exhibit is titled “Hats Off” and is a portrayal of women’s fashion and modern life. “My goal is to create representational figurative paintings with likeness as the priority,” she said.

Mintze says she wants “to express internal feelings and thoughts in my works. Something more elusive, poetical and imaginative in my work is my goal.”

Walker’s exhibit will run through the end of January and will also be part of FAC’s virtual gallery at fishersartscouncil.org/art-gallery-exhibit. Mintze’s exhibit will run through the end of March and will only be available in-person in the gallery.

• **The Girl (Luisa)** (female, stage age 16). Exuberant teenager, imaginative daydreamer, and romantic idealist. She’s in love with her neighbor but falls under the influence of the roguish El Gallo. Youthful-sounding soprano that can sing both very simply and with operatic flamboyance, low B to sustained high C.

• **The Boy (Matt)** (male, stage age 19). An innocent young man searching for love and adventure. He makes the journey from naïve, to restless, to broken, to discovering a wiser self. A bari-tenor, from low A to high G.

• **The Girl’s Father** (Bellomy) (male, age range 40 to 60). A fastidious and tidy button salesman. Manufactures a false feud with his best friend and neighbor, Huckaby, to bring their children together. Baritone, low A to high G, with great comic timing.

• **The Boy’s Father** (Huckaby) (male, age range 40 to 60). A bit sloppy and boisterous, learned horticulture in the navy. Teams up with Bellomy on the false feud. Baritone, low A to high F, with great comic timing.

• **The Old Actor** (Henry) (male age 60 and over). No upper age limit but must be nimble enough to crawl out from a trunk. Once a famous actor, now a thespian down-on-his luck, ready to recite Shakespeare at the drop of a prop. Does not sing much but must be able to sing in tune.

• **The Man Who Dies** (Mortimer) (male age 50 and over). Must be adept at physical comedy. A sidekick to Henry, he is a clownish character who specializes in dying in comically elaborate death scenes. Does not sing much but must be able to sing in tune.

Shortage of rapid COVID tests at Fishers Health Dept.

The REPORTER

Due to the overwhelming demand for rapid tests, the Fishers Health Department (FHD) is prioritizing testing for school-aged children and adults aged 65 and over.

Individuals needing a

COVID test should seek alternative locations with rapid test availability or schedule for a PCR test at [this link](#).

FHD will continue to add more tests and appointments as it secures increased staffing levels and access to

Fishers law firm rebrands after Indiana Supreme Court ruling

The REPORTER

At 4:30 p.m. on Friday, Dec. 31, 2021, the team at Hunter Estate & Elder Law locked the firm’s doors one last time before not only a New Year, but a new era. On Monday, Jan. 4, the firm reopened under a new name – Indiana Estate & Elder Law.

“In 2020, the Indiana Supreme Court made a decision to align with other states on simplified rules governing what law firms can be named,” said Attorney & Partner, Justin Schuhmacher. “Firms are no longer required to contain the names of their partners or founders. We saw this as an opportunity to make our Indiana-based estate and elder law services more searchable and accessible.”

Formerly Hunter Estate & Elder Law, the firm

was founded in Fishers in 2001 by Of-Counsel, Susan Hunter. Partners & Attorneys Jennifer Rozelle and Justin Schuhmacher now co-own the firm and have prepared it for the years of service that lie ahead.

“Though she has stepped away from day-to-day operations, Susan remains a ready asset to our team,” said Attorney & Partner Jennifer Rozelle. “Our branding updates not only better support our team, but our clients and future clients. We are excited to be one of the first firms in the state embracing these legislative changes.”

The team at Indiana Estate & Elder Law has been helping clients in the areas of estate planning (asset protection, wills, trusts, long-term care planning, and probate avoidance) and

ment, Veteran’s benefits, long-term care strategies, probate and trust administration) since 2001.

The firm offers free consultations, a straight-forward fee schedule, and explanations that are free of fancy legal jargon. Internally, the team’s mission supports that new and returning clients can make the best decisions possible based on their unique needs.

