Carmel cancels Public Safety Day

The REPORTER

After careful consultation with state health officials and review of current COVID data, the Carmel Police and Fire departments have decided to cancel the 2021 Carmel Public Safety Day, which had been scheduled for Sept. 18.

With the number of positive cases and hospitalizations on the rise in Central Indiana, and because this event attracts many young people who are not yet eligible to be vaccinated - CPD and CFD officials say they believe it is in the best interest of public health to not go forward with the event this year. Event organizers say they look forward to having the event at full capacity next year.

How often do you choose "slow food" over fast food?

"I saw few die of hunger; of eating, a hundred thousand.' **Benjamin Franklin**

In reference to Mr. Franklin's quote above ... he obviously was very astute (on many levels!) though I am not certain he took his own advice as he was quite corpulent. Although I

doubt Mr. Franklin partook of "fast food" it appears that poor eating habits are not new to the 21st Century. I do believe that the pandemic, however, has incentivized some people to spend a little more time in the kitchen preparing "slow food" as opposed to the "fast food" habits of so many.

Eating can be such a pleasure; a good meal filled with nutrient-rich foods, prepared well and shared with others is a wonderful experience. That is a meal which will leave us satiated and our bodies fueled with the energy we need to "take on the day." How often do your meals fit that description? Always? Often? Sometimes or maybe never? My first experience with a "drive thru" meal was about 1965 or so when my family tried out the new Clancy's on Tenth Street

Fishers readies commemoration plans for 20th anniversary of September 11 attacks

The REPORTER

As the world marks the 20th anniversary of the September 11 attacks, the City of Fishers plans to commemorate the occasion during a series of programs and events, including the commemoration on September 11 to remember and pay respects to those impacted by the attacks.

The September 11 Commemoration was developed in partnership with Fishers Patriotic Committee members and Fishers' public safety teams and staff.

Fishers residents are encouraged to participate in this observance through the following opportunities:

Fishers Farmers' Market

During the Fishers Farmers' Market on Sept. 11, moments of

silence will be held in remembrance of the attacks on the World Trade Center (8:46 a.m. and 9:03 a.m.), the Pentagon (9:37 a.m.), and Flight 93 (10:03 a.m.).

Kids are welcome to create thank you cards for first responders as they learn about how first responders, neighbors, and friends demonstrated acts of kindness in the days following the attacks.

As we close up the summer season and look forward to fall, the local produce stands can be your best friend. When in doubt about the source of your produce, simply ask if the items are organic. In particular I would advise that any items which are consumed with "skin on" should definitely be organic. There are specific guidelines in place by the USDA for organically grown produce. Letter to the Editor Shaffer criticizes Aasen's column on Carmel's use of developer-backed bonds

Dear Editor:

In a 567-word, fact-less page one bit in this newspaper (Developer-backed bonds are a win-win, Sept. 1), Carmel city councilor Adam Aasen repeated the shopworn cliches other progressives have used to cover for the failed policies that have run up a \$1.3 billion debt.

He vows the debt won't be paid by residential taxpayers but by businesses. He forgets that businesses are people making business payments that otherwise would directly fund city services. Instead, they fund bond repayment. Every dime of developer-backed bond repayment won't begin funding schools, parks, road improvements, public safety and more, as Aasen says they will, won't kick into the city coffers until after the bonds are paid in full -20 to 30 years from now.

He builds his case on "guarantees" from private developers conveniently ignoring that "guarantees" by Pedcor Cos. to build 10 new structures in congested City Center by 2019 but building only four or five. So much for guarantees.

Aasen speaks of retail spaces and offices galore, ignoring the facts daily documenting a nationwide collapse of local retail and the work-from-home success. More and more companies are canceling leases on big office boxes and encouraging workers to be productive from home or "virtual offices" outside high-rent tate speculation is a lose-lose. spaces like those in Carmel. Nor does he provide facts concerning the money lost

to local merchants unlucky enough to try competing with city-backed stores and entertainment venues.

This year the progressive schemes are on the hook for \$67 million in principal and interest due. The Carmel Redevelopment Commission's own budget calls for \$28.5 million for debt service from its \$33.5 million receipts. Looking ahead, "businesses" are the primary repayment source for more than three dozen bonds but the secondary sources are the city's share of state income taxes and property taxes.

