

County nears 2,000 COVID-19 cases

Fishers adds 114 new positive cases in past two weeks

(Above) As of Tuesday, Fishers now has 637 cases, and Carmel is nearing 500. The northern communities of Arcadia, Atlanta, Cicero and Sheridan have a combined total of 62 positive cases. (Right) Data reported by the Indiana State Department of Health as of Monday indicate the total number of cases in Hamilton County stands at 1,991, with 102 deaths.

The REPORTER

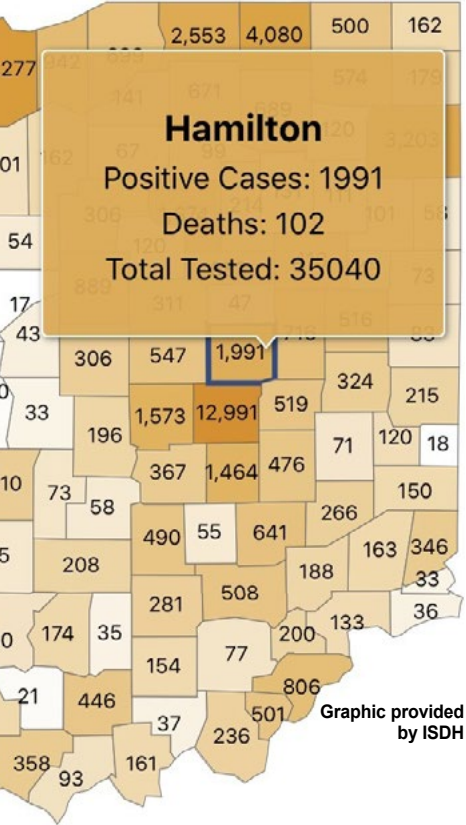

Hamilton County has recorded nearly 200 new cases of COVID-19 in the past week, and daily new cases for the past 30 days now outpace new cases reported during the 30-day time period of mid-April through mid-May, a time during which local officials closed schools and shutdown government buildings.

Hamilton County health officials say they are noticing an increase in number of cases in younger age groups. According to the Indiana State Department of Health (ISDH), people 39 years old and younger account for 41.7 percent of the county's positive cases.

Although the Fishers Health Department has issued a mandate requiring the use of a mask while in public, Hamilton County health officials said last week they have no plans of implementing mandatory mask wearing due to enforcement issues.

On Tuesday, the number of COVID-19 cases in Fishers reached 637, up 114 in the past 14 days.

As of Tuesday, the Indiana State Board of Health has recorded a statewide total of 57,916 COVID-19 cases. ISDH also reports 2,652 deaths have occurred as a result

of the virus. A total of 644,855 Hoosiers have been tested for COVID-19.

In Hamilton County, a total of 35,540 tests have been performed and 1,991 people have now tested positive. A total of 102 people have died as a result of COVID-19 in Hamilton County.

Fishers Health Department approves mask mandate

The REPORTER

Effective 8 a.m., Friday, July 24, every individual (outside of exceptions) in Fishers must properly wear a face-covering over their nose and mouth when in an indoor place other than a private residence or when outdoors in a situation where a distance of six feet from individuals outside of their household cannot be maintained.

Dr. Indy Lane signed the [Public Health Order](#) after Health Department leadership recommended it due to the rise of COVID-19 cases in Fishers.

The mandate requires Fishers residents to wear a cloth face covering in

Jackson Township Fire thanks Cpt. Coonfield for his service

The REPORTER

On Monday, Jackson Township Fire Department, 508 W. Main St., Arcadia, held a retirement party at the firehouse to honor the career of Captain John Coonfield.

Coonfield's career with Jackson Fire began in 2006 as a volunteer firefighter and EMT after returning from a year of combat deployment with a forward surgical company. He had the opportunity as an older firefighter to join the ranks and mentor some of the younger, less-experienced members, as well as work with the officers and administration to begin shaping what the department was to become.

