4-H's help food bank 'Meat the Need'

The REPORTER

Hamilton County Harvest Food Bank (HCH) has sponsored its third year of "Meating" The Need, a partnership between 4-H Beef, Dairy and Swine projects and the Food Bank. HCH is a non-profit organization that supports local food pantries and feeding programs year round, all here in Hamilton County.

This year, HCH purchased seven beef and seven swine at the Hamilton County 4-H Livestock Auction on Tuesday, July 24. The estimated 3,470 pounds of meat will be used to supply 20 Hamilton County food pantries with farm fresh beef and pork raised by 4-H members.

Meat Distribution Day will be Saturday, Aug. 11. The 14 4-H members who have designated their animals for sale to the Food Bank will be helping to feed those families and children in the community with the equivalent of 13,880 meals of good, healthy protein.

Protein is an item that is often missing from HCH clients' meals and hard to provide consistently by the pantries

Two more Pickleball courts coming to Cyntheanne Park

By LARRY LANNAN
LarryInFishers.com

On June 25, Mayor Scott Fadness told Pickleball supporters at a Fishers Board of Works meeting — many from the Britton Falls neighborhood — that if \$63,000 in donations could be raised, the city would contract for two more Pickleball courts at Cyntheanne Park. The city was able to approve two Pickleball courts at the June 25 session, but could not fund two more that the citizens on hand at that meeting wanted.

It took less than a month for enough contributions to come through the local parks foundation to fund all \$63,000. What put the fundraising effort over the top was a donation of about \$40,000 from one person. Mayor Fadness says that person's name will be disclosed in an announcement later this week.

That allowed the Fishers Board of Works and Public Safety to approve the contract for the additional two Pickleball courts at Monday's meeting.

Nickel Plate heralds 'Christmas in July' with Reindeer Ride tickets on sale now

The REPORTER

The Nickel Plate Express railroad excursion in northeast Hamilton County will kick off 2018 ticket sales with a Christmas in July celebration. Tickets for the new Reindeer Ride Express, which takes riders from Atlanta and past the historic Arcadia Depot and back, are on sale now. Daytime and evening excursions are available.

Nickel Plate Express will begin its inaugural excursion season this September. The railroad will celebrate this milestone by pre-selling

holiday Reindeer Ride Express tickets. The Reindeer Ride will offer adults and children alike a magical holiday experience complete with Old Saint Nick and a Christmas light display with regular and VIP seating options.

Tickets for fall excursions, including Pumpkin Express, Uncorked Express and Ales & Rails, are expected to go on sale mid-August.

"We are thrilled to finally go public with ticket sales," said Executive Director Deanna Holt. "We want to help families

in Hamilton County create a new holiday tradition and make memories aboard the Nickel Plate Express."

The train will be lighted and will feature elevated seating in coach and dining cars. The Town of Atlanta will welcome visitors with hot chocolate, tours of holiday-themed railroad layouts at Mr. Muffin's trains, food at the Choo Choo Café and visitor amenities.

Tickets and details about dates and times for the Reindeer Ride Express can be found at NickelPlateExpress.com.

State Road 32 closed today in Noblesville

The REPORTER

The city of Noblesville has announced that Indiana Department of Transportation (INDOT) is working on State Road 32 (Conner Street) in downtown Noblesville between 10th and 16th streets.

Motorists may see safe-

ty installations (barrels, cones, signage) placed outside of that area, but the scope of the work zone is SR 32.

INDOT will be milling (removing) four inches of existing asphalt and replacing it with approximately 1,800 tons of new asphalt

surface. Due to the depth of the milling (which provides for better cohesion and durability of the new asphalt), INDOT needs to close the roadway for safety to the traveling public and INDOT workers.

The first stage of the project is a retrofit of the existing roundabout. Work crews will be making modifications to the outside curb lanes in order to im-

prove traffic flow through the roundabout. This project is schedule to be done by Tuesday, Aug. 14, before school is back in session. During this phase, the intersection of 8th Street and Range Line Road will be closed to thru-traffic in

INDOT's intent is for eastbound work to occur today and Friday (weather permitting) with it open to traffic for the weekend. This will require a closure of local side streets. For the

westbound traffic, INDOT will work on westbound lanes Monday, Tuesday and Wednesday of next week with the local side streets north of SR 32 closed.

After the completion of the roundabout, the second phase of the project will begin. This includes installation of a new storm water collection system and pedestrian connectivity from the roundabout to a point just south of Clay Terrace.

This project is expected to last until November.

During this second phase, Range Line Road will remain open, only to southbound traffic. Northbound traffic will be diverted east or west at the 8th Street roundabout. All businesses along Range

The Hagan-Burke Trail will remain open throughout the project, giving additional access to businesses for pedestrians and bicyclists.

Heirbrandt applauds 911 in tragic moments and for statewide leadership

Editor's Note: Hamilton County Commissioner Mark Heirbrandt's letter (below) is in response to two articles published in the Reporter. Our article entitled "First first responders shine," published June 3, 2018, detailed the role of local 911 dispatchers during the May 25 shooting at Noblesville West Middle School. The second article Heirbrandt refers to, entitled "County 911 sets statewide example," published July 12, 2018, discusses an award presented to Hamilton County Public Safety Communications Executive Director Mike Snowden for helping establish statewide training standards for 911 dispatchers.

Dear Editor:

On May 25 at 9:12 a.m., I received contact from Mike Snowden, Executive Director of Communications, indicating an Active Shooter Assailant at Noblesville West Middle School. Even though it's been weeks since it happened, I think about it every day. It will be a day that I never forget.

I had a sick feeling all over when I first received this message and thought there is no way this is happening here.

