Weingarten wants immediate action from Election Board ... Top county Democrat wants police investigation into bribery allegation

The REPORTER

Hamilton County Democratic Party Chairman Joe Weingarten wants the Election Board to turn over a bribery allegation, related to the Carmel mayoral race, to law enforcement.

Weingarten said in a letter to the Reporter, "I am extremely disappointed in the Hamilton County Election Board. I filed a formal complaint and a request for an investigation concerning an alleged bribe in the Carmel Mayors race where it was re-

ported that one candidate was offered \$140,000 not to run. So what does the Election Board do but kick this down the road to after the primary election?"

"To me and I hope every voter in the county agrees a bribe to fix an election should be taken as an extremely serious matter. It is major breach of our election process.

"Just a few years ago you would think

Weingarten

the world ended when one candidate stole political signs. This wound up being investigated by a special prosecutor from another county. Then a trial in another county, yet a \$140,000 possible bribe does not seem to warrant any immediate attention.

"I once again ask that the County Election Board take immediate action to turn this over to an investigative law enforcement body."

"Mom-isms" are a fun part of the sandwich generation

I know many of my columns talk about the challenges of being in the sandwich generation. But my siblings and I experience some fun moments with my mom as well.

Some of that fun involves her sayings — or "Mom-isms" as I call them. Mom's used a few interesting phrases for as long as I can remember, and they crack me up. I'll share some of my favorites.

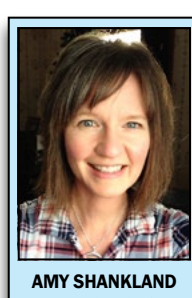

"Let's red up the dishes."
I remember the first time I said this in front of my husband John. His brows furrowed in confusion.

"What did you just say?" I repeated the phrase not realizing it wasn't a common one. Mom said it to me often as a child before we cleared the table after meals and got ready to wash dishes. "Redding up the dishes" means to gather them up. I did some research online and apparently the phrase is used from Kansas all the way to rural Ohio and Pennsylvania.

"You look like Grandma Grunt with her tooth out in front." Or, "If you keep pouting like that a bird's gonna perch on your lip."

Mom would say this to us whenever we were in a bad mood or, of course, angry and pouting. Once again I went online to see if anyone used either of these phrases. Grandma Grunt must've been something Mom or one of her family members made up, because I can't find any mention of this grouchy woman.

The saying about a bird perching on your lip, however, turned up some interesting stories from the USC Digital Folklore Archives. Many people shared that their grandparents said it to them when

Megan Broviak serves as inspiration to entire Noblesville community

The REPORTER

Noblesville East Middle School seventh grader Megan Broviak received the Indiana Young Heroes Award from the Indiana Student Council Association at its recognition event Thursday.

Megan was nominated by Student Council Advisor Kristen Leer for her inspirational academic and social leadership while undergoing treatment for leukemia.

For the second time in her life, Megan is undergoing treatments for leukemia. During the last three months, when Megan has not been admitted to Riley Hospital, she has been attending classes at Noblesville East.

Her teachers have noted that Megan has been a leader in her classes this entire year. Megan has kept up on her school work while she has been undergoing treatments at home and in

the hospital.

When she is at school, Megan volunteers in her classes and completes all of her assignments. Megan continues to be on the Academic Honor Roll. She is phenomenal role model to all of her peers.

Megan is involved with numerous activities. She is a member of the Student Council, she was part of our school play, a member of Jazz Band, and she plays basketball and lacrosse.

"What inspires me most about Megan is the smile she has on her face every single day," said Leer. "Megan is in a battle that no child should have to be in. She continues to thrive during this obstacle and has never given up hope. Megan has chosen the heroic way to live her life to its fullest and not let cancer slow her down. Megan is an inspiration to her teachers, classmates and the Noblesville community."

Hamilton Heights School Corporation was well-represented at the "Red for Ed" rally at the Indiana Statehouse last month. The Heights representatives were among over 1,000 people, mostly educators, who joined colleagues from districts around the state to advocate for increased

teacher pay and funding for our public schools.

Heights was represented by seven teachers, two school board members, and its superintendent, who are deeply passionate about improving teacher compensation, funding of public schools and advancing the teaching profession. It is their hope that their

passion was seen and felt by lawmakers.

