# Making it official: Jackson Township Fire's new chief

John Moore is now officially the Jackson Township Fire Chief. He has 22 years of experience in fire and EMS services. Currently he also serves as the full-time deputy chief at Richland Township. He has worked part-time at Jackson Township for two years. When he first started at Jackson Township Fire, he quickly earned the respect of everyone with his natural leadership abilities. It is not uncommon for him to work on shift with the guys when there is a scheduling need. According to Jackson Township Trustee Robyn Cook, there has been a boost in morale and department unity under Moore's direction. Other recent promotions include Mike Kirchberg, now Lieutenant; Fred McComiskey, now Lieutenant; and James Carter, now Captain. (From left) Justin Boyce, Michael Kimball, Fred McComiskey, Robyn Cook, John Moore, Craig Owens, James Carter, Mike Kirchberg, Nick Rainbolt and Jordan Gardner.

## Noblesville community groups working together to help keep White River clean

The City of Noblesville hosted its annual White River Clean-Up program last Friday with efforts to beautify the amenity's water and neighboring land. This is the 27th year the city has led a conservation project of the waterway.

The White River Alliance, in cooperation with White River Canoe Company, offered canoes and kayaks to interested volunteers. After being launched from Rusty Oar, groups removed trash from the waterway as they enjoyed their time on the river.

"Our community is a good steward of the environment and the annual clean-up is positively impacting our largest natural amenity," said Mayor Chris Jensen. "The Free Paddle Days has infused a new energy and connection to the waterway and will hopefully recharge everyone's commitment to helping us protect the river."

In addition to the water clean-up efforts, local Cub and Boy Scouts worked to clear invasive species and restore the river bank along the White River Trail.

"This is the second year we've had Cub Scout Pack 103 and boy scouts from Troop 103 and 101 serve outdoors to help the city improve the riparian area between the White River and the River Walk Trail south

### Developer-backed bonds are a win-win

Years ago, you might have seen yard signs popping around Carmel alerting residents to the fact that the City of Carmel has more than \$1 billion in debt.

Technically, this is true, according to the Indiana Department of Local Government Fi-

nance. But like most yard signs, it doesn't tell the whole story.

In fact, much of that debt will never – and I mean never – be paid by residential

That's because private developers guaranteed the debt, which was issued to pay for infrastructure improvements like roundabouts and parking garages.

In the last two years, Carmel City Council has approved more than \$85 million in developer-backed bonds, encouraging hundreds of millions of dollars in new construction in our city. It's a tremendous win for our local economy and, again, taxpayers aren't on the hook. In some cases, the developer just bought the bond.

Yet due to an accounting quirk, it counts as city debt when you look at our totals.

Here's how it works:

A private developer looks to build on a piece of land.

The Carmel Redevelopment Commission approaches the builder and suggests that instead of building a smaller building with a large sprawling Walmart-style parking lot, they could build a larger building which would generate a lot more jobs and tax revenue for the city. In many cases, these buildings would be of mixed use and feature residences, offices and retail.

### Carmel Library holds contest for teen mural

#### The REPORTER

The Carmel Clay Public Library (CCPL) is soliciting designs from teen artists for a mural for the new Teens space at the renovated Main Library.

Young people in grades 9 through 12 who live or attend school in Carmel are invited to submit their concepts to the library now through Dec. 15. The winning artist will receive a \$2,000 stipend and have their work transformed into a wallcovering that will become the bold focal point for the new space.

"Throughout my time at the library I have been continually impressed by the creativity and talent of Carmel teens," said Young Adult Services Manager Jamie Beckman. "We're thrilled to give a teen artist the opportunity to play a part in making this space a place that teens can truly call their own."

### Health officials: Delta variant is eating lungs of the unvaccinated

By DR. MARY GILLIS, D.Ed.

WISH-TV | wishtv.com

Another coronavirus surge is here and because of the delta variant, it's stronger

The numbers don't lie; hospitalizations, testing and death rates are reaching levels haven't been seen since the worst of the pandemic last winter.

As one doctor put it, when a person is infected with the mutation, it's eating their lungs. This is resulting in a more rapid decline in health status – which is mostly occurring in the unvaccinated. This group is requiring oxygen, intubation and ventilators – which may have not been the case earlier in the pandemic.

