Rep. Cook appointed to House Ethics Committee

The REPORTER

State Rep. Tony Cook (R-Cicero) was recently appointed to serve as chair of the House Statutory Ethics Committee. Cook said this committee serves as an advisory board to lawmakers on questions relating to possible conflicts of interest,

investigates allegations of misconduct of the House Code of Ethics and recommends disciplinary action. The committee helps maintain the public's trust, respect and confidence in the Indiana House. "As lawmakers, we are held to a higher standard because we serve as leaders

and the voices for our communities when we are at the Statehouse voting and vetting policy impacting Hoosiers," Cook said. "It's an honor to lead this crucial body, and I have no doubt I can lean on my experience working in school administration to ensure we can thoughtfully work through

issues this committee is charged with tackling." Visit iga.in.gov to watch the committee live, and access committee calendars and meeting agendas. [Click here](#) for the full list of House Republican chair and leadership appointments.

Cook

From the desk of Superintendent Derek Arrowood

Update No. 38 from Dr. Derek Arrowood, Superintendent, Hamilton Heights School Corporation
Transitioning the high school student body to off-site learning on the first day of December for the second time this year was not how I wanted to start off the month. However, as our county continues to reach new highs in coronavirus cases, we too reached the absenteeism threshold necessitating the shift to off-site learning through Dec. 11.

COLUMNIST

DR. DEREK ARROWOOD
Heights Superintendent

When we make the decision to close a building and shift to off-site learning, we factor in several variables including what we feel is best for our students in terms of learning. Other considerations include, but are not limited to, safety, monitoring active cases, the ability to contact trace, ability to perform a deep clean, managing quarantined students and staff, awaiting pending test results, and staffing. We have found that when we reach the 20 percent mark of quarantined students, it is a struggle to provide as robust of a learning experience as our students deserve. Our teachers are on double duty teaching the lesson to those in class and then ensuring that those quarantined are also getting the same information. This has proven to be a challenge when the number of quarantined students surpasses 20 percent. Shifting to our virtual format allows our teachers to just focus on providing one learning opportunity and how they deliver that lesson to all students. While we are prepared and have all the necessary protocols in place to transition between these two models, we are researching some other options that may give us more flexibility in terms of keeping more of our students in school beginning in January. This is extremely important to us and our families because we know that schools are among the most controlled environments in our society today and remains one of the safest places for anybody to be.

Speaking of schools, I am pleased to share that Volume No. 61 of the HHSC Monthly Update has been posted. It was filmed on Nov. 18 and will introduce you to our newest school board member, enlighten you about our awesome HHMS choir program's success, brag about our HHES P.E. teachers, show off our cafeteria staff, and give you an opportunity to give back. [Click here](#) to check it out!

You may have noticed that this weekly update is numbered. One of our staff members was curious about the number of updates related to COVID-19 communications shared and thought it would be beneficial to number them much like we do for the HHSC Monthly Updates. Since March, I have sent some 65 updates containing COVID-19-related information to district families.

Our monthly video updates were initially designed to share highlights of the many wonderful things involving our students, staff and curriculum taking place throughout our campus. The weekly written updates began in March to stay more connected in what has become a new era of education and living. Finally, as promised and as part of our Re-Entry Plan, updates for when we are notified of positive COVID-19 test confirmations among our students and staff.

We remain committed to open and transparent communication with the frequency that is needed for the times we are in. We will stay the course of connection and collaboration along this journey for as long as it takes.

No-Shave campaign still underway at Carmel PD

Photo provided

Since 2017, Integrity Automotive has supported the Carmel Police Department's No-Shave November campaign for the Leukemia & Lymphoma Society. This year, Integrity Automotive donated \$5 from every oil change during the month of November to the campaign for a total of \$410. Nearly \$4,000 has been raised for the campaign so far, but officers would like to raise more before the campaign ends this Sunday. Donations can be made online at [this link](#) (there is a \$10 minimum for online transactions) or by dropping off a check for any amount made out to "Leukemia & Lymphoma Society" at the police department located at 3 Civic Square, Carmel. (Pictured) Carmel Police Officer Jim Grose (left) accepts a check from Bob Waeiss of Integrity Automotive.

