The REPORTER

The Hamilton County Commissioners and County Surveyor recently recognized the Town of Sheridan for its part in a drainage project that earned Hamilton County and Sheridan the Association of Indiana Counties Local Cooperation Award. On Oct. 28, the Hamilton County Commissioners approved publishing a Request for Proposals that will bring a parking garage to downtown Noblesville.

The Request for Proposals seeks a developer to construct a three-story aboveground parking structure containing 430 parking stalls. The project will require a design capable of supporting a future fourth floor, adding an additional 150 spaces.

The garage would be located east of Eighth Street on both sides of Clinton Street. The commissioners indicated Clinton Street will remain in place and be covered by the structure's first floor.

According to doc-

uments distributed by County Attorney Mike Howard, the project will be a public-private partnership with the intent to fulfill parking needs for county employees and make current county-owned property available for an economic development project.

The commissioners said on Monday they have been contacted by developers who have an interest in the county-owned parking lot located on the east bank of the White River south of State Road 32. That location currently serves

Altman and Commissioner Mark Heirbrandt both described how State Road 32 (Conner Street) represents a dangerous physical barrier between county offices and available parking. Moving parking north of the courthouse and Judicial Center eliminates the need for pedestrians crossing one of Noblesville's busiest roadways.

Officials hope to break ground on the new garage in the spring of 2020 with completion in the fall of 2021.

Blazing trails My family in a nutshell

It has been my privilege to serve the Noblesville community Mayor during John Ditslear's final term in office. Six months ago, I announced friends and to co-workers that I

A4

appointed position. my Now, as we prepare for a new mayor to take office in January, I'd like to share some thoughts on some key successes our city has accomplished during these past four years.

Professionally, I'm looking forward to moving on to a new challenge, where I can apply my public affairs and communications background to build communities in new and exciting ways. Personally, I will miss having a direct role in the completion of many Noblesville NOW initiatives that have only begun or are still in the planning stages.

Rather than slow down during his final term, Mayor Ditslear and team have made great progress and blazed trails (literally) on dozens of high priority initiatives since 2016. Below is a handful of initiatives I have had the honor of working on as well as others our city employees have achieved through their hard work, dedication and professionalism:

• Securing the public-private partnership for the Finch Creek Fieldhouse;

• Attracting 300 highwage jobs with the BorgWarner Tech Center;

• Completing the western leg of the Midland Trace Trail, the southern phase of the Levee Trail, and connecting the Riverwalk from the White River Greenway Bridge to Southside Park;

• Opening Federal Hill Commons urban park and amphitheater, starting construction of Finch Creek Park and investing in improvements for Forest Park, Southside Park and Seminary Park;

Completing the fourth of five phases for the Long-Term Control Plan to remove unwanted stormwater from the sanitary sewer system;

Building, resurfacing and

planned to step down from maintaining miles and miles of new and existing roadway, and laying the groundwork for future infrastructure projects such as the five roundabouts planned for State Road 32 and State Road 38.

In addition, I am very happy to report that Noblesville has made good on its promise to bring the trains back to Forest Park. Meanwhile, the clean-up effort following the ITM's departure continues with a brighter future on the horizon that will be worthy of our city's oldest park. And I hope everyone will take the time to support the new Nickel Plate Express that is helping preserve our city's railroad heritage and inspire a new generation of railfans.

For me personally, one of the most rewarding initiatives has been representing the city with the Noblesville Diversity Coalition. Since forming in 2018, our coalition has stood up against acts of hate, and through several public forums, inspired bold conversations within our schools, our homes - and with our upcoming training on implicit bias - within City Hall as well. Noblesville is stronger because of our diversity, and I look forward to what we can accomplish as we continue to grow in celebrating and respecting all residents.

As we look now to the future, I'm truly excited to see the vision of the new administration come into focus. I believe no one is better suited than Chris Jensen to move Noblesville NOW forward. From expanding Pleasant Street to constructing a new Police Headquarters, I'm optimistic that the many of the city's long gestating projects will finally get underway before setting the new priorities that our growing community will surely demand. I would like to thank parking with modern tech- everyone who has supported me in my role serving the city, who gave freely of your time to share an idea, a perspective, a criticism, an encouragement, a lesson. As I join my fellow citizens again, I will continue to use all that I've learned to help Noblesville blaze even more

Referendum spending addressed New "Fishers Cares" program announced at Noblesville State of the Schools **By LARRY LANNAN** • Fishers YMCA

The REPORTER

Schools Noblesville Superintendent Dr. Beth Niedermeyer presented the annual State of the Schools address at last Wednesday's health Noblesville Chamber of Commerce luncheon, covering a wide range of topics ranging from how the district is spending referendum funds to upcoming construction plans.

