Luke & Sally Kenley named Noblesville Fourth of July Parade grand marshals

The REPORTER

Mayor John Ditslear has announced that former State Sen. Luke and Sally Kenley will serve as the grand marshals for the 2019 Noblesville Fourth of July Parade presented by Gaylor Electric.

"Sally and I are thrilled to serve as grand marshals," Luke said. "We love Noblesville and its people. It maintains a special charm with its blend of new and old, and it was one of the best decisions of our life to move back. It wasn't much of a decision, since it was the only place Sally wanted to live."

Luke and Sally Kenley graduated from Noblesville High School in 1963. They grew up one block apart on Maple Avenue, and attended Conner School, junior high and high school together. Sally was a cheerleader and Luke was senior class president and a captain of the football team.

Sally went to Butler University and graduated

with a degree in elementary education in 1967. Luke graduated from Miami of Ohio with a degree in economics the same year. They got married Aug. 5, 1967 at the Presbyterian Church at 12th and Conner streets. After college, they moved to Cambridge, Mass., where Luke entered Harvard Law School and Sally taught school in Cambridge. After two years, Luke volunteered for the U.S. Army in 1969, where he served for three years and was discharged as a First Lieutenant.

After graduating from Harvard Law School in 1971, the couple returned to Noblesville. After working two years in an Indianapolis law firm, Luke joined his father, Howard, at Kenley's Supermarket. In what was considered a transitional job, Luke stayed 25 years and helped build the business from one store to two, with almost 200 employees.

Sally helped establish

See Parade . . . Page 3

The purpose of the new counters is give the City data on how and when the Monon Greenway is used.

Carmel installs new bicycle, pedestrian counter on Monon

The REPORTER

Bicyclists and pedestrians on the Monon Greenway may be wondering about a new display near the "First Ride" sculpture, located just south of Main Street. The City of Carmel has installed a bicycle and pedestrian counter with a real-time display tracking the number of bikes and pedestrians crossing its path.

The counter will keep track and display daily counts along with a running total for the year, which is a great way to show visitors

and trail users how many people are enjoying Carmel's new and expanded section of the Monon Greenway. The City also hope it encourages more people to experience positive benefits of joining their friends and neighbors in taking advantage of investments in trails.

"We have invested a great deal in creating routes for pedestrians and bicyclists to safely travel around Carmel and we appreciate the enthusiasm for our more than 200 miles of paths and trails in the city. It is reward-

ing to see how many are using the trails in the heart of our community," said Mayor Jim Brainard.

City Councilman Ron Carter, an early advocate for bicycling in Carmel, added, "It is great seeing this increase in the use of the Monon Greenway since its opening in October of 2001. It has grown into one of our city's finest assets and has more than 300,000 users each year. It has clearly become a travel route for many accessing our shops, restaurants and entertainment venues, as well

as commuters to work."

This display is one of four counters along the Monon to help the City better understand how and when the Monon is being used. The data produced by these counters is also used to determine future actions to help alleviate congestion and plan for future improvements. While the other counters are not equipped with displays, they also supply the City with this valuable information to track the Monon's use throughout the year.

Levinson utility relocation begins, east-west alley to close Monday

The REPORTER

Utility relocation work began this week on the sidewalks surrounding the Levinson construction site in downtown Noblesville.

Starting next week, there will be a staggered closure of the east-west alley to vehicles and pedestrians from June 10 to 17 to

continue utility relocation work and to construct the overhead protection walkway - working from Eighth Street to Ninth Street. The alley should open up again to pedestrians by June 17, but will be closed to vehicles until construction is completed.

The closure is needed

to provide safe accessibility for pedestrians in the east-west alley and the south alley that connects to Conner Street. Police and fire will still have access to the alley if emergency or medical service is necessary. The city has converted a parking space on Ninth Street to 15-minute loading and un-

loading to help with the loss of the alley and converted another parking space on the east side of Ninth Street to be ADA-compliant.

"A project of this size in an urban environment is extremely challenging - and we appreciate every-

Noblesville man arrested Friday after driving 107 mph in construction zone

The REPORTER

A Noblesville man was arrested early Friday morning for Operating While Intoxicated after a trooper clocked the SUV he was driving at 107 mph as it entered an Interstate 69 construction zone in Madison County.

