Fishers breaks ground on The Yard

By **LARRY LANNAN**
LarryInFishers.com

The shovels were out on a hot Fishers June afternoon for the groundbreaking ceremony at the corner of 116th Street and Ikea Way for The Yard development. What was originally to be only a culinary concept with a variety of restaurants has expanded and will now include apartments and a 211-room Hyatt Hotel.

Among the dignitaries on hand were Fishers Mayor Scott Fadness, Thompson Thrift Managing Partner Ashlee Brown

Noblesville Chamber of Commerce June Luncheon features non-profits

A little spunk at 92

The REPORTER

The Noblesville Chamber of Commerce will hold its monthly luncheon from 11 a.m. to 1 p.m. on Wednesday, June 27. Featuring area non-profits, this luncheon will take place at Mustard Seed Gardens, 77 Metsker Lane, Noblesville.

Tom Kilian, Jr., President of the Legacy Fund, the community foundation serving Hamilton County, will deliver a keynote speech. The cost is \$26 per person for the general public and \$20 per person for Noblesville Chamber of Commerce members. All are invited to register online at noblesvillechamber.com by Friday, June 22. The luncheon will showcase six local

non-profits that support and sustain Noblesville by addressing the needs of the community. Each non-profit will have a table where representatives will share information about their non-profit, its mission, and ways community members can become involved in their cause.

One of these non-profits is the Noblesville Schools Education Foundation, which will be accepting donations for the Noblesville West Middle School Fund, an effort established in the wake of the May 25 shooting to support the victims and their needs.

Kilian

almost 18 years of experience in philanthropy and fundraising. Tom's career has largely focused on higher education, in which he

Harvest HAUL 5K coming this weekend

WYFI produces documentary on Dick Nyers

The REPORTER

The Harvest HAUL 5K and 1.5-mile Family Walk helps support more than 40 food pantries and meal programs that Hamilton County Harvest Food Bank works with year round. Summer lunch programs, school weekend meal packs, and the food pantries help friends and neighbors. Run and walk to help fight hunger by joining #FlatCanley in the race.

Harvest HAUL starts at 8 a.m. on Saturday, June 16 at Forest Park in Noblesville. Bring your entire family and enjoy a morning of fun, running, raffle prizes and music. FlyinPigsBBQ sandwiches will be available for purchase after the race. The sponsors will have booths in Shelter 5 throughout the race. Touch a Fire Truck with Ryan Fire Protection. All race proceeds support the Hamilton County Harvest Food Bank.

The Harvest HAUL begins and ends in Noblesville's Forest Park. There is no age minimum for this race and strollers and pets are welcome.

Be sure to bring five or more canned or boxed food items for an extra raffle

Long time, and I do mean long time, followers of sports in Hamilton County will remember Dick Nyers, the man who "made" Carmel football the statewide power that it is today. Dick is one of my favorites. He was one of my teachers at CHS.

At the age of 84 he is still receiving accolades for his athletic performance as a football and basketball player at the high school, college and professional level, and as a winning coach at Carmel and later at Indiana Central.

In recent days he was selected for induction into the Indiana Basketball Hall of Fame. He was earlier inducted into the Football Hall of Fame.

Incoming Carmel Clay superintendent responds to school shootings

By **BRENNA DONNELLY**
[WISH-TV | wishtv.com](http://WISH-TV/wishtv.com)

Carmel Clay School officials announced the selection of a new superintendent June 1 amid unrest in Hamilton County and the state over student safety.

Michael Beresford will take the position vacated in February by Nicholas Wahl, who resigned after being placed on administrative leave along with Corinne Middleton, who was the district's human resources director.

Beresford is no stranger to Hamilton County; he's been employed with Hamilton Southeastern Schools for 25 years, most recently as assistant superintendent.

"There's not a day in my career where safety wasn't the first priority," Beresford said.

It is a significant time to be at the helm of a 16,000-student school district. Carmel High School recently made headlines for violent threats

Beresford

said. "Anything that happens we always review what happened, look into and see

what can we do to prevent this from happening again."

While aware that school security is often parents and staff members' first priority, Beresford said he's not rolling out any new programs. "As far as doing something, bringing something brand new and trying something out, it's more about evaluating what happened and seeing what we can do to try to prevent this," he said.

(Thompson Thrift is developer for The Yard) and Clay Robinson of Sun King Brewery.

Among the tenants committed to The Yard project are: 1933 Lounge, Burger Study, Sun King Brewery, Havana Cigar and Cocktail Lounge, Copper Moon Coffee, Nicey Treat, Kincaids Meat Market, Los Arroyos, Rawkin Juice, Sangiovese Ristorante, Blue Peppermint Boutique, Amazing Lash, Massage Heights and Ver-

izon Wireless. In addition, St. Elmo's says it plans a two-story restaurant in the complex, which is yet unnamed.

Fifteen restaurants are expected to be housed at The Yard, plus a restaurant-incubator for emerging restaurant concepts, a kind of culinary version of Launch Fishers.

The restaurant portion of the development is expected to be completed by mid-to-late 2019, with the apartments set for completion in 2020.

CHAMBER

Packet pickup will be from 5 to 7 p.m. on Friday, June 15 at Endurance House, 9778 E. 116th St., Suite C, Fishers. You can also pick up your packet the morning of the race.

This race is presented by Ryan Fire Protection and includes the following sponsors: Hamilton County MIBOR, First Merchants, Enterprise Fleet Management, Northside Networking, Clif Bars Baking Company, Anchor

Health Chiropractic and Endurance House.

