

Westfield High School remembers two teen brothers, pilot killed in plane crash

By DAVID WILLIAMS
WISH-TV | wistv.com

Hearts were heavy and the mood somber Monday morning inside Westfield High School.

"It is really hard," said Gabriel DelGreco, an acquaintance of two teens who died in a plane crash in Kokomo on Sunday morning.

According to the Howard County Sheriff's Office, Liam Kelly, 17, and his brother, Reece Kelly, 15, both died after the plane they were in crashed outside Glendale Airport southwest of Kokomo. The Kelly brothers were students at Westfield High School.

As the plane came in to land, deputies say the plane hit a wooden utility pole with large high-tension power lines. That caused the plane to nosedive into a cornfield, where it caught fire. The pilot,

Jerral Long, 63, also died.

A third boy, Cameron Wagler, 17, Greentown, was injured but alert and conscious to provide deputies with important information regarding the flight. Wagler told deputies he was sitting in the back of the plane. At last check, Wagler was in stable condition at a hospital.

The deaths hit students at the school hard.

"I was shocked more than anything else," said Tyler Eubanks, an acquaintance.

DelGreco said, "Liam was really ... he was really just a good person to talk to all together. He was super well-educated and well-versed on everything he said."

"Both, very kind individuals, though," Eubanks said.

The boys and the pilot were volunteering for the weekend at

the annual Glendale Days BBQ Bash charity event. An event spokesperson told News 8 that the people in the plane had decided to take a flight around Kokomo before things got too busy.

Eubanks said, "Him and Reece both had a pretty big passion for flying. As I can recall, they were both very much looking forward to possibly being pilots in the future."

The boys were part of a group called The Flying Squirrels, a program designed to teach young pilots.

Joshua Andrews, the director of communications for Westfield Washington Schools, said to help with the grieving process, the Learning Center at the high school is open as a safe place for people to come process and share memories of the Kellys.

HSE school board candidates make their case in virtual forum

By LARRY LANNAN
LarryInFishers.com

There are times that an explanation is needed to understand a particular story. Allow me to explain how at-large elections work

for seats on the Hamilton Southeastern (HSE) School Board. HSE Schools encompass three townships: Delaware, Fall Creek and Wayne. The City of Fishers lies within the boundaries of Delaware and Fall Creek

Townships.

In the at-large election of 2020, there are three seats on the board up for election. All registered voters in all three townships vote for all three seats. Each of the three election contests are

held by residents of each township. So, you must reside within your township to run, and your opposition comes from others living in the same township.

Fadness proposes larger 2021 Fishers budget following new income numbers

By LARRY LANNAN
LarryInFishers.com

Fishers Mayor Scott Fadness was crunching numbers, finding cuts and trimming his 2021 spending plan when state officials informed his staff late last week that he would have \$7 million more in income than expected. The mayor and his staff went

to work and revised the budget numbers to provide increased staff and more compensation for city employees.

The original budget called for spending of \$115.1 million. After the new numbers were

Fadness

factored in, the mayor is now proposing to the city council a 2021 budget of \$117.5 million. That will still leave the city with cash reserves in 2021 of \$35.7 million. The increased income tax money will go to:

- An increase for non-profits from the city from \$100,000 to \$150,000.
- A 3 percent raise in pay for city employees.
- A \$500 one-time bonus for city workers (elected officials not included) to be paid in 2021.
- One additional firefighter.

Westfield among best places to live in U.S.

The REPORTER

The city of Westfield has been named by Money.com to the list of "Best Places to Live in America." Westfield, the only Indiana city to be recognized, earned sixth place on Money's top 50 list.

According to Money.com, Westfield's ranking is due to the city's school system, population growth, housing, safety, employment opportunities, cost of living and health.

Westfield High School ranks as the fourth-best high school in the Indianapolis area and the ninth-best in the entire state, with a 97 percent graduation rate. Westfield has particularly excelled in science and technology and was named a Distinguished School by

mates made from July 1, 2018 through only June 30, 2019.

The tax money is collected by state authorities and refunded to counties. LIT was formerly known as the County Option Income Tax or COIT.

The projections are usually very accurate and may even be a bit conservative based on past experience. The projected amount is about 8 percent more than the past year's collections.

This money combined with property tax revenue should allow county and municipal governments to fund their budgets for public services without having the cut back on their plans for next year.