Trooper Blake Stephenson was sitting on I-69 around the 218 mile marker when just after 1 a.m. he saw an SUV approaching at a high rate of speed. Stephenson clocked the vehicle at 107 mph in the 70 mph zone just before entering a reduced speed construction zone at the 219 mile marker.

Stephenson was able to catch up to the vehicle as it entered the construction zone at a high rate of speed and got it stopped around the 220 mile marker. After speaking with the driver, Matthew McClure, 37, Noblesville, Stephenson found

that the man had missed his exit at Noblesville and had continued driving north. Stephenson also suspected the driver might be intoxicated.

Further investigation by Stephenson found that McClure had been operating his vehicle with a blood alcohol content more than twice the legal limit of 0.08 percent. McClure was taken into custody and charged with Operating While Intoxicated Endangering with a B.A.C. of 0.15 percent or higher, and Reckless Driving. He was lodged in the Madison County jail.

Motorists are encouraged to report suspected impaired drivers by calling 9-1-1. Give a vehicle description, location and direction of travel. Never follow an impaired driver.

All suspects are presumed innocent until proven guilty in a court of law.

from Page 1

one's patience as construction has gotten underway," said Noblesville Deputy Mayor Steve Cooke. "The city and Rebar Development are working with affected businesses regarding the closure and ways to mitigate the impact on their businesses during construction. In addition, the construction team will be providing assistance with trash service by providing a dumpster for businesses along the alley."

Two street closure items will be presented to the Noblesville Board of Works and Public Safety at its next meeting on Tuesday, June 11. While these closures have not been approved yet, the city wants to share the potential closure information with the public:

Ninth Street closure

This closure is necessary to expand the sewer under the street so that ser-

vice for existing businesses and residents is not impacted by the new residents and businesses.

Work is expected to take two weeks and will occur in mid-June through the end of the month. Ninth Street will be closed between Conner Street and Maple Avenue. There may be short periods of limited access along the sidewalk on the east side of Ninth Street when work is taking place across the alley. The city will create a temporary 15-minute parking space on Conner Street near the south alley to allow for deliveries and quick stops.

The construction team anticipates this to be only full closure of Ninth Street during construction.

Maple Avenue closure

This will be a full closure throughout construction to the public. By closing Maple Avenue, this allows

Eighth and Ninth streets to remain open during construction. This closure affects only three on-street parking spaces on the south side of Maple Avenue. The public is asked to use Cherry Street as a detour.

"During the closure, the north lane will be designated for construction equipment and vehicles. The south lane will only be used by public safety vehicles," said Cooke. "The city wants to reassure the public that this closure will not affect the Noblesville Fire Department's ability to respond to calls for service."

The public is invited to follow Noblesville NOW on Facebook and Twitter to stay informed about this and other projects, or visit NoblesvilleNOW.com for the latest version of the downtown parking map that better identifies available parking during construction of the Levinson.

Advocating for Victims of Crime and Abuse

www.prevailinc.com

I was born and raised right here in Noblesville. I grew up in a home without domestic violence or assault - it wasn't something I saw, or even heard about. But when I was introduced to Prevail of Central Indiana, I was shocked by the number of individuals who are affected by domestic violence. In 2018 alone, Prevail helped more than 4,000 clients in Hamilton County. (Nearly 80 percent of clients are women and children.) Prevail is strictly confidential, and since their core values include integrity and respect, they provide their services at no charge. Domestic violence and abuse are hard topics to discuss, so you don't often hear about them. But at Tom Wood Volkswagen in Noblesville, we're breaking the taboo and raising awareness for Prevail, an organization that helps families in Hamilton County. - Mike Bragg, GM of Tom Wood Volkswagen in Noblesville

To help Hamilton County families affected by domestic violence and sexual abuse, you can donate the following items:

- Art supplies (for children to journal and express their emotions)
- Bottled water (8 oz. bottles, preferably)
- Individually packaged snacks
- Gas cards (many women have no access to funds after fleeing their abuser)

You can drop off items at Tom Wood Volkswagen in Noblesville, located at 14701 Tom Wood Way. You can also donate directly to Prevail of Central Indiana by visiting Prevailinc.org.