Indiana Estate & Elder Law provides comprehensive services in the areas of estate planning, asset protection, estate wills and trusts, Medicaid planning, Veteran’s benefits, long-term care planning, probate and trust administration, and probate avoidance. I was born and raised right here in Noblesville. I grew up in a home without domestic violence or assault – it wasn’t something I saw, or even heard about. But when I was introduced to Prevail of Central Indiana, I was shocked by the number of individuals who are affected by domestic violence. In 2018 alone, Prevail helped more than 4,000 clients in Hamilton County. (Nearly 80 percent of clients are women and children.) Domestic violence and abuse are hard topics to discuss, so you don’t often hear about them. But at Tom Wood Volkswagen in Noblesville, we’re breaking the taboo and raising awareness for Prevail, an organization that helps families in Hamilton County.

Don't give up on path to wellness

"Without proper self-evaluation, failure is inevitable." — John Wooden

If you have intended to make resolutions for 2022, you have probably already done so. However, resolve without review is most likely not the recipe for success. I dare say that Coach Wooden's advice is pertinent to any change of life plans including relationships, profession, financial stability, and for the purpose of this column — a wellness lifestyle.

Despite the ongoing pandemic and need for social distancing, the fitness centers are packed right now; people are waiting to get on the stair machine! The grocery and drug stores have their diet supplements on the endcaps or in the aisle, and if you watch anything on TV other than TCM or PBS, you have seen the MANY commercials for dietary eating plans. While I am not specifically criticizing any of the above, none of these weight loss avenues are an "end all" when it comes to making real, positive changes in your fitness and wellness pursuits.

The most effective starting point to make dietary and fitness changes which will result in a healthier, more energetic life is "Review

SHARON McMAHON
Be Well

and Resolve," in my opinion. I have worked with many clients in their quest to reach their optimum health and fitness levels, and I find that those who use the "R and R" method are most successful. So, let's take a look at what that involves.

Although it is sometimes uncomfortable to "review" the past year and how we may not have incorporated a proper fitness regimen or concentrated on eating the most nutritionally balanced diet, that is a necessary part of a program to make meaningful changes which will benefit our health. An honest assessment of those items will help motivate us toward healthy changes. And although the pandemic has forced us into lifestyle changes that can be challenging, the review also enables us to "resolve" to make any changes necessary to reach our goals. Remember that goals are never "black and white" as you may reach some of the goals and not others, or you may change those goals somewhere in the middle.

I firmly believe that a primary reason that we, as Americans, are overweight and often unhealthy is that we give up when our goals are not met to complete

satisfaction. Sometimes we need to step back, take a deep breath, and continue on one step at a time. In particular, please be mindful of public health issues as we want to get through this most difficult time as it relates to public health that we have experienced in over 100 years. We can do this!

Before you begin any fitness routine or make significant dietary changes, please consult your physician or licensed medical advisor. If you are pre-diabetic you need to know that, and if you have acute or chronic pain or discomfort issues those must be addressed. After you have had a wellness assessment by your physician, begin planning your wellness path which includes stretching and flexibility, strength training and aerobic activity. Most of us do not follow the most appropriate meal planning for our nutritional needs. Just as an athlete needs a coach to reach their goals, a certified fitness and nutrition coach can assist you in reaching yours — an investment that will provide a healthy return!

Letter to the Editor

Shaffer offers 7 New Year's resolutions for Carmel 'elites'

Dear Editor:

Here are seven suggested New Year's Resolutions for the elected and unelected elites in Carmel's municipal government:

1. Start treating voter-taxpayer citizens as adults who can handle the truth.
2. End the preaching and start testing ideas before foisting them off on the community.
3. Test ideas first with data and not utopian Progressive dreams.
4. Open the redevelopment commission and redevelopment authority books for public inspection if not outright audit.
5. Price projects to include costs of borrowing. The last three bonds floated in 2021 were listed as \$16.7 million in

principal but interest costs took the total to \$36.9 million due to \$20.2 million in interest charges.

6. Stop catering to curiosity seekers and dilettantes when decorating roundabouts.

7. Always remember that roundabout means complicated, convoluted, disturbing, intricate, obscure, perplexing, byzantine, bewildering and muddled.

These are designed to help Carmel's government restore a measure of trust in the wake of adding a quarter-billion dollars to its debt.

And we non-elites can sleep better at night.

From the (remote) desk of Heights Superintendent Dr. Derek Arrowood

For the last two years, the Arrowood family has spent a week over Christmas break in St. Petersburg, Fla.

This year, using the theory that if one week is good, then a couple extra days

would be better, we decided to extend our Florida stay a couple of days. Of course, when I say “we” I mean Kim.

