# Fishers brothers arrested, allegedly plotted to sell automatic rifles to ISIS

**WISH-TV | wishtv.com**  
 A federal grand jury has indicted two Fishers brothers on charges of making and trying to provide firearms and other resources to the Islamic State of Iraq and Al-Sham (ISIS).

Moyad Dannon, 21, and Mahde Dannon, 20, were indicted last week according to a news release issued by the office of U.S. Attorney Josh Minkler with the Indianapolis district federal court.

The brothers have been detained by the U.S. Marshals Service without bond since May 15 while they await trial.

A statement from Grant Mendenhall, special agent in charge of

the FBI's Indianapolis Division, said, "This case is the first of its kind for the Federal Bureau of Investigation where you have individuals allegedly making guns to sell and/or send overseas to ISIS. This indictment paints a vivid picture of the rapid rise of homegrown violent extremism and the lengths people are willing to go to in their support of terrorist activity."

The indictment came after a months-long investigation by the FBI and Fishers police. It was not immediately known where the brothers made the firearms. Their Ashwood subdivision home is in the 10600 block of Summerwood Lane in Fishers. That's near the

intersection of East 131st Street and Promise Road.

In June 2018, Mahde Dannon hatched a scheme to deliver firearms, some that were stolen, to a convicted felon who was cooperating with the FBI. The indictment said Mahde at the time was awaiting trial on felony theft charges in Lake County.

Between July 2018 and December, the brothers sold a number of illegally obtained firearms to the felon. During the same time, the brothers also started to manufacture untraceable semiautomatic, .223-caliber rifles by buying and assembling unserialized firearms parts. The indictment called

the firearms "ghost guns" because they lack identification numbers, which makes the guns untraceable.

In late 2018, the brothers ap-

proached the convicted felon with a plan to make fully-automatic

.223-caliber rifles using the "ghost guns" process.

In February, the brothers built one fully-automatic rifle and gave it to the felon. A short time later, Moyad accompanied the felon to the southwest U.S. border to sell that rifle as well as other fully-automatic ones to a potential buyer who also was cooperating with

the FBI. Moyad learned that the buyer intended to ship the rifles to a location in the Middle East, where they would be used by ISIS, the indictment said. Eventually, the brothers agreed to make and sell at least 55 fully-automatic "ghost gun" rifles to the buyer with the knowledge the firearms would be sent to ISIS and its mem-

bers in the Middle East.

As part of that agreement, the brothers on May 15 sold five fully-automatic .223-caliber rifles in the "ghost gun" process to undercover FBI agents posing as employees of the buyer.

The charges against the brothers could result in a maximum of 30 years in prison.

## ACCIDENT

McAllister was crossing City Center Drive near Timber Creek Drive, which is not a designated crosswalk, when he was struck by the pickup truck. The investigation revealed that glare from the sun may have been a factor in the accident.

Carmel Police reported there is no indication at this

time to believe that alcohol or drugs played a part in the accident.

All lanes of City Center Drive were closed to traffic. The Carmel Police Department would like to thank motorists for their patience and understanding while the road was closed for investigation.

I was born and raised right here in Noblesville. I grew up in a home without domestic violence or assault - it wasn't something I saw, or even heard about. But when I was introduced to Prevail of Central Indiana, I was shocked by the number of individuals who are affected by domestic violence. In 2018 alone, Prevail helped more than 4,000 clients in Hamilton County. (Nearly 80 percent of clients are women and children.) Prevail is strictly confidential, and since their core values include integrity and respect, they provide their services at no charge. Domestic violence and abuse are hard topics to discuss, so you don't often hear about them. But at Tom Wood Volkswagen in Noblesville, we're breaking the taboo and raising awareness for Prevail, an organization that helps families in Hamilton County. - Mike Bragg, GM of Tom Wood Volkswagen in Noblesville

To help Hamilton County families affected by domestic violence and sexual abuse, you can donate the following items:

- Art supplies (for children to journal and express their emotions)
- Bottled water (8 oz. bottles, preferably)
- Individually packaged snacks
- Gas cards (many women have no access to funds after fleeing their abuser)

You can drop off items at Tom Wood Volkswagen in Noblesville, located at 14701 Tom Wood Way. You can also donate directly to Prevail of Central Indiana by visiting Prevailinc.org.

# Driveway goodbyes

My number one prayer involves counting my blessings. It's important to be grateful for everything the Lord has given us, and I try to thank Him every day.

AMY SHANKLAND  
Sandwiched

Family is at the top of my list. I start with my sons and husband. I then thank God, in no particular order, for the family that I married into, the family that raised me, and the family that helped to raise me.

