Photos provided by Noblesville Schools

Congratulations to Noblesville High School students Landon Swift, Gus Nance and Luke Shinneman on winning the regional **Innovate Within** entrepreneur pitch competition, held recently at Purdue University. The NHS engineering students each received \$1,000 that can then be used towards developing their project or education. They will now advance to state competition on June 10. Their project is a combination lift system and "airbag" designed to help get motorized wheelchairs into the cargo bay of an airplane and keep them safe during flight. ## Most people are good

It's easy to feel like so many people are just, well ... evil. Especially with what is being done to the poor people of Ukraine and other countries around the world. But now more than ever, I believe most people are good. Okay, I know they are.

I know it thanks to:

1. The numerous texts, messages, emails, and calls I've gotten just to check in with me after my mom's death to make sure I'm okay.
2. The dozens of cards lining our corner table in the dining room. I've read each of them slowly, at least twice, and I'll read them one more time before I lovingly store them in a memory box.

3. The gorgeous flowers, both real and artificial, surrounded by those beautiful cards. It's two weeks later and, believe it or not, this gal with a black thumb has kept the real ones alive! I think they must be sprinkled with magic or something.

4. The meals and other thoughtful gifts friends and family have dropped off or sent to me. As I type, my precious lily of the valley is starting to rise up from the soil in the front and side of my house. This year, Mom's favorite flowers will sur-

round a beautiful stone with a poem, a gift I'll treasure for decades to come.

5. The muscle provided by a dear friend who helped my husband and I move items out of Mom's apartment. In the cold. And the rain. (Yes, it's April in Indiana.) My sons couldn't help due to their schoolwork/classes and my siblings are ... um ... older than me. My brother and sister helped pack everything up, but they weren't able to lug the heavy stuff. Thank you, Matt!

6. My best friend driving

over for the funeral with her daughter and grandson. Having Stacey by my side that morning was an added comfort. And her insistence on picking up the tab for lunch was unexpected and moving. Speaking of ...

7. The manager and wait staff at Hacienda in 100 Center in Mishawaka going above and beyond to host our 30+ group of people after the funeral. Their website said they weren't able to host large groups, but we called and explained how Mom loved going there and how

we wanted to toast her with margaritas. Their manager, Laurie, said to come on in. They did a great job.

8. And, finally, thank you to my cousin Kenny for treating each table to a liter of said margaritas and for taking/sharing photos at the viewing and funeral. I always knew how kind you were, but you went above and beyond.

I've been so inspired by everyone's kindness over the past few weeks. I'll strive to be one of those good people, each and every moment, for the rest of my life.

# DRUG TAKE-BACK—

With close to 5,000 collection sites nationwide, the United States Drug Enforcement Administration and its law enforcement partners have removed more than 15.2 million pounds of medication from circulation since the inception of National Drug Take Back Day in 2010.

"The only safe medications are ones prescribed by a trusted medical professional and dispensed by a licensed pharmacist," Greer added. "Old and unwanted medicine too often becomes

a gateway to addiction. Events like these are a critical effort to curb the historic surge in U.S. overdoses.”

Hamilton County residents are encouraged to drop off their expired or unused medications between 9 a.m. and noon on April 30. No liquids, sharps, or needles will be accepted. For those who cannot make it, there are opportunities to safely dispose of unneeded medications at local pharmacies, hospitals, and police departments throughout the year.

# PRAYER BREAKFAST— *from Page 1*

In 2021, Senior Chaplain Mark Fidler oversaw 254 community volunteers and responded to 2,359 inmate requests for Bibles and other spiritual resources. Additionally, 465 classes were hosted within the correctional facilities on various topics, including Bible study, worship service, AA classes, Christian Recovery Classes (including 12 steps for Christians & Overcomers), Alpha Program, and Catholic Bible Studies.

“Restorative strategies are essential to keep Ham-

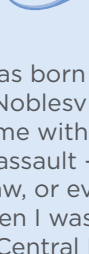

ilton County safe,” Sheriff Dennis Quakenbush said. “Please consider attending the Chaplaincy Prayer Breakfast to support a noble cause.”