Prevail: Susan Ferguson (Executive Director); Esther Lakes (President of the Board); Michelle Corrao (Assistant Director); Tom Wood Noblesville: Mike Bragg (General Manager)

Fishers seeks artists for new murals

The REPORTER

Thompson Thrift Retail Group (TTRG), on behalf of Fishers District, the Fishers Arts and Cultural Commission, and Nickel Plate Arts, is soliciting artist proposals for four prominent outdoor wall murals to be installed at the new Fishers District located on 116th Street and IKEA Way near IKEA and Topgolf. Artists may propose designs for one or more of these murals.

The murals are intended to be representative of Fishers and should embrace the city's "Smart | Vibrant | Entrepreneurial" spirit. The goal is to create murals that offer an "Instagramable" moment for the residents and visitors to Fishers District.

The mural(s) must fit within the confines of the walls (site plans, renderings and wall dimensions are included on page 5 of the document you can view [at this link](#)). All mediums will be considered – paint, printed applique, dimensional and other – pending the approval of the Developer and City of Fishers. Application must be durable and withstand inclement weather for up to five years.

Eligibility requirements

- To qualify, artists must:
- Be 18 years of age or older and live in

the United States.

- Have previously created public art, large-scale works, or exterior projects on their own or as part of an artist team.
- Carry personal liability insurance for the duration of the project. (Nickel Plate Arts can provide a referral to an insurance provider if needed.)
- Be willing to meet all contractual obligations and adhere to the strict timeline and budget.

Selection process

Applications must be submitted by Friday, June 21 to Lori Wick, 111 Monument Circle, Suite 1600, Indianapolis, IN 46204, following the guidelines provided below.

Proposals will be reviewed by a committee made up of representatives of TTRG, City of Fishers, Fishers Arts and Cultural Commission, and Nickel Plate Arts. This committee will select up to five finalists to interview about their qualifications. Finalists will have at least one week to prepare for their interview and must bring a resume and a simple concept sketch of their idea to the interview and be prepared to discuss their qualifications and ideas.

Selection criteria

Artists will be selected based upon the

following criteria:

- Work of the highest caliber and effective execution.
- Demonstrate a mastery of creating large public art pieces.
- Experience working within program guidelines.
- Ability to complete work within a specified time frame and budget.
- Artistic style that will create visual impact on pedestrian and vehicular traffic.
- Demonstrated ability to effectively and evocatively incorporate the themes and concepts requested.
- Special consideration will be given to artists with a close tie to Fishers and Hamilton County.

Budget

The budget for this artwork will be up to \$10,000 per mural (a minimum of four locations available). The artist is expected to budget for all costs associated with the design, necessary fabrication and installation of the art. This should also include all supplies, shipping, equipment for install and travel and lodging if required. Partners involved with this project may be able to provide additional assistance in locating and obtaining materials or equipment.

Project timeline

- Proposal submissions due: June 21
- Committee reviews proposals: June 24 to 28
- Possible finalists interviews: July 1 to 9
- Winner(s) Announced: on or before July 12
- Design development: July 12 to Aug. 2
- Design review: Aug. 3 to 9
- Final Design approval by partners: by Aug. 11
- Fabrication/Preparation: Aug. 8 to 30
- Installation: Aug. 8 to Sept. 27 (dependent upon weather and final construction details)

Submission process

Click [here](#) and go to page 4 of the document to view the form. To apply, please fill out the form and email it to lwick@thompsonthrift.com, or mail it to Lori Wick, Thompson Thrift Retail Group, 111 Monument Circle, Ste. 1600, Indianapolis, IN 46204.

Submissions must be complete and must arrive by June 21 to be eligible. Please note that this is not a postmark deadline.

