New Year, new owners

Jellison passes the Hometown Newspaper torch

‘Pizza and Punchlines’ returns to Westfield

**The REPORTER**  
On Dec. 31, 2016, Stu Clampitt and Isaac Taylor met with Reporter Publisher Jeff Jellison to discuss an opportunity to work with Hamilton County’s Hometown Newspaper. They started the next day.

Exactly five years after that first meeting over Big Macs in Westfield, Clampitt and Taylor, along with attorney Ray Adler and broadcast legend Paul Poteet have purchased The Reporter, effective Jan. 1, 2022.

When the time came to sell The Reporter so he could focus on his calling – public service – Jellison only made one phone call because he wanted to be certain the newspaper he and his father Don had built would continue to live up to the standards they had established.

“We plan to continue growing what Don and Jeff Jellison built in this news organization: A newspaper made by people who care about everyone who appears in its pages,” Taylor said. “Their mission to cover as much of Hamilton County as possible will live on in the coming years.”

That is a standard all the new owners have vowed to maintain

and exceed.

“Stu and I have had the pleasure of working with The Reporter for exactly five years,” Taylor said. “Now, I’m thrilled to own a piece of it. I, along with the other owners of The Reporter, believe in the value of local newspapers. You should, too.”

“Right now, national media has a bad rep, and to a large extent they have earned that,” Clampitt said. “Local news is the last bastion of what newspapers were meant to be: The fourth estate.”

Poteet says he will help ensure The Reporter stays hyper-local, giving readers what no one else offers.

“We don’t have to answer to a big national media conglomerate,” Poteet said. “We make our own decisions for what’s best for covering Hamilton County news. Everyone who invested in this newspaper has a very big interest in what actually appears in the newspaper and doesn’t want outside control.”

When finalizing the details of this deal, Clampitt said, “Lo-

5 things to know about Fishers’ driverless car

**By STEPHANIE PERRY**  
*City of Fishers*

Recently, a new (and free!) AV shuttle launched in downtown Fishers, and there’s a lot of buzz around these Together in Motion self-driving vehicles from May Mobility. So, here’s five things to know about Fishers’ newest public transportation service.

**1. It’s an SUV – but completely decked out with the latest AV technology!**

To create the autonomous shuttles, modifications were made to five hybrid-electric Lexus RX450h vehicles, as well as one fully electric Polaris GEM vehicle equipped to carry a wheelchair. Vehicles were outfitted with seven cameras, a top-mounted long-range Velodyne Alpha Prime lidar, four short-range Ouster lidars, and five radars. Even though the vehicle is self-driving, a trained vehicle

operator is always on board every shuttle.

**2. It’s a fixed route.**

Unlike a rideshare service like Uber or Lyft, the Together in Motion Indiana shuttle stops are pre-determined and marked by signs along the route. Shuttles run continuously Monday through Friday from 8 a.m. to 8 p.m. along a three-mile loop throughout Fishers’ downtown Nickel Plate Cultural District. You can ride the full route or hop off at any of the nine stops along the way. Ready to hop back on? Just wait at one of the stops for the next shuttle to arrive (typically 10 to 15 minutes). A wheelchair-accessible shuttle is also available upon request at (463) 237-3915. You can check out the route map at [tinyurl.com/2nsz74ee](http://tinyurl.com/2nsz74ee).

**3. There’s room for three but be sure to grab your mask.**

There’s room for three passengers

in each shuttle or one rider in a wheelchair. Masks are required while in the vehicle. A trained vehicle operator will ride in the driver’s seat of each vehicle to provide an additional level of oversight and customer service.

**4. It’s kid-friendly!**

Kids of all ages are welcome to hop aboard, although children under the age of 12 must be accompanied by

I also created a series of expressive drawings set to music using Sumi ink and brushes of my own design. Several of my paintings from that era are in private and commercial collections. Currently, I am attempting to bring my skills (maker, educator, community facilitator and small business owner) together to create a practical business model that will sustain me."

Whether that means using vector graphics for a logo design, writing drafts for a novel, sculpting board games pieces, paneling comics, or leading creative teams – these are the things that get me excited to learn and work. After hundreds of hours studying the game nights of friends and family, I have been investing time in self-publishing a unique board game. This is the first step in a broader ambition to make a business that reaches young people and their families with meaningful creative content."

I created an online magazine in 2018 called Queen Spirit Magazine that showcased my photography, design, and writing abilities. In 2019, I was able to move the magazine into a print publication. ## Rebecca Ann (Mauk) DeLong March 31, 1931 – December 22, 2021

Rebecca Ann (Mauk) DeLong, Carmel, went to be with her Lord and Savior on December 22, 2021, at the age of 90. Born on March 31, 1931, in Grand Rapids, Mich., she was the fifth child of Beatrice (Dick) Mauk and Ralph A. Mauk, Sr. While attending Grand Rapids Junior College, she met and married Robert J. DeLong, with whom she had three daughters. The family moved to Carmel in 1964.

Rebecca returned to college, earning her BA in Psychology from Indiana University (IUPUI) at age 40. Twenty-five years later she graduated with her Juris Doctor (JD) degree from IU School of Law (Indianapolis), with an emphasis on constitutional law.

During her undergraduate years, she volunteered at a psychiatric hospital, tutored first-grade students in math and reading, and assisted in the annual Caulk of the Town event, weatherizing homes for low-income families. In the mid-1970s, Rebecca served as Activity/Social Services Director for a long-term health care facility. She became one of the first people in the state to be certified in Reality Orientation, a program designed to improve cognitive and psychomotor function in people who are confused or disoriented.

In 1979, Rebecca went to work for Blue Cross/Blue Shield of Indiana, where she served on a team conducting Medicaid compliance audits of nursing homes throughout the state. In 1988, she was promoted to Healthwatch Liaison for all aspects of a federally mandated well-child program.

Rebecca was proud of her parental, educational and professional achievements. But her greatest joy was her relationship with God through His son, Jesus Christ. She faithfully passed on her beliefs to her daughters and sons-in-law, as well as to countless others who, to this day, talk about ways in which she blessed them with her wisdom, understanding and fervent prayers. She once wrote to her children, "The most powerful words ever spoken are 'Your sins are forgiven'. They are the foundation of life itself – the containment of all wholeness, all healing, all contentment, all that is good in human relationships."

In addition to her parents, Rebecca was preceded in death by four siblings, two nephews, and her son-in-law, Jim Wiley.

