(From left) Arnett Cooper, Gretchen Pennington, Dr. Kevin Cavanaugh, Julie Davis and Doug Ozolins were recognized and honored for their work to ensure the best possible education experience for all students at Hamilton Heights.

Heights celebrates School Board Recognition Month

The REPORTER
January is National School Board Appreciation Month, and Dr. Derek Arrowood, Hamilton Heights School Corporation Superintendent, took a few minutes at Wednesday's board meeting to recognize and express his appreciation to the corporation's school board members – past and present.
"Our school board members exemplify local citizen control and decision making in education," Dr. Arrowood said. "They volunteer hundreds of hours and an immeasurable amount of energy to assure that

our schools are providing the best education possible for the children of our community. They are citizens whose decisions affect our children – what they learn, who will teach them, and what kinds of facilities house their classrooms. With the advice and counsel of the educational professionals they hire, our school board has an incredible impact on virtually every aspect of corporation. We are incredibly fortunate to have the caliber of individuals who comprise our five-member school board."
"On behalf of the staff and students at

Hamilton Heights, we are asking our local citizens to take a moment to thank our school board members for caring about our children's education," he continued. "We salute the Hamilton Heights School Board whose dedication and civic responsibility make local control of public schools in our community possible and whose contributions truly make Hamilton Heights a destination of choice for their child's education. We applaud them for their vision and voice

Massillamany elected president of Hamilton County Council

Newly-elected Councilors Maki, Nation begin their terms

The REPORTER
Amy Massillamany has been elected president of the Hamilton County Council. She replaces Rick McKinney in the role. Steve Schwartz will serve as Vice President. Election of officers is an annual practice at the first meeting of each year.
Massillamany was elected to the Hamilton County Council in 2011. She represents District 2, which includes Delaware, Fall Creek and Wayne townships.
Massillamany works in sales and is currently the Director of Client Development at RGP, a worldwide consulting firm specializing in Finance, Accounting, Governance, Risk & Compliance, Information Management, Human Capital, and Corporate Advisory.

Massillamany

Maki

Nation

Prior to serving on the Council, Massillamany served as a Precinct Committeewoman, a volunteer for the Hamilton County Republican Party as well as a volunteer for multiple grassroots initiatives for local, state and national races. She has been instrumental in advocating for partnerships with local cities, towns and school systems,

supporting the county's technological advances and initiatives, spearheading a market driven analysis of the county's employee pay structure, and represents the council as a member of the Workforce Recovery Taskforce, created as a result of the pandemic, connecting businesses and job seekers.
Sue Maki and Steve Nation also joined the Hamilton County Council for its first meeting. The pair won at-large seats in the November election.
Maki serves as the Manager of Environmental Initiatives & Education for Carmel Utilities.
Nation retired as a Hamilton County Judge two years ago after serving 24 years on the bench and 16 years as a prosecutor.

Duke Energy supports rail preservation with charitable donation to Nickel Plate

The REPORTER
On Giving Tuesday this past November, Nickel Plate Express announced the start of a fundraising campaign to raise \$25,000 for the 2021 operating season.
Duke Energy, a supporter of Nickel Plate Express since its inception in 2018, announced the celebration of the season of giving with a \$2,500 donation. Duke Energy's inaugural gift, combined with grassroots donations from Giving Tuesday, puts the Nickel Plate Express \$6,500 closer to the giving goal.
"Charitable donations are more important than ever to keep the Nickel Plate

Express on track," said Dagny Zupin, Executive Director of the Nickel Plate Express. "We are grateful to Duke Energy for their continued support of railroad preservation in Hamilton County. I encourage those who are passionate about railroad history to follow Duke Energy's lead and make a tax-deductible donation at NickelPlateExpress.com/give."
Donations from the fundraising campaign will assist the Nickel Plate Express with equipment maintenance and provide general operational support for the 2021 season.
"Duke Energy traces its roots back to the interurban line and electric rail systems of the late 1800s, which is one of the reasons we are excited to continue

Carmel outlines procedures to clear snow from Monon Greenway, other city paths, streets

