### Lorraine Rossi

### November 24, 1935 - February 23, 2022

Lorraine Rossi, 86, Westfield, passed away on February 23, 2022. She was born on November 24, 1935, in Brooklyn, N.Y., daughter of Anthony and Mary (Calsetta) Rossi. She was self-employed with an electronics firm and later worked in housekeeping at Carmel Manor Care Senior Living.

The following endearment was lovingly

written by family. Today we lost our Aunt Lorraine. My whole life she has been everyone's "Aunt" Lorraine. Including my parents, aunts, uncles,

cousins, my friends, my mom's side of the family, my parent's friends, and my neighbors - you get it. Everyone called her "Aunt" Lorraine. She had so many people who loved and cared about her, and that has always made me happy.

How could you not love Aunt Lorraine? She loved to laugh, loved kids and dogs, always wanted to help around the house. (Dishes? Madone, she could wash some dishes!) She always wanted to make sure everyone was cared for before herself. Aunt Lorraine spent every single day by my nana's bedside during the last year of her life, supporting her older sister. At family gatherings, Aunt Lorraine provided enough dessert for an army because she wanted to make sure everyone received their favorite dessert. She always wanted to help in every way possible. Helping others was at her core, probably stemming from being the youngest of 10 children.

Our Aunt Lorraine will be sorely missed. I take comfort in knowing she was greeted in heaven by her brothers, sisters, parents, and her beloved dog Schatzi – all of whom she missed dearly. I'm sure she's sitting with a cup of coffee in one hand, a cigarette in the other, a collared shirt and her best blue jeans with the crispest pleat in them. Aunt Lorraine, Rest in Peace.

Burial will take place in St. Charles Cemetery, East Farming-

## Michael Tolley September 19, 1951 – February 17, 2022

Michael Tolley, 70, Atlanta, passed away peacefully on Thursday, February 17, 2022, with his loving fam-

ily by his side. He was born on September 19, 1951, to his parents, Lawrence Tolley and Veva (Griffith) Tolley. Michael married the love of his life, Lea Ann (Waters) Tolley on June 23, 1984, and the two of them built an amazing life together through the years. Their love was based on faith, trust and lovalty; attributes that were of course passed on to their four beautiful children, as well as their many grandchildren.

Michael was born in Lebanon, Ind., and enjoyed his childhood very much. A lot of time was dedicated to family and quality time. Michael developed a love for the outdoors, fishing and camping after his father bought land and established White River Campground outside of Cicero. It was on the White River that most of Michael's favorite childhood memories took place.

Michael graduated in 1969 from Hamilton Heights High School. He then went on to Mallory Tech, where he studied Carpentry. He earned the title of Carpenter Journeyman and became a master of the trade. Michael worked many places over the years, offering his meticulous craftsmanship; however, there were three main companies he was dedicated to: Urnstein, Towsley & Bixler and Cincinnati Floor, which is where he retired from in 2010. Michael not only loved his work at Cincinnati Floor, he very much loved the crew of guys he worked with. They were like brothers to him, and he often bragged about how blessed he was for the great rapport he shared with each

In Michael's spare time you may have found him playing ping pong, pool, darts, Wii golf or euchre. He was also a very gifted artist. Michael was constantly doodling, looking at car magazines, and enjoying every opportunity he had to watch Colts football.

Unlike many, Michael lived everyday life with his priorities straight! He was a family man in every sense of the word. He took time to make his wife, kids, and grandkids feel appreciated, valued and unconditionally loved. His faith in the Lord was very important to him, and he was a daily example to many in his life. Michael seldom got angry; actually, his amazing sense of humor led the way! He was truly one of a kind and will be missed by all who had the privilege of knowing him!

Those left to carry on Michael's legacy of love are his wife, Lea Tolley; children, James Michael Tolley, Crystal (Angel) Tolley, Frances Jones, Annabel (Derrick) Tolley-Wolfe; grandchildren, Laney Tolley, Lucas Tolley, Logan Tolley, Beth (Ben) Ramsey, Cylys Emler, Cayla Emler, Mason Sizemore, Alexis and Phoenix Sizemore, Robert Sizemore, Cade Sizemore, Michael Tolley-Jones, Chloe Jones, Embyr Wolfe, Wrylee Wolfe; siblings, Jon (Anne) Tolley and Dan Tolley; many nieces, nephews, cousins, many dear friends, as well as beloved cat, Dale.

Michael was welcomed into Heaven by his parents, Lawrence Tolley and Veva Tolley; grandson, Peyton Jones; siblings, Lawrence 'Bud" Tolley, Rose Ellen "Rosie" Shalkowski; nieces and nephews (who were like siblings to him), Kurt Shalkowski, Larry Tolley, Mark Tolley, Jennifer Wallace; a great-nephew, Brett; many dear friends; and beloved cat, Taylor.

A celebration of life service in Michael's honor will be held at 4 p.m. on Sunday, March 6, 2022, at Atlanta Christian Church, 200 E. Main St., Atlanta, with Pastor Jody Brown officiating. Visitation for family and friends will be held prior to the service from 2 to 4 p.m.

## Jennifer Annette Ehle (Mills, Sylvester) January 28, 1968 – February 21, 2022

Jennifer, who was already an angel on Earth, gained her heav-

enly wings on February 21, 2022. While the absence losing her brings overwhelming grief to those who loved her and whom she loved, we know she was simply too good for this world. She loved the Lord; she was a shining example of God's grace and the teachings of Christ. She embodied Christ and lead by example in Love. She was a selfless, kind, considerate, intentional, loving, funny, clever, artistic, smart and courageous woman.

It is an understatement to say that she was a devoted mother, grandmother, and wife. She lived to enjoy the company of her family and to plan special and wonderful moments for us to enjoy. She was giving, always buying, or making the most thoughtful and insightful gifts for those she loved. She could choose the best gifts because she knew our true hearts better than anyone. She was there for those she loved at the drop of a hat, without question, hesitation, or expectation. She was so exceptionally proud of her children and grandchildren. She taught love, compassion, understanding, and forgiveness. She encouraged us in everything and taught us to follow our dreams no matter what.