Finally, Aasen omitted the history of the first progressive scheme - Merchants Square. City planners borrowed funds to redevelop the square. Take a look at what they've accomplished. Empty store fronts. Vacant parking lots. Failed businesses.

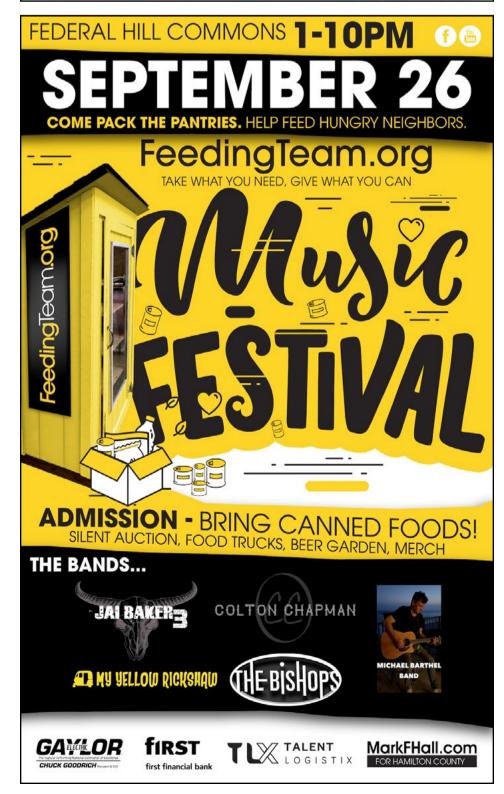

This is "truly a gift for residents of Carmel and future generations as well," as he concludes his platitude prose. It's a lose-lose gift born out of a municipal economic Afghanistan. Speculating on the wildly volatile commercial real estate market is not appropriate work for municipal governments.

Aasen once wrote, as a reporter, of the unanswered debt questions then. He has the answers now but won't share them. Perhaps he agrees that betting the future of the city on commercial real es-

Time to start thinking about your retirement income plan

If you're getting close to retirement, you're probably thinking about the ways your life will soon be changing. And one key transition involves your income - instead of being able

to count on a regular paycheck, as you've done for decades, you'll now need to put together an income stream on your own. How can you get started?

It's helpful that you begin thinking about retireyou actually retire. Many people don't - in fact, 61 percent of retirees wish they had done better at planning for the financial aspects of their retirement, according to an Edward Jones/Age Wave study titled "Retirement in the Time of Coronavirus: What a Difference a Year Makes."

Fortunately, there's much you can do to create and manage your retirement income. Here are a few suggestions:

Consider ways to boost income

As you approach retireways of potentially boosting your income. Can you afford to delay taking Social Security so your monthly checks will be bigger? Can you increase your contri- the years immediately pre-

employer-sponsored retirement plan, including taking advantage of catch-up contributions if you're age 50 or Should older? you consider adding products that can pro-

vide you with an income stream that can potentially last your lifetime?

Calculate your expenses

How much money will ment income well before you need each year during your retirement? The answer depends somewhat on your goals. For example, if you plan to travel extensively, you may need more income than someone who stays close to home. And no matter how you plan to spend your days in retirement, you'll need to budget for health care expenses. Many people underestimate what they'll need, but these costs can easily add up to several thousand dollars a year, even with Medicare.

Review your investment mix

It's always a good idea ment, you'll want to explore to review your investment mix at least once a year to ensure it's still appropriate for your needs. But it's especially important to analyze your investments in

butions to your ceding your retirement. At 401(k) or similar this point, you may need to adjust the mix to lower the risk level. However, you probably won't want to sell all your growth-oriented investments and replace them with more conservative ones – even during retirement, you'll likely need some growth potential in your portfolio to help you stay ahead of inflation.

Create a sustainable withdrawal rate

Once you're retired, you will likely need to start taking money from your IRA and 401(k) or similar plan. But it's important not to take too much out in your early years as a retiree, since you don't want to risk outliving your income. A financial professional can help you create a sustainable withdrawal rate based on your age, level of assets, family situation and other factors.