Submitted
Carmel city officials say they are committed to making bicycle riding, running and walking year-round activities on the city's trails, and multi-use paths for both transportation and recreation.
During the winter months, after a heavy snowfall of three inches or more, the City puts in motion a plan to plow local streets immediately for the safety of motorists, then turns its attention to plowing local

trails like the Monon Greenway and Hagan Burke Trail along with many miles of multi-use paths along roadways.
Here is how this takes place after a heavy snow:
Streets
When up to three inches of snow has fallen, the Carmel Street Department treats and plows main thoroughfares such as Range Line Road, Main Street, Carmel

Drive, Gray Road, Spring Mill Road, 116th Street and others that are used heavily for commuting to work or school.
After that, the Street Department focuses on secondary streets such as Brookshire Parkway, Lakeshore Drive, Adios Pass, Avian Way, etc.
When more than three inches of snow has fallen, the main and secondary streets

Spartz issues statement on Electoral College vote

The REPORTER
Representative Victoria Spartz (R-Ind.-05) released the following statement on her decision to vote for certification of the Electoral College votes.
"We are going through some turbulent and dangerous times in our history," said Rep. Spartz. "I am extremely upset and worried about the future of our country as are many Hoosiers I represent, but my oath to our Constitution is paramount to the future of our Republic.
"Whatever the irregularities and politically motivated election law changes in certain states, two wrongs do not make a right, and Congress cannot overrule millions of votes certified by those states. It's a threat to our federalist system and would play into the hands of those seeking to end the Electoral College.
"President Trump has done incredible things for our country and I share the disappointment of millions of Hoosiers in the outcome of the 2020 election, but ultimately, the recourse is with the American people, at the ballot box, in the next election as it has been for the last 200 years."

Spartz

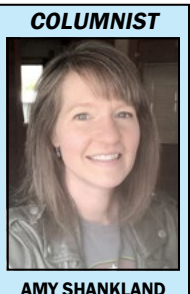

Public outcry sometimes needed to get action

Shortly after the November election, I listed three issues that I think deserve attention in this year's state legislative session. They are matters that would benefit our citizens, namely the elimination of Pay to Play, stopping the gerrymandering of Hamilton County, and opening of the political party caucus when filling a vacancy in a public office.
Unfortunately, I don't see much chance of success for my suggestions despite the fact that most people would probably agree these are corrections that should be made by state legislation. The trouble is that these are not matters on which the public pressures the legislature.
Regarding the first of these, Pay to Play, is the game whereby some corporations or individuals make campaign contributions to political candidates with the hope they will reward the donor with contracts for

Getting a "Boost"

If you've been reading my column for any length of time, you'll notice the topics vary from serious, to stressful, to downright silly. I think those adjectives perfectly describe the life of anyone in the sandwich generation.
After the bad news that's hit us all this week, I'm going for silly. Today's topic is the Mystery of the Missing Boost, which almost sounds like a Nancy Drew novel. Unlike Nancy, I've not solved this one, but I'm working on it.
My mother has had one Boost per day in her diet for years now. If you're not familiar with Boost, it is a nutritional drink containing protein, vitamins and minerals – and a lot of sugar.
Like many seniors, Mom doesn't eat well. The reasons for this vary according to the National Institute of Health. They include changes to the digestive system, hormonal changes, disease, pain, changes to the sense of smell, taste and vision, and a decreased need for energy. Digestive system issues also contribute to declining appetite.

10 years Celebrating

BRAGGINSURANCE AGENCY

Celebrate MLK Jr. Day in Fishers with custom yard sign

HEIGHTS DONATE — COUNTY LINE

The REPORTER
Martin Luther King Jr. Day is Jan. 18, and the City of Fishers wants you to celebrate with the community by sharing your dreams on fill-in-the-blank style sign to display in your yard. Fishers Parks will provide the sign, stand and markers at no cost to 500 participants on a first-come, first-served basis. Register now for one of two sign and materials pick-up times:
• 2 to 4 p.m. on Jan. 9 at Holland Park
• 5 to 7 p.m. on Jan. 11 at Billerica Park
[Click here](#) to learn more and register.

in helping to shape a better tomorrow every single day.” Heights school board members include Dr. Kevin Cavanaugh, Arnett Cooper, Julie Davis, Doug Ozolins and Gretchen Pennington. “We also want to thank and recognize the work and contributions of Laura Reuter,” Dr. Arrowood added. “She did not seek re-election and stepped down from her seat at the end of 2020 after 12 years of service to the school corporation.”

