Danielle Carey Tolan named Trustee of the Year

Higher taxes can come with no rate increase

The REPORTER

Danielle Carey Tolan, Westfield Washington Township Trustee, was awarded the prestigious honor of Trustee of the Year by the Indiana Township Association at its annual conference on Sept. 21.

This award is given to a trustee who has proven to be exceptional and goes above and beyond the traditionally required responsibilities.

"I am humbled and honored to receive this distinguished award," Tolan said. "There are so many trustees across the state of Indiana whom have made important contributions to their community and do amazing things to serve their constituents."

"Danielle is one of those people that is always looking for better ways

to do things," said Adams Township Trustee Michelle Junkins. "When she says she can take on a project, there is no doubt in my mind she can."

During the COVID-19 pandemic, Tolan stepped up as a community leader in many ways, including creating a Community Outreach team with Westfield community and nonprofit leaders to ensure that the needs of the community were being met.

She also works tirelessly to oversee a federal grant that provides assistance to renters in the county. As the President of the Hamilton County Trustees Association, she was given the opportunity to manage the \$18 million federal grant for the Hamilton County Emergency Rental Assistance Program

(HC ERAP). This program assists renters who have lost income due to the pandemic. Within a short timeframe, she secured a team to manage the rental assistance program for the entire county. To date, HC ERAP has distributed over \$5 million in rent and utility assistance to more than 1300 households, allowing these residents to remain in their homes.

Tolan is in her second term as Washington Township Trustee and has worked to create efficiencies in local government to not only streamline the township office but to be a better steward of taxpayer money. Her passion to give to the community has shown as she has strengthened partnerships with over 150 Hamilton County and state service providers.

Because of her nonstop work serving those in need in Washington Township and Hamilton County, Danielle Carey Tolan has been recognized as the top trustee in the state of Indiana.

Many political leaders around Hamilton County are gleefully telling everyone that they will not increase the property tax rate next year. But, they are not saying that most individual homeowners will pay more in 2022. For some it will be a little more and for some it will be a lot more.

The reason, of course, is that there was widespread upward trending in assessments for next year. Property owners were advised by mail of any increase in their assessment, but many paid little attention to the notice.

Countywide, the taxable assessed valuation increased by about \$1.7 billion, a tremendous amount for any county. Most of the increase was found in the growing cities of Carmel, Fishers, Noblesville and Westfield.

This will mean about a 7 percent countywide increase in tax revenue, even more in the fastest growing areas, and

Shamrock Boards will help spread valuable information, remove stigma of getting help

School district partners with Westfield organizations to reach city's entire population

The REPORTER

Westfield Washington Schools has announced the launch of a new community initiative that will share local nonprofit resources and service providers with Westfield residents in need of services.

The Shamrock Community Board was created in collaboration with Westfield Washington Township, Westfield Washington Public Library, The Wellbeing Coalition of Westfield and the Indiana Youth Institute. Boards will be placed in high-traffic areas to get the information out to those who need it at the locations that people frequently visit.

The boards feature a selection of local organizations that provide services for food, medical needs, mental health services, recreational support, and more. A person simply needs to scan the QR code with their cell phone camera that corresponds to an organization they need,

Study shows pandemic led to biggest decrease in life expectancy in U.S. since World War II

By DR. MARY GILLIS, D.Ed.

WISH-TV | wishtv.com

An alarming new study reveals that average life expectancy declined significantly during the pandemic.

The study, published Monday in the International Journal of Epidemiology and led by Oxford University researchers, found COVID-19 led to the biggest decrease in over half a century.

The scientists assembled an unprecedented, global data set assessing 29 nations spanning the world, including Spain, Poland and the United States.

The excessive deaths due to the coronavirus had an overwhelming impact on life expectancy in 27 of the 29 nations included in the study with American men showing the steepest decline. Projected mortality decreased by 2.2 years from 76.74 years in 2019 to 74.51 in 2020. American women dropped 1.7 years, shifting from 81.7 to 80 years old.

News 8 spoke with Dr. Christopher Doehring, vice president of medical affairs at Franciscan Health, who put these numbers into context.

somewhat less in northern parts of the county.

So, if you hear officials brag about little or no increase in the rate, don't be overly impressed. The fact is, growing communities, while having legitimate needs for more money to provide public services, will

have more than enough revenue to meet those needs.

Beyond true needs, city, town and the county council, along with school boards and township boards, should reduce their tax rates at least a little to offset the increases most residents experienced in

their assessments. There would still be sufficient new money to meet increasing costs of government.

Will we get that relief? It might depend on whether any taxpayers demand it. Contrary to popular opinion, officeholders do listen to their voters.

But when I was introduced to Prevail of Central Indiana, I was shocked by the number of individuals who are affected by domestic violence. In 2018 alone, Prevail helped more than 4,000 clients in Hamilton County. (Nearly 80 percent of clients are women and children.) Domestic violence and abuse are hard topics to discuss, so you don't often hear about them. But at Tom Wood Volkswagen in Noblesville, we're breaking the taboo and raising awareness for Prevail, an organization that helps families in Hamilton County.

