Westfield Lions Club celebrates 89th birthday

Awards bestowed, new member inducted

The REPORTER

At the Westfield Lions Club 89th Anniversary Celebration and Awards meeting on Oct. 3, club members, families and guests had the chance to celebrate their own.

After an outstanding dinner created by Westfield High School's Foodies, entertainment was provided by Jeff Larrison as host of the now annual "Westfield Lions Jeopardy!" contest, which, according to Lions Club members, once again proved the total lack of trivial knowledge on pretty much any subject by the members.

Why the report on Fishers City Clerk Kehl is not public

By **LARRY LANNAN** | LarryInFishers.com

On Sept. 27, Fishers City Council President Rich Block released a statement on the results of an investigation into allegations City Clerk Jennifer Kehl had violated federal civil rights laws. The statement was brief, so I submitted a series of questions to city officials about the statement. I received a response Oct. 3.

The answers contain the city's contention that providing even a redacted version of the outside law firm's report could impact potential actions in another "legal forum" by parties involved.

Carmel Clay Schools, Carmel Teacher's Association reach contract agreement

The REPORTER

The Carmel Clay School Board of Trustees and the Carmel Teacher's Association announced that they have reached a new, two-year collective bargaining agreement, giving CCS teachers their biggest raise in over 10 years.

Under the new agreement, teachers will receive a 4 percent increase to their salary schedule, plus increment for the 2019-2020 school year, and a 2 percent increase, plus increment, for the 2020-2021 school year. The agreement also includes an increase in life insurance from \$50,000 to \$75,000 and the addition of a new leave dedicated to foster parents.

Board President Mike Kerschner said that bargaining sessions were positive and collaborative.

"On behalf of the entire board, I'd like to extend my appreciation to the Carmel

Teacher's Association and CCS administration for their collective effort in reaching an agreement. We would also like to thank our teachers; their hard work, talent, dedication and the positive impact they have on our students and our entire school community is what makes Carmel Clay Schools an outstanding public school district."

Carmel Teacher's Association President Pete O'Hara said, "The Carmel Teachers Association is thrilled for the teachers and students of Carmel Clay Schools. We cannot express enough how much we appreciate the Board and administration of Carmel Clay Schools, for their cooperative effort to resolve this contract quickly and in the best interests of all involved. This is a great contract for our entire community. Thanks to all who had a

Noblesville's downtown Key Bank building sold

The REPORTER

The 20,000 square-foot Key Bank building at the corner of 9th and Logan streets has been sold.

The building was purchased by Harbour Properties, a local company owned by the Gordon family and headquartered in Noblesville. The building will be renovated and converted into executive style offices and office suites.

"We are very excited about the new chapter in the life of this historic building and we are keeping our options open to any company large or small that is looking for an office home in Historic downtown Noblesville," said Harbour Properties President Darren Ratcliffe.

"With almost 20,000 square feet of leasable space, which should be available next spring, the building would be a great headquarters for a national company or home to dozens of local companies looking for premium, flexible office space with all the modern amenities."

Harbour Properties also owns roughly 50 single-family residences and six commercial properties, all in Hamilton County.

This beautiful downtown building was first constructed in 1910 and was originally used by The First National Bank. Today, the structure still features a beautiful limestone façade and iconic pillars in the neoclassical style.

Carmel 2020 budget provides more employees for public safety

The REPORTER

On Monday, Carmel Mayor Jim Brainard presented to the Carmel City Council the proposed 2020 Carmel City budget, which included a slight tax decrease. If passed, residents of the City of Carmel will continue to pay among the lowest city tax rates in the state of Indiana. Carmel's proposed rate is the 11th lowest among 118 cities in Indiana.

The proposed budget for the General Fund is \$112.8 million. In addition, the proposed budget for the Motor Vehicle Highway Fund (Streets and Engineering) is \$17 million.

Along with the budget will be a resolution calling for the city to cap the tax rate at a maximum 0.7886 per \$100 assessed valuation.

The city believes the final calculation by the Indiana Department of Local Government Finance (DLGF) will result in a slightly lower rate; however, the budget proposal calls for the rate to be capped at the 2019 level in order to ensure the public the rate will not increase. A resident living in a \$200,000 gross-value homestead, subject to a mortgage deduction, will pay, at most, \$771 for the city tax portion for 2020.

