McMillan challenging Dillinger's commissioner spot in primary

Nine candidates file for three At-Large county council seats

The REPORTER

Filings for the upcoming May Primary Election ended on Friday with a surprise last minute filing by Noblesville resident Charley McMillan for the Hamilton County Commissioner District 2 seat.

District 2 has been represented by the state's longest serving county commissioner, Steve Dillinger. Dillinger was first elected to the position in 1989.

The county's four judges up for re-election will not see an opponent on the Republican ballot.

Circuit Court Judge Paul Felix and Superior Court judges William Hughes, Richard Campbell and David Najjar will be running for new six-year terms.

The three other Superior Court judges, Michael Casati, Jon Brown and Gail Bardach,

are not up for election this year.

The Treasurer position will see a contested race with Kim Good and Susan Byer running.

Byer, a former Treasurer's office employee, has filed suit against the county for allegedly being unjustly fired after making allegations of late property tax payment penalties not being charged to family members of Treasurer's Office employees.

Good, the county's current

Chief Deputy Treasurer, has filed a defamation lawsuit against Byer.

Nine people have so far filed for the county council At-Large position, including one Democrat. Those individuals are: Ralph F. (Rick) McKinney (R), Brandon (Brad) Beaver (R), Sue Maki (R), Jeff Hern (R), Steven R Nation (R), Lynne Burrow (R), John Ditslear (R), Gardiner P. Bink III (D) and Tony Scott (R).

Westfield Lions help at-risk veterans

The REPORTER

The Westfield Lions Club hosted Robert White, community engagement director for the Hoosier Veterans Assistance Fund of Indiana (HVAF), at the club's program meeting for February.

The mission of HVAF is to house, support and advocate for all veterans and their families in order to help them achieve the best possible quality of life. Founded by three Veterans Administration staffers, the HVAF has a unique partnership with the VA to help and support at-risk American military veterans.

Director Robert White, an Air Force veteran himself, said, "We have around 500 homeless veterans right here in Central Indiana. We have both transitional housing where we provide not only homes, but also substance abuse counseling services, as well as more long-term apartments for our vets."

HVAF's Veteran Services Center at 964 N. Pennsylvania St., Indianapolis, provides food, clothing, furniture, household items and personal hygiene supplies to all vets in need.

HVAF has over 200 beds now, but the need greatly exceeds this capacity. At the meeting, the Westfield Lions donated a huge amount of food and supplies as well as \$1,500 to the organization. Several Lions opened their hearts and wallets with additional donations to HVAF. The Lions also supported HVAF with a donation at the last Lions Poker for Sight tournament this past fall.

New football stadium coming to Noblesville

Facility expected to open in 2022

The REPORTER

Noblesville Schools has announced the construction of a new, larger community stadium for football, band, track and other activities without the use of referendum funds or an increase in the tax rate. The facility will be located off of Field Drive behind Noblesville High School where the district's former Transportation building sits.

The new on-campus stadium will be larger than the existing space, with 50 percent more seating, expanded concessions and restrooms, and on-site parking. It will also be designed to maximize traffic flow and provide a safer environment for appropriately monitoring and managing crowds. Enhanced lighting, locker rooms for home and away teams, up-to-date broadcast technology capabilities, practice fields, athletic training space and additional storage are also included in the plans.

The need for a new multipurpose stadium has existed for some time. Beaver Materials Field at the Dale V. Swanson Sports Complex was built in 1969 when the population of Noblesville

was approximately 7,500 (12 percent of today's approximately 63,000 residents). The 4,200-seat facility is regularly over capacity and many fans are currently forced to stand or be turned away.

"This new stadium has been a long time coming for Noblesville and we're excited to be making it happen," said Dave Mundy, associate superintendent for Noblesville Schools. "We have outstanding support in our community for both athletics and performing arts, and the demand for more space to accommodate our programs has continued to increase as we have grown to be one of

the largest high schools in the state."

