MEDICARE SCAMS

from Page 1

In order to enroll into a new plan, your relative must have her Medicare card handy to provide their number and Medicare Parts A and B start dates. Perhaps the trusted adult who is helping this relative could retain this card. It's tough. If you've had to deal with a person with memory care issues, you know that much of the time they can be fine and in possession of 100 percent of their mental acuity. And at other times they are very confused. It only takes one call from one persuasive telemarketer to mess up the Medicare plans you've help put in place.

What to watch for? Most people are searching for those on a traditional Medicare Supplement Plan F or G, which your older relative most likely has. The caller will pitch a "similar" plan for \$0 per month. What's not to like? "I'll save money, get the same coverage and my kids will be proud of what a savvy shopper I am." While there are \$0 per month Medicare plans and they are not scams, those are a very different type of coverage and are not the same as a Medicare Supplement Plan F or G.

Switching can usually only occur during the last three and first three months of the year – so you only have to coach and warn and monitor your loved one's coverage from Oct. 1 to March 31. You can relax the six months, then get vigilant again! During the last three months of the year when the TV ads are running 24/7 with movie stars from your parent's generation, have this discussion.

- The elevated contamination risk that the operation – proposed to be next to the White River in Noblesville – poses to Hamilton County's drinking water, especially without proper oversight and monitoring;
- The increased industrial noise levels that may violate city noise ordinances for both park goers and nearby residents on Allisonville Road;
- The dust emissions and air pollution, along with environmental concerns for the wildlife in and around the White River, especially without oversight and accountability;
- The potential eminent domain issues that may arise with properties adjacent to the mining operation, because of auxiliary road lane proposals; and
- The precedent that the rezoning, if approved, would set for other industrial operations seeking to conduct business within dense residential areas subject to Noblesville's United Development Ordinance, part of the city's Comprehensive Master Plan.

In this pursuit, Valor's founders hope the Court will determine that the school board must report the closure of Orchard Park and follow all the rules which pertain to the closure and any change of use in the building thus opening a window of time in which a charter may claim the building.

"Orchard Park is owned by the taxpayers and is no longer being used for classroom instruction," said Valor Founder Holly Wilson. "We'd like to restore this facility back to a productive use by opening a classical school that supports parents, students, and educators and adds new opportunities and value to this vibrant community."

PREVAIL

Advocating for Victims of Crime & Abuse

I was born and raised right here in Noblesville. I grew up in a home without domestic violence or assault - it wasn't something I saw, or even heard about. But when I was introduced to Prevail of Central Indiana, I was shocked by the number of individuals who are affected by domestic violence. In 2018 alone, Prevail helped more than 4,000 clients in Hamilton County (nearly 80 percent of clients are women and children). Domestic violence and abuse are hard topics to discuss, so you don't often hear about them. But at Tom Wood Volkswagen in Noblesville, we're breaking the taboo and raising awareness for Prevail, an organization that helps families in Hamilton County.

Tim Phares named new Carmel High School principal

By ALEXIS MITCHELL
WISH-TV | wishtv.com

A new principal for Carmel High School (CHS) has been selected for the fall of this year. Carmel Clay Schools (CCS) has named Tim Phares as the next CHS principal for the upcoming 2022-2023 school year.

CCS announced in December the **retirement of high school principal Tom Harmas** effective at the end of the present school year.

During his 22 years with CCS, Phares has gained a background as an educator and administrator.

He began his career as a kindergarten teacher at Orchard Park Elementary before serving as the assistant principal at Prairie Trace Elementary, then principal at Orchard Park and Towne Meadow.

In 2021, the Indiana Association of School Principals recognized Phares as the District 5 Middle School Principal of the year for his professional accomplishments, qualifications, and leadership.

Superintendent Michael Beresford said that Phares rose to the top of a very competitive pool of applicants.

Phares is a longtime Carmel resident with four children who attend CCS. He received his education from Indiana Wesleyan University, and Ball State University.

Pending board approval, Phares will begin on July 1. The next board meeting is set for 7 p.m. on Monday, April 25.

Letter to the Editor

Mark Hall refutes many claims made in voter's "libelous" letter

Editor's note: [Click here](#) to read the letter published in Saturday's edition to which Mark Hall is responding.

Dear Editor:

Let's begin with some education. Libel is a published false statement that is damaging to a person's reputation – a written defamation. Just because it's in a letter to the editor doesn't excuse the person from personal liability.

Facts are amazing in that with just a little effort, which was clearly not done here, you can prove or disprove your claim.

