## Noblesville makes changes to Christmas plans

### The REPORTER

The City of Noblesville is excited to announce changes to Christmas plans taking place and added opportunities to provide a better holiday season for all residents and guests.

"The changes I'm happy to announce are about creating a holiday experience in Noblesville that is accessible to all while preserving the traditions that residents have grown up with," said Mayor John Ditslear.

The Christmas Parade will be moved to Saturday, Dec. 1. Typically, the parade is held the Sunday following Thanksgiving.

"Moving the kick off of festivities to the beginning of December provides the opportunity for those residents who travel to be back

in town to participate in the parade," Ditslear said.

The parade route will remain the same: It starts at 16th and Harrison streets and will travel south on 16th Street to Logan Street, west on Logan to Ninth Street, north on Ninth to Monument Street, and east on Monument to 16th Street where it will end. The last entry in the parade will be Santa Claus himself, making his debut for the season. To request a parade entry form, contact Mike Hoffmeister at [mhoffmeister@noblesville.in.us](mailto:mhoffmeister@noblesville.in.us) or [click here](#). Entries are due by Wednesday, Nov. 28.

When Santa Claus finishes his parade duties, he will greet children at his house to hear what they'd like for

Photo provided

Santa's House will move from the Courthouse Square to Federal Hill Commons in an effort to improve safety, parking and restroom access and ADA compliance.

See Plans . . . Page 2

## Happy Halloween from everyone at the Sheridan Public Library

Photo provided

Sheridan Public Library director Steve Martin and Majestic Care of Sheridan's new Marketing Director Allyson Combs combined their talents recently to create a pumpkin made from books. The day before, Martin had created the one-eyed ghost peering over Allyson's shoulder, and both Martin and Combs painted several giant pumpkins. It was all part of the seasonal fun at the library. Happy Halloween to everyone from the Sheridan Public Library!

## Washington Township changing name next month

By FRED SWIFT  
[ReadTheReporter.com](http://ReadTheReporter.com)

Next month Washington Township changes its name to Westfield Washington Township. The addition of Westfield to the name is being made to try to avoid public confusion because there are more than 40 Washington Townships in Indiana, including Marion County's Washington which is only five miles south of Westfield.

The township administration sought the change, and county commissioners approved it this week as required by state law. The change will follow next month's election since ballots are already printed with the name simply Washington Township, according to Township Trustee Danielle Tolan.

Townships do not often change their names, and not since 1955 has there been any change of names in Hamilton County. And, that change was only for the part of Delaware Township west of White River. It was essentially added to Clay Township to allow Carmel Clay Schools to function all in one township.

## Sharing the responsibility for Noblesville Schools

The general election coming Tuesday, Nov. 6 is an opportunity for Noblesville residents to have a voice in their community on the issue of school funding. The Noblesville Schools referendum impacts every one of us whether we have children in school or not.

As deputy mayor, I can give you countless reasons why Noblesville Schools are important for the economic wellbeing of our city. New business attraction, property values, workforce development and quality of life are all tied to the strength of our schools. But I would like to share additional reasons why I will be voting YES on Nov. 6 – both as a city leader and

STEVE COOKE  
Noblesville Deputy Mayor

as a parent.

### Teacher and Staff Salaries

It should be no surprise to anyone with children who attend Noblesville Schools that our teachers are being recruited away by neighboring districts. Some of our teachers have moved on to earn as much as \$10,000 more in salary working for districts that had recently approved much higher referendums than Noblesville Schools had requested in previous years.

Over the years, our school administrators and principals have hired the best and brightest teachers – when the playing field was level and they could offer competitive salaries.

Noblesville Schools also has been successful developing teachers and staff to become the best and brightest. Year after year, they are winning awards and earning recognition throughout the state and across the country for their contribution to professional education. And we see the results of their hard work in the achievements of our youth as they graduate and move on from high school to become their own best and brightest in college and in their careers.

It's no wonder why our teachers are highly sought after. But our competitive advantage won't last without continued investment in our teachers and staff.

### School Safety

The shooting at Nobles-

ville West Middle School on May 25 was a wake-up call for many. Even in a close-knit community like ours, times have changed. The planning, training and responsiveness of teachers and staff saved countless lives. And the City's contribution to the funding and training of school resource officers also was proven effective.

But we are all collectively responsible for keeping our kids safe in school. Even as citizens we can and should do more. By voting YES on the referendum, Noblesville Schools can fund more security staff and surveillance tools to detect and warn of dangers as well as prevent access by would-be assailants to school buildings and classrooms.

See Responsibility . . . Page 2

## Go Purple with Prevail

From the words of a survivor:

"By sharing my own experiences from the triumphs to the struggles, I have hopefully helped encourage others to do the same. I know their support has brought me endless amounts of encouragement."

**"ALONE WE CAN DO SO LITTLE; TOGETHER WE CAN DO SO MUCH."**  
- Helen Keller

Telling your story may not only help yourself but may also help others in situations similar to yours. So, speak up! Share your story. Share your knowledge. There is strength in numbers, and together we can spread awareness. Together we can change perspectives and policies. Together we can make a difference. Stop the silence!

