Fishers, Freetown join forces to help make a greener world

Photo provided by City of Fishers

On Thursday, the City of Fishers, Mayor Fadness, and the Fishers Rotary Club welcomed Mayor Yvonne Aki-Sawyerr of Freetown, Sierra Leone, and dedicated a tree in Rotary Park, 11593 Lantern Road, in honor of her efforts to be a world-changer and to take Freetown to Tree Town. Mayor Aki-Sawyerr's goal is to plant 1 million trees in Freetown within two years to reduce the risk of landslides and flooding and to reintroduce biodiversity. The tree at Rotary Park symbolizes that effort and Fishers' solidarity and friendship to create a more sustainable and healthier world. See more photos online at ReadTheReporter.com.

## County Health Dept. to hold town hall discussing pregnancy & COVID

### Local obstetricians available to answer vaccine questions

### The REPORTER

The Hamilton County Health Department will hold a town hall at 6:30 p.m. on Wednesday, Dec. 8 to help answer many of the common questions expectant moms have about getting vaccinated against COVID-19.

Drs. Caroline Rouse and Maria Schmoll, both maternal fetal medicine physicians at IU Health, and Dr. Evan Kreutzer, number around. An unvacci- COVID-19. Ninety percent a board-certified pediatrician nated pregnant woman who of them were not vaccinated. at Ascension Medical Group, will lead the discussion and be available to help answer ques-

"Vaccination during pregnancy is safe and protects both mom and baby," Dr. Schmoll added. "It's critical every pregnant woman understands the protective benefits of the COVID-19 vaccines to keep both their babies and themselves safe."

Drs. Rouse and Schmoll also plan to discuss concerns about miscarriage, fertility problems, and potential longterm side effects of the unborn baby. They will also spend time answering any questions par-

ticipants might have. Those interested in participating in the town hall should download Microsoft Teams to pregnant expectant moms get one of the their computer and click here

### No more "hair days" – for now

I just discovered a recent crisis at my mom's assisted living facility. No, it's not a lack of health care professionals or a spread of the virus (thank goodness).

**COLUMNIST** 

As I sorted through Mom's mail and flyers the other day, I stumbled across a piece of

paper on the facility's letterhead stating that their on-site beautician had left. I quickly raised my head and looked at Mom.

"Oh my gosh ... your hairdresser is gone?" I asked. Mom nodded.

"Yep," she replied.

I was surprised at her calm demeanor. Mom is one of the thousands (millions?) of older women who goes to the salon once a week for her "wash and set." For her and for them, this is sacred. Ask most any hair stylist – they'll tell you they have older ladies with a standard appointment every Friday. Or, at least, most of the time it's on a Friday.

Before COVID-19, Mom's wonderful helper Michelle drove her to a nearby salon once a week. I was grateful for this because with my work schedule I couldn't commit to doing this every Friday. Obviously the pandemic brought this practice to a halt.

Due to Mom's severe arthritis now, she has to move any significant distances by wheelchair. This means our only way of traveling is through the Hamilton County Express van or Riverview Health Rides. While both of these are wonderful, we can't use these services for weekly hair appointments.

So Mom was happy to switch to her on-site stylist. Not only did she get her hair done each week, Brenda painted her nails every other week – also a sacred ritual that I've written about in a previous column.

In fact, before I saw the flyer, I was surprised to see Mom's nail polish sitting on her walker one evening. As I shared before, Mom *cannot* paint her nails herself – she's ruined many items in the past – so we've kept her nail polish at the salon. Mom doesn't quite understand this, however, and we've "butted heads" on this topic.

I was trying to figure out how to get the nail polish out of her room when she asked me to drape a cardigan over her walker before I left. I quickly did as she instructed, nonchalantly swiping the nail polish in the process and quietly putting it in my pocket.

### Carmel groups partner to offer Christmas light recycling drive

### The REPORTER

Carmel Clay Schools Green Teams, City of Carmel Utilities, Tech Recyclers and White's Ace Hardware are working together to make it a green holiday season by offering a Holiday Light Recycling Drive.

Beginning Wednesday, Dec. 10, and running through Jan. 20, 2022, residents can recycle used and unwanted holiday lights at White's Ace Hardware at 731 S. Range Line Road. The Carmel Clay Schools Green Teams will offer recycling at the individual schools from Dec. 10 through Jan. 6.

Since the start of the collaborative program, more than six tons of holiday lights have been recycled. Recycling inoperable or inefficient holiday lights keeps those items out of landfills, which reduces the long-term carbon impact on the environment.