We have this timeshare thing that allows us to get really good rates on rooms

DR. DEREK ARROWOOD
Heights Superintendent

at the last minute and we found a place in Orlando, Fla. Orlando met Kim’s criteria of being sunny and warm and the place had a really nice pool area to store up as much sun for Kim as possible to get

ready for another semester of teaching elementary PE, so we booked it.

The challenge with Orlando is that doing nothing, which is my preferred mode of vacation, is really hard.

Last night we ended up going to Disney Springs to get dinner. First off, the guy that said your children get cheaper as they get older is absolutely wrong. Secondly, at least Disney Springs has not been negatively impacted by COVID because that place was rocking on New Year’s Day.

We ended up parking in a parking garage at Disney Springs and I was even impressed with the parking garage. Maybe other places do this, but I had never seen it. Above each parking spot in this six-story garage hangs a light. The light is green if the

spot is open and red if it is full, so as you drive through this garage you don’t have to get that irritated feeling you get at those “gotcha cars.” You know, the shorter cars that get you all excited in a parking garage because you think that spot is empty, but when you get to the spot the “gotcha car” is tucked neatly in that spot and you have to keep circling the garage looking for a parking spot. With the red and green light magic you don’t have to worry about being got.

Wouldn’t it be nice if the folks at Disney could create

a green light and red light system for people? Being in the kid business, a red light, green light over a kid you are worried about would be nice. It would give us the extra encouragement we need to make sure that we are doing everything for that kid to be successful. I think we do that anyway, but a little nudge like a light over the kid’s head would be nice.

I worry about our teachers a lot this time of year. Wouldn’t it be nice if they each had a red light or green light over them so the rest of us knew it was time to jump

in and give them some extra help? As much as we try to figure out how much help we need to give our staff and students, it is really difficult to know. So this year, I am going to work on making my default mode the assumption that it is okay to offer help first rather than just assume someone is okay.

I don’t know exactly how this looks yet, but when in doubt I am going to try and jump in and help. Maybe if we all do that 2022 will be as easy as finding a parking spot in a Disney parking garage.

Have a GREAT week!

If your New Year’s resolution is to quit smoking, I want to let you know that you can do it. I did it and I was a smoker for 17 years. I was an athlete who smoked. I was a coach who smoked. I was a youth group leader who smoked.

I told myself when I couldn’t afford it anymore, I would quit. When I saw my credit card bill at more than \$1,000 that were cigarette purchases only, I was like, “That is crazy. It’s time to quit.”

Please know that you can set a quit date and break free from cigarettes.

If I quit, you can too! In fact, there are more former smokers in the U.S. – about 50 million – than current smokers. Make this your year to be smoke free. YOU CAN DO IT.

Quitting can prove challenging, and many people make multiple attempts. It’s okay if you fail! Nicotine is extremely addictive, so please don’t give up! To help you live a healthier smoke-free life, here are three of many steps you can take.

1. Develop a quit plan. Pick a date and tell your friends and family. Everyday that I did not smoke, I sent a text to my friends and family.

2. List your reasons for quitting, i.e., money, health, control.

3. There are free resources that can help you quit. Call 1-800-QUIT-NOW for FREE help quitting, including cessation aids like Chantix, the patch and gum. A quit coach will help you decide what medication is right for you and the Indiana Quitline is offering free weeks of combination nicotine replacement therapy, while supplies last.

Quitting has immediate and long-term health benefits at any age, so talk to your provider or local pharmacist about quitting. They are happy to help you quit. Please take the leap if

you’re ready to stop smoking. I promise you it will be the best decision you ever make.

With God beneath your wings lifting you to greater heights you can go into this new year with the power of God behind you. TODAY'S BIBLE VERSE

Rejoice in the Lord always. I will say it again: Rejoice! Let your gentleness be evident to all. The Lord is near. Do not be anxious about anything, but in every situation, by prayer and petition, with thanksgiving, present your requests to God. And the peace of God, which transcends all understanding, will guard your hearts and your minds in Christ Jesus.

Julian “Judy” Parkes

October 15, 1945 – January 1, 2022

Judy Dian Dalton Parkes, 76, passed away on Saturday morning, January 1, 2022, after complications from a prolonged battle with congestive heart failure. She was born on October 15, 1945, in Danville, Va., to Morgan Oscar Dalton and Mary Etta Smoot Dalton.