#GoPurplePrevail #Believe

# Re-Elect John Chalfin

## Republican Candidate For Coroner

Paid for by Chalfin for Coroner

### PLANS

Christmas. This year, the Santa House will move a few blocks to Federal Hill Commons. Ditslear said the new location provides additional safety, easier access to parking and restrooms, and most importantly, will be Americans with Disabilities Act accessible. The Hamilton County property is ADA compliant, but the Santa House lacks a ramp and does not allow easy access for wheelchairs or strollers. To accommodate those unable to enter it, Santa must exit the house.

from a parent that the house was not in ADA compliance last year that made us look at other options that would make Santa's House more inclusive and also address other concerns brought up over the years with children and safety," Ditslear said. "Although change is not easy, this is the right thing to do to ensure all Noblesville residents, regardless of physical abilities, can enjoy and participate with the Santa House."

Santa House hours will be Friday through Sunday in December. More informa-

tion on times will be released shortly.

The Federal Hill Commons Ice Plaza will return for its second season to offer residents a winter outdoor recreational activity. The temporary ice rink will open Saturday, Nov. 17 and will be open daily until Jan. 7, except on Christmas Day.

"We are expecting 10,000 skaters this season and to accommodate the demand, the city has ordered a 30 percent larger rink," Parks Director Brandon Bennett said. "Second year events and activities at Federal Hill have had

increased attendance and the same is expected for the Noblesville Ice Plaza."

All ages are welcome to participate and rental ice skates range from kid to adult sizes. Admission rates are \$12 for untimed skating. Guests may bring their own skates if they prefer, but renting skates is included in the admission fee. Special event and themed nights will be announced in the near future.

The combination of park amenities, decorations, Santa House and Ice Plaza will create a holiday experience for residents and guests of

all ages.

"The community wanted Federal Hill Commons to be a year-round park and it was designed and programmed to extend the downtown across the White River," said Ditslear. "I believe the winter activities here and across downtown will drive even more residents to the heart of our city this holiday season."

With the Santa House move, the city will offer a daily promotion to encourage shopping in downtown and will discuss additional opportunities to partner and increase foot traffic. Ice

Plaza patrons who present a receipt from a downtown merchant will receive a \$10 admission rate (\$2 off) the same day.

New this year, the city will locate a Santa's Mailbox where the house previously stood on the courthouse square. Children will be able to write letters to Santa and the city will be sure they arrive safely to the North Pole with a reply back from Kris Kringle.

More details about holiday events and activities will be announced in the coming weeks.

### RESPONSIBILITY

And while no security system is a perfect solution, that doesn't mean we sit back and hope for the best. Improvements can always be made. Auto manufacturers didn't stop installing seat belts because they fail to prevent every car accident injury or fatality. Nevertheless, I believe this additional funding will create an even safer environment in which our children can learn and grow.

**Mental Health**

There is another preventive measure that could be the most effective measure of all in stopping a would-be attacker. And that's by increasing our mental health resources in Noblesville Schools.

Let's face it – even before the shooting, our kids

have been dealing with far more complex issues than we adults had to face when we were that age – including major anxiety, depression, thoughts of suicide and other issues that require a professional to get involved before it's too late.

Unfortunately, our schools are understaffed when it comes to mental health. Educators recommend a ratio of one counselor for every 250 students. And yet in Noblesville, some schools have a ratio of one counselor to 800 students. We can and should do more to reach our youth who maybe don't have a stable support network at home or who won't seek help on their own.

It's going to take more funding for mental health staff and the initiatives that

are necessary today – more screenings for suicide, anger and trauma; more social workers; more teachers for English language learners; a district-wide mental health coordinator and a mentoring program.

For all of these reasons, I am willing to pay my share to ensure Noblesville Schools remain strong, giving them the ability to pay competitive salaries to top-quality teachers and staff, fund the security staff and initiatives that will further enhance our school safety and increase the mental health resources to proactively help our troubled youth no matter how complex the problem.

Please join me in sharing this responsibility and vote YES on the Noblesville Schools referendum.

## Noblesville Police once again taking part in No Shave November

### The REPORTER

You may see some changes in how officers look in the next month. The Noblesville Police Department will put down the razors and take part in “No Shave November” from Oct. 29 through Dec. 3. Officers participating will donate money to the Noblesville FOP’s “Shop with a Cop” program that will take place later in the year.

When you see officers looking scruffier than usual next month, please know that this is only temporary and for a good cause. Feel free to join their efforts and make a charitable donation to the Noblesville FOP’s “Shop with a Cop

Program.” Please mail your checks written out to the “Noblesville FOP 198” and mail them to P.O. Box 1303, Noblesville, IN 46061.

Noblesville Police Chief Kevin Jowitt said, “We are always looking for new ways to interact with the community and give back. Taking part in ‘No Shave November’ accomplishes this while having a little fun

and raising funds for a great cause.”