Along with recycling, using EnergyStar-rated LED lights, or light-emitting diodes, reduces energy usage by 75 percent compared to conventional lights. Not only will you save in energy costs and lower your carbon footprint, LED lights also have the following advantages:

- Safer: LEDs are much cooler than incandescent lights, reducing the risk of combustion or burnt fingers.
- Sturdier: LEDs are made with epoxy lenses and are much more resistant to breakage.
- Longer-lasting: The LED lights last 25 times longer than conventional lights.

For more information about the Holiday Light Recycling Drive, please contact Kelli Prader at the City of Carmel Utilities department at (317) 571-2673.

Noblesville's Lights Over Seminary opens tonight with caroling, storytelling

Photo provided by City of Noblesville / WISH-TV

For a fourth year, Seminary Park will be lit up with a free walk-through display for the holidays, Lights Over Seminary powered by Duke Energy will open Friday after sunset with an event featuring carolers at 5:30 p.m., hot chocolate, and Christmas stories from the city's mayor at 6:30 p.m. The lights will turn on at 6 p.m. Lights Over Seminary is a collaboration between the city government, Noblesville Preservation Alliance and the Noblesville Main Street organization. The walk-thru light display can be viewed from 5 to 11 p.m. nightly through Jan. 9. Seminary Park, 350 S. 10th St., was established in 1983 on 1.5 acres, according to the Hamilton County tourism bureau.

Let's hope this crisis is resolved fairly soon... I'll be praying for a Christmas

I was born and raised right here in Noblesville. I grew up in a home without domestic violence or assault - it wasn't something I saw, or even heard about. But when I was introduced to Prevail of Central Indiana, I was shocked by the number of individuals who are affected by domestic violence. In 2018 alone, Prevail helped more than 4,000 clients in Hamilton County. (Nearly 80 percent of clients are women and children.) Domestic violence and abuse are hard topics to discuss, so you don't often hear about them. But at Tom Wood Volkswagen in Noblesville, we're breaking the taboo and raising awareness for Prevail, an organization that helps families in Hamilton County.

- Mike Bragg, GM of Tom Wood Volkswagen in Noblesville

To help Hamilton **County families** affected by domestic violence and sexual abuse, you can donate the following items:

- Individually packaged snacks
- Lysol
- Hand sanitizer
- Disinfecting wipes

## Why did Medicare Part B premiums go up 14.5% for 2022?

The short answer is inflation, COVID and a new Alzheimer's drug.

Last year there was legislation put through for COVID relief artificially

kept the price of Medicare Part B lower than it should have been. You, like the rest of the nation, neither noticed that gift from the government, nor were appreciative. It went unnoticed. This year we have to incorporate that rate increase we avoided last year on top of the regularly schedule rate increase. COVID caused more pressure on Medicare, as well as overall medical inflation. If that wasn't enough (and it was) we also have the unprecedented new Alzheimer's drug Aduhelm to thank.

Aduhelm is the first drug to come along in years to treat Alzheimer's. With millions of Medicare members spot in 2020. However, there works. The FDA approved doctor's office, not a pill. gordonmarketing.com.

I've had Alzheimer's in my

### Survey finds nearly half of Hoosiers avoid posting about politics on social media for fear of being ostracized

**Submitted by Redact.dev** 

If it seems like social media platforms are a hotbed for hatred and hostility, it's because (at least one) appears to have been is politically, a simple post can bait thoudesigned in this way.

Indeed, a leaked memo from Facebook a couple of years ago stated: "Our algorithms exploit the human brain's attraction to divisiveness." This was further followed in October, when a whistleblower explained how the company seeks to sow division between users, which is why those who utilize social media platforms would do well to steer clear of posting contentious topics.

Religion and politics are notoriously divisive topics. And nowadays, when people post controversial viewpoints on social media, they're more likely to blow up on

designed to do precisely that.

Moreover, given how divided our nation sands of other users to comment. Redact. dev, a unique software that allows you to scan your social media history and automatically remove any contentious posts, conducted a survey of 5,444 social media users across the U.S. This discovered that almost half (43 percent) of Hoosiers avoid posting about politics on their social media accounts for fear of being ostracized by the online community. It appears women are slightly more concerned about these fears than men.

The survey also discovered that many want their online legacies removed entirely

the internet given that the algorithms are once they're no longer around to manage today. This might also explain why 25 pertheir social media profiles. A total of 58 percent of social media users in Indiana think their entire post history should be completely erased in the event of their death. Perhaps this is because more than one in 10 (13 percent) users are concerned about existing social media content posted in the past, that might now be considered contentious.