Sheridan reader says student “hit the nail on the head” in recent column

Dear Editor:

During the school year, the Hamilton County Reporter shares the opportunity for Sheridan High School's sophomore English class taught by Abby Williams to express opinions of many current events and issues of today.

The recent column written by student Alma Mason – “Does GenZ hate free speech?” – hit the nail on the head on the issue of disagreement of social and political issues. She clearly explained her generation's inheritance of gentle parenting practices and how that affects how her generation reacts from disagreement of opinions within our social society. She points out how censoring started from college campuses – and I might also add the MSM.

To my dismay, she pointed out some teachers would shut down a discussion “due to their own beliefs in what is correct.” But other teachers allowed the discussion. To solve any problem, it is important to allow all involved to speak with respectful attention to what they have to say and Mason perpetuated this toward the end of her column.

Thank you, Alma, for your column pointing out a solution to a created problem from a portion of our society who continues to not listen to others points of view.

Does Sheridan have an official Debate Team? If not, I would recommend this and to other high schools in Hamilton County.

Sen. Todd Young leads effort to help Hoosiers claim unredeemed savings bonds

The REPORTER

U.S. Senators Todd Young (R-Ind.) and John Kennedy (R-La.) have introduced the Unclaimed Savings Bond Act of 2021 to help Americans claim more than \$26 billion in unredeemed savings bonds. The bipartisan bill would require the U.S. Treasury to provide states information about matured and unclaimed bonds so these states can use unclaimed property programs to help find the original owners (or heirs of those original owners) of these bonds. This provision would only apply to unredeemed bonds that matured before 2018.

“Treasury currently

holds billions of dollars in unclaimed savings bonds that have been forgotten or lost. This money belongs to the people,” Sen. Young said. “Our Unclaimed Savings Bond Act would help Americans identify and access their unclaimed savings bonds. I appreciate Indiana Treasurer of State Kelly Mitchell's support as we work to help Americans get funds that are rightfully theirs.”

Estimates indicate that \$478 million in unclaimed savings bonds belong to

Young

Hoosiers. Many of these bonds were issued more than 70 years ago and have matured – meaning they no longer earn interest for bondholders. In cases in which bonds are not physically possessed by their rightful holders, only the Treasury has the names and addresses of the original bond owners. The Treasury also has the serial numbers needed to claim the bond proceeds.

With more people than ever in need of some sort of assistance – whether it's food, housing, financial, mental health etc. – the stigma around asking for help has not shifted as much as the demand. Even within our school community, we are always asking families to let us know how we can provide support. So, we created the Shamrock Community Resource Board as a way to help them get the support they need without feeling judged.”

Westfield Washington Township Trustee Danielle Carey Tolan said the township partnered with the schools on this project because township staff works on a daily basis with clients who are facing emergency financial situations.

“By creating these resource boards and placing them around Westfield, we hope that our residents will now have a better understanding of what organizations serve Westfield and who they can reach out to if they have an immediate need for assistance,” Tolan said.

The boards will be placed in the following locations:

- Westfield Washington Schools Central Office

- Westfield High School
- Westfield Middle School
- Westfield Intermediate School
- Maple Glen Elementary School
- Carey Ridge Elementary School
- Oak Trace Elementary School
- Shamrock Springs Elementary School

This was a workplace perfect for her – she not only excelled at every task she was given but collected several great friends along the way.

Kris was most proud of 21 years of marriage to Tim Mally and the best children a mother could ever hope for. She was blessed with Will in 2004, and not so shortly after, Sabrina in 2015. She also was very involved in raising her wonderful stepson, Zach.

In addition to her husband and children, Kris is survived by her mother, Janice Bailey, and stepfather, Chuck Bailey; siblings, Stephen (Wendy) Callahan, Rodney (Angie) Callahan and Amy Callahan; stepdaughter-in-law, Arielle; grandchildren, Duncan, Lochlan, Bronson and Frances; in-laws, James and Joan Mally; sister-in-law, Kristen Mally Dean; several treasured uncles, aunts, nephews, nieces and cousins; and more friends and co-workers than one can count. We wish we could list everyone!

Kris’s favorite place was home surrounded by family and friends; however, she was always up for a family gathering or random game night. She loved to read (especially to her children), pick out the perfect gift for a loved one, and was the go-to person for anyone who wanted to find a good book, movie, TV show, or place to eat. Kris was the friend who often would help find the answer to someone’s question.

Kris will be missed desperately by all who were privileged to know her.

Family and friends will gather from noon till 3 p.m. on Wednesday, September 29, 2021 at Cornerstone Lutheran Church, 4850 E. Main St., Carmel, where the Celebration of Life service will begin at 3 p.m.

In lieu of flowers, the family requests donations in memory of Kris be given to Habitat for Humanity, 17917 Hollow Brook Court, Noblesville, IN 46062. Envelopes will be available at the church.

A reception will follow from 4 to 7 p.m. at Birdies Grill House, 632 E. State Road 32, Westfield.