Working with financial experts, the City of Carmel has relied on a 20-year fiscal plan that projects future revenues and expenses and allows the department directors to prioritize expenditures while being aware of the long-term impact of their decisions.

"It has always been our goal to provide the citizens of Carmel with the highest level of service at the lowest possible cost and this budget will once again accomplish both those goals. This is a key part of our economic development strategy of keeping the cost of living down and the quality of life up, helping us attract more corporate headquarters, jobs and a highly qualified workforce," said Brainard.

"We are in a very competitive battle with cities across the country for companies that are increasingly seeking new locations away from other states and communities where both taxes and the cost of living, not to mention commute times,

are much higher than what we offer in Carmel.”

At the end of 2019, the city will transfer more than \$2 million from savings to the Rainy Day Fund. Carmel has the fifth-largest Rainy Day Fund of 119 cities in Indiana. The city is projecting that the Rainy Day Fund and General Fund will have balances that total more than \$18 million at the end of 2020 and, when considering all city funds, will exceed \$40 million by the end of 2024.

The 2020 budget includes interest and principal payments from general property tax and local income tax of \$26,266,463. The city says it has a reasonable amount of debt service to revenue. Principal and interest payments constitute less than 20 percent of city revenues.

The Mayor’s proposed 2020 General Fund budget is \$112,892,631, which is a 10.3 percent increase over 2019. This allows for the addition of 15 firefighters to man an additional ladder truck. The city has also had to increase funds as 2020 will be the first full year of services to the Home Place area.

Another part of this increase is due to the fact that the leap-year calendar has aligned to require 27 pay periods this year, instead of the usual 26 pay periods per year. This requires a one-time budget increase of \$1,975,000 to cover these payroll costs, which includes salaries, FICA, PERF and specialty pay. In addition, there are \$3.6 million in expenditures that will not reoccur each year and are proposed to be paid out of savings.

While Carmel has debt for infrastructure, such as roads, parks, water treatment plants, etc. and other capital investments, the city says it never borrows for regular operations. That means, under this proposal, the city will be able to fund the following additional services in 2020:

- Three additional police officers
- 15 additional firefighters

• Added funds to total \$5 million for repair/repaving, which allows Carmel to maintain high quality streets by repaving those in most need on a rotational basis

part in this effort.”

“I appreciate the transparent and collaborative approach both sides took to reach this agreement,” said Dr. Michael Beresford, Superintendent of Carmel Clay Schools. “School budgets are difficult to balance and the teams focused on creating a fair and responsible contract. While teacher pay in Indiana has not kept up with the cost of living, this agreement represents the highest raise CCS teachers have received in over 10 years. We will continue to invest in our team and keep CCS competitive with surrounding districts.”

The source of the funding for this two-year agreement will be provided by the 2019-2020 and 2020-2021 state funding formula, a Referendum Fund increase of 3.5 percent for 2020 and an estimated increase of 3.4 percent for 2021, and a reduction in the district’s contribution to the Teacher’s Retirement Fund. Within Governor Holcomb’s 2019 Budget Bill (HEA 1001), the state will use \$150 million from Indiana’s budget reserves and pay off an unfunded portion of the state’s retirement fund for teachers, decreasing the amount school districts are required to pay towards the plan.

Weingarten says Republicans have yet to address the issues

Dear Editor:

Once again, I have differed with Fred Swift in his opinion article on this year's municipal election.

Mr. Swift seems to say Democrats have not spoken out on issues. Well, I guess he must be in a deep well and is not listening.

Actually, it is the Republicans who have not spoken out on the issues. They seem to think the secret governments they run are just wonderful. Why ask the public for input on projects, they know best. No need to ask the citizens of the communities. The Republicans seem to think developers should be given tax breaks, and let the general public pay the taxes instead. If the Mayors tell us what wonderful cities we have, no need for tax breaks the business will come on anyway or is a payoff process.

The Republicans seem to think raising the debt of the cities is just fine to the point of where Carmel is now in debt well over a billion dollars with no plan on how to pay it off and other cities are moving up with their debt at a rapid pace.

