Names changing for streets in Old Town Carmel

The REPORTER

Danielle Carey Tolan, Westfield Washington Township Trustee, was awarded the prestigious honor of Trustee of the Year by the Indiana Township Association at its annual conference on Sept. 21.

This award is given to a trustee who has proven to be exceptional and goes above and beyond the traditionally required responsibilities.

"I am humbled and honored to receive this distinguished award," Tolan said. "There are so many trustees across the state of Indiana whom have made important contributions to their community and do amazing things to serve their constituents."

"Danielle is one of those people that is always looking for better ways

to do things," said Adams Township Trustee Michelle Junkins. "When she says she can take on a project, there is no doubt in my mind she can."

During the COVID-19 pandemic, Tolan stepped up as a community leader in many ways, including creating a Community Outreach team with Westfield community and nonprofit leaders to ensure that the needs of the community were being met.

She also works tirelessly to oversee a federal grant that provides assistance to renters in the county. As the President of the Hamilton County Trustees Association, she was given the opportunity to manage the \$18 million federal grant for the Hamilton County Emergency Rental Assistance Program

(HC ERAP). This program assists renters who have lost income due to the pandemic. Within a short timeframe, she secured a team to manage the rental assistance program for the entire county. To date, HC ERAP has distributed over \$5 million in rent and utility assistance to more than 1300 households, allowing these residents to remain in their homes.

Tolan is in her second term as Washington Township Trustee and has worked to create efficiencies in local government to not only streamline the township office but to be a better steward of taxpayer money. Her passion to give to the community has shown as she has strengthened partnerships with over 150 Hamilton County and state service providers.

The City of Carmel is in the process of renaming streets in the Old Town section of the city. Letters have gone out to the first 171 residents living on east-west streets advising the names of their streets will be changed effective Feb. 1, 2022, according to Joshua Kirsh of the city engineering office.

He said the changes are being made to attempt to avoid confusion sometimes experienced by the current system of numbered streets and avenues. In the older section of the city, streets run east and west. Avenues run north and south. The configuration is a grid system with its center at Main Street and Range Line Road.

Under this system, an address of 500 Third Ave., N.E. is found five blocks north of Main and three blocks east of Range Line. This grid system was adopted about 80 years ago to replace named streets such as Walnut, Maple, Elm, etc.

Kirsh said eventually all numbered streets and avenues will be replaced by either original names from the early days of the community or names of local historic significance.

For example, 5th Street N.E. and N.W. will be named Small Street in honor of L.J. Small, longtime operator of an early mercantile store, and 4th Avenue north and south will be named Richland Street to honor the first Carmel school established in 1833.

In addition to the 171 residents already advised of the changes, another 403 residents will be advised of changes to the names of their streets in coming months. No changes will be made to the names of Main Street or Range Line Road.

Mayor Chris Jensen speaks to a crowd of people who attended The Levinson opening on Friday.

Levinson opens: Noblesville's first downtown apartments in 106 years

The REPORTER

Noblesville officials and Rebar Development last Friday officially opened The Levinson, a \$25 million mixed-use project. The Levinson provides the first new apartments in downtown Noblesville since 1915.

"Enhancing and preserving downtown is one my administration's key pillars," said Noblesville Mayor Chris Jensen. "There is a demand for living options in and around the Downtown Square and urban density supports our local businesses, restaurants and shops. Since this project started, it has attracted additional downtown development interest and projects to redevelop space in our

growing community."

The Levinson includes 75 market-rate and 10 affordable-rate studio, one- and two-bedroom modern apartments with a rooftop deck and contemporary amenities. Additionally, the 2,000 square-foot lobby along Maple Avenue includes a public exhibit of downtown Noblesville's rich history and 5,100 square feet of commercial space is along Ninth Street.

"The Levinson is attracting millennials, empty-nesters, high-earning and workforce professionals to downtown - serving as an economic driver for Noblesville restaurants and businesses," said Rebar

Development President Shelby Bowen, adding that only four units remain unleased.

The project also includes a four-level, 299-space parking garage. A minimum of 199 spaces will be available for paid public parking. The Levinson will provide four hours of free parking to guests, and cost \$2 per hour after that time per day.

"Surface parking lots, while functional, are not the best land use strategies to sustain and enhance a vibrant downtown," Community and Economic Development Director Sarah Reed said. "A public parking garage is an essential component to address current, perceived and real parking challenges."

The Levinson is named after one of the pioneer families in Noblesville. The family was known for being charitable, but it was the eldest son of the Levinson family, S.O. Levinson, a Noblesville High School graduate and Nobel Peace Prize nominee, who donated his family's former homestead to the city in 1938. A portion of the land was used as the former City Hall site before becoming a public parking lot.

The Levinson is a public-private project between Rebar Development and the City of Noblesville. Hagerman Inc. and Edwards-Rigdon Construction built the project and garage.

Higher taxes can come with no rate increase

Many political leaders around Hamilton County are gleefully telling everyone that they will not increase the property tax rate next year. But, they are not saying that most individual homeowners will pay more in 2022. For some it will be a little more and for some it will be a lot more.

The reason, of course, is that there was widespread upward trending in assessments for next year. Property owners were advised by mail of any increase in their assessment, but many paid little attention to the notice.

Countywide, the taxable assessed valuation increased by about \$1.7 billion, a tremendous amount for any county. Most of the increase was found in the growing

The REPORTER

Editor's note: Fishers City Council member David George released the following statement to the Reporter regarding his resignation.

I am announcing my resignation from the Fishers City Council. This is due to an increased workload with my day job and an increased number of hours needed for constituent services for the residents in my district.

I have been contemplating this decision for most of this year, but waited until now so that as a member of the finance committee I could assist with the 2022 budget.

I have served on first the Town, now City Council for 19 years. Over those years, I am proud that we have worked to take the community from a AA to a AAA bond rating. I also worked extensively on the Nickel Plate amphitheater and our road network. The amphitheater now provides a place to gather for concerts, the Farmers Market or just meeting one another.

Main Street Productions stages “Dracula” Oct. 7-17

Dracula. What images does that name conjure? Bella Lugosi? Bats and wolves and the terrible cost of immortality? Blood, of course, is right there at the top.