As his career continued, Coonfield was able to work with many individuals and for different administrations who all left their own mark on the department.

In 2016, Coonfield was selected as the Anthem Angel, and in 2017 he was the St. Vincent paramedic of the year and was promoted to the rank of Lieutenant. He also served as department

head for public events and special event coverage and worked for the department as the communication liaison, drawing from nearly 10 years in the Marine Corps as a radio operator and supervisor.

Coonfield continued to work with members of the department to provide the best service possible and continued to mentor

younger members.

Over the next few years, he was promoted to the rank of Captain, was in charge of Fire and Life Safety Division, and served as an investigator in the Fire Investigations Division under Lead Investigator Mike Kirchberg and others.

He developed and headed the Inspections Division and was instrumental in the

opening of several businesses in the township, ensuring a safe place of commerce for residents and visitors alike.

Moving forward, Captain Coonfield will continue his connection with the department in a supportive role, drawing from his experience and desire for the continued improvement of the department and its members.

Arrowood details Heights' On-Site, Off-Site Learning

Hamilton Heights School Corporation (HHSC) is excited to welcome students back on our regularly scheduled start date of Tuesday, Aug. 11.

HHSC will offer two different types of learning opportunities during the fall semester. Students may participate in On-Site Learning or Off-Site Learning. We look forward to welcoming all students to On-Site Learning classes beginning on Tuesday, Aug. 11, unless an [Off-Site Learning Form](#) has been completed and submitted by a parent/guardian. This form must be completed by 11:59 p.m. on Sunday, July 26 to be considered for Off-Site Learning.

DEREK ARROWOOD
Heights Superintendent

If you would like for your child to participate in On-Site Learning, you simply need to make sure you have completed the online registration process for the 2020-2021 school year.

Parents selecting the Off-Site Learning Option will also need to make sure you have completed the online registration process for the 2020-2021 school year. The principal will review the Off-Site Learning request and contact each parent to discuss the best

placement for the student no later than Friday, July 31.

Off-Site Learning will take place using SeeSaw (Elementary) and Canvas (Middle School and High School). Each student who participates in Off-Site Learning will be provided a device by HHSC if selected to participate in Off-Site Learning. The Off-Site Learning option is available for students who have risk factors, health issues, those who have immediate family members with health issues, or those who have some other substantial reason to not attend On-Site Learning.

Grades K-4 students must commit to this option for at least the first nine-week grading period. Grades 5-12 students must commit to this option for the entire fall semester. If a parent or student strongly disagrees with wearing a mask, shield, or face covering at any time during the day or on the bus, Off-Site Learning would be a good option. Off-Site Learning Program Details for HHES, HHMS, and HHHS can be found at [this link](#).