Family-friendly raffle prize sponsors include: Bee Free Bakery, Indy 11, Top Golf, Scotty's Brewery, Adidas, Steak N Shake, Blackhawk Winery, Bruno's Shoebox, Bedazzled Boutique, All Local Noblesville, 2019 Harvest HAUL Entry, Movie Passes, FlyinPigs BBQ, Alexander's Ice Cream and Endurance House.

SPUNK

from Page 1

and occupational therapy. Let's just say that she has become Wonder Woman.

Her therapist, Madison, says that she has gone from struggling, with just a few steps, to walking over 200 feet. You should hear the pride in her voice when she talks about her workouts. Whenever her body is about to give out, she does not give up.

Mom says that being in the hospital, especially the Transitional Care Unit, has been a blessing. She has gained strength, flexibility, balance and extra spunk. Don't dare tell my mom that she can't do something. She will prove you wrong.

Arthritis has settled into her joints. Her knees buckle. Her feet have turned over. Yet, her will power

gets her where she needs to go.

The gals at the hospital are fascinated by the stories that she tells. Married at 16. Sixty-three anniversaries before my dad passed. Becoming a mother at 30 of a little gal that was definitely a force to be reckoned with.

As one of the senior care advisors said to me, "Someone in their 90s has so much to say ... if we take the time to listen." We talked about how they simply want our time. The hour glass is quickly losing the sand from the top. We should not lose out on hearing the wisdom they have to share.

I told my mother that while those gals and guys in TCU have been a blessing to her, she has been a

blessing to them. She has prayed with them, encouraged them and laughed with them.

Mom has definitely not lost her sense of humor. My daughter-in-law, Angie, sent me a text this week that my mom wanted a sports bra. Yes, you read that correctly ... a sports bra.

When Angie brought it to her they wrangled and wrestled it over her head. They were struggling to get her arms through it when Mom and Angie got tickled. Mom got it back over her head and handed it to Angie and said, "Well, these are not for old ladies. Take it back." They both had to wipe the tears from laughing so hard.

Who knows what my mom will ask for next.

They say that it takes a village to raise a child. I must say that it also takes a village to sustain a good life for someone in their 90s. Mom has a great number of people in her village.

If you happen to be near the TCU unit at Riverview you might look out for a sweet, beautiful and spunky young lady in her 90s who will be navigating down the hall to the workout room. She will be dressed in vibrant colors and wearing a big smile and flowered tennis shoes. Everyone notices her shoes.

Get out of her way. She has places to go and stories to tell. As I said, she is a force to be reckoned with.

The greatest compliment I ever get is ... you are so much like your mother.

Parents in Carmel say something needs to change to prevent more school shootings.

"As a parent getting ready to send kids to elementary school it makes me very nervous and it's heartbreaking and it's terrible," said Carmel parent Annie McKeand.

She said the solution does not begin with the superintendent.

"I think we need people in legislation that are willing to make those changes. I think we need to start there," McKeand said.

Former teacher Jan Ballak drew a connection between school violence and world violence from her experiences teaching in 2001.

"At the time when the Twin Towers came down and comforting little ones in second grade at that

time, I find it no different. We are still in a time where there is unrest as far as safety in the schools," Ballak said.

For now, the new superintendent said he wants bring parents into the world of school security decision making.

"It's a very multilayered approach to school safety. And there some layers the public will never know about because we don't compromise our school safety programs, but at the same time I think we need to give parents the look behind the curtain again," Beresford said.

However, first he wants to hear what Carmel parents, administrators, students, teachers and support staff have to say.

"Over the first 100 days I plan to listen. A listening tour of sorts," he said.

Indiana Republican Convention weekend

Photo provided by Raymond M. Adler

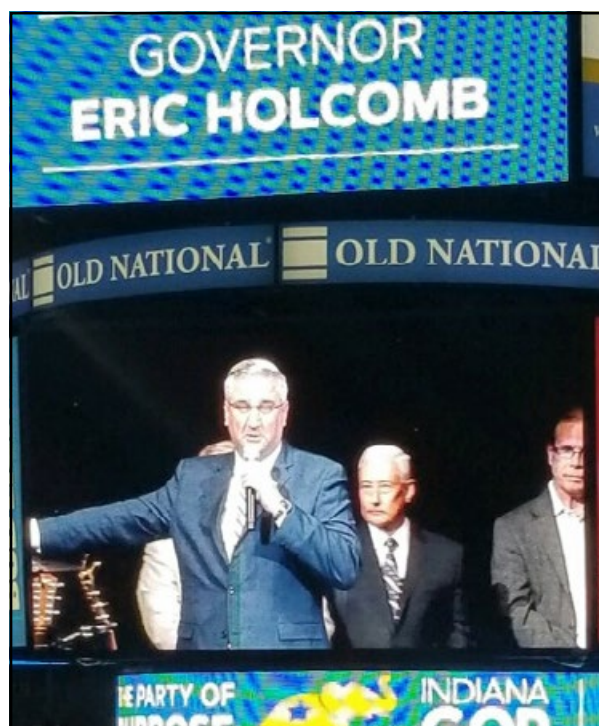

Photo provided by Christina (Chris) Miller

For the second time in state history, the Indiana Republican State Convention was held in a city outside the state's capital. (Left) On June 8-9, Republicans from across Indiana convened for a weekend in Evansville to nominate their 2018 statewide ticket. Delegates nominated party candidates for Secretary of State, Treasurer of State and Auditor of State. An overwhelming majority of state Republicans voted not to change the "Strong Families" language in the Party's platform, which still contains the phrase "marriage between a man and a woman." (Right) Governor Eric Holcomb was one of several speakers at the convention.