Main Street Productions (MSP) is staging *Dracula* this month and is holding a blood drive to offer the community both some chilling Halloween entertainment and a chance to help alleviate the ongoing blood shortage.

This version of *Dracula*’s story is a play written by Steven Dietz in 1996 which follows the original Stoker novel more closely than most of Hollywood’s versions have. While the book tells the story in the form of letters moving in chronological order, the play tells some of the early parts of the story in flashbacks.

“There are a lot of moments from the original Bram Stoker’s *Dracula*, but it moves really fast,” MSP Director Brandi Davis told The Reporter. “We jump back and forth. I think there are 43 scene changes across 17 locations, so it moves quick.”

Davis did note that due to

the nature of the show, it is not appropriate for all ages and parents should use caution when choosing whether or not to bring children.

“There is still a lot of blood and it is very dark, so some kids may be scared,” Davis said. “There is not anything inappropriate necessarily, but vampires can be scary.”

And since this is *Dracula* staging in the weeks leading up to Halloween, it was a perfect opportunity to hold a blood drive.

The evolution of the mind

Editor’s Note: The Sheridan Student Column is brought to readers by Sheridan High School’s 10th grade English class, taught by Abby Williams.

ZACHARY BAYLESS
Sheridan High School Student

When we were young children, we rarely asked ourselves questions such as, “Why am I not able to understand what others understand quite easily?” When we were so young that reading and talking were difficult, we didn’t realize that we were learning at a tremendous rate, nor looking back can we acknowledge what it was like not to be able to read or speak.

When you sit down and examine the books which you are currently reading compared to the simplicity of books you may have read in say, elementary school, you may question why you failed to comprehend the simplicity behind those books and might question why you could not then comprehend books at your current level.

When you think about the conversations you overheard from your parents, you might realize that you cannot recall exactly what they were talking about at the time. How is it that as an adult these concepts seem like basic knowledge but are absolutely incomprehensible to a child?

When I sit and recall reading as a child, I remember the first book that truly made sense to me. At the age of five, the first ever book I could even read was this book on ABCs and memorizing the alphabet. When I dwell on the difficulty of reading such a simple book at the time, I ask myself, “How could I be so stupid as to not be able to read something so easy?” Yet no matter how much I think about it, the fact still remains that it took me about 15 minutes to figure out that C is for cat. Now I read actual books and can comprehend quite well that Z is indeed for zebra, so why was it that 10 years ago that was something that brought me so much strife?

Often when I look back to when I was really young, it seems like I go from not being able to understand some simple things at all to them becoming basic knowledge.

I believe that one of a child’s greatest abilities is the ability to rapidly assimilate knowledge at an extraordinary pace. This ability, which makes us learn so rapidly, is probably why it is so weird to look back to when we were children and notice how things that didn’t really make sense at the time, like counting and reading, seem so easy and are considered basic knowledge to us a short while later in life. We overlook how difficult these concepts are to learn at the time and thus don’t understand how they did not make sense in the first place.

When I attempt to memorize things now or learn something new that can prove to be difficult (such as another language), I find that it takes a tremendous amount of time and effort and can have diminishing returns if I don’t constantly go over the material that I am trying to learn.

Yet, when a young child is often in contact with foreign languages, due to factors such as the cultural areas in which they grew up or because of their parents, then they are able to pick up that language, often without trying. Due to this ability, children are able to learn and grow at a rapid pace so that they can be prepared for the future and are able to adapt to their surroundings when they are older.

So when I truly sit back and ask myself, “How is it that as an adult these concepts seem like basic knowledge but are absolutely incomprehensible to a child?” I find that the answer lies within a lack of understanding of the difficulty of the concepts that the child is still trying to grasp and understand. When you are a child, you learn quickly things that would be difficult for adults to learn and it can undermine the difficulty of the things you are learning and the rate at which you are able to absorb the knowledge.

The things that we do not know as a child are only unknown to us because we have yet to learn them. Our ability to adapt and understand complex concepts such as reading and writing is due solely to the fact that we were able to learn them so quickly as a child.

When we look back at our youth, we should not be surprised at what we didn’t know, but amazed at the things we knew at the time.

Prevail wants you to ‘Go Purple’ for Domestic Violence Prevention Month

The REPORTER

Prevail, Inc., a Hamilton County-based non-profit organization advocating for victims of crime and abuse, is asking for community partners to “Go Purple” during National Domestic Violence Prevention Month in October. During this 2021 “Go Purple” Campaign, Prevail is offering to local businesses and community members a simple way to stand with each other and work to end acts of violence together.

In 2020, Hamilton County had the highest rates of domestic violence homicides in one year. Although this is the final act in a

relationship where there is domestic violence, it is not the only one. Domestic violence includes behaviors that are controlling across physical, emotional, mental, spiritual, financial, technological, and sexual domains.

“Because domestic violence is still perceived as a personal, private matter, it can feel uncomfortable to talk about,” said Brittany Winebar, Prevail’s Director of Mission Achievement. “We know that when people are connected and their loved ones and friends are willing to talk with them about domestic violence, it makes it easier for them to ask for help and tell someone about

what is happening. When our community stands together, it makes domestic violence unacceptable.”

Join Prevail in the conversation and share why you are Going Purple. Prevail is asking the community to be creative, pick a day and wear purple. Share your group’s pictures with Prevail and use the hashtag #GoPurplePrevail. To sign up, simply visit Prevail’s website at prevailinc.org.

cities of Carmel, Fishers, Noblesville and Westfield.

This will mean about a 7 percent county-wide increase in tax revenue, even more in the fastest growing areas, and somewhat less in northern parts of the county.

So, if you hear officials brag about little or no increase in the rate, don’t be overly impressed. The fact is, growing communities, while having legitimate needs for more money to provide public services, will have more than enough revenue to meet those needs.

Beyond true needs, city, town and the county council, along with school boards and township boards, should reduce their tax rates at least a little to offset the increases most residents experienced in their assessments. There would still be sufficient new money to meet increasing costs of government.

Will we get that relief? It might depend on whether any taxpayers demand it. Contrary to popular opinion, officeholders do listen to their voters.

Carmel Clay Schools cites rudeness, heckling from audience in making all school board meetings virtual

The REPORTER

The Carmel Clay School Board last Thursday announced that due to the disruptive behavior of adults at last week’s regular board meeting, and after consultation and review by counsel, meetings will be held virtually until further notice.

