Carmel Police help save lives by donating plasma

Photo provided
Last Thursday, officers from the Carmel Police Department who previously tested positive for COVID-19, and tested positive for COVID-19 antibodies, began donating plasma to aid the most severely affected by the virus. Carmel Police Chief Jim Barlow said, "We are in a unique position to help those suffering from COVID-19. Through extensive testing, we were able to identify employees who have the much-needed antibodies. As a group, we decided to donate plasma to help in the fight against COVID-19." County employees to receive COVID antibody testing

The REPORTER
Hamilton County employees participating in the County Health Insurance program will soon be provided IgG antibody testing for COVID-19. Riverview Health will provide the testing as part of the county's annual wellness screenings the first week of June.

These screenings are an essential aspect of creating a successful wellness culture," said Human Resource Director Sheena Randall. "In fact, Hamilton County believes this is so important, we provide free employee screenings each year. The idea is to prevent serious health conditions. Annual wellness screenings provide employees a snapshot of their current health and a roadmap to a better health."

The added serology test looks for the presence of antibodies, which are specific proteins made in response to infections. Antibodies can be found in the blood and in other tissues of those who are tested after infection.

"IgG is the body's memory of how to fight an infection," says Hilary Herendeen, Riverview Health employee clinics manager. "However, COVID-19 is 'novel,' or new, which means we're still learning about it. We recommend patients consult their healthcare provider with any questions about their results."

In addition to the antibody testing, county employees will also be screened for anemia, leukemia, electrolytes, liver function, cholesterol, triglycerides, hemoglobin, thyroid, prostate, and blood glucose. Employees who take part in the annual health screening will receive a \$15 discount per pay period on their biweekly insurance premiums beginning Jan. 1, 2021.

Fishers Health Department debuts latest public information from city's COVID-19 testing site

The REPORTER
The Fishers Health Department (FHD) published its COVID-19 dashboard last Wednesday to share public information related to the FHD Testing Site. The data represents Fishers residents who sought testing through the FHD site. Since its launch on April 30, the testing site has had 21 COVID-19 positive cases, with just over 2 percent of the Fishers population tested. A total of 19 percent of those positive cases were from asymptomatic individuals.

"It is important to view these numbers with context: Fishers was one of the first communities in the state to enact a travel advisory and encourage residents to social distance," said Fishers Health Department Chief Medical Director Dr. Indy Lane. "The data for Fishers shows a very favorable outlook, today. The FHD team monitors this data each day to assess the prevalence of COVID-19 in our community and it is vital that we continue to stay vigilant."

Visit bit.ly/2ZL-BI3g to watch a video of Dr. Indy Lane's remarks.

Fishers residents age 18 and up who are interested in receiving a free COVID-19 test through the Fishers Health Department can visit FishersRecovery.com/Testing to take the assessment and access test scheduling. Residents do not need to be symptomatic to receive testing.

"Now more than ever it is clear that the health of communities in the future will require both a strong public health focus alongside the more traditional tenets of a strong and dynamic city," remarked Fishers Mayor Scott Fadness. "We have the right public health team leading, and I have no doubt our residents will see the positive impacts of having a local department ensuring their health and safety are a top priority."

Summary of Findings
The data set is reflective of the Fishers Health Department testing site, which a situational awareness as reported through the assessment tool used when residents reserve a testing appointment. A real-time dashboard is available at fishers.in.us/coronavirus or FishersRecovery.com.

105 small businesses will benefit from county grants

The REPORTER
The Hamilton County Stabilization Fund for Small Businesses has selected 105 small businesses to grant funds to in response to the COVID-19 pandemic. In total, they will receive \$743,205 in grant money. That money was approved by the Hamilton County Commissioners at their meeting last Tuesday.

"We launched this program to assist small businesses in Hamilton County that were forced to close during the economic shutdown," County Councilor Fred Glynn said. "This program is a lifeline to those businesses. For many, this program was their last attempt to avoid closing permanently."

Each business has been granted anywhere from \$1,000 to \$10,000 based on their demonstrated need. Grants can be used for payroll, utilities, rent, mortgage, insurance and products directly used in production of a product for sale.

Preference was given to businesses that had not received abatements or incentives from the federal government, state government, or any local government entity.

"I am a firm believer that government should help when there is a legitimate need and this is a perfect example of that," said Todd Clevenger, a grant administrator for the Hamilton County Auditor's Office and member of the selection committee. "By funding the program, the County Council and Board of Commissioners have done a great thing that will positively affect so many people."