Of the total distribution, county government is projected to receive \$50.1 million. Among the cities, Carmel will get \$44.6 million, Fishers \$30.5 million and Noblesville \$24.3 million.

Other units will be disbursed lesser amounts, but even townships will share around \$12 million and public libraries about \$11 million.

Hamilton County already experiencing issues with mail-in absentee ballots

By RICHARD ESSEX
WISH-TV | wistv.com

Hamilton County Clerk Kathy Williams says her office has received just over 400 completed mail-in absentee ballots, and a handful came back with issues.

One ballot that came in Monday morning was not signed while another

rejected ballot did not have a proper matching signature. Ballots with questionable signatures are examined by a representative of both parties. Both must agree before a ballot is rejected.

Mail-in absentee ballots arrive at voters' homes with a lot of paperwork. Many counties will send ballots in envelopes containing the ballot, a ballot card, a state-mandated secrecy sleeve and, of

course, instructions. Ballots are to be mailed back in security "return envelopes" that must be signed.

Williams said new rules handed down by a federal court prohibits her office from tossing out unsigned ballots.

The Hoosier State must build on clean energy momentum to support our economy, workforce

As a lifelong Hoosier, I have dedicated my efforts to ensuring that people and families across the state have the tools to succeed. Community and business leaders across Hamilton County and the state have put in ample time and resources to help shape opportunities that prioritizes Hoosier communities and strengthens our economy – whether through small business, agriculture, sports, the arts and beyond.

Throughout my time as Hamilton County Commissioner, I've effectively put innovative solutions in place to rid our state of antiquated processes and become more forward-thinking in how we operate, making the County and the entire state more competitive and efficient. A part of this success comes from my vested interest and support of Indiana's clean energy industry.

Outside of my scope of work as Commissioner, I have worked for more than two decades in the renewable energy sector for a

GUEST COLUMNIST

MARK HEIRBRANDT
County Commissioner

leading independent provider of comprehensive energy efficiency and renewable energy solutions for facilities throughout North America and abroad. My work here focuses mostly in the water and energy efficiency industry which allows me to travel across the state and collaborate with elected officials and facility managers to improve the operations of our Indiana facilities with energy-saving improvements.

These efforts have led to the completion of one of the largest **solar energy projects** in the state back in 2018, providing a large solar array to the county jail complex to save the county more than \$13 million in utility and maintenance costs over the next 25 years. This is the largest solar energy project for a county-owned jail in the state of Indiana. Not only will this cut costs, but it will help us follow through on our commitment to creating a healthier environment and robust economy for genera-

tions to come.

Over the years, we have built a strong clean energy sector in Indiana and nationwide, creating 3.3 million American jobs in solar, wind, energy efficiency, clean vehicles and more. Especially during National Clean Energy Week, which Governor Eric Holcomb has recognized with a state proclamation, we can recognize the over 86,000 clean energy workers Indiana alone employs, which has single handedly fostered the resilient environment and economy that we have today.

Unfortunately, the coronavirus pandemic thwarted some of the progress made across the clean energy industry – and all industries across the country. Between business closures and layoffs, everyone from farmers to construction workers are struggling to overcome ever-changing challenges and rising operation costs. But if we want to financially and economically recover from the pandemic, we need to build on the momentum made in the clean energy sector that has introduced our state to forward-think-

ing solutions that drives cost-efficiency and saves everyday Hoosiers money.

By recognizing and encouraging the key industries that fuel our workforce and economy, including clean energy jobs, we will more effectively rebuild a healthy heartbeat for the state. We should act fast to provide funding for infrastructure spending that supports the clean energy industry and workforce in pandemic recovery efforts so that we can keep our promise to families and businesses for a more prosperous and sustainable future. If we can increase the number of clean-energy projects for the state and couple that with continued development of renewable energy plants that brings new sustainability opportunities to existing buildings, we'll be able to cut costs for all people and families across the state.

After all, there is always more we should be doing to find viable solutions that cut financial burdens for Hoosiers.

Suburban Hospice listed as "deficiency-free"

The REPORTER

Suburban Hospice was recently surveyed by the Accreditation Commission for Health Care (ACHC), a nationally-recognized organization providing accreditation and licensure surveys for health care organizations. Suburban Hospice was thrilled to receive a deficiency-free rating.

"This is such an excellent and unusual result," said Executive Director Jeannie Crowe. "Typically, ACHC surveys flag areas where improvements can be made in patient and family care, documentation, and organizational policies. We are very excited to be determined to be deficiency-free!"