Ms. Fisher wrote: "Most recently, he was voted off his neighborhood H.O.A. board position."

FALSE – I am not now or have ever been a member of my H.O.A. Board. Never ran for it, have never served on it, and obviously was never voted off it. Had Ms. Fisher taken two minutes to ask anyone with knowledge it would be easily verified. She could have called the property management company Ardsley Management and verified. (LIBELOUS)

Ms. Fisher wrote: "Looking into his businesses, does he have over 20 registered active and defunct businesses and shell companies with several lawsuits attached to them?"

Facts again rule the day. I've started over 30 companies. I have also closed over 25 businesses. Ms. Fisher doesn't explain what she means by "shell companies" so let's give her some credit for coming up with a nefarious-sounding phrase here. All our active companies are listed and compliant as a quick search revealed. As for litigation, yes, we have had a few scrapes. Just like my detractors' letter, accusations and allegations don't prove anything. It is particularly interesting that my detractor failed to tell you that my companies were not found to be at fault. As for selling a business with debt, that happens frequently. People don't purchase a business without due diligence, to write otherwise is just silly. Again, and not ironically, she doesn't provide any details, no specifics, just conjecture and the intended implication of something bad. Ms. Fisher, back your accusations up, be specific or don't write it. (LIBELOUS)

It is accurate (she's one for three so far) that I've run for office before. When a person like me sees firsthand the lack of oversight, the now 50 MILLION dollars in cost overruns approved by my opponent, I can't stand by and let this happen without trying to do something good for my community. It is wrong and it has to change.

You missed this one, too. Our written agreement with Dr. Zipper required the removal of all signs on his property every two weeks. This was thoroughly investigated, proven accurate and correct and the story was squashed by local media except for Channel 13. You use the word "steal" – know your facts. (LIBELOUS)

I find it interesting that you're self-described as a "new person" to Noblesville but amazingly declare that feedingteam.org was obviously designed to help me get elected. How do you know this? If you have some proof other than what my opponent whispers in your ear, let's sit down as reasonable people and discuss it. (LIBELOUS)

The facts again are on my side. We have been doing food charity work for 16 years. Get your facts straight. Feeding Team pantries now serve over 7,000 meals a month to hungry neighbors throughout Hamilton County. This effort involves dozens of companies, almost one hundred volunteers and hundreds of hours every month. Ms. Fisher, I humbly invite you to come serve with us feeding hungry families, look them in the eyes as they get a meal for their children that otherwise would go hungry and then try to tell me that this has anything to do with an election. Call me directly at (317) 832-1104

and I will personally take you on rounds to pick up food, stock, sort, clean and deliver food to hungry neighbors.

Here is where you get it right. Voters want actual demonstrated servants, conservative people who stand for serving others. We have zero paid employees in our charity and donate a percentage of all our businesses sales to feed hungry neighbors in Hamilton County.

Yes, that's me.

If I'm elected, I will serve in that office with the same passion, drive, and servants' heart as I have for SIXTEEN years in food charities, as when coaching hundreds of children, and as I have while serving on several charitable boards. My opponent's service: 20 years of part-time elected government where he's pocketed well over \$1.2 million in pay, perks, and benefits. Any objective person will choose the non-paid servant over the paid, benefited, perk-receiving five-term government insider.

As for social media presence, since you opened that door, it's not a coincidence that you have none in Noblesville. Often that is the sign of someone hiding who they are. Imagine that. I live my life in the service to others and don't hide anything on social media. My opponent historically has posted his vacations with Commissioners and his golf outings with vendors on his social media. Amazingly, now that the light has shined on that behavior those posts have stopped.

His lack of actual scrutiny on spending is the real issue. I couldn't care less that my opponent doesn't post anymore about his Canadian fishing trips with vendors, the Mexican vacations with a commissioner or all the free golf he can stand.

What I care about is the rubber stamp of approval that now exists on the spending.

If he would have maintained decent oversight, take all the free trips you want. Just don't try to convince me that you're independent and that you really oversee spending while drinking margaritas with a commissioner, or while standing knee-deep in a Canadian stream catching fish with a vendor to the county.

Ms. Fisher, for some reason – and we all know what that reason is – you have an axe to grind when it comes to me. You must deal with your own conscience and your actual motivation for the hit piece. Your contribution is a badly veiled attempt at a libelous hit piece. That said, if you are a real person, I welcome your feedback, the discourse and especially healthy conversation. I'll talk and work with anyone who wants to make our communities a better place to live, work and play.

As in most cases, showing Grace is the right course of action for me. Grace is my immediate response to you getting two items right out of all your accusations.