In making its decision, the board stated that an “outside group deliberate-

ly orchestrated multiple disruptions to the business portion of the meeting Monday night. When the Board called for a recess, the group booed, began name-calling, and continued their rude and inappropriate behavior. Claims that the Board and administrators were trying to silence parents were remarkably unfounded given the evening’s agenda con-

tained four opportunities for public comments.”

Carmel Clay Schools will livestream future board meetings, and district officials say they will regularly reevaluate the need for livestreaming and inform the community of any changes.

Kristin Michelle (Callahan) Mally

July 8, 1977 – September 17, 2021

Kristin Michelle (Callahan) Mally, 44, Westfield, passed away on September 17, 2021. She was born on July 8, 1977 in Indianapolis to the late Charles "Steve" Callahan and Janice (Hershey) Bailey.

Kris was a 1995 graduate of Westfield Washington High School. Her love of books led her to her first full time job after high school at the Westfield Public Library. After leaving WPL in 1998, Kris began her career at Erie Insurance Company. This was a workplace perfect for her - she not only excelled at every task she was given but collected several great friends along the way.

Kris was most proud of 21 years of marriage to Tim Mally and the best children a mother could ever hope for. She was blessed with Will in 2004, and not so shortly after, Sabrina in 2015. She also was very involved in raising her wonderful stepson, Zach.

In addition to her husband and children, Kris is survived by her mother, Janice Bailey, and stepfather, Chuck Bailey; siblings, Stephen (Wendy) Callahan, Rodney (Angie) Callahan and Amy Callahan; stepdaughter-in-law, Arielle; grandchildren, Duncan, Lochlan, Bronson and Frances; in-laws, James and Joan Mally; sister-in-law, Kristen Mally Dean; several treasured uncles, aunts, nephews, nieces and cousins; and more friends and co-workers than one can count. We wish we could list everyone!

Kris's favorite place was home surrounded by family and friends; however, she was always up for a family gathering or random game night. She loved to read (especially to her children), pick out the perfect gift for a loved one, and was the go-to person for anyone who wanted to find a good book, movie, TV show, or place to eat. Kris was the friend who often would help find the answer to someone's question.

Kris will be missed desperately by all who were privileged to know her.

Family and friends gathered on Wednesday, September 29, 2021 at Cornerstone Lutheran Church, 4850 E. Main St., Carmel, where the Celebration of Life service followed.

In lieu of flowers, the family requests donations in memory of Kris be given to Habitat for Humanity, 17917 Hollow Brook Court, Noblesville, IN 46062. Envelopes will be available at the church. A reception will follow from 4 to 7 p.m. at Birdies Grill House, 632 E. State Road 32, Westfield.

Vicki Diane (Summers) Shepherd

September 25, 1954 – September 26, 2021

Vicki Diane (Summers) Shepherd entered heaven and into the arms of Jesus on Sunday morning, September 26, 2021, following an extended and courageous fight with pancreatic cancer. Her 67th birthday had been the day before, which she spent at home surrounded by family. Vicki was born September 25, 1954, in Indianapolis, the youngest daughter of Keith and Margaret (Stadler) Summers. She married Carl Shepherd on July 10, 1976.

Vicki graduated from Broad Ripple High School in 1972 and attended 'Indiana Central College' on the south side of Indianapolis, now known as the University of Indianapolis. There is much to say about this wonderful woman who quietly loved and served Jesus throughout her life, as a wife, mother, grandmother, friend, prayer warrior, missionary, and countless times as a helping hand behind the scenes at a church event or project. Her heart to include everyone was shown by her hospitality and how often she opened her home to host events for family and friends, as well as multi-month stays for missionaries. Her heart to serve was shown by the countless creative projects into which she poured herself, her volunteer role at Global Partners, and overseeing the Trinity Church youth ministry with Carl.

Her heart for the world was shown by the hours she spent on her knees in prayer, many times late into the night, not to mention going overseas herself, teaching English in Croatia for six weeks and ministering to the Karis people of Central Asia for 11 months. She and Carl referred to one another as "My Adventure Partner," and together they traveled the world, visiting 37 countries. One of Vicki's proudest roles was that of a Mom and "Nana," and in that role she deeply loved, selflessly cared for, and fiercely protected her flock. Her rich legacy lives on in her family and in the countless lives she touched along the way. Although we will all absolutely miss this dear woman in Christ, our loss is truly heaven's gain.

She is survived by her beloved husband of 45 years, Carl Shepherd; three sons, Jonathan (Christine) Shepherd, Ryan (Kristel) Shepherd, and Stephen (Tamara) Shepherd; four grandchildren, Joel, Josiah, Ansel, and Zion; five siblings, Dennis Summers, Wayne Summers (Linda), Mike Summers (Sara), Sandy Edwards, and Jerry Summers (Diana); and many nieces and nephews.

She was preceded in passing by her parents, Keith and Margaret "Peggy" (Stadler) Summers.

Family and friends gathered on Thursday, September 30, 2021 at Trinity Church, 9709 Allisonville Road, Indianapolis. The funeral service was held on Friday, October 1, 2021 at Trinity Church, with visitation prior. Vicki's funeral service was live-streamed at live.encountertrinity.tv.

Contributions in memory of Vicki may be directed to Global Partners. Online donations are available at globalpartnersonline.org/donate, as well as envelopes at the church.

Bussell Family Funerals is privileged to care for Vicki and serve the Shepherd family.

When God holds your pen

Oh, the beauty that will be found when God holds your pen and paintbrush.

On February 25, 2007, I wrote...

I am never out of the touch or hold of God. It is my choice whether to acknowledge his presence and direction.

Father God, I pray I am always aware of even your most gentle of touches when you nudge me. Just knowing you go before me, into the unknown, reassures me that I can go forward with confidence.

Whenever I have no idea of why my journey has taken such a terrifying turn, I am reminded that you are already there ... holding and guiding.

The journal in which this was written was buried in a stack of “to be read” books. I opened it up while doing some sorting and decluttering. I had no idea the words I would find,

JANET HART LEONARD
From the Hart

words that I had written 14 years ago.