Submissions must include:

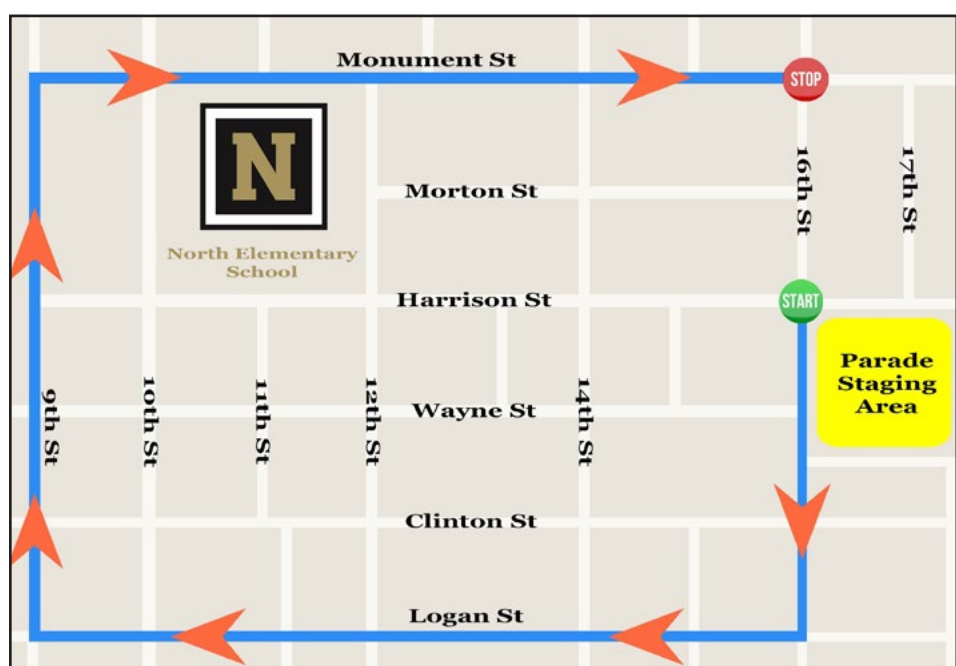

- The attached application form
- A Statement of Interest (no longer than one page) in which you highlight:
- Your interest in this project
- Your professional qualifications
- Your concept for this project
- A Concept sketch or other visual representation of your ideas for the piece
- Current Resume or CV (no longer than three pages)
- Work Samples: Each artist may submit one CD or one binder of work samples. Binders may contain no more than eight pages. Submit examples of sculpture that best represent your experience, style and ability. In addition, you may also submit images of any other work (large scale or otherwise) that best represents your work over the past five years. Please include a documentor labels that provides details about your work samples. If possible, submit in-progress photos along with images of the completed sculpture.

Following the artists' progress

Thompson Thrift Retail Group is excited to sponsor the mural project at Fishers District and will be scheduling media events to cover the announcement of the artists selected for each mural as well as an unveiling event upon completion. Additional detail will be provided to each artist following the selection process.

PARADE

the strings program and orchestra at Noblesville High School, was a member of the Hamilton County Art Association and was admitted to the Hoosier Art Salon through a competitive selection. She also was one of the founders of the Stephen Ministry Program at First United Methodist Church, where she has been a member since her birth.

Luke served as Noblesville City Court Judge from 1974 to 89 and has served on the Noblesville Boys & Girls Club Board of Directors since 1978. In 1992, Luke began serving in the Indiana Senate – a career that lasted 25 years until he decided to retire in 2017.

The Kenleys have three children: Bill Kenley (sons, Ray and Leo); John Kenley (wife, Kelly; and twin sons, Miles and Lucas); and Betsy Kilroy (husband, Tom; daughter, Edith; and son, Thomas).

"Luke and Sally have deep roots in our community and their impact is felt not only in Noblesville but throughout the state," said Noblesville Mayor John Ditslear. "Luke was very instrumental in getting the Ivy Tech Campus in Noblesville and continues to

guide the Noblesville Boys & Girls Club Board – proving his dedication to that organization and the city."

This year's free festivities will take place on Thursday, July 4 with the theme of "Stars and Stripes Forever in Noblesville." The fun begins earlier this year with the parade starting at 2:30 p.m. The expanded free fireworks festival sponsored by IDI Composites follows from 4 to 10 p.m. with activities for kids, teens and adults, music, food vendors and more at Forest Park. At 10 p.m., the annual fireworks display will begin from the Forest Park Golf Course.

Those interested in participating in the 2019 Noblesville July 4th Parade have until Friday, June 28 to submit entry forms, which are available online at noblesvillefireworksfestival.com. The form may be submitted online, sent electronically to mhoffmeister@noblesville.in.us, or dropped off at Noblesville City Hall, 16 S. 10th St. Registration is \$20. The City of Noblesville is waiving the entry fee to all non-profits organizations that want to participate.