Survivors include her daughters, Ellen (Don) Douglass, Bo DeLong (Phil) Cotty, and Valery DeLong (Daniel Russell); many nieces and nephews; and sister-in-law, Fran DeLong.

A Visitation will take place from 3 to 5 p.m. on Thursday, January 20, 2022, at Busnell Family Funerals, 1521 E. Greyhound Pass, Carmel. A family Committal Service will be held at a later date.

In lieu of flowers, donations in memory of Rebecca can be sent to Wheeler Mission, 2730 Madison Ave., Indianapolis, IN 46225.

## Leona Ilene Zetterberg February 6, 1923 – December 26, 2021

Leona Ilene Zetterberg, 98, Arcadia, passed away on December 26, 2021, at Harbour Manor Health & Living in Noblesville. She was the older of two daughters born February 6, 1923, to Avery R. and Mary Elsie (Belzer) Bowman.

During her early years, she lived with her family on a farm east of Cicero. As a teenager she received limited piano instruction from an aunt. Her interest and desire to play the piano caused her to teach herself how to play.

She became engaged while still in high school a year before she married. She graduated on April 16 and married William C. Zetterberg on April 26, 1941. When William was drafted into the U.S. Army, she and their first child moved for those two years into the home of her parents who now lived east of Arcadia.

Leona had five children and was a devoted wife, mother, and homemaker. Loving music, she saw that music was prevalent in their home. Each one of the children played a band instrument and as a family or individually, they sang and played instruments at church services or at community functions in the area with their mother at the piano.

When most of her children were gone from home or were in their teenage years, she began working at a local grocery store in Arcadia as a cashier. She worked there for a number of years, then retired to work at helping her husband maintain their home and farm near Arcadia. For years gardening was a large part of their lives during the spring and summer growing seasons. This effort provided fresh vegetables for their table in season and a substantial supply of produce that they canned for themselves and family members during the winter months.

She was a woman of faith and belonged to the Trinity United Methodist Church in Arcadia as long as her health permitted.

Surviving her is a daughter, Wilma VanWinkle of Smithville, Ark.; sons, Donnie Zetterberg of Jefferson, Md., Edgar Zetterberg of Noblesville, and Dwight Zetterberg of Sheridan; a sister, Esther Fay Beard of Atlanta; 14 grandchildren; 29 great-grandchildren; and seven great-great-grandchildren.

In addition to her parents, she was also preceded in death by her husband, William C. Zetterberg; and a son, Dennis C. Zetterberg.

Funeral services will be held at 11:30 a.m. on Thursday, January 6, 2022, at Hartley Funeral Home Cicero Chapel, 209 W. Jackson St., Cicero, with burial to follow at Oaklawn Memorial Gardens, 9700 Allisonville Road, Indianapolis. A time of visitation will be from 10 a.m. until time of the services.

Memorial contributions may be made to Cicero United Methodist Church, 100 E. Jackson St., Cicero, IN 46034. Donations envelopes will be available at the Funeral Home. You may send condolences at hartleyfuneralhomes.com.

ery day. It says, “I can do hard things.” Truth is I have been doing them for so many years that I have come to realize those hard things will catch up with me.  
This past week, they did.  
While putting the Christmas decorations away and making homemade banana pudding, I made a huge mess in the kitchen when a large bowl fell over and water went all over the floor, the sink, the rug, the countertop. I mean everywhere.  
I burst into tears. Who cries over spilled water?  
My dear and oh, so caring husband put his arms around me as I wept. I mean I ugly wept. I told him I was just tired of hearing ... family tested positive ... maybe flight cancellations ... family is quarantined ... don’t forget your mask ... maybe we should cancel or postpone. And yet ...  
I remembered how time and time again in years past, God walked beside me through times of disappointments. Times when life was not only hard, but it made no sense. Times when I felt overwhelmed and broken and tired.  
I went back to that scripture and read the first verse of Romans 5. *Therefore, since we have been made right in God’s sight, we have peace with God because of what Jesus Christ our Lord has done for us. NLT*  
I can sleep in heavenly peace because I have a history with God. I was designed for such a time as this. Scripture reminds me of this.  
That night, after my come apart, as I pulled the covers up to my chin, I remembered the times when I wanted to pull the covers up over my head and not wake up until the hurt went away. Eventually it did. One time it took eight years. You read that right. Eight years.  
It is during that time

that I found who God really was in my life. He wasn’t the magician who waved a wand and made everything better, the way I wanted it and when I wanted it, but ... He walked the hard times with me. He brought people into my life that spoke words of encouragement and hope into my heart. I learned to search the scriptures and read my Bible in a new way. “Seek and ye shall find” took new meaning.  
I learned so much while sitting, not in a church pew but in my car at Pottery Bridge. It was a sacred place for me.  
And so it is, as I look toward the New Year, I have a confidence and a hope that God will give me the strength to endure whatever the new year brings. I can rejoice and find joy in knowing that little baby that was born so long ago is still changing lives today ... He’s still changing mine.  
There is still joy in the world because the Lord has come.  
May God bless us, everyone!

## Obituaries

**Virginia Ruth Miller**  
November 22, 1922 – December 15, 2021

Virginia Ruth Miller, 99, Sheridan, passed away at her daughter’s home on Wednesday evening, December 15, 2021. Born on November 22, 1922, in Lebanon, Ind., she was the daughter of the late Clarence B. and Edna Mae (Wills) Reddick.  
Virginia was a graduate of Sheridan High School and would later go to work for Biddle Manufacturing. She started out on the assembly line and later moved over to tool crib. She retired after 26 years of dedicated service.