Please check back to see the officers’ progress throughout the month of November. If you happen to see an officer out and about taking part in “No Shave November” ask them to take a picture with you and send it to [gkehl@noblesville.in.us](mailto:gkehl@noblesville.in.us) and it will be posted to NPDP’s social media outlets.

## Hoosiers asked to consider constitutional amendment

### The REPORTER

This election, Hoosier voters will decide through **Public Question No. 1** if the Indiana Constitution should be amended to require the state legislature to enact honestly balanced state budgets.

According to a news release from State Rep. Kathy Richardson’s office, although Indiana has maintained a balanced budget over the last seven years under conservative leadership, this proposed

amendment would add an additional constitutional safeguard to prevent future legislatures from deficit spending or passing debt on to future generations.

It would also specifically require state lawmakers to prioritize pre-funded pensions before making other budgetary decisions. These added protections will not impact pre-funded pensions for firefighters, teachers and police officers, as **confirmed by the Indiana Public Retirement System** and by the professional organizations that represent teachers and public safety officers.

To read the full question as it will appear on the ballot and the proposed amendment in its entirety, [click here](#). The Indiana Retired Teachers Association also provides **facts to correct rumors and misinformation**, while the Indiana Public Retirement System has prepared a Q&A that can be [found here](#).

## Ford recalls nearly 1.5 million Focuses because engines can stall

### WISH-TV | [wishtv.com](http://wishtv.com)

Ford is recalling nearly 1.5 million Focus compact cars in North America because a fuel system problem can cause the engines to stall without warning.

The recall covers cars from the 2012 through 2018 model years with 2-liter four-cylinder engines.

Ford says a valve in the fuel system can stick in the open position, causing too much vacuum, and an engine control computer may

not detect the problem. Excessive vacuum can cause the gas tank to deform, as well as other problems.

The recall came after the U.S. government’s National Highway Traffic Safety Administration presented owner complaints to Ford. About 1.3 million of the recalled vehicles are in the U.S.

Dealers will reprogram the computer with new software that will detect a stuck valve, which the com-

pany says will take care of the problem in most cases. They’ll also inspect the valve, a carbon canister and gas tank and replace them if needed.

Ford says owners should keep the gas tank at least half full until repairs are made.

The company says it’s not aware of any crashes or injuries caused by the problem.

The recall is expected to begin on Dec. 10.

## Letter guidelines this election season

### The REPORTER

The Hamilton County Reporter, your hometown newspaper, is always willing to publish Letters to the Editor in our pages. But with the approach of the Nov. 6 General Election, we are establishing some guidelines to keep things fair and balanced.

Letters to the Editor addressing new topics about the upcoming election or the policies of individual candidates will be accepted until the end of the business day on Tuesday, Oct. 30 and will be published on Wednesday, Oct. 31.

Letters in response to new topics published in the Oct. 31 edition will be accepted until Friday, Nov. 2 and will be published in the Saturday, Nov. 3 edition.

These deadlines will give candidates and their supporters the opportunity to reply to letters sent the last week of October.

Please send your letters to [News@ReadTheReporter.com](mailto:News@ReadTheReporter.com).

Letters to the Editor do not represent the opinions of The Reporter or our staff.

## Carmel reader questions AWOL Hotel Carmichael

Dear Editor:

Glaringly absent from the mayor's highly forgettable "State of the City - 2018" sermon was any reference to the Hotel Carmichael.

This up-scale, chic, luxury, expensive, gaudy, unnecessary brainstorm of the Progressive spenders in City Hall was touted a year ago in a speech and a YouTube video.

This year, nada. You'll recall the civic puff piece on video a year ago saying, "You'll soon be able to sip drinks at the Feinstein Supper Club at the boutique hotel." (The video has been seen by 2,800 people, or an average 7.7 persons per day since

going viral.)

I mulled that over in deference to the mulled (heated, spiced) wine shack going at the hotel's neighboring Christkindlmarkt. I mulled that over as I sipped mulled coffee at the Ronald McDonald Supper Club on Carmel Drive. Where's the Hotel Carmichael and the Feinstein Supper Club?

And it hit me. They're AWOL. Both the city and the developed are or at least were absent without loans.

Beginning in mid-year last year the city and a pet developer began looking for \$40 million outside the usual municipal bond channels.

It took the developer almost a year to pony up its \$22 million. Last word was that the city was close to cashing in \$10 million and \$8 million bonds backed by income from the hotel and, failing that, local income taxes and a special benefit tax on property within the city limits.

Have no fear. Sipping time is coming.

We can welcome back the prodigal spenders from their AWOL.

(Oh, and remember, Michael is no kin to U.S. Senator Diane Feinstein.)

**Bill Shaffer**  
Carmel

## Don't buy into stress in the face of political unrest

"The world we have created today is a product of our thinking; it cannot be changed without changing our thinking."