That last category may sound strange, but as we all know, it truly takes a village to raise someone. My village consisted of my mother, father, grandparents, and older siblings. It also included my Heintzberger family, the one my sister Vicky married into.

The Heintzbergers have been in my life since I was a toddler. They lived on Broadway just a few blocks from my house in Mishawaka. Chuck and Dorothy were truly like my grandparents. Their son Mike became my brother-in-law when I was five and I grew up playing with his youngest brother, John.

Chuck and Dorothy had a cottage on Lake of the Woods in Bremen, just 20 minutes from South Bend. My family and I would go there often every summer along with Mike and Vicky and their children, Brian and Melissa, who are so close in age to me that they're more like my siblings. I would get in the water every morning and barely get out until almost sunset. My skin was "pruny" and often sunburnt.

The cottage turned into Chuck and Dorothy's year-round residence in the mid 80s, around the same time I learned to water-ski. To this day, the sounds of speedboats on a lake take me back to my childhood and are soothing to my soul.

Whenever we left the lake after a day of fun, delicious food (corn on the grill at Lake of the Woods tastes

better than anywhere else!) and sun, Chuck and Dorothy always stood in their driveway to wave goodbye. It was a comforting sight.

Fast forward to me having my own kids and the

visits to Lake of the Woods dwindling thanks to moving to Central Indiana. Mom didn't visit as often either but still enjoyed coming down once or twice a year when we made it there for different celebrations. I still remember her chatting for hours with Dorothy, whom she adored.

I decided to write a letter to Chuck and Dorothy in 2010 to let them know how much they meant to me. And when they passed away a few years ago, I was so glad I took the time to write and send it.

My sons and I just spent a couple of days at Lake of the Woods for the holiday weekend. While the cottage was overflowing with people Saturday, last Friday we just enjoyed some time with Mike, who lives there now. We only see him once a year now, as he and Vicky divorced years ago.

We were lucky to have enjoyed an afternoon and evening of fun, but the skies finally spewed raindrops, so we retreated to our car at sunset. Mike sat on the back porch while we fiddled with the navigation in the car to figure out how to get to our hotel. Since I wasn't used to my husband's Ford Fusion hybrid, it took us a longer than expected. To my surprise, Mike still sat there.

Then it hit me why he was staying. He couldn't do the traditional driveway goodbye without getting soaked, but he was pretty darn close. My throat constricted and decades of memories flooded my heart. I thanked God once again for the family that helped raise me and hoped that we will still have many more years together.

Letter to the Editor

## Shaffer not optimistic about future of Carmel

Dear Editor:  
Happy Mid-Year, 2019!

As we pass the midpoint of the 19th year of the 21st century, folks in Carmel have little to celebrate.

Since Jan. 1, Carmel's debt has increased \$35.5 million – \$195,000 per day. Thirty million dollars of the increase came in the form of borrowing for the Hotel Carmichael and other non-essentials.

Meanwhile, flooded streets and basements caused by inadequate storm sewer infrastructure, cracked and crumbling sidewalks and pavement all over town, dangerous roundabouts of which 124 in place have not reduced accident rates one iota, and ample money borrowed without consent of the governed for such things as:

- A \$584,500 video wall on the Monon path, nearby a \$125,000 bocce ball court and two \$12,000 ping-pong tables;
- A severely constricted Range Line Road from Carmel Drive to City Center Drive,
- And, disclosure of the dire need for \$73 million-plus for water and sewer capacity upgrades to serve adequately the high-density congestion being built between Range Line and the Monon.

After the slimiest mayoral campaign in recent history, the mayor and puppet council members seem destined for re-election by the 15-20 percent of eligible voters who actually show up and vote.

Fasten your seat belts. Turbulence ahead.

**TODAY'S BIBLE READING**

*And they which were sent were of the Pharisees. And they asked him, and said unto him, Why baptizest thou then, if thou be not that Christ, nor Elias, neither that prophet? John answered them, saying, I baptize with water: but there standeth one among you, whom ye know not; He it is, who coming after me is preferred before me, whose shoe's latchet I am not worthy to unloose. These things were done in Bethabara beyond Jordan, where John was baptizing.*

## State Parks Draw Hunt applications open Monday

**The REPORTER**

Hunters can apply online for State Parks Deer Management Draw Hunts beginning July 15 by visiting [on.IN.gov/reservedhunt](http://on.IN.gov/reservedhunt). Applications are only available online and close Aug. 26.

The first State Park hunt was held in 1993 as an effort to mitigate damage to vegetation and unique habitat by an overpopulation of white-tailed deer in Brown County State Park. Multiple parks have hosted deer management hunts annually since 1995.