The Lord will fulfill his purpose for me; your love, O Lord, endures forever – do not abandon the works of your hands. Psalms 138:8 NIV

Wait! I needed to read that scripture ... today! Scripture, I copied in my journal 14 years ago. I had no idea that I would ever be writing a book.

I had written down these words ... I have a purpose.

I continued to read and as I did so, my heart did a few cartwheels.

Father God, help me to see you in my life, every day. Help me to remember you have made me for such a time as this. I am here at this time, in this place, to make a difference. Let me hear your voice over the noise in my life.

I read my own paraphrase of

Psalms 139. I am fearfully and wonderfully made and that my days are ordained, written down before they will ever come to be.

In the past 14 years I learned that, in the midst of my fears, I have been given courage by the words of the scriptures. In the midst of my doubts, people came alongside to encourage me.

When I was consumed with worries over situations ... there came help.

God didn't always calm my storm, but He calmed me in the midst of my own personal tornadoes.

I stopped to feel the nudges. “Be still before the Lord and wait patiently for him.” Psalms 37:7 NIV

Have I mentioned that waiting, patiently, is not one of my strong points?

I had to make changes. Changes I was not happy about. I had to take my hands off the wheel. For someone who has control issues, these things were hard.

God held the pen that

would tell my story. He held the paintbrush that would create a picture of a life I never knew would be possible. As the landscape and characters of my life changed, I changed. I was able to see the goodness of God in new ways.

Even in the hard times, God was good. Even when I told God that I was mad at Him, He never left my side. Even when I pitched a bit of a hissy fit about life not being fair, He brought people into my life that told me that I was human, and God understood my feelings.

Eventually, even when I did not get my way, life began to make sense. I learned a new sense of peace and contentment.

Was it God's timing that I read the words in my journal 14 years after I wrote them? Absolutely. He knew I needed reminded.

He is still holding my pen and paintbrush. I have a story to tell, a story that He's been writing for 66 years.

Cheryl R. (Mossburg) McFarland

August 12, 1956 – September 25, 2021

Cheryl R. (Mossburg) McFarland, 65, Kirklintown, was called home surrounded by her loving family on September 25, 2021.

She was born on August 12, 1956, to her late father, Richard Mossburg, and her mother, Denzel Ileene (Lindenmayer) Harmon, who survives Cheryl.

She was a graduate of Clinton Central High School, Class of 1974. After graduating high school, she went to work for Federal Mogul, and she would set up presses. The factory has a list of how many years each employee worked before retiring; her goal was to break into the top 10, and after giving the company 41 years of service she finished holding the number three spot.

Cheryl was a member of UAW Local 1949 in Frankfort. She spent many years serving in the Union, working her way through the chairs and finally ending her tenure as president of Local 1949. Cheryl was very interested in Native Americans and would collect Native American art and statues. She was a member of Kirklintown's Eastern Star and Kirklintown Christian Church.

Not only did Cheryl pass on the value of hard work, but she passed on her love for Jesus. Her children have always remembered her saying, “If you want something, you have to work for it.” This taught them the value and to appreciate what they have and how hard they had to work to get it.

Cheryl is going to be greatly missed by her loving family: Her son, and her daughter, Jennifer (Christopher) Hill. She was a loving grandmother to Hunter and Travis McFarland, Destiny Crider, Devin Hooker and Alexis Bailey. She was a proud great-grandmother to Taylor, Sage, Julian, Presley, and Kendall. Cheryl is also survived by her loving wife, Pam Forney. Cheryl was a devoted sister to Pam Schnelle, Tim Mossburg, Margaret Ann (Greg) Dodson, Patrick Johnson, Jerry and Jim Johnson, and Cheryl, Lyn, and Rodney and Debbie Mossburg. Cheryl is also survived by her stepmother, Billie Mossburg.

Funeral services for Cheryl were held on Wednesday, September 29, 2021 at Fisher Family Funeral Services, 508 E. 6th St., Sheridan, where family and friends gathered prior to the time of service. Burial followed at Crown View Cemetery. Pastor Tom Holton officiated Cheryl's service.

In lieu of flowers, donations may be made to Kirklintown Christian Church, 302 E. Jefferson St., Kirklintown, IN 46050.

For anyone who was unable to attend Cheryl's service, it was streamed live on Fisher Family Funeral Services' Facebook page. Everyone is invited to sign the guestbook, leave a condolence, or share a memory at fisherfunerals.com. Fisher Family Funeral Services is honored to serve the McFarland family.

Martha Jane Hobson

January 29, 1931 – September 26, 2021

Martha Jane Hobson, 90, passed away peacefully at her home in rural Zionsville, surrounded by her loving family, on Sunday morning, September 26, 2021. Born in Kempton, Ind., on January 29, 1931, she was the daughter of the late Ola Ernest and Theresa Elizabeth (Moore) Baird.

Martha graduated from Sheridan High School with the Class of 1949. Shortly after graduation, she entered the workforce. She worked for various companies including RCA and Ayr-Way, as well as helping in the cafeteria at Union Elementary School. She later hired on with Aero Drapery as a seamstress and remained with the company for 25 years. Martha also served as a switchboard operator for the Big Springs community for quite a few years.

She was a member of the Community Mother's Club. When she had time to relax, she loved losing herself in the pages of a good book. She also enjoyed knitting, sewing, and crocheting, as well as making paper embroidery. Martha enjoyed bowling, especially when it came to league play during her years at Aero.

One of Martha's favorite activities was traveling. One can only assume that she caught the travel bug in the fall of 1950, when she, along with her soon-to-be husband, headed out on an impromptu road trip to Arkansas with her sister, and sister's soon-to-be husband. They had decided to elope and marry their significant others together. Their unusual story – two sisters getting married at the same time – was made more remarkable since the new husbands were also brothers. On October 9, 1950, sisters Martha and Norma married brothers Harley and Harold, and a thus began a lifetime of double dates with each other's favorite couple. They loved traveling together, and never tired of telling their story.

Family was a very important part of Martha's life, and she loved being a part of whatever activities her grandkids were involved in.