"What we know for sure is it is much more infectious than the other variants, 10 times more," Dr. Ram Yeleti, chief physician executive at Community Health,

rooms. In all, the new Teens area will be more than six times the size of the previous department to better serve the large number of teen library users, including an active Teen Volunteer Manager), and the Veridus Corps and a 128-person

The expanded Main Li-

is captured to put toward paying off the bond.

the people of Carmel.

Why is this a good incentive? Because developers can take advantage of the city's bond rating which allows for lower interest rates and the developer can use their property taxes to pay off the debt associated with the project.

What happens if the descale. The larger mixed-use veloper goes broke? They're still on the hook for the debt and, in most cases, someone will buy the land and take on the payments.

> There is no risk to the public.

This is a huge win. Once the bonds are paid off, tax revenue flows to the city that can be used to pay off other debt or to fund new projects.

The public gets to enjoy new restaurants and public plazas. These parking garages include many spaces open to the public. New jobs bring workers to the area, who pay income taxes and, if they live here, pay property taxes. All of this helps fund schools, parks, road improvements, public safety and more. We all benefit.

Up and down Range Line Road, several new projects are under construction, or will be soon, due to developer-backed bonds. The use of developer-backed bonds is how the City Council was able to help attract the Needler's Fresh Market in the former from Page 1

## Advocating for Victims of Crime and Abuse prevailinc.org

I was born and raised right here in Noblesville. I grew up in a home without domestic violence or assault - it wasn't something I saw, or even heard about. But when I was introduced to Prevail of Central Indiana, I was shocked by the number of individuals who are affected by domestic violence. In 2018 alone, Prevail helped more than 4,000 clients in Hamilton County. (Nearly 80 percent of clients are women and children.) Domestic violence and abuse are hard topics to discuss, so you don't often hear about them. But at Tom Wood Volkswagen in Noblesville, we're breaking the taboo and raising awareness for Prevail, an organization that helps families in Hamilton County.

- Mike Bragg, GM of Tom Wood Volkswagen in Noblesville

To help Hamilton **County families** affected by domestic violence and sexual abuse, you can donate the following items:

## Crowd of Cicero constituents meets with Spartz

#### Submitted by Rep. Victoria Spartz's **Press Office**

Victoria Spartz Congresswoman (R-Ind.-05) held listening sessions in Cicero and Tipton on Saturday, providing an update on what is happening in Washington, D.C. and across the district.

Rep. Spartz addressed the multi-trillion-dollar spending packages that have advanced in the House of Representatives, the calamitous withdrawal from Afghanistan, the humanitarian and immigration crisis at the U.S. southern border, and her legislative work to address monopoly powers, rising health care costs, and criminal iustice issues.

"It was great to host the listening sessions in Cicero and Tipton and hear from residents in these communities," said Rep. Spartz. "Getting feedback, exchanging ideas, and updating my constituents directly is very important to me and central to representing my district well in Congress."

Constituents in Cicero and Tipton shared their concerns about the state of public education, healthcare, and criminal justice systems, in addition to issues with election security, voting rights, cryptocur-

Member FDIC

rencies, and current events in Afghanistan.

Rep. Spartz has now hosted listening sessions in Arcadia, Carmel, Cicero, Elwood, Fishers, Gas City, Indianapolis, Noblesville, Tipton, Westfield, and Zionsville.

Letter to the Editor-

## McMahons ask that you not bring your pets to concerts

We are so lucky to have free music venue opportunities here in the Noblesville area. Many residents take advantage of great facilities and talented musical groups bringing their music here for our enjoyment. We have attended many of these concerts at Dillon Park, Federal Hill Commons, and other locations nearby. We enjoy all kinds of music, rock, country, bluegrass, etc., and make frequent use of the opportunities

However, do you know that a loud concert can be up to and over 120 decibels? Sounds above 85 decibels can be harmful and/or uncomfortable to humans – imagine what it is like for your dog who is much more sensitive to sound. We have witnessed dogs brought to these venues which are obviously stressed by the noise; with their humans seemingly oblivious.

