be too conservative either," said Thieman. "Make sure we got it and run, and with that passed ball, you see it go behind the plate and you just know."

The Millers were held to four hits, but all of those hits came in the seventh inning. Meanwhile, Ryan Plummer pitched the complete-game win, striking out three and holding a big-hitting Mavericks team to just six hits.

Noblesville is now 7-8 and hosts Frankfort on Tuesday in a makeup game.

Tod Windlan has been let go as head coach of the Carmel girls basketball team.

The Indianapolis Star reported that Windlan had been relieved of his coaching position, citing a statement from Carmel Clay Schools. The statement said that there was "a need to change the direction" of the team and that the school would begin searching for a new head coach immediately.

Windlan had coached the Greyhounds for the past four seasons, compiling an 87-20 record. Under Windlan, Carmel has won sectional championships over the past three seasons.

Windlan was first introduced to Hamilton County when he coached at Hamilton Heights in the 2012-13 and 2013-14 seasons. The Huskies won sectionals both years, and was the Class 3A state runner-up in 2013. Windlan's record was 44-8 at Heights.

Royals softball wins county game

By RICH TORRES

WESTFIELD - Finishing third in the top-spot in their crosshairs this spring.

And so far, they're right on target.

Led by sophomore Kaelin Wincek, who went 4-for-4 at the plate, the Royals compiled 15 hits and clubbed a pair of home runs five innings on Tuesday night.

"We want it a lot. We were talking about it today," Wincek remarked on the 2018 HCC race. "We're trying to go all out after it and be conference champs. We're starting strong."

The Class 4A Royals' second run-rule victory of the year marked their third dou- attempt to tag out a sprinting Dillow from ble-digit outburst on the season and third base, scored both lead runners. Ratliff improved their record to 2-0 in the HCC standings, which ties them for second place with Brownsburg.

HSE (5-3) opened its conference schedule at home this past Friday with a 10-0 win in six innings against rival Fishers.

On the road in Westfield (1-6, 0-2 HCC), the Royals' bats stayed white hot despite the field error to extend the margin. chilly 30-degree temperatures. HSE sent nine batters to the box in the top of the third, plating four runs behind five hits before erupting for eight runs in the fourth to go up 12-0.

"We had 15 hits as a team. When you get to double digits there's a pretty good the fourth when Westfield senior Ashley chance you're going to win a high school softball game," HSE head coach Dave Cook said. "We put together a couple of hits (in the third). We had a double steal, a base hit bottom of the fourth, but she just got cold," and two RBIs. We had some kids producing in there."

The Royals' one through six hitters combined to go 12-for-23 with four extrabase hits. As a team, HSE entered the game time.' hitting .388 on the season and exceeded its average by finishing 15 of 32.

"They hit. We do like our offense," Cook said. "And hopefully, it gets even better when it does get warm."

diamond with three singles and a two-run fitting because I think she might be our homer in the fourth. Three at-bats later Jordan Rager blasted a three-run bomb over the left-field fence to put HSE ahead 8-0.

Rager, the Royals' third-hole hitter, went 1-for-4, while Lillian Leiner was 2-for-4 with three RBI and two runs scored in the second spot. Rager's home run was her second this season and marked her 11th RBI.

Leiner, a sophomore, continues to pace the offense with 14 RBI. Wincek has driven with back-to-back strikeouts to finally quiet in 11 runs and now has three home runs in 29 plate appearances. All three are hitting .353 or better with Wincek sitting at .429.

"You build a little three-, four-run lead and then next thing you get a three-run homer and a two-run homer. It sure helps,"

Cook said. "It makes you relax a little bit."

The hitting was contagious throughout Hoosier Crossroads Conference last year, the lineup. Senior Nicole Dillow, the team's the Hamilton Southeastern Royals have the nine-hole hitter, went 2-for-4 and sparked the Royals' third-inning charge with a leadoff single. Dillow currently leads HSE with a .556 batting average.

Libby Ratliff lined a double and went 2-for-4, hitting cleanup for the Royals, while to defeat host Westfield 14-1 by run-rule in five-hole hitter Nicole Lang followed suit at 2-for-4 with an RBI.

Leiner knocked in the first run of the game in the top of the third with a dribbler toward the circle after Abby Taylor and Dillow executed a no-out double steal to move into scoring position.

A dropped ball at home plate in an brought home Leiner with a one-out single to give HSE a 3-0 advantage.

"We take a lot of (pride in hitting). We work a lot at it, so it's nice to have our hard work pay off," Wincek said.

The Royals logged 13 at-bats in the top of the fourth, using seven hits and a West-

Jaylah Guilliam earned the win, pitching five innings while scattering three hits and striking out six. The right-hander struck out the first four batters she faced and retired seven straight to start.

Her only setback came in the bottom of Swartout muscled an opposite-field home run over the right-field wall.

Swartout, who is hitting .714 on the year, has belted a home run in three straight games. Her career average is .412 with 89 RBI and 17 home runs.

"That was her 100th career hit as a Wincek scorched the ball around the Shamrock. It was a home run, which is all-time leader in home runs," Westfield head coach Brian Revercomb said. "She's just a kid with a great attitude, a great work ethic; I can't say enough about her."