DOCUMENTARY

from Page 1

Now the Indianapolis PBS TV station, WFYI, has completed a documentary about Dick, his playing and coaching career and his part in creating the Carmel Dads' Club. It will air later this year on PBS and/or ESPN. He presented the idea of the Dads Club in the late 1950s to give youngsters early experience in organized sports and provide a feeder system for the high school team. Now, 60 years later it is recognized as the state's premiere youth sports organization with more than 10,000 participants.

But, the story of how Dick came to Hamilton County to coach involves one of those lucky twists of fate. After a couple of years on the Baltimore Colts team, he was released in 1958 and looking for a job. He learned there was an opening for a teacher and basketball coach at a little school in Hamilton Coun-

ty. That would be Carmel with all of 380 students at the time.

When he arrived he was told the basketball job was taken by a guy named Bill Shepherd. But, the principal asked if Dick would be interested in coaching football. He took the job teaching social studies, coaching football and assistant in basketball. It was Carmel's lucky day.

In his first season his team was 5-5, not great, but an improvement for the struggling program. During the remainder of his 10 years at CHS he had all winning seasons and Carmel football became respected around the state. It continued when Dick resigned to take an assistant coaching position at Ball State.

The Dads' Club did feed good players into the high school, and in the years since CHS has won eight state championships

and numerous runner-up titles.

One of my classmates, Tad Sinnock who played quarterback for Nyers,

thought the football stadium should be named for Dick Nyers. Tad and I went to see the principal a couple of years ago, but alas it

had been too long. Almost no one in the school system really knew of Dick and his accomplishments.

Too bad, but Dick is

still getting recognition elsewhere, and deservedly so. We'll let you know when the documentary is scheduled.

Silvernotes of Hamilton County to sing at Indiana State Fair

The REPORTER

The Silvernotes' performance of the song, "Stand by Me (with Lean on Me)" earned them an invitation to appear on stage. They were chosen as one of three choruses who will be spotlighted at the Melody Makers of Indiana Association (MMIA) performance at 1 p.m. on Saturday, Aug. 18 in the Family Arts Building during the Indiana State Fair. MMIA has more than 350 members in 22 Indiana counties.

The Silvernotes were selected at the recent MMIA Festival Day held at St. Luke's United Methodist Church, 100 W. 86th St., Indianapolis, where each of its 22 county choruses performed a song of its own choosing for critique

by Dr. Scott Buchanan, Director of Choral Music at ISU, Terre Haute and by Dr. Kristofer Sanchack, Director of Choral Activities, Alabama State University. Dr. Buchanan and Dr. Sanchack are the State Director and State Accompanist for MMIA.

The Silvernotes have 30 members from Carmel, Westfield, Cicero, Fishers and Noblesville, ranging from age 14 to mid-80s. They perform year-round for clubs, community events, special events, nursing homes and retirement villages. Diana Stanton of Fishers is the director of Silvernotes and Emily Brock of Fishers is the accompanist.

The group practices weekly from 7 to 8:30 p.m.

The Silvernotes have 30 members from all over Hamilton County, ranging in age from 14 to mid-80s. Photo provided

on most Monday evenings at the OV Winks building on the Hamilton County

Fairgrounds. The group is on singing hiatus until August. They can, however, be

found selling Elephant Ears at the Hamilton County 4-H Fair July 19-23. To request

When was the first Flag Day in Indiana?

The REPORTER

1816 – In Corydon, 43 delegates gathered to write a constitution for the new state of Indiana. Jonathan Jennings was chosen as president of the committee and William Hendricks was made secretary. Both would go on to serve as governors.

1842 – Former U.S. President Martin Van Buren visited Indianapolis. He stayed at the Palmer House Hotel and paid a visit to Governor Samuel Bigger at the Statehouse. He also attended a church service led by Rev. Henry Ward Beecher at the Second Presbyterian Church.

1865 – The last Confederate prisoner of war was released from Camp Morton in Indianapolis. The camp had occupied about 30 acres in the area now known as the Heron-Morton neighborhood.

After the Civil War, the site was restored to its former use as the state fairgrounds. It served in that capacity until 1892 when the fair moved to its present location on East 38th Street.

1893 – Antoinette Dakin Leach was granted the right to practice law by the Indiana Supreme Court. The first female attorney in the state, she spent most of her life in Sullivan.

1909 – Indiana Governor Thomas Marshall issued a proclamation urging citizens to observe Flag Day on June 14. Some

Hoosier cities had been celebrating the flag on this date for many years. The holiday received national endorsement by President Woodrow Wilson in 1916.

1936 – President Franklin D. Roosevelt was in Vincennes to dedicate the George Rogers Clark Memorial. Among thousands at the ceremony were First Lady Eleanor Roosevelt and Indiana Governor Paul V. McNutt. In his speech, the President noted that "events in history take on their due proportion when viewed in the light of time."

Rep. Brooks leads public health preparedness efforts

The REPORTER

The Energy and Commerce Committee's Subcommittee on Health recently held a hearing to examine the Reauthorization of the Pandemic and All-Hazards Preparedness Act (PAHPA), legislation Congresswoman Susan W. Brooks (R-IN05) is leading in the House of Representatives with Congresswoman Anna Eshoo (D-CA18).