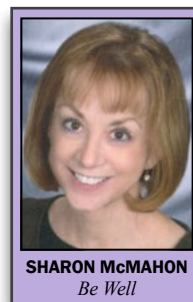

— Commonly attributed to Albert Einstein

As I write this, frankly I feel sickened by the political rhetoric and now the potential maiming or worse that has been attempted toward high-profile political individuals in our country, and contemplating how different is the world now compared to that in which I grew up. How these headlines relate to our health and well-being (my usual topics) can be summed up in one word: STRESS!

It is a word familiar to many of us—job stress, health issues stress, family stress, traffic stress (!) and on and on. These are what we would consider our "ordinary" stressors. However, the world-wide atrocious acts invade our private worlds as well. With 24-hour news cycles on cable news, radio and the internet, these horrible acts are with us constantly. I certainly do not have the skill or ability to even guess why these atrocities are taking place; nor why our leaders and those who wish to be our leaders cannot display some level of civil discourse along the way.

The Merriam-Webster dictionary gives us one definition of mental stress as "something that causes strong feelings of worry or anxiety." That worry and anxiety can be linked to causing both physical and emotional issues for many people; including those who do not routinely watch/listen/read about these world and national tragedies and occurrences. This stress can lead to sleeplessness, poor digestion, exhaustion, chest pain, fatigue, overeating (or not eating) and even illness.<sup>1</sup>

Effects of this stress can be insidious; we may not necessarily "feel" stressed but be affected by it just the same. The news of violence and the constant ill-advised rhetoric that our children are exposed to will, in my opinion, have long-lasting ef-

SHARON McMAHON  
Be Well

fects on their lives. It is impossible to completely protect young people; however, it is important for parents to have discussions with their children, answer their questions, and make them feel as safe as possible.

Can we choose to turn off/turn away from the news and alleviate the resulting stress?

To a point, yes. But unless you are planning to live in a cave underground you will be exposed to the news cycle and its effects. However, you can limit as much as possible by not tuning in to the media reports and the chatter associated with all those reports. You can increase your exercise, get outside (pulling weeds is great for stress!) and surround yourself with as much peace as possible.

Read ... a book! Drink ... a cup of tea! Watch ... a funny movie! Deep breathing can also help you deal with anxiety. One of my favorite pastimes I find works wonders ... pet a dog! (Possibly a cat as well, on their terms of course!) My dogs always love to be brushed and petted and they really could not care less about bad news! If you are a "news junkie" perhaps you can try limiting your time and incorporate some of the lifestyle change suggestions noted above.

A nutritious diet, increased exercise and focus on relaxation can help us deal with the stress, but unfortunately we seem to be living in a world today that few of us understand or have experienced in our lifetimes. I hope we can change our thinking, focus on how much we have in common as human beings and look out for each other.

# Candidate competitors-turned-fans in U.S. Senate race

By **TERRY HENDERSON** and **ANDREW TAKAMI**

*Editor's note: Andrew Takami and Terry Henderson were U.S. Senate Candidates for Indiana in the 2018 Republican Primary election.*

Over a year ago, two candidates in the Republican Primary for US Senate met in Southern Indiana during a county Lincoln Day Dinner.

As candidates, we expected to eat yet another chicken dinner, meet local Republicans and community leaders, as well as quickly give our pitches for our respective candidacies. What we didn't expect was the formation of a close friendship based not on shared backgrounds, but on a shared vision for Indiana, our communities and our country.

## Our backgrounds

Andrew Takami, a leader in higher education from south central Indiana, and Terry Henderson, a businessman from north central Indiana, were very different, yet what we had in common were our views and strong belief that we needed change today and for future generations.

During the months that followed, we stayed in close contact though our location and professional backgrounds differed greatly. Through our numerous late evening conversations, it became clear what we had most in common was our heartfelt interest for having a US Senator with the necessary life experiences, skills, integrity and talents to make a difference in Washington.

What we didn't know at the time, of course, was the very person we were describing and stumping for wouldn't be ourselves. It would be Mike Braun.

Braun's extensive business background and proven capabilities are desper-

Henderson

ately needed in the U.S. Senate. His skills and methodologies will complement other members of the Senate. Braun will provide balance to other members who have other expertise, and challenge those who wish to do nothing. He'll get down to business and work to effectively represent Hoosiers.

The founders of our country didn't intend for politics to be a career.

The purpose of public service is for citizens with proven real-life knowledge and experiences, such as self-made businessman Mike Braun, to get elected, effectively serve constituents and return home to life and family. Braun will incorporate his successful business experience and bring valuable tools and insight to Washington. It'll truly make a difference.

As in business, we're well aware that this journey will be an uphill battle. Braun has faced battles before in his own business and managed to create a working environment for his employees that not only allows them to operate effectively, but also provides them with a complete benefits package including a health insurance plan with premiums that haven't gone up in eight years.

Contrary to the onslaught of negative ads, we know Braun is a proven leader with extreme integrity and admirable character because we've each gotten to know him on a personal level. One thing Braun never hesitates to mention is his commitment to serve no more than two terms. This is how the system is supposed to work.

The time for career politicians is behind us. And in Indiana, it's time for proven business leaders to come forward with their expertise and use them to be effective for the people. This is certainly true in our Indiana race for the U.S. Senate.