promoting and supporting the Nickel Plate Express,” said Mark LaBarr, government and community relations manager for Duke Energy. “I encourage others to join us in supporting the Nickel Plate Express, an asset that showcases both the heritage and vibrancy of Hamilton County.” Tax deductible donations can be made online at [NickelPlateExpress.com/give](#), or mailed to P.O. Box 435, Arcadia, IN 46030. To learn more about the Nickel Plate Express and the plans for the 2021 season, visit [NickelPlateExpress.com](#).

goods or services. I spoke earlier this week with State Rep. Tony Cook of Cicero. Now in his fourth term, Cook is chairman of the House Ethics Committee. He agrees he “would like to see some of that curtailed.” He points out it might be easier said than done. Each legislator can only submit 10 bills for consideration, and apparently none has authored one to curtail the pay to play scheme. But, Cook says he will check with other legislators to see if there is a bill that could somehow tackle or include this issue. But, if there is something that could be found on the subject, a hearing on any bill is at the discretion of the Speaker of the House. Then, there is a matter of definition and enforcement of something like pay to play. There is a fine line between legitimate lobbying and paying a legislator for his support, Cook notes. But, Cook agrees he “does not feel it’s right” to offer obviously excessive contributions from folks hoping to get favored status. So, without the public’s involvement, I don’t look for major change on this issue at this time. And, on the issues of gerrymandering and closed caucuses, look for even less action unless there is a public outcry. We’ll try to keep watch, and hope that others do too.

Thanks for reading The Reporter!

SNOW

are salted and plowed as the snow falls. Smaller streets and cul-de-sacs within subdivisions are plowed when more than four inches of snow has accumulated. After the snowfall ends, the Street Department begins a complete city plow that includes every street getting plowed and/or treated with salt as needed, especially on bridges, hills, roundabouts and intersections.

from Page 1

bers from other city departments to be trained to help.

Paths

Paths that are located along city roadways are cleared by the Carmel Street Department as soon as possible after city streets are cleared. In most cases, they are cleared along with the adjacent section of roadway.

It should be noted that the Street Department does not clear trails outside of normal business hours, and depending on the depth of snow, it may take up to two to three days to clear the paths. Additionally, in some areas, trails are not cleared on both sides of the roadway.

Trails

Trails and greenways are cleared by the Carmel Clay Parks Department, which begins clearing operations shortly after the end of the snowfall. Trails in Carmel are cleared but are not salted. No salt is used due to the threat of killing vegetation along the trails, causing injury to the paws of pets and the potential damage to the asphalt.

BOOST

from Page 1

Most experts recommend only one Boost each day to avoid ingesting too many vitamins, minerals, and, of course, sugar. Last year I set Mom up to receive one case of Boost every three weeks from Amazon. A case contains 24 bottles, so I figured this would give her about three extras in each shipment.

Apparently, my math is even worse than I thought. Mom’s Boost keeps disappearing, or so she claims. I can’t tell you how many times she’s called me over the last six months swearing to me that she’s out of the stuff.

“Mom, you JUST got a case of 24 less than two weeks ago,” I’ll typically reply.

“Well, there’s none in this apartment,” she’ll say.

I then have to call the front desk of her facility to see if someone can help her find the recent shipment. Most of the time they can’t find it and thanks to COVID, I can’t go over and

look myself, which adds to the fun.

“Are you just drinking just ONE a day? That’s all you’re supposed to drink, Mom,” I’ll say when she invariably calls again.

“That’s all I’m drinking, just one,” she’ll claim.

Uh-huh. Right. I know my Little Miss Sweet Tooth. I think Boost has become like ice cream for Mom and she’s chugging multiple bottles a day.

When I complain to my husband John about this situation and how it drives me crazy, he simply says, “Amy, she’s 88.” Sigh.

Starting today, I’ve set Mom up to get a shipment of the stuff every TWO weeks now. That’s approximately 48 a month. At this rate she’ll be able to stack the boxes around her apartment to create little forts.

We’ll see if this helps with the “mystery.” Maybe my training from reading all those Nancy Drew novels as a kid will finally pay off.