She never missed an opportunity to be there for all our special events. She was an expert homemaker. She taught us how to make a home cozy, make ordinary things special, make holidays memorable and that taking care of one another was of the highest priority. She had flawless taste, creating beauty wherever she went. Her presence in a room provided light, comfort, and joy. She was everyone's confidant and the truest friend we will ever know. She was an amazing cook, she delighted in sharing her recipes and food with her family. She believed you showed love through a warm home cooked meal, and we tasted it in every crafted dish.

She was highly intelligent. She had a Master's in Business Administration and was pursuing her PhD. She was well read and loved reading. Her favorites were mystery books like Sherlock Holmes, and adventure books such as Into Thin Air. She always shared her love of books with her children and grandchildren, filling their homes with many, many cherished books.

She was artistic, with a creative heart. She was a published writer. She wrote wonderful children's poems and stories. They were a delight to all that read them. She loved to sketch and paint with watercolors. She would create beautiful woodland animals and flowers that were filled with whimsy, playfulness and beauty. Her eye for beauty was unmatched. She loved music and taking pictures of her grandchildren. She loved nature, and gardening. She taught us to love flowers and helped us plant our gardens. Her love and passion were contagious.

She was married just a little less than a year ago to the love of Home with Michael's care. her life, John. They were soulmates. She took so much joy in being married and being his wife. They loved in a world of their own. She loved his witty sense of humor. She was a total comedic and loved to laugh and make others laugh. She was married on the first day of spring in Tennessee last year. She adored him; she told her family that being with him made everything wonderful, and special. She waited her whole life to find a true love, and she found that in John.

As a person, mother, grandmother, and wife she was exceptional. She was the standard for living like Jesus, being thoughtful, being considerate, and most importantly loving with everything she had.

Waiting to greet her in Heaven is her mother, Georgia Sylvester, and her brother, Mark Sylvester. She is survived by her husband, John Ehle; her son, Nicolas Mills (Shawna Mills); her daughter, Monica Hayes (Nicholas Hayes); her daughter, Sara Mikac (Erik Mikac); and her son, Nathan Mills (Morgan New). She has five grandchildren, Aidan Hayes, Liam Hayes, Mandi Mills, Hayden Mills, and Henry Mikac. She is also survived by brother, Lee Sylvester (Stacy Sylvester); and sister, Marilyn Harris (Grady Harris).

One of her favorite quotes was, "At times the world may seem an unfriendly and sinister place but believe that there is much more good in it than bad." - Lemony Snicket. We thank her for being the reason we could believe this.

Visitation will be from 11 a.m. to 1 p.m., with services at 1 p.m., on Tuesday, March 1, 2022, at Randall & Roberts Fishers Mortuary, 12010 Allisonville Road, Fishers. Burial will be at Odd Fellows Cem-

## Robert K. Tener September 8, 1935 - February 15, 2022

Robert K. Tener, Colonel, Retired, U.S. Army Corps of Engineers, died peacefully after a lengthy illness on February 15, 2022, with his wife Ann by his side. He was 86 years old.

He was born Robert Kinley Tener on September 8, 1935, to Alan L. and Grace Fawcett Tener in Cleveland, Ohio. Known to all as "Bob," he was the eldest of the "Three Tener Boys" (Bob, John, and Jim) growing up in Noblesville, where he was an accomplished student, musician (a clarinetist and singer), and athlete (mostly baseball).

Bob married Sara Sue Lorton in 1958. Together they had three children and traveled on military assignments to more than 20 places around the world. Bob balanced the demands of leading battalions of builders with joyous family skiing trips in the Alps, swimming in the Mediterranean, and visiting castles and museums. He gifted his

family with global experiences and an appreciation of altruism. Immediately after receiving his degree from the U.S. Military Academy at West Point in 1957, Bob went on to earn a master's de-

gree and a doctorate in structural engineering from Iowa State University, Ames, Iowa. He served his 27-year career in the U.S. Army as a commissioned officer. He had a lifelong career of remarkable engineering achievements

spanning five-plus decades in four distinctly separate arenas: military, service engineer, academe, and management. He crossed disciplines with significant achievements of national scope in the public, private, academic, and non-profit sectors. His career led him to a position at the Pentagon, as well as to fac-

ulty positions in civil engineering at West Point and Purdue University. He was the District Engineer of Tennessee's Cumberland River Valley, where he headed up the Divide Cut of the Tennessee-Tombigbee Waterway and numerous other large Corps projects. One of Bob's strong suits as a regional leader in the Corps was his consistent prioritization of environmental conservation principles.

Through his military career, Bob received the Bronze Star Medal for meritorious achievements in Vietnam in 1968, a Meritorious Service Medal for outstanding service as a U.S. Military Academy faculty member in 1972, and a Meritorious Service Medal for service as Battalion Commander in Germany in 1975. Bob rose through the ranks, earning early promotions to both Major and Lt. Colonel. He retired in Dallas, Texas, in 1984 as Colonel.

Following retirement from the Army, he served on the Purdue University civil engineering faculty for eight years, where he advocated for effective industry-university partnering through leadership roles in the national education committees of the Associated General Contractors and the American Society of Civil Engineers. In 1995 he was one of the first two academics to become a Design Build Institute of America (DBIA) member and a Designated DBIA Professional.

In 2005, Bob became the founding Executive Director of the Charles Pankow Foundation, an applied research institute in California, advancing best practices in the engineering, design, and construction industry.