Braun is the epitome of a conserva-

tive hardworking Hoosier with the vision, courage and insight our country and state so badly need.

This is a pivotal time and the stakes have never been higher. The opportunity for Indiana to make a difference for future generations is now. We've got to understand that things will not change in Washington unless we start electing Hoosiers with experiences outside of the typical political playbook.

Join us as we successfully complete this heartfelt endeavor to support and elect our friend Mike Braun as the next

Senator for our great state.

## About Terry Henderson

Terry and his wife, Beth, live in Atlanta, Ind., where they own and operate an ag technology training and communications company. They have two adult children.

## About Andrew Takami

Andrew and his wife, Ann, live in Floyds Knobs, Ind. Andrew's background is in higher education and building communities through philanthropy. He and his wife have three young children.

## Hamilton County lawmakers: Deadline approaching for House internship positions

### The REPORTER

College students and recent graduates seeking an internship with the Indiana House of Representatives must submit their applications before the Oct. 31 deadline, according to area lawmakers.

House internships are paid positions during the legislative session lasting from January through April. While employed full-time at the Statehouse in Indianapolis, interns can develop valuable skills while working one-on-one with state legislators and staff.

“The Statehouse internship program gives students an inside look at how Indiana’s government operates and connects them with experts and leaders on issues that impact Hoosiers every day,” said State Rep. Tony Cook (R-Cicero). “Interns play an integral role on staff,

helping lawmakers in committee hearings and during the legislative session.”

College sophomores, juniors and seniors, graduate students and recent graduates of all majors are eligible to apply. Internship positions are available in a variety of departments including legislative, communications and media relations, policy or fiscal policy. “There are so many talented college students from Hamilton County who would excel at the Statehouse as an intern,” said State Rep. Kathy Kreg Richardson (R-Noblesville). “With numerous leaders beginning their careers as interns, this opportunity is one that young people should wholeheartedly consider.”

“Interns are placed with staff based on their interests, strengths and career

goals,” said State Rep. Donna Schaibley (R-Carmel). “The House internship program is a great way to gain strong work habits and build a professional network before getting their first job.”

When applying, students must also submit an official transcript, resume and two letters of recommendation.

“Internships are an important part of the college experience and provide students the chance to build on what they have learned in the classroom,” said State Rep. Jerry Torr (R-Carmel). “With the House Republican internship application deadline approaching, students should apply today to get the most out of this opportunity.”

To apply before the Oct. 31 deadline, visit [indianahouserepublicans.com/internship](http://indianahouserepublicans.com/internship).

3. Rise by Gokey, Danny
4. Bella donna by Nicks, Stevie
5. The best of David Sanborn by Sanborn, David

## TODAY'S BIBLE READING

And they come to Jerusalem: and Jesus went into the temple, and began to cast out them that sold and bought in the temple, and overthrew the tables of the moneychangers, and the seats of them that sold doves; And would not suffer that any man should carry any vessel through the temple. And he taught, saying unto them, Is it not written, My house shall be called of all nations the house of prayer? but ye have made it a den of thieves. And the scribes and chief priests heard it, and sought how they might destroy him: for they feared him, because all the people was astonished at his doctrine. And when even was come, he went out of the city.

Mark 11:15-19 (KJV)

Mary Young

January 28, 1926 – October 25, 2018

Mary Young, 92, Noblesville, passed away October 25, 2018. She was born in Jeffersonville, Ind., on January 28, 1926 to William H. Vissing Sr. and Marietta Vissing. Services are pending. Arrangements entrusted to A.R.N. Funeral & Cremation Services.

High school football - Sectional semi-finals

## No. 3 ‘Hounds ground Shamrocks in 6A sectional semifinal win

By CRAIG ADKINS

The Carmel Greyhounds were on a mission and they weren't going to let the rainy weather and wet turf get in their way. It became obvious right away on Friday night at Greyhound Stadium that they were going to find every way possible to come out on top.

A solid rushing attack and a suffocating defense made it extremely difficult for Westfield all night long as Carmel stood strong for a 28-7 Class 6A Sectional 4 semifinal win.

Carmel's offense didn't need much time at all on the first series of the game and it only took five plays and 61 yards to put the first points on the board. The drive lasted just about two minutes, helped out by Tyler Trent slinging a 21 yard pass to Sam Rogers for a leaping catch down to the Shamrock three-yard line. That set up for sophomore tailback Zach White to just walk right into the end zone from three-yards out for a 7-0 Carmel lead.

White was back at it again after the Hounds' defense forced Westfield to punt.

Trent had another solid throw up the field that would put the Greyhounds in shape to score. This time, his pass was a 32-yarder to Christian Williams at the Shamrock's seven. Once again on first and goal, White got the handoff and waltzed right in for the touchdown from the seven and just like that, Carmel had a two-score cushion at 14-0.

“He's very talented. He's a special runner, very tough,” said Carmel head coach on his sophomore tailback Zach White.