What is wrong with this picture? Why do dog owners feel compelled to

An open letter to local concert at- parade their dogs around the venue? (We are happy to have a concert break away from our two wonderful dogs whom we love very much!) Why do sponsors of the concerts feel it necessary to allow dogs to the area? Do they feel that people will not attend if dogs are not allowed? Interestingly, Conner Prairie and Ruoff Music Center apparently are not seeing diminished crowds due to not allowing dogs at their concerts.

If you feel you must, for some unknown reason, bring your dog to such a venue as described above, perhaps you could sit as far back from the stage as possible, perhaps you could make sure you have plenty of fresh water available. (How sad to see these panting dogs not enjoying a concert while their ears are also being assaulted.) And finally, we encourage you to do your own research and inquire of your veterinarian regarding the sensitivity of your dog's ears you might be surprised.

# Now is the time for Fishers to have its own county commissioner district

According to the new census data, Fishers is the sixth-largest city in the state and ranks second in Hamilton County, just behind Carmel. However, the city of Fishers has never had its own representation in the executive branch of our county government.

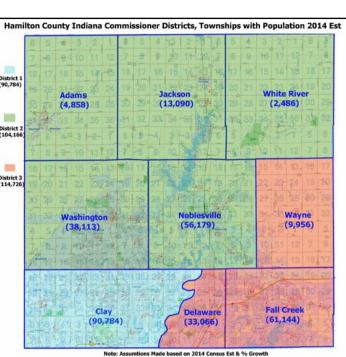

Now is the only chance until 2031 to give Fishers citizens a voice on the County Board of Commissioners. The Hamilton County commissioner district boundaries should be realigned to dedicate one voting district to Fishers. Our approximately 99,000 residents deserve this dedicated representation.

Currently, Fishers is broken into two county districts, while Noblesville and Carmel each have their own. This means that Fishers residents' interests are diluted. Simply, a Fishers-dedicated district would ensure that a Fishers resident would be voted on by Fishers citizens to serve in our county government.

Most voters are unaware that the board of commissioners is comprised of three commissioners, who each must live in separate districts. This despite the fact they are all voted on county-wide. The purpose of these three districts is so all three of them can't live in the same cul de sac in Carmel, for example, and have little concern how they serve the remainder of the county.

Hamilton County Indiana Commissioner Districts, Townships with Population 2014 Est

(Above left) The county commissioner districts as they currently exist. (Above right) The county commissioner districts per Bill Smythe's proposal. The idea is to give Fishers its own district. Population figures are from 2014.

county government. Some of you may recall my unsuccessful run for county commissioner in the 2016 GOP primary. I confronted county government's shortcomings during my campaign and offered important solutions. Voters Over Vendors and Rehab Over Incarceration could still successfully address significant problems within Ham-

A third solution, Dedicated Over Divided, could be implemented today. I I have extensive know-how about our pledged to ensure that Fishers would have

their own dedicated commissioner district when it came time to re-evaluate the district maps. Five years ago, I identified that Fishers was divided and insufficiently rep-

Today, I implore the current County Commissioners to implement this remedy and reset the district lines to serve the people of Fishers.

I remain committed to my pledge to a dedicated Fishers county district instead of divided. So, I recently reached out to the Elections, Clerk and Auditors offices to better understand the process that the commissioners will follow. As best I can tell is once the precinct numbers are verified then the Clerk's office, Kathy Williams will make a recommendation based on the desires of the commissioners. The Coun-Fishers, have the sole authority to decide to redistrict (themselves) and how those districts are created within the state statue Indiana Code 36-2-2-4, which reads in part:

The executive shall divide the county into three (3) districts that are composed of contiguous territory and are reasonably compact. The district boundaries drawn resented and there was simple remedy that by the executive must not cross precinct boundary lines and must divide townships only when a division is clearly necessary to accomplish redistricting under this section. If necessary, the county auditor shall call a special meeting of the executive to establish or revise districts.

Lastly, I want to state clearly for those that think my passion for a Fishers-dedicated voting district is self-serving so I can run again in 2024: I have no intention of ever running for office again and most assuredly I will never appear on a GOP ballot in the future. We old folks need to get out of the way and let the next generation start to lead. But before I step aside, I will do all ty Commissioners, none of whom live in I can to convince our County Commissioners to do the right thing for Fishers.