"It is not a question of if we will face a threat – it is a question of when," said Brooks. "The threat of a chemical, biological, radiological or nuclear incident continues to grow and everyday our adversaries are looking for more effective and faster ways to produce a threat. We also face threats from naturally occurring outbreaks such as influenza, Ebola and Zika, and from natural disasters like hurricanes.

In addition, cyber-attacks, such as the WannaCry attack, illustrate the vulnerability of our public health system."

"Reauthorizing PAHPA is an important public health issue," continued Brooks. "It establishes a new 'Public Health Emergency Response Fund' that works to prevent, prepare or respond to public health crises, as well as develop medical countermeasures for such events. It ensures our federal repository of vaccines, antibiotics, medications and other medical supplies located in warehouses across the country are readily available to save American lives in the event an attack or pandemic occurs. Additionally, reauthorization of this bill supports partnerships for state and regional hospital preparedness so that our medical personnel are trained and equipped to

Photo provided

provide patients with the necessary treatments at surge capacity."

"With this bill, we all have a unique opportunity to examine our response to threats, and ensure that as we look towards the future, we have the procedures, resources and support in place to protect our country and all who live

in it," concluded Brooks. "I look forward to working with my colleagues in Congress to ensure our

country can adequately prepare to efficiently and effectively combat public health emergencies."

Brooks recently joined Johns Hopkins Center for Health Security to participate in a mock-pandemic response exercise. The overall goal of the exercise was to raise awareness and show how United States presidential advisors would handle policy decisions for an unfolding mock pandemic crisis. To read more about this exercise, [click here](#).

Brooks and Eshoo also established the Congressional Biodefense Caucus this Congress. The Caucus serves as a platform to

educate Members of Congress and their staff on the very real threats our nation faces from a chemical, biological, radiological or nuclear attack or pandemic outbreak. It also aims to identify the existing gaps in our preparedness and response capabilities.

To watch Brooks' line of questioning to the panelists, including Dr. Robert Kadlec, Assistant Secretary for Preparedness and Response at the Department of Health and Human Services, [click here](#).

For more information on the hearing, including draft text of the legislation, a hearing memo and witness testimony, [click here](#).

DNR grants address invasive aquatic plants in lakes

The REPORTER

DNR grants totaling nearly \$660,000 will be used to fight invasive aquatic plants in Indiana's lakes.

The grants were awarded by DNR director Cameron F. Clark through the Lake and River Enhancement (LARE) program in the DNR Division of Fish & Wildlife.

The 40 projects involve 63 lakes in 15 counties. Grant applications were submitted by local sponsors who share at least 20 percent of the total cost.

LARE grants are funded through the LARE fee paid by boat owners annually when they register their boats with the Bureau of Motor Vehicles. This user-funded program benefits boaters throughout the state. The grants allow for the completion of projects that would be difficult for many local organizations to fund on their own.

"Controlling invasive aquatic plants in lakes will improve fish habitat by giving native vegetation a better chance to propagate," Clark said.

The grants will help control or manage aggressive non-native species, including Eurasian watermilfoil, curly leaf pondweed, and starry stonewort, that can take over and clog lakes.

The grants can also provide economic benefits to lake communities by improving and increasing public access opportunities for those who fish or boat for pleasure.

Water body (county)	Grant award

DNR grants will help remove sediment, logjams in public waters

The REPORTER

Nine counties will be able to address sediment problems in lakes or logjams in rivers thanks to \$651,500 in grant funding from the DNR's Lake and River Enhancement (LARE) program.

LARE grants are awarded by DNR director Cameron Clark and administered through DNR Division of Fish & Wildlife.

"We look to fund projects that will improve waterways and lakes for recreational boating, paddling, angling, or just floating lazily downstream on a hot summer day," Clark said.

The 11 projects were chosen in a competitive process from applications submitted by local sponsors, who agree to share at least 20 percent of the cost.

Four grants are for developing a sediment-removal plan, which is the first step in any LARE

Water body (county)	Project type	Grant award
Blackman Lake (LaGrange)	Sediment removal plan	\$7,500
Blue Lake (Whitley)	Sediment removal	\$136,000
Crooked Lake (Steuben)	Sediment removal	\$75,000
Deer Creek (Miami)	Logjam removal	\$15,000
Hinkle Creek (Hamilton)	Sediment removal	\$75,000
Lake Tippecanoe (Kosciusko)	Sediment removal	\$48,000
Lake Wawasee (Kosciusko)	Sediment removal plan	\$20,000
Muscatatuck River (Jackson)	Logjam removal	\$80,000
Turtle Creek (Switzerland)	Sediment removal plan	\$7,500
West Lakes (Noble)	Sediment removal plan	\$7,500
Winona Lake (Kosciusko)	Sediment removal	\$180,000
Total		\$651,500

dredging project. Five projects include actual sediment removal after at least a year of planning. Projects to dredge lake inlets or boating-access channels receive the highest priority for LARE funding. Whole-lake dredging is generally too expensive for any entity to address.

Two grants are for logjam removal in waterways. To qualify for LARE funding, a logjam must consist of more than just a tree or two. A massive amount of debris that blocks

the channel and may be causing erosive cutting of new channels in the stream is most likely to be granted funding.

LARE grants are funded through the LARE fee paid by boat owners annually when they register their boats with the Bureau of Motor Vehicles. This user-funded program benefits boaters all over the state. The grants allow for the completion of projects that would be difficult for local organizations to fund on their own.

