HSE graduation plans changed

By LARRY LANNAN LarryInFishers.com

The decision by Indiana Governor Eric Holcomb not to move to Stage 5 in COVID-19 recovery, but go to what he describes as Stage 4.5, has created changes in the plans for two local high schools, Fishers and Hamilton Southeastern.

HSE Schools announced the changes Thursday. Below is the text of the new guidance for the ceremonies from the HSE School District.

In order to comply with the Indiana Executive Order 20-35, which states Indiana must refrain from fully transitioning to Stage 5 re-opening, we are altering our in-person graduation plans.

The graduation plan as of July 2, 2020 is as follows:

• The previously announced ceremony at the football field has been replaced with a modified ceremony.

• A "graduation walk" will now be held over the course of two days, July 10 and July 11, in the auditorium.

· Graduates will be as-

signed a day (July 10 or July 11) and one-hour time slot (between 8 a.m. and 7:30 p.m.) to receive their diploma. Unfortunately, we are not able to accommodate specific requests for date/time.

- Attire for the event:
- Graduation gown

• Mortar board (cap) and tassel (wear on the right side)

· Class medallion (students will receive upon arrival)

· School issued honor cords (if applicable)

• Official HSE face covering (provided upon arrival at "graduation walk") for graduates only.

More information:

 Graduates will be brought into the auditorium, one at a time, in groups of 45 per hour.

 Specific details of your student's date and time slot, as well event procedures, will be provided no later than Monday evening, July 6.

Immediate family members will be permitted to accompany the graduate when they receive their diploma.

'Tenderloin Tuesdays' returns for 11th year

The REPORTER

The popular Tenderloin Tuesdays summer promotion returns this July, with a focus on supporting the local restaurant community impacted by COVID-19. This is the 11th year Hamilton County Tourism will celebrate the iconic breaded pork tenderloin sandwich with its local campaign.

"We recognize this has been an incredibly difficult year for our local restaurants, and we want to do everything we can to drive business to them," said Ashley Ledford, Director of Marketing and Promotions. "Instead of asking restaurant partners to offer discounts and deals, we're asking consumers to show

up and support restaurants through dine-in or carryout."

Tenderloin Tuesdays is each Tuesday in July, beginning Tuesday, July 7. Patrons are encouraged to visit one of more than 50 local restaurants along the Tenderloin Trail in Hamilton County and dine-in or carryout a breaded pork tenderloin sandwich. A full list of restaurants can be found at TenderloinTrail.com.

'Even though the promotion is different this year, we know both residents and visitors enjoy participating in this tradition," said Led-"Hamilton County ford. Tourism hopes to bring the promotion back to its full capacity in 2021."

Letter to the Editor-**Bill Shaffer wants** Carmel free from debt

Dear Editor:

As the rest of the nation celebrates Independence Day, taxpayers in Carmel and Clay Township suffer even more taxation without representation.

Make no mistake: Debt is tax. And, Carmel is awash in \$2.4 billion of it.

Most recently, Clay Township's total outstanding debt skyrocketed three and a half times, from \$35.1 million to \$122 million, according to the In-

diana Department of Local Government Finance. Carmel's total increase \$25-50 million waiting in the wings.

And, virtually every dime of it borrowed without taxpayer approval.

I understand why the city canceled the parade and CarmelFest. I only wish this July 4th that the servants of the people would cancel some of its debt.

Throughout much of your working life, you contribute to your 401(k), IRA and other investment accounts to help ensure a comfortable retirement. However, once vou do retire.

you'll need to shift your focus somewhat from building these investments to using them – in other words, you'll have to start withdrawing from your portfolio to meet the costs of living. How can you be sure you're not taking out so much that you risk outliving your resources?

First of all, you need to establish a proper withdrawal rate – the percentage of your portfolio's value needed for one year's worth of retirement expenses. Ideally, if you were to stick with this rate, your portfolio would last as long as you do. Your withdrawal rate should be based on a number of factors, including your age, amount

Aspire Indiana Health has introduced Video in Person, aka ViP, as its branded name for medical and behavioral health appointments that take place through a video meeting on a computer, smartphone or other device.

Video in Person/ViP will be the language the fully integrated non-profit healthcare provider will use going forward to distinguish between appointments that take place at one of its six Central Indiana locations or over ViP (rhymes with "zip").

As Indiana sheltering rules ease, Aspire is determined to be proactive in offering choices to its patients in how they receive services. Whenever someone requests an appointment, they will be asked if they prefer to have it at a clinic or by ViP. They also have the option to come into a clinic and be provided with a device to see a ViP provider.