Grant recipients must show proof that they are in good standing with the Indiana Secretary of State before funds can be disseminated.

Noblesville Police to get new safety tech by end of summer

The REPORTER
The City of Noblesville is partnering with BodyWorn by Utility to provide the Noblesville Police Department (NPD) with body worn cameras before the end of the summer as part of ongoing commitments to increase transparency and effectiveness of community-based law enforcement and public safety efforts.

Funding for body worn cameras was included in the 2020 police department budget approved by the Common Council last fall. Noblesville leveraged its purchasing power and vendor selection options to obtain active shooter response technology that could be fully integrated into the body camera communication and dispatch platform.

The active shooter response technology directly communicates in real time with NPD body worn cameras in the event of an emergency and gives an exact GPS location with a floorplan of a gunshot for an immediate officer response to all officers on duty wearing a body worn camera. This immediate integration has not been previously deployed anywhere in the nation and saves valuable minutes on time that would otherwise be lost on a 911 call and dispatch.

Gunshot detection devices are also being offered through the City of Noblesville to other public and private entities in the community who are interested. This offering is unique and marks Noblesville as the first in the country to offer gunshot detection devices to public and private

Westfield cuts ribbon on Monon Trail Pedestrian Bridge

The REPORTER
The City of Westfield last Thursday cut the ribbon on the long-awaited Monon Trail Pedestrian Bridge. It spans State Road 32 and a future extension of Tournament Trail near Wheeler Road. The structure is almost twice as long as the Monon Trail Bridge over 146th Street.

"We are excited to cut the ribbon on this new and highly anticipated addition to the Monon Trail," said Mayor Andy Cook. "This new amenity will improve connectivity and encourage people to get out and stay active."

The structure will not only allow pedestrians on the Monon Trail to cross State Road 32 safely and unimpeded, but will also serve as an attractive gateway into the city. The City of Westfield received federal funding for the bridge project through the Metropolitan Planning Organization. The city paid its portion through impact fees.

About the Monon Trail
The Monon Trail was established in 1996 paving the way for the former railroad route to become a premiere greenway in Central Indiana. It runs more than 24 miles from Sheridan to downtown Indianapolis. The economic impact of the Monon Trail was highlighted in the 2015 Regional Cities Initiatives Development Plan which reported that the trail enhanced residential property values by an average of \$13,000 or more in its corridor.

Sandra Marie Beam

August 12, 1939 – May 22, 2020

Sandra Marie Beam, 80, Sheridan, passed away on Friday morning, May 22, 2020 at Riverview Health in Noblesville. Born August 12, 1939 in Lebanon, Ind., she was the daughter of the late Joseph Maurice and Esther Louise (Portis) Padgett.
She attended elementary school at Center Township School #5 and high school at Sheridan where she was a cheerleader. Later in life Sandra earned her GED through Brownsburg High School. Sandra always put everyone in her life first, and this was one of the few times that she did something just for herself.
Farming always seemed to be in Sandra's blood. She assisted her late husband with their farm responsibilities. From keeping the books to helping in the fields, she enjoyed the many aspects of farm life. She loved hopping on a tractor and ripping through the fields getting everything ready to be planted, and good luck getting her out of the combine or off the baler during harvest time. She felt most at home when she was at the center of everything going on at the farm.
Sandra was a private person; however, she and Dale seemed to be a part of every farm club imaginable. They were a package deal, and depending on the event, she was either Dale's sidekick or he was hers; if one of them was somewhere, the other wasn't too far behind. Sandra was a member of the Jr. Women's Club, Young Farmers, Flywheelers Tractor Club, Central Indiana Antique Tractor Association, Mid America Threshing Association, and Johnson County Antique Machinery Association. She was also a Brownie Troop Leader for many years.
She enjoyed sewing, gardening, crocheting, and crafting, but caring for her animals was one of her favorite things to do. She loved taking care of her pigs so much that she ended up making pets out of them.
Sandra loved her family very much, and that included her church family at Christian Liberty Church.
She is survived by her daughter, Rhonda Darlene Beam, Sheridan; brothers, John W. Padgett (Donna), Sheridan, and Jeffrey Wayne Padgett, Sheridan; sisters, Jane Ann Padgett, Cicero, Wanda Kincaid, Indianapolis, Sonja Williams, Lebanon, and Sue Spencer (Jim), Crawfordsville.
She was preceded in death by her parents; and by her husband, Donald Dale Beam, on November 9, 2019. She and Dale were married on January 1, 1956.
Graveside services were held on Saturday, May 30, 2020 at Spencer Cemetery in Sheridan. Jim Spencer officiated.

