From the desk of Superintendent

Early last month, the CDC shortened COVID-19 quarantines to 10 days - seven with a test – and the Indiana State Department of Health (ISDH) supported this as an option. We have been asked on occasion if we would be following ISDH's suggested

COLUMNIST

seven- and 10-day quarantine. The short answer is not at this time. Here's why:

First, in order to return after seven days, the student must produce a negative test from day five, six, or seven and have no symptoms. Some testing sites will not test a person if they do not show symptoms. By the time a student receives his/her results, it's likely to be close to 10 days anyway.

Second, in order to return after 10 days, according to the guidelines, the student could still potentially be contagious and must strictly follow a series of preventative measures. The ISDH even states on the same memo for these changes "that the safest option is to follow previous guidance and quarantine for 14 days without testing."

With that said, our district team has been discussing these possible changes because we do see some benefits for our students and families by reducing the length of the quarantine, and will continue to weigh out the potential risks and safety ramifications with this decision. We will be sure to keep you updated on any changes to our current quarantine protocols.

Young Republicans ready for climate action

Editor's note: Kenzie Binford is a serve as a model for how the parties can Carmel resident and Political Director come together to advance smart clean of the College Republicans at Indiana

Dear Editor:

The next generation of conservatives is eager for action to address climate change in a way that protects our environment while creating jobs and bolstering the U.S. economy. Which is why we're grateful for leaders in the Republican Party who continue to help advance commonsense, market-based climate solutions.

This includes Republican leaders in Congress who helped get the Energy Act of 2020 included in the last spending bill passed at the end of 2020. As the first comprehensive energy bill to pass in more than a decade, the bipartisan Energy Act commits \$35 billion in investments to building out and modernizing America's clean energy infrastructure. These investments include everything from renewables to energy storage to carbon capture.

Beyond that, the bipartisan cooperation that went into this legislation should

energy solutions that enable America to continue leading the world on carbon reduction while creating new economic and employment opportunities.

Fortunately, Indiana is well-represented in Washington by Senators Todd Young (R) and Mike Braun (R). Senator Braun has, for his part, put forward the market-driven, bipartisan Growing Climate Solutions Act last year, which would help Indiana farmers and foresters access existing carbon credit markets. This kind of approach would help lower carbon emissions while providing financial security for our agricultural industry.

Republicans should continue pushing forward practical climate and clean energy solutions and working across the aisle to get the job done for the American people. Younger conservatives – like the College Republicans at Indiana University – are eager to celebrate more bipartisan, climate-smart accomplishments.

Letter to the Editor -

Shaffer: Why are two bonds necessary for expanded police HQ, new county courtroom?

Thursday evening, the Carmel finance committee learned another major civic project is following the same path as the hotel project – underfunded, overdone and out of control.

Hotel Carmichael, you may recall, was to cost \$40 million but ended up costhas never been fully explained other than to blame building cost increases – \$1.6 million of the \$18.5 million goof.

Now, the mayor is asking for two bonds to expand police headquarters and provide space for a county courtroom if the county ever needs it.

One bond is for construction. The \$32 million borrowed will produce a net of \$29 million after expenses. The second is

for slush. The \$8 million borrowed will produce a net of \$7 million or so.

Why two bonds? The first is to be paid from lease rental proceeds and is limited to building costs alone. The second is to be paid from local income tax revenues and will handle "whatever" (slush fund).

Thursday the detailed cost estimates ing \$58.5 million. The 46 percent overrun were presented – \$34.6 million – or \$5.6 million more than bond one. Far less than the 46 percent hotel shortcoming, but it's

> Why not one bond without the "whatever" remains to be decided.

> Far from a buttoned-up plan after five years in the making, the police expansion project has all the earmarks of Hotel II.

IMCU collects truckloads of toys for 2020 Toys for Tots program

The REPORTER

Indiana Members Credit Union (IMCU) collected truckloads of toys and over \$730 in donations from members, employees and the community for the 2020 U.S. Marine Corps Reserve Toys for Tots program. IMCU once again partnered with CBS4 and served as a presenting sponsor for the Toys for Tots Program.

The mission of the U.S. Marine Corps Reserve Toys for Tots Program is to collect new, unwrapped toys during October, November and December each year, and distribute those toys as Christmas gifts to less fortunate children in the community. The primary goal is to deliver, through a new toy at Christmas, a message of hope to kids across Central Indiana that will assist them in becoming responsible, productive, patriotic citizens.

All IMCU branch locations served as collection points for new, unwrapped toy donations.