The rally was hosted and organized by the Indiana State Teachers Association (ISTA), the state's largest teachers' union with over 40,000 members.

Noblesville Parks restores 'Little Beauty' Carousel

The REPORTER

The Noblesville Parks Department and Parks Foundation has been making improvements to the "Little Beauty" Carousel at Forest Park to make the amenity a destination for families this summer.

Built in 1920, the Allen Herschell Company Carousel was installed in the park in 1996 and is considered one of a kind. One of the most popular attractions at Forest Park, "Little Beauty" has 20 jumping horses and two chariots with a seating capacity of 32. This year marks Noblesville Parks' first season as operator of the iconic amenity.

The Noblesville Parks Foundation completed restoration work, including repainting murals on the carousel by local artist Scott Shoemaker, in 2018. The parks department is making improvements with new flooring and countertops in the concession area, and the addition of a soft serve ice cream machine and exterior serving window.

The Carousel Corner,

which includes the Tom Thumb Miniature Golf Course, will open in May. To oversee the area, the parks department is seeking a temporary carousel attendant. The position is seasonal and runs from May to October to greet guests, monitor and maintain the facilities and equipment, and operate the concession stand. Hourly pay ranges from \$10 to \$12 depending on experience. Workers will be scheduled during weekend hours in May, August, September and October and up to 40 hours

per week during June and July when the Carousel Corner extends its hours.

"As the parks department takes over the operations of the historic carousel in the park, we look forward to building the carousel team and providing a great experience for the community to enjoy carousel rides, party rentals, mini golf and other activities," said Recreation Director Nichole Haberlin.

2019 budget session. House Republicans have proposed a roughly 2 percent increase for K-12 education. However, there is nothing within this budget specifically earmarked for teachers. The major concern is that if the budget passes as is some Indiana schools could be negatively impacted and would have to make cuts in some areas – cuts that many schools can't afford to make.

ISTA has been meeting with legislative leaders in the House and the governor's office since the summer on increased education funding, with teacher pay being a priority. When discussions did not yield progress on the topic, the rally was organized to send a strong message to legislators, help inform the public of what is happening in

the area of school funding and build solidarity with fellow teachers throughout the state.

"It's time that we get very, very serious about this," said ISTA President Teresa Meredith. "[State lawmakers are] headed in the right direction, but we need them to come much closer and really hear, understand and demonstrate respect for their concern for the profession through putting some more money in that budget for public education and marking some of it for teacher pay."

Jennifer Luce, Hamilton Heights Middle School sixth grade English and Reading teacher and HHC-TA President, agrees: "We have reached a critical point in K-12 public education. To continue to give our students the best chance to

learn and succeed, regardless of where they live, we need to ensure we can hire and retain the best educators and offer the best opportunities in curriculum and the classroom. Compensation and funding are essential components to these goals."

Education reforms over the years have made it more difficult to be a teacher as well as made it more difficult to attract and retain good teachers across the state. There have been some changes at the state level that have negatively impacted the teaching profession, including reducing collective bargaining rights, teacher pay scales, incentives for advanced degrees and seniority rights to name a few.

"It is our hope to generate more support for public schools and reach out to our fellow educators, parents

and public-school advocates to help increase teacher pay and funding for our public schools," said Meredith. "We need our legislators to make public education a priority through fair compensation and funding to help us."

"While the ISTA will continue to work with lawmakers, we wanted to reach out to our district to let them know they can help by calling, writing, or emailing their legislator," said Luce.

[Click here](#) to stay up to date on the topic and for more information.

Another rally in support of public education will take place at 3 p.m. on Tuesday, April 16 at the Indiana Statehouse.

According to data provided by the ISTA:

- 72 percent of Hoosier say public school teachers

in Indiana are paid too little.

- 7 in 10 say public schools need more funding.

- Investment in attracting and retaining quality teachers is a top priority for Hoosiers.

- More than 8 in 10 want to see funding go to classroom instruction rather than administration.

- On average, Hoosier educators are paid less than educators in surrounding states.

- Hoosier educators spend a lower proportion of funds in the classroom than other states. The impact is out-of-date textbooks, the elimination of programs like art and music, increased class sizes and even laying off teachers.

- Any funding increase below 3 percent is simply not enough for our students or educators.

MOM-ISMS

they were little to make them behave. I haven't used either of these phrases with my own family. I have used – and absolutely love – the final Mom-ism.