Crowe adds that hospices are not required by law to go through accreditation surveys, but Suburban Hospice completes a survey every three years "to make sure we are living up to our promise to deliver excellent and expert patient and family care."

During the survey window, an expert surveyor arrives on site to review hospice policies and procedures, organizational

structure, emergency preparedness, infection control, staff education and quality assessment plans. The surveyor carefully reviews patient charts for accurate documentation and observes patient care to ensure that all team members – from the medical director to hospice aides – are providing care consistent with top standards in hospice care.

Joella's Hot Chicken opens Thursday

First 100 guests in line will get free hot chicken for a year

The REPORTER

Joella's Hot Chicken will celebrate the grand opening of its newest location at 2554 E. 146th St. on the Carmel/Westfield border on Thursday, Sept. 24 with a "free hot chicken for a year" giveaway for the first 100 guests in line.

Joella's, a Louisville-based fast-casual restaurant featuring hot chicken and made-from-scratch sides, will open its first new store since the COVID-19 pandemic in the Cool Creek Commons shopping complex. This will be the fourth Indiana location, joining two Indianapolis restaurants and one in Bloomington.

"We could not be more excited to open the doors to our newest Joella's location in Hamilton County," said Christina Happel, regional vice president of operations for Joella's Hot Chicken.

This is the 17th location for the popular dining chain, now the largest hot chicken restaurant brand in the United States with stores in Florida, Georgia, Indiana, Kentucky and Ohio. The new location is approximately 4,100 square feet and seats 130 people, which includes an outdoor patio that will be open in warmer months.

As part of the grand opening celebration, Joella's is giving away more than \$38,000 in free chicken meal vouchers to the first 100 adults in line for the event. A one-year supply of free Joella's Hot Chicken will be awarded to each of the first 100 adults, age 18 years and older, with identification. The line can begin forming up to 24 hours prior to the giveaway, with the **free meal vouchers awarded at 8 a.m. on Sept. 24.** Guests waiting in line will be entertained

by a local DJ and treated to complimentary Chicken and Waffles and Joella's swag. The restaurant will open for lunch at 11 a.m.

Guests who choose to line up early for the giveaway will be required to follow local and state social distancing guidelines for COVID-19 and will need to remain six feet apart at all times. Guests will also be asked to wear a mask or other personal protective equipment when indoors or when social distancing is not possible. Joella's wants to make sure its guests know the restaurant is taking extra precautions to protect everyone's health and safety.

This new Joella's location is bringing dozens of hospitality jobs to Hamilton County. Management is still adding to its team of full- and part-time positions, including managers, cooks,

cashiers, guest ambassadors, dining room attendants and dishwashers. New employees can earn up to \$13 an hour with advancement opportunities, food and beverage discounts, and the potential for cash tips. Interested applicants should apply in person at the Carmel/Westfield store or online at joellas.com/careers.

Joella's Hot Chicken is open seven days a week for lunch and dinner, and kids eat free every Tuesday beginning at 4 p.m. with a purchase of a Chicken Plate, Big Sammie or salad. Guests can dine in or pick up, and Joella's also offers a full catering menu and delivery through DoorDash. Each store serves Boylan Craft Sodas and a selection of canned craft and domestic beers. Holcomb declares Sept. 21-27 Rail Safety Week

The REPORTER

Indiana Governor Eric Holcomb has proclaimed Sept. 21-27, 2020 as Indiana Rail Safety Week in conjunction with the United States, Canada, and Mexico Rail Safety Week that will take place throughout North America.

The goal is to increase rail safety awareness by working collaboratively with virtual events due to COVID-19 and socially-distanced in-person events. The Indiana State Police, the Indiana Department of Transportation, local law enforcement agencies and railroad companies have partnered to raise awareness about the dangers of disregarding railroad crossing laws and trespassing on railroad property.

"Every three hours, a vehicle or person are hit by a train in the United States, and in Indiana most of our collisions happen at cross-

ings with active warning devices, said Jessica Feder, Indiana Operation Lifesaver Executive Director. "Due to the coronavirus pandemic, this year Rail Safety Week will emphasize virtual activities and social media to share our lifesaving messages. We want the public to know how important it is to pay attention at railroad crossings and our priority is safe interaction between railroads and our communities."