I was born and raised right here in Noblesville. I grew up in a home without domestic violence or assault - it wasn't something I saw, or even heard about. But when I was introduced to Prevail of Central Indiana, I was shocked by the number of individuals who are affected by domestic violence. In 2018 alone, Prevail helped more than 4,000 clients in Hamilton County (nearly 80 percent of clients are women and children). Domestic violence and abuse are hard topics to discuss, so you don't often hear about them. But at Tom Wood Volkswagen in Noblesville, we're breaking the taboo and raising awareness for Prevail, an organization that helps families in Hamilton County.

# Libertarian Party of Hamilton County condemns commissioners' sign ordinance

Dear Editor:

On Monday, April 11, the Hamilton County Commissioners passed a sign ordinance (04-11-22-A) that specifically targets political speech.

Not only did they pass the ordinance while early voting was already taking place, they also suspended the rules to make the new ordinance effective immediately. Changing the rules in the middle of the game certainly does not give the impression of fair play.

The First Amendment clearly and specifically bars governments from restricting political speech. Furthermore, Indiana law is very clear about not targeting signs based on their content. IC 36-1-3-11(c) clearly states:

*"an ordinance or a regulation of a political subdivision relating to the number or size of signs is unenforceable during the following period:*

*(1) Beginning sixty (60) days before an election.*

*(2) Ending at the beginning of the sixth day after the election."*

This recently passed ordinance in Hamilton County pertains specifically and exclusively to polling locations and, therefore, is directed at infringing on constitutionally protected political speech. It also clearly contradicts IC 36-1-3-11(c).

This is not the first time Hamilton County has exhibited overreaching

control on political signage. They passed an ordinance in 2018 that was subsequently struck down. The judge ruling on that case said, "The restrictions created a chilling effect on free speech."

It seems our commissioners are having trouble grasping the concept that it is not their place or responsibility to govern freedom of speech.

The Libertarian Party of Hamilton County condemns this ordinance as a violation of Indiana state law as well as a First Amendment infringement.

# Do you want to be a Christian and a Christian alone?

**As a country, state and county we will soon enter into another contentious political season. Are you a Democratic, Republican, Libertarian or unattached? To whom do you give your allegiance? What determines your political allegiance? Rest easy this is not a political ad nor is it intended to promote any party or candidate. I want us to think for a moment about what brings us to that conclusion.**

When we consider our religious affiliation, what leads us to make that decision? This decision is far more significant than making a commitment to a political party or candidate. If God is who He says He is and Jesus is His Son, it behooves us to surrender and submit to Him and Him alone! God will not accept divided devotion and thus we would call on all men to worship Him and Him alone. Repeatedly in the Old Testament, we read of commands to worship Him and Him alone. Enshrined in the Law was the command to "worship no other god, for the LORD, whose name is Jealous, is a jealous God" (Exodus 34:14). Paul warned of the danger of provoking God to jealousy (1 Cor. 10:22).

Why not leave any commitment to a church founded by men, not provoke God to jealousy and seek to be a Christian and a Christian alone? Is that idea intriguing? Does it seem reasonable? Let's investigate that together.

# From the desk of Heights Supt. Dr. Derek Arrowood

Welcome back! I hope everyone was able to take advantage of spring break to rest, re-energize, and be ready to finish the semester strong. The next six weeks will be a flurry of activity including spring sports, testing, awards, recognitions, prom, art shows, concerts, and graduation, among a few.

A few calendar items to note: The last day for returning students to enroll for the 2022-23 year is Sunday, May 1. The last day of school for students is Thursday, June 2 and last day for staff is Friday, June 3. Graduation will take place on Saturday, June 4.