HSE school board votes to keep students in all virtual instruction

The REPORTER

During a special meeting on Wednesday, the Hamilton Southeastern Board of Trustees voted to keep all students, PreK-12, in 100 percent virtual learning through Jan. 15, 2021. "Based on the fact that our community COVID-related numbers from the Fishers Health Department are not decreasing, and we continue to experience a substantial number of teacher and student absences, I believe it is better to remain status

quo than go back-and-forth between learning models," Superintendent Dr. Allen Bourff said. The board will reassess the situation on Jan. 13, 2021 to determine the best learning model for students moving forward. It is the goal of the board to get students, especially the youngest learners, back to in-person learning as soon as possible. HSE is in the process of

Bourff

on-boarding more than 100 substitutes in the coming weeks. District officials say they are greatly appreciative of those who have offered to help in the classrooms. If you're interested in becoming a substitute, [click here](#) for more information. HSE support staff will continue to be paid during this period of 100 percent virtual instruction for students.

Study says roughly 40% of people don't know their own blood type

By Dr. MARY GILLIS, D.Ed.
WISH-TV | wishtv.com

As the coronavirus wages on, doctors are saying it's critical to ask yourself one key question: Do you know your blood type? Why? Because evidence suggests there

is a link between blood type and severity of COVID-19 should you become infected. Those with type O are said to be least susceptible to infection whereas those with blood type A are most susceptible. According to a national survey conducted by lab testing company, Any Lab Test

Now, 37 percent of people have no idea what their blood type is. Not only that, but nearly 60 percent of the 500 surveyed never even thought to ask the question. "This pandemic has more people than ever monitoring their health and thankfully we're seeing families come into our labs to

get a screening to learn their blood type," said CEO of Any Lab Test Now Clarissa Bradstock. "If COVID has taught us anything, it's that we need to be vigilant about our health and a good place to start is with knowing our blood type and the health risks associated with it."

Several artists' work will be on display at this month's Art Gallery at Fishers City Hall, including *Bug* by Laura Crawford (left), *Evolving Wood Sculptures* by Judy Mintze (above), and *Stitched Herstory* by Megan Rosta (below).

Emerging artists this month's focus in Fishers

The REPORTER

The Fishers Arts Council is celebrating the Art of the Emerging Artist during the month of December at The Art Gallery at City Hall featuring 11 local artists. The exhibit runs through Dec. 28.

Featured artists are Liv Ash, Aparna Bhawe, Ingrid Blount, Laura Crawford, Tony Elliott, Amy Johnson, Judy Mintze, Kenya Ferland-Ott, Megan Rosta, Bob

Shimer and Taylor Walker. For those who aren't quite ready yet for a visit to a public gallery, see the artists and their artwork at the Fishers Arts Council virtual art gallery at fishersartscouncil.org/art-gallery-exhibit.

The gallery is free and open to the public daily from 8:30 a.m. to 4:30 p.m. Monday through Friday. The address is 1 Municipal Drive, Fishers.

PREVAIL
Advocating for
Victims of Crime and Abuse
www.prevailinc.com

I was born and raised right here in Noblesville. I grew up in a home without domestic violence or assault – it wasn't something I saw, or even heard about. But when I was introduced to Prevail of Central Indiana, I was shocked by the number of individuals who are affected by domestic violence. In 2018 alone, Prevail helped more than 4,000 clients in Hamilton County. (Nearly 80 percent of clients are women and children.) Domestic violence and abuse are hard topics to discuss, so you don't often hear about them. But at Tom Wood Volkswagen in Noblesville, we're breaking the taboo and raising awareness for Prevail, an organization that helps families in Hamilton County.

– Mike Bragg, GM of Tom Wood Volkswagen in Noblesville

To help Hamilton County families affected by domestic violence and sexual abuse, you can donate the following items:

- Individually packaged snacks
- Lysol
- Hand sanitizer
- Disinfecting wipes

Drop off items at Tom Wood Volkswagen in Noblesville, 14701 Tom Wood Way.

Carmel Symphony Orchestra's Holiday Pop Concert streamed directly to your device

The REPORTER

Due to COVID-19 concerns, the Carmel Symphony Orchestra's Holiday Pops Concert will be livestreamed this year.

For many in Central Indiana, this is one of most popular holiday traditions. However, due to the rising number of COVID-19 cases, CSO leadership has decided to perform The Holiday Pops Presented by IU Health in a manner that keeps musicians safely physically distanced while continuing to provide the annual event.

The concert will begin at 7:30 p.m. on Saturday, Dec. 12. Since this is a livestream production, you only need one access per household. Streaming concerts such as this can be enjoyed on a variety of

devices from your smart TV to your smartphone. The organization said, "The live feed from The Palladium's sound system assures that the viewer will have masterful audio."

The Center for the Performing Arts is handling the tickets. The Box Office phone number is (317) 843-3800.