Bob retired from professional work in 2012. Among his numerous awards and recognitions are Iowa State's Professional Achievement Citation in Engineering; voted Professor of the Year four times by his Purdue students, and election to university honorary societies: Tau Beta Pi, Phi Kappa Phi, Chi Epsilon, Beta Tau, Iron Key, and Mortar Board. In 2012, Bob was awarded the DBIA Brunelleschi Lifetime Achievement Award. He founded, and for six years chaired, the Board of Directors for the Inland Empire, California regional chapter of the National Architects, Construction and Engineers (ACE) Mentor program. He served on the Board of Trustees of the formerly named Rancho Santa Ana Botanic Garden, Claremont, California, currently California Botanic Garden.

He and his wife Ann Joslin Tener lived in Claremont, Calif., for 18 years, where both were active in service and leadership work on community boards and city committees. In 2018, they retired to Bella Vista, Ark.

Bob is predeceased by his former wife Sara, his parents, and brother Jim. He is survived by his wife Ann; brother, John Tener (Nancy); children, Kinley Tener (Carol), Robin Tener, and Erin Tener Hollinden (Andy); stepchildren, Robert Joslin (Danni) and Nicole Joslin Green (Jason); and grandchildren, Keerin Tener (Sukh Chambers), Sean Tener (Kristen Robinson), Gillen Tener Martin, Anasazi Hollinden Shields (AJ), Lily Hollinden, Renee Richardson, and Reece Richardson; and great-grandson, Jack Edward Tener.

He will be remembered as a devoted husband, loving father, grandfather, and great-grandfather. He was known for his intellect, talents, generosity, caring, and warmth. He loved music, the mountains, botanical gardens, and developing people as well as structures. He lived an extraordinary life. He will be forever loved and never forgotten.

A Celebration of Life will be held at 4 p.m. on Sunday, April 24 at the Mildred Cooper Memorial Chapel, Bella Vista, Ark.

## Jennifer Dawn Nicholson (Rogers) September 18, 1958 – February 19, 2022

No doubt she was singing as she became present with Jesus on Saturday, February 19, 2022. She was an amazing Christ follower, wife, mom, grandma, friend, teacher, singer, performer... She truly lived life to the full in all areas.

She ministered faithfully side by side with her husband, Dave. Jen was a gifted worship leader, doing so in every church they served. Jen was also an amazing teacher. Whether leading as the Choral Director at Noblesville High School, teaching younger children at Noble Crossing Elementary, Directing Chapel at Noblesville First UMC Preschool, or teaching pri-

vate lessons (piano, voice, ukulele, etc.); she gave her all to her students. Jen led women's Bible study groups, spoke and sang at conferences, and felt honored to sing the national anthem at Market Square Arena/Bankers Life Fieldhouse, Victory Field, multiple banquets and at many other venues.

She loved God with her whole being and was able to love whomever she met with His grace and kindness. She was passionate in her walk with Jesus and in her music. She wrote songs as well as performed (The Belfry, Epilogue Theater, Westfield Players, and others).

There is no way to give even a glimpse of her love, passion and commitment in this space. You can enjoy her songs and antics on YouTube. Two of her favorite life guiding phrases are: "Rejoice in the Lord always. I will say it again: Rejoice!" Philippians 4:4. "Music moves the soul like nothing else can." Jennifer Nicholson.

Her dad, M. Neil Rogers, and mom, Dottie (Skaggs) Rogers, arrived in heaven ahead of her, as well as three undelivered children. She will some day meet again with her loving husband, David "Dave" Nicholson; son, Josh (Hollie) Nicholson; daughter, Hannah Huntington; and her favorites, the grandchildren: Claire, Landen, Max and Sam; as well as sisters, Stephanie (Don) Fantuzzo and Allison (Mark) Gallo; brother, Mark (Bridget) Rogers; best friend, Beth Winchell; and 16 nieces and nephews. Although we all first look forward to seeing Jesus, it will be a great reunion with Jen in heaven.

Visitation and a Celebration of Life were held on Saturday, February 26, 2022, at Noblesville First United Methodist Church, 2051 Monument St., Noblesville.

In lieu of flowers, memorial contributions are encouraged and may be directed to the Jennifer Nicholson Music Scholarship Fund.

I'm still reeling from the sting of Sting right now.

Sting, as in the world-famous Rock and Roll Hall of Fame singer-songwriter who once fronted one of the most arresting bands of the day (back in my day at least) before embarking on a

successful, decades-long solo career.

Sting, as in one of the few remaining performers I still hope to see live before, well, one of us is no longer alive. Neither of us is getting younger. Sting is 13 years older, but something tells me he'll still be around when I'm not. He's a healthy-looking soul, which probably has something to do with all that reported tantric sex (I bet it's good for his pores too).

The sting I'm feeling stems from failing to secure tickets for Sting's upcoming May 8 performance in Carmel at The Palladium Center for the Performing Arts, the 1,600-seat, crown jewel of Midwestern concert halls. I take my concert losses very personally.

My wife Brynne loves Sting. We appreciate both his solo and Police stuff. I was determined to take her to see Sting because, well, every little thing she does is magic.

Last week, I first learned about Sting's Carmel stopover. On Tuesday, at 10 a.m., I was ready to pounce during a presale opportunity being held prior to a public sale on Friday. Having someone of such a global stature as Sting performing in an intimate, all-seats-are-good-seats venue like The Palladium would be a surefire recipe for a supersonic sellout, I reasoned. I would have to act fast. Display my cunningness

Pre-planning for the pre-sale, I tried to gain an edge by paying \$45 to join the official Sting fan club, which entitled me to a pre-sale code, thus "possibly" being put on the fast track for tickets. It was the most desperate measure I have ever taken to buy tickets. I've never joined any kind of club before, not even as a kid. Suddenly, at 57, I was akin to being a barely pubescent squealing girl joining a fan club for The Beatles in the 1960s. I almost felt creeper-like. What can I say? – other than I had a personal quest to take Brynne to see and hear Sting.