THE BEST LOCAL NEWS & SPORTS COVERAGE IN HAMILTON COUNTY

Fishers road construction updates, week of June 11

The REPORTER

Eller Road

Eller Road between 116th Street and Allisonville Road is now open to all traffic. This is still a construction zone, so please drive with caution.

126th Street & Enterprise Drive

Traffic improvements are in progress at 126th Street and Enterprise Drive. State Road 37 and 126th Street (west approach) is now two through lanes and one left turn lane to northbound State Road 37. The right lane is now both a through and right turn lane. Left turns onto Enterprise Drive from eastbound 126th Street are now prohibited. Left turns from Enterprise Drive onto eastbound 126th Street and left turns from Reynolds Drive onto westbound 126th Street are also prohibited. Drivers are permitted to turn left from westbound 126th Street onto Reynolds Drive. No U-turn movement is permitted at 126th Street and Parkside Drive.

116th Street

Beginning on or after June 11, eastbound 116th Street from Eller Road to Allisonville Road will be reduced to one lane between 9 a.m. and 3 p.m. for resurfacing of the path on the south side of the roadway.

131st Street

The intersection of 131st Street and Cumberland Road is currently closed for 45 days to construct a new roundabout. See the [detour map here](#).

Expect lane restrictions, weather permitting, along 131st Street between Allisonville Road and Lantern Road for the construction of the Conner Trail from Conner Prairie to the Municipal Complex. Lane restrictions will also take place on Lantern Road between 131st Street and Municipal Drive.

Brooks School Road

There are temporary lane restrictions on Brooks School Road south of 116th Street while utility re-

location work is performed. Flaggers are in place to help direct traffic. Road closures will begin in July for the construction of a passing blister to improve visibility and enhance motorist safety.

Brooks School Road is closed between 126th and 136th streets to build a sidewalk to the east side of the bridge over Interstate 69. Detours via 136th Street, Promise Road and 126th Street are in place to get around the closure. The road will reopen in early August. Questions can be directed to indot@indot.IN.gov.

Mollenkopf Road

Mollenkopf Road between 96th and 106th streets has lane restrictions in place while paving work is being completed. Flaggers are present to direct traffic.

Allisonville Road

Allisonville Road construction is in full swing. Lane restrictions will be in place, as weather permits, along Allisonville Road from 126th Street to 131st Street for the roadway expansion project. Traffic will be shifted to the east side of the street to allow for widening on the west side. Restrictions will be in place between 8 a.m. and 4 p.m. and flaggers will be on site directing traffic as necessary. This will be an active construction site with reduced speed limits. For more info on this project, view the [Fact Sheet](#).

136th Street

136th Street is closed between Southeastern Parkway and Prairie Baptist Road for the construction of a new roundabout. See the [Detour Map](#).

Nickel Plate District

On Saturday between 6 a.m. and 1 p.m., road closures will take place along the east side of the Municipal Circle along Municipal Drive for the Fishers Farmers' Market. Access to Municipal Drive from North Street will also be closed during this time. Farmers' Market parking is available in The Depot and

The Switch garages (see the [Parking Map](#) for more details).

The summer concert series has begun with shows on Tuesday and Friday evenings on Central Green. Municipal Drive in front of City Hall will be closed for stage construction beginning at noon on concert days. Also beginning at noon, North Street and Municipal Drive will become a right turn only, and Fishers Center Drive and Municipal Drive will become a left turn only. Beginning at 5 p.m. on Tuesdays and 7 p.m. on Fridays, there will be road closures on Municipal Drive at 116th Street, on Municipal Drive at Fishers Center Drive (vehicles will still be able to turn left), and on Municipal Drive at North Street (vehicles will still be able to turn right). Roads will reopen at midnight. Street parking on Municipal Drive will be restricted from 2 p.m. until midnight on concert days. Guests can access the event from Fishers Center Drive, Municipal Drive (north), and North Street. Parking is available at The Switch garage, accessed from North Street.

The Board of Works recently passed an ordinance for no parking in the Nickel Plate District between the hours of 3 a.m. and 6 a.m. See the [Parking Restrictions Map](#) for more information.

106th Street

106th Street is closed to through traffic from Eller Road to Allisonville Road and from Allisonville Road to Hague Road for the

106th Street Infrastructure Project. Closures for through traffic will also take place from Hague Road to the Crosspoint Boulevard/Lantern Road roundabout. For more info on this project, view the [Fact Sheet](#).

Interstate 69

As part of a \$92 million design-build contract, Milestone has added a third lane in each direction to the median, repaired and resurfaced existing pavement, and rehabilitated bridges and drainage structures on 15 miles of I-69 in Hamilton and Madison counties. Construction of an additional auxiliary lane between

the 116th Street entrance ramp to I-69 South and the I-69 South Exit 204 ramp to 106th Street will continue through next spring.

I-69 South will be temporarily reduced to two lanes to allow space for the State Road 37 and 116th Street entrance ramps to safely merge while construction continues on the southbound auxiliary lane between the 116th Street and 106th Street ramps.

Questions about this project should be directed to INDOT via email or at 1-855-463-6848.

State Road 37

A public meeting was

held on Tuesday, May 15 at the Delaware Township Trustee Office. The meeting presentation and updated information is available on the project's [new website](#). The State Road 37 improvement project is a \$124 million joint project between Fishers, Hamilton County, Noblesville and INDOT. Questions or concerns may be directed to SR37@rqaw.com.

Outside of Fishers

The City of Carmel has closed 116th Street between Towne and Ditch roads and between Clay Center and Spring Mill roads until Aug. 8.