> Contact your County Commissioners and tell them to dedicate a district to Fish-

### TODAY'S BIBLE READING

There is no need for me to write to you about this service to the Lord's people. For I know your eagerness to help, and I have been boasting about it to the Macedonians, telling them that since last year you in Achaia were ready to give; and your enthusiasm has stirred most of them to action. But I am sending the brothers in order that our boasting about you in this matter should not prove hollow, but that you may be ready, as I said you would be. For if any Macedonians come with me and find you unprepared, we—not to say anything about you-would be ashamed of having been so confident. So I thought it necessary to urge the brothers to visit you in advance and finish the arrangements for the generous gift you had promised. Then it will be ready as a generous gift, not as one grudgingly given.

Remember this: Whoever sows sparingly will also reap sparingly, and whoever sows generously will also reap generously. Each of you should give what you have decided in your heart to give, not reluctantly or under compulsion, for God loves a cheerful giver. And God is able to bless you abundantly, so that in all things at all times, having all that you need, you will abound in every good work. As it is written:

"They have freely scattered their gifts to the poor; their righteousness endures forever." 2 Corinthians 9:1-9 (NIV)

#### Jere Eaton

#### December 24, 1963 - August 28, 2021

Jere Eaton, 57, Middlebury, Ind., passed away on Saturday, August 28, 2021 at home surrounded by his family. He was born on December 24, 1963 in Indianapolis to

James and DeDe Eaton. Jere graduated from Manchester College where he also played basketball. He worked for Crossroads RV as a Regional Sales Manager. He enjoyed golfing, watching the Indianapolis Colts, playing basketball or

simply out on his pontoon. His greatest love was spending time with his family and friends.

Jere is survived by his son, Jake (Chelsea) Eaton, Goshen; daughter, Kori (Alex Mazurek) Eaton, Bonita Springs, Fla.; parents, James and DeDe Eaton, Fishers; brothers, Jim (Mary) Eaton, Cassopolis, Mich., Jeff Eaton, Noblesville, and Joe (Florie) Eaton, Fishers; his fiancée, Lori Floyd, Middlebury; his dog, Sadie; and his many good friends.

Funeral services will be held at 1 p.m. on Thursday, September 2, 2021 at Stemm-Lawson-Peterson Funeral Home, 1531 Cobblestone Blvd., Elkhart, Ind. Friends may visit from 11 a.m. to 1 p.m. Burial will be private at Gracelawn Cemetery in Middlebury.

In lieu of flowers donations may be made to the Colon Cancer Foundation, 10 Midland Ave., Suite M-06, Port Chester, NY 10573, or at coloncancerfoundation.org.

Online condolences may be made to the family at stemmlawsonpeterson.com.

Cheryl Lynn Parker McLaughlin, 65, Noblesville,

passed away on Saturday, August 28, 2021 at her home. She was born on July 27, 1956 to William and Anita (Hanna) Parker in Noblesville.

Despite her years long battle with Sarcoidosis, Cheryl remained strong in her faith in Jesus Christ as her personal savior and secure in the knowledge of her eternal life in heaven.

Cheryl was the oldest of five children, and a 1974 graduate of Heritage Christian School. Cheryl loved traveling and all things travel; Hawaii was her happy place. After spending time as a travel agent, she worked as a flight attendant for 10 years with Republic Airlines. Cheryl had a heart for helping others. She had a unique sense of humor and was one-of-a-kind. As an amateur photographer, Cheryl shared her unique perspective with all those who viewed her work. Most of all, Cheryl loved being a mom and grandma and was very involved in the lives of those she cared for.

She is survived by her daughters, Amanda (Ford) Cox, Andrea (Patrick) Dammier, Brieann (Kevin) Sweeney, and Erin Campbell; siblings, Brenda Snyder, Gary Parker, Rhonda Parker-Taylor, and Greg Parker; and her grandchildren, Dillon, KJ, Brady, Connor, Reilly, Maddie, Bella, Brooklyn, Bennett, Savannah, Antonio and Nolan.