"He/she/it's a pain where pills don't reach."

This is probably my favorite one of all. I have no idea where Mom got it and the Internet revealed nothing.

Just saying it when you encounter a difficult person or situation is a great way to release some steam without resorting to curse words. You have to admit, you can't miss the meaning of that phrase whatsoever!

I'm sure other families have unique phrases. For me, my mother's sayings will always bring up laughter, some raised eyebrows, and many fond memories.

I was born and raised right here in Noblesville. I grew up in a home without domestic violence or assault – it wasn't something I saw, or even heard about. But when I was introduced to Prevail of Central Indiana, I was shocked by the number of individuals who are affected by domestic violence. In 2018 alone, Prevail helped more than 4,000 clients in Hamilton County. (Nearly 80 percent of clients are women and children.) Prevail is strictly confidential, and since their core values include integrity and respect, they provide their services at no charge. Domestic violence and abuse are hard topics to discuss, so you don't often hear about them. To help Hamilton County families affected by domestic violence and sexual abuse, you can donate the following items:

- Art supplies (for children to journal and express their emotions)
- Bottled water (8 oz. bottles, preferably)

Shelborne Road closures to begin next week

Effective on or after Monday, April 15, Shelborne Road between 146th and 151st streets, and between 146th and 141st streets will be closed for road reconstruction. The road is scheduled to be closed to all thru traffic, tentatively opening back up to traffic on or before Monday, Oct. 21.

During the closure, traffic should utilize the signed detour route. Property owners will continue to have access to their properties through the construction area. This closure is part of the improvements to 146th Street which will widen the roadway to four lanes of traffic from Towne Road to Shelborne Road.

West 146th Street will be under temporary lane restrictions for short periods of time throughout construction, but will remain open to all traffic.

Lane closures on I-465 to continue through next week

The Indiana Department of Transportation will close lanes of Interstate 465 eastbound and westbound into next week to continue the demolition of the Ditch Road bridge. Only one or two lanes will be closed at a time throughout next week.

Crews began removing part of the bridge deck this week. Next week, the beams will be removed so a full replacement can begin. All work will be completed overnight between 9 p.m. and 6 a.m. Once crews start to remove the beams, they will stop traffic in 20-minute intervals to lower the beams to the ground and haul them away.

Letter to the Editor

What does running “at large” mean?

Dear Editor:

One of my favorite parts about campaigning is getting out, going door to door and meeting with Noblesville residents. As I continue to work towards the May 7 municipal primary election, one question that I am continually asked is, “What does At-Large mean?” or “I am voting for my neighbor, aren't you running against that person?”

Simply put, At-Large means being a political representative who is elected to serve an entire area rather than one of the districts. The answer is yes: You can vote for both of us ... your neighbor running in a district and vote for an At-Large candidate.

The municipal “off-year” election is easy to overlook. But it is very important, because the City Council's primary responsibility is to be the financial stewards of your local tax dollars. When you meet a candidate, ask hard questions about how your tax dollars are being spent locally. Dig into the things that matter most to you and your family.

Voting dates to know

Applications for mailed ballots must be received in the Election Office by midnight on April 29. Early voting runs from 8 a.m. to 4:30 p.m. on April 9 at the Judicial Center. Saturday voting runs from 10 a.m. to 3 p.m. on April 27. Don't miss Election Day on May 7. Your vote truly counts.

I'm a 26-year Noblesville resident and a business owner of Peterson Architecture. When I set my mind to something, I'm committed. I'm a hard worker, and I will see the vision through – from strategy to execution. My passion is making a difference in our community. As a Noblesville Councilperson, I will be an active and vocal advocate for historically sensitive, intelligent and sustainable growth to evolve into an even stronger and safer community. I look forward to earning your vote on May 7 (or earlier)!

Reps. Cook, Goodrich's bill providing education to incarcerated students could soon be law

The REPORTER

Legislation sponsored by State Reps. Tony Cook (R-Cicero) and Chuck Goodrich (R-Noblesville) to prevent children in juvenile detention from falling behind in their studies is a step closer to becoming law.

Senate Enrolled Act 29 would require schools to provide learning materials to a detained child upon request from the child's parents or juvenile detention facility until they complete their sentence or the school is requested to stop.