Martha is survived by the love of her life, Harley W. Hobson; son, Keith L. Hobson (Lisa) of Zionsville; daughter, Kathy J. Brewer of Sheridan; nine grandchildren, Gavin Hobson, Graham Hobson, Jake Hobson, Cora Hobson, John Smith (Kristy), Andy Smith, Jessica Bogus (Mike), Sarah Gregg (Ryan) and Erika Rinehart (Morgan); 17 great-grandchildren, Chaney Smith, Mac Smith, Remington “Remi” Smith, Reece Smith, Lucy Smith, John Smith, Eli Smith, Trai Fitzgerald, Nakia Bogus, Treyton Bogus, Ainalyn Bogus, Owen Gregg, Liam Gregg, Nicholas Rinehart, Ava Rinehart, and twins, Knox and River Hobson; brothers, Floyd “Don” Baird of Hawkinsville, Ga., and Ralph “Jack” Baird of Sheridan; sister, Norma Hobson of Sheridan; many nieces and nephews; and by her guardian angel and canine BFF, Zoey.

She was preceded in death by her parents; son, Kenneth K. Hobson; and sisters, Doris Stultz, Georgia Moore, and Betty Baker.

Services were held on Friday evening, October 1, 2021, at Kercheval Funeral Home, 306 E. 10th St., Sheridan, with visitation prior to the time of service. Graveside services were held on Saturday morning, October 2, 2021, at Crown View Cemetery in Sheridan.

Empty nest, but we're gonna be okay

I've shared our recent “empty nester” status with all of you, which is a common point in life when you're in the sandwich generation. I have to admit, I was nervous thinking about both of our boys being out of the house this fall attending college.

Would I be one of those mothers who felt lost and alone?

And, would my husband John and I be okay? I know we have a strong marriage. Not a perfect one by any means, but a good one. I can honestly say John is my best friend and vice versa.

Our main focus for the past 21 years has been our sons, Jonathon and Jacob. Pretty natural. And whenever we're on dates or just hanging out together, John and I usually discuss them more than anyone.

AMY SHANKLAND
Sandwiched

Also normal.

But now the boys – who are really young men, but I will probably always call them my “boys” – are on the path to adulthood. Sure, we're the ones mostly paying the bills (they do contribute to some things thanks to summer

and part-time jobs.) But at age 19 and 20, Jonathon and Jacob don't need us as much anymore.

The first week of “empty nester” life was the worst, especially since both boys were gone and John was out of town helping his father. Although I like peace and quiet, the house was TOO quiet. I tried to stay busy, but there were moments when I felt sad and definitely lost.

Once John returned, however, we found out that we had

plenty to talk about, and the topics didn't necessarily relate to the boys. Now we often talk about our parents, whom I lovingly refer to as our 85 and 89-year-old “children!”

We had a fun, animated conversation a couple of weeks ago on a Tuesday evening that actually didn't involve any children whatsoever. We had to eat an early dinner so John could go off to a sales appointment that night.

As I replayed the talk later, I smiled and texted him saying “I really enjoyed our conversation today!” John replied, “We've never had a problem finding stuff to talk about.” So true.

When I think about the past 21 years, I remember how John and I always worked to

find time to nurture our marriage. We were lucky to have Couples Night Out through our church, where we could go out on dates two nights a month. This was in exchange for watching kiddos one night every three months – quite a good deal!

Even if our date nights were just enjoying a movie together after tucking the boys into bed, we prioritized spending time together as often as possible. It looks like our efforts have paid off!

If you and your spouse/significant other are approaching the empty nester stage, I would encourage you to do all you can to reconnect with one another BEFORE your children leave home. It'll be worth it when they finally leave the nest!

Obituary

Cheryl Lynn Hagman

January 7, 1969 – September 28, 2021

Cheryl Lynn Hagman, 70, Fishers, passed away on Tuesday, September 28, 2021. She was born in Des Moines, Iowa on January 7, 1969, daughter of Gerald (Jerry) and Carol Hagman.

Cheryl graduated from Urbandale High School in 1969 and in 1973 she received a B.A. in Education with a minor in Spanish from University of Northern Iowa (UNI). Upon graduating from college, she moved to Indianapolis where she took a teaching position at Heritage Christian School. She taught high school Spanish for two years before leaving that profession. In the following years, Cheryl worked at Bryant Heating and Cooling and other similar companies. Her most recent employment was with Data Recognition Corporation (DRC) where she graded student essays submitted for national assessments such as ACT and SAT.

While attending UNI, Cheryl accepted Christ as her Lord and Savior. Her many years of Christian service began on the UNI campus when she became an active member of Campus Crusade for Christ. That service continued when she moved to Indiana. She became a member of Colonial Hills Baptist Church where she loved and served God for 48 years. She loved serving God and was very faithful in her service. She was blessed to teach the sixth-grade Sunday School class at Colonial Hills Baptist Church for 42 years. She found much pleasure in nurturing those young girls, helping them grow in their faith in God. She had fun with them too. I'm sure every girl anticipated the invitation for Cheryl's “Cookies, Tea and Games” parties in her home.

Anyone who knew Cheryl knew she loved to sing. She was a faithful member of the church choir with her lovely alto voice. It was always a little bittersweet when she traveled and missed choir on Sunday morning. During this past year of the Covid pandemic, she would sing along as she participated in worship online. She was an avid fan of Ron Hamilton, aka Patch the Pirate, and all his music and recordings. She prayed often for him as his health declined.

Cheryl's service to her church reached further than the sixth-grade girls and choir. She also worked in the church library, and after retiring from teaching Sunday School, she began taking attendance for the Bereans, a class for Senior Saints age 72 and older.

Cheryl was also passionate about the Creation Museum and the Ark Encounter, visiting both many times. She was so excited when her great-nieces and nephews visited both museums this past June then spent some time with her in her home. Another great passion for Cheryl was dogs. From the time she was a young child, she always had a dog. She especially loved Susie Q, Samson, and current dog, Roxie.

Because her UNI roommate, Becky, shared what a true relationship with Christ was almost 50 years ago, Cheryl learned that she must pass that simple truth on to others. As a result, she took every opportunity to share about God's saving grace with everyone she knew, especially with her mom, dad, and brothers. It was her most precious privilege to lead her brother, Tom, to Christ. She was especially close to him because of that bond. The way Cheryl lived her life made it easy to love her. While we are sad for our loss, her family and friends are thrilled to know she is in splendor with a healed body as she walks hand in hand with Jesus singing “RISE AND SHINE AND GIVE GOD THE GLORY, GLORY!”