TODAY'S BIBLE READING

When the morning was come, all the chief priests and elders of the people took counsel against Jesus to put him to death: And when they had bound him, they led him away, and delivered him to Pontius Pilate the governor. Then Judas, which had betrayed him, when he saw that he was condemned, repented himself, and brought again the thirty pieces of silver to the chief priests and elders, Saying, I have sinned in that I have betrayed the innocent blood. And they said, What is that to us? see thou to that. And he cast down the pieces of silver in the temple, and departed, and went and hanged himself.
Matthew 27:1-5 (KJV)

Daniel Brad Kerfoot

May 10, 1922 – June 8, 2018

Daniel Brad Kerfoot, Noblesville, formerly of Arcadia, died Friday, June 8, 2018 at Harbour Manor Health & Living Community at Noblesville. He was born May 10, 1922 at Thorntown, Ind., to Otis Virgil and Rena Viola (Biddle) Kerfoot. Upon leaving high school, he served his country in the U.S. Navy during WWII. He had received the Victory Medal, the American Area Campaign Medal and the Asiatic Pacific Area Campaign Medal. He was honorably discharged March 8, 1946.

He then was employed at Delco Remy at Anderson for over 33 years. After his retirement from Delco Remy, he worked making deliveries for Pioneer Seed Company at Tipton and also for Farm Bureau at Arcadia. Lastly, he worked for Senior Services of Noblesville.

He was a member of Trinity United Methodist Church at Arcadia, the Arcadia Masonic Lodge that merged with Noblesville Masonic Lodge, Eastern Star of Cicero, Senior Citizens Organization of Noblesville, the American Legion and was a volunteer for Senior Services of Noblesville.

He loved family get-togethers, and his family related that they looked forward to musical times with him playing his harmonica for them. He engaged in sports with his sons and grandsons, rode bicycles with his wife around town until they were in their late 80s, bowled with the Senior Bowling League, and was a gifted wood carver and woodworker. His love of country was known by his patriotism and the American flag that was always flown in his yard.

He married Cathern Louise (Zetterberg) Kerfoot on April 2, 1941. She survives him. Also surviving is a daughter: Nancy Louise Wicker, Carmel; Daniel Virgil Kerfoot, Noblesville; Larry Leon Kerfoot, Anderson; and Garry Eugene Kerfoot, Indianapolis; daughter-in-law: Mickie Kerfoot of Texas; sister-in-law: Leona Zetterberg, Arcadia; 11 grandchildren, several great-grandchildren and two great-great-grandchildren.

Preceding him in death in addition to his parents is a daughter: Cathy Viola Kerfoot, a son: Barry Nelson Kerfoot, brothers: Norman E. Kerfoot, Arthur B. Kerfoot, Otis V. Kerfoot, Jr. and Ernest Leon Kerfoot.

Funeral services will be held at noon on Tuesday, June 12, 2018 at Hartley Funeral Homes Cicero Chapel, 209 W. Jackson St., with burial to follow at Arcadia Cemetery. Visitation will be from 10 a.m. until time of the services. Memorial contributions may be made to the Alzheimer's Association. Donation envelopes will be available at the Funeral Home. You may send condolences at hartleyfuneralhomes.com.

Coach Cherry: "A lot of hard work." - Players react: "Special" ... "Unbelievable"

Photo provided

The Fishers baseball team is going to state for the first time in school history. The Tigers got out to a big early lead and held off a comeback by Chesterton to win the Class 4A Plymouth semi-state on Saturday. Fishers will play Cathedral next weekend in the state championship game.

Tigers baseball headed to state

By RICH TORRES

PLYMOUTH – Fishers head coach Matthew Cherry wrestled with his words and his sentiments on Saturday as his players bounced around like kids at a sandlot on Bill Nixon Field at Centennial Park.

He remembered the lean years, the beginning, 12 years ago, when the Tigers baseball program had no home field, holding all its home games and practices off school grounds at Trinity Sports Park in Noblesville because the grass turf wasn't quite ready.

He look around at his assistant coaches, his best friends, who are more like family than mere colleagues, like Darren Simms, an anchor at his side since the start.

He recalled the 2011 team that reached the sectional finals but couldn't quite breakthrough. Cherry thought back to last year's regional championship heartbreak against Zionsville.

Every step, each progression along the way played a pivotal role in the reality of Saturday's achievement.

For the first time in program history, the Tigers could call themselves a semi-state champion, and more specifically, a state qualifier. Right where they aimed to be, and now are in position to become even more.

"There's a lot of emotions. It's been a lot of hard work," Cherry remarked after his Tigers knocked off Chesterton 5-3 in the

Class 4A Plymouth semi-state. "I'm so proud of our guys. I don't have the words."

Few of his players could verbalize what was unfolding either. "Special" and "Unbelievable" collectively came to mind as they tried to process the moment.

Confident in their abilities from Day 1 of winter workouts, it's another thing to reach a long-term goal, and with the perfect mix of studious aggression at the plate, clutch pitching and a little bit of luck on the Saturday, the No. 2 Tigers are now that much closer.

"I can't tell you how many people told me before this week, 'if you make it to state, we'll be there.' This is huge. Our school rallies around us. We got kids watching us. It's not about us. It's about all of Fishers baseball, Fishers athletics and Fishers High School," senior Luke Albright said. "To do it for them and along with them is something special."

While Fishers' 10th straight win wasn't perfect, it was enough to secure a coveted spot at Victory Field to face off against the defending 4A state champion Cathedral Fighting Irish. One more step. One win away from a potential first state title.