"Access to education is one of the most important factors in a child's life," Cook said. "When a young person does not have the opportunity to learn or better themselves, we are allowing them to fall behind

their peers. By providing incarcerated students with the same material others are learning in school, we can prevent potential setbacks to their education caused by juvenile detention."

The proposal would allow students to contact teachers with questions on the material, and students would be required to complete all materials on time to receive full credit from the school. The bill would also provide alternative education methods, including virtual schools, to expelled students.

Cook

Goodrich

"In many cases, the material a student learns in school can help them discover their passion and even lead to a career," Goodrich said. "Even if a child is incarcerated, they still deserve this opportunity. Encouraging kids to continue their education could help lower the number of repeat offenders and set them on the right path."

Senate Enrolled Act 29 was supported by the House and Senate and is now eligible for further action by the governor. Visit iga.in.gov to learn more.

Carmel to celebrate trails with Opening Day on Saturday

The REPORTER

The City of Carmel is proud to celebrate, in conjunction with the Rails-to-Trails Conservancy (RTC), the seventh annual Opening Day for Trails Saturday, April 13. Opening Day invites walkers, runners, cyclists and outdoor enthusiasts from across the country to celebrate spring by exploring trails in their community.

"The City of Carmel has

spent the last two decades building more than 200 miles of multi-use paths and trails and we know how vital these trails are to the quality of life and quality of place Carmel has. While our trails stay open year-round, we are pleased to have a nationwide kickoff to trail season," said Carmel Mayor Jim Brainard.

In 2018, people nationwide celebrated Opening Day by visiting a trail in

their neighborhood or by joining one of the special events offered around the country. This year, trail users can once again plan to join the celebration and pledge to hit the trails in honor of Opening Day.

"Opening Day for Trails is the perfect opportunity for people across the country to celebrate America's spectacular trail system – and to connect with one another," said RTC President Ryan Chao. "Whether it's to play, exercise, volunteer, spend time in nature, explore their community or all of the above, Opening Day brings together trail users of all variety to appreciate and enjoy these treasured outdoor spaces. This year's Opening Day promises to be another terrific celebration and we can't wait to see you all out there."

Meet Me on Main returns Saturday, April 13 in the Carmel Arts & Design District. It will include all of your favorite components of the Second Saturday Gallery Walks including live music, face painting and caricatures, new exhibits and features in local art galleries and businesses staying open until 9 p.m.

The Art Lab invites you to come create your own wash tape succulent planters from 5 to 8:30 p.m. Succulents will be provided for the first 60 people. This event is free and no sign up is required. The make and take art project will be located in the breezeway near SubZero Ice Cream.

TODAY'S BIBLE READING

Fear not, little flock; for it is your Father's good pleasure to give you the kingdom. Sell that ye have, and give alms; provide yourselves bags which wax not old, a treasure in the heavens that faileth not, where no thief approacheth, neither moth corrupteth. For where your treasure is, there will your heart be also. Let your loins be girded about, and your lights burning; And ye yourselves like unto men that wait for their lord, when he will return from the wedding; that when he cometh and knocketh, they may open unto him immediately. Blessed are those servants, whom the lord when he cometh shall find watching: verily I say unto you, that he shall gird himself, and make them to sit down to meat, and will come forth and serve them. And if he shall come in the second watch, or come in the third watch, and find them so, blessed are those servants. And this know, that if the goodman of the house had known what hour the thief would come, he would have watched, and not have suffered his house to be broken through. Be ye therefore ready also: for the Son of man cometh at an hour when ye think not.

BCforward plans 300 new jobs, digital training in Carmel

The REPORTER

Indiana Economic Development Corporation (IEDC) President Elaine Bedel joined local officials and executives from **BCforward**, a global information technology consulting and staffing firm, as the company announced plans Thursday to expand its operations in Hamilton County.

As part of its growth, the company plans to create up to 300 new jobs by 2021 and establish a new digital training center to help ensure employees and customers are on the forefront of the latest skills and trends in information technology and other services.

"Thanks to companies like BCforward, tech jobs in central Indiana are growing at a rate more than double the U.S. average, creating quality opportunities to advance their careers," said Bedel. "As the Crossroads of America and a hub for growing technology, Indiana is the ideal location for global firms working with and serving customers across the country and around the world. BCforward's commitment to advancing innovation and digital skills training is yet another step forward for this burgeoning sector, and we look forward to the many contributions they will make to our tech community here in Indiana."