Charles Michael Burkhardt

Charles Michael Burkhardt, 66, Yukon, Okla., and formerly of Cicero, passed away May 9, 2020 in Oklahoma. He was born October 27, 1953 to Charles Richard and Elizabeth (Heinzman) Burkhardt.
He was a graduate of Hamilton Heights High School with the Class of 1971. He first obtained an Associate's Degree in computer programming in Oklahoma City, Okla. He then earned a BS Degree from Rose Hulman Institute of Technology specializing in chemical engineering. He also was a member and captain of Rose Hulman's track team.
Michael, as he was known, had worked for Enron Oil & Gas Company first designing vendor price comparisons for engineering services and later assisted in the design of sections of production, accounting, and tracking systems for daily well data, and lastly designed a drilling report program. He also wrote a production report program for Oakland Oil Company and designed a database system for the Oklahoma Horse Racing Commission.
His family attested that he was primarily a petroleum engineer, reservoir engineer for underground natural gas storage and involved in pipeline mapping. He wrote scientific computer programs for well performance evaluation using reservoir simulation programs to determine volume versus pressure curves, calculate gas reserves and retrograde condensate recovery. This process would aid in maintaining storage field deliverabilities by stimulation and acid cleanup programs.

Mary Ellen Shepherd

September 3, 1946 – May 23, 2020

Mary Ellen Shepherd, 73, passed away Saturday morning, May 23, 2020 at her home in Sheridan, surrounded by her loving family. Born September 3, 1946 in Wartburg, Tenn., she was the daughter of the late William F. and Laura U. (Bunch) Isham.
She was a 1964 graduate of Arsenal Technical High School in Indianapolis. Mary worked for RCA for nine years before leaving the company to start a family.
Mary loved being a grandmother. She sewed and quilted, making sure all her children and grandchildren had their own individual handmade quilts. She also loved making wedding dresses for the family. Like most grandmothers, her family was her everything. She was a second mom to her kids' friends when they were growing, and the bonus grandma to her grandchildren's friends. However, unlike most grandmothers, Mary had a passion for fast cars. This was no idle passion; grandma was an actual street racer in her younger years, something that her grandchildren took great pride in. Not everyone has a "cool grandma" who raced cars back in the day. There was just something about the older muscle cars that couldn't be put into words. Ask any of the grandkids and they will tell you that grandma's favorites were the '69 and '73 Charger.
As Mary's family started to grow, she knew it was time to go from power to practicality. The Hemi engines became station wagons and vans, the races turned into family road trips, and the memories of faster days turned into adventures that you wish would slow down and last forever. Mary loved to travel and managed to visit the lower 48 during her trips around the country. Hawaii and Alaska were the only ones that got away. She was also an avid reader and loved her animals.
Mary was a member of the Wesleyan Christian Church of Indianapolis.
Mary is survived by the love of her life, Clarence A. Shepherd. She and Clarence were married on November 6, 1965. She is also survived by her son, Clarence D. Shepherd, Beech Grove; three daughters, Mary Lucille "Lucy" White (Cory), Sheridan, Lora E. Ridge (Joe), Sheridan, and Rachel Leah Shepherd, Lebanon; eight grandchildren, Clarence T. Shepherd (Rebecca), Makyle Shepherd, Noah White, Caleb Miller, Haleen Shepherd, Isaac Scaggs, Zora Shepherd and Halley White; one brother, Ronald Isham (Sandy), Martinsville; and three sisters, Inez Stewart (David), Indianapolis, Betty Isham, Indianapolis, and Brenda Sallee, Indianapolis.
She was preceded in death by her parents, and her grandson, Aaron Scaggs.
Graveside services were held on Thursday, May 28, 2020 at Crown View Cemetery in Sheridan. Reverend J.C. Phillips officiated.
Arrangements have been entrusted to Kercheval Funeral Home in Sheridan. Condolences: kerchevalfuneralhome.com

She enjoyed her role as a wife, mother and grandmother and looked forward to family gatherings. She also had worked for over 20 years as a nurse's aide at Tipton County Memorial Hospital, retiring in 1984.
She was a member of Trinity United Methodist Church, Trinity Circle, Cicero Order of Eastern Star, Noblesville Senior Citizens Organization, Hi-Neighbor Home Economics Club, and served as a volunteer for Senior Services of Noblesville.