April is National School Library Month. School libraries (media centers) are integral to our schools and school librarians play an invaluable role in the education of our students. Our media centers are the hub of school activities fostering a sense of belonging. These engaging places help students to think, connect, create, discover, and explore. They also offer unlimited opportunities for growth through access to technology, multimedia, and incredible resources of every variety. Thank you, Karen Jones (HHES), Emily Beechler (HHMS), and Lori Hippensteel (HHHS) for transforming lives and impacting student achievement at

Hamilton Heights as our Media Center Specialists. On the topic of student achievement, I want to give a shout out to Kim Kaiser and students in our Business Professionals of America (BPA) and DECA programs. We had five DECA students qualify in their categories to compete at nationals taking place April 23 to 27 in Atlanta, Ga. They include Corbin Landrey (Accounting), Amber Lane (Retail Merchandising), and Devyn Taylor, Grant Forrer, and Grant Cavanaugh (Husky Fan Shop Enterprise). In addition, Heights had 92 students compete in the BPA State Leadership Conference in Indianapolis last month. Many placed in the Top 10 of their categories with 32 qualifying for national competition taking place May 4 to 8 in Dallas, Texas. Three teams and three individuals brought home a first-place finish. They include Carson Lenze, Ben Houser, Jon Houser, and Ethan Swart (Network Design), Devyn Taylor, Elianna Watson, Melissa Lovell, and Lizzy Smith (Global Marketing), Ben Wolfgang, Kylie Porter, Lydia Lytle, and Jenn Houser (Adobe XD Design), Cassidy Felger (Health Leadership), Amber Lane (Database Apps), and Carson Lentz (Python Programming).

Congratulations! Best of luck at DECA and BPA nationals! Hamilton Heights Educational Foundation's (HHEF) latest newsletter is available online. Check out the organization's latest and greatest happenings [here](#). Speaking of the HHEF, its 33rd annual Golf Outing is set for Thursday, June 9 at Bear Slide Golf Course. # Carmel encourages everyone to embrace Celebrate Trails Day

**The REPORTER**

In honor of Celebrate Trails Day, hosted by the nation's largest trail advo-

cacy organization, Rails-to-Trails Conservancy (RTC), the City of Carmel and Bike Carmel play host to a virtual

celebration of the city's trails this Saturday, April 23. Trail users are encouraged to take photos and

selfies of themselves and their families enjoying their favorite trail, then post it in the comments section of Bike Carmel's Celebrate Trails Day Facebook event. By posting a photo, you will be eligible to win one of four \$50 gift cards from a local Carmel restaurant located along the Monon Greenway. Celebrate Trails Day is an annual celebration of the nation's trails and the benefits they bring to people's health and well-being. Bike Carmel wants to see Carmel residents out enjoying the city's trails, whether that be on the seat of a bike, on your own two feet, in a wheelchair or with man's best friend. No matter how, the point is to get out in the community, get some exercise and enjoy the outdoors. Don't forget that trails also make an excellent car-free

Brainard

corridor to run errands or get your kids to school.

"With more than 220 miles of off-street paths and trails, you can get almost anywhere in Carmel without having to ride your bike or walk in the roadway," Mayor Jim Brainard said. "Thanks to the large investments we have made in this alternative transportation network, it is now possible for all of our residents and visitors to join us and to participate in Celebrate Trails Day."

Celebrate Trails Day takes on added significance this year as people navigate back to work, school and other activities in greater post-COVID numbers. There are many long-term benefits to continuing the practice of outdoor physical activity. The CDC recommends 30 minutes of moderate aerobic activity per day, five days per week, through activities such as a brisk walk or bike ride, yet the latest data shows that 25 percent of Americans are inactive. Trails are a valuable resource to address inactivity, providing safe, close-to-home spaces where people can safely walk, bike and be active.

RTC offers creative ideas for getting outside, a free trail-finder app TrailLink.com, and stories from RTC's Trail Moments initiative and TrailBlog, which capture voices from around the country about how people are incorporating trail use into their lives.

Additionally, Bike Carmel has a bike map containing all the Trails and side paths that make up Carmel's extensive bicycle network and has designed five Carmel Access Bikeways or "CAB Routes" that are signed and mapped in order to introduce people to different areas within Carmel.