The Carmel-based company will invest more than \$1 million over three years to establish a Digital Innovation Academy within its Indiana headquarters to

serve both employees and customers, allowing them to meet the evolving digital needs of its client base. With investments in new talent, upgraded equipment and software, the companies will be able to provide new training including simulation labs and innovation activities.

As part of its expansion, the company will hire for positions at both BCforward and its subsidiary, Staffforward, both headquartered at 9777 N. College Ave. The companies are hiring for positions in technology consulting and administrative and clerical positions. Interested applicants may [apply online](#).

"We are a global company but our roots are here in Indiana and the most important investment we can make is in our people," said BCforward Founder and CEO Justin Christian. "As we grow our workforce here, we are excited about this next chapter and giving our employees new opportunities to expand their knowledge and their careers."

Founded in 1998, BCforward is a certified Indiana Minority Owned Business Enterprise that provides consulting, outsourcing and staffing services in project management, software development, strategic IT planning and systems administration, while Staffforward was created in 2010 to respond to the growing customer demand for talent acquisition in the non-IT industries such as the admin-

istrative, industrial, health-care and scientific fields.

With more than 6,000 employees worldwide, BCforward and Staffforward currently serve more than 150 customers in variety of sectors including government, financial, healthcare, life science and manufacturing. The company has a presence in 47 states, Canada, Europe and India, allowing its workforce to serve its customers with worldwide operations.

"We are excited to learn that another corporate headquarters has chosen to expand and grow its business here in Carmel," said Carmel Mayor Jim Brainard. "We have worked hard to create a strong business environment attractive to high-tech companies, along with a high quality of life to attract a highly educated workforce. We look forward to sharing in the success of BCforward for many years to come."

The Indiana Economic Development Corporation offered BCforward up to \$2.6 million in conditional tax credits based on the company's job creation plans. These incentives are performance-based, meaning until Hoosiers are hired, the company is not eligible to claim incentives. The city of Carmel supports the project.

During 2016 and 2017, tech jobs in the Indianapolis metro grew at a rate of 18.4 percent – more than double the U.S. average and ranking sixth across U.S. and Canada, according to CBRE's Tech-30 report.

Millers win wild HCC game over Fishers, 12-11

Noblesville won a wild Hoosier Crossroads Conference game at Fishers on Thursday, finally prevailing 12-11 to improve its HCC record to 3-0.

The Tigers scored first, with Nick Lukac and Tristan Baker both getting home on an error in the bottom of the first inning. The Millers got those runs back in the top of the second, when Ethan Imel's left field double sent Brady Walden and Zach Gruver home, tying the game at 2-2.

Fishers roared back in the third inning, scoring four runs. Lukac and JJ Woolwine both drew walks, and were both scored when Kiel Brenzewski smashed a three-run home run into center field. Later, Dominic Oliverio singled in Kaid Muth, putting the Tigers up 6-2.