"We are honored to partner with and support the U.S. Marine Corps Reserve Toys for Tots Program and their important mission of collecting new toys to distribute to children in need in our community," said IMCU President and CEO Ron Collier. NOBLESVILLE - Friday night was a fun night for Guerin Catholic's basketball teams, as they scored a sweep of one of their biggest rivals at the Eagles Nest.

The Golden Eagles girls team went first, putting together a fine defensive effort in beating Brebeuf Jesuit 42-27 for its first Circle City Conference win of the season. The boys were up next, and their seniors led the way for GC during a 63-45 win over the Braves.

The Golden Eagles continued to play well in the second quarter, adding on another 10 points for a 20-9 lead by halftime. Katie Koger had an outstanding performance during that period, scoring all 10 of those points.

Koger added another six points in the third quarter, while Kathryn Loso helped out with three points. Most of those points were from the free-throw line, with Koger going 4-for-4 and Loso going 3-for-4 at the line. Loso followed that up with a 4-for-4 effort in the final minute of the fourth quarter.

'Katie Koger's been on a scoring tear," said Guerin Catholic coach Marc Quaranta. "She's had 19, 20, 21 tonight. And then Kathryn Loso had nine points, but seven of them were free throws which came up pretty crucial toward the end. We preach sharing the ball, driving, begreat job of being aggressive the last couple days. Most of her points are right at the rim from driving the ball."

After Koger and Loso, Labus added seven points. Megan Cobb hit a 3-pointer early in the fourth to give Guerin its largest lead, 34-17. Delaney Klee added two points on a basket to open the second ence play and 9-2 overall. They next play

The Guerin Catholic girls are 1-3 in conference play and 9-8 overall, and will play at Speedway tonight.

SENIOR LEADERS

The Golden Eagles boys team has eight seniors on its roster, but those players weren't even in high school the last time GC beat the Braves – Jan. 22, 2016, exactly five years ago Friday. Guerin Catholic was determined to stop that streak, and its upperclassmen led the way to doing just that.

Brebeuf scored the first basket of the game, a 3-pointer. The Golden Eagles answered that with a 6-0 run courtesy of two of their seniors: Kaleb Edwards made back-to-back baskets, then Joseph Bobilya hit two free throws. Guerin was up 6-3 and never trailed again.

"The bottom line for us is, we have great senior leadership," said GC coach Bobby Allen. "They have experience. Guerin Catholic They've been in big games before, Kaleb Edwards and to be honest with you, we have not come out on top in the big games these past three years. We know Brebeuf is an incredible team. They've played an incredible schedule. They have a great coaching staff. Our seniors came out and F they wanted to win this one, not only at home, but just to get us back in the flow of things after we were out for two weeks on quarantine."

The Golden Eagles used that momentum to go up 17-8 by the end of the

first quarter. GC finished the period on a 7-0 run; junior Will Grissom started the stretch with a basket, Bobilya nailed his first 3-pointer of the game, and freshman Matthew Cherry made a layin.

The seniors continued to shine in the second quarter. Matthew Gillis scored eight points, with classmates Bobilya and Edwards assisting him. Junior Matthew Etchison helped out with a 3-pointer late in the period, and Guerin Catholic eventually led 30-20 at halftime.

The Braves got the Golden Eagles' The Guerin Catholic girls got off to lead down to 35-27 in the third quarter, but Guerin pulled away in the last 1:18 of quarter. Olivia Labus scored six of those the period, scoring five straight points to lead 40-37 at the end of the period. Edwards made a free throw, Gillis was good on a layin and Grissom scored off a steal.

The Golden Eagles stayed ahead by double digits for the entirety of the fourth quarter, making a 7-0 run late in the period to put the game even more out of reach. Grissom scored four of those points, with Bobilya starting the run with a layin. Gillis also hit a free throw.

"Matthew Gillis' growth has been incredible for this group," said Allen. "We now have that full inside-out presence."

Bobilya led the way with 20 points, including three 3-pointers. Gillis reached double-double status with 15 points and 11 rebounds. Grissom added 12 points, dished out five assists and made four steals, while Edwards contributed nine points and collected five rebounds. Etchison also had five rebounds.

"Our seniors stepped up big time," said Allen. "Joseph Bobilya, Kaleb Eding aggressive and Katie Koger's done a wards, Matthew Gillis all did the job we asked them to do tonight. And Will Grissom played tremendous defense with some big-time steals to extend that lead in the second half. I'm proud of our guys. They locked into the game plan and we executed it."

> The Golden Eagles are 1-1 in conferon Tuesday at Liberty Christian.