"The nonprofit change

is to increase the number of participants and help local groups raise awareness about their worthy organizations in a very fun way," said July 4th Planning Committee Co-Chairman Mike Hoffmeister. "We're also encouraging sports teams and school organizations to participate with the discount. The parade celebrates Noblesville along with our country, so our goal is to make it as community-focused as possible."

While the times have changed, the parade route remains the same. It will begin at the corner of 16th and Harrison streets and will travel south on 16th to Logan Street; west on Logan to Ninth Street; north on Ninth to Monument Street; and east on Monument to 16th Street where it will end. Due to safety concerns, nothing may be thrown from any parade vehicle including candy.

More information about the upcoming Fourth of July festivities will be announced soon. For more information about sponsoring or donating to the holiday activities, contact Robert Herrington at 317-776-6324.

Tools are great for Father's Day – and for investors

If you're a dad, you may well be pleased to unwrap some tools as Father's Day gifts. Of course, it might be a stereotype that all men are handy at repairs; women certainly can be every bit as good when it comes to building and fixing things.

In fact, the construction process is valuable for anyone to learn – and the same skills that go in to creating and mending physical objects also can be applied to financial projects – such as working toward a comfortable retirement.

Here are a few of those skills:

Diagnosing the challenge

A good craftsperson knows that the first step toward accomplishing any outcome is to assess the challenge.

So, for example, if you want to build some bookshelves right into the wall, you'll need to locate the wall studs, determine if you have adequate space for the shelving you want and allow room for future expansion.

Similarly, if you want to retire at a certain age, you need to consider the key variables: Your current and future income (How

COREY SYLVESTER
Cicero Edward Jones

much can you count on from your retirement plans?), where you'll live (Will you downsize or relocate? Will you rent or own a house or condominium?) And what you'll do as a retiree (Will you travel extensively or stick close to home? Will you do some type of work for pay or pursue your hobbies and volunteer?).

Assembling the right tools and materials

To put together your bookshelf, you will need the right tools – saw, hammer, drill, sander and so on – and the right building materials – plywood, nails, screws, glue, brackets, moldings and so on. And to work toward a comfortable retirement, you'll also need the right tool – in the form of a long-term financial strategy, based on your specific retirement goals, risk tolerance and time horizon – along with the appropriate materials – the mix of investments you use to carry out that strategy.

These investments include those you've placed in your IRA, your 401(k) or other employer-sponsored retirement plan, and those held outside your formal retirement accounts. Ideally, you want

a diversified mix of investments capable of providing growth potential over time, within the context of your individual risk tolerance.

Review your work

Once you've finished your bookshelf, you occasionally may need to make some minor adjustments or repairs in response to slippage, cracks or other issues that can develop over time. As an investor, you also may need to tweak your financial strategy periodically and adjust your investment mix – not necessarily because something is broken, but to accommodate changes in your life, such as a new job, new family situation and new goals.

Furthermore, over time, your risk tolerance may change, and this needs to be reflected in your array of investments. Consequently, conducting an annual portfolio review with your financial professional should be a priority.

Tools are a big deal on Father's Day. But the construction-related tasks they represent, physically and symbolically, go beyond any one holiday and can be used by anyone interested in working toward a solid financial future.

This article was written by Edward Jones for use by your local Edward Jones Financial Advisor.

DNR seeks public input on historic preservation

The REPORTER

The DNR Division of Historic Preservation & Archaeology (DHPA) is conducting an **online survey** to gather public input regarding upcoming projects and initiatives.

Indiana's Cultural Resources Management Plan is a comprehensive state plan that guides local preservationists, DNR staff and everyday citizens in their efforts to preserve

Indiana's wide variety of heritage resources, such as historic downtowns and neighborhoods, bridges, cemeteries, schools, round barns, theaters, rural communities and landscapes, and archaeological sites. DHPA is currently revising its plan for 2020 to 2026.

Feedback from constituents helps ensure that DHPA's preservation programs, commitment of staff resources, and expenditure

of federal funds are responsive to the needs of communities all across Indiana.