In addition to her parents, Cheryl was preceded in death by her brother, William James Hagman; paternal grandparents, Ed and Agnes Hagman; maternal grandparents, Michael (Ed) and Mildred Jacobs.

Survivors include her brother, Tom (Nelva) Hagman; niece, Sarah (Jason) Richards; great-nieces, Adelyn and Everly Richards; great-nephews, Colwyn and Rafe Richards; very dear and close friend and roommate of 45 years, Linda King; uncle, Jim (Linda); aunt, Beth Roush; 11 cousins and their families; and her beloved dog Roxie.

Family and friends gathered on Sunday, October 3, 2021 at Colonial Hills Baptist Church, 8140 Union Chapel Road, Indianapolis, where a Celebration of Life Service followed.

Memorial contributions may be directed to Colonial Hills Baptist Church-Choir Fund.

The family would like to thank everyone for their prayers and loving support.

A Committal Service will take place at a later date in Highland Park Memory Gardens Cemetery, Des Moines, Iowa.

The Medicare mailbox dilemma

If you are 64 or older, starting each October your mailbox will be full of solicitations from dozens of insurance companies. Why the onslaught of not only print, but TV and radio ads? Because 60 million Medicare

it's time to call all our clients about the changes, we struggle to get ahold of you, or your struggle to reach your very busy insurance agent.

The system is further convoluted because this time period (Oct. 1 to Dec. 7) has no bearing on the millions of Medicare members who own a Medicare Supplement policy – yet they are under the impression that they are impacted as well.

If you have a Medicare Supplement Plan, it's most likely a Plan F or G. The law doesn't “lock you in” to your plan or give you a time period that you can move. With a Medicare Supplement plan, you can change any time of year. The catch is that you must be able to answer the health questions! If you have, for example, COPD, Parkinson's, or use a walker, you are unlikely to ever be able to change to a similar plan.

But you could move to a Medicare Advantage plan without answering any health questions – you guessed it, during the October to December time frame. Hence, all the letters and postcards in your mailbox!

Friday night football - Week 7

Royals get Homecoming win over Millers

By RICHIE HALL

FISHERS - Hamilton Southeastern had a splendid time at its Homecoming game last Friday night, as the Royals beat Noblesville 38-8 in a Hoosier Crossroads Conference game at TCU Field.

Southeastern was in control from the start. The Royals got on the board after getting a safety at the 9:41 mark of the first quarter. A minute and a half later, Blaine Wertz took off on a 32-yard run to score HSE's first touchdown of the game. Sam Jacobs then threw a two-point conversion pass to Will Gerig, and the Royals were up 10-0.

Southeastern added two more touchdowns in the second quarter. Wertz punched the ball in from the one-yard line early in the period, then with under a minute to go until halftime, Gerig collected a 12-yard pass from Jacobs and took it to the end zone.

As a result, the Royals led 24-0 at halftime.

"I thought our guys came out and played hard," said HSE coach Michael Kelly. "One of the things we challenged them with is starting fast and coming out and being physical and playing the game that we need to play. And I thought they did a nice job of that."

Southeastern continued the pattern in the third quarter, scoring two more touchdowns. Jacobs ran in to the end zone from 14 yards, then Owen Jones made a five-yard dash to score.

Wertz finished the game with 137 yards rushing, while Jones gained 79 yards. Alex Geroulis made all four of his extra-point kicks.

"I'm proud of our guys," said Kelly. "Stayed focused, stayed locked in, played with great effort and played with great poise."

"They played very good and we played very bad, and it's really that simple," said Noblesville coach Dave

Sharpe. "We could not get a stop on defense, we're getting shoved around."

The Millers scored their touchdown late in the fourth quarter, as Alairic Rogers-Walton made a seven-yard run to the end zone. Logan Shoffner then ran in a two-point conversion; he finished the game with 124 yards.

"Offensively, we couldn't finish a drive and we couldn't get drives going," said Sharpe. "It was just a bad night overall."

Southeastern is 4-1 in HCC play and 6-1 overall, and plays at TCU Field again Friday, hosting Franklin Central.

"I think we've got a good energy about the program," said Kelly. "We got guys excited about being in football. There's a lot of positives that are going on right now. We're excited."

The Millers are 0-5 in the conference and 2-5 overall, and return to Beaver Materials Field Friday to host Brownsburg.

"We have one way to go," said Sharpe. "We're at the bottom of the basement and we've got to just fight for our lives to show some life and get back at it."

Sheridan then added two more scores in the fourth period. Gavin Reners took off on an 80-yard scoring run early in the quarter. Then at the midway point of the period, Keegan Hamp-

ton grabbed an interception and took it 79 yards into the end zone.

Reners finished the game with 154 yards on 27 carries. Owen Bell kicked all three extra points. Sheridan's defense also played well, limiting the Patriots to only five yards rushing.

The Blackhawks are 5-2 for the season. Sheridan returns to Hoosier Heartland Conference play Friday

when it travels to Eastern. The Comets are 5-0 in HHC play, while the Blackhawks are 4-1; Eastern beat Tri-Central 41-6 last Friday to maintain its unbeaten conference record.

'Rocks pull away from Avon

Westfield picked up another Hoosier Crossroads Conference win last Friday, traveling to Avon and coming home with a 45-24 victory.

The Orioles got on the board first with a field goal midway through the first period. The Shamrocks had to wait until there was one second left in the opening quarter, but they made it count: Maximus Webster connected with Gabe Aramboles for a six-yard touchdown.

With that, Westfield's offense began to heat up. Webster ran 23 yards for a score early in the second period, then he and Aramboles teamed up for another touchdown midway through the quarter, this one for 19 yards. The Orioles also scored twice in the period, but the 'Rocks led 21-17 at halftime.

Caleb King extended that led to 24-17 early in the third period by kicking a 42-yard field goal. Avon tied the game with a long passing touchdown at the four-min-

Carmel wins, but no celebration afterwards

A Carmel football victory is usually a reason to cheer, but there was no celebration after the Greyhounds' game at Ben Davis last Friday was halted in the fourth quarter.

Carmel was leading 35-21 when gun shots were heard outside of the Giants' stadium, prompting both teams to run off the field and fans to evacuate. The game was called off minutes later. A 16-year-old boy outside of the stadium was injured and reported to be in stable condition, while another 16-year-old boy was in police custody. No players, coaches or fans were harmed in the shooting.