"After last year, the goal was to be right back where we are now, and once we got there to go forward and keep on going," junior Jon Vore said. "This year has been a lot of fun."

The Tigers' first inning against Chesterton was defining. A team centered on persistence made use of it as Albright knuckled down to wipe clean a bases-loaded situation in the top of the first that nearly foiled the Tigers' quest.

Senior Grant Richardson turned the initial pressure into ease in the bottom of the first, letting a failed bunt attempt roll off his back to spark the Tigers toward a 4-0 lead.

"Our guys execute scouting reports to the T," Cherry said. "They executed the scouting report perfectly in the first inning." A leadoff walk by J.J. Woolwine set the

Tigers in motion, followed by Craig Yoho getting hit by a pitch as Chesterton starter Austin Peterson started to unravel.

With both runners on and Richardson up, the Tigers' three-hole hitter stayed patient as he battled his summer travel baseball teammate one-on-one.

"I told the guys, he works the count and he's able to locate and you need to hop on his fastball or if you're down and you think you're going to get a curveball or slider, then you need to stay through that and not pull off, but attack as much we can," Richardson said. "Put as much pressure on him."

Richardson made good on his own advice, lacing a 2-2 offering from Peterson off the right-center field fence to put Fishers ahead 2-0.

Matt Wolff pushed the lead to 3-0 with a one-out single before Alex Jamieson came through with another single to chase Peterson, a Purdue commit, after only 1/3 of an inning.

A Nick Lukac RBI-single off of reliever Chris Torres gave Albright all he needed.

"(Luke) came into the dugout frustrated the first inning. After I got that first hit and scored, I told him, 'there's nothing to be worried about. You got your whole team behind you,'" Richardson said.

Albright settled in afterwards, allowing four hits, walking one and striking out five over five innings to eventually earn the win.

A monstrous solo home run by Jamieson that smacked the scoreboard in left field in the bottom of the third increased Fishers lead to 5-0, adding insurance, which loomed large later.

Chesterton (18-8), which eliminated No. 3 Lake Central 4-3 in nine innings en route to their regional championship, charged back.

Using Fishers' five uncharacteristic errors to their advantage, the Trojans plated two runs in the top of the fifth off a sacrifice fly and a throwing error by Albright to first base.

They added another run in the top of the sixth on a throwing error by Richardson to first, but the Tigers never broke and had some good fortune in the top of the second.

With runners on third and second base after Albright gave up back-to-back one-out singles, Tommy Benson nearly chipped the Tigers' 4-0 lead in half.

Benson lined a two-out, two-run single into center field on an 0-2 count, but the hit was waved off and the runs were erased due to a catcher's interference call, which prompted the home plate umpire to rule the ball dead on contact.

Benson's bat grazed catcher Kiel Brenczewski's glove, negating the play once the ball was deemed dead, but loading the bases. Albright induced a groundout to end the threat.

"It saved us from two runs," Jamieson said. "I'll take it any day."

Torres provided little in relief with three strikeouts and three hits over 3 2/3 innings after Peterson exited. The Tigers were scoreless the final three innings, but Richardson was equally as stingy.

Tossing two innings for the save, the

Reporter photo by Richie Hall

University was down to its last out at the Class 1A Plainfield semi-state on Saturday, but rallied to beat Tecumseh 7-4. The Trailblazers claimed their first-ever semi-state championship and will play Daleville next weekend in the 1A state championship game.

Down to their last strike...

'Blazers stun Tecumseh, head to state

By RICHIE HALL

The occasion of an Indiana high school baseball team making it to the state finals for the first time is unforgettable in itself.

University did that on Saturday, winning the IHSAA Class 1A south semi-state over Tecumseh 7-4 at Plainfield. The way the Trailblazers won the semi-state made the occasion even more unforgettable.

"This was one of the craziest games we've had," said 'Blazers senior Garrett Hill. "We knew that we couldn't give up. There's always three outs of baseball."

University trailed 4-3 in the top of the seventh inning and was down to its final out - final strike! - before scoring four runs. The 'Blazers will play Daleville in the 1A state finals, which take place next weekend at Victory Field. The IHSAA will release the state schedule today.

The Trailblazers began their comeback with two outs and runners at the corners: Hill on third base and Brock Moore on first. Ben Ewer came up to the plate next, and fouled off three pitches in a row, putting the count at 0-2.

Ewer made contact on the fourth pitch and reached on error, enabling Hill to score the tying run. Moore dashed around the bases, and beat the tag to score the go-ahead run. While all this was going on, Ewer got to third. Just like that, 5-4 University.

Ben Westerkamm's double sent Ewer home, then Asher Thompson drew a walk. Westerkamm scored after Nate Shatkowski reached first on a dropped third strike.

"The one thing that we talk about all the time, we're going to fight to the very end," said UHS coach Chris Estep. "And the kids were up there battling. Even when they got the lead, you saw every kid going up and just having some of the best at-bats they had had for the day."

The 'Blazers struck out for the third out. Now University had to hold the Braves in the bottom of the seventh. The Trailblazers quickly got the first two outs, but walked Jalen Oxley on to first.

That brought up Aaron Beard; the senior was Tecumseh's best hitter coming in to the game, but University was able to keep him off base for most of the game. Beard finally delivered a hit in the seventh, moving Oxley to second. That brought up the tying run, but Hill closed the door with one, two, three strikes.

This game was the dictionary definition of "gritty, not pretty." The contest was interrupted due to weather after the first three at-bats. University had put runners on first and third before the weather delay, which halted play for an hour and 40 minutes. Hill was the runner at third, and scored right away once play resumed, getting home

on a wild pitch.