> The Royals added a pair of runs in the top of the fifth with an RBI-single by Wincek, who later scored on a wild pitch.

> Westfield junior right-hander Alexis McClure collected the final two outs in relief the Royals in the fifth.

> "At 1 o'clock, it was overcast and 30some degrees, and I didn't think we were playing today," Cook said. "It feels like the temperature is in the mid-20s. It was a good conference win on a cold night."

Young Millers softball beats M-G, plays tough at Carmel Invite

By RICH TORRES

Larry DeSalvo exercised caution when asked if Noblesville's 12-1 five-inning. run-rule home victory on Wednesday night over Madison-Grant was a near perfect game.

Sure, the Class 4A No. 16 Millers racked up 12 runs in three innings, posted eight extra-base hits, including a pair of home runs and limited the visiting 2A No. 7 Argylls to three baserunners.

But it could have been better, the Millers assistant softball coach emphasized, and it needs to be with a challenging Carmel Invitational ahead later this week.

"I thought the first two innings were good, but then I think we played the scoreboard a little bit," said DeSalvo, who was filling in for head coach Deke Bullard. "We winning streak alive and to keep it going," kind of lost our focus there, and that's something we have to get better at. If we face a really, really good team, they can flip it on us."

If the unbeaten Millers (6-0) ever do reach their optimum level, this could be a special year.

In a matchup between two ranked teams, the Millers came out primed, overwhelming the Argylls with 12 hits and six doubles to supply starter Baily Ryan with ample run support.

The junior lefty responded by carrying a perfect game into the top of the fifth. Ryan retired 12 straight and struck out two en route to the win.

Freshman Ella White went 3-for-3 with three runs scored and blasted her fifth home run of the season as seven Millers recorded at least one hit.

"We've lost to this team the last two years, so we talked about that," DeSalvo said. "We've really had a nice focus of just executing the small things and kind of stacking one good at-bat after another, and team's first loss of the season may have we've always preached that hitting is contagious. Once someone gets it started, it seems the dominos began to fall."

Chloe Tragesser sparked the Millers' five-run bottom of the first with a one-out double that smacked the center-field fence, which set the tone for the onslaught.

The Millers sent nine batters to the plate in the first inning and bested themselves during a six-run second with 10 plate appearances overall, while forcing the innings, and Lake Central scored in the Argylls to go to their bullpen early.

Hitting .444 as a team prior to the game, Noblesville upped their average to .457 with its two through seven batters going a combined 11-for-17.

Tragesser went 2-for-3 with a double, while Loyala-Chicago recruit Abby Brown mirrored her teammate. Kyleigh Lowry was 2-for-2 with two RBI and a double, and Emily Minett finished 1-for-2, dropping a away in the fourth. Rylie Moore's RBI two-run single into center field in the first groundout sent Ellie Karst home.

inning with the bases loaded.

Freshman Madison Taylor, a verbal commit to Florida State, cleared the bases as a pinch hitter in the bottom of the second with a three-run double after Marian commit Julia Furiak crushed her first home run of the season, plating a pair of runs.

"(Our hitting) is very contagious," White said. "There's so much energy in the dugout. When you're pitcher is playing that well, and pitching that well, you definitely want to come in and score some runs for her."

White did her part, rocketing two doubles off the outfield wall for a pair of near home runs in the first and second innings.

"It's very motivating to keep that White said. "I like to think every game is as important as the next one. You have to come out with a good attitude, ready to win."

Ryan was set to go from the first pitch, quieting the Argylls, who collectively had hit .353 this season. She induced Maddi Evans, who leads the team with a .769 batting average, into a pair of putouts and didn't surrender a hit until Ellie Alcala lined a single into right field in the top of the fifth.

"Baily came out and threw strikes. What was really nice was she was able to get ahead in the count and throw pitches that were to her advantage," DeSalvo said. "She worked inside and outside and was able to locate up and down, and she had some nice plays behind her defensively."

Taylor, who is 5-0 this season, finished the inning in relief, striking out one, walking one and allowing a double to Katelyn Shouse. The Argylls scored their lone run on an RBI-groundout to bring Alcala home.

Believe it or not, the Noblesville softball proved that the Millers are a team to watch.

Noblesville played Lake Central, the No. 2-ranked team in Class 4A, Friday evening in its first game at the Carmel Invitational. The Millers were playing without their juniors and seniors, who were off enjoying Prom.

So a bunch of sophomores and freshmen took on the No. 2 Indians, and nearly beat them. The game was tied at 2-2 after seven eighth to win 3-2.

'We're very proud of how the girls played tonight," said Noblesville coach Deke Bullard. "We did what we needed to do. We put the ball in play on offense and they made some things happen. Ella White had a home run."

The Indians tied the game at 2-2 in the bottom of the seventh, although Noblesville got a force at third base to get two outs. A groundout sent the game to extra innings, which were played under tiebreak rules, where a runner is placed on second base to bottom of the first to take the lead and start the inning.

"Not ideal mid-April to be playing golf in this kind of weather. So I was really proud of our kids with how they just stayed focused and played and made shots when they needed to."