Click here to access the survey online. Those without Internet access can connect to the survey at any public library, or they can request that a paper copy be mailed to them by calling Steve Kennedy at 317-232-6981. Completed survey forms must be returned to the DHPA by June 30.

AG Curtis Hill defends Indiana law prohibiting abortion based on unborn child's race, sex or disability

The REPORTER

Indiana Attorney General Curtis Hill has written an op-ed defending an Indiana law prohibiting abortion based on an unborn child's race, sex or disability.

"There is no escaping the hard truth that permitting abortion of the disabled not only denies equal human

worth but also gradually eliminates the disabled from society," Hill writes. "Iceland has reached a nearly 100 percent elimination rate for babies with Down syndrome, and the United States and other developed countries are not far behind."

The op-ed appeared Thursday at FoxNews.com.

TODAY'S BIBLE READING

Then let them which are in Judaea flee to the mountains; and let them which are in the midst of it depart out; and let not them that are in the countries enter thereinto. For these be the days of vengeance, that all things which are written may be fulfilled. But woe unto them that are with child, and to them that give suck, in those days! for there shall be great distress in the land, and wrath upon this people. And they shall fall by the edge of the sword, and shall be led away captive into all nations: and Jerusalem shall be trodden down of the Gentiles, until the times of the Gentiles be fulfilled. And there shall be signs in the sun, and in the moon, and in the stars; and upon the earth distress of nations, with perplexity; the sea and the waves roaring; Men's hearts failing them for fear, and for looking after those things which are coming on the earth: for the powers of heaven shall be shaken.

Luke 21:21-26 (KJV)

Juanita Lynn West November 9, 1951 – June 4, 2019

Juanita Lynn West, 67, Kirklin, passed away on Tuesday afternoon, June 4, 2019 surrounded by her loving family at St. Vincent 86th Street Hospital in Indianapolis. She was born in Lebanon on November 9, 1951 and was a 1970 graduate of Sheridan High School. She later earned her associate's degree from Indiana Business College.

Juanita's first job after getting married was with the Indiana State Board of Health. She stayed with them for a few years, but she never liked how much time it took away from her family. When the time was right, she left her job with the state and dedicated her time to raising her family. As far as Juanita was concerned, it was the best career move she could ever make. She took advantage of every moment she was able to spend with her growing family. Juanita cleaned houses for many of the farm families around their area to earn a little extra spending money. When she felt the kids were old enough, Juanita went to work for Indiana Farmer's Insurance and retired from the company after many years as their jack of all trades.

Taking care of people was second nature to Juanita. In addition to raising her family, she was constantly checking in on her neighbors, not to mention feeding almost every bird that came near her property. It didn't stop with the birds either - she was in charge of feeding the whole family. She seemed to be able to do it all, from cooking, to baking (especially her famous butterhorns), to kicking everyone else off the grill and appointing herself the family grill master. Taking care of everyone didn't stop at home - Juanita was blessed to be able to spend 12 years as a teacher's aide at Clinton Central Elementary School.

Juanita had a knack for sewing, especially on her old black Singer machine. She also enjoyed working outdoors in her garden and reading whenever she had the chance. Juanita was a dedicated IU basketball and Indianapolis Colts fan, even during the lean years. She was also a faithful listener to the American Family radio program, not to mention being a Fox News super fan. If you could be awarded that title, Juanita would have been the person to beat.

Juanita is survived by the love of her life, Phillip Ragan West. She and Phillip were married on September 10, 1971. Also surviving are her mother, Betty Jane (Mossburg) Eglar; her son, Brant Ragan West (Paige), Lebanon; two daughters, Michelle Lynn Ramsey (Brett), Reynolds, Ind., and Mindi Lee Cheek (Travis), Frankfort; 11 grandchildren, Braedon Ramsey, Broderick Ramsey, Arianna Ramsey, Kyleigh Bolinger, Hayley Bolinger, Brayden Bolinger, Trace Cheek, Raigan Cheek, Kynlee Cheek, Trenton Cheek and Lauren West; and by her brother, Gerald "Butch" Kirby, Ekin.

She was preceded in death by her father; one brother, Ronald Kirby, Ekin; and by her granddaughter, Morgan West. Services will be held at 7 p.m. on Sunday, June 9, 2019 at Kercheval Funeral Home, 306 E. 10th St., Sheridan, with visitation from 4 p.m. until the time of service.