County 4-H Council announces limited in-person 4-H Fair exhibit

The REPORTER

After careful thought and consideration, the Hamilton County 4-H Council has made the decision to move forward with plans to host an in-person 4-H Fair Exhibit for 2020. This event will be open only to 4-Hers, their families, staff and volunteers. There will be many individual project changes to ensure a safe experience for youth, but the 4-H Council says the 4-H community can rise to the occasion with everyone's help.

Hamilton County 4-H Council will follow Purdue University's requirements for having an in-person event and is currently working through the logistics for implementation. 4-H officials are working closely with the Hamilton County Health Department to follow state and local guidelines, including complying with the Indiana's Back on Track plan. The 4-H Council will be ready to move to a virtual event should a COVID-19 local hotspot develop or should Hamilton County not

be at Stage 5 status. The 2020 in-person Hamilton County 4-H Fair Exhibit will go forward if the county continues to progress through the stages outlined by Governor Holcomb. Stage 5 must be reached by July 4.

4-H officials and Purdue Extension staff will develop a virtual component alongside the in-person plan for 4-H members who are unable or choose not to participate in the live event.

Some examples of changes include:

- July 16-20 will continue to be the dates for the Hamilton County 4-H Fair. However, some judging events that typically occur during this window may be moved to accommodate social distancing and to spread out 4-H events.
- Non-animal project judging will be "closed judging." 4-H members will not be present during judging.
- Livestock shows will be a "show and go" format. There will be no animals staying overnight.

- Audiences will be limited to 4-H members and their families. Streaming of live events will be available.
- All 4-H'ers, 4-H volunteers and staff may be required to wear face coverings when engaged in 4-H activities where social distancing is not possible. Contact tracing will also be required to follow the recommendation of the Hamilton County Health Department. There will be face covering expectations and those are continuing to be clarified.
- No special events will be held in conjunction with the 4-H exhibits.

The Hamilton County 4-H Fair is organized and sponsored by Purdue Extension Hamilton County and the Hamilton County 4-H Council. For more information about the Purdue Extension Service and their commitment to providing educational resources during the COVID-19 pandemic, contact Purdue Extension Hamilton County at (317) 776-0854 or visit extension.purdue.edu/hamilton.

Boys & Girls Club of Noblesville opens summer program registration

The REPORTER

After making the tough decision to close its doors to members more than 11 weeks ago, the Boys & Girls Club of Noblesville (BGCN) has announced plans to re-open for summer programs. Multiple committees of board and staff members plus local health experts have been meeting the past few weeks to determine the safest way to re-open the Club.

The plan is to operate Camp Crosser beginning Monday, June 8 and Club Daybreak on Monday, June 15. Both programs are scheduled to run through July 31. The Club's youth volleyball league will begin with practices on June 15. All dates are dependent upon the progress of the state's Back On Track Indiana plan.

"The safety of our Club Kids and our staff are always our first priority when it comes to re-opening the facility," said BGCN Executive Director Becky Terry. "We've had to make a few tweaks to our summer programs to ensure that we're all able to adhere to procedures and recommendations from the CDC and our local health department. We can't wait to see our members again, very soon."

Some of those changes include the following:

- Club Daybreak and Camp Crosser sessions will now take place from 8 a.m. to 4 p.m. Monday through Friday.
- Spots will be limited for both programs: 100 members per day for Club Daybreak and 60 campers per day for Camp Crosser.
- Members will now register for the entire week for both Club Daybreak and Camp Crosser.
- New sanitary and safety protocols have

been created and implemented to ensure the safety of members and staff such as:

- Daily health status screenings
- Extra handwashing and sanitization stations
- Frequent sanitizing of program areas
- Added social distancing best practices limiting unnecessary contact
- Limit group sizes to 10 members per area with 10:1 member-to-staff ratios

HSE school board: Decision on starting school in August can't be made now

By LARRY LANNAN
LarryInFishers.com

After the submission of two petitions – one with roughly 219 signatures by Board President Michelle Fullhart's count – Hamilton Southeastern Schools assured the public the school district wants to start school as normal in August, but there is no way to make that decision now. Fullhart read a statement from the board assuring the public nothing is being hidden from them, contrary to rumors being circulated within the school district community.

"We are not hiding anything," according to the board statement, read by Fullhart at the May 27 meeting. "We honestly do not

know what Hamilton Southeastern Schools will be doing yet because it is too early to make those decisions."