> Some platforms, like Facebook, allow users to appoint a legacy contact, who will have certain rights to the account when the original users die. Google also allows users to plan their post-mortem account management by sharing certain data with a trusted contact via the **Inactive Account Manager**.

As our knowledge and worldview expands, oftentimes our thoughts and opinions evolve alongside. This may explain why almost half (46 percent) of users say they've gone back through their social media history and found their old posts, which are totally

cent say they've set their social media accounts to 'private' when job hunting.

Lockdowns presented many with an opportunity to complete tasks that may have been of lower priority before the pandemic, but still needed to be done sometime. More than a third (38 percent) of social media users say they used their spare time during the course of the pandemic to clear their accounts of any embarrassing posts.

"If you're concerned about your social media history bearing a negative effect on your future, such as job prospects or your post-mortem legacy, it could be worthwhile for your own peace of mind to go through your accounts and start afresh," said a spokesperson from Redact.dev. "This will allow you to alleviate stress about any content you may have posted in the past, which differs from your current thoughts and opinions."

Stand firm then, with the belt of truth buckled around your waist, with the breastplate of righteousness in place, and with your feet fitted with the readiness that comes from the gospel of peace. In addition to all this, take up the shield of faith, with which you can extinguish all the flaming arrows of the evil one. Take the helmet of salvation and the sword of the Spirit, which is the word of God.

Ephesians 6:14-17 (NIV)

#### Delbert Watson May 6, 1937 - December 1, 2021

Delbert Watson, 84, Noblesville, passed away on Wednesday, December 1, 2021. He

was born on May 6, 1937, to Cyrus and Eliza (Denney) Watson in Bridge-

Delbert worked as a masonry contractor. He loved the outdoors and was an avid hunter. Most of all, Delbert adored his wife of 62 years and cherished time spent with his family.

He is survived by his wife, Violet Watson; sons, Dan (Barb) Watson, Terry (Joni) Watson, Billy (Michelle) Watson, and Tom (Shellie) Watson; grandkids, Chris Small, T.C. (Erin) Watson, Brent (Andrea) Watson, Chelsie Watson, Michael (Kymberly) Small, and Lauren (Jim) Thatcher; 10 great-grandkids; and his sisters, Shirley Montgomery, Sandy Blakley, and Emma Harrison.

In addition to his parents, Delbert was preceded in death by his brothers, Cyrus Watson Jr. and Larry Watson; and his sisters, Eva Pedigo, Betty Brewster, and Dorothy Stout.

Visitation will be from 10 a.m. to noon, with services at noon, on Friday, December 3, 2021, at Randall & Roberts Funeral Home, 1150 Logan St., Noblesville. Pastor Dave Nicholson will officiate. Burial will be at Crownland Cemetery in Noblesville.

Memorial contributions may be made to Salvation Army, 6060 Castleway West Drive, Indianapolis, IN 46250; or The Mill Church, 1399 Greenfield Ave., Noblesville, IN 46060.

### **Obituaries**

#### Anton Nikolaevich Shinkevich October 20, 1985 – November 29, 2021

Anton Nikolaevich Shinkevich, 36, Noblesville, died unexpectedly in his home on November 29, 2021. Anton was born in Minsk, Belarus, on October 20, 1985,

to Nickolay and Svetlana Shinkevich. Anton moved to the United States when he was 13 years old and became a nationalized U.S. citizen in 2012. He was a graduate of North Central High School and obtained two Associate Degrees from Ivy Tech College. Anton was a proud veteran

of the U.S. Navy. Anton is survived by his parents, Nikolay and Svetlana Shinkevich; fiancée, Kelsey Baker; daughter, Ella

Jean Shinkevich; brother, Alexey Shinkevich; aunt and uncle, Natasha and Ray Radovich; and cousins David Shulkin and Maksim Radovich.

Anton was a loving father, fiancé, son, brother, and friend. The simplest things in life brought Anton the greatest joy – afternoon walks with Kelsey and Ella, fishing with his father, family dinners, and hanging out with friends. He truly loved his life. Anton was a kind and gentle man who always looked for the good in others. He touched many lives with his joyful spirit and compassionate heart.

Visitation will be held from 11 a.m. to 1 p.m. on Monday, December 6, 2021, at Bussell Family Funerals, followed by a Graveside Service in Carmel Cemetery to honor his life.

Bussell Family Funerals is privileged to assist the family in arrangements.