Prevail

Advocating for Victims of Crime and Abuse

[www.prevailinc.com](#)

I was born and raised right here in Noblesville. I grew up in a home without domestic violence or assault – it wasn’t something I saw, or even heard about. But when I was introduced to Prevail of Central Indiana, I was shocked by the number of individuals who are affected by domestic violence. In 2018 alone, Prevail helped more than 4,000 clients in Hamilton County. (Nearly 80 percent of clients are women and children.) Domestic violence and abuse are hard topics to discuss, so you don’t often hear about them. But at Tom Wood Volkswagen in Noblesville, we’re breaking the taboo and raising awareness for Prevail, an organization that helps families in Hamilton County.

– Mike Bragg, GM of Tom Wood Volkswagen in Noblesville

To help Hamilton County families affected by domestic violence and sexual abuse, you can donate the following items:

• Individually packaged snacks

• Lysol

AG Curtis Hill hosts webinar on law enforcement, mental health

The REPORTER

Indiana Attorney General Curtis Hill this week hosted and moderated a webinar on the topic of law enforcement and mental health – the same subject on which he [hosted a successful public forum](#) in November.

“We’ve been addressing this issue lately in Indiana, and we’re finding widespread consensus that it’s something we should talk a lot more about,” Hill said. “Across the country, AGs have the opportunity to take a leading role in spurring further, much-needed conversation.”

Hosted in collaboration with the AG Alliance, the webinar featured four Indiana panelists: Dr. Virginia A. Caine, director of the Marion County Public Health Department; Ryan Mears, Marion County prosecutor; David Certo, Marion County Superior Court judge; and Jim Bontrager, Elkhart Police Department senior chaplain.

When police officers make mistakes born of mental stress, the results can be devastating, Hill

Hill

noted. “All too often,” he said, “we see the national headlines about some incident of disturbing behavior on the part of law enforcement. And from these incidents, even though they represent only a very small fraction of police officers, Americans get the impression that too many police officers are inhumane toward their fellow citizens.”

One key to preventing such incidents in the first place is better mental-health

intervention, Hill said.

“As a society and as elected leaders, we want to understand what goes on in the mind of a police officer that could lead to troubling behavior, whether in public duty or in their personal lives,” he said. “And with greater understanding, we then can work to delve in, intercept and correct matters before the next bad thing happens.”

Hill emphasized that the objective is “not to excuse or justify.” But when “we safeguard the mental health of police officers,” he said, we “thereby help society overall.”

Testing positive for COVID after getting vaccinated? Experts say it’s possible

By **ANGELI KAKADE**
WISH-TV | [wish.tv.com](#)

As the number of people getting vaccinated increases, there are more questions about how the vaccine works. For example, is it possible for a person to test positive for the coronavirus after getting vaccinated?

According to the CDC, the answer is yes, it is possible.

But Dr. Paul Calkins, interim chief medical executive at IU Health,

says it’s important to remember that testing positive doesn’t mean the COVID-19 vaccine gave the person the virus. It can take 10 to 14 days for the body to build immunity after vaccination. Dr. Calkins says that’s because your body is learning what to do and how to fight the virus.

The Indianapolis-based physician also says it’s important to look at the data.

“There were people testing positive at the same rate as people who were

given the placebo in both the Pfizer and Moderna trials,” Dr. Calkins said, adding it’s possible to have an asymptomatic infection even with the vaccine.

So what do you do after you get the first dose?

“Assume you have no protection until about two weeks after your first dose and then you have some protection, which is better than zero, but partial until your second dose ... and you really need a week after your second dose,” Dr. Calkins said.

That’s about four weeks for Pfizer and five for Moderna between the first dose and that 95 percent efficacy. And while getting the first dose doesn’t mean throwing your mask away, Dr. Calkins does say it will protect you from those severe symptoms.

It’s also important to know if you do test positive after the first dose, that doesn’t mean starting over – you should go ahead and get that second dose as scheduled.

Letter to the Editor

Shaffer makes correction to an earlier letter

Dear Editor:

Carmel’s outlandish finances force me to correct an earlier letter to the editor. (Reporter, Dec. 9, “Shaffer: What level of incompetence leads to \$250M debt discrepancy?”)

Subsequent cooking of the books brings that to \$318 million not \$250 million.

Is that some serious money or what?

In December, the city told the Indiana Department of Local Government Finance (IDLGF) that the total municipal debt outstanding was \$1.3 billion – down a quarter of a billion bucks from Nov. 18’s record high \$1.6 billion. That triggered Letter No. 1.