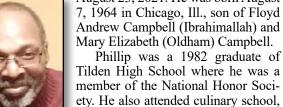

Cheryl was preceded in death by her parents, William and Anita Parker; and grandparents, Frank and Theda Parker, and Kenneth and Lois Hanna.

Services will be held at 2 p.m., with visitation beginning at noon, on Thursday, September 2, 2021 at Randall & Roberts Fishers Mortuary, 12010 Allisonville Road, Fishers. Burial will follow at Oaklawn Memorial Gardens in Indianapolis.

Memorial contributions may be made to the Foundation for Sarcoidosis Research at stopsarcoidosis.org. Condolences: randallroberts.com

### BUSSELL FAMILY FUNERAL 1621 E. Greyhound Pass Carmel, IN 46032 (317) 587-2001 www.bussellfamillyfunerals.com

Christopher S. D. Davis, 54, Noblesville, passed away on Wednesday, August 18, 2021 at IU Health University Hospital in India-

Chris was born on December 25, 1966 in Anderson, Ind., where he grew into his teens until moving to Eaton, Ind., before starting seventh grade. Excelling in athletics, he played basketball, volleyball, ran track and was a star baseball player. With an equally

competitive nature, he would meet his match on the tennis court, leading Delta High School in rankings before graduating in 1985.

Growing up in a family of law enforcement officers, Chris had a special admiration for his uncle, Randy Davis, who was an instructor at the Indiana Law Enforcement Academy for 30 years. Their close relationship would initially gain him a front row seat in classroom instruction as well as field training and would eventually contribute to his desire and motivation to open a paintball arena, which he did, owning and operating Arena Combat (Muncie, Ind.) with much help from his childhood and lifelong friend, Patrick Lutz. While running Arena Combat, he continued collaborations with his uncle in support of the academy, organizing and conducting various field training operations.

Throughout his affiliation with the academy and while operating his paintball business, he also worked at Vince's Restaurant at the Muncie Airport. Excelling in every position, he advanced from kitchen to management and, as a server, he was favorited by owner of Vince's, Jim Davis. It would be his serving experience and the impressions he made upon guests that inspired him to explore his future and interests. With much respect and admiration for the careers of the men in his family, he would find success and fulfillment following a different path that would ultimately lead him to a successful career in sales. Enrolling in classes at Ball State University, he studied Business Administration and pursued a degree in Marketing, which he completed in 2004. Upon graduation, he began his career working for a manufacturer's representative firm, quickly excelling in his role selling fiber optic and construction test equipment in the CATV/broadband industry and dominated industry sales. His leadership qualities and entrepreneurial spirit would eventually guide him in establishing his own CATV manufacturers rep firm, along with his close friend and colleague, John Bennett. Together, they formed Team Sales Inc. in 2002, which they would develop into a reputable and prevalent CATV manufacturer's representative firm across the U.S. Chris was consistently recognized for his outstanding sales achievements, professionalism, integrity and industry knowledge.

He moved to Noblesville in 2001, creating the life he desired, surrounding himself with the people and things that made him complete. He was a loving, passionate father, who instilled work ethic and independence in his children. He taught them to swim at young ages, then enjoyed time swimming together. He introduced them to the kitchen, to ultimately enjoy their cooking. He enlightened them with many genres of music, and loved family jam sessions creating his own original content. He taught them how to play Texas Holdem to, in turn, enjoy an opportunity to win against them. He enjoyed teaching his son (Jax) gaming, specifically those games he grew up playing, until Jax exceeded him in his abilities. He also enjoyed darts, movies and television, talking politics around the dinner table, playing pool and boating. He was athletic and competitive, and took time to educate his children, teaching them everything he knew. He succeeded in his goal as a father: To make his children better versions of himself.

Chris is survived by his daughter, Parker Davis; son, Jax; mother, Gayle (Phil) Baker; sister, Angela Baxter; niece and nephew, Peyton and Reese; stepdaughter, Alesea Fritz; stepbrothers, Chad (Lisa) Baker and Aaron Baker; aunt, Kim Cannon; cousins, Mallory and Tiffany Cannon Cooper; and his life-long friends, Pat Lutz, John Bennett, and Brian Spangler.