The school corporation has a task force, which includes staff and parents, as well as school board members, looking into all the options. Superintendent Allen Bourff said at the board session that the comments from the petitions will be considered in the task force deliberations.

"Any decision is dependent on the guidance we are given by the state, CDC

Fullhart

Bourff

[Centers for Disease Control] and local health departments," according to the board statement. "We cannot make any promises at this point and no petition or amount of e-mail will cause a decision to be made prematurely."

You can listen to the board statement as read at the school board meeting by President Fullhart at bit.ly/2zDWebF. There is also a brief discussion of the issue after the statement was read between Fullhart and Dr. Bourff.

organizations. Any devices deployed in the community will be directly connected to the NPD body camera communication system to facilitate immediate notification and response. Public safety officials are in communication with public and private entities in the community for future deployment of the devices.

"This fully integrated system allows our police force to have the quickest reaction times possible," Mayor Chris Jensen said. "We are excited to be leading the nation and be able to offer the gunshot detection devices to community partners. This first-of-its-kind community integration puts our city at the forefront of public safety and we thank the police department for putting in the work and finding the best technology out there."

Unlike other body worn camera systems, BodyWorn by Utility has immediate video offload during recording and encrypted cloud-based evidence documentation, which permits immediate evidence review.

"Several body worn camera systems were tested by our officers for more than five months before BodyWorn was selected and backed by the administration," Police Chief John Mann said. "This system includes vital tools we need and cloud-based offload for immediate review in the event of an incident. BodyWorn will allow our officers to be the best at their jobs while strengthening our transparency and accountability."

All 95 NPD officers will be equipped with a body worn camera. Future integration of other public safety tools with BodyWorn is currently being examined.

Carmel Clay Parks finalist for National Gold Medal Award

The REPORTER

The American Academy for Park and Recreation Administration (AAPRA), in partnership with the National Recreation and Park Association (NRPA), announced last Wednesday that Carmel Clay Parks & Recreation (CCPR) is a finalist for the 2020 National Gold Medal Award for Excellence in Park and Recreation Management. The Gold Medal Awards program is sponsored by Musco Lighting, LLC.

Founded in 1965, the Gold Medal Awards program honors communities in the United States that demonstrate excellence in parks and recreation through long-range planning, resource management, volunteerism, environmental stewardship, program development, professional development and agency recognition. Applications are separated into six classes, with five

classes based on population and one class for armed forces.

Carmel Clay Parks & Recreation is a finalist in the Class III category for cities with a population of 75,001 to 150,000. This is the second time CCPR has been named a finalist for the highest honor for a parks and recreation agency, previously winning the National Gold Medal in 2014. After a mandatory sit-out period, 2020 marks the first year the organization is once again eligible to win this prestigious award. CCPR joins three other finalists in their class that will compete for grand honors this year.

“To be named a finalist takes the creativity, innovation, hard work and dedication of a tremendous team. What makes

Klitzing

me most proud is that CCPR has a culture that does not settle for the status quo,” CCPR Director Michael Klitzing said. “We recognize that we can and should continually innovate and improve. Even with the many great things we do to serve our guests, whether members at the Monon Community Center, participants in Extended School Enrichment, or visitors to our parks, we strive to do better – to be the best part of each person’s day.”

Agencies are judged on their ability to address the needs of those they serve through the collective energies of community members, staff members and elected officials. A panel of five park and recreation professionals will review and judge the finalists.

Judges are chosen for their considerable experience and knowledge in parks and recreation on both the local and national levels.

This year’s finalists

will compete for Grand Plaque Award honors this summer, and the six Grand Plaque recipients will be announced live during the 2020 NRPA Conference,

which will be held virtually in October.

For more information on the Gold Medal Awards, visit nrpa.org/goldmedal or aapra.org.

HSE district budget outlook impacts administrators, Hub & Spoke contract

By LARRY LANNAN
LarryInFishers.com

The contract between Hamilton Southeastern (HSE) Schools and the new Hub & Spoke operation looked to be a high priority for the school board and administrators over the past several months. It has taken months to get the contract language right. Purdue Polytechnic, the City of Fishers and Purdue University would all combine with Hub & Spoke to provide new educational programs for high school students.

A total of 71 students had signed up for the program in the upcoming school year. All was ready to go.

Then the novel coronavirus descended upon the state of Indiana, presenting a serious public health challenge, but also

bringing most economic activity in the state to a virtual halt as lockdowns and social distancing were necessary. Although the state is slowly opening up, Governor Eric Holcomb has instructed state agencies to expect a 15 percent cut in funding.