Carmel added to address line for 46290 zip code

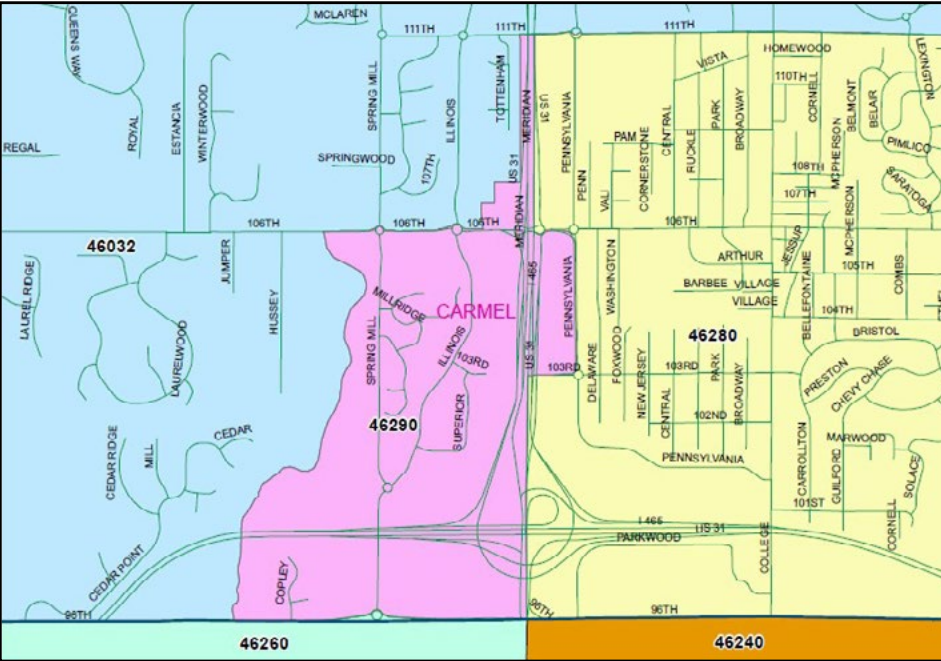

The REPORTER

Carmel Mayor Jim Brainard was notified recently that the U.S. Postal Service headquarters in Washington, D.C., approved the city's request for the preferred last line of all addresses within zip code 46290 to be changed to Carmel, IN 46290. This change took effect on July 1 and all businesses and residents in this area have been notified.

Brainard

"I pursued the change after our successful appeal to the USPS Headquarters for zip code 46280 and for uniformity in helping adjacent postal customers within zip code 46290 be better identified as Carmel

el residents and businesses," said Brainard. "This change should result in no disruption in your mail service and your mail will continue to be processed by and delivered from the

Nora Post Office."

While the change took effect July 1, the City of Carmel and the USPS realize it could be several months before businesses are able to update their sys-

tems. During this transition period, mail to this zip code will continue to be delivered, regardless of the city listed, as long as zip code 46290 appears on the last line of the address.

all public indoor facilities including, but not limited to:

- Retail and grocery stores
- Restaurants, bars, and entertainment venues
- Salons and personal care facilities
- Gyms and fitness centers
- Office and commercial buildings
- Government buildings

Public indoor locations that refuse to enforce the mask mandate may experience enforcement actions by the Fishers Health Department. The primary purpose of this order is intended to educate, encourage and persuade individuals to wear face coverings. Individuals with concerns about compliance for the mask mandate should call the Fishers Health Department Coronavirus Hotline at (317) 595-3211, submit the

concern online at fishers.in.us/coronavirus or via the Fishers Connect smartphone app.

The Fishers Health Department continues to recommend individuals practice social distancing, hand washing and sanitizing, and masks.

The mask mandate does not apply to:

- Children who are less than five years of age; however, children attending childcare who are two years of age or older are strongly recommended to wear a face covering
- Individuals who are hearing or speaking impaired and for whom a mask or face covering is an obstacle to communication (it may be important for individuals assisting/working with people that are hearing impaired to wear a clear face shield rather than a mask)

- Individuals who are unable to wear a mask or face-covering for a physical, medical, or health-related reasons
- Individuals who are alone in a room in a public building, such as in an office
- Individuals who are traveling in their own vehicles
- Individuals for whom wearing a face mask or covering would present a risk to their safety while at work, as determined by local, state, or federal workplace safety regulations
- Individuals who are engaged in a form of indoor exercise that is incompatible with wearing a mask or face covering, such as swimming
- Individuals who are seated at a restaurant, bar, or other establishment that serves food and/or drinks, while they are eating or drinking. However, individuals entering and exiting restaurants or bars must wear masks or face coverings (this also applies to eating in a public place, such as an individual's place of employment provided social distancing is possible).
- Individuals whose religious beliefs prevent them from wearing a face covering
- Individuals who are engaged in outdoor physical exercise, including running, jogging, walking, or bicycling, if in groups of less than 25
- Individuals acting in their official capacity as a public safety employee or emergency responder when wearing a face covering would interfere with or limit their ability to carry out their official duties or functions. These include police officers, firefighters, and other emergency medical personnel that support public safety functions.
- Bonafide emergency situations in which a person lacks the time or the means to put on a face covering before entering an indoor or outdoor public space
- Individuals who are outdoors and are maintaining at least six feet of distance from others who are not part of their household.