Speaking of taxes, they are getting more innovative on how to tax the citizens, the 911 call income tax at many times what is needed and calling it a county tax, nothing to do with the cities, then Fishers started a “wheel tax” where the BMV collects \$25 for every vehicle you own. A tax hidden from the public. Who notices a wheel tax when they get a license plate?

One of the main issues by the Democrats is a call for transparent government. Maybe instead we should be saying stop the secret government, stop the behind closed doors development plans and come out in the open.

So, this election don't sit home, come out and vote and when you see the word “incumbent” vote for the other person. We need to have people on the councils that will ask questions instead of rubber stamping the Mayors' every move.

Hamilton County Democratic Party Chair

Mystery substance covering homes, cars in Noblesville

By RICHARD ESSEX
WISH-TV | wishtv.com

A mystery has filled the air in one Hamilton County neighborhood. People believe something is falling from the sky, ruining their valuables.

No one seems to know for sure where it's coming from.

Austin Rickert took News 8 on a quick tour around the outside of his Noblesville home Monday afternoon. Everything around the house is coated with an odd, sticky, metal flake material. He and his fiancée have tried cleaning this stuff off, and it doesn't come off.

"Everything we have invested our money in through the summer is being ruined. My truck's paint job is ruined; her vehicle is ruined," said Rickert.

Several months ago, they noticed the gritty film developing on everything outside. They have stopped eating

out of their garden and most of their time at home is spent indoors.

"Obviously, we want to start planning to have children and to be totally honest I do not want to bring children into this if they have to breathe that in," said Rickert.

Rickert bought the truck two years ago. It was the first vehicle he ever bought brand new. He said he's taken good care of it. But when you run a business card across the hood, it sounds like sand is ground into the paint.

Rickert has called the Noblesville Mayor, IDEM and the EPA. He wants the responsible party or parties stopped and held accountable.

Rickert's neighbor has the same problem.

"It is some sort of a burn mark, some sort of a rust discoloration but burned into the paint. It doesn't seem like normal tree sap or pollen or some kind of environmental thing. It is like

something burned into it and it wouldn't go away," said Adam Jurczak.

According to a statement sent to News 8, the Indiana Department of Environmental has received other complaints.

On Oct. 1, a state air quality inspector tested the air near Rickert's neighborhood and found no evidence or violations related to dust coming from a nearby facility. However, the inspector did find a record-keeping violation at that same facility.

"The guy I spoke to that works there said they have known about the issue for months now," said Rickert.

IDEM will continue to monitor the area and look for other issues, the department told News 8.

When submitting a complaint, provide the time of day the dust was observed, which direction the wind was blowing, and any other significant details to help IDEM find the source.

Retired Colonel Kent Abernathy announces candidacy for 5th District

The REPORTER

West Point graduate and businessman, Colonel (ret.) Kent Abernathy, has announced his candidacy for Indiana's 5th Congressional District.

"West Point instilled in me the principles I have carried with me throughout my life – Duty, Honor, Country," said Abernathy. "We need leaders in Washington willing to make the tough decisions to defend the Constitution, to pay down our debt, to honor our veterans, and to support our military."

Kent Abernathy enters the race for the Congressional District vacated by Congresswoman Susan Brooks.

He's an outsider to elected office, having spent most of his career in military service and in business.

"Now more than ever we need principled leaders in Washington to break the stranglehold career politicians have on the system," said Abernathy. "I've spent my entire career in service and in business where we get things done and come home. I'll do just that as your next Congressman."

About Kent Abernathy

Kent Abernathy is a husband, father, businessman,

Abernathy

veteran and proud Hoosier. A graduate of the United States Military Academy, Kent's lifetime of public service emulates the West Point motto: Duty, Honor, Country. Kent and his wife, Karen, a pediatric critical care nurse, have been married for 39 years and live in Zionsville. Together they have three sons, three daughters-in-law and four grandchildren. Independent Ken Tucker running for 5th District seat

The REPORTER

In front of family, friends and former students on Friday, Oct. 4 at Federal Hill Commons, Ken Tucker announced his candidacy to replace Susan Brooks as Indiana's 5th Congressional

District Representative.