That means state support for public schools, which is sizable, can expect a substantial cut as well.

What does that mean for the proposed contract between HSE Schools and Hub & Spoke? School board members decided last Wednesday night to delay any contract with Hub & Spoke until sometime in the spring of 2021. Board members were greatly saddened by the news, and regretted not being in a position to move forward.

Hub & Spoke is a new operation on 106th Street

near the Nickel Plate Trail, focused on the building trades. Training high school students in the building trades was part of the planned contract with Hub & Spoke.

Superintendent Allen Bourff told the board school administrators' jobs are already being combined in an early effort to cut costs. Bourff said if the state cuts support to schools by 10 percent, that would cost HSE Schools \$15 million. But if the cut is the same as state agencies at 15 percent, that would cost the local school district \$20 million. That’s 8 percent of the district’s 2020 budget of roughly \$250 million.

Governor Holcomb has not indicated how much local school districts would be impacted by much-lower-than-expected state revenues this year.

Mabor Majak developed into a strong leader for the Royals

By **RICHIE HALL**

It would be difficult to find a high school basketball player in Indiana who has had a more amazing journey than Hamilton Southeastern's Mabor Majak.

Majak came to Indiana from South Sudan five years ago, a tall kid walking into a brand-new culture and a state with a well-known obsession for basketball. Five years later, Majak is a two-time Indiana All-Star and will soon be a Division I player for Cleveland State University.

"I think it's something special," said Majak. "I've been so surrounded by really incredible people that pushed me to be better every day, including Michael, my guardian."

Majak also credits his teachers, who he called "really supportive" and the entire Southeastern community as well.

"They helped me strive to be better every day," said Majak. "That's part of what helped me to where I'm at today."

After coming to Indiana, Majak settled in at Fall Creek Junior High School, where he was an eighth-grader during the 2015-16 school year. While Majak showed an interest in basketball, he had some work to do physically, especially when it came to his weight. When he came to Indiana, Majak weighed "around 167 pounds," he said, while "standing at like 6-10."

"You could tell in junior high he was raw, just trying to get things figured out," said Royals head basketball coach Brian Satterfield.

"I was fast when I first got here, but I wasn't strong enough," said Majak.

"I think everybody assumed that they see a kid who's seven feet tall and assume he can play," said Michael Fox, Majak's guardian. Not only that, but Majak also had to answer questions about how tall he was. (For the record, he now stands 7-foot-2.)

"He's always handled that with a smile on his face and been kind, especially to kids," said Fox. "But I think that does wear

on him a little bit, from a basketball standpoint – plug the 7-footer in and let him play."

Still, Majak wanted to play. "It was something new and I was excited," he said. "I overlooked everything that could have been a negative thought when I started."

One of the first things Majak did was begin to put on weight. His plan to do so was simple: "I ate a lot," he said.

"Before coming here, I didn't eat that much," said Majak. "Being in a secure environment like Fishers, there's really nothing to worry about. And when you have no worries, it's easy to gain weight and get stronger." Majak continued to get stronger, and now weighs 230 pounds.

Majak played mainly junior varsity in his freshman season, although he did get into a few varsity games during that year. He then became a full-time varsity player beginning with his sophomore season. All the while, Majak continued to put in the work to get better, and got some help from Lonnie Jones, a fellow 7-footer who played at Ball State. Fox called Jones a "great mentor" to Majak.

Majak continued to get stronger and faster, to the point where his speed became an asset to the team.

"You don't see too many 7-footers in high school being able to run a sub 5:30 mile," said Satterfield. The coach said a requirement for Royals players is to run the mile in a certain time. The guards get one time, while the big guys get 15 or 30 seconds added to that time.

"He had no issues with that and he was always running with the majority of the guards," said Satterfield.

During his sophomore and junior seasons, Majak made solid progress. He averaged 8.0 points and 5.6 rebounds per game as a sophomore, then 8.4 points and 5.7 rebounds in his junior year. Majak also established himself as a solid shot blocker, with 1.5 blocks per game in his sophomore season and 1.2 as a junior. He was

Hamilton Southeastern's Mabor Majak has been on a remarkable journey, starting with his arrival to Indiana in eighth grade. By working hard and getting stronger, Majak was named as an Indiana All-Star and will play Division I basketball at Cleveland State University.

named an Indiana Junior All-Star at the end of that season.