The district has studied the issue of a new stadium for several years and new construction was determined to be a more-cost effective option than trying to expand the current facility. Construction will be approximately \$14 million, financed through a bond without the use of referendum dollars or an increase in the tax rate. It's expected to be completed in the spring of 2021 for track and fall of 2022 for football and band.

Carmel releases updates on Hotel Carmichael costs

The REPORTER

The City of Carmel and Pedcor Companies is releasing an update on hotel construction costs and finances, as well as announcing details of a new French restaurant concept planned for the boutique hotel that is under construction at City Center. The Hotel Carmichael is still on scheduled to open in May of this year, in time to welcome the International Making Cities Livable conference, which will make its first appearance ever in Indiana.

The City of Carmel says due to a variety of economic factors, including the national increase in construction costs and local spikes in labor costs and tariffs on materials and goods imported

from abroad, the overall cost of the hotel has increased from the time of the original estimate provided in 2017. The new estimate on construction is \$58.5 million, which includes a new "hard construction" budget of \$41.9 million, \$3 million for the land and \$13.5 million for soft costs.

"The same factors that have led to a building boom across the nation, the state and the City of Carmel itself have unfortunately also led to increases in costs of materials and labor that have impacted the hotel," said Henry Mestetsky, Executive Director of the Carmel Redevelopment Commission. "As we tracked these construction cost increases

reported by various construction-related sources, we anticipated the challenge. Fortunately, the Redevelopment Commission has filled those gaps with additional funding that will have no risk or impact on local taxpayers and be largely reimbursed to the Commission out of the revenues of the Hotel."

A variety of additional financing through existing bond revenue and new mortgages on the James Building and Monon Square secured by the CRC, will allow Pedcor and the City to cover the additional costs with no risk or impact to local residents. This

New state laws affect property tax deductions, exemptions

The REPORTER
Newly-enacted laws have changed some qualifying limitations for Property Taxes Deductions and Exemptions, and as such, Hamilton County Auditor Robin Mills wants the citizens of Hamilton County to know about them and the effects they will have.

“People hear about legislation being passed all the time and may not truly understand the ramifications and what that legislation means for them,” said Mills. “Senate Enrolled Act 280 is one of those. It not only provides changes to qualifying limitations to the Over 65, 65 Circuit Breaker and Disabled Veterans Deductions, it also increased the deduction amount from \$12,480 to \$14,000 for both the Disabled Veteran De-

duction as well as the Over 65 Deduction.”

Prior to enacting the new law, the Over 65 Deduction assessed value limitation was \$182,430. Under the new law, it is now \$200,000 and the income limitation went from \$25,000 to \$30,000 for single and \$40,000 for married/joint tenants.

Previously, the Over 65 Circuit Breaker Deduction assessed value limitation was \$160,000 and it is now \$200,000. The income limitation stayed the same at \$30,000 for a single and \$40,000 for married/joint tenants.

The assessed value limitation for Disabled Vet-

erans (totally or partially disabled over 62), goes from \$175,000 to \$200,000. The deduction amount increases from \$12,480 to \$14,000. SEA 280 also added some qualifying factors for surviving spouses that include:

- The individual:
- Was killed in action
- Died while serving on active duty in the US Military or Naval Forces, or
- Died while performing inactive duty training in the US Military or Naval Forces

“The Real Property Department will run various reports that will include individuals who already have the deductions in place or

who had these deductions, but were disqualified due to past assessed value limitations,” explained Sadie Eldridge, Lead Real Property Deductions Deputy. “For everyone who qualifies with the increased assessed value, we will automatically apply the benefits. However, we want to encourage everyone to follow up with our office after they receive their tax bill in August to see if they qualify or if they have any questions about the new limitations.”

For more information regarding these deductions and exemptions or any other property tax issues, please visit hamiltoncounty.in.gov and click on the “Property & Taxes” icon on the homepage, or call the Real Property Department at (317) 770-4412.