During a short speech, Tucker spoke of focusing on education, equality, the environment, as well green initiatives, all of which he says are vital to move Indiana forward. Tucker is run-

ning as an Independent. According to Tucker, he is not accepting financial donations during his candidacy.

Steve Braun suspends campaign for 5th District, citing medical issue

The REPORTER

Steve Braun made the following statement Monday regarding the race for the 5th Congressional District:

"During an annual check-up with my doctor in September, an issue was identified that requires me to step away from campaigning for 5th District for the next few months.

"I am both frustrated and disappointed to have to suspend my campaign at this critical juncture. Now more than ever, we need to send individuals to Washington who have the capability, the experience and the willingness to address the problems we face.

"Our challenges are daunting, but not unsolvable if we are willing to act. I was

running for Congress not merely to hold a position, but to bring a willingness to tackle our most pressing issues head-on. I believe it is imperative that as a nation we address what threatens our economic strength and individual liberties, namely: A \$22 trillion national debt, soaring deficits, a massively expensive and over-regulated government health care system, and an education system that lacks accountability and does not adequately prepare today's students for the actual demands of the current and future American workforce.

"It seems that too few candidates these days – of either political party – spend time addressing issues of importance to our nation and future generations. I had

hoped to try. A campaign about these fundamental challenges may not have been exciting by today's standards, but I had hoped to offer the voters of the 5th District both a somber and serious discussion about where we stand in the life of our nation, as well as a series of meaningful proposals for how we might set things right, if only we could summon the political courage.

"That will have to wait. Families across the country face unexpected circumstances every day, but this challenge just happened to confront me and my family as we were launching a campaign for Congress. Nevertheless, my health and family are my priorities, and they will be my focus in the months ahead."

TODAY’S BIBLE READING

Then after that saith he to his disciples, Let us go into Judaea again. His disciples say unto him, Master, the Jews of late sought to stone thee; and goest thou thither again? Jesus answered, Are there not twelve hours in the day? If any man walk in the day, he stumbleth not, because he seeth the light of this world. But if a man walk in the night, he stumbleth, because there is no light in him.

John 11:7-10 (KJV)

Boys soccer sectionals

Millers, Tigers advance to semi-finals

The Noblesville and Fishers boys soccer teams easily won first-round matches Monday at Class 3A Sectional 8, which the Millers are hosting at the White River Elementary School soccer fields.

Noblesville opened the sectional with a 5-2 victory over Pendleton Heights. Spencer Holland took a shot, which went into a defender’s arm for a handball. That gave the No. 8-ranked Millers a penalty kick opportunity, which Jack Miller converted to get Noblesville on the board. The Arabians answered with a goal, but Drew Barnes put Noblesville back on top with a goal, assisted by Palmer Ault. The 2-1 lead for the Millers would be the halftime score.

Ault opened the second half with a goal, pushing Noblesville ahead 3-1. Pendleton scored on a counter attack to get within one, but the Millers pulled away after that, with Ault scoring his second goal of the game, then Brendon Fisher completed the scoring with his second goal over the past two games.

In Monday’s second game, Fishers cruised past Anderson 6-0. Brendan Weiger earned the shutout at goal. Cam O’Connor scored two goals for the No. 13 Tigers, with Kevin Natzel, Zach Castro, Yuto Nakamae and Jackson Wright all scoring one. Angel Roque Granados made two assists, with Rodrigo Dominguez and Castro both making one.

The Millers (12-2-2) and the Tigers (12-4) will play each other in today first semi-final game, which starts at 5 p.m. The second semi-final features No. 15 Hamilton Southeastern taking on Muncie Central.

Guerin Catholic won at the last minute – literally – in its first-round game at Class 2A Sectional 26 at Brebeuf Jesuit on Monday.

The No. 5-ranked Golden Eagles beat No. 6 Cardinal Ritter 1-0. Daniel Cloran scored the winning goal on a header with 43 seconds left in the game. The victory improved the Golden Eagles to 9-3-3 for the season; they will play Western Boone at 5 p.m. today in the first semi-final game.