The \$45 pre-concert-ticket-buying expenditure did inflate my confidence. I was in the CLUB! Does that make me a Stinger? Surely, I was a shoo-in for Sting tickets. My excitement got Brynne's hopes up.

I've seen more concerts than one human being should be allowed, and typically, I have been one step ahead of the secondary-market ticket resellers who inflate the prices to crazy levels. I still don't not fair.

Only once before during my almost 40-year-concert-going history had I failed nailing desired tickets, those being for Van Morrison at the Chicago Theatre sometime around 2010. Van's shows, then and now, sell out quickly, so imagine my initial excitement when I actually had momentary rights, via Ticketmaster, to two seats. Imagine then my disappointment when the system timed out before I could find my wallet and enter, with shaky fingers, a valid credit card number, thus losing my place in the long virtual line. I retried, but the show was sold out. The loss of Van Morrison tickets came with a sting, too – hell, here it is 2022 and I'm still writing about it. A few years later, I was fortunate enough to see Van play in a 300-seat resort in Trim, Ireland. I still pinch myself over my good luck to have seen him in his Irish homeland. It was a dream concert.

Twice, Brynne and I actually had tickets to highly-anticipated shows that were ultimately canceled. In 2018, we bought tickets to see Randy Newman at Lincoln Center in NYC, a show Newman had to cancel due to knee surgery. My first thought was, "Are you telling me Randy Newman plays piano with his knees?" In 2020, we had tickets to see John Prine in Louisville. Sadly, Prine died of COVID-19 in the early part of the pandemic. We both still mourn not over the cancellation of a concert but over the music world's tragic loss of arguably the best singer-songwriter ever. Even now, Prine's passing makes it hard for me to listen to his music. It's just hard. It's just too hard to explain. At least I was fortunate enough to have seen four Prine concerts.

But back to the sting of Sting. As you already know from the fourth paragraph, despite spending \$45 for a pre-sale passcode, Sting tickets eluded me. As expected, the show sold out in what seemed like a mere eyeblink in time.

I actually stooped low enough to search the online reseller sites. Sure enough, tickets originally going for \$100 at the venue had more than tripled in price. As much as I would love to see Sting, I refuse to condone the StubHubs of the

I guess I'll just live with the sting and remain disconcerted over a concert, as well as accept that I am \$45 poorer for the failed effort. Perhaps – at least for now it's my destiny to be the king of pain.

Even though I walk through the darkest valley, I will fear no evil for you are with me; your rod and your staff, they comfort me. Psalm 23:4 NIV

God said, "Fear not." And then life happened.

I went to bed with fear. I woke up with

For I have chosen you and will not throw you away. Don't be afraid, for I am with you. Don't be discouraged, for I am your God. I will strengthen you and help you. I will hold you up with my victorious right hand. Isaiah 41:9-10

I have never audibly heard the voice of God. However, I have been awakened from a deep sleep to thoughts I knew had to be God putting them in my mind. This has happened on a few occasions. I will tell you, because of those moments, it has changed how I perceive God to be in my life.

I am in no way a Bible scholar or theologian. I'm definitely not a saint. I struggle to call myself a Christian for fear of its negative generalizations and anyone thinking I am above the struggles of a sinner. Holy Schmoley, was I wrong. By the time I was in my mid-40s, I was floundering in my faith. Sure, I still believed in God and was still walking the narrow Christian way, but my faith looked nothing like 'tis so sweet to trust in Jesus.

God and I started having some talks (actually, I did all the talking) where I let him know I was not happy with the things He had allowed to happen in my life. As I prayed, I also started searching and studying the scriptures. You might say I began truly SEEKING

I felt a bond with Joseph as he spent so many years struggling with all the unfairness that was done to him. I read the part of his story where he said to his brothers, who had betrayed him: "You intended to harm me, but God intended it all for good." Genesis 50:20 NLT

All for good. Whew, that

that I had been through?

I could relate to Job as I felt my fair share of plagues. I thought that somehow, I had mistakenly signed up for the crisis-of-theagreed with that thought. As I studied the scriptures, I read this: So the Lord blessed Job in the second half of his life even more than in the beginning. Job 42:12

tering what I thought would be the second half of my life.

Could God be taking me to these scriptures for a reason? Did the voice of God beckon me to listen to the words that had been divinely inspired? So many times, what I was reading was what my heart needed to hear.

I understood how David felt as he sought to know the heart of God. I studied the Psalms. I marked in the margins of my Bible. I wrote the dates of my readwas as if the Psalms were a love letter to me from God. Psalm 91 became my "go to" for the bad days. I had the amazing foresight to take last Monday off, which happened to be a mostly sunny, almost 60-degree day. I planned to visit my mother and Betty Gerrard, a Noblesville legend, that morning.

I could not let the month of February go without mentioning such an important topic as heart health! Most of you are very aware that February is "National Heart Health

Month" as well as the "Go Red for Women" month.

Fortunately, there is much information available now about heart health, particularly as it renot surprised, thankfully, that heart disease is the number one killer of both men and women, surpassing all types of cancer and other diseases. In 2012, nearly 800,000 people in the U.S. succumbed to heart disease, with coronary heart disease being the most prevalent.

Direct and indirect costs of heart disease total more than \$320.1 billion. That includes health expenditures and lost productivity. According to the Johns

# Finding joy in life's failures

It drove me crazy as a kid when my father used to tell me, "It's all in your mind."

In a series of previous columns January, we discussed the importance of carefully planning and establishing goals.

As I have previously stated, in my experience, setting audacious goals provided tremendous reward, and I have achieved more than I ever thought possible. However, what happens fall apart or a goal for which you have been striving fails? I am no stranger to failure, and through the years, I experienced my fair share of defeat.

In times of difficulty, my father's unpretentious (though agitating) expression rings loudly in my ears, pushing me on through the muck of tribulation. Even the best laid plans

of James, says, "Count it all joy, my brothers, when you meet trials of various kinds, for you know the testing of your faith produces steadfastness."