For many, retirement is the time to slow down and relax, but Virginia did just the opposite. She now had the time to devote to the thing that truly made her happy – helping others. Even before retirement, she was quietly lending a hand to those who needed it the most. Virginia, her sister Phyllis, and a small group of dedicated people from the Sheridan community commandeered a portion of the First Christian Church basement and started M.A.M.A.’s Cupboard. The Cupboard has grown over the years, eventually gaining nonprofit status and continuing to serve the residents of the Sheridan area in a variety of ways.  
Virginia began her retirement adventures by volunteering at Riverview Hospital. Working as a transporter within the hospital turned into a new career path of sorts. Virginia already knew many of the patients at the hospital from her years living and working in Sheridan, and those she didn’t know, well ... it didn’t take long for that to change. Over the next 26 years, Virginia would minister, in her own way, to those who needed her the most, even if they didn’t know it at the time. She had the gift of making you feel like she had known you your entire life and could instantly put you at ease by simply showing up to wheel you down to where you were needing to go. Virginia also helped to deliver Meals on Wheels, helping to brighten the days of those she visited as only she could.  
Never one to let the grass grow under her feet, Virginia always looked forward to working at Stuckey Farm Market when it was cider pressing season. She was an active member of the Sheridan First Christian Church, where she was a member of their Classic Singles group. Her favorite Classic Singles outings were their trips to Beef and Boards. She was a member of the Ladies Aid at Christian Liberty Church, and always enjoyed attending church dinners at Terhune United Methodist Church. She also never missed an opportunity to play a little BINGO.  
Traveling was something Virginia enjoyed very much. She participated in many of the Mystery Trips bus tours through the Sheridan Rotary Club. She always wanted to travel to Ireland to see the flowers, but travel abroad was never a reality for Virginia – not until technology and the help of her grandson made it possible. What began as a conversation about grandma’s bucket list ended with Virginia, through the use of virtual technology, being able to not only experience Ireland’s beautiful scenery, but to see Jerusalem as well.  
Family was very important to Virginia. She taught them much about strength of character, devotion to family, and dedicating your life to helping those around you. She led by example, leaving those around her a perfect roadmap for how to live their best lives. She will be greatly missed by everyone who had the privilege of knowing her.  
Virginia is survived by her daughters, Connie R. Wright (Brian) of Frankfort and Deborah E. McCorkel (Darel) of Kokomo; nine grandchildren, Angela Lynn Miller, Kristie Weerts (Paul), Michael Henderson, Stephanie Smith (Andy), Melissa Wright, Amy Wright, Kevin Kinkead, Jr., Tricia Kinkead, and Robin McLean (Robert); 26 great-grandchildren; one great-great-grandchild; three brothers, Donald Gene Reddick, Lyle Richard Reddick, and William L. Reddick; five sisters, Mary Rose Martin, Marcella Ann Edwards, Linda Lou Lewis, Nancy Sue Morris, and Beverly I. Trecher; many nieces and nephews; and by her very protective grand pooches, Cody Ray, Tobyboy, and Julio.  
She was preceded in death by her parents; son, Steven Ray Miller; daughters, Anita Sue Henderson and Deanna Donica; grandson, Kevin Mark Henderson; brothers, Alonzo and Carroll Reddick; and sister, Phyllis J. Manier.  
Services were held on Wednesday, December 29, 2021, at Kercheval Funeral Home, 306 E. 10th St., Sheridan, with Visitation prior to the time of service. Burial followed at Crown View Cemetery in Sheridan. Elder Sharron Wilson officiated.  
In lieu of flowers, memorial contributions may be presented to Kercheval Funeral Home, P.O. Box 42, Sheridan, IN 46069, to help with funeral expenses.

# Why only the rich can hang on to a Medicare Supplement Plan

Medicare Supplement Plans F and G are the most popular plans in the nation. Plan F was the workhorse for the past 50 years until the Obama Administration closed it off to new people turning 65 after Jan. 1, 2020. Plan G has taken over the role as the “Cadillac Plan” for those wealthy enough to afford this plan. With only a \$233 annual deductible in 2022, the reason this plan is so coveted is because you can see any doctor, go to any hospital, and have \$0 out of pocket after you pay your monthly premium and the one-time \$233 deductible.  
Yes, you could go to the doctor three times per day and have no extra charge. Have chemo, get a transplant or go on dialysis, still not additional cost. So why doesn’t everyone want a Plan G? They do. But a Plan G is expensive. Just like everyone may want a Cadillac (or so my 87-year-old dad tells me) not everyone can afford one. Actually, at age 65 a Plan G

**COLUMNIST**  
**SYLVIA GORDON**

isn’t too pricey. You can get a plan under \$150 per month. It isn’t the cost at age 65 that is troubling. It is the fact that a Plan G – with every company in the nation – will go up in price between 5 to 10 percent per year, every year regardless how much you use it.  
I had a couple in today who are 70 years old. They were very happy with Plan G five years ago but struggle to afford it after five years of rate increases, with no end in sight for rate relief in the future. The rates will keep going up and 2022 is going to see some horrible rate increases. Many people want to keep their Plan F or G, but simply cannot afford it. Medicare Advantage is a great option and often the only option at that point.  
If you are not on a budget, purchase a Plan G. Ignore the annual rate increases and if you are healthy enough, plan to call me every three years to see if you are eligible for the same plan and benefits with

another company, at a lower rate. Usually, after three years, this is an option. I have a handful of wealthy clients who are not fazed by Plan G rate increases, but the majority of my clients are on a very fixed income, and annual rate increases in Medicare Part B (going up 14.5 percent for 2022), Medicare Part D and drug copays in general outpacing inflation, coupled with 5 to 10 percent increase in Medicare Supplement Plan F and G is just too much.  
While you can switch to another Medicare Supplement at any time of year (as long as you can answer the health questions), you can only switch Medicare Advantage plans from Oct. 15 to Dec. 7. That window just closed, but there is period known as Open Enrollment Period that allows for one change if you are unhappy with your Medicare Advantage Plan. OEP runs January through March. If you haven’t heard about it, that is because the government forbids us from marketing to you about OEP.  
People are confused with the non-stop Medicare

Advantage TV ads that run from October through Dec. 7. People erroneously assume that they can only change their Medicare Supplement plan during that same window. That is untrue. You can change your Medicare Supplement plan any time of the year, and as often as you like. The only stipulation is that you are able to answer all the health questions with “No” on the application. You may have high blood pressure, cholesterol and type 2 diabetes all well-controlled and think you are ineligible to change your Medicare Supplement plan. But you would be surprised how many companies would still accept you.  
Find a professional Medicare agent who can show you options if the plan you have is getting too expensive for your budget. There may be attractive options you can afford.