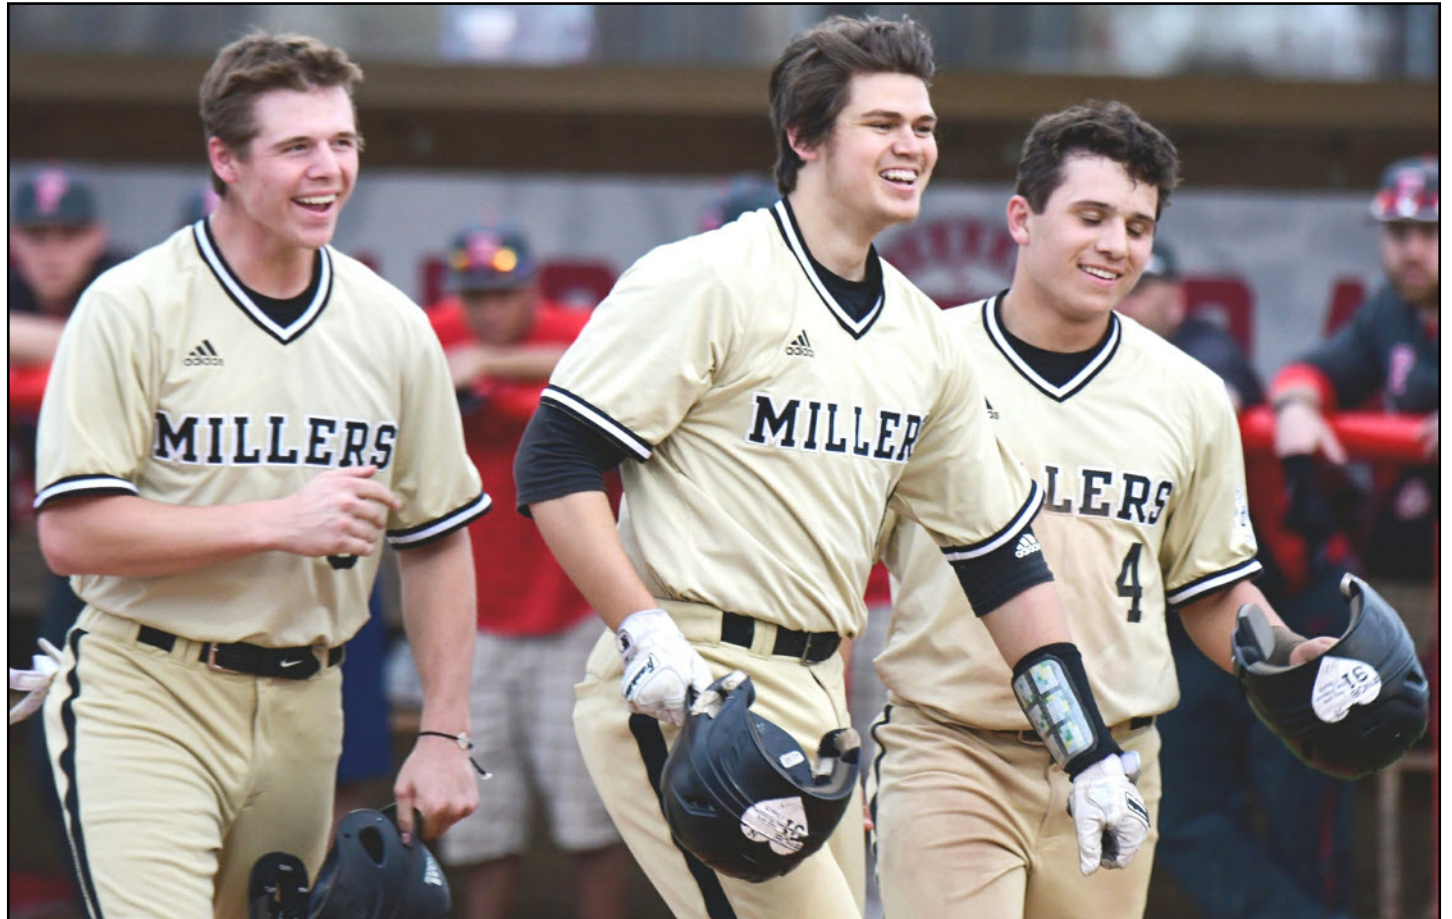

But Noblesville tied it up again in the top of the fourth. Matt Peek led off the inning with a double, then scored right away when Cade Nelis delivered a double of his own. Gruver drew a walk, then Ethan Imel came up and hit a left field homer, tying the game at 6-6.

The Millers added six more runs in the fifth inning. Cooper Miles and DJ Owens started the inning with back-to-back singles, and both were doubled home by Nelis, putting Noblesville in the lead for the first time. Nelis scored on a passed ball, then Lucas Williams doubled home Walden and Jackson Hancock. Williams scored when Cole Barnes reached on error.

The Tigers cut the Millers' lead to 12-9 with three runs in the fifth inning. Michael Hart scored when Charlie Walker drew a bases-loaded walk. Oliverio scored on Lukac's RBI fielder's choice, then Whetsel's RBI groundout got Jack Braun home.

Trailblazers open PAAC play with big victory

University opened Pioneer Conference play with a 17-3, five-inning victory over Muncie Burris Thursday at the Trailblazers' home field at RoundTripper Academy.

University got going early, scoring six runs in the first inning. That included an RBI double from Adam Oxley, and RBI singles by Ben Westerkamm, Tyler Galyean, Matt Moore and Ethan Johnson.

The Trailblazers added nine more runs in the third inning, with Alex Washlock smashing a three-run double into left field. Ben Ewer added a two-RBI single. University finished the game with two runs in the fourth, with Mitchell Price batting in both runs.