Fishers Redevelopment Commission elects officers, acts on three projects

By LARRY LANNAN
LarryInFishers.com

Dan Canan will serve as president of the Fishers Redevelopment Commission in 2020, following a vote taken during last week’s meeting. Tony Bonacuse was voted vice president of the commission and Damon Grothe will be secretary.

The commission approved an amendment to the project agreement approved by the commission last year to the Flexware Innovations AMP West building, under construction near the Nickel Plate Amphitheater.

Economic Development Director Megan Baumgartner says the original plan

was for an 8,000 square-foot facility, but the project is facing some construction “challenges,” and as a result, will increase the building space to about 12,000 square feet to maximize the plans. As part of the amendment approved by commission members, AMP West will be allowed access to some additional parking.

The closing date has been pushed back to June first of this year, due to these changes.

An agreement was approved for the developers of the new Nickel Plate Hotel, part of the large project underway along 116th Street near City Hall. The 116-room facility will be part of

the Hilton Tapestry brand.

After a lengthy series of negotiation sessions with the city, Baumgartner told commission members the city will reimburse \$2.1 million of the construction costs, which are estimated to total \$21 million. The reimbursement will come from the city’s Tax Increment Financing (TIF) reserves.

Included in this agreement is a \$100,000 contingency fund, should there be additional costs in constructing this building next to the Nickel Plate Trail, Baumgartner says. The hotel will have access to the parking garage, and hotel guests will not pay for the

parking privilege. The hotel is projected to be finished at about the same time as the First Internet Bank headquarters.

In one more action, the commission approved an amendment to the development project to the north of 116th Street downtown, east of the municipal complex. This will postpone the closing date by two months due to delays in the design process. Construction on this part of the plan should begin in about two months, Baumgartner says. The agreement also deals with the projects interface with the Nickel Plate Trail construction, which will be adjacent to the development.

Mary Anne Shinault

November 17, 1958 – February 1, 2020

Mary Anne Shinault, 61, passed away at her home in Sheridan on Saturday morning, February 1, 2020, surrounded by her loving family. Born November 17, 1958 in Indianapolis, she was the daughter of Vern Allen and Patricia Mae (Gaston) Ping. After graduating from North Central High School with the Class of 1977, Mary continued her education at Clark College, graduating Cum Laude with the Class of 1979.

For over 26 years Mary was an Assistant Manager at the Beech Grove Walmart. She, along with her sister Becky, also ran a successful daycare service for several years.

Family always came first for Mary. No matter what her boys were involved in growing up, she was there to encourage them. When they grew into young men and started going their own separate ways in life, she was there to support them. Whether the family was celebrating their joys and accomplishments or struggling during tough times, Mary was always there. Her family was her Church. Becoming a grandmother was as equally exciting for her. She may not have appreciated the title at first, but the role was what she lived for. It was her chance to be there for the next generation of her family, watching them grow and supporting them in all their endeavors. Mary's family also includes many stray cats and dogs that she brought home and adopted over the years, even though she always claimed that she "didn't like animals."

Mary enjoyed crafts and knitting, and always seemed to be making something for someone. She also had a very deep appreciation for music. When she had some time to herself, she would always find a reason to be outside. Whether it was camping, gardening, or just putting around out in the yard, if she could feel the sun on her, she was right where she wanted to be. All that outdoor time paid off this holiday season, as Mary took second place in Sheridan's town-wide Christmas decoration contest.

Throughout the journey that her family has taken her on, she couldn't have done it without the love of her life, her husband David, by her side. She and David were married on August 4, 1979.