Condolences: bussellfamilyfunerals.com

### Arbra Campbell

February 10, 1939 - September 20, 2021

Arbra Campbell, Newport Beach, Calif., and formerly of Noblesville, passed away on September 20, 2021. He was born on February 10, 1939, to Ruby and Arthur Campbell. Arb graduated from Noblesville

High School in 1958, where he lettered in football, baseball and basketball. He was a member of the 1957 undefeated football team. He also attended Butler University and Indiana University. He moved to California where he lived until

his death. He joined the Los Angeles Police Department in 1961, where he worked the Watts Riots in 1965. In his police career, he was also responsible for recovering John Wayne's stolen guns. He transferred to Newport Beach in 1966 and was promoted to Chief in 1986, a rank he held until he retired in 1992.

Arbra is survived by his wife, Kathey Campbell; two daughters, Kelly Lynn Campbell Giurbino and Karla Jo Campbell Heddinger; granddaughter, Ashley Liotta Estrada; grandson, Kyle Worel; and great-granddaughters, Elizabeth and Juliette Estrada.

He was preceded in death by his parents; sisters, Betty Lou Watts and Inez Cox; and grandson, Matthew Montez.

#### Ralph Bruce Biddle July 2, 1936 - November 30, 2021

Ralph Bruce Biddle, 85, Sheridan, passed away on Tues-

day morning, November 30, 2021, at Riverview Health in Noblesville. Born on July 2, 1936, in Sheridan, he was the son of the late Raymond and Anna Marie (Lockridge) Biddle.

Ralph was a 1955 graduate of Sheridan High School and remained a strong supporter of Sheridan Athletics throughout his entire life. He tried to attend as many Blackhawk football

and basketball games as he could over the years. Ralph was a huge Purdue fan as well.

As a lifelong farmer of dairy cattle and pigs, Ralph learned very quickly that he needed to become a "jack of all trades" around the farm. He learned to work on just about any piece of farm equipment you could park in front of him. Ralph also had a deep-seated love for farming – so deep that he seemed to never get enough of it. In addition to his own farming responsibilities, he enjoyed helping his neighboring farmers whenever they were shorthanded. Harvest season was a favorite time, especially when it was time to help Wilson Farms bring in their famous sweet corn.

Family was always the highest priority in Ralph's life. He loved his kids dearly, but the grandchildren – they were his pride and joy. He was the human equivalent of a family Bible – keeping track of all the family birthdays and other important dates in each of their lives. When it came to the grandkids, "Pappy" followed everything they were involved in. He always kept up with their sports and other extracurricular activities, but he took a special interest during their years in 4-H. Ralph loved going to the 4-H fair, and always took an active interest in all his grandkids' projects and showings. Pappy was never short on constructive (even if unsolicited) criticism with regards to their 4-H adventures. Ralph also treasured the many Sunday dinners shared with Donna and Steve, and all the grandkids.

Ralph is survived by his daughter, Donna McKinney (Steve) of Sheridan; four sons, Randy Biddle (Valerie), Ronnie Biddle, Rick Biddle, and Rodney Biddle, all of Sheridan; eight grandchildren, Wren McKinney (Maggie), Levi McKinney (Leah), Jeremy "Digger" McKinney (Tonya), Megan McKinney, Nick Biddle, Nate Biddle, Matt Biddle, all of Sheridan, and Anna Ward (Jake) of Frankfort; 16 great-grandchildren, Morgan, Katie, Randie, Genevive, Charlotte, Judah, Ezra, Silas, Asher, William, Cameron, Brody, Bridget, Jasmine, Anderson, and Lovie; brother, Marvin Biddle of Tipton; sister, Marilyn Adams of Sheridan; sister-in-law, Carolyn S. Biddle of Sheridan; and by his special munchkin, his canine grandbaby, Missy.

He was preceded in death by his parents; brother, Clifford Biddle; brother-in-law, Robert Adams; and sister-inlaw, Carolyn Biddle of Tipton.

Services will be held at 2 p.m. on Monday, December 6, 2021, at Kercheval Funeral Home, 306 E. 10th St., Sheridan, with Visitation from 11 a.m. until the time of service.

Burial will follow at Union Cemetery in rural Hamilton County. Reverend Rex Dunning will be officiating. Condolences: kerchevalfuneralhome.com

Girls basketball

## 'Blazers open conference play with solid win

By RICHIE HALL

**CARMEL** - The University girls basketball team began Pioneer Conference play in overwhelming fashion Thursday, cruising past Anderson Prep Academy 83-16 at the U Center.

The Trailblazers led 29-12 by the end of the first quarter. The Jets scored the first basket of the game, but University ran off the next seven points, then steadily built its lead from there. Patty Chikamba had a sensational first quarter, scoring 14 points.