As part of Rail Safety Week, new video and audio public service announcements are being released in an ongoing public awareness campaign aimed at saving lives near railroad tracks. The campaign, called #STOPTrackTragedies, features videos with the personal stories of people directly affected by rail crossing or trespassing incidents, including victims, friends and family mem-

bers, locomotive engineers and first responders.

"Our goal is to keep Hoosiers safe at crossing and near train tracks," Feder said. "We are seeing an increase in trespasser activity on railroad tracks in 2020 due to COVID-19 and stay-at-home orders. Indiana OL encourages everyone to make safe decisions and pay attention around train tracks so we can stop track tragedies."

In 2019, Indiana experienced 120 railroad crossing collisions resulting in 44 people injured and 11 fatalities. Indiana is currently ranked fourth nationally for railroad crossing collisions. The Hoosier state had nine trespasser deaths last year as well as eight injuries.

Kenneth Leon Perry

September 30, 1938 – September 16, 2020

Kenneth Leon Perry, 81, passed away at his home in Sheridan with his family by his side on Wednesday morning, September 16, 2020. Born September 30, 1938 in Hamilton County, he was the son of the late Howard Paul and Marie Alberta (Illges) Perry.

Kenny was a 1956 graduate of Sheridan High School, and later enlisted in the United States Navy. He proudly served his country aboard the USS Lexington.

After returning home from the service, Kenny entered the job market. He worked for a few different companies before hiring on with Carmel Concrete. For 21 years he was their "jack of all trades," keeping things running as smoothly as possible. A life-changing injury on the job forced Kenny into an early retirement.

Slowing down was not an easy task for Kenny. He always enjoyed being outdoors; whether it was going on a camping trip, fishing with his family, or just volunteering to mow at the park, he always found a way to make it happen. One of his favorite outdoor activities was sitting on the front porch. Sometimes it was just Kenny, a cup of coffee, and the sounds of country quiet; other times it was swapping stories over the occasional Jack and Coke with his Legion buddies or his longtime friend and "brother from another mother," Denny Parks. Kenny always looked forward to Denny's trips up from Florida. Kenny also enjoyed woodworking.

Kenny was a man of strong faith. He was a member of the East Union Christian Church, but he also attended Sheridan Six Points Church and the Big Springs Community Church. He was a member and Past Worshipful Master of the Hinkle Masonic Lodge F&AM #310 of Deming, and an honorary member of Boone Lodge F&AM #9 in Lebanon. He was a Past Associate Guardian of Jobs Daughters Bethel #34 in Sheridan. Kenny was also a member and Past Commander of the K.V. Elliott Post #67 of the American Legion in Sheridan. He was very active within the Legion and was a dedicated member of their Funeral Honors detail.

Kenny is survived by the love of his life, Imadell (Beck) Perry. For 60 years, she and Kenny were by each other's side, raising a wonderful family and tackling whatever life threw their way, together.

Also surviving are his daughters, Evelyn Sutton Summers (Larry), Lebanon, Crystal Hopper (Dennis), Arcadia, Belinda Perry Nixon and Leonah Perry, both of Brownsburg; grandchildren, Johnathon Crist (Destiny), Amber Sutton, Joshua Crist (Nora), Grace Walker (Richard), Zachary Coursen, Gavin Walker, Rian Sutton (Stephanie), Kenneth Crist (Amanda), Shanna Stowers (Richard), Shaun Summers, Dustin Stephenson, Anastasia Connolly and Aubrie Manning; great-grandchildren, Chole Crist, Aaron Stephenson, Ella Stephenson, Taylor Sutton, Hailey Sutton, Raigen Sutton, Laine Sutton, Keagan Cokel, Murphy Cokel, Natalee Crist, Kenneth Crist, Jr., Trinity Crist, Elijah Crail and Oliver Crail; sister, Carol Strawn; and his canine grandkids, Babs, Jazzy and Dora.

He was preceded in death by his parents; brothers, Bobby Gene, Edward and Frederick Alen Perry; sister, Alice Marie Zimmermann; great-grandchild, Spencer Paul Sutton; nephew, Michael Lockwood; and son-in-law, William Spencer "Bill" Sutton.

Masonic services, will be held at 2 p.m. on Wednesday, September 23, 2020 at the Sheridan Church of God, 707 W. 2nd St., Sheridan, with visitation from noon until the time of service.

Burial with Military Honors will follow at Crown View Cemetery in Sheridan. Arrangements have been entrusted to Kercheval Funeral Home in Sheridan.