For more information about Celebrate Trails Day, to find events, and to enter to win prizes, visit rails-totrails.org/celebratetrails and follow #CelebrateTrails on social media.

# Lung Association report: Indy Metro’s air quality worsens

The REPORTER

The 2022 “State of the Air” report, released Thursday by the American Lung Association, finds that the Indianapolis metro area rankings were worse for some of the most harmful and widespread types of air pollution, namely particle pollution and ozone. Indianapolis is ranked 13th on the list of 25 cities with the worst year-round particle pollution.

“The levels of particle pollution seen in the Indianapolis-Carmel-Muncie metropolitan area can harm the health of all of our residents, but particularly at risk are children, older adults, pregnant people and those living with chronic disease,” said Tiffany Nichols, advocacy director for the Lung Association. “Both ozone and particle pollution can cause premature death and other serious health effects such as asthma attacks, cardiovascular damage, and developmental and reproductive harm. Particle pollution can also cause lung cancer. Fortunately, the area did see an improvement in the levels of ozone and particle pollution and experienced fewer unhealthy days.”

The “State of the Air” report is the Lung Association’s annual air quality “report card” that tracks and grades Americans’ exposure to unhealthy levels of ground-level ozone air pollution (also known as smog), annual particle pollution (also known as soot), and short-term spikes in par-

ticle pollution, over a three-year period. This year’s report covers 2018-2020.

Ground-level ozone pollution in Indianapolis

Compared to the 2021 report, Indianapolis experienced fewer unhealthy days of high ozone in this year’s report. “State of the Air” ranked Indianapolis as the 48th most polluted city for ozone pollution, which is better compared to their ranking of 54th in last year’s report. The area received an “F” grade for ozone pollution.

Particle pollution in Indianapolis

The report also tracked short-term spikes in particle pollution, which can be extremely dangerous and even lethal. Indianapolis’s short-term particle pollution got worse in this year’s report, which means there were more unhealthy days. The area is ranked 13th worst for short-term particle pollution. The 2022 “State of the Air” found that year-round particle pollution levels in Indianapolis were slightly higher than in last year’s report. The area was ranked 13th most polluted for year-round particle pollution the same as the ranking last year.

The report found that nationwide, nearly 9 million more people were impacted by deadly particle pollution than reported last year. It also shows more days with “very unhealthy” and “hazardous” air quality than ever

before in the two-decade history of this report. Overall, more than 137 million Americans live in counties that had unhealthy levels of ozone or particle pollution. Communities of color are disproportionately exposed to unhealthy air. The report found that people of color were 61 percent more likely than white people to live in a county with a failing grade for at least one pollutant, and 3.6 times as likely to live in a county with a failing grade for all three pollutants.

The addition of 2020 data to the 2022 “State of the Air” report gives a first look at air quality trends during the COVID-19 pandemic. Regardless of the shutdowns in early 2020, there was no obvious improvement.

The Lung Association is calling on the Biden administration to strengthen the national limits on both short-term and year-round particulate matter air pollution. Stronger standards will educate the public about air pollution levels that threaten their health and drive the cleanup of polluting sources in communities across the country. See the full report results and sign the petition at [Lung.org/SOTA](https://lung.org/SOTA).

He had worked for over 25 years at Allison Transmission Company in Indianapolis, where he was an inspector of computer chips that were installed in aircraft. He then worked an additional five years in a similar capacity at Delphi Electronics in Kokomo.

## TODAY'S BIBLE READING

*The reason I left you in Crete was that you might put in order what was left unfinished and appoint elders in every town, as I directed you. An elder must be blameless, faithful to his wife, a man whose children believe and are not open to the charge of being wild and disobedient. Since an overseer manages God's household, he must be blameless—not overbearing, not quick-tempered, not given to drunkenness, not violent, not pursuing dishonest gain. Rather, he must be hospitable, one who loves what is good, who is self-controlled, upright, holy and disciplined. He must hold firmly to the trustworthy message as it has been taught, so that he can encourage others by sound doctrine and refute those who oppose it.*

Titus 1:5-9 (NIV)

## Baseball

# Tigers beat 'Rocks on final play

By RICHIE HALL

**FISHERS** - Baseball fans who went to Fishers on Thursday were expecting a hard-fought game when the Class 4A No. 3 Tigers hosted 4A No. 1 Westfield in the opener of that Hoosier Crossroads Conference series.