# Attorney v. Lawyer, read all about it

Do you have a favorite law-related TV show? Maybe you like to read John Grisham’s books about lawyers. It is interesting to see how lawyers, and the rule of law, are portrayed in the media, both good and bad. No matter your opinion of lawyers, the law itself plays a vital part in our society. There’s got to be a reason there are so many lawyer jokes, right?  
As lawyers, we are fascinated by the law. How should it work? What is its purpose? How does it actu-

ally work? Part of a lawyer’s job is to apply law to the facts of a client’s situation. This is not always simple, which is why the client needs a lawyer. Lawyers give both legal advice and practical counsel, helping the client make informed decisions. Lawyers also serve as an advocate on behalf of a client, a vital role.  
As part of the legal profession, we are excited to regularly share our thoughts on the law and how it impacts our community through this column. We plan to provide

an overview of common legal needs and issues we all encounter in daily life. We hope to provide information that is practical and helpful.  
Of course, because we are lawyers, we have to offer a disclaimer: The facts of every case are unique and the information we provide is not legal advice, but for general educational purposes. If you have a legal issue, we encourage you to reach out to an attorney to discuss the specifics of your case. Hamilton County is fortunate to have many good lawyers.  
As we start this column, we present question number 1: Is there a difference between a lawyer and an attorney?  
According to a trusted legal dictionary (*Black’s Law Dictionary*), an attorney is “1. Strictly, one who is designated to transact business for another; a legal agent. 2. A person who practices law; Lawyer.” A lawyer is “One who is licensed to practice law.”  
This is one of those scenarios where the adage (a/k/a T-shirt slogan) “don’t confuse your Google search with my law degree” may be appropriate. A Google search will certainly confuse on this issue. For example, a search

returned several results that said the exact opposite of the Black’s Law definition (e.g., that an attorney has taken and passed the bar exam while a lawyer may or may not have). The internet credits Abraham Lincoln with the saying: Don’t trust everything you read on the internet. That’s probably a good “law” for life.  
So, what’s the answer? The classic lawyer/attorney answer is “it depends.” For all practical purposes, it appears to be a distinction without much of a difference. That’s one lawyer’s opinion. If you ask another lawyer, you might (okay, likely will) get a different opinion. The terms are largely used interchangeably in today’s world.  
Our hope is that these articles will cause you to think deeper about the purpose of the law. We get great questions from friends and we welcome questions from readers. Maybe we can answer a question you’ve always wanted to “Ask Adler.”

# Try baby steps to succeed with your resolution

Do you want to truly succeed with your New Year's resolution to get healthy? Instead of setting unrealistic expectations for 2022, try gradually moving towards this goal by taking one baby step each month. Here's what has worked for me:

**January:** Ditch the soda. This one thing alone will help you lose weight quickly for a great start.

**February:** Reduce your sugar. I don't just mean with desserts and candy. I also mean reducing the sneaky sugar that's hidden in so much of our food. Check those labels!

**March:** Get moving. This doesn't require that you go to the gym at 5 a.m. every day. Start walking over your lunch hour. Park further away from stores and your workplace. Take frequent standing breaks from your desk. Make sure you're moving for a total of at least two hours each day.

**April:** Reduce your processed foods. Stop visiting the drive-thru, pack your lunch, and shop more along the perimeter of the grocery store.

**May:** Reduce your portion sizes. Our portions have gotten way out of hand in recent decades. Start using salad plates more often and you'll be amazed at how much less you eat. Take your time and don't eat until you're stuffed, just fairly full.

**June:** Increase your fruits and veggies. You've heard this one enough I'm sure! And it's easy to do with farmers markets offering delicious choices in the summer time.

**July:** Drink more water. This gives you

incredible benefits all around!

**August:** Reduce your eating window. Try to eat within a 10-hour time frame, say, 8 a.m. to 6 p.m. or 9 a.m. to 7 p.m. People often shudder at the thought of intermittent fasting, but most find it's easy to eat within this time frame. After a while, eating within an eight-hour window isn't so bad, and you'll be amazed at the ease of your weight loss or maintenance.

**September:** Eat less bad fats and more good ones. Think less full-fat dairy and more olive oil, avocados, etc.

**October:** Eat less meat. This not only helps your waistline, but your wallet! Try having seafood one evening per week and something purely vegetarian on another.

**November:** Only eat what you truly love this holiday season. This time only comes around once a year, so go ahead and enjoy a couple of those Oreo balls! But if you're not a fan of the sugar cookies, don't eat them just to be polite.

**December:** Keep all the previous 11 habits, but also give yourself grace. Food helps us come together and celebrate so many wonderful things in life. If you over-indulge a bit this time of year, just get right back on the baby steps and you'll be a-ok!

\* \* \*

We have to be healthy to take care of those we love. Work on things little by little, and a year from today, you'll be proud of how you accomplished your New Year's resolution!

# Old Rolling Stones T-shirt still gives him satisfaction

True, I'm a concert T-shirt fraud.

The shirt I'm referring to advertises the following: The Rolling Stones | 1972 | US Tour. The British rock and roll band's famous red tongue and lips logo appears on the front.

The faded T-shirt is likely 25 years old. I wear it a lot. I like the world knowing I like The Rolling Stones.

If there is anything bad-assed about me at all, it's that I'm a fan of rock's original radicals, long-known for their long hair, subversive histrionics, anarchistic antics and drum beat devilry, even though I'm the polar opposite of Mick and the boys – for starters, I was bald at 24 (the root cause for all my subsequent anger issues).

The most rebellious thing I've done lately is use the complementary address labels mailed to me by a charity despite not making a monetary donation in return, never mind Marlo Thomas pleading, in part, "We hope you think of our precious girls and boys when you use them. God bless your good heart."

A few years ago, a stranger, impressed by my T-shirt, approached me, and said, "Oh, wow. I saw that tour. Were you there, man?"

"My god, woman," I thought, "how old do you think I am?"

Her face wrinkles attested to the credibility of her claim. She was clearly old enough to have seen the Stones in 1972. She was the real Rolling Stones deal.

I wear T-shirts with my favorite band names to lure like-minded people my way to create an impromptu bit of rock and roll camaraderie. Still, how dare she mistake me for someone old enough to have seen the Stones in 1972.

I was 8 in '72. Actually, 7. The Stones tour was in the summer. My 8th birthday wasn't until November. To put this in perspective, Mick Jagger and Keith Richards were at the doorstep of 30, and Charlie Watts, at 31, was poised to greet them at the door.

I doubt many 7-year-olds attended a Stones concerts back then, especially so close after the infamous, hellish Altamont festival, during which a Hells Angel stabbed someone to death under Mick Jagger's nose while the band played "Under My Thumb."