Today, it’s just over \$1.2 billion or \$318.7 million less than the Nov. listing. So, here’s the update.

Asked about it, the city council’s finance committee chair said it was caused by two bond issues’ working their way through the system.

Plausible until you read the IDLGF bond statements for the two. They refinanced bonds worth \$188 million at a total cost of \$224 million. That would add \$36 million and change to the total, not reduce it.

This is the same logic used by the city council finance committee in explaining the \$18.5 million cost overrun on its Hotel Carmichael by blaming construction costs which increased about \$3 million above estimates.

In both cases, taxpayers wonder where the \$318 million came from and where the \$15 million went.

Bill Shaffer

Holcomb, INDOT announce next call for Community Crossings matching grants

The REPORTER

Governor Eric J. Holcomb and INDOT Commissioner Joe McGuinness this week announced the next call for projects in the Community Crossings grant program is now open. Community Crossings is part of Gov. Holcomb’s Next Level Roads program, a 20-year, fully funded plan to enhance Indiana’s highways and local roads by awarding communities grants for shovel-ready local road construction projects.

“Hoosier communities have made tremendous strides in building up and building out their local roads in recent years, thanks in part to partnering with state through Community Crossings,” Holcomb said. “This next round of Community Crossings grants will keep that momentum going and allow cities, towns and counties to complete additional projects to spur community growth and development.”

Projects that are eligible for funding through Community Crossings include road resurfacing, bridge rehabilitation, road reconstruction, and Americans with Disabilities Act (ADA) compliance in connection with road projects. Material costs for chip sealing and

crack filling operations are also eligible for funds.

Projects submitted to the Indiana Department of Transportation for funding will be evaluated based on need, traffic volume, local support, the impact on connectivity and mobility within the community, and regional economic significance.

Funding for this call for projects combines existing revenue available in the state’s local road and bridge matching grant fund and anticipated revenues during the first three months of the 2021 calendar year.

“Opening this next call for projects just a few weeks after awarding more than \$100 million for local projects in our final 2020 round of grants further demonstrates our historic commitment to taking care of our roads in Indiana,” McGuinness said. “INDOT and local governments are improving existing roads at a record pace and this next round of Community Crossings positions our local partners to deliver even more progress in the coming months.”

Community Crossings is open to all local government

Holcomb

units in Indiana.

• Cities and towns with a population of fewer than 10,000 will receive funds using a 75/25 match.

• Cities and towns with a population of greater than 10,000 will receive funds using a 50/50 match.

• Counties with a population of fewer than 50,000 will receive funds using a 75/25 match.

• Counties with a population of greater than 50,000 will receive funds using a 50/50 match.

Over the last four years, the state has awarded more than \$830 million in matching funds to support local road and bridge projects around Indiana. Long-term funding for Community Crossings is part of House Enrolled Act 1002, passed by the legislature and signed into law by Holcomb in April 2017.

All application materials must be submitted by 5 p.m. on Friday, Jan. 29. Communities receiving funding for projects will be notified in late winter or early spring.

For more information on Community Crossings, visit in.gov/indot/community-crossings.

TODAY'S BIBLE READING

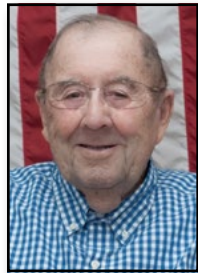

Therefore, just as sin entered the world through one man, and death through sin, and in this way death came to all people, because all sinned—To be sure, sin was in the world before the law was given, but sin is not charged against anyone's account where there is no law. Nevertheless, death reigned from the time of Adam to the time of Moses, even over those who did not sin by breaking a command, as did Adam, who is a pattern of the one to come. But the gift is not like the trespass. For if the many died by the trespass of the one man, how much more did God's grace and the gift that came by the grace of the one man, Jesus Christ, overflow to the many! Nor can the gift of God be compared with the result of one man's sin: The judgment followed one sin and brought condemnation, but the gift followed many trespasses and brought justification. For if, by the trespass of the one man, death reigned through that one man, how much more will those who receive God's abundant provision of grace and of the gift of righteousness reign in life through the one man, Jesus Christ! Consequently, just as one trespass resulted in condemnation for all people, so also one righteous act resulted in justification and life for all people. For just as through the disobedience of the one man the many were made sinners, so also through the obedience of the one man the many will be made righteous. The law was brought in so that the trespass might increase. But where sin increased, grace increased all the more, so that, just as sin reigned in death, so also grace might reign through righteousness to bring eternal life through Jesus Christ our Lord.