Niedermeyer kicked off the presentation with an update covering safety and mental health enhancements funded by the referendum, as well as highlights of the recently announced teacher contract that addresses key pay gaps with the largest teacher pay increase in almost 40 years. The new contract positions Noblesville teachers more competitively relative to other Hamilton County educators.

Regarding referendum safety spending, Niedermeyer reported that the district has implemented approximately 40 different safety measures in the last 18 months, including hiring a new full-time safety director and tripling the number of Noblesville Police Department officers in schools through a collaboration with the City of Noblesville. A video explaining the district's new gun-sniffing safety dogs was also shared.

Noblesville Schools' new mental health and counseling leaders showcased the district's new team of social workers for each school, increased counseling staff and a student climate survey as examples of just some of the 20 mental health ini-

tiatives the district has recently adopted. They also touched on a new mental partnership with Community Health demonand strated social emotional tech-

construction projects were also announced, all of which will be funded through bonds and will not use referendum dollars or raise the tax rate.

The largest project that's been greenlighted is a future Noblesville Schools Community Center (NSCC) located off of Field Drive, to the east of Noblesville East Middle School. The NSCC is expected to house the district's new alternative education program, as well as adult education classes, community meetings, programming for 18- to 22-year-olds with special needs, and indoor team practice space. The approximately \$6 million project is currently in the design phase and scheduled to break

Another project moving forward is an expansion to the district's oldest and smallest school, North Elementary, which was built in 1967. The added space will included: provide North students with adequate room for lunch, physical education and music programming, as well as restroom renovations. The district is currently gathering bids and cost estimates.

• The announcement that Todd Zimmerman teased the rollout of Fishers Cares at this month's council meeting. It is designed to help those suffering from stress, anxiety and other mental conditions.

> According to a city news release, the aim of Fishers Cares is bringing together faith-based organizations and local businesses to provide support for those suffering from mental illness and to refer them for needed help.

"Fishers Cares is a demonstration of the compassion and energy of the community to support those impacted by mental illness," said Fishers City Councilman Todd Zimmerman in the city news release. "Bringing together a diverse group of faith leaders to combat stigma and provide a real solution that makes a statement to every person in Fishers: 'It's ok to not be ok and we're here to stand with you.""

The following organizations have committed to being a part of the pilot Fishers Cares program:

support the city's overall Mental Health Ini-

"Many faith congregations in Fishers have engaged in mental health programming individually, but we wanted to work together to make a difference for our community and provide practical support for someone who is seeking help in their mental health journey," said Kevin Roth, Pastor of Grace Church Fishers. "Fishers Cares is a simple starting point for those seeking help. There is no cost. Simply go online and schedule an appointment to begin the conversation."

Girls soccer state finals Millers beat 'Hounds for 3A state title

By RICHIE HALL

FISHERS - The 2019 edition of the Noblesville girls soccer team will always have happy memories of the Fishers High School football stadium, because that's where the Millers became state champions.

Noblesville won a well-played Class 3A state final last Saturday afternoon, beating old rival Carmel 1-0. The Millers thus won their first IHSAA state girls soccer title and second overall. Noblesville won a pre-IH-SAA state championship in 1991.

"This is what we've worked for all season," said Millers coach Mike Brady. "Our goals are conference, sectional, regional, semi-state, and if you want to be a state champion, you have to beat the best. Carmel sets the bar every year, and today we were able to achieve the goal we've worked for."

It was the first time the No. 2-ranked Millers had played the No. 1 Greyhounds in the IHSAA tournament in 11 years, after the two teams met almost regularly in the post-season since soccer became an IH-SAA sport in 1994. Brady said he wanted all of his past players to share in the moment as well.

"I couldn't be more proud of all 27 girls on this team and I would like to say for my 17 years here, this state title is for everybody who's ever been a Miller," said Brady.