Vicki Diane (Summers) Shepherd

September 25, 1954 – September 26, 2021

Vicki Diane (Summers) Shepherd entered heaven and into the arms of Jesus on Sunday morning, September 26, 2021, following an extended and courageous fight with pancreatic cancer. Her 67th birthday had been the day before, which she spent at home surrounded by family. Vicki was born September 25, 1954, in Indianapolis, the youngest daughter of Keith and Margaret (Stadler) Summers. She married Carl Shepherd on July 10, 1976.

Vicki graduated from Broad Ripple High School in 1972 and attended ‘Indiana Central College’ on the south side of Indianapolis, now known as the University of Indianapolis. There is much to say about this wonderful woman who quietly loved and served Jesus throughout her life, as a wife, mother, grandmother, friend, prayer warrior, missionary, and countless times as a helping hand behind the scenes at a church event or project. Her heart to include everyone was shown by her hospitality and how often she opened her home to host events for family and friends, as well as multi-month stays for missionaries. Her heart to serve was shown by the countless creative projects into which she poured herself, her volunteer role at Global Partners, and overseeing the Trinity Church youth ministry with Carl.

Her heart for the world was shown by the hours she spent on her knees in prayer, many times late into the night, not to mention going overseas herself, teaching English in Croatia for six weeks and ministering to the Karis people of Central Asia for 11 months. She and Carl referred to one another as “My Adventure Partner,” and together they traveled the world, visiting 37 countries. One of Vicki’s proudest roles was that of a Mom and “Nana,” and in that role she deeply loved, selflessly cared for, and fiercely protected her flock. Her rich legacy lives on in her family and in the countless lives she touched along the way. Although we will all absolutely miss this dear woman in Christ, our loss is truly heaven’s gain.

She is survived by her beloved husband of 45 years, Carl Shepherd; three sons, Jonathan (Christine) Shepherd, Ryan (Kristol) Shepherd, and Stephen (Tamara) Shepherd; four grandchildren, Joel, Josiah, Ansel, and Zion; five siblings, Dennis Summers, Wayne Summers (Linda), Mike Summers (Sara), Sandy Edwards, and Jerry Summers (Diana); and many nieces and nephews.

She was preceded in passing by her parents, Keith and Margaret “Peggy” (Stadler) Summers.

Family and friends will gather from 4 to 8 p.m. on Thursday, September 30, 2021 at Trinity Church, 9709 Allisonville Road, Indianapolis. The funeral service will begin at 11 a.m. on Friday, October 1, 2021 at Trinity Church, with visitation one hour prior. Vicki’s funeral service will be live-streamed at live.encountertrinity.tv.

Contributions in memory of Vicki may be directed to Global Partners. Online donations are available at global-partnersonline.org/donate, as well as envelopes at the church.

Bussell Family Funerals is privileged to care for Vicki and serve the Shepherd family.

TODAY’S BIBLE READING

I want you to know, brothers and sisters, that the gospel I preached is not of human origin. I did not receive it from any man, nor was I taught it; rather, I received it by revelation from Jesus Christ.

For you have heard of my previous way of life in Judaism, how intensely I persecuted the church of God and tried to destroy it. I was advancing in Judaism beyond many of my own age among my people and was extremely zealous for the traditions of my fathers. But when God, who set me apart from my mother’s womb and called me by his grace, was pleased to reveal his Son in me so that I might preach him among the Gentiles, my immediate response was not to consult any human being. I did not go up to Jerusalem to see those who were apostles before I was, but I went into Arabia. Later I returned to Damascus.

Galatians 1:11-17 (NIV)

IHSAA reveals sectional pairings

The IHSAA announced the pairings for the boys and girls soccer sectional tournaments on Sunday night, and there will be some big rivalry matches for Hamilton County teams right out of the gate.

The biggest rivalry of all will take place at the boys' Class 3A Sectional 8 at Noblesville. Hamilton Southeastern and Fishers will play each other in the very first match. In this week's soccer coaches poll, the Tigers are No. 1 and the Royals are No. 11.

The other first-round match will see Muncie Central take on Anderson. The No. 2-ranked Millers will play the second semi-final game against Pendleton Heights, while the first-round winners face off in the first semi-final, to be played prior to the Noblesville-Pendleton game.

Meanwhile, Westfield will host 3A Sectional 10. The No. 12 Shamrocks take on No. 9 Zionsville in the opening game, followed by a first-round match between Shortridge and North Central. The winners play each other in the first semi-final, followed by the second semi-final between No. 10 Carmel and Pike.

In Class 2A, Guerin Catholic hosts Sectional 26. In first-round action, Lebanon takes on Western Boone and Hamilton Heights will play Brebeuf Jesuit. Those winners face off in the first semi-final, with the host and No. 3-ranked Golden Eagles playing Cardinal Ritter in the second semi-final.

Sheridan will play in 1A Sectional 39 at Taylor, a five-team group. The Blackhawks got the bye and will take on the winner of a first-round match between Taylor and Anderson Prep Academy in the semi-finals. The other semi-final will be contested between Liberty Christian and Tri-Central.

University travels to Park Tudor 1A Sectional 40. That sectional opens with Tindley taking on Secцина and No. 11 Heritage Christian playing International in first-round games. The winners play in the first semi-final, and the No. 3 Trailblazers take on No. 1 Park Tudor in the second semi-final.