The decision to start deer management at individual parks has been based on scientific vegetation monitoring. Decisions to continue deer management at individual parks are made annually using harvest data and consideration of occurrences of rare, threatened and endangered flora that could be affected by excessive browsing by deer.

Applicants must possess any valid license to take a deer in Indiana at the time of the application, excluding an apprentice license, and must be Indiana residents who will be 18 years of age by the date of the first hunt. Once

an application has been submitted, information cannot be changed. Applications must be completed by the application deadline.

Primary applicants can apply by themselves or with up to two secondary applicants (buddies). Primary applicants must apply with their buddies' information on their application in order for them to participate, including their buddies' deer license number(s) and date(s) of birth.

Buddies must still meet all age, residency and licensing requirements of the State Parks Deer Management Hunts. Each applicant may appear on only one application per hunt period.

Firearm hunts allow applicants to use any legal firearm to take deer on public land in Indiana. Archery hunts allow applications to use any legal archery equipment to take deer in Indiana, including crossbows.

Hunters will be selected through a randomized computer drawing. A link to view drawing results will be posted at [on.IN.gov/reservedhunt](http://on.IN.gov/reservedhunt) by Aug. 30.

2019 State Parks Deer Management Draw Hunt properties include:

- Chain O' Lakes State Park

## Enchanted Forest Swim Meet begins today

The Noblesville Swim Club's annual Enchanted Forest Swim Meet begins today at the Forest Park Aquatic Center, and it looks to be the biggest meet ever in the event's history.

"We currently have 962 swimmers for the meet," said meet director Chris Berger.

Those swimmers will be divided up among 30 teams, as well as a few unattached swimmers. The majority of teams are from Indiana, with one notable exception: Pickering, a swim club from the Toronto area, will be making its way from Canada to the Hoosier state.

In addition to Noblesville, four other county swim clubs will have swimmers there, including Southeastern Swim Club, Fishers Area Swimming Tigers, Westfield Aquatics, and Power Aquatics, which represents the Hamilton Heights area.

"I think our swimmers, our athletes are pretty excited and I hope that the visiting teams are excited, too," said Berger. He and the other meet volunteers were busy Thursday evening setting up for the meet.

There will be two sessions today. Session 1 starts at noon and will feature the 400 individual medley and the 400 freestyle events. These races will be contested by age groups 13-14 and in the "Open" group, which usually means ages 15 and up. Gates open at 10 a.m.

Session 2 begins at 5 p.m. The 10 and Under and 11-12 age groups will race in the 200 free and the 200 IM; then the session concludes with the Open 1500 freestyle.

Admission is \$6 for a single-day pass, or \$15 for the whole weekend. Children ages 12 and under are admitted free. Concession stands will be open for breakfast, lunch and snacks. Limited seating is available, so spectators are welcome to bring their own chairs.

The schedule for both Saturday and Sunday is as follows: The morning sessions start at 7 a.m., the afternoon sessions begin at 12:45 p.m., and the finals are set for 5:30 p.m. Gates open at 5:45 a.m. both days.

During the weekend, the 13-14 and Open age groups will swim preliminaries in the morning and finals in the evening. The 10 and Under and 11-12 group will swim in the afternoon, with the 11-12 swimmers competing in prelims during that time. The 11-12 group will then swim finals in the evening. All 10 and under events will be timed finals.

Saturday events include the 200 free, 200 butterfly, 100 backstroke, 50 free and 200 breaststroke, with the younger ages (10 and under and 11-12) competing in

Sunday events include the 200 IM (for 13-14 and Open swimmers), 100 butterfly, 100 breaststroke, 100 free and 200 backstroke. The 10 and Under and 11-12 groups will swim the 50 butterfly, 50 breaststroke, 100 free and 100 backstroke.

Heat sheets will be available on the Meet Mobile app, the Noblesville Swim Club website, and the spectator viewing area. Results will be posted on Meet Mobile as well.

## IGF Boys State Junior Championship...

# County golfers sweep into all four semi-final spots

There will be one guarantee once the Indiana Golf Foundation's Boys State Junior Championship is finished today: The champion will have a Hamilton County connection.

Four local players have made it to the semi-finals of the annual event, which has been taking place this week at Purdue University's Kampen Course. All four advanced with Thursday wins in the third round, then in the quarter-finals.

Westfield's Alec Cesare is not yet in high school, but has already made a name for himself with his appearance in the semi-finals. Cesare beat South Bend's Alec Patterson in 21 holes to advance

to the quarter-finals, then had an easier time, beating Franklin's Damon Dickey 2 up.