PREVAIL
Advocating for
Victims of Crime and Abuse
www.prevailinc.com

I was born and raised right here in Noblesville. I grew up in a home without domestic violence or assault – it wasn't something I saw, or even heard about. But when I was introduced to Prevail of Central Indiana, I was shocked by the number of individuals who are affected by domestic violence. In 2018 alone, Prevail helped more than 4,000 clients in Hamilton County. (Nearly 80 percent of clients are women and children.) Domestic violence and abuse are hard topics to discuss, so you don't often hear about them. But at Tom Wood Volkswagen in Noblesville, we're breaking the taboo and raising awareness for Prevail, an organization that helps families in Hamilton County.

– Mike Bragg, GM of Tom Wood Volkswagen in Noblesville

To help Hamilton County families affected by domestic violence and sexual abuse, you can donate the following items:

- Art supplies (for children to journal and express their emotions)
- Bottled water (8 oz. bottles, preferably)
- Individually packaged snacks
- Gas cards (many women have no access to funds after fleeing their abuser)

Drop off items at Tom Wood Volkswagen in Noblesville, 14701 Tom Wood Way.

Indiana expands Next Level Jobs to include more job seekers, employers

The REPORTER

Indiana is temporarily expanding its successful Next Level Jobs program through Dec. 30 to include more job seekers and employers, according to Hamilton County lawmakers.
House Speaker Todd Huston (R-Fishers) said Indiana is directing nearly \$40 million from the federal CARES Act to expand the program's eligibility, offerings and funding caps for Workforce Ready Grants and Employer Training Grants.
"Through the Workforce Ready Grant, working adults can take advantage of local, tuition-free opportunities to earn high-value certificates and connect to better-paying jobs," Huston said. "While we recover from the pandemic, these grants can help those who are left without work and looking to skill-up or make a career change."
State Rep. Tony Cook (R-Cicero) said the new funding opens doors for more Hoosiers, especially those out of work due to the COVID-19 pandemic.
"Since the pandemic hit Indiana, many Hoosiers may find themselves looking or needing to take a different career path," Cook said. "Opportunities are available right now to build on your skills and boost your resume, so you can take that

next step with confidence."
More than \$20 million of the CARES Act funding will allow a minimum of 10,000 additional Hoosiers to utilize the Workforce Ready Grant as the program temporarily expands:
• Hoosiers with two- and four-year degrees are temporarily eligible to receive full tuition reimbursement for short-term Workforce Ready Grant-eligible programs through Dec. 30;
• Nearly 50 new certificates are temporarily added to the list of eligible programs, including Certified Nursing Assistant, Commercial Driver's License, Phlebotomy and CNC Machining certifications; and
• The individual funding cap is raised from \$5,500 to \$10,000 to cover high-quality programs.
"Indiana is wisely investing in our Hoosier workforce, and it's especially critical during this time of economic recovery," said State Rep. Chuck Goodrich (R-Noblesville). "Skilling up is within reach for work-

ing adults and I hope to see more Hoosiers take advantage of this program and obtain a higher-paying job."
In addition, the Employer Training Grant, administered by the Department of Workforce Development, will be temporarily expanded to support more businesses that train new employees, and upskill or reskill workers. State Rep. Donna Schaibley (R-Carmel) said the maximum amount of funding available to an employer increased from \$50,000 to \$100,000, and \$5 million will specifically support minority-, women- and veteran-owned businesses.
"This temporary expansion shows Indiana's dedication to pushing through this pandemic and getting our state back on track," Schaibley said. "Indiana's workforce needs to be prepared to fill these in-demand jobs as it can help rejuvenate our state's economy."
State Rep. Jerry Torr (R-Carmel) said Hoosiers can find out more by visiting

NextLevelJobs.org.