Romans 5:12-21 (NIV)

Fred "Tater" Jones

November 2, 1928 – January 4, 2021

Fred "Tater" Jones, 92, Sheridan, went home to be with his Lord and Savior on January 4, 2021 surrounded by his loving family. Fred was born on November 2, 1928 to the late Clayton and Phobe Adeline (Whitcomb) Jones in Scircleville, Ind. He is also preceded in death by his step-mother, Nora (Partlow) Jones.

A proud Sugar Creek Cricket, Fred was a graduate of Sugar Creek High School in Pickard, Ind. Fred met the love of his life in high school and married his high school sweetheart Phyllis (Mathews) Jones on July 11, 1948, and they had 60-plus wonderful years together. Fred and Phyllis loved to dance; they competed in square and round dance. Fred and Phyllis competed in the Nationals Square and Round competition in Seattle, Wash., and Las Vegas, Nev. Phyllis would make their dance clothing, usually from a picture, so that they would match. Fred loved being a farmer, but another joy started at 16 years old. That was flying small aircraft. Owning a few planes over the years, he would go flying whenever he could. Fred shared his love of flying with his family and friends; he enjoyed flying for over 50 years.

Fred was a proud veteran who honorably served his country in the United States Army in an artillery division. Through his leadership and hard work, he earned the rank as a First Lieutenant. Fred was discharged from the United States Army in May of 1961. When Fred returned home, he started Jones Electric Service. He took great pride in serving his clients and building a reputable, successful business through hard work. Fred taught the value of hard work to his children; he was proud that his son Brian followed in his footsteps, taking over the family business. Fred continued to work, retiring at 90 years old.

Fred was a member of Hills Baptist Church and he shared that faith with his family and friends. He will be greatly missed by his family; children, Brenda (Jim) Garrod, Sheridan, and Brian (Angela) Jones, Sheridan. Fred was a proud grandfather to Jennifer (Tyler) Arnold, Kaitlin (Garrett) Schlobohm, Lauren (Landon) Edsall, Kayla (Brent) Dunham, Melanie (Jacob) Harden, Evan (Erica) Mosson and Neil Jones. Fred was also a great-grandfather to Charlotte and Sadie Arnold, Graysie and Maverick Dunham, Emerie and Kaycie Harden, Braxton Mosson and Charlee Jones. Fred is also survived by two sisters, Mildred Coy, Frankfort, and Joan (Ken) Butler of Florida. Preceding Fred in death is his daughter, Sherry; the love of his life, wife Phyllis; great-grandson Grayson Dunham; and sister, Barbara Little.

Services for Fred were private on Friday, January 8, 2021, but his family would like to thank everyone for their prayers, thoughts and kind words. Memorial contributions may be made to Hills Baptist Church and to the Sheridan Public Library.

The family invites anyone who would like to pay their final respects to Fred to please socially distance and line up on Main Street. You will be able to give him a final "salute" as we proceed to Crown View Cemetery to his final resting place. We will be leaving Fisher Family Funeral Services around 11:30 on Friday morning. Again, we would like to thank you for your love and support.

Everyone is invited to sign the online register book, leave a condolence, or share a memory of Fred at fisherfunerals.com. Fisher Family Funeral Services of Sheridan is honored to serve the Jones Family.

Swimming

Tigers sweep the Mudsock meet

The Fishers swim teams swept the Mudsock meet, which took place Thursday as the Tigers hosted Hamilton Southeastern at the Fishers aquatic center.

The Tigers girls won their meet 108-78, while the boys were 126-60 winners.

"Overall I thought the kids performed at a high level tonight," said Fishers coach Joe Keller. He said the swimmers were challenged with being able to step up to pressure, "and know that in effect it's a privilege to have that opportunity."

The Fishers girls took eight of the 12 events. Jo Jo Ramey was a double winner for the Tigers, placing first in the 200 freestyle and backstroke.

Other individual victories came from Kate Mouser in the individual medley, Morgan Casey in diving, Abby Miller in the butterfly, Lydia Reade in the 500 free and Grace Lux in the breaststroke. Fishers also finished the meet with a win in the 400 free relay; Reade, Charlie Ramey, Mouser and Jo Jo Ramey all swam in that event.