Given your inaccurate data, libelous false accusations, innuendo, and conjecture, I'm comfortable that you were put up to this. It's a shame; you should have contacted me rather than sit behind the keyboard and hurl mud. Wow, they must really be scared.

I'd have happily spoken with you and answered all your questions. By the way, I am familiar with this newspaper's policy on verifying submitted letters to the editor. They will have record of your contact information should you choose to continue your attempts to malign my character.

Ms. Fisher, lastly, thank you for the opportunity to correct the record. As always, I welcome constructive comments and feedback, but know that I will not stand idly by and let you impugn my character, attack my family, or attack my businesses and charity reputation.

Let's go "All IN" on volunteering

Did you know April is National Volunteer Month? More specifically, April 17-23 this year is National Volunteer Week.

Many may remember President George H.W. Bush's 1989 inaugural address, in which he shared a vision for "1,000 points of light" to inspire and energize volunteerism in America — neighbors helping neighbors. President Bush also established April as National Volunteer Month, dedicated to encouraging community engagement and honoring how volunteers create impact in our local community.

Many volunteer opportunities were halted during the coronavirus pandemic, which negatively affected community organizations that depend on the support of volunteers. For some organizations, it meant cutting back on services or increasing operational costs to pay for services previously done by volunteers.

As we began to emerge last year, United Way of Central Indiana launched its first Go All IN Day, an organized, community-wide day of volunteering. It was an enormous success, with over 70 projects completed by more than 500 volunteers across our seven-county service area, including right here in Hamilton County.

This year's Go All IN Day sponsored by WRTV is June 24, and I encourage

AARON GORE
United in Purpose

you to volunteer with co-workers, friends, family — or by yourself — in celebration of the strength and resilience of our community.

There will be a variety of volunteer projects across Hamilton County and Central Indiana, including indoor, outdoor, in-person, virtual, all-day, hour-long and family projects. The key is to lean in to support our community.

The benefits of volunteering are immense: It supports organizations doing the challenging work, and it supports our neighbors who may be struggling. Right here in Hamilton County, one in four families face these financial struggles.

And as an active volunteer myself, I can tell you volunteering also supports positive mental health because it just feels good to give back!

If you have ever volunteered or are currently volunteering: Thank you. And if you know someone who volunteers, please thank them as well. Our community is strengthened by the willingness of others to give back.

I encourage you to join hundreds of volunteers and local nonprofits across our community on June 24 in "going all out" on Go All IN Day. You can learn more and sign up to volunteer at goallinday.com. If you cannot join us that day but are looking for vol-

unteer opportunities, visit volunteercentralindiana.org. There, you can search by date, location and your interests to find year-round options that are the right fit for you.

As our mission statement says, United Way is committed to supporting initiatives that allow Central Indiana to be a community where people thrive, neighbors care for each other and we are proud of all our residents' quality of life. Volunteering is one way to help achieve this vision.

Aaron Gore is United Way of Central Indiana's community relations director for Boone and Hamilton counties. You can reach him at Aaron.Gore@uwci.org.

Last call to register for next Mental Health First Aid training

The REPORTER

Invest Hamilton County, in partnership with Chambers of Commerce across the county, will hold its next quarterly Mental Health First Aid training focused on employers throughout Hamilton County. The event is set for April 19.

Typically, this training costs at least \$250 to \$400 per person, but thanks to support from the Hamilton County Council and Commissioners via the ARPA Committee, this training will only cost \$40 per person (includes materials and lunch) throughout 2022 and 2023. Mental Health America of Indiana will conduct training.

The next program will take place from 8 a.m. to 4 p.m. on Tuesday, April 19 at The Bridgewater Club, 3535 E. 161st St.

[Click here](#) to register.

Why mental health first aid

Mental Health First Aid teaches you to identify, understand, and respond to signs of mental illness and substance use disorders. This eight-hour training gives you the skills you need

to reach out, provide initial support to someone who may be developing a mental health or substance use problem, and help connect them to appropriate care.

What it covers

- Common signs and symptoms of mental illness
- Common signs and symptoms of substance use
- How to interact with a person in crisis
- How to connect the person with help
- How to administer naloxone in the event of an opioid overdose

The course will teach you how to apply the ALGEE Action Plan:

- Assess for risk of suicide or harm
- Listen nonjudgmentally
- Give reassurance and information
- Encourage appropriate professional help
- Encourage self-help and other support strategies

With the current state of affairs and society's growing openness to discussing mental health, all of the Chambers in Hamilton County believe that this will become a staple program offered for years to come.