Mary is survived by her loving husband, David Lane Shinault, Sheridan; her mother, Patricia Mae (Gaston) Ping; her four boys, David L. Shinault, Sheridan, James Andrew Shinault (Lauren), Nashville, Tenn., William CA Shinault (Alison), Sheridan, and Logan Sloan Shinault (Samantha), Oshkosh, Wis.; 11 grandchildren, Brendan, Zachary, Grayson, Christopher, Olin, Amelia, Mackensie, Violet, Victoria, Eleanor and Annabelle; one brother, Tom Ping (Mary Beth), Cicero; and three sisters, Becky Paul (Dan), Fishers, Donna McManis (Craig) of Ohio, and Jenny Lamkin, Elwood.

She was preceded in death by her father, Vern Ping; and by her daughter-in-law, Melissa Shinault.

Services were held on Wednesday, February 5, 2020, at Kercheval Funeral Home, 306 E. 10th St., Sheridan, with visitation prior to the time of service. Mary's brother, Tom Ping, officiated.

In lieu of flowers, memorial contributions may be presented to the Boy Scouts of America, the Band Program at Sheridan Community Schools, or to the Breast Cancer Research Foundation at give.bcrf.org/Marysfight.

Aasen thanks Clay Township for its parks improvement work

In my recent update on south-east Carmel, I failed to give proper credit to the Clay Township Board and Trustee for their role in funding the recent expansions to parks throughout Carmel. I specifically mentioned some exciting updates to Flowing Well Park and it was an unintentional oversight that I didn't mention the township.

I thought this would be a good chance to not only correct my error but to also tell the public about some of the things that the township government is doing to improve our city. I'm not on this board so I can't take

ADAM AASEN
Carmel City Councilor

any credit, but I wanted to share some things they are doing.

In June, the township announced plans to spend \$60 million to improve our parks and our public safety across the town-

ship.

"This program will provide benefits for all township residents, schools and businesses and will make our community a better place to live, work and play," according to [claytownshipimpact.com](#).

The goal is to update the parks and make them more accessible and safer. The township will fund the construction of an indoor sports

facility and the construction of a children's pavilion. Flowing Well Park is one of these updates.

As for public safety, the township is funding the update of fire stations, fire equipment and, "the expansion of the existing fiber optic ring that connects schools, township facilities and the Carmel Clay Fire Department will be a much needed improvement to the overall safety of the township."

The township is also funding construction of a Carmel Clay Fire Department administration building and fire safety museum.

I want to thank Township Trustee Doug Callahan and township board members Mary Eckard, Matt Snyder and Paul Hensel for

their commitment to our community.

Needlers Update

I previously let the public know that the design of Needlers Fresh Market – a grocery store aiming the fill the O'Malia's vacancy at 126th Street and Gray Road – would be coming soon to the Carmel Plan Commission. I just want to update people that the agenda item was tabled at the Feb. 4 meeting and the petitioner is still tweaking some design and will bring it forth soon. Nothing to worry about, but just wanted to give an update.

Rep. Tony Cook co-authors bill to remove Annual School Reports from newspapers

A bill, co-authored by State Rep. Tony Cook (R-Cicero), seeking to remove publication of school districts' Annual Performance Reports from newspapers has been sent to the Senate after passing the Indiana House of Representatives.

The Annual School Performance Report is arguably the most important report produced by school districts. The report includes information such as student enrollment, number of certified teachers, teacher salary ranges, attendance rates, A-F ratings, percentages of students passing standardized tests, and school suspensions including suspensions and expulsions for weapons, drugs and alcohol.

If the bill passes the Senate, school districts will only be required to publish a summary of the report with an explanation on how the report can be found on

JEFF JELLISON
Publisher's Perspective

the Department of Education's website.

I mentioned Cook co-authored the bill; however, the bill was supported by State Representatives Goodrich, Schai-bley, Huston and Torr – all repre-

sented portions of Hamilton County.

If Cook and the other lawmakers believe placing the report on the DOE's website will provide for more exposure, I'll argue they are wrong.

According to the Hoosier State Press Association (HSPA), 3 million adult Hoosiers read newspapers at least once per week. Also, according to the HSPA, the Department of Education's website, where the performance reports are recorded, only received 14,500 unique page views last year. To put that in perspective, the Hamilton County Reporter's website, which publishes school reports, received

730,664 unique page visits over the last year.