TODAY'S BIBLE READING

Do therefore this that we say to thee: We have four men which have a vow on them; Them take, and purify thyself with them, and be at charges with them, that they may shave their heads: and all may know that those things, whereof they were informed concerning thee, are nothing; but that thou thyself also walkest orderly, and keepest the law. As touching the Gentiles which believe, we have written and concluded that they observe no such thing, save only that they keep themselves from things offered to idols, and from blood, and from strangled, and from fornication.

Girls golf sectional at Harbour Trees

Royals repeat as champions, Millers 2nd

By RICHIE HALL

NOBLESVILLE - The theme for Monday's Noblesville girls golf sectionals at Harbour Trees would be "repeat performance."

The top three teams at this year's edition of the sectional finished in the exact same positions as they did at last year's sectional. Hamilton Southeastern was the team champion, winning for the third year in a row. The host Millers were second and Lapel was third. All three schools now advance to the Lapel regional, which takes place Saturday at Edgewood Golf Club.

In addition, two individual golfers that advanced to the regional last year did it again this year. Hamilton Heights' Sydni Zebrauskas and Fishers' Lilly McVay qualified first and second as the top three individuals from a non-advancing team.

The Royals had a consistent day on their way to a team score of 325, securing the school's 12th overall sectional title. Amber Luttrell led the way with a 79, which tied her for second place individually, making one birdie. Lapel's Macy Beeson was the medalist, running away from the field with a two-under par 69.

"We did play pretty consistent," said Southeastern coach Steve Guenin. "Some of us played a little bit better on the back side, some of us played a little bit better on the front side."

Marissa Spreitzer tied for fourth place with an 81. Yanah Rolston had three birdies in her score of 82, while Ashley Marcinko made one birdie during her round of 83. Grace Dubec made three birdies on her way to an 86.

"It feels really good," said Spreitzer. "I thought it was going to be close this year, and it was. But we have a lot of good girls on the team and we've been playing good all year, and I think it's just a good chance for us to come out here and get it again."

"We did a lot of really good things out there, but there's definitely some things we need to work on," said Guenin.

Sarah Brenneman led the Millers with a 79, making her part of the second-place

tie. Brenneman's score included two birdies. Caroline Whallon carded an 82 and had one birdie. Jordan Adam made one birdie on her way to an 85. Ellie Karst and Taylor Caldwell both had 86s, and both had one birdie.

"The goal, obviously, is to advance to regional," said Noblesville coach Justin Werkley. "We're excited to play on Saturday and we'll hopefully be able to keep moving on."

Zebrauskas, a sophomore, scored an 81 in her second go at the sectional. She improved her score 11 shots from last year.

"I was really excited," said Zebrauskas. "I was hoping I could get it. The front nine was a little rough, but the back nine, I picked myself up and finished strong."

McVay also had a big improvement

from last season. She scored an 82 on Monday, 13 shots better than her previous sectional. McVay had one birdie during her round. Kristi Lilek also made one birdie.

"My whole goal was just to do well on the back, because the back is where I have trouble," said McVay. "So when I knew I would do well on the back nine, I was like, 'All right, we got this.' And I was just coasting through and it feels really good to go."

Miller girls win showdown with Carmel

The Noblesville girls soccer team hosted Carmel Monday at Hallmark Orthodontics Soccer Complex for a showdown between last year's Class 3A state finalists and the Nos. 1 and 2 ranked teams in the state.

The No. 1 and defending state champion Millers won this round, beating the No. 2 Greyhounds 2-0. Noblesville scored both of its goals in the second half. First was Jenna Chatterton, who kicked the ball in from the middle in the game's 51st minute.

With under six minutes to go in the game, Makenna Maloy converted a penalty kick for the Millers' second goal. Noblesville goalkeeper Sara Kile made three saves, while Carmel's Erin Baker had one save.

The Millers are 8-0 for the season and will be back in action at home tonight, hosting Franklin Central in a 7 p.m. Hoosier Crossroads Conference game. The Greyhounds dropped to 12-1, and return to Murray Stadium tonight to take on

Center Grove in a 7 p.m. Metropolitan Conference game.

The Hamilton Heights girls team, ranked No. 6 in Class 2A, opened play in the Hoosier Conference Tournament cruised to a 9-1 victory over Western Tuesday at the Huskies' field.

Kyndall Ferguson, Cassidy Felger and Maria Mitchell all scored two goals for Heights, with Jenna Peterson, Jayla Logan and Ella Hickok each scoring one. Ferguson made two assists, while Felger and Hickok each had one.