It wasn't totally implausible for me to have seen the Stones in 1972. The tour did include a stop in Indianapolis, an estimated four hours from my hometown. My parents would've had to chaperone. Never before had our maroon Ford LTD been boarded for such a long, arduous, family journey. Indianapolis might as well have been the moon.

The mere thought of voluntarily visiting our state's capital (Gotham, to my old man) would've roiled Dad's intestines, what with worries about big city traffic and crime . . . rape, murder, it's just a shot away . . . It didn't help knowing that my great uncle was shot dead, mob style, in an Indianapolis gas station bathroom.

I am not sure we even knew about The Rolling Stones. We were "Hee Haw" people, not "Honky Tonk Women" people. Kornfield Kounty was our household's steadfast, pop culture port-of-call (those dancing cartoon pigs were a real ripsnorter).

I learned about the Stones later thru my Uncle Dave's record collection – in particu-

lar, his *Hot Rocks 1964-1971* LP. Dave was an angry, long-haired teen and related to Mick Jagger. If you squinted just right, he physically resembled Mick. Dave eventually mellowed but died way too young. I'd give anything to listen to "Get Off My Cloud" with him now.

Back to the woman who took a shine to my 1972 Tour T-shirt. "Were you there, man?" Her question surprised me.

My motivation for wearing the shirt was to cause people to simply ASSUME I saw the Stones in 1972, not ASK me if I had ACTUALLY seen them back then. The shirt was meant to be a subliminal badge of cool. Surely, I wasn't the only one living vicariously thru a T-shirt.

My first instinct was to lie, to save face, to say yes. Instead, I said cryptically, "If by 'there' you mean JCPenney where I bought this shirt for \$10, then yes, yes, I was 'there.'"

"Bummer, man," she said. With faraway eyes, she vanished.

It was the first time someone had called me out. I felt like a poser, ashamed of the sham I had perpetuated. I deserved a swift kick in the "arse" by Keith Richards.

Last September, I attended my first Stones show. I was 56. To put this in perspective, Mick and Keith were on the doorstep of 80, and Charlie Watts had just started his dirt nap. I pondered buying an authentic 2021 Tour T-shirt at the merch table to replace my fake 1972 one, but it cost way more than \$10.

I still wear my cheap, old Stones shirt. Only now, if someone asks if I was "there," I can reply, "No, but I did see them in 2021. Mick still has the moves, and Keith, well, at least his fingers still move. And Charlie, well, he remains in spirit."

Finally seeing The Rolling Stones a half-century past what was arguably the band's "prime" might not impress the purists, but for me, they proved to still be the greatest rock and roll band in the world – and that's what gives me satisfaction.

(Editor's note: Ultimately, Scott, guilt-ridden, did donate to St. Jude. In a nutshell, that's how bad-assed he really is.)

Scott Saalman also writes columns for the *Dubois County Herald* and the *Evansville Courier & Press*. He is now a proud Fishers resident. You can reach him at [scottsaalman@gmail.com](mailto:scottsaalman@gmail.com).

Hamilton County's success is attributable to the countless friends and neighbors who call it their home. "This newspaper offers not only widespread news reporting and fantastic high school sports coverage from Sports Editor and Basketball Hall of Fame inductee Richie Hall, but we are blessed with some of the best columnists in the business," Taylor said. "All you need to do is open the paper and read it for yourself."

Poteet, who lived in Carmel for almost 30 years, will always have deep ties to the community.

"I raised my family in Hamilton County," Poteet said. "The county is important to me. Hamilton County is such a fast-growing area that it deserves its own first-class newspaper that's not only locally owned, but also expanding as fast as the county."

The Reporter is the fastest-growing news source in the state's fastest-growing county. Thanks for reading!

# Shamrocks ride balance, hot shooting to Hall of Fame Classic trophy

By RICHIE HALL

**NEW CASTLE** - Of the four boys basketball teams that participated in the Raymond James Hall of Fame Classic last Thursday at New Castle, Westfield was the only one not ranked in an Associated Press top 10 class poll at the time.

The Shamrocks turned that underdog role around, however. Westfield put on a show at the annual tournament, and was the team holding the trophy at curtain call.

The 'Rocks triumphed at the Hall of Fame Classic with two resounding wins. In the semi-finals, Westfield took down Connersville, then ranked in Class 3A, 51-43, then defeated Cathedral 74-63 in the championship contest. The Irish were ranked No. 10 in 4A; they beat Homestead (rated No. 9 in 4A at the time) 62-50 in the semi-finals to advance to the final.

"We just go out there and play together, keep our composure and then play hard-nosed defense," said Shamrocks senior Cam Haffner, who put together an incredible shooting performance in the championship game. Every one of the Westfield players contributed something to the win.

### BIG SHOTS

The first quarter of the championship game was full of remarkable shot-making by both teams. Cathedral got the first basket, a 3-pointer by 6-11 Xavier Booker. Westfield then ran off the next seven points, with a Haffner 3 sandwiched between two baskets from Alex Romack.

"I think we just made good cuts, played good offense, good passes," said Romack. "A lot of credit to Braden (Smith). Trey Dorton got me open a lot. Really appreciate both those guys."

Both teams totaled sev-

en triples in the first quarter. The Irish had four, including three from Booker. But Haffner would get the last word from downtown, as his 3-pointer finished the period and gave the Shamrocks a 17-14 lead.

Haffner's 3 began a 10-0 run for Westfield. Smith made a layin and free throw, Kai Butterworth came in for a layin and Nic Depasquale made a pair of free throw. That put the 'Rocks up 24-14, and they stayed around that margin until halftime. Tayshawn Comer nailed a buzzer-beating 3 to end the half, but Westfield still led 30-23.

Comer scored the first basket of the second half, getting the Irish within 30-25. The Shamrocks took over after that, outscoring Cathedral 25-5 in lightning-quick fashion. Haffner got hot from outside, hitting three more 3-pointers.

"When you have a guy on fire like that, give him the

ball and get out of the way," said Smith.

Depasquale also hit a 3 during that tremendous run. Smith scored seven points, including a three-point play, and Romack scored six points inside. When the dust settled, Westfield led 55-30.

"It felt really good, but you just knew there was a lot of basketball to play," said 'Rocks coach Shane Sumpter. "Our guys were so hyped up and I just tried to tell them that there's a lot of basketball to be played."