And a hard-fought game is just what they got. It came down to the final play in the bottom of the seventh inning, when a walkoff run lifted Fishers to a 2-1 victory over the Shamrocks. The Tigers handed Westfield its first loss of the season.

"That was a great baseball game all the way around," said Fishers coach Matthew Cherry.

The Tigers scored their winning run with two outs. Carson Dunn hit a single to get on base, then stole second base after Jack Brown took a ball for a 1-0 count. The 'Rocks then intentionally walked Brown in order to put the force-outs in play at all the bases.

But with Caulin Brown at the plate, Dunn and Jack Brown would move up a base on a passed ball, a strike that put Caulin Brown down 1-2 in the count. Caulin Brown connected on the next pitch, a hard hit ball into the infield that would officially be ruled an error, but it was enough to get Dunn home.

"Last week, I was pretty frustrated with the guys because we didn't do a good job with two strikes last Friday and Saturday, and so we've worked on it all week," said Cherry. "That run right there, Carson Dunn had two strikes, put the ball in play, beat out an infield hit. Caulin Brown had two strikes in there, hit a hard ball to end the game."

Fishers scored the game's first run in the fourth inning, also with two outs. Caulin Brown was hit by a pitch, and later ad-

vanced to second base on JP Preston's single. Caulin Brown then moved to third on a wild pitch, and scored after Quinn Seefeldt reached on error.

Westfield answered immediately in the top of the fifth inning. With one out, Collin Lindsey smacked a home run into center field.

The game started as a pitcher's duel between two great throwers - the Shamrocks' Gage Stanifer and the Tigers' Tate Warner - and in Cherry's mind, the best thing to do was battle and outlast.

"We kept track of how many two-strike foul balls we had tonight to try to elevate his pitch count," said Cherry. "And we were at 13." Cherry credited his team with executing that plan.