Noblesville won its title by using its trademark defense, and also by breaking through Carmel's tough defense, which had not allowed a goal throughout the post-season

The Millers showed off their defense right away. Just over a minute into the game, Carmel's Kelsie James was driving towards the Noblesville goal, but Millers goalkeeper Sara Kile grabbed the ball once it reached the goal box, taking away what would have been a certain goal.

"Every player on the field today set the tone," said Brady. "They knew they'd have to battle a good soccer player and one after

most part won them. And if you're going to beat a team as good as Carmel, 18-0-3, you have to win everything to have a chance."

Neither team scored in the first half, but both had opportunities. James had four of the Greyhounds' five shots on goal, while Jenna Chatterton and Elana Chatterton both had a shot on goal for Noblesville. Carmel goalkeeper Erin Baker saved them both, while Kile saved four of the five shots on goal. Brooke Hines cleared out the fifth.

The Millers got their goal in the game's 44th minute. Jenna Chatterton took the ball up the sideline, then kicked it over to Kiana Siefert, who was waiting just in front of the net. Siefert then easily booted the ball into the goal from about eight yards away.

> Noblesville held on to that one-goal lead for the remainder of the game. Carmel ramped up its offense during the middle portion of the second half, making seven shots between the 58th and 72nd minutes.

> "That's how Carmel plays," said Brady. "They're a good team, good players and good players off the bench. We knew we were going to have to weather a few storms, and with Sara Kile in goal and the way my back line played, I knew we could defend them. But you knew that they were going to get their opportunities because they're too good of players and they're too well-coached."

of the game in the final few minutes, sealing their state championship. It was a quick and well-played game - neither team was called

for an offsides during the entire 80 minutes. Kile finished the game with seven saves, while Baker had five saves. Carmel's Olivia Fray won the Mental Attitude Award following the match.

The Noblesville team also greatly appreciated the support of the community, with many fans taking pictures and saying congratulations after the match concluded.

"I'm just glad our community came and supported us," said Jenna Chatterton.

"Everyone was here for us," said Siefert. There's so many people who showed up."

Regardless of the result, the Millers validated 13-7 at the break. Neither the fact that playing a tough schedule prepares a team for the post-season. Noblesville finished the season 1-9, but that was against the No. 1-ranked strength of schedule in Indiana, according to the Sagarin ratings.

The Millers scored first, when Jayden Barrett caught pass from Alex Zavac to go up 6-0 in the first quarter. That would be the score into the second period, but Noblesville made it 13-0 with 5:41 left in the quarter. Southeastern swept Noblesville's girls were Crown Point 25-19, 25-21, leading the way with a result, the Royals will play at state for the first time in program history, taking on New Castle next Saturday at Ball State's Worthen Arena. "In previous years,

"It's been beautiful to

After winning a close volleyball team qualified first set, the Royals got down 5-1 in the second set, but eventually came back to win 25-20.

"I think the first 20 points ing to be a little tense," said Young. "After that, it kind of evened out and then we just played our game. I think we served well, we passed well, and we took big swings."

"It was an early lead that they had and we work on practice every day about coming back from those," said the Royals' Abby Weber. "I wasn't too worried."

Southeastern then won the first seven points of the third set, and that carried the Royals to victory.

"To battle back from

Hamilton Southeastern see this group come togeth- that and to pull away and win 25-20, that was huge," said Young. "I told them out in the hall, let's win the first seven points. Abby Weber took care of business and got us up 7-0. That was pretty cool."

> The Royals are now 29-4 for the season. They played New Castle in the second match of the season and were swept by the Trojans. But that was two and a half months ago.

> 'We're going to do our homework this week and we're going to prepare," said Young. "They're an awful good team."

> "We've been pretty business as usual all year long," said Young. "We ran practice the exact same way and we'll continue to do that this week."

I was born and raised right here in Noblesville. I grew up in a home without domestic violence or assault - it wasn't something I saw, or even heard about. But when I was introduced to Prevail of Central Indiana, I was shocked by the number of individuals who are affected by domestic violence. In 2018 alone, Prevail helped more than 4,000 clients in Hamilton County. (Nearly 80 percent of clients are women and children.) Domestic violence and abuse are hard topics to discuss, so you don't often hear about them. But at Tom Wood Volkswagen in Noblesville, we're breaking the taboo and raising awareness for Prevail, an organization that helps families in Hamilton County. - Mike Bragg, GM of Tom Wood Volkswagen in Noblesville