New federal regulations stiffen requirements for charter schools

The REPORTER schools. The regulations would, among other things, require analysis of the socioeconomic effects of the

charter school, reporting on schools contracting with outside organizations and a community impact analysis. The Indiana Coalition for Public Education (ICPE) has called on Hoosiers to sign a petition in support of these items. State Senator Shelli Yoder (D-Bloomington) issued the following statement: "I hope to see Hoosiers support ICPE's **call to action**. While many charters have important and lasting positive impacts on students and communities, there are

also many that provide insufficient education, are financially unstable, or, in extreme cases, are **completely fraudulent**. To ensure quality and stability in our children's education, we need to regulate charter schools as well as we do any of our traditional public schools. "Hoosiers can also make comments on the proposed legislation on the Federal Register – I hope to see citizens of our state use their voices to advocate for high-quality education for all Indiana students."

Schwartz earns endorsement of former Noblesville Mayor John Ditslear

Dear Editor:

I am writing to express my support for the re-election of Steve Schwartz for Hamilton County Council. Steve is one of the most hardworking elected officials I've ever come to know. I have seen first-hand Steve's relentless support in improving the quality of life for Hamilton County residents.

In my 16 years as Mayor, Steve's leadership on the County Council was important to ensuring Noblesville and the county worked well together – driving economic growth and investment in our communities. Steve is loyal, ethical, caring and a strong conservative voice that puts the residents of Hamilton County first and keeps our taxes low. He is committed to running Hamilton County responsibly and making financially sound decisions based on the need and what's best for the county.

Steve is running for the right reason – he actually cares about our community, not promoting himself or personal agenda. He knows what it takes to serve, and I'm proud to stand behind him.

It's my responsibility, and my pleasure, to endorse and encourage your vote for Steve Schwartz on May 3. Let's keep moving Hamilton County forward.

John Ditslear
Noblesville

Letter to the Editor

Steve Schwartz earns endorsement of State Police Supt. Doug Carter

Dear Editor:

I have known Steve Schwartz not only as a County Councilman, but more importantly as a friend for more than 35 years. I began serving Hamilton County in 1984 as a State Trooper, then as the elected sheriff from 2003 to 2010, and currently as the Superintendent of the Indiana State Police. My family and I still call Hamilton County home and hope we always will.

Steve and I were both first elected in 2002 and began the journey of elected office together. I was able to see first-hand Steve's ability to effectively communicate, collaborate on complex issues, but most importantly, his kindness and unselfish commitment to others. Steve was a great partner with me during my eight years as county sheriff. While we did not always agree, Steve was engaged and always willing to listen.

Our current state of affairs with almost every aspect of our lives being out of balance requires stability in leadership, understanding structural process and a person who can successfully navigate our citizens' needs – that person is Steve Schwartz.

I hope you will join me in offering your support and your vote to Steve Schwartz on Tuesday, May 3.

Peterson Architecture hires MacInnis as new business manager

The REPORTER

Peterson Architecture, a Noblesville-based architecture firm, has hired Heather MacInnis as the company's new business manager.

MacInnis has been working alongside the Peterson Architecture team for the last 20 years, sharing business experience and collaborating on community projects. She brings 25 years' experience in commercial and residential interior design and furni-

ture specification to the team.

MacInnis graduated summa cum laude with a Bachelor of Arts degree in Interior Design from the University of Dayton in 1996. Before attending college, she graduated from Noblesville High School.

Heather has served on the City of Noblesville Façade Grant Commit-

MacInnis

tee since 2012. The committee is designed to stimulate downtown investment, maintain and expand the economic contribution of the Central Business District, promote architectural appreciation, and initiate aesthetic improvements in downtown Noblesville.

MacInnis also owns MacInnis Construction Inc.

with her husband, which will remain active serving clients with the same exceptional quality they have come to know since its founding in 2014.

"We are excited to welcome Heather to the team. Her extensive experience will benefit Peterson Architecture for years to come," said Darren Peterson, principal architect and owner of Peterson Architecture.

Attorney General Todd Rokita invites Hoosiers to visit IndianaUnclaimed.gov to look for 'Easter eggs'

The REPORTER

Indiana Attorney General Todd Rokita invites Hoosiers to head on over to IndianaUnclaimed.gov and see what "egg-cellent" surprises you might find. You never know what the Easter bunny might bring to spice up your holiday.

"My office is committed to returning unclaimed property to Hoosiers," Rokita said. "This Easter holiday is a perfect time to hop online and start searching for something every bunny will love."