Cesare will play Russiaville's Ty Gingerich in the semi-finals. Gingerich just graduated from Guerin Catholic, giving him a county connection. Gingerich beat Carmel's Shoji Fujita in another 21-hole third round match, then was a 2 up winner in the quarter-finals over Avon's Tyler Nickol. In the earlier third round match, Nickol beat Noblesville's Connor McNeely, an incoming sophomore at Guerin Catholic, 4 & 2.

Noblesville's Jacob Deakne, a quarter-finalist at this event last year, improved

upon that by making the semi-finals. The recent NHS graduate and Purdue-Fort Wayne commit defeated Sellersburg's Westin Allen 1 up in the third round, then staged a comeback over another Sellersburg golfer, Carter Smith, to win 3 & 2 in the quarter-finals. Smith had beaten Westfield's Drew Pickering 4 & 3 in the third round.

Deakne was 2 down after nine holes, but won four straight holes to take a 2 up lead. He then made birdies on the 15th and 16th holes to clinch the match. Deakne also made an eagle on the fourth hole during his quarter-final match.

Deakne will play Carmel's Nick

Dentino in the semi-finals. Dentino won a marathon third-round match over Tipton's Griffin Hare, prevailing in 23 holes. The IHSAA individual champion and incoming freshman at Purdue then beat Williamsport's Peyton Snoeberger in the quarter-finals 1 up. Dentino clinched the match by winning the 12th hole and held the lead from there.

The semi-finals begin at 8 a.m. today with the match between Cesare and Gingerich. Deakne and Dentino will then begin their match at 8:08 a.m. The championship match will begin shortly after the semi-finals are finished.

Founded in 1975, the Skip Barber Racing School (SBRS) is one of the largest racing instructional schools in the world and has provided on-track and classroom education for some of the greatest drivers in nearly all disciplines of North American and global motorsports.

Nearly one-third of the starters in the Indianapolis 500 presented by Gainbridge over the last 30 years are graduates of SBRS, including 2016 winner Alexander Rossi, Marco Andretti, Michael Andretti, Conor Daly, Bryan Herta, Colton Herta, Ryan Hunter-Reay, Spencer Pigot and many more.

"The Skip Barber Racing School and Indianapolis Motor Speedway both are leaders in their respective areas of global motorsports, so the arrival of the school this October to the Racing Capital of the World is a perfect fit," IMS President J. Douglas Boles said. "I can vouch for the quality of the instruction for new and experienced racers at the school, as I took a Skip Barber course early in my racing career. Every student will enjoy the iconic experience of crossing the Yard of Bricks and driving in the shadow of the IMS Pagoda while learning from the best instructors."

SBRS will offer One Day and Three Day Racing Schools and a Two-Day Advanced Race Licensing school each of 11 consecutive days on the 14-turn, 2.439-mile IMS road course. Instruction is available to individuals, as well as groups or corporate event attendees.

Registration and more information are available at [www.skipbarber.com/IMS](http://www.skipbarber.com/IMS).

"We couldn't be any happier than to provide the opportunity for participants to experience Indy at our school," SBRS CEO Anthony DeMonte said. "What an experience."

The One Day Racing School is the perfect program for the person new to

racing. This day-long experience allows the driver to experience SBRS' track-prepared school cars on the racetrack.

This school begins with an in-depth classroom session instructing about the racing line and vehicle dynamics. The program rapidly picks up the pace as students experience the thrill of these high-horsepower, high-grip race cars with lead follow laps on the racetrack.

The Three Day Racing School is every driver's gateway to motorsports and racing. This is SBRS' signature product - with a curriculum that combines classroom sessions with practical, hands-on seat time. The Three Day Racing School is a prerequisite for racers interested in obtaining a club, professional or international racing license.

In this unique program, students master the fundamentals of racing in classroom and driving sessions. The cars used in the program are track-prepared School Cars. The School Car has braking and cornering capabilities that vastly exceed any street or sports car.

The Two Day Advanced Racing School picks up right where the Three Day Racing School leaves off and helps the participant transition from student to racer. In this school, students can polish their developed skills, while adding speed and consistency. In addition to on-track instruction from world-renowned instructors, drivers go wheel-to-wheel against the instructors to practice race situations and hone their racecraft.

SBRS conducts racing schools, teen safety and survival programs, advanced driving schools and corporate team building events at road racing tracks across North America, including Lime Rock Park, WeatherTech Raceway Laguna Seca, New Jersey Motorsports Park, Michelin Raceway Road Atlanta, World Wide Technology Raceway, Sebring International Raceway, Canadian Tire Motorsport Park and IMS. The school has over 350,000 alumni, featuring podium finishers in every series in professional motorsports. Skip Barber Racing School graduates comprise nearly one-third of all current Indianapolis 500 drivers and one in four NASCAR competitors.