"These Workforce Ready Grants have helped thousands of workers find a higher paying job, which helps support their families and local communities," Torr said. "This program has proven to help Hoosiers skill up and it is encouraging to see it expand to help more people as we continue to navigate this pandemic."
The Employer Training Grant has served more than 530 employers and trained nearly 9,000 employees.

Charles Michael Burkhardt, 66, Yukon, Okla., and formerly of Cicero, passed away May 9, 2020 in Oklahoma. He was born October 27, 1953 to Charles Richard and Elizabeth (Heinzman) Burkhardt.

He was a graduate of Hamilton Heights High School with the Class of 1971. He first obtained an Associate's Degree in computer programming in Oklahoma City, Okla. He then earned a BS Degree from Rose Hulman Institute of Technology specializing in chemical engineering. He also was a member and captain of Rose Hulman's track team.

His family attested that he was primarily a petroleum engineer, reservoir engineer for underground natural gas storage and involved in pipeline mapping. He wrote scientific computer programs for well performance evaluation using reservoir simulation programs to determine volume versus pressure curves, calculate gas reserves and retrograde condensate recovery. This process would aid in maintaining storage field deliverabilities by stimulation and acid cleanup programs.

Michael also taught computer programming courses and tutored students on programming, operations, as well as accounting courses at the college level. Additionally, he taught them on debugging programs and helped them to achieve an appropriate level of efficiency.

Survivors include his father, Charles Michael Burkhardt, Ciceroy; siblings, William Jay Burkhardt, John Frederick (Patty) Burkhardt, and Linda Beth (David) Kelly; nieces and nephews, Alyssa Burkhardt and husband Kanna Raghunathan, Krista Burkhardt and husband Mike Stoodley, Amanda Louise Kelly, Lara Katharine (Kelly) Prange and Matthew Prange, Zachary Adam Kelly, Alaina Faye (Kelly) Dorsey and Aaron Dorsey; plus great-nephews, Jasper Prange, Oliver Prange, Sebastian Dorsey and Elliott Dorsey.

Grand Park hosting College Summer League

College baseball players who saw their seasons get canceled this past spring have been getting the chance to compete over the summer.

The College Summer League is winding up at Grand Park, and it has been a success. Over 260 players are listed among the 12 teams that have been participating in the league. Games began on June 15, with the regular season finishing this week.

The teams feature mostly college-age players from Indiana, with several of them from Hamilton County schools. Matt Bowles, the operations manager of the league, said things have “been really good” over the summer. Players get some game action, and scouts have the opportunity to see players that may be draft-eligible next year.

While most of the games have been at Grand Park, a couple of other sites will be hosting the final regular-season games later in the week. The A-Team and Snapping Turtles will play at 6:30 p.m. Thursday at Victory Field, while the Turf Monsters and the Park Rangers travel up to Kokomo Municipal Stadium on Friday for a 7 p.m. game, the last one of the season.

Division play starts on Monday at Grand Park. The top four finishers receive first-round byes, with the fifth through 12th place teams playing off in games at 11 a.m. Quarter-finals start at 2 p.m. Admission is free.

The semi-finals take place at 1 p.m. Tuesday at Grand Park, with the winners playing for the league championship at 6:30 p.m. July 30 at Victory Field.

16 AMATEUR BASEBALL CHAMPIONSHIPS BEGIN TODAY

While the College Summer League is headed out of town, there will still be plenty of baseball action at Grand Park the remainder of the week.

The 16 Amateur Baseball Championships begins today. The first games in pool play start at 8 a.m., and continue throughout the day. There are two divisions, 16u and 16u Reserved, with levels of Bronze, Gold and Silver. Each level is divided into D1 and D2 categories.

Pool play continues through Friday, then placement games begin with the championships on Monday.

2020 State Sporting Clays Championship comes to Indy area

The Indiana State Clays Association (ISCA) will be holding the 2020 State Championship July 23 to 26 at Indiana Gun Club in Fishers.