It had been an exciting game, one that the Greyhounds had taken control of in the third quarter. Carmel led 21-13 at halftime, but a short touchdown pass and two-point conversion throw by the Giants tied the game at 21-21 with 7:19 left in the third quarter.

But 22 seconds later,

The Giants got on the board first with a field goal

at the 7:31 mark of the first period. Carmel jumped ahead 7-3 minutes later when Jaedon King took a 58-yard Osborne pass into the end zone.

The lead swelled to 14-3 after Desmond Duffy and Osborne teamed for a 91-yard touchdown pass play. After a Ben Davis touchdown, Osborne ran the ball in to the end zone from 15

yards. Sponsler made all three extra-point kicks; he was 5-for-5 on extra point kicks for the night.

Osborne finished the game 14-for-20, totaling 345 yards, while Duffy had six catches for 125 yards.

Carmel is now 5-1 in Metropolitan Conference play and 6-1 overall. The Greyhounds host Warren Central Friday.

Tipton scored touchdowns in each of the last three quarters, all of them rushes by Eli Carter. He punched in the ball from the two-yard line in the second period, then streaked 85 yards for a score in the third quarter. Golden Eagles fall to Northview

Guerin Catholic dropped a 26-20 game at Northview last Friday.

The Knights scored one touchdown in each of the first two quarters to take a 14-0 halftime lead. Northview then led 20-0 in the third quarter before the Golden Eagles got on the

board. Ryan Zimmerman connected with Will Fremion for a 28-yard touchdown, and Evan Guenther's extra-point kick cut the Knights' lead to 20-7. Guerin Catholic scored again in the fourth quarter, with Zimmerman

throwing a 59-yard touchdown pass to Ryan Glenn. Guenther's kick got the Golden Eagles within 20-14.

But Northview answered with its own long touchdown pass, and the Knights were able to hold on for the win. Zimmer-

man did throw for one more touchdown, as he tossed a 48-yard scoring pass to Robert Soresen.

Stats from the game were not available at press time.

The Golden Eagles are 1-6 and host East Central Friday.

Tigers roll past Franklin Central, 37-8

Fishers rolled to a 37-8 win over Franklin Central last Friday in a Hoosier Crossroads Conference game at the Tigers' TCU Field.

Fishers got on the board in the first quarter when John Tangara kicked a 23-yard field goal. The Tigers extended their lead in the second period when Carson Dunn made a 10-yard touchdown run, and Collin McPeek teamed with Lucas

Minns for a 26-yard touchdown pass. The Flashes scored late in the second quarter, so Fishers led 16-8 at halftime. But the Tigers ran away with the game in the fourth period: Dunn blasted off on an 80-yard touchdown run, Jeffrey Simmons collected a 13-yard touchdown pass from Minns, and Brady Wolf took an 80-yard interception return into the end zone.

Dunn finished the game with 114 yards rushing, while Minns was 10-of-17 through the air, totaling 124 yards. Dunn, Simmons and Luke Valerio all had three receptions. Jack Alvarez led the tackles with seven, while Zach Willard and Chris Rhoades both made one sack each.

Fishers improved to 3-2 in the HCC and is 5-2 overall. The Tigers play at Westfield Friday.

Greyhounds, Royals win tennis sectional titles

The Carmel and Hamilton Southeastern boys tennis teams successfully defended their sectional championships last Thursday.

Over at the Todd Witsken Tennis Center, the No. 1-ranked and five-time defending state champion Greyhounds beat No. 19 Guerin Catholic to claim its 12th consecutive sectional title. It's also the 35th overall championship in the Carmel program's history.

The Greyhounds won four of the five matches last Thursday, but darkness suspended the No. 1 singles match until the next day. Broc Fletcher won that match to clinch the 5-0 victory.

All of the other matches were decided in straight sets. Singles winners were No. 2 Eli Mercer and No. 3 Rocky Li, and doubles winners were No. 1 Srisanth Malpeddi and Jack Jentz and No. 2 Adrian Qi and Braedon McIntyre.

The Greyhounds advance to the Kokomo regional, where they will play Logansport in Tuesday's semi-finals.

Over at Fishers, No. 3-ranked Hamilton Southeastern beat No. 30 Noblesville 4-1 to win its third consecutive sectional title.

The Royals got victories at Nos. 2 and 3 singles and swept both doubles matches, thus clinching Southeastern's 12th sectional championship in program history.

"I thought we played well," said HSE coach Kirk Webber. "Noblesville's a good team. As a coach, you're always afraid you're going to have a letdown after a match like yesterday, but our guys did a nice job coming out here."

Webber said a key to the win was good starts in each of the match wins, with all of them quickly taking the first set.

The coach said his team "took care of business, stayed focused and played well." No. 2 Paul Schneider and No. 3 Abhi Chaddha won singles matches, while the doubles teams of No. 1 Aiden De Witt and Andrew Spirison and No. 2 Nolan Houseman and Davila Rodrigo also won in straight sets.

The Millers' win came at No. 1 singles, with Noah Bushong winning 6-1, 6-3. The victory qualifies Bushong for the individual tournament for the second consecutive year. Bushong will play the individual sectional at North Central next week.

Southeastern will also head to North Central on Tuesday for the team regional. The Royals will take on the host and No. 5-ranked Panthers in the semi-finals, which begin at 4:30 p.m.

SEMI-FINAL RESULTS
In last Wednesday's semi-finals, the Royals beat No. 8 Fishers 3-2, while Noblesville beat Hamilton Heights 5-0.

Fishers and HSE split the first two matches, with the Tigers winning at No. 2 doubles and the Royals taking the No. 1 doubles match. Southeastern's No. 1 singles player Rohan Golla won his match, coming back from dropping the first set 6-0 to win the next two 6-1, 6-0.

The No. 3 singles match turned out to be the clincher, as HSE's Chaddha faced Fishers' Matthew Kordesh. Chaddha won the first set 6-3, then after trailing in the second set, worked his way back into a tiebreaker. Chaddha then got behind 6-3 in the tiebreaker, but swept the next five points to win 8-6, winning the match and advancing his team to the championship.