"You're always happy to get a win," said UHS coach Chris Estep. It was a good victory for the Trailblazers after they started with a 1-4-1 record, including a trip to Tennessee to play some of the top teams from around the Southern states.

"We have had very difficult games leading up to this, playing bigger schools," said Estep. The coach said doing so has "been phenomenal for our guys," as it has allowed the Trailblazers to see more difficult competition, making themselves better as a result.

"There's a difference," said Estep. "The more that we can play at higher levels, the better our team's going to be at tournament time."

Westerkamm, Ewer and Oxley all had

two hits. Nate Shatkowski pitched four innings for the win, striking out six and allowing only two hits.

University is now 2-4-1 for the season. The 'Blazers are next in action Monday, playing at Western Boone.

Shamrocks cruise past Bulldogs

Westfield scored early, in the middle and often during its 11-3 Hoosier Crossroads Conference win Thursday at Brownsburg.

The Shamrocks got runs in each of the first five innings, starting with three in the top of the first. Trey Anderson doubled in Jack Lawrence, Tyler Smitherman's base hit sent Anderson home, then Smitherman scored on an RBI groundout by Zach Collins.

Austin Wessel smacked a home run into center field in the second inning, and Bryce Dorton later singled home Payton Tamm, putting Westfield up 5-1. Wessel struck again in the third inning, with an RBI double to score Kyle Pepiot. Parker Bard bunted in Andy Manzur, then on the next at bat, Wessel scored on a wild pitch and Lawrence (who ran for Bard) scored on an error.

Dorton hit a lead-off home run in the fourth inning to get the 'Rocks up 10-1. In the fifth inning, Anderson hit a center field homer, making it three home runs for Westfield in the game.

"We had a really good night offensively," said Shamrocks coach Ryan Bunnell. "Austin Wessel, Trey Anderson and Bryce Dorton all had big nights for us." Bard got the pitching win, throwing three and two-thirds innings with five strikeouts against three hits. Eli Patchett worked two and two-thirds innings, striking out four.

"Parker Bard didn't have his best stuff tonight but he still found a way to be effective and limit some potent Brownsburg hitters," said Bunnell.

The coach said that as well as his team played, there was still "a lot of room for growth which is what is exciting about this team. If we continue to grow, we can develop into a pretty dangerous club."

Westfield is 3-0 in the conference and 4-1 overall. The Shamrocks host Brownsburg at 6 p.m. tonight to complete the HCC series.

Crail's home run lifts Blackhawks past Delphi

Sheridan won a wild, big-hitting game with Delphi Thursday at Biddle Park, as Katy Crail's seventh-inning home run lifted the Blackhawks to a 12-10 win.

Sheridan had to come from far behind to win, as it trailed 6-0 in the middle of the second inning. The 'Hawks got on the board in the bottom of that inning when Bre Bouse hit a sacrifice fly to get Jayden Warren home. Warren had led off the inning with a double.

The Oracles added a third-inning run to go up 7-1. But Sheridan's offense was starting to accelerate: Crail led off the third with a home run to left field. Later, Allie Delph got a base hit, then was sent home on a Caitlin Neese double to left field.

That brought the Blackhawks within 7-3. Sheridan would tie the game in the fourth inning: Taylor Bates, Crail and Riley Reed all hit singles to load the bases. That brought up Delph, and she hit an inside the park home run to left field, making the score 7-7.

Delphi took the lead back in the top of the fifth, scoring a pair of runs to make it 9-7. But the 'Hawks finally got in front in the bottom of the inning. Reed hit a single into center field, which sent Warren and Kayla Beahrs home and tied the game again. Crail moved to third base, and she stole home to give Sheridan the lead.

The Oracles tied the game at 10-10 in the top of the sixth with a sacrifice fly, but

a double play ended the inning. There would be no more scoring until the bottom of the seventh, but it came fast. Bouse singled on to base, then Beahrs came in to run for her. Beahrs moved to second on Bates' sacrifice bunt. That brought up Crail, and her second homer of the day went into center field and gave Sheridan the win.

Warren finished the game 4-for-4, with Crail going 3-for-4. Reed, Delph, Addyson Ream, Neese and Bouse all had two hits, including a sixth-inning double for Ream. In addition, Ream pitched a complete game, striking out seven.

Sheridan is 1-1 and next plays Tuesday at Rossville.