By planning ahead, and making the right moves, you can boost your confidence in your ability to maintain enough income to last throughout your retirement. And with a sense of financial security, you'll be freer to enjoy an active lifestyle during your years as a retiree

TODAY'S BIBLE READING

You are judging by appearances. If anyone is confident that they belong to Christ, they should consider again that we belong to Christ just as much as they do. So even if I boast somewhat freely about the authority the Lord gave us for building vou up rather than tearing vou down. I will not be ashamed of it. I do not want to seem to be trying to frighten you with my letters. For some say, "His letters are weighty and forceful, but in person he is unimpressive and his speaking amounts to nothing." Such people should realize that what we are in our letters when we are absent, we will be in our actions when we are present. 2 Corinthians 10:7-11 (NIV)

High school football - Week 3 Tigers win county clash with Millers

The first all-Hamilton County football clash of the season went down to the wire on Friday, as Fishers visited Noblesville at Beaver Materials Field for what was also the Hoosier Crossroads Conference opener for both teams.

The Tigers trailed the Millers after the first quarter, but took the lead in the second period, extended it in the third, then held off a Noblesville comeback in the fourth quarter to escape with a 16-13 victory.

"I thought our defense played outstanding," said Tigers coach Curt Funk. Fishers had to contend with a Millers offense that had scored 102 points in its first two games. Funk credited his team with holding the line in "some crucial situations there at the end" to get the win.

Noblesville scored first, marching down the field in the first quarter and finally getting in the end zone when Brayan Goméz Sánchez took the ball in from the one-yard line. Fishers answered in the second period when Carson Dunn took a six-yard rush in for a touchdown. Dunn then caught a two-point conversion pass from Dominic Oliverio.

Thus, the Tigers led 8-6 at halftime. Fishers put up another touchdown during the middle of the third period, when Luke Minns found Aidan Zimmer for an 11yard pass play score. Oliverio then took a two-point run into the end zone.

"It was a great high school football game," said Millers coach Dave Sharpe. "The execution on the PATs was critical, obviously because of the final score. It made them play comfortably with the lead in the second half. I have to just give them tremendous amount of credit for having tremendous execution on third and long and fourth down in the second half."

Noblesville kept battling, and cut into Fishers' lead when Parker Bell punched the ball in from the two-yard line. Jack Letourneau's kick got the Millers within three. Both team's defenses stepped up after that: Noblesville broke up an endzone pass with 5:03 left, then the Tigers fight. That's two evenly matched teams

Fishers' Carson Dunn scored a second-quarter touchdown, then caught a two-point conversion pass to push the Tigers ahead during their game with Noblesville Friday. Fishers went on to win 16-13.

Minns completed 16 of 22 pass attempts for 135 yards, while Dunn led the rushing with 96 yards. Luke Valerio and Zimmer both had five catches. Dawson Scally made 11 tackles (10 solo, one assist) on defense.

Logan Shoffner continued to pace Noblesville's offense, rushing for 136 yards.

"I felt like we had a lot of offensive momentum late in the game," said Sharpe. "It's a shame there's not a fifth quarter, because it would have been another dogand there's obviously a good chance in sectionals we can meet back up. They just made a couple of big-time money plays on third down and we were just not quite there." Fishers is 3-0 and will host Hamilton Southeastern next Friday in the Mudsock game. The Millers are 2-1 and go on the road to Westfield next Friday.

stopped the Millers' final scoring drive.

"I am really just satisfied with how hard they played," said Funk. "I thought our offense made the plays they needed to. We've got some things that we got to fix. But these kids keep getting better and better every week and that's all we could ask for is that they keep being coachable and they keep improving."

Sheridan rolls past Tri-Central

Sheridan put together a solid performance on both ends of the ball at Tri-Central Friday night, and that sent the Blackhawks to a 40-6 Hoosier Heartland Conference victory.

8

"I thought we played our best ball game of the year," said Sheridan coach Bud Wright. "We're getting better as we go.'

The young Blackhawks scored in every quarter, and only gave up one touchdown to the Trojans in the first period. Aiden Garrison got Sheridan's first score on an 11-yard pass from sophomore quarterback Mason Robinson.

In the second quarter, Gavin Reners and Peyton Cross both rushed in for touchdowns, and that was enough to give the 'Hawks an 18-6 halftime lead. The second half followed the same pattern, as it began with Garrison catching a 19-yard touchdown throw from Robinson. Cross then caught a two-point conversion pass, and Sheridan led 26-6 after three.