Fishers win boys volleyball state championship

By RICHIE HALL
Everything came together for the Fishers boys volleyball team this season.

The Tigers had all the pieces for a post-season run, and were willing to do the work. They were rewarded with a state championship, which took place in May at Franklin Community High School.

While Fishers won its state title just a few weeks ago, head coach Carlos Capó knew about his team's potential towards the end of last season.

"We only had three seniors in our varsity team last year, with only one being a starter," said Capó. "We finished sixth, but beat multiple teams ranked higher than us. For example, we beat Cathedral three times last year, with no losses, and they were ranked No. 1 going into the state tourney and finished state runner-up.

"All of my returning starters plus most of my non-starters play winter travel club," said Capó. "When you look at our state tourney roster, only four players didn't play winter travel club. They played in very competitive teams that played in big tournaments, including Chicago and St. Louis. So I knew the boys were putting in the needed effort in the off-season to be even better than last year. I knew we had all the pieces for a state tournament deep run, but it wasn't until the season got underway and within the first two weeks, we had already played teams ranked second through fifth in the state and beat each of them in a convincing manner."

A key match for Fishers was a big win over Roncalli on March 14. It was the first time in the five-year history of the team that the Tigers had beaten the Rebels, and Capó called it the most memorable moment of the season outside of the state tournament.

"For the past four years, we hadn't been able to even win a single set in any previous matches," said Capó. "By year four, we had beaten all power house teams at least once. This was our one monkey on our backs. To add a bit more color, the past two state finalists weekends (2017 and 2018) we were matched up against Roncalli both years in the quarterfinals. Losing in three straight sets each time."

Once it was in the post-season, Fishers cruised through, winning five matches

Photo provided

The Fishers boys volleyball team finished an outstanding season by winning the state championship in May. The Tigers went 40-2 for the season, including a 36-0 record against Indiana teams. Fishers won all five of its post-season matches in straight sets, beating Roncalli in the state title match.

without dropping a set. In the regionals, the Tigers defeated Columbus East 25-5, 25-13, 25-16 in the semi-finals, then beat Cardinal Ritter 25-17, 25-11, 25-17 to win the championship.

At the state tournament, Fishers took care of Zionsville in the quarter-finals 25-12, 25-17, 25-11. The Tigers then beat Carmel 25-23, 26-24, 25-18 in the semi-finals, and won the state title by defeating their old nemesis Roncalli 25-18, 25-19, 25-13.

Capó said his team was solid "in all aspects of the game." Fishers definitely was dominant on offense, as it had the top two kill leaders in the state: Senior Mario Capó put down 344 kills, while his classmate Parker Beale hit 321 kills. Both were outside hitters for the Tigers.

"Our middles and right side also did a very solid job hitting, so teams couldn't just concentrate on blocking the outside hitters," said Carlos Capó.

That included senior middle blocker Logan Krehibel, whose hitting percentage of .414 placed him fifth in the state. Krehibel and senior Luke Moritz finished the season second and third respectively in blocking, with 93 and 82.

"While a high percentage of sets went to the outside hitters, in the state championship match, our hitting was solid, but our blocking was unbelievable," said Capó. "We finished the match with 11 total blocks."

Fishers' defense was also solid. Sophomore libero Franky Capó was fifth in the state in total digs, collecting 304. Senior setter Jordan Guler finished second in the

state in assists, totaling 901.

"Another aspect of our game that was solid was executing when out of system," said Carlos Capó. "Franky did an outstanding job setting the ball when Jordan took the first pass. I was complemented by other coaches stating that we were by far the best team in out of system situations."

Fishers finished the season undefeated against Indiana teams at 36-0. The Tigers' overall record was 40-2, with their only losses to Louisville St. Xavier.

"A very strong team that we competed well against the two times we played them," said Capó. "They won the Kentucky boys high school championship again this year. We beat other teams from Louisville and Chicago area."

Clarification

The Hamilton Southeastern baseball team is making its fifth appearance in the semi-state.

The Royals qualified for the semi-state in 1988, 1993, 1998 and 2004, in addition to this year.