Accessing the report could be troublesome for some internet users.

There are areas of the state that do not have high speed internet, as well as areas without adequate internet service making it difficult to obtain the report.

An older generation of Hoosiers simply do not use the internet and only read print news. This generation of Hoosiers are taxpayers, homeowners and voters, who have spent much of their adult lives engaging in politics and investing in the health of their school districts.

Some low-income Hoosier taxpayers simply can't afford internet service.

If Cook and the other lawmakers believe there is a significant cost savings in not publishing the report in newspapers, I'll again argue they are wrong.

The average cost of a school report published last year in the Reporter was \$600. Many of those

reports were more than a page long. The cost is much less than a business would pay to place the same size ad, and the advertising rate to publish the report is dictated by a state law passed by Indiana lawmakers.

Hamilton County schools are continuously receiving accolades for being some of the best in state. Attracting students to their schools is a competitive process for districts. According to local realtors, people looking to relocate to Hamilton County have used the reports in their decision as to what community they will reside in.

Indiana lawmakers are gradually chipping away at the public's right to know through their attempts to eliminate public notice advertising. Lawmakers that seek to limit the number of people able to access public notice advertising should be held accountable.

Remember 2020 is an election year, and many of our state representatives have opponents on the primary election ballot.

First-round Sectional 8 games

Shamrocks take care of Zionsville, Royals hold off Greyhounds

In last Tuesday night’s two first-round Sectional 8 games, host Westfield took to the court first, and the Shamrocks defended their home gym with a 54-44 win over Zionsville. In the second game, No. 5-ranked Hamilton Southeastern held off a late surge from No. 10 Carmel to get a 51-44 victory.

THREE-FOR-ALL

The Westfield-Zionsville game started as a “three-for-all.” The Eagles used a pair of 3-pointers to take an 10-5 lead with 4:30 left in the first period. Jessica Castor also made a 3 during the early part of the quarter.

But the Shamrocks let loose from beyond the arc in the later part of the period. Alyssa Crockett hit a 3, then Ava Henson drained back-to-back triples, giving Westfield a 14-10 lead. The run continued into the second quarter, with Crockett’s basket putting the ‘Rocks ahead 16-10.

“We did a lot of mental training before and just this whole wee Westfield never trailed again, although Zionsville would remain close for the entire game. The Shamrocks led 27-25 at halftime, but Crockett quickly pushed that lead to 32-25 just a few seconds into the third quarter, making a layin and a 3-pointer.

Westfield coach Ginny Smith said her team had been talking about being mentally tough, “that in this sectional, probably every game’s going to be close,” she said. “We got to be able to take some punches and be able to come back from those. And I felt like to-night we had a really good game plan defensively. I felt like we stuck to the game plan.”

Henson said the team did “a lot of mental training” while preparing for the game. “And I think because of our preparation, that gave us confidence and just to not panic and be calm and play our game, because when we play our game, it doesn’t matter what the other team’s doing. We know that we can come back. They make a shot, that’s over with, we can come back and get the next one. So that’s our mentality. When stuff like that happens, just keep playing and just fix what happens.”

Henson hit a 3 to give the ‘Rocks their largest lead of the game, 35-27, early in the third. Ashtin DeCraene stepped up in the later part of the period, with a triple and two foul shots, making

the free throws with 2:06 left. Neither team scored for the remainder of the quarter, which ended with Westfield up 41-33.

“I think we had a great third quarter, and that’s not been the norm for us this year,” said Smith. “We’ve always struggled somewhat in the third. It was really good to see the kids come out with a level of just grittiness to them. They resolved to not let down. I think it showed in the end.”

The Shamrocks maintained a four- to eight-point lead for most of the fourth period, pulling away in the final minute as the Eagles were forced to foul. Henson made 3 of 4 free throws in the final 18.2 seconds, with Castor and DeCraene both chipping in two.