He was preceded in death by his father, Rodney Noland Davis; and his uncle, Randy Davis.

Private family services and Celebration of Life will be

held at a later date.

Condolences: randallroberts.com

Hamilton County cross country meet

# HSE boys, Carmel girls win team titles

There was some well-deserved celebration at the Hamilton Southeastern tent Tuesday night at the Hamilton County cross country meet, as the Royals boys won the team championship.

Southeastern used its depth to score 40 points and come away with the victory at the county meet, which took place at the Chinquapin Ridge course at White River Elementary School in Noblesville. While there was a lot of excitement, Royals coach Joe Golden was quick to put everything in perspective.

"Being a county meet, sometimes we can make too much of it and I just wanted to make sure we just came in and put it in place that it's the first step in a long season," said Golden.

It was certainly a big first step for HSE, and an opportunity for the Royals to show what they can do. Southeastern had four runners, all of them seniors, finish in the top 10, led by Nolan Satterfield's individual runner-up performance.

Bennett Dubois placed fourth for the Royals, Will Marquardt was sixth and Garrett Hicks finished in 10th place.

"Our focus has been trying to pull everyone together and pack up and just keep that 1 to 4, 1 to 5 split as low as we can," said Golden.

The next schools all finished very close to each other. Fishers nosed out Carmel by one point, 56-57 for second place. Noblesville was right there too, placing fourth with 60 points.

The Tigers placed two runners in the top 10. Senior Nick Pulos took seventh and freshman Sam Quaglianoli was next in line at eighth place. Fishers had three more runners finish in the top 16, helping to close the score early.

The Greyhounds will be a contender in every meet, of course, because they have Kole Mathison. Now a junior, Mathison ran away with the individual championship, clocking in at 15 minutes, 24 seconds. This is the third year in a row Mathison has won the county title.

Mathison. "A really good race. I think I

Hamilton Southeastern's Nolan Satterfield (left) and Bennett Dubois (center) finished second and fourth respectively and led a deep Royals team to the team championship at Tuesday's Hamilton County cross country meet. Also pictured are Carmel's Charlie Schuman (715) and Noblesville's Joel Mumaw (2193) and Asher Propst.

I executed what I wanted to do, which is go out and run hard and run for God and stay humble. I think I did that and stayed true to that."

Senior Charles Schuman also reached the top 10 for Carmel, finishing ninth.

Noblesville was led by two runners that landed in the top five. Senior Joel Mumaw placed third and junior Asher Propst finished fifth.

#### **CARMEL GIRLS SWEEP**

In the girls race, Carmel won the "I think it went really well," said team championship with a strong score

of 30 points. The Greyhounds took care Caden Click 16:46.1, 25. Ronnie of business early, sweeping the top three Neal 17:03.3, 36. Alex Cole 17:32.0, positions, then getting two more runners in the top 13.

Senior Alivia Romaniuk was the in-18:35.9.

"I was very pleased with how I ran today," said Romaniuk. "It's very satisfying to see the preparation that we were doing pay off today."

ond for the 'Hounds, with senior Jamie Klavon finishing in third.

"We're pretty excited overall," said Taylor Marshall, who is in his first year coaching Carmel. "There's always something to improve on, so we'll come away with one or two things we did really well, then one thing to work on. But 1-2-3, some strong closes down the stretch, some young girls getting experience in the 5K, shaking off those nerves that they had early on, on the bus ride over here. I'm pretty pleased."

Noblesville placed second with 45 points. The Millers had a fine race with their still-young team, landing four in the top 10. Sophomore Summer Rempe took sixth, then junior Paige Hazelrigg, freshman Brinkley Cooper and junior Brooke Lahee went 8-9-10.

Hamilton Southeastern finished third by scoring 67 points. Senior Allie Latta took fifth and sophomore Maggie Powers placed seventh for the Royals.

fourth place; senior Elizabeth Barrett led the Tigers by taking fourth.

In the junior varsity races, Fishers won mel) 18:35.9. the boys team race with 28 points, with the Tigers' Elza Niemeier the individual winner in a time of 17:34.3. Carmel won the girls JV team race by scoring 22 points; the Greyhounds' Emersyn Weaver was the individual winner in 21:32.9.