“Unbelievable vision and then his ability to accelerate and find those spaces and

Carmel's Zach White (center) takes the handoff from quarterback Tyler Trent during the Greyhounds' sectional football game with Westfield Friday at Carmel Stadium. White scored three touchdowns in the Greyhounds' 28-7 win.

exploit them and get extra yards once he's got a little bit of extra room. Yeah, to think he started the season as our third or fourth running back and he's getting close to 1,000

now,” Hebert continued on the overall play of his sophomore back Zach White.

He wasn't done yet in the first half. His final carry of the half would get him in the end zone for the third time, this one was for 37 yards right down the home sideline, untouched for a 21-0 halftime lead.

“Pretty good for a sophomore that didn't play in a varsity game until maybe the fifth game. He's an all-weather back. You get the conditions where it's hard to hold onto the ball, he runs through it. He runs through tackles and that kind of running style goes with any offense” Coach Hebert said with a smile, giving more praise to his young tailback.

But it wasn't just an offense that clicked all night. Carmel's defense set the tone and they pretty much suffocated Westfield's offense, limiting them to 150 yards of total offense.

The Hounds were able to create havoc on defense, with nine plays that were for a loss. Their pass defense was on point, especially in the first half, holding junior quarterback Camden Simons to six completions, three that were for -1 yards each.

“I think our guys up front had a really great game. Beau Robbins is a match-up problem for everybody and then Cole Brevard, you know the rest of the defensive line. I know we've got a quicker defensive line, not enormous guys, but they're good athletes

Westfield's Eli Patchett scored a fourth-quarter touchdown for the Shamrocks.

# ‘HOUNDS

From Page 9

and they get after the football. Our linebackers played well and we were able to cause some turnovers too, but it starts with stopping the run,” said Herbert on his defense’s play throughout the game.

The bottom line for Westfield was that they really couldn’t sustain a drive on offense that would account for anything before it was way too late in the game to matter. Alex Bales was busy, punting seven times. The Shamrocks first turned the ball over in the first quarter when Simons threw an interception to Nate Frye.

The second turnover was on downs early in the fourth at the Carmel 33 on a drive that

started at their own 20. The third giveaway was from the hands of Simons. A slippery football slipped through the hands of Camden Simons and linebacker Ryan Tilev dove on the ball.

“I thought we were terrible to start, weren’t ready emotionally. Obviously that’s my fault. I felt we had the team ready to go, but we obviously weren’t ready for the moment,” said Westfield head coach Jake Gilbert taking full blame for his team not playing how they could have on Friday night.

“I felt the difference in the game was that they tackled much better than we tackled. We just couldn’t do anything on offense and

they play a terrific defense and we gave up four explosive plays that led to 28 points defensively and we couldn’t generate any takeaways to counteract that,” Gilbert continued on his team’s inefficiency to execute on both sides of the ball.

In the second half, Hebert subbed in junior quarterback Gabe Quigley. Late in the third, Quigley fooled everyone, faking a handoff up the middle to Zach White. He sold the fake better than we thought. A second later, Quigley bounced out to the left and he was off to the races, scampering to the end zone for a 50-yard touchdown run for a 28-0 score.

Westfield was able to drive down the field 89 yards in a short amount of time late in the fourth. Eli Patchett scored with 33.8 seconds left in the game, making the final score of 28-7.

“They’re extremely disciplined and well-

coached and they’ve got an excellent defense, very good players over there and they tackle really well,” said Gilbert on Carmel’s defense.

Westfield (4-6) wound up losing four of its final five games of the season. Patchett led the Shamrocks in rushing with 11 carries and 32 yards and a score. Simons went 18-of-25 for 87 yards with an interception and a fumble, while Kyle Pepiot led in receiving with four catches and 37 yards.

Carmel (8-2) advances on to the 6A Sectional 4 championship game next Friday at Lafayette Jefferson (9-1). The Bronchos defeated Noblesville in the other semifinal, 35-24.

The Hounds were paced by Zach White’s 14 carries for 158 yards (11.2 avg.) and three touchdowns. As a team, Carmel ran the ball 35 times for 278 yards (7.8 avg.) and four scores.

# NOBLESVILLE SCHOOLS

## REFERENDUM 2018

### Strong Schools, Strong Community

Strong schools make for a strong community. The ability to attract new businesses to Noblesville, prepare our future workforce, and achieve a high quality of living as a community are all directly related to the strength of our school system.

The 2016 referendum was about maintaining the status quo and was a reduction in the tax rate. The 2018 referendum is about enhanced mental health, increased safety and retaining top-quality staff. It’s about keeping our schools and our community strong.

Due to the teacher shortage and recent pay increases by neighbor districts, our teachers are leaving for positions that can pay \$5,000-\$15,000 more.

Since 2009, Noblesville Schools has lost \$46.5 million in funding.

The 2018 referendum will replace the 2016 referendum and will provide funding through 2026.

53% of the additional funding would be spent on mental health & safety, while 47% would be spent on staff pay.