While growing up in Danville, Judy’s spiritual journey began early in life when she would walk to the Stokesland Baptist Church each Sunday and became active in her local Youth for Christ chapter. She loved singing and held down the alto part for singing groups throughout high school and college.

Judy met her lifetime love, David Parkes, at Kernersville Wesleyan College in Kernersville, N.C. The two of them would embark on a lifetime of adventures and ministry together, while raising the family she always dreamed of having.

After settling in Indiana, Judy worked on staff in medical offices within the Community Health Network for more than 20 years, where she applied her precise attention to detail and aptitude for organization in scheduling, then insurance precertification. After she retired at 65, she became a full-time “NeeNee” to the six grandchildren who brought her so much joy.

Her gentle nature and quiet strength were qualities that defined her, yet those who knew her also enjoyed her quick sense of humor. She loved nothing more than gathering with friends and family over a good meal. Her gift for hospitality drew countless adopted family members around her table for holidays and dinners over the years.

In addition to her parents, Judy was preceded in death by her husband, David Chandler Parkes, and her infant son, Edwin Chandler Parkes.

She is survived by her daughters, Emily (Scott) Sutherland and Melody (Craig) Boyer; grandchildren, Jackson Sutherland, Riley Sutherland, Ashton Boyer, Avery Boyer, Eli Boyer, and Izzy Boyer; sister, Barbara Dalton Nunn; and brother Tommy Nunn.

A service honoring her life will take place at noon on Wednesday, January 5, 2022, at the Northview Chapel, 12900 Hazel Dell Pkwy., Carmel. Out of respect for the health and safety of all her friends and family, a traditional visitation will not take place before the service. Guests will be invited to write remembrances of Judy and messages to the family which will be cherished for years to come.

Judy will be laid to rest at Highland Cemetery in Fishers at a private graveside service.

Bussell Family Funerals, Carmel-Westfield is privileged to assist the family with arrangements.

Wilma Ilene Hawley

December 21, 1925 – December 31, 2021

Wilma Ilene Hawley, 96, Boxley, Ind., passed away peacefully at home, surrounded by her loving family, on Friday morning, December 31, 2021. Born on December 21, 1925, in Sheridan, she was the daughter of the late Fred Raymond and June Mildred (Spencer) Cline.

Wilma was a people person who never met a stranger. Most people around the area called her the Boxley Historian due to her love of genealogy and her encyclopedic knowledge of the area. She loved to share what she learned with everyone she met. Throughout her life, Wilma worked in various capacities around the area, adding to the volumes of stories she would collect during her lifetime. For many years she was a substitute bus driver for Sheridan Schools and subbed for the Sheridan Post Office. She was also a custodian with the school system for many years. Wilma took in ironing for many people, and never tired of being community babysitter when she was needed. She also enjoyed helping her sister, Mary Kay Harbaugh, with her event catering business. Wilma never really cared for the catering part of the job, but the socializing aspect was right up her alley. No matter the event, she always found people to talk with and stories to share.

Wilma was an active member of the Boxley United Methodist Church; she taught Sunday School for many years and helped with the nursery school and vacation Bible school. If something was happening out at the church Wilma was bound to be there, helping in whatever capacity she could.

Wilma loved to garden and enjoyed finding ways to attract birds to her property. She also enjoyed oil painting, but her talent was really on display with her Chalk Talk sketches, especially around Christmas time. Taking large sheets of paper, Wilma would begin sketching while someone else would read a story aloud. By the time the story was finished, Wilma’s sketch was usually completed, and ready for everyone to enjoy.

Wilma loved taking care of those around her. There was always a seat at her table and a friend at your side when you needed one the most. She will be greatly missed by everyone who had the privilege of knowing her.

Family was one of the most important things in her life. She loved family road trips and weekend adventures when the kids were younger. Sometimes they would end up at the grandparents’ house, other times they would just drive around and explore the great unknown and everything in between. The destination never mattered – it was the adventures and the memories made together as a family that were the most fun for her.

Wilma is survived by her sons, Robert A. “Bob” Hawley and Larry L. Hawley, both of Sheridan; daughter, Judith E. (Dan) Whicker of Sheridan; grandchildren, Angie Johnson (Mark) of Ohio, Eric Hawley (Anastasia) of Fishers, Jamie Long (Matt) of Noblesville, David Alsup (Kathy) of Sheridan, and Gayle Harvey (Phillip) of Sheridan; great-grandchildren, Chase Hawley, Chad Hawley, Alyssa Johnson, Kaylee Miller, Tom Whicker, Corey Harvey, Stephanie Harvey, and Sonya Alsup; great-great-grandchildren, Keira Hawley, Lilly Harvey, Cambria Hiatt, and Violet Harvey; many nieces and nephews; and by her adopted granddaughter, good friend and “mamaw sitter” Angie Hubble.