Sure enough, the Irish made an equally quick comeback that started in the final two minutes of the third quarter. Cathedral went on a 14-4 run during those last two minutes to cut the Shamrocks' lead to 59-44 going into the fourth quarter. Comer then scored seven consecutive points to get the Irish within 59-51. Depasquale drained a 3 to interrupt the run, but Ca-

thedral kept rolling, getting within 62-56 with four minutes left.

### PLAYING THROUGH IT

"We just had to try to figure out how to survive that," said Sumpter. But despite Cathedral's run, Westfield didn't change its style of play, and Sumpter resisted the urge to call a timeout when the Irish got hot.

"I wanted our guys to try to play through it a little bit," said Sumpter.

As it turned out, six points would be as close as Cathedral would come to the lead. Romack made a free throw, then Haffner took over, scoring Westfield's last 11 points. He started with a 3-pointer, which Comer answered with a layin. But Haffner stepped up again, nailing a second triple to put the Shamrocks ahead 69-58.

"How big were those two

3s by Cam Haffner," said Sumpter. "Man. I thought it was more difficult for us to hold on to the basketball, totally different from this morning. I didn't think we could do that against their pressure. So Cam Haffner, a wide-open 3? I'll take that."

Seconds later, Haffner made two free throws to give Westfield a 71-58 lead with 1:26 left, and the 'Rocks were out of danger. The trophy would be theirs soon after.

"I felt like we kept our composure, we kept our attitude up and we pulled it out," said Smith.

Haffner finished the game with 30 points, including seven 3-pointers, and seven rebounds. Depasquale and Romack both scored 15 points, with Romack also collecting five rebounds and Depasquale making all three of his 3-point attempts.

# Millers finish third in own invitational

The Noblesville boys basketball team placed third in its annual Holiday Invitational, which finished up last Wednesday at The Mill.

Noblesville took on Roncalli in its first game of the event, the finale of the four first-round games that were played at The Mill on last Tuesday. The Millers built a big lead by the third quarter, then held off a serious run by the Royals in the fourth period to win 64-58 and advance to the semi-finals.

Noblesville dropped its semi-final game to a good Chesterton team 67-57, then won the third-place game by beating Crown Point 57-50.

### LONG LAYOFF

The Millers were returning to the floor last Tuesday after a 17-day layoff, and got a nice win for their first game back after more than two weeks off.

"It's a good win, especially under the circumstances that we've had," said Noblesville coach Scott McClelland. "We had them at 32 after three and that just got a little lackadaisical. They made some big plays. I thought we got fatigued."

The Millers powered through the first quarter and that led them to a 29-19 advantage at halftime. E.J. Smith played outstanding during the first period, scoring 11 points in that quarter alone on three 3-pointers and a pair of free throws. Smith finished the half with 13 points, and four other Noblesville players also scored during the first half, with Aaron Fine chipping in seven points.

The Millers continued to roll during the third quarter, going on an 18-5 run to lead 47-24. Smith threw in two more 3s, and Cooper Bean

made a triple as well. Fine added another seven points; it was his jumper that gave Noblesville its largest lead.

Roncalli began to make a run towards the end of the period, but two free throws from Fine kept the Millers ahead 51-32 going into the fourth quarter. A layin from Smith kept Noblesville ahead 53-35 early in the period.

The Royals used a series of short runs to make their comeback. Roncalli outscored the Millers 13-3 to get the lead into single digits. A putback from Fine pushed Noblesville ahead 58-48, but the Royals went on another run, this one a 10-2 spurt with under two minutes left in the game to get within 60-58.

But the Millers were able to hang on from there. Fine made a pair of foul shots to push Noblesville's lead back to four, and Roberts clinched

the game with two more free throws with 6.1 seconds left.

### GOOD BALANCE

McClelland was encouraged by the Millers' balance. Smith led the way with 21 points, with Fine right behind him at 20 points. Bean added 11 and Roberts scored nine.

The Trojans got up early on the Millers in the semi-finals, leading 18-9 after the first quarter. Noblesville was able to match Chesterton in the other three periods, but the Trojans maintained their lead.

"Other than the first quarter, we played them even," said Millers coach Scott McClelland. "Just dug a little bit of a hole in the first quarter against a really good team."

Noblesville had good balance against Chesterton, something that would be a factor later that night. E.J. Smith scored 14 points, in-

cluding seven in the third quarter. Preston Roberts added 13 points. Aaron Fine scored nine.

In the third-place game, the Bulldogs also got on top of the Millers in the first half, leading 13-9 after one quarter and 32-23 at halftime.

### DEFENSE TAKES OVER

But Noblesville's defense took over in the third quarter, allowing Crown Point only three points. The Millers, meanwhile, scored 16 points. Cooper Bean had five, including a 3-pointer, and Aaron Fine added four points.

When the dust settled, the Millers led 39-35 after three periods. Noblesville added another 18 points in the fourth quarter, with five

points from Smith. The Millers also took care of business from the free-throw line, making 6-of-7 foul shots.

"They had to make some plays and make some shots down the stretch," said McClelland.

Four Noblesville players reached double figures. Fine led the way with 15 points, followed by Smith with 13, Roberts with 12 and Bean with 11.

"We just got to continue to grow and realize situations and circumstances and I think if we can do that, we got a chance to get better," said McClelland.

Noblesville is 4-4 and plays Tuesday at Pike and Saturday at Muncie Central.

## Phil Cox Memorial Tournament

# Golden Eagles, ‘Blazers battle tough teams

The Guerin Catholic and University boys basketball teams played in the Phil Cox Memorial Holiday Tournament last week.

Both teams dropped their first-round games last Wednesday. The Trailblazers lost a tight 63-61 contest to the host Kokomo Wildkats. The ‘Blazers had no answer for Kokomo’s 6-10 foreign exchange student Flory Bidunga. The sophomore had 32 points, 17 rebounds and five blocked shots. Bidunga made 14 of 15 field goal attempts.

Sophomore Sabien Cain paced University with 19

points. Senior Larry Pierce had 17 points and six rebounds with sophomore Robert Russell adding 15 points on 6 for 7 shooting.

The first half was a back and forth affair with neither team leading by more than six points. The Trailblazers led 16-15 after one quarter, before the Wildkats used a 9-0 run early in the second period to take a 24-19 lead. Cain had an old fashioned three point play with two seconds left in the half to pull University within 35-32 at the break.