"On the girls side, we saw a lot of great racing," said Keller.

Kennedy Fisher won the 50 free from the Royals, with Molly Pedersen placing first in the 100 free.

"Both girls excelled at the first breakout and turn and never looked back," said Southeastern assistant coach Matt Papachronis. "The team has been focusing on turns quite a bit the last two weeks and I think it showed throughout the night across the board. We'll continue to make that a point of emphasis in training."

Fisher teamed with Rebecca Ang, Audrey Crawford and Grace Newton to win the medley relay, while Fisher and Pedersen joined Ava Olson and Ashley Saple to take first in the 200 free relay.

In the boys meet, Fishers won 126-60. The Tigers won 11 of the 12 events; Kyle Ponsler paced the IM and breaststroke while Jackson Carlile took the 50 and 100 freestyles.

Other individual winners were William Jansen in diving, Connor Carlile in the butterfly, Tyler Schwertfeger in the 500 free and Logan Ayres in the backstroke. Fishers swept all three relays: Ponsler, Reed Beaumont, Connor Carlile and Jackson Carlile won both the medley and the 200 free relays, while Schwertfeger, Taichi Kataoka, Keaton Chop and

Ayres were first in the 400 free relay.

Keller said the Tigers boys were "really outstanding"

"These boys, they really wanted to be impressive tonight," said Keller. "They impressed me. I was really pleased."

Keegan Streett won the Royals' lone event, the 200 free. Other solid swims came from Noah Haines in the 200 free, as well as Ryan Harrison and Matt Truxall in the IM. Southeastern assistant coach Ben Wachtel also said Drew Hershman "brings fantastic effort" every time he goes into the water.

"Despite losing the meet, there were many silver linings as this team continues to find its way," said Wachtel. "The effort was consistently great and there were even some season-best swims to highlight the evening. While the seniors have led the way all season, this evening it was the junior class that provided many of the evening's highlights on the blue side."

Both teams will compete in the Hoosier Crossroads Conference championships next, which take place this weekend at Brownsburg.

GIRLS MEET

Team scores: Fishers 108, Hamilton Southeastern 78.

200 medley relay: 1. Southeastern "A" (Rebecca Ang, Kennedy Fisher, Audrey Crawford, Grace Newton) 1:46.55, 2. Fishers "A" (Jo Jo Ramey, Grace Lux, Kate Mouser, Kalli Agapios) 1:46.90, 3. Fishers "B" (Abby Miller, Lydia Reade, Alexandra Stein, Avery Stein) 1:50.10.

Basketball

University boys upset Covenant Christian

The University boys pulled off a stunner Thursday night defeating previously undefeated Covenant Christian 60-57. The Trailblazers scored the last eight points of the game to take down the Class 2A No. 7 Warriors in a battle of Sectional 42 rivals.

Trailing 57-52 with 2:18 remaining, the Trailblazers were patient on offense and Larry Pierce found Matt Jones for a three pointer with 1:21 left to pull University within two. Mitchell Martin came up with a steal on the defensive end with 57 seconds remaining. After a Blazers timeout, Pierce drove the lane and kicked it out to Jones for the three pointer that put University ahead with 29 seconds left.

Pierce rebounded a missed Covenant Christian free throw on the front end of a one-and-one with 23 seconds remaining. Covenant Christian had to foul twice to put the Blazers on the line and Pierce went to the charity stripe with 10.4 seconds remaining and calmly knocked down a pair of foul shots for a 60-57 lead.

University guarded the three-point line and an off balance three pointer was rebounded by University freshman Sabien Cain with two seconds left. Cain was tied up for a jump ball with 0.1 seconds remaining, but the Warriors were unable to get off another shot.

Pierce had a monster game for the Trailblazers with 24 points, eight rebounds and three assists, while committing only a single turnover. Martin had 13 points and Jones had 11.

Camden Brown, University's leading

scorer, had just two points as battled foul trouble throughout the game before fouling out with 3:15 remaining and the score tied at 52. Brown logged just 11 minutes, but the Trailblazers outscored the Warriors by 10 points while Brown was on the floor, with the 6-7 senior dishing out four assists. Junior Nate Jeffery provided huge minutes off the bench in relief of Brown, dishing out five assists.