This year's title sponsor is Stifel Nicolaus Company. Drawing the top sporting clays shooters from Indiana and surrounding states, this year's event is expected to draw 400 shooters, spectators,

and vendors. Saturday evening July 22nd will feature the ISCA Annual Dinner followed by the always enjoyable Make-A-Break shoot offs under the lights at Indiana Gun Club.

The fastest growing gun sport in the country, sporting clays events offer a number of different events including: 5-Stand, Sub Gauge (20 gauge, 28 gauge

and 401 gauge), FITASC (a European variation of the sport), culminating with the two-day State Championship event with 200 very challenging targets.

Sometimes described as “golfing with guns”, a round of sporting clays (usually consisting of 100 targets) is held on an open-air course over large land areas with targets presented at up to 15 differ-

ent “stations” along the course, with each station offering an unique target presentation.

Fall Creek Sporting Clays is the event manager for this year's championship, which will be its third state championship at Indiana Gun Club since 2016. Indiana Gun Club is located at 14926 E. 113th Street, Fishers, IN 46040.

Indy 500 will require face masks, allow 25% fan capacity

WISH-TV
Racegoers at the 104th running of the Indianapolis 500 will be required to wear masks and attendance will be limited to 25 percent capacity at the Indianapolis Motor Speedway, the track announced Tuesday.
Concerns about the spread of coronavirus pushed the race from its customary Sunday before Memorial Day to Aug. 23.
On June 26, IMS announced it would be limiting attendance to 50 percent capacity and gave fans the option to give up their seats and have priority at next year's race. At the time of that announcement, the track said there was no plan to lift the local TV blackout of the live race.
Ticket sales will stop after Friday, further limiting the number of people who will attend, IMS said in a news release.
A detailed plan with guidelines and protocols for the race will be released to the public Wednesday, according to the track.

IMS says it will fulfill all ticket requests received by existing customers, with tickets sent out beginning in the first week of August.
No spectators were allowed at the Fourth of July weekend doubleheader at IMS, where IndyCar drivers raced in the GMR Grand Prix and NASCAR drivers rounded the oval for the Brickyard 400.
STATEMENT FROM IMS
Based on policies and procedures put into effect by the Indianapolis Motor Speedway, IMS officials announced today that attendance for the 104th Running of the Indianapolis 500 on Sunday, Aug. 23 will be approximately 25 percent of capacity. Face coverings will be required for all attendees.
Ticket sales will not be permitted after Friday, July 24, further limiting the number of people who will attend the annual spectacle at the world's largest outdoor sports facility.
IMS has prepared a detailed, nearly

100-page plan that provides guidelines and protocols for how the race will be run this year. The plan will be released publicly Wednesday, July 22 ahead of a conference call with Speedway officials. A media advisory with details surrounding the conference call will follow shortly.
"In June, we announced the race was on and that attendance would be limited to no more than 50 percent of capacity," said Penske Entertainment Corp. President & CEO Mark Miles. "We also made clear we intended to do things differently this year. By offering credits to fans who had previously purchased tickets, encouraging those over 65 to stay at home, limiting attendance in the infield, reducing tickets in our suites and promising fans their decision to not attend would not impact their seniority or right to renew tickets for 2021, we now anticipate attendance at approximately 25 percent of capacity. We will welcome fans back, and we have an aggressive plan in place, which has been developed through collaboration with national, state and local health experts."

Indy officials have made clear this year's race will include numerous safety precautions, including the reassignment of seats to provide for greater distancing; the issuance and required use of masks, distribution of hand sanitizer to all who enter; temperature checks in order to enter; and changes throughout the facility to minimize lines and gathering spots, including limiting options from concession stands to mostly pre-packaged foods. Numerous other changes will also be in place.
"We look forward to welcoming fans back to the 500 in person. Our outdoor facility is mammoth, and with attendance of about 25 percent, it will certainly look different this year," said Miles. "We want to demonstrate that even under current circumstances, people can gather with carefully planned procedures in place so we don't have to go back to shutting down our country and our community."
IMS will fulfill all ticket requests that have been received from existing customers. Those tickets will be distributed beginning the first week of August.