Count it all joy? Really? when your well-laid plans I can't say that joy is the first emotion I experience when I fail. Upon further reflection, however, I've come to realize that my character has grown the most in times of trouble. Thus, in the midst of trials, we can be confident that our suffering is not in vain. For the Lord uses our trials in order to build our character and make

# Lifting: The next best thing

The Sheridan Student Column is brought to readers by Sheridan High School's 10th English grade class, taught by Abby Williams.

Lifting weights: It isn't a sport, yet not a fun pastime. It's a process that has many

benefits to what the lifter wants to accomplish.

In the gym, people build friendships and many muscles that are hard to break. When people go to the gym there could want to achieve – goals like losing weight, building muscle, training for a sport, and overall self-improvement.

The gym is a sacred place for some people but to others, a waste of time. People mistake it for a waste of time by thinking it's a negative environment. In most places it's a positive place where people have a common goal in mind. It boosts confidence in people to do what they want. Different gyms have different types of training types to best suit some people. For example, an Olympic weightlifting gym or powerlifting gym are very different in what they offer.

body looks compared to a certain physique. The classes are divided into what physique a person has, and their height determines how much they weigh.

Although these sports are many different goals they are some of the most popular ways to train, there are so many more ways to train. Most options to train are either split into strength or endurance training. Both have their benefits, and depending on what someone's goal is, they can decide what's best for them. Strength training is more for athletes in powerlifting or Olympic weightlifting, while endurance training is for athletes in sports that run a lot or require a lot of conditioning. For athletes who play contact sports such as football and other kinds of sports, both strength and endurance training are optimal for them.

Notice is hereby given pursuant to Indiana Code § 6-1.1-20-3.5 that the Board f School Trustees (the "Board") of Sheridan Community Schools (the "School Corporation") did, on February 21, 2022, make a preliminary determination to issue bonds and enter into a lease agreement (the "Lease") for the renovation of and improvements to the Sheridan High School and Middle School, including ossible construction of an activities center, relocation of central office, upgrades to sports facilities and site work and the purchase of equipment and technology (the "Project"). The Lease will be for a maximum term of 22 years with a maximum annual Lease rental of \$1,500,000. The maximum annual Lease ental has been estimated based upon an estimated principal amount of bonds of 6,200,000, estimated interest rates ranging from 1.0% to 5.0%, and total

stimated interest costs of \$3,924,433.
As required by Indiana Code § 6-1.1-20-3.5(b)(1), the following information wa vailable to the public at the public hearings on the preliminary determination: i) the School Corporation's current and projected annual debt service payments ivided by the net assessed value of taxable property within the School Corporation, which is 0.78%; and (ii) the sum of the School Corporation's outstanding long term debt plus the outstanding long term debt of other taxing units that include any other territory of the School Corporation divided by the net assessed value of taxable property within the School Corporation, which is 7.36% The School Corporation's current debt service levy is \$2,812,445 and the curren

ate is \$0.6017. After the School Corporation enters into the proposed Lease and the bonds are issued, the debt service levy will increase by a maximum of \$1,500,000 and the debt service rate will increase by a maximum of \$0.3551. However, as existing obligations mature, the anticipated increase to the Debt ervice Fund tax rate is expected to be \$0.0343.

The estimated amount of the School Corporation's debt service levy and rate hat will result during the following 10 years if the School Corporation enters into the lease and issues the bonds, after considering any changes that will occur to the lebt service levy and rate during that period on account of any outstanding bonds or lease obligations that will mature or terminate during that period:

The Project may involve the opening of new school facility space; however, he new school facility space will be more efficient than the school facility space which is being replaced. Therefore, the School Corporation does not expect to nnually incur an increase to operate such new facility space. The purpose of the ease is to provide for the Project.

If a valid petition pursuant to Indiana Code § 6-1.1-20-3.5 is received within 30 lays from the first publication of this notice, the proposed debt service or Lease ayments must be approved in an election on a local public question held under ndiana Code § 6-1.1-20-3.6. Dated February 28, 2022.

Also, Ashlynn Shade got an additional workout by holding up a big trophy, the one that the Noblesville girls basketball team won last Saturday night at Gainbridge Fieldhouse in downtown Indianapolis.

After the fifth-ranked Millers' convincing 76-52 win over No. 2 Franklin Community in the Class 4A state championship game, wouldn't Shade be a little tired? Maybe, but she didn't feel that way.

"I feel like I can play another game right now," said Shade. "My adrenaline's going and I'm just so happy right now."

That happiness was shared with her teammates, coaches and the thousands of Noblesville fans that packed the Fieldhouse. Everyone was waiting to see if the Millers could win a second state championship, finally adding a companion to the state title Noblesville won back in 1987.

It looked a little shaky at first, when the Grizzly Cubs scored the first five points of the game. But the Millers didn't panic. Instead, Noblesville answered Franklin with a 7-0 spurt of its own.

"In this environment, we have nerves and they have nerves," said Donna Buckley, who celebrated the conclusion to her 14th season coaching the Millers with a big win. "They hit a couple, and then once we settled in and got the ball in the paint, I thought that was the dif-

risky, as Franklin is a team that collectively shoots 34 percent from long range, having made 272 triples coming into the 4A final. The Millers' defense was able to hold the Grizzly Cubs' 3-point shooting in check, as they made 6 of 24 from beyond the arc.

Meanwhile, Noblesville was having success inside. Twenty-four of the Millers' 29 baskets were 2-pointers, with the majority layins and short jumpers. Noblesville was 24of-40 from 2-point range for the blesville a chance to put its game, a sizzling 60 percent.

"They love to shoot the 3," ball inside," said Buckley. The the University of Connecticut, of success" going inside, and weather any storms that Frank-But Noblesville was willing lin's long-range shooting would

Throughout the tournament, Noblesville made extended scoring runs its trademark. The state championship game was no exception. The Millers' initial 9-0 run turned out to be the first leg of a 23-7 stretch that lasted well into the second quarter and gave Noblesville a 32-18 lead. Once the run was finished, the Millers' lead never dipped below double digits again.