University raced to a 10-0 lead in the first three minutes of the game. Pierce had two baskets at the rim and Jones and Cain hit three pointers. Covenant Christian crawled back in the game with full court pressure and eventually took a 18-17 on a basket with 16 seconds left in the quarter. Pierce had eight points in the first.

The Warriors led throughout the second quarter and had a six-point lead at halftime, 34-28. University shot 57 percent in the first half, but turned the ball over 11 times and missed all four free throws they took. The Blazers could have been down more, but Covenant Christian was only 5 of 13 at the line.

Brown got the first basket of the third quarter, but Covenant Christian's Trey Flatt converted an old fashioned three-point play for the Warriors largest lead of the night at 37-30. Flatt, who had 52 points in a win over Lawrenceburg last week and was averaging 21.9 points per game ended with just the three points.

Martin scored three straight baskets to cut the lead to 37-36. The Warriors answered with a three-point play before Brown went to the bench with his fourth

foul on an illegal screen call. Pierce hit a pair of free throws before Cain tied the game at 40 off an assist from Kacey Ash-Simpson. Pierce hit a basket from the key to tie it again and Jones added a basket as University trailed 45-44 after three quarters.

Jeffrey fed Martin for an easy basket 45 seconds in to the fourth quarter to give University their first lead of the second half at 46-45. The Warriors added a three pointer and a foul shot to lead 49-46 with 5:52 left. Brown kicked the ball out to Pierce for a game tying three pointer.

After a Covenant Christian basket put the Warriors back in front, Martin threw a pass from the left corner to Pierce at the rim who made the basket and was fouled. Pierce's free throw with 3:39 left put University back in front 52-51 with 3:49 left.

Trailblazers coach Brandon Lafferman was ecstatic with his team's performance. "I felt like our guys really executed our game plan for four quarters. We struggled with some turnover in the second quarter, but really handled their pressure well throughout the second half. We also did a good job on Flatt, who I believe is one of the better seniors in the state." After turning the ball over 11 times in the first half, University had just six second half turnovers.

"I thought Nate Jeffery and Kasey Ash-Simpson delivered some quality minutes for us with our leader Camden Brown on the bench in foul trouble. Cain, Martin, Jones and Pierce played their tails off and really led us to the victory by playing together and making great deci-

sions throughout the fourth quarter. We have been preaching all week that it was test time for our group and I'm incredibly proud of how we fought," Lafferman continued. "I feel like we really grew up tonight, however now we have to prepare to play again against Tindley, who is an incredibly tough and battle tested squad. Hats off to Covenant Christian for a fantastic start to the season. They are well coached, play as hard as anyone I've seen our schedule and they really brought out the best in us."

The Trailblazers led for just 1:26 after the first quarter and are now 7-3 on the season. Covenant Christian, the reigning Sectional 42 champion, is 8-1.

University is back action tonight at The U Center, hosting Class 1A No. 11 Indianapolis Tindley.

Heights girls dominate Cass, stay perfect

The Hamilton Heights girls basketball team scored another dominating win on Thursday, beating Lewis Cass 59-20 in a Hoosier Conference East Division game at the Kings' gym.

As they've been doing all season, the Huskies took care of business right away, going up 17-2 by the end of the first quarter. Heights never allowed Cass more than nine points in a period, leading 31-7 at halftime and 48-16 after three quarters.

Camryn Runner threw in five 3-pointers on her way to 20 points. MyKayla Moran scored a career-high 18 points, while Jillian Osswald added 13 points, including a pair of 3s.

"Really proud of the way our girls executed the entire game," said Huskies coach Keegan Cherry. "We shared the basketball really well and made great decisions versus their 2-3 zone. MyKayla Moran was terrific inside - didn't force anything. She scored when it was there and found shooters when the defense collapsed. And Hadleigh Cherry takes a lot of pride in being our screener and did a terrific job of screening their zone and got us some nice looks. It's fun when the

entire group is collectively bought in and embraces being a part of something bigger than themselves."

Heights is 11-0 for the season and returns home to play Westfield Saturday afternoon in the Huskies' inaugural Pink Out Game for Breast Cancer.

"We will have our hands full this Saturday versus a very well-coached and talented Westfield team," said Cherry. "I just hope we are able to compete."