Henson, a senior, finished the game with 18 points, including three 3s, and led the rebounding with four. Crockett added 16 points and DeCraene scored 10. Olivia Robey helped out with five steals and four assists.

FIGHT TO THE FINISH

The Southeastern-Carmel game started in similar fashion to the first contest, with a back-and-forth first quarter. The Greyhounds’ Hannah Lach opened things up with a 3-pointer, then Jackie Maulucci answered with five straight points, a layin and a 3.

Kiara Gill tied the game with a basket, and Bridget Dunn hit a 3-pointer, but HSE’s Lydia Self made a 3 to tie the game again. Lach drained a second triple to put Carmel up 11-8.

Sydney Parrish then scored seven straight points for the Royals, ending the first period with a jumper, then opening the second with a 3 and a layin. Lauren Morris made the run 10-0 with a 3-pointer; that put Southeastern up 18-11 and it would stay in front the rest of the way.

“We knew coming over here that this wasn’t going to be easy,” said HSE coach Chris Huppenthal. “They got some really, really good players and they battled the whole game.”

The Royals led 27-20 at halftime, with Parrish making a 3 to finish the half. Southeastern then took a 42-29 lead late in the third quarter; Parrish added another nine points, with Self and Morris each hitting another 3-pointer.

Carmel made a 9-0 run that bridged the third and fourth quarters. Kate Clarke started it with a triple, then Dunn’s layin was the final

basket of the third period. Clarke opened the fourth with two foul shots, and a putback from Dunn got the ‘Hounds within 42-38.

“We knew they’d make runs,” said Parrish. “We knew it was going to be a game of runs. I give credit to them for making that run. It’s really hard to come back in the fourth quarter and do that. But credit to our team and our defensive end. We were able to get stops, score, stop, score and handle the ball under the pressure and I think that’s what won us the game.”

Parrish ended the run with a layin, then added two free throws to give HSE a 46-38 lead. Lach cut it to 46-40 with a basket. Southeastern began to drain the clock, and ran it down before Self was fouled in a 1-and-1 situation with 1:39 left. She made both foul shots to put the Royals up 48-40, and HSE was able to hang on from there.

“Something that we’ve talked about all year is, you don’t try to win this game in February,” said Huppenthal. “You start preparing for this back in June and July and get your kids ready to play basketball.”

Parrish finished the game with 25 points, including three 3-pointers, and broke the Hamilton County girls scoring record with a second-quarter putback.

“A lot of it’s my teammates,” said Parrish. “You can’t put up that many points without getting the ball from your teammates and setting you up, so big credit to them.”

“It’s good she has the record,” said Huppenthal. “You look at one of the best players ever to come out of this county as well as the state.”

Parrish was named as one of the 10 semi-finalists for the Naismith High School Girls Trophy, presented to the top girls player in the United States.

“What people get to see here and what we’ve got to see for the last four years is special with her,” said Huppenthal. “She’s obviously a great basketball player. She’s a heck of a teammate.”

Self scored eight points; she and Morris both had two 3s. Parrish led the rebounds with eight, while Maulucci collected seven rebounds and handed out five assists. Parrish also blocked two shots.

Dunn scored 15 points for Carmel and pulled nine rebounds, with Clarke adding 10 points. Dunn had two blocks.

“I am just so proud of them,” said Greyhounds coach Erin Trimpe. “They never quit.” She credited her team with fighting back after getting down by 13 points.

“But HSE is just such a good team, so you have to credit the things that they did,” said Trimpe. “But I was really proud of our effort and the way we fought back and the way we kept in it and didn’t quit, ever.”

The Greyhounds finished their season 15-8.

SEMI-FINAL

I’m excited I get to coach these kids for one more day. And yes, 22 wins is fun and this is a special team, I’ve said that all year, but they’re special because of the way they love each other. It’s just so fun to be a part of.”