While all states administer unclaimed property programs, Indiana is the only one where the attorney general oversees this function.

Last year, Rokita's Unclaimed Property Division returned \$48 million to Hoosiers, and you could be next.

Some property owners in the Unclaimed Property Division's database include such holiday-appropriate first or last names of Bun-ny, Basket, Candy, Easter, Spring, and Bonnet. Whatever your name, you might stumble upon a golden egg.

Rokita

Don't worry, be hoppy – and check out some of the things that might fund your Easter basket:

- Closed bank accounts
- Court deposits
- Insurance checks
- Utility refunds
- Old paychecks
- Closed estates

Once unclaimed property is in its custody, the Unclaimed Property Division conducts an outreach effort to locate the rightful owners or heirs.

Individuals and/or businesses have 25 years in which to claim money once

it is reported to the Unclaimed Property Division.

Just this year the Division has already returned over \$15 million to Hoosiers, with over \$700 million just waiting to be claimed – and you could be next.

So be sure to check

IndianaUnclaimed.gov or text CLAIM to 46220 to search your name, family or business and have an eggstra special Easter.

You can also contact the Unclaimed Property Division at 1-866-462-5246 or updmal@atg.in.gov.

Tigers beat Millers in both teams' opener

By **RICHIE HALL**

NOBLESVILLE - Two Hamilton County girls tennis teams played each other Tuesday to open their seasons, and they were both glad to get on the courts for the first time this spring.

Noblesville hosted Fishers at the Noblesville East Middle School tennis facility, and the No. 8-ranked Tigers got a 4-1 dual meet victory. Fishers swept all three of the singles matches, winning all of them in straight sets.

"I got three real good singles players and they had no problems today, so that was good," said Tigers coach Dave Heffern.

Fishers also won at No. 2 doubles, with Maddie Barron and Kirah Fuller getting a hard-fought 6-3, 6-4 victory. The Millers' point came at No. 1 doubles, where Alli Maskew and Lina Hamashuk pulled out a three-set win, taking the third-set super tie-break 10-5.

Both teams have been dealing with weather issues, which made it difficult to get practices in leading up to the first meets.

"We haven't had a chance to really practice a lot," said Heffern. "The nice days, we had our challenge matches and then we got our lineup set. We have six matches in five days, so we should hopefully improve in a short period of time here once we start playing matches."

Noblesville coach Tim Samons said the weather and Spring Break have affected his team - "all we had time to do in practice was to get a lineup together," he said. The Millers also have to play two tough teams out of the gate. After Fishers, Noblesville takes on No. 6 Zionsville on Thursday.

"I think we'll fare pretty well after those two matches the rest of the season," said Samons.

Individual match results appear below right.

Millers beat Tigers in all-county game

The Noblesville softball team won a big-hitting game at Fishers on Tuesday, 10-6 in an all-county and Hoosier Cross-roads Conference battle.

Both teams scored two runs in the first inning. The Millers went first: Lauren DeRolf's center field single scored Tatum Ball and Gabby Fowler. The Tigers answered when Abby Gavin hit a two-run home run, also scoring Karyn Trice.

Neither team scored again until the fourth inning. Taylor Thompson got a run for Noblesville when Aidan Gates drew a bases-loaded walk. That gave the Millers a 3-2 lead. But Fishers took a 4-3 advantage in the bottom of the fourth when Ashtin Grubb sent a base hit into left field, scoring Hannah Abbott and Hannah Trueblood.

The Millers responded with three runs in the top of the fifth. Fowler led off with a double, then eventually scored on DeRolf's RBI bunt. Ball then got home on a passed ball, and Scout Duplaga hit a sacrifice fly to send DeRolf home.

Noblesville now led 6-4. The Tigers only needed two swings to tie the game in the bottom of the fifth. Kaylee Kardash smacked a homer into center field, then Gavin made it back-to-back home runs with her left field hit.

After that, the Millers took the lead in the sixth inning and held on from there. Fowler singled in Reis Sjoholm, then later scored when Cameron Grayson reached on error. Grayson eventually scored on that play as well. In the seventh inning, Erin Clark batted in DeRolf for Noblesville's 10th run.

DeRolf went 3-for-4 at the plate, while Fowler had two hits. Grayson went six innings for the win.

Gavin was 3-for-3 for the Tigers, including a double, while Grubb was 2-for-2. Kate Murray pitched five innings, striking out five.

The Millers are 2-0 and host Carmel at 5:30 p.m. tonight, weather permitting. Fishers is 3-3 and hosts Lawrence North on Monday.