The runs also give Noconsiderable depth on display. "We wanted to pound the Shade, who is committed to gets quite a bit of attention, and deservedly so - she is a special pable of scoring as well.

poured in eight points, including a pair of 3s. Her second triple put the Millers on top 28-16, moving them into a double-digit advantage for the first time. Reagan Wilson added five points, including her own 3. Meredith Tippner and Dani Mendez both made baskets and Kaitlyn Shoemaker threw in a pair of free throws.

"It definitely feels amazing," said Wilson. "And it's also just so much pressure that we take off Ashlynn's back because she doesn't have to feel like she has to come out here and score 40 points every night. 'What do you do?'"

Of course, Shade has the

any given moment. She did that in the second quarter, where she lit up the baskets for 14 points. Shade made two free throws with 2.2 seconds left in the half, and Noblesville was up 47-28 at the break.

Even though the Millers had a 19-point advantage, no lead is completely safe in post-season basketball. The Grizzly Cubs made their expected run in the third quarter, as their star senior Ashlyn Traylor scored 10 points during that period. Meanwhile, Noblesville was held to six points.

Buckley said that in the It's just awesome to have so third quarter, "we honestly many threats that, defensively didn't play bad. We missed two for the other team, it's just like, or three layups." If the Millers make those layups, then they're think we had not our best third

back up by 15 points and the pressure is back on Franklin, but we missed them and then they come down and we kept fouling and putting them on the free throw line," said the coach.

The closest Franklin got was 53-43, as Kuryn Brunson - who would win the Mental Attitude Award after the game hit a free throw to get the Grizzly Cubs within 10. But Shade stepped up again, making a 3-point play with 7:17 to go.

After that, Buckley thought things would be going Noblesville's way. "We just needed to make a shot and we did that and it was over after that," she said.

Did Shade agree? "One hundred percent. I

## No. 5 Noblesville's balanced team effort helps secure Class 4A championship in rout of No. 2 Franklin

By CRAIG ADKINS

INDIANAPOLIS - The 2021-22 Noblesville Millers did everything remotely possible to complete that last part of their season's mission. They knew it would be a tough task against a Franklin team that had only lost once, but the dice rolled the way of the Millers last Saturday night at Gainbridge Fieldhouse in Indianapolis to the tune of a 76-52 victory, crowning them Class 4A state champions.

It was a game of runs and aside from the Grizzly Cubs' 5-0 run to start the game, the majority of the momentum shifted towards Noblesville.

Noblesville went on a 7-0 run of its own and just like that, the Millers were up 7-5. Franklin would grab the lead again with a left side three from Erica

Junior forward Dani Mendez snagged an offensive rebound and put it back up for two to make it 9-8 Millers. But, the Grizzly Cubs kept at it from the outside. Scarlett Kimbrell knocked down a three to regain the lead at 11-9.

"I just wanted to play hard and tough to help us out and get extra possessions for everyone else to score," said Mendez.

"She's Danimal," stated Ashlynn Shade of Mendez. "She's like Dennis Rodman, I mean she's a different beast," Shade continued about the emergence of Mendez's play.

Reagan Wilson swished a 9-foot jumper to even things at 11-11 and that fueled the Millers for a run to end the quarter.

Ava Shoemaker drilled a three from the right corner and

F.C. Tucker Company

pass near mid court and drove to the basket for a layup, helping give Noblesville a 7-2 run at the end of the first for an 18-13 lead.

The Millers' feet would continue to stay on the gas pedal throughout the second quarter. This was where Ava would show what she's got. The sophomore scored five of her 12 points in the second, including a driving layup and then another three, this time from the left corner. The younger Shoemaker's second three would give Noblesville their first double-digit lead at 25-13 and it would keep growing.

It seemed like Franklin just wasn't able to adjust to the Millers' up-tempo style of play, which helped Noblesville go on another run to close out the first half.

Ashlynn Shade flexed her "I am kind of a versatile offensive prowess in the second to keep extending the lead, scoring 14 in the frame to give her 16 at halftime.

"Going into this game, woke up quickly on offense to there were tons of positive respond. Shade showed how she can couple shots, we thought, 'OK,

## CARMEL BOYS SWIMMING - STATE CHAMPIONS

# Greyhounds roll to eighth straight title

Carmel boys swim team was true to form at the IHSAA state finals: The Greyhounds started fast and finished fast.

Carmel rolled to another state championship last Saturday at the IU Natatorium in downtown Indianapolis. The Grevhounds won their eighth consecutive state trophy by scoring 381 points, comfortably ahead of runner-up Zionsville's 247 points. Carmel began the meet with a new national record, then dominated the latter half of the meet, triumphing in five of the last seven events.

The 'Hounds won the medley relay, the opening event, in dominating fashion, with their new national mark of 1 minute, 26.88 seconds. The team of Sean Sullivan, Ryan Malicki, Aaron Shackell and Christopher Holmes was over two seconds ahead of second-place Zionsville.

"It's a huge tone-setter for the meet for us," said Carmel coach Chris Plumb. "I thought we could go 1:27. To go 1:26 is awesome." The coach called the race "a tremendous experience" and said he was "really proud of those guys."

The Greyhounds had to wait for a few races before they got back in the winner's circle, but they were also getting several top eight medals along the way. Aaron Shackell and Gregg Enoch placed second and fourth respectively in the 200 freestyle, then Ryan Malicki and Michael Gorey placed second and sixth in the individual medley, while Brandon Malicki placed 11th. Holmes was the 50 free runner-up.

'This meet's about 'A' Finals," said Plumb. "You got to have more 'A' Finals than the next guy, and to have so many step up last night. The state meet was won last night. We talk about that all the time, and then you try to win a national championship on Saturday. We executed that."