Aspire was uniquely positioned to pivot to ViP appointments during the early stages of pandemic, going from an average of seven ViP appointments per day to more than 700 per day in just two weeks. Even as its clinics have reopened to regular appointments, the experience solidified the belief that a permanent transition of a significant portion of its services to Video in Person is something patients will accept and even prefer.

"What we've learned is that Hoosiers are recep-

tive to receiving healthcare this way, particularly on the behavioral health side. But no one really knows what to call it," said Christopher Lloyd, Director of Branding and Communi-cations. "Telehealth' and 'telemedicine' are really outdated terms as they imply a voice-only telephone call, which patients do not embrace."

"With ViP we want to emphasize this is still an interpersonal, face-to-face encounter with a healthcare professional. You can see them, and they can see you. It just happens over a one-click video meeting on your computer or mobile device. Thus, video... in person."

Aspire uses Google Meet for nearly all its ViP appointments, since it is a stable, secure, and HIPAA compliant platform that ensures privacy. Patients are sent a unique link they click on to join the Video in Person meeting on a video-capable device. Aspire has even provided free smartphones to low-income patients who lack them.

"Serving the at-risk population remains at the core of the Aspire mission, and many of those patients experience difficulties in physically getting to a clinic due to a lack of transportation, mobility issues or getting time off from work. ViP is another vehicle for removing barriers to accessing healthcare," said Barbara Scott, Aspire President and CEO.

TODAY'S BIBLE READING

And Judas and Silas, being prophets also themselves, exhorted the brethren with many words, and confirmed them. And after they had tarried there a space, they were let go in peace from the brethren unto the apostles. Notwithstanding it pleased Silas to abide there still. Paul also and Barnabas continued in Antioch, teaching and preaching the word of the Lord, with many others also. And some days after Paul said unto Barnabas, Let us go again and visit our brethren in every city where we have preached the word of the Lord, and see how they do. And Barnabas determined to take with them John, whose surname was Mark. But Paul thought not good to take him with them, who departed from them from Pamphylia, and went not with them to the work. And the contention was so sharp between them, that they departed asunder one from the other: and so Barnabas took Mark, and sailed unto Cyprus; And Paul chose Silas, and departed, being recommended by the brethren unto the grace of God. And he went through Syria and Cilicia, confirming the churches.

IGA Age Group Championship . . . Cesare victorious in Boys 15 division, four county girls are winners

Alec Cesare led the way for the Hamilton County boys, and four county girls were winners in their respective divisions at the Indiana Golf Association's Age Group Championship, which took place Wednesday and Thursday at the Pete Dye course at French Lick.

Cesare won the Boys 15 division by a four-stroke margin, with a two-round total of 142. Cesare carded a three-under par 67 in his first round, including an eagle on the second hole. He also made five birdies over the course of the tournament.

Two Carmel boys had runner-up finishes: Luke Prall tied for second in the Boys 18 division and Owen Sander was runner-up in the Boys 16; both had four birdies. Mattingly Upchurch tied for second in the Boys 12, making eight birdies for the tournament.

In the girls divisions, the Pfefferkorn sisters of Carmel were winners in their age groups. Angelica Pfefferkorn was first in the Girls 18 category, while Christina Pfefferkorn won the Girls 16. Both made two birdies in their tournament runs.

Two young Carmel golfers also were victorious in their age group. Michaela Headlee was the Girls 14 winner, while Claire Swathwood was first in Girls 13. Swathwood had six birdies for the tournament, while Headlee made five.

Rules on virtual courses, special pre-season events . . . **IHSAA** passes two temporary amendments

amendments during its Executive Committee meeting on June 25.

The amendments involve Rule 18-7, Alternative Courses, Section (d) Virtual Course. The change was made due to the COVID-19 pandemic, allowing the Commissioner to alter the minimum number of virtual courses a student may take during a grading period. The rule change came about as member schools want to allow students to take most of their courses online.

Rule 54-6 address Special Pre-Season Events, and provides details for schools that are competing in controlled scrimmages or jamborees. This change was designed to allow schools flexibility with regards to athletic eligibility given the conditions that may be seen in the the Virtual Course is made to the IHcoming year.

to alter the minimum number of Virtual Courses a student may take during a grading period (currently Thirty percent (30%)). But it also limits the alteration by requiring all students to attend a minimum of One (1) full credit course at the School during any grading period. Note that without this amendment, the Commissioner would be unable to make any changes to rule 18 under the waiver rule (17-8.1) because that rule cannot be used to waive the provisions of several rules, including rule 18.