On Tuesday, Hamilton Heights lost to the host Braves 5-0. Brebeuf scored two goals in the first half, then added the other three in the second half.

“The Huskies continued to play and left it all on the field,” said Heights coach Derrick Dean. “These seniors are a great group of boys and will be missed.”

Marcus Shaffer had seven saves as goalkeeper, while the Players of the Game were Caleb Stuart and Luke Vanderwall. The Huskies finished the season 5-12-1.

Westfield lost to No. 4 North Central 1-0 in the first round of Class 3A Sectional 10 at Pike on Monday.

Senior Aidan Huddleston played a great game at goalkeeper for the Shamrocks, who finished their season 9-7-1.

Royals and Tigers advance, 'Hawks win first game in shootout

Hamilton Southeastern and Fishers advanced to a Class 3A Sectional 8 semi-final showdown after posting first-round wins on Tuesday at the Royals' field.

No. 3-ranked Southeastern beat Muncie Central 10-0. Izzie Wallace and Kaitlynn Wallace both scored two goals, with Ava Marquardt, Maddy Bellaver, Molly Harris, Ashley Wilson, Izzie Johnson, and Kiley Jones. Wilson had two assists, with Olivia Smith, Layla Brown, Izzie Wallace and Harris each making one. Izzie Wallace tied the Royals' single-season scoring record with her second goal.

"Tournament time, focus on one game at a time," said Southeastern coach Greg Davidson. "So we did our job tonight. A lot of girls played, a lot of girls got opportunities tonight."

The No. 9 Tigers beat Pendleton Heights 2-0 in Tuesday's second game. The Arabians held Fishers scoreless in the first half, but the Tigers quickly took the lead in the second half when Kaysey Castro converted a penalty kick 67 seconds into the half. Castro later scored Fishers' second goal.

The Royals (15-2) and the Tigers (9-1-5) will play each other at 5:30 p.m. Thursday in the first semi-final. That will be followed by the second semi-final between

No. 2 Noblesville and Anderson.

Sheridan got its first win of the season at the best possible time: In the first round of Class 1A Sectional 37, which the Blackhawks are hosting.

Sheridan beat Eastern in a penalty-kick shootout 3-1. There were times the Blackhawks had to play with only nine players due to injuries, but they continued to play tough defense.

Neither team scored in regulation or overtime, so the game went to penalty kicks. Katie Cuevas made two big saves as goalkeeper, and Makaela Mosolf, Chaney Smith and Clair Purciful each made kicks to give Sheridan the win.

Grand Park named home of National Flag Football Championship

On Tuesday, the City of Westfield and USA Football announced the Grand Park Sports Campus will host the 2020 Flag Football Championship. The national championship, called “The One,” will be among the largest youth and adult flag football tournaments in the United States. This event will mark the fourth national governing body to host an event on the campus along with US Lacrosse, USA Ultimate and USA Archery.

“We are excited to announce that Grand Park will host this national event,” said Westfield Mayor Andy Cook. “It confirms that the vision of Grand Park is coming to life as we see more and more elite organizations choosing the campus to host their events. Witnessing

athletes and spectators marvel at our world-class facility is further proof that our dream is becoming a reality.”

The event includes teams across 17 divisions from ages 7 to adults. The One will be among America’s largest youth and adult flag tournaments, drawing teams from a national series of sanctioned tournaments and at-large entrants. This also marks the first time in USA Football’s 18-year history that it will sanction flag tournaments nationwide.

“Grand Park has solidified itself as a premier sports destination, making it a perfect match for flag football’s national championship,” said USA Football CEO Scott Hallenbeck. “We look forward to bringing the country’s

top flag teams to Central Indiana next summer to conclude our nationally sanctioned tournament series.”

The Grand Park Sports Campus, located in Westfield, features 31 multipurpose outdoor fields, 26 baseball/softball diamonds, more than ten miles of paved trails and the Grand Park Events Center with three full-size fields, locker rooms and dining facilities. It is also the official home of the Indianapolis Colts Training Camp, making the campus an ideal location for the inaugural USA Football event.

The One” will take place July 24-26, 2020. For more information about the event and to register, [click here](#).