The Blackhawks opened the fourth quarter with another pass play touchdown. Cole Webel hauled in an eight-yard pass from Robinson to score. Camden Spencer completed Sheridan's scoring by making a short run to the end zone with 16 seconds left in the game. Freshman Owen Bell kicked both extra points in the quarter.

"We were missing several kids with injury," said Wright. "I hope we get them before long. We had kids stepping and doing a heck of a job for us."

Reners led the 'Hawks offense with 137 yards rushing, while Cross gained 82

Strong start sends HSE past Avon

Hamilton Southeastern got off to an outstanding start in Hoosier Crossroads Conference play on Friday, taking care of Avon 40-13 at TCU Field.

The Royals left no doubt in this game, scoring 20 points in each of the first two quarters to hold a 40-0 halftime lead. The first quarter belonged to Southeastern's ground game, as it scored three rushing touchdowns. Blaine Wertz made a pair of medium-sized runs, with Owen Jones getting a six-yard score in between.

In the second quarter, Wertz picked up his third touchdown of the game with 5:30 left on a nine-yard run. The Royals then recovered a fumble during the kickoff return, and that led immediately to a touchdown, as Ty Bradle found Jack Wafford for a 25-yard score.

Southeastern got one more touchdown late in the period, as Sam Jacobs and Dylan Conner combined for a 78yard pass play score. Alex Geroulis made four extra-point kicks.

Royals coach Michael Kelly said his team "played really well," especially in the first half. He said the defense "played exceptionally well," noting that it was able to stop a team that had put 35 points up against Ben Davis the previous week.

Wertz rushed for 92 yards in addition to the three touchdowns, while Jacobs totaled 90 yards passing and 56 yards rushing

The Royals are 3-0 and travel to Fishers next Friday for the Mudsock game.

Maximus Webster got things started with 4:28 left by zooming 78 yards for a touchdown score. Trevon Hatchett then added a 10-yard touchdown with under a minute to go; a 29-yard catch from Ian Gilbert. Bruch set up the score. Zionsville fumbled the kickoff, and Gabe Aramboles streaked 83 yards on a reverse to give the 123 yards. He also led the rushing with 'Rocks another touchdown. The Eagles made a comeback in the third period, scoring twice to get within 28-21. But Westfield wouldn't let them get closer, putting up 14 more points in tackles, while Alex Wolf and Popeye Wilthe fourth. Hauser scored both touchdowns, first on a 43-yard run. For the second touchdown, Hatchett made an interception, the ball got loose, and Hauser blesville next Friday. recovered it for a 95-yard return.

Shamrocks coach Jake Gilbert was pleased with his offense, noting that Westfield "had a lot of yards per play. We were way down in time of possession and Both teams got on the board in the number of plays run. We made a lot of what we had."

The 'Rocks were helped by shortfield situations, as well as two scores that were set up by special teams, which the coach said were "dominant tonight." Caleb King had five extra point kicks and Sean Sullivan had one, making Westfield 6-for-6 on extra points.

Greyhounds fall to Center Grove

Friday, as Center Grove came into town and beat the Greyhounds 41-14 in their points to lead 34-7 by the fourth quarter. Metropolitan Conference opener.

The defending Class 6A state champion Trojans led 10-0 after the first quarter, and held Carmel to negative rushing during the period. The 'Hounds got back on track in the second period, as their defense stepped up and didn't allow Center Grove any points. Meanwhile, Desmond Duffy got Carmel on the board by catching a two-yard pass from Lleyton Lukowski.

Ben Sponsler made the extra-point next week at Pike. kick, and the Greyhounds were with-

Carmel endured a frustrating night on in 10-7 at halftime. But the Trojans got going again, putting up 24 unanswered

Lukowski scored in the fourth quarter on a 10-yard run, with Sponsler again making the extra-point kick. The Trojans added a late touchdown to bring the score to the final margin.

Lukowski, filling in for injured Zach Osborne, had a solid game, going 12-for-25 and totaling 160 yards through the air, and also rushing for 53 yards. Jaedon King and Duffy both made five catches.