"I've worked on all aspects of the game," he said. "I did a lot of ball-handling in the off-season."

Majak stayed in the low post, though, as he knew that's what would benefit the team. He is capable of playing an outside game – in fact, he made a 3-pointer last season. But, he noted, "When

you're 7-foot-2 in high school and the guy guarding you is 6-5, there's no point in shooting a 3 when you could easily catch the ball and shoot over them."

Majak then had a spectacular senior year. He averaged 11.2 points and 10.0 rebounds per game, making him the only Hamilton County player to average a double-double for the season.

Majak also was far and away the leader in blocked shots, with 2.6 per game.

"This past year, he along with our other guys always did a great job of the leadership standpoint," said Satterfield. "He's always out there working hard, doing things the right way, leading by example and trying to help with the team chemistry."

"I became a leader as the years went by," said Majak. "Just making sure I'm uplifting the player next to me and all that, and also listening to the coaches and leading by example."

Majak was rewarded for his season by being named as an Indiana All-Star at the end of the season. He would've gotten to play in the Indiana-Kentucky All-Star game, but that was canceled due to the COVID-19 pandemic.

"In terms of my playing, for the most part I'm happy with the way I played," said Majak. "There's always going to be regret about certain aspects, but I loved the guys that I played with. They put their heart out on the court and that's what I love about this last season."

So, it's off to Cleveland State for Majak. The Vikings are a Division I team that plays in the Horizon League. Majak had several conversations with Cleveland State's head coach, Dennis Gates, and said the Vikings recruited him hard. Majak is one of six players that signed with Cleveland State, and that class is ranked by Rivals.com as the top class in the Horizon League.

"One of the things that I've always preached about is having a relationship with the coaching staff and making sure you have the right fit," said Fox. "I just think Mabor built a relationship with Coach Gates and his staff. He was a guy they were going to build around."

"And their staff is really into big men," said Majak. "They have really shown that they could really develop me into a good player and a leader. That's exactly what I was looking for in a coach and a program."

Inaugural Dye Invitational is a success

Carmel's Drew Wrightson was part of a three-way tie for second place at the Pete and Alice Dye National Junior Invitational, which took place last week at Crooked Stick Golf Club in Carmel. Wrightson, who just finished his junior year at Brebeuf Jesuit, scored a 220 over 54 holes.

By **RICHIE HALL**

CARMEL - The inaugural Pete and Alice Dye National Junior Invitational had two basic goals: Showcase the best young golf talent in the country and honor the legacy of two golf icons.

It was mission accomplished on both counts.

The tournament finished up play last Wednesday afternoon at Crooked Stick Golf Club in Carmel, the course the Dyes designed and lived on for many years. Each hole featured quotes about the couple, and it was easy to feel their presence everywhere.

"It was important to the committee to put on a great championship event for the kids," said Tony Pancake, Director of Golf at Crooked Stick. "But the real reason we're doing this is to honor

or Pete and Alice. And we want this next generation of future tour players to have a better understanding of who the Dyes were and the impact they had on the game. That's why we have the flags around the course, that's why we have the quotes around the course, and the pictures and the accomplishments of Pete and Alice displayed around the club."

The invitational featured 33 boys players and 33 girls players, a nod to the Indianapolis 500, which features 33 drivers in that race each year. Most of the golfers were from Indiana and nearby states, but there were a couple from Florida, three from Texas and one from Arizona.

Locally, eight golfers from Hamilton County participated in the event, five boys and three girls. The highest finisher from the county was Carmel's Drew Wrightson, who just finished his junior year at Brebeuf Jesuit.

Wrightson finished in a three-way tie for second place with a 54-hole score of 220, four over par. He finished with a 76 in his third round, making two birdies along the way. He shared second place with Jordan Gilkison of Springboro, Ohio and John Daly II of Clearwater, Fla., the son of John Daly, who won the PGA Championship when it was played at Crooked Stick in 1991. "I played pretty well," said Wrightson. "Pretty pleased with my first tour-

namment back. I can't complain."

Wrightson was just one of the players who enjoyed the experience of getting to play in the tournament, on his home course, too.

"It was awesome," said Wrightson. "Just being able to honor Pete and Alice Dye, just two incredible figures in golf is just absolutely fantastic. And to be on my home course, too, it is pretty sweet."

Two other local boys finished in the top 10. Noblesville's Clay Merchant placed seventh with a 223, shooting 74 in the third round. Merchant made three birdies on Wednesday, and was one of a handful of players to make an eagle during the tournament, which he did during Tuesday's first round.