The Blazers got off to a quick start in the third quarter. Russell score and when Cain found Nate Jeffrey ahead of the pack for an easy basket the Kokomo lead was just 37-36. After Kokomo’s Zion Bellamy hit a three pointer, baskets by Pierce and Russell knotted to score at 40. University took their last lead of the night at 42-40 on a Pierce basket with 3:52 left in the third quarter, but the Trailblazers did not score again in the period and trailed 46-42 entering the final quarter.

Kokomo had a 53-46 lead with five minutes remaining Russell scored on a driving basket and Kahmi Bracey stole the inbound pass and scored to get University within 53-50. The Blazers trailed by 59-52 with less than two and a half minutes remaining before they mounted a final charge. Cain scored and Russell added two foul shots to make it 59-56.

University had the ball down just three with over a minute left but couldn’t convert. Bellamy made two free throws with 48 seconds left before Cain answered with 37 seconds left. Kokomo missed the front end of a one-and-one with 24 seconds left, but Bidunga was there for the offensive rebound and kicked it back outside. Bellamy split two foul shots with 20 seconds left for a 62-58 Kokomo lead.

University came right back and Pierce hit a three pointer with seven seconds on the clock. Kokomo split a pair of foul shots with 3.7 seconds remaining. The Trailblazers pushed the ball up the court, but lost the ball out of bounds as the final horn sounded.

University coach Brandon Lafferman was proud of his team’s effort.”Overall our team showed a lot tonight about how we are going to hopefully compete for the rest of the season, regardless of who we are playing. I was proud of our effort and execution for the majority of the game. I thought we had a couple of hiccups offensively late third quarter, early fourth quarter that caused us to get in a seven-point hole, which in this game was big enough lead for them to hold on. I thought Robert Russell really grew up tonight as a sophomore point guard playing against a 4A team. He was fantastic.”

Guerin Catholic also dropped a close game in their

Smith reached triple-double status with 12 points, 10 rebounds and 10 assists, and also had nine steals. Dorton dished out five assists.

Smith was named the tournament’s Most Valuable Player at the conclusion of the game, with Haffner and Depasquale both also getting selected to the All-Tournament Team.

Comer led Cathedral with 28 points.

**MORNING GAME**

Westfield battled it out with Connersville in the first quarter of the first semifinal game, with the Spartans leading 10-9 at the end of the period. But the Sham-

**LEGAL NOTICE OF PLANNED IMPROVEMENT**

**DES. # 1901694**

The Hamilton County Commissioners have developed preliminary plans and environmental documentation for a proposed bridge replacement on 106th Street over Mud Creek, approximately 1.25 miles East of I-69 in Hamilton County, Indiana.

The project proposes the replacement of the existing bridge with a continuous steel plate girder bridge. The new bridge and approach roadway will provide two 12-foot-wide travel lanes bordered by 6-foot-wide paved shoulders on the south side of the bridge and a 2-foot-wide curb and gutter on the north side of the bridge. Termini for this project will be approximately 700 feet west of the end of the proposed bridge and approximately 480 feet east of the end of the proposed bridge. On the north side of the roadway, the two existing wooden pedestrian bridges over Mud Creek and Sand Creek will be removed, and the 8-foot-wide paved pedestrian path will be moved to follow adjacent to 106th Street and will utilize the new 106th Street bridge to cross Mud Creek, creating a longer-lasting and more serviceable pedestrian facility. The removal of the pedestrian bridges will remove obstruction in the channel and improve the site hydraulics and help alleviate flooding. Curb and gutterwork will be utilized along the paved pedestrian path as needed. Road work will extend 700 feet west of the end of the proposed bridge and 480 feet east of the end of the proposed bridge.

The Maintenance of Traffic (MOT) plan for the project will require of closure of 106th Street at the project area and will utilize a detour that will route traffic through 96th Street and Mollenkopf Road. The detour route is 2.8 miles in length and will last from approximately Spring 2024 to Fall 2024. Provisions will be made for local traffic. There are several existing roadways that would provide access into the area for emergency vehicles. The closure will pose a temporary inconvenience to traveling motorists (including school buses and emergency services); however, no significant delays are anticipated, and all inconveniences will cease upon project completion.

Construction of the project will require approximately 1.00 acre of permanent right-of-way and 0.03 acre of temporary right-of-way with an estimated cost of \$3,395,250. Federal and local funds are to be utilized for the construction of the project. Construction is anticipated to be in the Spring of 2024.

The Federal Highway Administration and INDOT have agreed that this project falls within the guidelines of a Categorical Exclusion (CE) Level 2 environmental document with no significant impacts to wetlands.

Preliminary design plans, along with the CE document are available for review at the following locations:

1. Hamilton County Highway Department Office, 1700 South 10th Street, Noblesville, IN 46060

Royals win twice at Paul Loggan Classic

Hamilton Southeastern used outstanding balance and defense to win both of its games at the Paul Loggan Memorial Classic at North Central last week.

In their first game, The Royals sailed past Bloomington North 69-27 last Tuesday. Southeastern never allowed the Cougars to score more than nine points during a period, leading 13-6 after one quarter and 32-10 at halftime. Riley Makalusky led the way in the first half, scoring 13 points, including nine in the second quarter. Caleigh Scott stepped up in the third period, hitting two 3-pointers.

Three players reached double figures, starting with Makalusky's 17 points.

Makayla Hinshaw scored 15 points, making all seven of her two-point shot attempts. Scott finished with 10 points. Teegan Acres had an outstanding game on the boards with nine rebounds.

Olivia Brown dished out seven assists and made five steals, while Hinshaw had four assists and four steals. Lauren Stewart handed out four assists as well. Zoe Bolding pulled six rebounds and blocked three shots.

Southeastern beat Gibson Southern 65-42 last Wednesday to win its second game at the tournament. The Royals outscored the Titans in each of the four quarters, leading 16-9 after one period and 33-21 at halftime. Riley

Makalusky had a dominant first half, scoring 11 points. Makalusky added seven more points in the third quarter, which finished with Southeastern on top 48-33. The Royals pulled away even more in the fourth, outscoring Gibson Southern 17-9. Maya Makalusky stepped up for HSE with nine points in the fourth.

Riley Makalusky finished with 22 points, followed by Maya Makalusky with 15 and Hinshaw with 10. Brown handed out 14 assists to go with eight points and six steals. Acres collected nine rebounds and Maya Makalusky pulled five.

The Royals are 10-6 and host Warren Central next Thursday, Jan. 6.