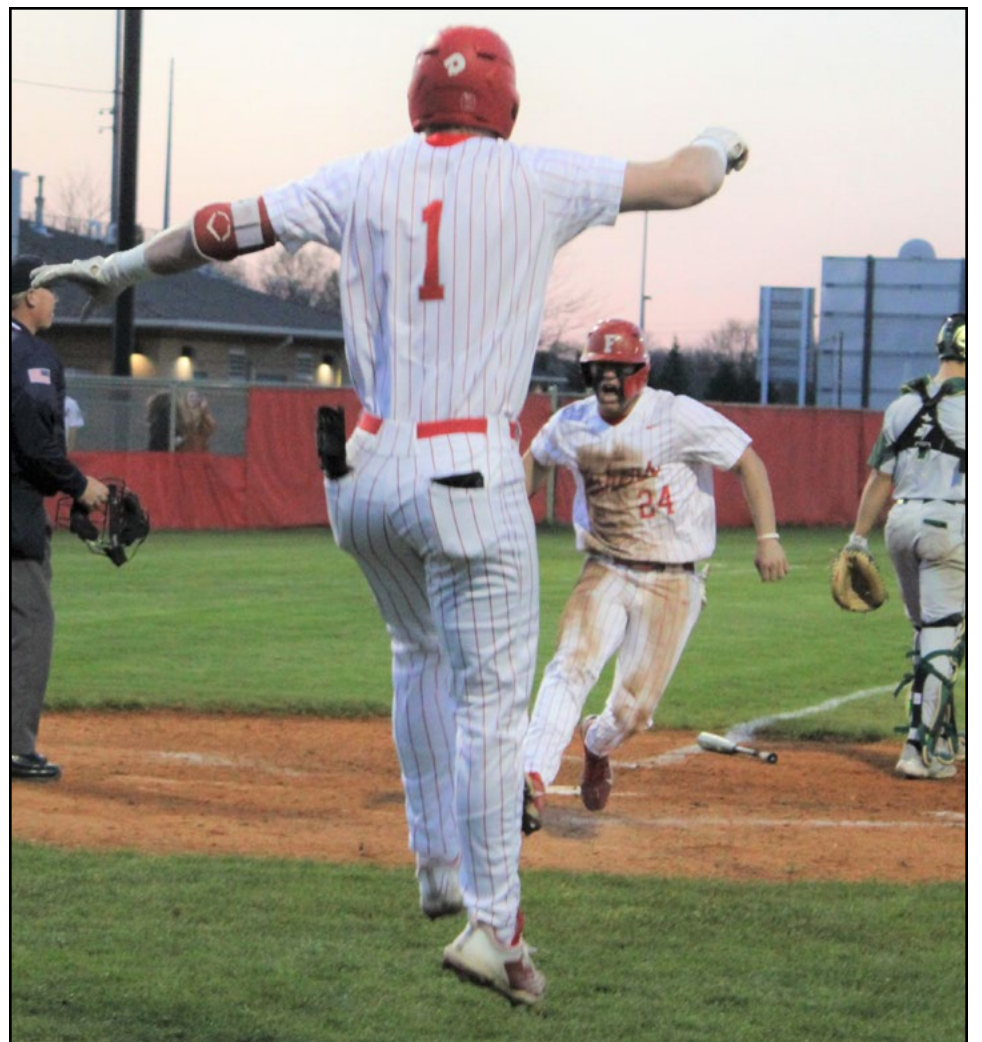

"Obviously, if we can get a hit off him, great," said Cherry. "But he's a special talent and so you just got to grind him out and hope that you can outlast, and fortunately we were able to outlast him."

Stanifer went five innings and pitched well, striking out nine and allowing only one hit. Warner went six innings and was also solid, with nine strikeouts against three hits. Joey Wilmoth threw the seventh inning for Fishers and is credited with the win. Ty Anderson relieved Stanifer and allowed only one hit in one and two-thirds innings.

The Tigers finished the game with two hits, one each from Dunn and Preston. The 'Rocks had three hits; Keaton Mahan hit a double and Mac Clarke hit a single, in addition to Lindsey's home run.

The two teams will finish the series at 6 p.m. tonight at Westfield. Both teams are 4-1 in the conference; the Tigers improved to 9-3 while the Shamrocks are 8-1.

A boxscore appears on Page 12.

Guerin Catholic won a wild Circle City Conference game with Brebeuf Jesuit on Wednesday, by the score of 17-10.

The game was called after six innings due to darkness, but not before the Golden Eagles took control in the fifth inning, pouring in 12 runs.

Guerin Catholic started with a run in the first inning, with Davis Wagner hitting in Clay Patton. Wagner struck again in the third inning, smacking a home run that

also scored Patton.

The Braves led 6-3 midway through the fifth, but it was all Golden Eagles after that. Patton singled in Will Fremion, then Bryson Dorsey batted Anthony Ferrucci home. That loaded the bases, and Sam Tabor drew a walk to score Patton and tie the game.

Caden Ratcliff scored the go-ahead run after Ryan Zimmerman reached on error, then Cuinn Morrow cracked a left field hit to score Tabor and Sam Miller (running for Dorsey). AJ Nunley provided his own two-RBI single to score Morrow and Zimmerman. Patton doubled home Ferrucci (who hit a single), then Ratcliff's double brought Patton home. Dorsey singled Ratcliff home, and Morrow drew a bases-loaded walk to score Miller (again running for Dorsey).

After all that, Guerin led 15-6. Brebeuf scored four runs in the top of the sixth inning, but a two-run single by Ratcliff scored the final runs of the game. Patton and Fremion both got home.

Patton wound up with five runs, with Fremion and Ratcliff each getting three hits. Fremion also got the pitching win, while reliever Wagner threw five strikeouts.

The Golden Eagles are 7-2 and play at the Catholic Classic starting today, with a game against Lafayette Central Catholic.