"I thought it hurt our momentum," said Estep. "I really did. We had first and third. We had them on the hook. We come out of that rain delay and we score one run. It is what it is. Mother Nature's going to do what she wants to do."

In the second inning, Ryan Williams reached second base on error, and scored on Dawson Estep's single. That put the Trailblazers up 2-0, but Tecumseh tied the game at 2-2 in the bottom of the third when William Brucken hit a two-RBI double into right field.

Cade Carlson had been pitching for University, but he was relieved in the third inning after tweaking his elbow.

"Cade started getting some forearm stiffness up into his elbow and we weren't going to take any chances that we were done," said Estep. "We're not going to allow that to happen. He had about 52 pitches, 54 pitches, something like that. And he started having some stiffness. That a lot of times is a precursor to an elbow injury, so we weren't going to take a chance with him."

It was not the easiest of circumstances for Hill to enter the game, but he pitched well, striking out four and allowing only three hits.

"I think I handled it pretty well," said Hill. "With the weather, it started downpouring, a balk call, things that got in my head, I just cleared it out and focused at the task at hand, which is to get us through this inning."

Meanwhile, the 'Blazers offense added a run in the fourth inning: Kolton Stevens batted in Asher Thompson, who led off the

inning with a double. The Braves tied the game again in the bottom of the fourth, and the score remained 3-3 until the sixth inning, when Tecumseh scored on an error to take a 4-3 lead, its first lead of the game.

University's aggressive base running paid off. Hill totaled four stolen bases for the game, while Williams had two. The 'Blazers had six total hits, including a double from Thompson and Westerkamm. Before having to leave the game, Carlson was doing well on the mound, with four strikeouts.

Daleville beat Northfield 8-2 to win the 1A north semi-state, which took place at Kokomo's Municipal Stadium. This will be the Broncos' second appearance at state; they made it to Victory Field in 2016, beating Lanesville 4-0 for the 1A state title.

Collar commits to Indiana Wesleyan University

Ana Collar, Hamilton Heights senior, has signed a letter of intent to play volleyball for Indiana Wesleyan University. She is the daughter of Darren and Marianne Collar.

"It was Coach Candace Moats, who was recently named to the NCCAA Hall of Fame Class of 2018, and the rest of the team who made me feel at home right away," said Ana Collar of her decision to continue her education and play volleyball at IWU. "They have a great athletic department and a strong athletic training and physical therapy program."

"I have been passionate about volleyball ever since I was little, spending time in the gym with my mom, who shared a love of the sport, and was also a coach for many years," recalled Collar, who is also a member of the Lady Huskies Basketball team. Collar, a year-round player, credits her club teams at Munciana for being a strong influence in her development over the years along with her mother, Marianne, and brother, Quinn.

Collar has been recognized for her contributions to the Lady Huskies being named to the Indiana All Star 3A/4AS North team, Hoosier Conference Champions, All Conference Team and All County Team in 2017, and to the 2016 Indiana All Star 3A/4A North Junior team.

Hamilton Heights Athletic Director Kurt Ogden said, "Ana epitomizes everything we want in a Hamilton Heights student/athlete. She's such a hard worker on the court and in the classroom that you can't help but notice her. On top of that, she's friendly, kind and considerate of others, making her a top-notch individual. Indiana Wesleyan is getting one of the best Hamilton Heights has to offer. We wish Ana the best as she continues her volleyball career at IWU."

Hamilton Heights' senior Ana Collar has signed a letter of intent to play volleyball for Indiana Wesleyan University in Marion. Ana Collar (seated) is pictured with (l-r): Coach Candace Moats IWU, Quinn Collar HHHS Assistant Coach, Steve Ward, HHHS Varsity volleyball coach, and Patty Costlow, Munciana Volleyball Club recruiting coach.

Steve Ward, Hamilton Heights Volleyball Coach said, "Ana has been a great leader on and off the court. She has a strong drive to compete and the drive to work hard. We

are proud of Ana and her accomplishments and look forward to seeing her compete at next level."

Ana is a Heights Athletic Advisory

member, Super Stem Girls leader and assisted with the production of the Lion King production at the Elementary.

TIGERS

left-hander struck out Chris Van Eekern to strand runners on third and second in the top of the sixth. In the seventh, he left two runners on second and first with a strikeout and a softly hit grounder for the final out.

Brenczewski scooped up the ball and rocketed the ball to first base for the game-ending putout, setting off a celebration years in the making.

"The goal from the start has been state, and this group is just resilient in getting there. Even last year, it's come from that group and has helped us a lot," Brenczewski said. "Now, we're going to state."

One more dogpile, Jamieson remarked after getting clobbered by Wolff as the Tigers scrummed for the third time this state tournament.

"I can't even put it into words honestly. It's such an unreal feeling," Jamieson said.

Taiwo's 10 helps Indiana All-Stars to win

Carmel's Tomi Taiwo scored 10 points, helping the Indiana Girls All-Stars to an 83-70 victory over the Kentucky All-Stars Saturday at Bankers Life Fieldhouse.

Taiwo came off the bench to score her points, which included two 3-pointers. The Iowa commit also had four rebounds, two blocked shots and a steal.

Noblesville's Emily Kiser started, and pulled 10 rebounds to go along with her six points. Kiser, who is headed to Michigan, dished out one assist and made a block.

Carmel's Amy Dilk started, but only played four minutes after getting an injury. She is also committed to Michigan.