Millers get two solid victories

Noblesville picked up two solid wins at The Mill last week, starting with a last Monday victory over Fort Wayne Northrop 80-64.

The Millers led 14-12 after the first quarter, then ran away with the second period, scoring 22 points to take a 36-24 halftime lead. Noblesville poured in another 24 points in the third quarter, then added another 20 points in a high-scoring fourth period.

Ashlynn Shade had a great game, reaching double-double status with 33 points and 12 rebounds, also making four steals and blocking two shots. Meredith Tippner added 15 points, Reagan Wilson had nine points and six as-

sists, Brooklyn Smitherman pulled seven rebounds and Dani Mendez collected six rebounds.

"Ashlynn had a really big night," said Millers coach Donna Buckley. "Tippner played really well, especially when we got into foul trouble." The coach said Wilson did a good job as well.

Noblesville cruised to a 73-20 win over Lake Station Edison last Thursday. The Millers shut out the Fighting Eagles in the first quarter, finishing the period ahead 20-0. Shade scored 10 points in the quarter. Noblesville then led 44-6 at halftime, with Wilson adding 10 second-quarter points. The

Millers were up 64-10 after three periods.

Four players reached double figures, led by Shade's 14 points. Wilson scored 13 points, Kaitlyn Shoemaker had 12, and Tippner earned a triple-double with 11 steals, 10 points and 10 rebounds.

Carmel beats LC, Penn

Carmel picked up two victories over good opponents last week.

First, the Greyhounds scored a 61-55 win at Lawrence Central last Tuesday. It was a close first half, as the 'Hounds led 18-15 after one quarter and 34-32 at halftime. Hannah Lach made four 3-pointers - two in each period - for 12 points, while Mackenzie Thomas added 10 points. Carmel pulled away in the third quarter, outscoring the Bears 18-8 to take a 52-40 lead. # ‘Blazers dominate at Monrovia Classic

The University girls basketball team won the Monrovia Holiday Classic last Monday. The Trailblazers took care of South Putnam in the semi-finals, then sailed past Sullivan in the championship game.

University’s girls won the Monrovia Holiday Classic with a dominating 55-34 over Sullivan last Monday night.

Sullivan entered the championship game with a 12-3 record, but the Golden Arrows were no match for University’s defensive intensity and quickness as the Trailblazers scored the first 17 points of the game. University (11-2) dominated the boards pulling down 42 rebounds, including 15 on the offensive end. The Trailblazers’ passing game was crisp as they had 17 assists on 22 made field goals.

Payton Seay had a game high 20 points and added six rebounds, four steals and three assists. Patty Chikamba finished with 14 points and 10 rebounds. Kelsey DuBois had 11 points, 10 rebounds and a game-high five steals.

DuBois set the tone for the contest on the game’s first possession, scoring on an offensive rebound basket. Chikamba hit a three pointer on the wing, the found DuBois on the block for an easy basket and University led 7-0 just 90 seconds in to the game. Kamryn Washington assisted on a Payton Seay basket before DuBois scored for an 11-0 lead forcing a Sullivan timeout.

# Shamrocks are Hall of Fame runners-up

By RICHIE HALL

NEW CASTLE - The excitement was twofold for the Westfield girls basketball team when it participated in the Raymond James Hall of Fame Classic last Wednesday at the famed New Castle Fieldhouse.

First, the Shamrocks got a chance to experience the excitement and honor of playing in such a prestigious event. Then Westfield went on to the floor, and provided quite a bit of excitement during the tournament.

The ‘Rocks started their day with a huge win, beating previously unbeaten Franklin Community 42-40 in overtime. That sent Westfield to the championship game, where it gave South Bend Washington all it could handle before falling 52-50.

**GREAT EXPERIENCE**

Shamrocks coach Ginny Smith said playing in the event was “a great experience.”

“It was a wonderful opportunity. But from a playing perspective, we didn’t shoot the ball well all day today. If you’re going to beat a good team, you just got to shoot the ball well,” said Smith.

Westfield fell behind 28-

20 at halftime against Franklin in the first game of the Classic. Chesney Tebbe helped keep the ‘Rocks within shouting distance, scoring nine points in the half.

Westfield made a comeback in the third quarter, outscoring the Grizzly Cubs 15-4. Just like that, the Shamrocks led 35-32; Alyssa Crockett scored six points during the third period.

Hailey Remaks opened the fourth quarter with a 3-pointer, and that gave Westfield its largest lead at 38-32. Franklin began to come back, and a scored the last basket of regulation with a putback to tie the game at 40-40. It was on to overtime, and there would be only one basket scored: Crockett made her own putback to put the Shamrocks on top for good.

Crockett scored 12 points and collected 11 rebounds, her first of two doubles-doubles for the day. Crockett also blocked three shots. Tebbe added 11 points and Emmrey Collinsworth pulled six rebounds.

Washington back up 52-48, but Ellie Kelleher answered with her own layin with around a minute to go. That would be the last basket of the game, however. Westfield got one more opportunity, but a final shot didn't go.

"We still had a chance at the end to win," said Smith. The coach said she was proud of her team's effort and fight.

"I think they really banded together in the second half," said Smith.

Crockett reached double-double status again with 18 rebounds and 17 points. Collinsworth and Robey both added 10 points. Robey made five steals and Crockett had four blocks. Crockett was

named to the All-Tournament Team at the conclusion of the championship.

Westfield's loss to the Panthers ended its win streak at 10 games. The Shamrocks are 13-3 for the season and play two big games this week, first at Bishop Chatard on Wednesday. Westfield hosts Hamilton Heights Saturday.

"There are some things that we are going to start shifting and adjusting to," said Smith. "We've got to get more game-like shots in practices and we have to be more intentional in our focus."

"I think we're turning the corner and we're going to spend more time on ourselves," said Smith.

PREVAIL

I was born and raised right here in Noblesville. I grew up in a home without domestic violence or assault – it wasn't something I saw, or even heard about. But when I was introduced to Prevail of Central Indiana, I was shocked by the number of individuals who are affected by domestic violence. In 2018 alone, Prevail helped more than 4,000 clients in Hamilton County. (Nearly 80 percent of clients are women and children.) Domestic violence and abuse are hard topics to discuss, so you don't often hear about them. But at Tom Wood Volkswagen in Noblesville, we're breaking the taboo and raising awareness for Prevail, an organization that helps families in Hamilton County.