I was approximately 10 minutes away from the Emergency Dispatch Department, which is located at the Hamilton County Jail Complex. Immediately I headed there to see what I might be able to do to help. Little did I know, I would spend most of the day at Dispatch and at press conferences throughout the day.

My first response as I walked into the County Dispatch room was how calm and professional all of the dispatchers were. The dispatchers were being inundated with 911 phone calls from parents, students, teachers and other counties and community groups offering assistance ... the list goes on and on. I am down in the Dispatch Center quite a bit and know many of the dispatchers personally. They handled the situation with grace and helped each and every person that called in.

I saw off-duty dispatchers running into the dispatch room saying, "Give me a console," so they could help with the calls. To see this made me proud of how our community comes together so quickly, all working collaboratively.

We were so focused that day that it really did not sink in exactly what had happened until I got home and saw it on every major television station and national news media outlet. I was overwhelmed with the outpouring of support from businesses and residents.

The collaboration of law enforcement from cities, counties and towns that day was so impressive. I remember leaving to go to the press conference from the Dispatch Center and seeing officers that I knew from Cicero, Westfield, Fishers, Carmel and Noblesville directing traffic. Everyone was there to help. It was gratifying to know that our law enforcement personnel trained for an active shooter response during spring break and even the day before this event even happened.

As I sit here and try to write out my thoughts of that day, I continue to get chills, as I will never forget what happened that day. Hearing stories about the calls coming in were gut-wrenching. So many kids and citizens in our community were in fear.

I'm thankful for those in our community who acted quick, calm and professional in this situation, and with so, so much compassion. We were as prepared as we could be. We will continue to focus on the good and prepare to prevent this from happening again. We all MUST work together. Our youth is our future.

Hug your kiddos, your nieces, your nephews, your grandkids and your younger cousins who have to go to school with a little fear inside of them. Know that we, as a community and elected officials, are working each day to protect them. I want us to live in a world where students can go to school to learn - where they don't have an ounce of fear in the back of their mind.

It's my priority to be a part of the solution.

To see the leadership of Mike Snowden that day, knowing that Commissioners Dillinger, Altman and myself hired him just a few years ago also made me proud. He is so deserving of this award.

Congrats, Mike.

Westfield Washington Township thanks Carl Steele for 36 years

The REPORTER

Carl Steele vacated his seat on the Westfield Washington Township Board earlier this year. He was elected to the board in 1982 and served in this role for 36 years. According to Carl, "Serving on the board has been an important part of raising my family in the Westfield Community. Westfield has grown from a small town to a major city in Hamilton County during that time."

Board members must reside within the township, so when Steele moved out of state, he had to resign from his board position. He was able to witness many positive ways in which the residents have been impacted as the township has evolved and grown over the years.

"The one thing that I think has had the most positive impact for the citizens of Washington Township was the expansion and development of McGregor Park," Steele said. "Lots of work and planning and struggles went into that project and the Park is a wonderful and important part of the Township and will be enjoyed for many years in the future."

A caucus was convened on June 21 with Westfield Washington Township committee members. Danyelee Easterhaus was unanimously voted to fill the vacant seat on the Westfield Washington Township Board.

Steele

"We are very thankful for Carl's tenure and service to our township and wish him all the best," said Trustee Danielle Carey Tolan. "Danyelee has a passion for serving the community so we are looking forward to having her join the Board."

When asked about having the opportunity to fill the open seat on the board, Danyelee indicated that she is "excited to join the board to continue to serve in Westfield and bring a voice for students and the young adults in the community."

TODAY'S BIBLE READING

And immediately he arose, took up the bed, and went forth before them all; insomuch that they were all amazed, and glorified God, saying, We never saw it on this fashion. And he went forth again by the sea side; and all the multitude resorted unto him, and he taught them. And as he passed by, he saw Levi the son of Alphaeus sitting at the receipt of custom, and said unto him, Follow me. And he arose and followed him. And it came to pass, that, as Jesus sat at meat in his house, many publicans and sinners sat also together with Jesus and his disciples: for there were many, and they followed him. And when the scribes and Pharisees saw him eat with publicans and sinners, they said unto his disciples, How is it that he eateth and drinketh with publicans and sinners? When Jesus heard it, he saith unto them, They that are whole have no need of the physician, but they that are sick: I came not to call the righteous, but sinners to repentance.

Kids, police hit practice field with Colts

By ELIZABETH CHOI
 WISH-TV
 WESTFIELD -- Colts players may not have hit the field to practice, but that didn't stop them from trying their hand at coaching.
 At Grand Park Sports Complex, the team's new training camp facility, the Colts hosted a group of kids with the help of local police officers.
 On Wednesday, 10-year old Malachi Austin's dream came true.
 "I want to be a football player," he said.

The Indianapolis Colts and area police officers teamed up to host around 150 kids to kick off training camp, with youth football camp.

"It's been going good. I got my section over here. A lot of drops right now, hopefully we pick that up toward the end though," said Colts quarterback Jacoby Brissett.

Brissett spent about an hour and a half helping kids with their game, focusing on passing and catching.

"If I was a young kid and had the opportunity, it would mean a lot. To be able to give back, it's special," said Brissett.

Also special was a visit from Andrew Luck. He stopped in for a few minutes to meet the kids and offer encouraging words.

"He said how are you doing? You look like one that plays football a lot," said Austin.

Through the Police Athletic League, The Colts were able to team up with police and the kids. Various departments participated but IMPD invited more than 100 inner city kids, most of whom play football.

Officers also trained with the kids. It's an opportunity to bridge the gap between police and the community through engagement.

"It was actually fun. I never saw no police officer that was cool," said Austin.

"Malachi, he explained exactly what our goal was," said Lt. Russell Burns of IMPD. Burns added, "We want them to know, police are people too."

People who are helping make dreams come true.

"If I can play for the Colts, I want to play for the Colts," said Austin.