An article in Friday's Reporter was trying to communicate that this was the first time Southeastern had been among the last four baseball teams in the tournament. It is actually the second time, as the Royals were among the last four teams in 1998. The format then is the same as it is now, where two teams play each other in the north and south semi-states. The winners advance to the state finals.

Southeastern reached the semi-state championship game in 1988 and 1993, placing it among the last eight teams, as semi-state winners qualified for what was then the four-team state finals. In 2004, four teams played in each semi-state, with two teams advancing to the state finals.

Sheridan Horseshoe League hosts its first open tournament

The Sheridan Horseshoe league had its first tournament of the season on Sunday and had welcomed pitchers from central and northern Indiana.

Dan Myers of Kokomo came in and immediately made his presence known pitching a game of 130. Fellow league member Jeff Ogle was right behind him with a 126 and after the second round Jeff had pulled ahead into first place, Dan fell to second, and Mitch Dwiggins pulled into third. From there Dan Myers of Kokomo found his rhythm and held onto first place, Jeff Ogle of Noblesville finished second, Susan Dwiggins of Westfield finished third, and Mike Milcoff of Noblesville finished fourth.

That Tuesday the league started week 2 and Greg Emery along with fellow team members Rick Downs, Chuck and Dennis Sutton push their team in first place with 9 wins. JBS United moved into second place with 7 wins. Price Heating fell into third place with 3 wins from the night. Deem Electric stayed in fourth place with the help of team members Don Dwiggins and Michael Milcoff. Carey on Main's Genia Emery took first place in her team standings after the night and Phil Kercheval, captain of Traditional Concepts, took first in his team standing.

Fever run past Wings, improve to 3-1 for the season

The Indiana Fever improved to 3-1 on the season with a 79-64 win over the Dallas Wings Friday at Bankers Life Fieldhouse.

After leading 8-6 early on, Indiana scored 14 of the final 20 points in the first quarter to take a 22-12 advantage into the second period. Four different Fever players scored at least four points in the opening 10 minutes.

The Fever opened the second half on an 11-5 run to build a 20-point lead midway through the third quarter. Dallas reeled off nine straight points as part of a 14-1 spurt to end the third quarter. The Wings cut a 22-point deficit down to seven early in the fourth quarter.

Natalie Achonwa scored 17 points and pulled down 11 rebounds, both season highs. She finished the game 6-of-10 from the field and knocked down all five of her free throw attempts.

Indiana outrebounded Dallas 39-32 and grabbed a season-high 29 defensive rebounds. It was the first time this season the Fever outrebounded their opponent.

The Fever went 20-of-21 at the free throw line, tying their season-high for made free throws. It was the team's highest free throw percentage in a game since going

11-of-11 against Seattle on Aug. 7, 2018.

The Fever assisted on 20 of their 28 made field goals in the win. Erica Wheeler, second in the WNBA in assists entering the game, led all players with nine assists to match her season high.

"It's obviously nice to pick up another win, and it's nice being led by Candice [Dupree] and Nat [Achonwa], our two vets," said Indiana coach Pokey Chatman. "And Wheeler stayed solid. We communicated well and stayed really connected throughout the game. That's a tribute to our veterans and everyone trusting each other. Overall, I'm happy."

Candice Dupree passed the 1,000-point mark as a member of the Fever with a jump shot in the second quarter. Dupree is the 13th Fever player ever to reach the plateau and the second player in WNBA history to score 1,000 points for three different teams (Phoenix, Chicago, Indiana).

Achonwa set a new career-high with five assists against the Wings. Achonwa also recorded the seventh double-double of her career with 17 points and 11 rebounds. Her previous six double-doubles all came in 2018.

Dupree notched the 67th double-double

of her career with a 14-point, 11-rebound performance. Achonwa and Dupree are the first Fever teammates to register double-doubles in the same game since they did so on May 20, 2018, at Washington. Every Indiana double-double since 2016 has been by Achonwa or Dupree.

Indiana shot 41.2 percent from the field while holding Dallas to 35.2 percent shoot-

ing. The Fever have shot a higher percentage than their opponent in all four of their games this season – compared to just five times in 34 games last season.

Indiana is 3-1 to start a season for the first time since winning four straight games to open the 2012 season. The Fever finished 2012 with a 22-12 record en route to winning the WNBA championship.