"During these crazy times, please join us on Dec. 12 for music that is sure to warm your hearts and lift your spirits. We'll all be back together in 2021," CSO Artistic Director Janna Hymes said. The Holiday Pops Concert will cap off 2020 and enhance your holiday season, filling you with inspiration and joy.

As part of the lineup, the event will host soloist Heather Bays and her en-

semble.

Heather Bays is now a "first call" studio singer in the Nashville, Tenn., Indianapolis and Chicago markets where she records voiceovers, jingles, choral demos, film scores and video games. Bays has performed with many significant artists and companies, including Hans Zimmer, Disney, EA Games, Bill Gaither, Sandi Patty and Josh Kaufmann. She is a seasoned performer and has sung the National Anthem for the Indianapolis Colts, the Pacers and the Fever; and has performed as a featured artist with many symphonies around the country.

To order tickets, call the Center for Performing Arts Box Office at (317) 843-3800.

An Open Letter to Noblesville Mayor Chris Jensen

Dear Mayor Jensen,

On Thursday, November 12, representatives of Industrial Dielectrics, Inc. attended an open meeting of the Community Advisory Committee regarding the proposed East-West Corridor Project on Pleasant Street. Not one of the 20 or so people in attendance, other than the presenters hired by the Mayor, endorsed the City’s currently preferred route (Plan B-1), and many concerned questions were asked. At the conclusion of the meeting, the moderator said that the City would move forward at the next meeting to recommend Plan B-1, ignoring the entire discussion raised by the audience. It became clear that the City and its contractors had already made up their minds and had no genuine intent to consider legitimate issues raised or alternatives.

This roadway will be used, hopefully, for the next 100 years, and the “best” plan needs to be developed. Apparently, no consideration will be given to concerns raised in this regard. With all due respect, it is more important to do this right than to do this fast. We need to pick the right route.

IDI endorses an improvement to Pleasant Street, generally along the lines of the route presented, with the following exceptions:

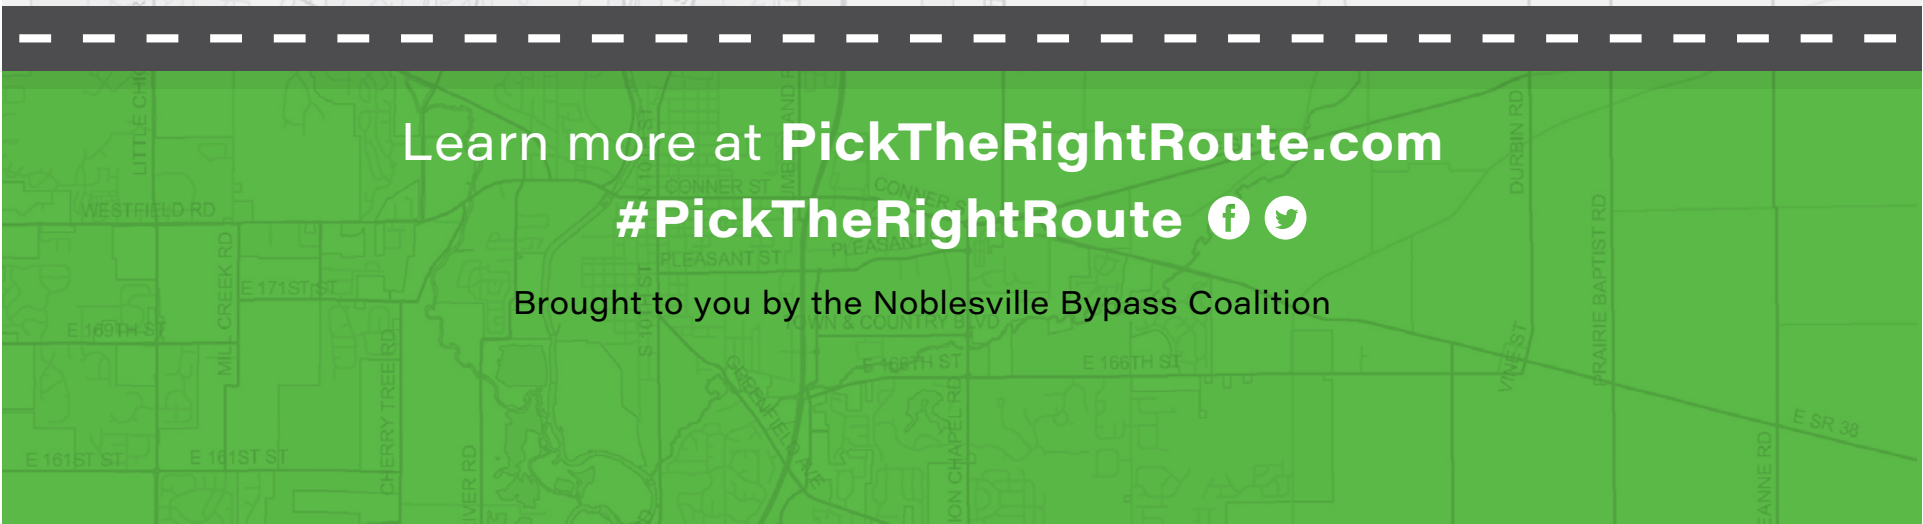

- 1. Mayor Jensen and the City must take the time to study alternatives to the suggested B-1 route to find the best solution. We do not believe the impact of the recently adopted Historic District designation has been evaluated in any detail in the existing plan.
- 2. Several alternative routes have been suggested, including one by a current City Council member, which are better for the driving public, can be achieved with only one roundabout instead of two, and that have minimal displacement in the Historic District and to the IDI site.
- 3. Further study should be made of the new road’s alignment to avoid IDI having to move its worldwide headquarters. IDI currently employs almost 100 workers at this location at an average salary of \$73,000. IDI has plants in two other locations in the United States (Iowa and Montana) as well as in Puerto Rico, the United Kingdom, France, China and Mexico City. Since 2012, IDI has invested over \$15 million dollars in improving its Noblesville location, to make it a suitable headquarters for visitation by the Fortune 500 companies with whom IDI does business, and to make it a more inviting facility to the neighborhood. Plan B-1 makes IDI’s Noblesville operation unworkable.

IDI is proud of its Noblesville heritage, and to that end, has donated over \$1 million to community and civic projects in Noblesville over the last several years. However, IDI expects the City to promote the best solutions to problems like this. Rather than rushing through a plan that is flawed, why not take the time to consider other alternatives in light of the issues created by the new Historic District. Let’s work together to pick the right route.

Sincerely yours,

Tom Merrell, President and CEO

Cynthia Ellen Helphenstine

September 23, 1952 – November 27, 2020

Cynthia Ellen Helphenstine, 68, Sheridan, passed away on Friday, November 27, 2020 at St. Vincent Heart Center in Indianapolis. She was born on September 23, 1952 to Kenneth and Marjorie (Hiles) Barker in Marion.

Cynthia was the best mother and caregiver. She loved her daughter and grandson.

She is survived by her daughter, Brooke McDuffey; grandson, Gabriel McDuffey; father, Kenneth Jess Barker; brothers, David (Melanie) Barker and John Herrera; sisters, Kenita and Leslie Young; and cousins, PJ Holmes and Linda Franks.

She was preceded in death by her mother, Marjorie Barker; an aunt, Blanche; and a grandmother.

Cynthia's family has entrusted Randall & Roberts Funeral Home with her care.

Condolences: randallroberts.com

Thanks for reading!

TODAY'S BIBLE READING

And some believed the things which were spoken, and some believed not. And when they agreed not among themselves, they departed, after that Paul had spoken one word, Well spake the Holy Ghost by Esaias the prophet unto our fathers, Saying, Go unto this people, and say, Hearing ye shall hear, and shall not understand; and seeing ye shall see, and not perceive: For the heart of this people is waxed gross, and their ears are dull of hearing, and their eyes have they closed; lest they should see with their eyes, and hear with their ears, and understand with their heart, and should be converted, and I should heal them. Be it known therefore unto you, that the salvation of God is sent unto the Gentiles, and that they will hear it. And when he had said these words, the Jews departed, and had great reasoning among themselves. And Paul dwelt two whole years in his own hired house, and received all that came in unto him, Preaching the kingdom of God, and teaching those things which concern the Lord Jesus Christ, with all confidence, no man forbidding him.

Girls basketball

Defense powers Millers to win over HSE

By RICHIE HALL

NOBLESVILLE - The theme for Wednesday night's girls basketball game at The Mill between Noblesville and Hamilton Southeastern was "aggressive defense."

The Millers came out tough on defense, which enabled them to take control of the contest and build up a big lead by the third quarter. The Class 4A No. 4 Royals used their aggressive defense to mount a comeback during the late third and fourth periods before Noblesville held on to win 50-39.

With the win, the Millers improved to 4-1 for the season. It also gave Noblesville a unique achievement: The Millers now have wins over the past two 4A state champions. Southeastern won in 2019 and Noblesville beat last year's champ Lawrence North to begin its season. And the Millers are doing this despite not having their full lineup available for a few weeks now.