The 'Blazers were already defending well, but took it up to another level for the other three periods. University didn't let Anderson Prep any points in the second quarter on its way to a 47-12 halftime lead. Jordan Patterson, meanwhile, scored nine points in that period. The Trailblazers then allowed the Jets only four points during the second half - two points in the third quarter, two more in the fourth.

"The system is progressing," said University coach Justin Blanding. "We're getting healthier. Some of the kids who were injured that are still injured were able to get back in practice and actually have real practices. I think it's our 28th practice and we've only had four real competitive practices."

Thirteen players took to the floor for the 'Blazers, and 12 of them scored. Four of them reached double figures, led by Chikamba with 16 points. Payton Seay added 15, Kelsey DuBois had 13 and Jordan Patterson had 10 points.

"I'm really pleased at the team effort," said Blanding. "The scoring was balanced. Everybody got to play." The coach said it's "always good when you can have a game like that where everybody can

By the fourth quarter, University had emptied its bench, and those players stepped up as well. Reva Allam had six points in that period, with Anyah Jordan adding six second-half points as well. Anne Gibboney threw in two 3-pointers.

Reporter photo by Richie Hall

University's Jordan Patterson scored 10 points for the Trailblazers during their Thursday win over Anderson Prep Academy. It was the first Pioneer Conference game of the season for University.

heart of the season, some of those kids on Monday. don't get to play much," said Blanding. "Having some of them, in front of their classmates, getting to score some points and play some extended minutes is a good thing."

DuBois led the rebounding with six, while Taylor Seay collected five. Chikamba made seven steals, while Patterson had five steals and four assists.

University is 5-2 for the season and plays its next three games on the road,

Solid defense leads

## Carmel cruises past West Lafayette 'Rocks to victory

Thomas takes over in third . . .

Carmel picked up its third consecutive win Thursday, cruising past West Lafayette 48-25 at the Eric Clark Activity Center.

The Greyhounds delivered a fine defensive effort, never letting the Red Devils score more than seven points in a quarter. Carmel led 14-6 after the first quarter and 20-11 at halftime.

In the third period, Mackenzie Thomas took over, scoring 10 points on 5-of-6 shooting, helping the Greyhounds to a 38-18 lead by the end of the quarter. Thomas would go on to lead all scorers with 16 points, and also pulled six rebounds.

Emily Roper had a solid all-around game with nine rebounds, seven points, five steals and four assists. Jamie Elliott scored seven points and Laura Valiente collected five rebounds.

Carmel is 4-3 and hosts Warren Central tonight in a Metropolitan Conference

Opportunity for diverse, young professionals . . .

### Pacers Sports & Entertainment, Marcus **Graham Project teaming up for four-day** hands-on, immersive experience

Pacers Sports & Entertainment and ated through \$10 million commitments the Marcus Graham Project (MGP), a national nonprofit whose programs provide diverse young professionals exposure and experience in media and marketing, are teaming up to give talented Hoosiers a hands-on opportunity to learn the sports and entertainment industry. The organization made the announcement Wednesday on social media.

Tipping off Feb. 1, 2022, this four-day immersive experience will bring a group of aspiring and dynamic young leaders to PS&E for mentorship, networking, and project-based learning. The cohort will also spend the week working collaboratively on innovations in the areas of fan engagement, marketing, and more. Projects will be presented to a guest judge panel at week's end.

"It is critical that we invest in bringing diverse voices to the table to be decision-makers, not only for our company and the sports industry but for the longterm strength of the city and state," said Rick Fuson, PS&E President & Chief Operating Officer. "MGP is a proven partner with a long track record of success, and I am incredibly excited to meet the dynamic and talented participants we will get to host."

MGP was among the very first grantees to receive support in 2020 from the tions and to apply, please visit www.pac-

from each of the NBA's 30 owners to drive economic empowerment in Black communities through employment and career advancement.

"Over the last three years it has been our first priority to align ourselves with organizations who not only share our vision but are committed long term to exercising the work required to enact change for the next generation of diverse creative thinkers," said Larry Yarrell II, MGP co-founder and Chief Development Officer. "PS&E was one of the first organizations to raise its hands when the opportunity arose to extend our Sports Marketing Programs to new markets, and this workshop, the first to include a WNBA team, is an indication the organization and community are committed to removing barriers for minority talent."

In addition to learning and hands-on work, participants will have the opportunity to network with Pacers and Fever executive leaders and young professionals from across the organization. Moreover, PS&E will select one standout participant to attend MGP's iCR8 Summer BootCamp located in Dallas.

Applications are due January 15, 2022, with selections made by January 22. For more information on qualificaBaenan McKeown, senior