"That's the kind of player he is," said Webber. "He never gets too emotional. Never too high, never too low. That's the sign of a good, mentally strong tennis player. For him to come up in the clutch when we needed it, that says a lot about him."

The Carmel boys tennis team celebrated another sectional championship last Friday. The No. 1-ranked Greyhounds finished the sectional final with No. 19 Guerin Catholic that afternoon at the Todd Witsken Tennis Center after the No. 1 singles match was suspended due to darkness. Carmel won 5-0, and also beat No. 26 Westfield 5-0 in the semi-finals.

ers had already split sets, with HSE's Schneider winning the first set 6-2 and the Tigers' Nicholas Rasmusson taking the second set 7-5. With the dual already clinched, the players used a third-set super tiebreak to decide the match. Rasmusson won the super tiebreak 11-9.

The Millers won all five of their matches in straight sets, with No. 2 singles Michael Krukovier toughing out a 7-5 second set win over the Huskies' Tanner Maynard.

Over at Carmel, the Greyhounds advanced to the final by beating No. 26 Westfield 5-0. Carmel won all five matches in straight sets; Fletcher won at No. 1 singles, with the Shamrocks' Brett Barnes taking him to 6-3 in the second set.

The Golden Eagles defeated University 5-0 to advance. Guerin Catholic won all five matches in straight sets as well, including a close one at No. 2 doubles, where Alejandro Torres and Sean Loub edged out the Trailblazers' Jake Harrison and Jordan Bopp 7-6, 7-5.

Girls golf state finals

Shamrocks move up to third-place finish

Carmel places fifth, HSE sixth, Noblesville ninth - Six golfers named to All-State Team

By RICHIE HALL

CARMEL - The Westfield girls golf team has qualified for the state meet in seven of the last eight years, and each time, the Shamrocks have finished in the top six.

That streak continued this weekend at the state meet, which finished up last Saturday at Prairie View Golf Club in Carmel. Westfield was back on the podium, as the Shamrocks improved their second-round score by 11 shots over their first-round score, and that moved them up to third place.

Westfield had a two-day total of 637. The Shamrocks' second-day score was 313, an improvement over their first-day score of 324.

"It was good today," said Westfield coach Trevor Neu. "It was nice that we put together a good day to move up the ladder a little bit. Yesterday was pretty disappointing for us as a team. A lot of teams struggled yesterday. We rebounded well. The kids played a lot better golf today, a lot smarter golf, tried to minimize the mistakes today and that definitely paid off for us."

The 'Rocks had a top 10 finisher in Sophie McGinnis. The senior played consistently throughout her two rounds and finished with a two-day score of 151. McGinnis carded a 75 on Saturday, a one-shot improvement over her Friday effort of 76.

"Sophie had a really good two days," said Neu. "She played the course really well, managed everything really well, just handled her emotions. She's a senior, so you'd expect that a little bit. Really proud of her two days, really proud of all the kids in bouncing back."

McGinnis had two birdies during her second round. Samantha Brown, who also totaled a 75 during her second day, collected three birdies on Saturday. Addi Kooi had two and Allie Hildebrand made one. McGinnis and Brown were both named to the All-State team at the conclusion of the meet.

This year's state meet finished after 7 p.m., as it had to absorb a two-hour rain delay during the late morning and early afternoon. But there was nothing that could stop Evansville North. The Huskies defended their state championship with a dominant score of 606, well ahead of runner-up Homestead's 624. Castle took fourth with a 639, giving the Evansville area two podium teams. Lapel's Macy Beeson defended her individual state championship with a two-day score of 144.

Carmel took fifth place with a team total of 652. The Greyhounds were also led by a senior, Ava Hedrick, who scored a 157 over her two days, making two birdies during her second round.

Michaela Headlee was right behind Hedrick with a 158, including two bird-

ies of her own. Headlee was also named to the All-State team. All three of the other Carmel players - Ava Nguyen, Claire Swathwood and Sophie Mock - each made one birdie in the second round.

The 'Hounds had a 323 for their second-day score, improving by six shots over the first round.

"We were able to make up some shots today," said Greyhounds coach Kelly Kluesner. "Still didn't play quite as well as we had hoped for after that rain delay, but a top-five finish after our start yesterday, we'll take it."

Hamilton Southeastern placed sixth at the state meet, its best finish since the Royals took third in 2014. Southeastern got an outstanding effort from Yanah Rolston, who tied for seventh place with a 150.

Rolston had two birdies during her second round, and was named to the All-State team afterward. Marissa Spreitzer also collected one birdie. The Royals scored a 330 for their second round.

"We really were off to a really pretty good start," said Southeastern coach Steve Guenin. "Then we got rained on, and we came out and struggled after the delay. But we did fine. We came out here and we gutted it out and did a nice job hanging in there. Not as well as we'd hoped, but it was good."

Noblesville scored a 684 for its two-day total, placing the Millers in ninth. Noblesville had a second-round score of 345.

Caroline Whallon led the Millers with a 160; she scored 80s in both rounds of the tournament and was named to the All-State team. Sophia Stutz had one birdie in her second round.

"It was a long, tough day," said Noblesville coach Justin Werkley. "I think we did fine. Again, could have played better, could have played worse. I think they all did their best and that's all we ever ask."

Two individuals had high finishes at the state meet. University senior Becky Williams tied for 11th place with a 153; Williams rose up to that position by scoring a 73 during her second round, including four birdies.

Guerin Catholic senior Christina Pfefferkorn scored a 159, tying her for 24th place. Pfefferkorn had two birdies during her second round.

Pfefferkorn was also named to the All-State team. She is not only the first Golden Eagles golfer to make it to state all four years, but she is the only athlete in Guerin Catholic history to reach state all four years in any sport.

Victims of Crime and Abuse
prevailinc.org

I was born and raised right here in Noblesville. I grew up in a home without domestic violence or assault - it wasn't something I saw, or even heard about. But when I was introduced to Prevail of Central Indiana, I was shocked by the number of individuals who are affected by domestic violence. In 2018 alone, Prevail helped more than 4,000 clients in Hamilton County. (Nearly 80 percent of clients are women and children.) Domestic violence and abuse are hard topics to discuss, so you don't often hear about them. But at Tom Wood Volkswagen in Noblesville, we're breaking the taboo and raising awareness for Prevail, an organization that helps families in Hamilton County.