Andrew Robertson's consolation heat victory (officially placing him ninth), also added nine points to the Carmel total. After the diving break, the 'Hounds led Fishers 134-100, but began to accelerate once action returned to the pool. Shackell helped start the run with a victory in the butterfly, clocking in at 47.69 seconds. Leo Han and Holmes also won medals, taking fourth and sixth.

RICHIE HALL

Sullivan got the next blue Fishers had a certain number in INDIANAPOLIS - The ribbon, prevailing in the 100 free, mind when it came into the state while Robertson finished 11th. In the 500 free, Fishers' Kyle Ponsler won the race, but points from Enoch (second), Connor Lath-

(12th) kept Carmel well ahead. The Greyhounds rolled through the final third of the meet, starting with a win in the 200 free relay. Holmes, Graham pulled away from Zionsville to finish in 1:22.53. Han took third in the butterfly, with Lathrop (13th) and Emile Haig (16th) by one and a half seconds. adding points as well.

in the breaststroke in a time of 53.89 seconds, with Brandon Malicki placing fifth and Gorey taking 12th. Carmel finished the meet with a big win in the 400 free relay: Shackell, Enoch, Brandon Malicki and Sullivan finished that race in 2:58.11.

Sullivan finished the meet with four state titles, including all three relays.

"Last year, I was in two individual events, no relays or anything," said Sullivan. "So this year I really had to prepare myself different mentally. I had to have more of a team mindset, think about what would be best for the team rather than my individual success."

"I always look at how far people have come to get there," said Plumb. "And watching Sean Sullivan get almost two seconds faster in the 100 free in the past year and going 19 (seconds) in the 100 relay and leading off at 21 next to Will Modglin, I think he has really just come so far. And obviously any champion we had did amazing jobs to win, but when you watch people who have come so far to excel is just as awesome."

The 381 points Carmel scored is the second-most in state history. The Greyhounds totaled 417 points in the 2016 state meet.

### TIGERS TAKE THIRD Fishers finished a strong

third place behind the Greyhounds and Zionsville, scoring

It was a thrilling number for the Tigers, but also a little scary if you ask coach Joe Keller. The coach called his team's performance "awesome," noting that all but one of Fishers' swims either held or moved up in position from the prelims.

So what was scary? Well, the 500 free.

"The goal that we set was 208 points, which is kind of eerie that that actually happened, because rop (eighth) and Carson Szotek that was the most points our girls team had ever scored prior to this year," said Keller. "And so we wanted to be at or above that. So we're pretty excited."

The Tigers were led by se-Seaver, Enoch and Sullivan nior Kyle Ponsler, who scored an event victory for his team. Ponsler won the 500 free in a time of 4:23.30, outpacing second place

"I think that that was part Ryan Malicki triumphed of the race plan was to set it up pretty smooth and easy, and then when we got towards the 300 (mark), to start building legs and then start attacking," said Ponsler. He wanted to go "a little bit faster, but honestly, I was just racing for the win."

Ponsler, who will swim for North Carolina State this fall, was happy to win, as he finished second last year - "it was good redemption," he said.

"He's been awesome," said Keller. "He's a really, really tough kid and we felt pretty confident he can win that event."

Ponsler's 500 free win was part of nine championship medals for the Tigers. All three of Fishers' relays swam in the "A" Final, with the best result coming from the 200 free relay. Connor Carlile, Reed Beaumont, Daniel Bennett and Ponsler finished in third place.

Fishers' other two relays took fifth place. Logan Ayres, Beaumont, Bennett and Keaton Chop achieved that finish in the medley relay to start the meet, while Ponsler, Chop, Taichi Kataoka and Carlile completed the meet with a fifth-place result in the 400 free relay.

Ponsler also took third in the 200 free, giving him four medals on the day. Carlile also picked up four medals, as he took fifth in both the IM and 100 free. Fishers' divers had an outstanding day, as William Jansen was the runner-up and teammate Sebastian Otero placed third.

Four more Tigers swam in consolation heats. Beaumont won the "B" Final of the IM (placing him ninth officially) and was 11th in the breaststroke. Avres took 10th in the backstroke and Jonathan Hines was 16th in

The Carmel boys swim team won its eighth consecutive state championship last Saturday at the IU Natatorium in downtown Indianapolis. The Greyhounds scored 381 points and won six events, starting with a new national record in the medley relay.

#### WESTFIELD RISES TO NINTH

Westfield had been in striking distance of the top 10 the entire meet, and delivered an outstanding finish to rise to ninth place, scoring 65 points.

The Shamrocks jumped into the top 10 by winning the consolation heat of the two freestyle relays. The same team - Noah Brauer, Bennett Morse, Aiden Yonkus and Evan Lake - took care of business in both the 200 free relay and the 400 free relay. Again, they were officially ninthplace finishes, but both performances scored 18 team points, so Westfield got 36 points out of those swims.

Brauer and Lake both earned medals as well. Brauer placed seventh in the IM, while Lake took eighth in the 200 free. In addition, Lake finished 14th in the 500 free, Morse was 15th in the 100 free and Brauer was 16th in the butterfly.

quarter, but you're going to have that in basketball. They're going to go on runs and you just got to figure it out, fight through that adversity," said Shade.

Once the Millers had gotten past that adversity, they cruised through the fourth quarter, as Shade's and-1 sparked a 13-0 run that got Noblesville's lead over 20 points. The Millers kept rolling, and a Kaitlyn Shoemaker 3 gave them their largest lead at 76-47 with 1:25 left.

Buckley began to see that the dream was becoming reality "with two or three minutes to go" - the coach admitted that she didn't realize Noblesville's lead was growing so much during the fourth quarter.

"It hit, like, 'Oh my gosh, we're going to win this game," said Buckley. "It was such a great moment to realize what we've done and such a great moment for our community and just for our entire program."