"I love this group of kids," said Noblesville coach Donna Buckley. "They're so mentally tough. Nothing's rattled them. We played Homestead, played seven kids. They just want to play basketball. That's the most important thing. Our kids just love playing basketball, love being together, and we're just going to keep rolling and see what happens."

The Millers led wire-to-wire, rolling to a 7-0 lead in the first quarter. Emily Wood and Ashlynn Shade each scored baskets, with a Kaitlyn Shoemaker 3-pointer in between. Lauren Stewart got the Royals on the board with a 3-pointer.

Noblesville was in front 9-4 going into the second quarter, and that became 11-4 when Wood made a hook shot. Lydia Self scored HSE's first basket of the period, a layin to cut it to 11-6.

Shade took over again, hitting back-to-back baskets, then her two free throws were the last points of the half, which ended with the Millers in front 18-10. Those free throws were also the first points of a 14-0 run that stretched well into the third quarter. Wood again opened a quarter with a basket, Shade scored four more and Jayla Jones finished the run with a 3-pointer to put Noblesville up 30-10.

The Royals began to rally at that point, as they began playing more aggressive on defense. Self got things started, scoring four points on two free throws and a basket off a steal.

Shade hit a short jumper to put the Millers ahead 37-15, but the Royals finished the third quarter on a lightning-quick 9-0 run, staying within 37-24. Makayla Hinshaw nailed a 3-pointer, Stewart converted a traditional three-point play, and Ryan Viele ended the period with a triple.

"I thought we got more aggressive as the game went on and that's why we were able to climb back into the game," said HSE coach Chris Huppenthal. "This is a young group we're dealing with. We know we're going to go through some growing pains and I think they grew up a lot in the second half."

Shade began the fourth with another set of back-to-back baskets, after which Southeastern went on a 7-0 run. Stewart hit a 3 and made a layin, with Viele scoring off a steal in between. The Royals thus cut Noblesville's lead to 41-31 with 4:54 remaining.

The Millers wouldn't let them get closer, though, going on their own 8-0 run to move ahead 49-31 with under two minutes to go. Brooklyn Smitherman started the run by grabbing an offensive rebound, then eventually laying the ball in. Shoemaker added four points and Mallory Miller capped it off with a layin.

"They really made a nice little run at the end of the third," said Buckley. "They kind of rattled us a little bit and then we settled in some. Ashlynn made some big plays. She is just, obviously, a phenomenal basketball player, really made plays to settle us down. Smitherman had a huge rebound late, that offensive rebound gave us an extra possession and a score. We settled in and kids made plays."

Southeastern battled to the end, with Stewart and Olivia Brown hitting back-to-back 3s. Brown also scored on a layin for the final basket of the game.

"When we started pressing and got more aggressive, it got our kids going," said Huppenthal. "Again, that may be something we have to look at and come out and get them in that mindset right away."

Shade led all scorers with 24 points, and was 9-for-9 from two-point range. She also made six steals and collected five rebounds. Miller led on the boards with eight rebounds. Stewart hit three 3-pointers to score 14 points for the Royals. Self led the rebounds with six and Brown made four steals.

Noblesville will host Mishawaka Marian, the No. 4 team in 3A with a 6-0 record, on Saturday afternoon. Southeastern, now 4-2, also plays its next game Saturday afternoon, making a trip to McCutcheon.

Indiana Basketball HOF announces 2021 Men's Silver Anniversary Team

Eighteen men have been named to the Indiana Basketball Hall of Fame's 2021 Silver Anniversary Team, based on outstanding accomplishments as a senior basketball player 25 years ago.

The team includes 13 members named to the 1996 Indiana All-Star squad. Five other all-state players are included to recognize the top of Indiana's high school class of 1996.

1996 Indiana All-Stars include Mr. Basketball Kevin Ault, Ben Anderson, Lee Coomler, Jaraan Cornell, Carson Cunningham, Andrew Graves, Chris Hahn, Mickey Hosier, Michael Lewis, Gary McQuay, Greg McQuay, LaMont Roland and Carl Sykes.

The remaining five, named to various all-state teams are former Noblesville boys basketball coach Brian McCauley, Duane Clemens, Jeff Poisel, Yon Price and B.J. Watts.

Due to COVID-19 conditions, a date for the 2021 Indiana Basketball Hall of Fame Men's Awards Banquet has not been set. The 2021 Men's Silver Anniversary Team is expected to be honored during that event once a date is set.

Information for the event will be posted on the Hall of Fame website, www.hoopshall.com, through Hall of Fame social media platforms, by emailing info@hoopshall.com or calling (765) 529-1891.