DEFENSE TAKES OVER

Noblesville started the second semi-final game strong, leading Southeastern 12-7 after the first quarter. Ashlynn Shade scored nine of those points, including a 3-pointer that gave the Miller a 7-5 lead midway through the period.

But the Royals took control in the second quarter, outscoring Noblesville 16-2. Jackie Maulucci got Southeastern within one after hitting a 3-pointer, then a layin moved HSE ahead 13-12. The Royals would not trail again. Lauren Morris made a 3-pointer, then Makayla Hinshaw scored on back-to-back baskets, following that up with a 3.

Shade hit a putback at the end of the quarter, making the halftime score 23-14. The Royals then cruised through the third period, going on a 15-4 run. Ryan Viele helped out with five points, including a triple. Morris and Maulucci also added 3-pointers.

The fourth quarter was mostly free throws. Sydney Parrish made 13 of 18 foul shots in that period, which helped the Royals keep their lead around 15 points. Lydia Self hit a 3-pointer midway through the quarter.

Parrish finished the game with 15 points and also pulled seven rebounds. Maulucci added 12 points and Hinshaw scored 11. Morris had five rebounds, with Self and Viele both collecting four; Viele also had four steals.

Royals coach Chris Huppenthal said his team did a much better job in the second quarter, and noted that in the third quarter, his team didn’t turn the basketball over.

“When you’re talking about tournament basketball, you put a team’s back to the wall, they’re going to come out swinging, they’re going to come out fighting,” said Royals coach Chris Huppenthal. “That’s what Noblesville did. We told our kids every year, Coach Buckley does a great job of getting her kids ready at this time, two years ago they almost upset a Carmel team on Friday night. We knew they were going to be ready. We knew they were going to box-and-1 us. I just don’t thing we did a very good job of identifying what we needed to identify. But, with all that being said and everything, we’re playing tomorrow.”

Shade scored 24 points, while Mallory Miller pulled seven rebounds. Anna Kiser had five rebounds for the Millers, who finished 10-13.

“I thought we had a strong year,” said Noblesville coach Donna Buckley. “Record-wise, it doesn’t really look like that, but Sagarin, I think had us in the top 20 in the state. We’re young. We played one of the toughest schedules and it’s exciting to know that we bring a lot back next year. The future’s really bright. I’m proud of our seniors and what they did for us. Their leadership was amazing. I feel like we’re headed in a really positive direction, so it’s really exciting.”

GC reaches semi-finals at Chatard

By RICHIE HALL
INDIANAPOLIS - The Guerin Catholic girls basketball team had a goal for its first sectional game: To be able to practice on Thursday.

To do that, the Golden Eagles would have to win their first-round game at Class 3A Sectional 27 last Wednesday at Bishop Chatard. Guerin did so, easily, beating Shortridge 50-21.

"We didn't want to talk wins and losses, we just wanted to be able to practice tomorrow," said GC coach Marc Quaranta. "We got to go in and work hard, because Friday's going to be a pretty tough challenge."

Guerin Catholic never trailed against Shortridge, but the game was a scrappy one. The Golden Eagles led 13-5 after the first quarter, finishing the period on a 6-0 run. "We pride ourselves on guarding the ball and being aggressive defensively," said Quaranta.

The Golden Eagles began the fourth quarter with a 12-0 run, including five points from Cunningham. Freshman Megan Cobb helped out with four points in the quarter.

"We made a few, not really adjustments, but just tried to emphasize a couple things about helping in the paint and they did a better job in the second half," said Quaranta.

Balance was the key for Guerin. Loso led the scoring with 11 points, followed by Labus with 10. Cunningham added nine points, Dorsey had eight and Ford had seven.

Guerin Catholic fell to Heritage Christian 68-50 in last Friday's semi-finals. Heritage blasted off to a 29-12 lead after the first quarter, then extended that advantage to 46-26 by halftime.