It was something Shade had been thinking about from a young age.

"When I was in fourth grade, I went to the gym every single Friday night with my dad, hoping I'd be here one day and just to be here on this court with the championship is unreal,"

said Shade.

It was also history-making. Shade finished the game with 31 points, tying the record for most points scored in a 4A championship game. Shade is the fourth player to reach that level, joining Terre Haute South's Reicina Russell (2002), Carmel's Chrissy Steffen (2008) and Columbus North's Ali Patberg (2015). In all of those cases, each of those players led her team to the state title. Shade joins those ranks.

The victory gave Noblesville its 11th state championship in school history, and also marks the second time that the Millers have won state twice in the same school year. Noblesville's boys soccer team won a 3A state title last fall. Back in the 1986-87 school year, the Millers won a girls golf state title to go with their first girls basketball title.

"We've got great athletes," said Buckley. "Our administration is awesome. They put us in position as coaches to be able to go out and do the things that we need to do to win. Just super thankful for their support and our community support. We have great athletes that are willing to work hard and do whatever it takes to win."

Noblesville had answers

to everything that the Grizzly Cubs brought back and that pushed the lead at halftime to 47-28.

There were contributions from every bit of the Millers' depth.

"Everyone was scoring, because once I caught it in the post, I would just kick it out to them and they're draining threes," Shade on the offensive balance they had all night.

The Grizzly Cubs cut it back to a 10-point deficit at 53-43, but that didn't last long.

At the start of the fourth, it was becoming more obvious that the Millers were destined to win their second state championship in school history.

"I think with our season and all of the adversity that we fought through, it mentally prepared us for these tournament games at this high level, it's just great," said Shade on the Millers' play throughout the tournament trail.

Making plays like that, Shoemaker continues her "no fear" style of play, which won't stop anytime soon.

"I just want to go out and have fun every game. It's just been so fun to go out every game and play with my best friends," stated Kaitlyn Shoemaker on her style of play.

"We have so many great basketball players on this team, so many people that can score and go play college basketball," said Shoemaker complimenting her teammates.

"I decided from the beginning of the season that I wanted to play my role in every game, even if it's not scoring a bunch of points. Maybe I can get some assists or speed the game up, help the team on defense," continued the elder of the two Shoemakers.

## Gymnastics sectional

# Rookie Tigers advance to the regional

By RICHIE HALL

LAFAYETTE - The fact that Fishers was competing at the Lafayette Jefferson gymnastics sectional was a big occasion in itself, as this is the first season the Tigers had fielded a full team.

But Fishers took it even further last Friday at the Bronchos' Dennis Blind Gymnasium. The Tigers finished third at the sectional, which means they will get to compete at the Valparaiso regional Saturday. A big occasion has now turned into an historic one.

"I'm very proud," said Fishers coach Susie Strange. "I'm very excited for my team. It's been a lot of trial and tribulations, but we've succeeded and they've really done a really good job."

The Tigers scored 102.775 points to take the third spot. Harrison won the sectional championship with a score of 105.525 points, and host Lafayette Jeff was second with 103.40 points.

Fishers had scores in the 26 range in three of the four events. The Tigers' best rotation was in vault, where they totaled 26.825 points. Megan Jerrell led the way with a 9.25, Fishers' highest score of the night. That gave her fourth place, the best finish of the night for the Tigers. It also got Jerrell a ribbon, as those go to the top six in each event.

Senior Gianna Dewald picked up two event ribbons, placing sixth in the uneven bars and the balance beam. Dewald also got an extra ribbon for finishing sixth in the all-around. Her four-event total was 34.825

on vault, good for seventh place.

"It feels really great," said Dewald. "I'm actually really proud of us. We worked really hard to get where we are and I'm really proud of us as a team."

'We've had some personal bests," said Strange. "We've had some new skills that we performed tonight for the very first time. And hopefully we have some other things up our sleeves for regional."

In other words, Fishers is happy to be going to the regional, but the Tigers don't want to stop there. Six teams compete at the regional, with Valparaiso hosting the top three from Lafayette Jeff and the top three from Chesterton. Then, the top three teams at the regional will advance to the state finals, which take place March 12 at Ball State University's Worthen Arena.

"We'll do some practicing and up our skills and hopefully do even better at regionals," said

### MILLERS PLACE SIXTH

Noblesville had a good night at the sectional, finishing in sixth place with a score of 93.65.

The Millers' young gymnasts were solid, with sophomore Lyric Barnett getting her team's highest score and place of the night: An 11th-place result on the vault with an 8.65.

points. Dewald also scored a 9.05 Charlotte Moise scored an 8.425. while senior Hailey Knoll scored an 8.325. Moise tied her season-high floor score, while Knoll earned her season high.

> "Honestly, we had a wonderful day," said Noblesville coach Jody Kiovsky. The coach was also happy with her team's balance beam performance, where the Millers totaled a 23.825. Moise and Barnett both delivered "beam sticks" for Noblesville.

> "Our floor scores were pretty solid and consistent," said Kiovsky. "We had a good, solid beam day. We had season-highs for floor all over the place, bouncing back to floor.'

> Moise had the highest allaround score with a 31.75, with Barnett right behind her at

> "I've enjoyed this team and enjoyed just being able to bring it home with a good sectional, and was really proud of where we ended today," said Kiovsky.

I was born and raised right here in Noblesville. I grew up in a home without domestic violence or assault - it wasn't something I saw, or even heard about. But when I was introduced to Prevail of Central Indiana, I was shocked by the number of individuals who are affected by domestic violence. In 2018 alone, Prevail helped more than 4,000 clients in Hamilton County (nearly 80 percent of clients are women and children). Domestic violence and abuse are hard topics to discuss, so you don't often hear about them. But at Tom Wood Volkswagen in Noblesville, we're breaking the taboo and raising awareness for Prevail, an organization that helps families in Hamilton County.