She was preceded in death by her parents; grandson, Michael A. Hawley; brother, Lawrence “Pete” Cline; sisters, Mary Kathryn Harbaugh and Jo Ann Bouse; brothers-in-law, Victor Harbaugh and Don Bouse; sister-in-law, Maxine Cline; and by her loving husband of 67 years, Robert William Hawley, on April 29, 2011. She and Robert were married on April 21, 1944. She was also preceded in death by her two canine BFFs, Rags and Croquette, whom she never missed an opportunity to jokingly tell people, “That’s short for meatball.”

Services will be held at 2 p.m. on Wednesday, January 5, 2022, at Kercheval Funeral Home, 306 E. 10th St., Sheridan, with Visitation from noon until the time of Service.

Burial will follow at Spencer Cemetery in Sheridan. Pastor Mike Bullick will officiate. In lieu of flowers, memorial contributions may be presented to either the Alzheimer’s Association or to the Parkinson’s Foundation.

Mabel Emma Dahlke

May 16, 1929 – January 1, 2022

Mabel Emma Dahlke, Noblesville, passed away on January 1, 2022. She was born on May 16, 1929, as the 13th child in the family, to Ray and Carrie (Keller) Clements in Cicero.

Mabel was an excellent cook and baker. She hosted annual Clements’ family dinners at her home for over 18 years and everyone enjoyed her yeast rolls, brownies, and chocolate truffles. She retired after 20 years working in retail as a department manager for L. S. Ayers and Company. She made handstitched quilts for her children and grandchildren with an amazing 20+ stitches per inch. She grew gardens every year, smaller as she grew older, but there were always beautiful clematis and flowers in addition to vegetables. She appreciated the family dogs, but she loved cats best.

Boys basketball

Second-ranked Tigers make it seven wins in a row

The Fishers boys basketball team is on a big win streak at the moment, and all those victories are getting the Tigers noticed.

In two polls this week, Fishers is ranked No. 2 in the state. The Tigers are rated second in both the Indiana Basketball Coaches Association’s one-class poll (which you can read on Page 10), and also in the Associated Press Class 4A rankings.

Fishers justified that ranking Tuesday by winning its seventh consecutive game, beating Lafayette Jefferson 58-47 at the Tiger Den. The Tigers built a steady lead in the first half, going up 15-10 after the first quarter and 30-22 at halftime.

Charlie Smith was the leader in the opening period, scoring seven points, including a 3-pointer. Bryce Williams stepped up in the second quarter, making 5 of 6 free throws. The Bronchos were still close after three periods, which ended with Fishers up 41-34. But the Tigers added another 17 points in the fourth to finish the game. Jeffrey Simmons scored five points and Jalen Haralson went 4-of-4 from the line.

Simmons totaled 15 points for Fishers, followed by Smith with 12 and Williams with 10. Sean Millsaps had two 3-pointers.

The Tigers are 12-1 and play another home game Friday, taking on Pike, the No. 19 team in the IBCA poll.

Noblesville drops tough game at Pike, 71-68

No. 3 ‘Rocks start busy week with high-scoring victory

Noblesville was dealt a tough loss at Pike on Tuesday, as the Red Devils came back in the second half to beat the Millers 71-68.

Everything went well for Noblesville in the first half, as it led Pike, which is ranked No. 19 in the IBCA one-class poll, 16-13 after the first quarter. Cooper Bean scored six points for the Millers in that period.

Noblesville extended that lead in the second quarter, putting in 23 points to hold a 39-30 halftime advantage. Preston Roberts had seven points, while Luke Almodovar threw in a pair of 3-pointers for six points.

But the Red Devils began their comeback in the third quarter, where they outscored the Millers 21-13. That got Pike within 52-51 going into the fourth quarter, and the Red Devils added another 20 points in the fourth to get the win.

“They made some plays,” said Noblesville coach Scott McClelland. He called the outcome unfortunate, “because this was a game we played well enough to win.”