The current referendum rate is 18.9 cents and the new proposed rate is 37 cents.

This referendum would raise an additional \$6.25 million/year for Noblesville Schools.

For more info visit [noblesvilleschools.org](http://noblesvilleschools.org)

#### MENTAL HEALTH

Enhanced focus including student screenings & more counselors

1

#### SAFETY

Expanded protections including more police officers & safety equipment

2

#### STAFF PAY

Pay competitively with neighbor district to keep good teachers & staff

3

### How Much Will This Referendum Cost Taxpayers?

A median Noblesville home valued at \$206,000 currently pays \$192/year for the 2016 referendum. The new 2018 rate would cost this home \$376/year. That’s an additional \$184/year—an additional \$15/month—for enhanced student mental health, school safety and teacher pay.

# Millers fight to the end before falling to Bronchos

Noblesville fought until the end up in Lafayette Friday night.

The Millers traveled north to face the Jefferson Bronchos in a Class 6A Sectional 4 semi-final game, and kept close with the Bronchos until they pulled away late for a 35-24 win. Lafayette Jeff will host Carmel in next week's championship game, while Noblesville finished the season 4-6.

The Millers got the first score of the game, with Jayden Barrett catching a 16-yard pass from Grant Gremel for an early touchdown. Barrett set up the TD by returning the opening kickoff 65 yards. The Bronchos answered when freshman quarterback Maximus Grimes sent a 40-yard TD pass to Brian Jenkins.

Jeff added two touchdowns in the second quarter, both courtesy Grimes: He ran it in from one yard in the first minute of the period, then sent a 10-yard pass to Jenkins late in the quarter, putting the Bronchos up

21-7 at halftime.

Noblesville turned a big defensive play into a touchdown early in the third quarter. The Millers tackled the Jefferson punter at the nine-yard line after a botched snap, then Gremel sent a third-down pass to Zach Gruver for a touchdown. Grimes struck again with an 18-yard pass to Zion Austin, but Gruver and Gremel answered by teaming up for another TD, this one a 12-yard pass. That kept Noblesville within 28-21 after three quarters.

Jack Knight booted a 40-yard field goal with 7:40 left in the fourth period, cutting the Bronchos' lead to 28-24. The Millers then had Jeff in a third-and-11 situation deep in its own territory, but Grimes and Jenkins got out of that with an 84-yard touchdown pass with 2:23 left. The Bronchos held on from there.

The senior Gremel finished the game by completing 10 of 20 passes for 108 yards,

including three touchdowns. Wyatt Blades had four of those catches for 48 yards, with Gruver making three catches for 42 yards. Luke Blevins was the Millers' leading rusher, with 51 yards in 13 carries.

# Panthers pull away from Royals in second half

By RICH TORRES

FISHERS – The opportunity was there for a potential upset on Friday night.

Hamilton Southeastern built a 6-0 lead late in the first quarter and lurked around the red zone six times during the Sectional 5 semifinals against Class 6A No. 4 North Central, but the Royals struggled to capitalize, losing 41-12.

“That score is not what the football game was. I thought our kids battled,” HSE head coach Adam Morris said. “The turnovers at the end definitely killed us, but I thought we came out and started the game well.”

The Royals (3-7) opened with a chance to play spoiler against the Panthers (8-2), who were searching for their first sectional win since 2013.

A botched North Central punt that was blocked by the Royals during the first series gave HSE a first-and-10 from the Panthers' 17. The possession ended in an interception.

North Central lost a fumble on its next offensive series at HSE's 46, which led to an HSE punt. A second consecutive lost fumble by North Central on its own 23 supplied HSE with a touchdown drive, but the final three opportunities equated two field goals and a turnover.

“At the end of the day, we had plenty of opportunities with the ball in their territory and just didn't come away with enough points,” Morris said.

The Panthers turned the ball over three times with two fumbles and an interception by John McCall in the third quarter. An inadvertent kneel down by North Central's kicker on a punt attempt early in the second quarter put HSE on the Panthers' 15, but again, the Royals came up empty.

The series ended with a turnover on downs as HSE failed to convert a fourth-and-17 from North Central's 22 with 5:51 left in the half.

The Royals' first of three turnover on

Reporter photo by Kirk Green

Hamilton Southeastern's Matt Harris scores a first-quarter touchdown, rolling past a few North Central Panthers along the way during the Royals-Panthers Sectional 5 game Friday at Reynolds Royals Stadium. North Central won 41-12.

downs kept the door open for North Central, and the Panthers awoke, outscoring HSE 21-3 through the final 30 minutes.

North Central quarterback Liam Thompson completed 18 of 31 passes for 253 yards and three touchdowns, while senior playmaker Tre'von Elliott erased HSE's short-lived 6-0 lead.

Elliott put North Central up 7-6 with a 30-yard touchdown pitch-and-catch and widened the margin 14-6 with a 66-yard punt return for a score with 1:12 left in the first quarter.

“They're a really good offense. That

quarterback is as good as you're going to find in Indiana,” Morris said. “I thought in the first half, we did a great job of getting off the field on third down. In the second half, they converted some crucial third downs, and that broke us.”