The Huskies are the No. 1 seed in the conference tournament, the first time in school history they have made that achievement.

"I thought they came out tonight, had just flashes of really good play," said Heights coach Travis Kauffman. The coach said there were "moments that we were flat and sat back," but the Huskies

Southeastern gets Senior Night victory

The Hamilton Southeastern volleyball team returned to action on Tuesday with a 25-20, 25-11, 25-20 sweep of Roncalli in the Royals' Senior Night match.

Southeastern honored its six seniors: Carly Mills, Jordan Engelmann, Taylor Lauri, Allie Greig, Olivia Phillips and Delaney Garner.

These six seniors have helped transform our program," said Royals coach Jason Young. "I am so proud of these young ladies and all of their accomplishments on and off the court."

Garner hit 13 kills for the match, with Avery Hobson also spiking 11 kills. Mills collected 16 digs, with Engelmann adding five digs and one ace. Phillips dished out 20 assists.

Southeastern is 9-0 and plays Thursday at Zionsville.

Fishers started a busy week with a Monday win over Pendleton Heights, 25-16, 21-25, 25-16, 25-17.

Camryn Haworth handed out 45 assists, and was the catalyst for three Tigers players to hit double-digit kills: Mikayla Christiansen had 13, Emily Waldrop had 13 and Jada Allen had 12.

Samantha Perdue had 17 digs, with Waldrop collecting 12 and Haworth getting 11. The three combined for six aces, while Mia Fehlinger also served two aces.

"We have a big week ahead of us," said Fishers coach Steven Peek. "We have things we're working to do more consistently, and we have plenty of opportunities against strong opponents this week. Now is the time in the season to start knowing who are."

responded in the second half, started that period strong and put the game away.

Heights will play its next game Thursday at West Lafayette.

After the girls played, the Hamilton Heights boys team took on 3A No. 19 Harrison Tuesday.

The Raiders won 5-2. Harrison led 4-1 at halftime, so Heights played to a tie in the second half.

"Honestly, all season we've been a second-half team," said Huskies coach Drew Colvin. "We tend to play a little soft and slow off the start, then the second half, we always pick it up."

Will Hilton scored both goals for Heights, one in each half.

"He plays mostly defense, and then when I need a spark on offense, he's super aggressive, so I can throw him up on offense and he usually gets us a big score," said Colvin. "It jars their defense. They're not ready for somebody like Will."

The Huskies are 7-5-2 and will host Western Saturday morning.

The Sheridan girls team played at Eastern on Monday, falling to the Comets 8-2.

Kadance Voegel scored both goals for the Blackhawks. Eastern led 4-1 at halftime.

Sheridan plays at Rossville on Thursday.

The Carmel boys team, ranked No. 4 in 3A, clinched the Metropolitan Conference championship by playing to a 1-1 tie with Pike on Tuesday.

Medard Mikobi scored the Greyhounds' goal, off an assist by AJ Caito.

"Tonight was a tournament atmosphere game," said Carmel coach Shane Schmidt. "I am proud of how the guys continued to work hard, even after we went down."

The Greyhounds are 5-0-1 in MIC play and 9-1-2 overall. They play at Cathedral on Thursday.

The Noblesville boys team, ranked No. 1 in 3A, kept its Hoosier Crossroads Conference and overall record perfect Tuesday with a 3-2 win at Franklin Central.

The Millers scored twice in the first half. Palmer Ault scored the first goal in the 14th minute, with Spen-

cer Holland getting the assist. Four minutes later, it was Ault providing the assist to Garrett Poynter, who put the ball in the net.

Noblesville got its third goal during the first minute of the second half, with Holland scoring off an assist by Ault. The Flashes scored twice in the second half, but the Millers were able to hold on.

"We made this game closer than it should have been and there was a lot of pressure in the final five minutes," said Noblesville coach Ken Dollaske. "Our defense held strong, including some stellar work from CT [Colin Todd]."

The Millers are 5-0 in HCC play and 10-0 overall. They return to Hallmark Orthodontics Soccer Complex on Thursday to host Lawrence Central.

Hamilton Southeastern, ranked No. 2 in 3A, fell to 3A No. 10 Zionsville 1-0 Tuesday in an HCC game.

The Eagles scored their goal on a corner kick late in the second half.

The Royals are 5-1 in the conference and 9-1-2 overall. Southeastern plays at Marion on Thursday.