“Obviously, a very disappointing loss,” said McClelland. “We’re right there. We did a lot of good things and it’s unfortunate that you can’t enjoy those good things because you couldn’t come up with the win there at the end.”

E.J. Smith and Aaron Fine both had sol-

id game, as they each scored 18 points to share scoring-leader status for the Millers. Smith poured in 13 points in the second half, and was 7-of-7 from the free-throw line during that time. As a team, Noblesville was 19-of-20 from the line.

Smith and Fine both had seven points in the fourth quarter alone. Roberts finished with 16 points.

The Millers dropped to 4-5 on the season. Noblesville goes back on the road Saturday to play at Muncie Central.

“We’re so close, we really are,” said McClelland. “And if we can get over the top and get a signature win, I really believe this group’s got a chance to get this thing going.”

After securing a victory at the Hall of Fame Classic last week, is Westfield resting on its laurels?

Nope. In fact, quite the opposite. The Shamrocks dove into a busy part of their schedule on Tuesday by hosting a very good Mount Vernon team at CSI Gymnasium. In a high-scoring game, Westfield beat the Marauders 87-78.

Both teams were coming off memorable weeks. The Shamrocks’ victory at the Hall of Fame catapulted them to No. 3 in this week’s IBCA one-class poll, and the Associated Press Class 4A poll at No. 7.

Mount Vernon, meanwhile, made noise last week by beating then-No. 1 Zionsville on Dec. 28, and that put the Marauders on the IBCA poll at No. 18. The win also got them votes in the AP poll. Westfield coach Shane Sumpter said that the Marauders are “very good” and have a couple of Division I college players on their roster.

“We had our hands full tonight,” said Sumpter.

Westfield’s offense was up to the Mount Vernon challenge, as the ‘Rocks poured in at least 20 points in each period. The game was tied at 20-20 after the first quarter, with Nic Depasquale scoring seven points and Braden Smith making a pair of 3-pointers for six points.

The Shamrocks then stepped it up on the

defensive end in the second quarter, holding the Marauders to eight points. That enabled Westfield to take a 42-28 lead at halftime. Trey Buchanan caught fire during that period, nailing four 3s for 12 points.

Mount Vernon slightly outscored the ‘Rocks in both the third and fourth quarters, but Westfield was able to hang on. Smith did his part, erupting for 18 points in the second half, 10 in the third period. Alex Romack helped out in the fourth quarter with eight points.

“We had to weather the storm there in the fourth quarter, but we got a lot of contributions from a lot of guys,” said Sumpter.

In fact, five Shamrocks players reached double figures in scoring. Smith led the way with 30 points, while Buchanan totaled five 3-pointers for 15 points. Depasquale and Romack each scored 12 and Cam Haffner added 11 points.

“Pretty balanced attack again tonight,” said Sumpter. The coach said that whenever other players step up to take the load off leading scorers Smith and Haffner, he thinks the ‘Rocks are “just a much better basketball team.”

Westfield is 7-2 and has won five straight games. The Shamrocks continue their busy week Friday with a trip to Yorktown, then return home to CSI Gymnasium on Saturday for a huge game: Westfield will play Carmel, the new No. 1 team in the IBCA and AP polls.

Huskies swimmers host Oak Hill on Senior Night

The Hamilton Heights swim team hosted Oak Hill for its Senior Night meet on Monday.

The Huskies girls team fell to the Golden Eagles 109-75, but won six events. Teegan Madara was part of four victories, starting the meet by joining Jane Pache, Kennedy Weaver and Mady Hutcherson to win the medley relay.

Madara would later place first in the individual medley and butterfly races, then finished the meet by teaming with Hutcherson, Weaver and Alaina Stohler for a big win in the 400 free relay.

Hutcherson placed first in the 100 free, while Weaver paced the 500 free.

"Lots of personal bests last night after a tough couple weeks of practice," said Heights coach Jenni Clarke.

In the boys meet, the Huskies lost 109-72. Heights had two event wins, starting with Nathan Cox in diving. Heights finished the meet with a victory in the 400 free relay; Eli VanHaaren, Grant Forrer, Noah Shlater and Owen VanHaaren participated in that race and won it by seven seconds.

"The boys also had a great meet with a lot of lifetime best times," said Clarke. "The boys swim team would like to thank our two divers, Nathan Cox and Ethan Swart, for stepping in and swimming a relay when we really needed them! We appreciate your willingness to help out your fellow teammates."