HSE used McCall's first-quarter fumble recovery to go up 6-0 after an eight-play drive, spanning 23 yards capped by a 2-yard run from Matt Harris, who finished with 65 yards on 25 carries.

Mitch Hebenstreit split the uprights with a pair of field goals, measuring 23 and 27 yards to cut the deficit 14-9 and 21-12,

respectively. The senior nearly sliced North Central's lead before halftime as he narrowly missed a 44-yarder with the Panthers in front 21-9.

Turnovers, however, hurt the Royals. North Central scooped up an HSE fumble and collected three interceptions with the last one returned 30 yards for a touchdown to finalize the tally late in the fourth quarter.

North Central had four receivers with 40 or more yards led by Richard Hamilton, who hauled in two passes for 72 yards and a 63-yard touchdown. Elliott did his damage

# Tigers beat Pike, reach sectional championship game

Once again, the Fishers football team has advanced to a sectional championship game. The Tigers ran their sectional final streak to nine years in a row Friday by beating Pike 33-20 at the Red Devils' field. Fishers will return home to Reynolds Tigers Stadium next Friday to host North Central in the Class 6A Sectional 5 championship game.

The first quarter was close, ending with Pike ahead 7-6. Matt Noble got Fishers on the board with a three-yard touchdown run; his earlier 54-yard run set up the score. The Red Devils answered with a 27-yard touchdown pass from Jasen Graves to Lamar Echols.

The Tigers took control in the middle periods, not allowing Pike a point in the second and third quarters. Meanwhile, Fishers scored 20 points of its own: Marcus Roux sent a 35-yard TD pass to Collin Statz, and Jack Phillips' extra point kick made it 13-7; that would be the halftime score.

Roux then punched the ball in from the 1 in a quarterback keeper midway through the period. Seconds later, Noble scored on a 20-yard run. Fishers added one more touchdown early in the fourth period, with Noble running in from two yards. Pike scored two touchdowns in the fourth, but Fishers had the game in hand by then.

Noble had a solid game, gaining 151 yards in 15 rushes. Roux finished the game completing 5 of 12 passes for 91 yards, with Statz making three of those catches.

Fishers is now 4-6 for the season.

# Sheridan stunned after Monroe Central's fourth-quarter touchdown

Sheridan fell to Monroe Central in a rainy Class 1A Sectional 44 semi-final game on Friday.

The Blackhawks and the Golden Bears were scoreless through three quarters before Monroe Central broke through for a touchdown and two-point conversion in the fourth period. With that, the Golden Bears won 8-0 and ended Sheridan's season at 8-3.

Monroe Central scored on a 90-yard touchdown pass with 10:03 left in the fourth quarter. To further underscore how defensive the game was, the two teams combined only had 91 yards of rushing. The Blackhawks had 74 of those yards, and held the Golden Bears to 17 yards on the ground. Monroe totaled 105 yards of passing, but 90 of those were from the long touchdown; take that out and Sheridan's defense allowed just 15 yards.

Cameron Hovey led the Blackhawks' running game with 33 yards in 10 carries. Drake Delph was next with 17 yards.

# Braves stop Golden Eagles' upset bid with second-half comeback

Guerin Catholic was poised for an upset at the Eagles Nest on Friday, as it led Brebeuf Jesuit 10-0 at halftime.

But the Braves came back in the second half, stunning the Golden Eagles 20-10 in a Class 3A Sectional 26 semi-final game. Brebeuf will play Blackford in next week's championship, while Guerin's season finished at 6-5.

Neither team scored in the first quarter, but the Golden Eagles were about to. Charles Bock took the ball in to the end zone from the one-yard line as the second quarter began. Nathan Friedman followed that up with an extra point kick.

Friedman would then add to the GC total towards the end of the second period, kicking a 35-yard field goal. That put the Golden Eagles up by the 10-0 lead.

"Our kids did what they always do: They fight," said Guerin coach Tom Dilley. "They fight. We still made mistakes, but we were able to take advantage of some mistakes by them and caused some of those. I just thought our kids fought and battled and put ourselves in a good position. We just didn't finish it."

The Braves answered early in the third quarter, when a six-yard run by Drake Hagerman got Brebeuf its first touchdown (and points of the game) at the 7:26 mark.

Guerin Catholic was able to hold the Braves for most of the second half, but Brebeuf tied the game with 3:21 left on a dramatic kick: Alec Bevelhimer booted a 54-yard field goal. The Braves got the ball back seconds later, and Caleb Ellison sent a 26-yard TD pass to Michael Bales to put

Brebeuf ahead. Bevelhimer then made a 33-yard field goal with six seconds left.

Jagger Albert led the Golden Eagles' rushing with 51 yards in 19 carries. Christian Gelov completed 9 of 21 passes for 64 yards, with Bernie McGuinness making four of those catches.

"I don't know if it's obvious to the outside observers what these kids fought through," said Dilley. "This has been a very impressive group."