"It's turned out to be a great event," said Merchant. "I think this field will get better and better every year because they took the opportunity and made it happen."

Carmel's Luke Prall was part of a three-way tie for eighth-place, carding a 224 for the tournament. Prall shot a 74 for his third round, which he finished strong by making birdies on two of his last three holes.

Prall also enjoyed the tournament, especially since Crooked Stick is home course as well.

"I wanted to play well," said Prall. "I'm glad I ended up playing pretty good."

Fishers hires Garrett Winegar as Head Varsity Basketball Coach

Garrett Winegar has been named new Head Varsity Basketball Coach at Fishers High School. Winegar will replace Matt Moore, who led the Tigers for the past three seasons and recently accepted a position at Warsaw High School. The appointment was approved at the May 27, 2020 school board meeting. Winegar comes to the Tigers after serving Warren Central as the head coach for the 2019-20 season. Winegar

led the Warriors to an 18-6 record and concluded the season with a close loss to the Lawrence North Wildcats. Winegar has taught in the physical education department and has been on the basketball staff at Warren since 2016. Prior to his assignments with Warren, Winegar spent some time in the Bloomington area and was on staff with the Bloomington South program. Winegar is a 2014 graduate of Indiana University with a BS in Sports Communication and a 2015 graduate of the IU Community of Teachers Program. Winegar will teach in the physical education department at Fishers High School.

"We are excited to welcome Garrett Winegar to Fishers High School," said Fishers Athletic Director Rob Seymour. "We believe that Coach Winegar brings a dynamic set of skills that will add value to our physical education department, our basketball program, and our athletic department. We look forward to the leadership and the impact that Coach Winegar will have on the Fishers community." "My wife and I are extremely excited to join the Tigers family and begin this journey leading the Fishers basketball program," said Winegar. "We love this community, and I am ecstatic about

the opportunity to mentor the young men who will represent Fishers on the court, in the classroom and in our community. "My vision for the program is to develop high character kids who work hard, put the team first, and become leaders. Our program puts an extreme emphasis on player skill and personal development, and in our program kids will reach their basketball potential and become better young men, leading to on court success as a team." Winegar and his wife, Sable, just celebrated the birth of their son, Guyton Scott, this past April.

finished with a three-day score of 235, including a 76 for his third round. Suriani made three birdies in that round. Carmel's Clay Stirman totaled 236 for the tournament, shooting a 74 in the third round. That included two birdies. On the girls' side, Westfield's Jocelyn Bruch tied for fifth place with a score of 223. Bruch finished her

third round with a one-over par 73; she began play that round by making two birdies on her first two holes. "I was so thankful that Crooked Stick gave us the opportunity to play," said Bruch. "I think this is probably one of the first tournaments that people have been able to play since the quarantine. They ran the tournament so well. It was definitely run as well as

any tour event. We're just thankful to the members letting us come out here and play and the course was in amazing shape." Carmel's Katie Kuc finished the tournament with a 246, shooting 78 for the third round. Another Carmel player, Guerin Catholic's Angelica Pfefferkorn, finished with a 258, including a 92 for the third round. Both players made

one birdie. Both the boys and the girls championships were claimed by Kentucky players. Laney Frye of Nicholasville, Ky. (a suburb of Lexington) finished with a score of 214, or two-under par, making her the only player to shoot under par for the tournament. John Marshall Butler of Louisville won the boys division, with an even par 216.

PREVAIL
Advocating for Victims of Crime and Abuse
www.prevailinc.com

I was born and raised right here in Noblesville. I grew up in a home without domestic violence or assault – it wasn't something I saw, or even heard about. But when I was introduced to Prevail of Central Indiana, I was shocked by the number of individuals who are affected by domestic violence. In 2018 alone, Prevail helped more than 4,000 clients in Hamilton County. (Nearly 80 percent of clients are women and children.) Domestic violence and abuse are hard topics to discuss, so you don't often hear about them. But at Tom Wood Volkswagen in Noblesville, we're breaking the taboo and raising awareness for Prevail, an organization that helps families in Hamilton County.

To help Hamilton County families affected by domestic violence and sexual abuse, you can donate the following items:

- Art supplies (for children to journal and express their emotions)
- Bottled water (8 oz. bottles, preferably)
- Individually packaged snacks
- Gas cards (many women have no access to funds after fleeing their abuser)
