Noblesville's 'Bridge of Flowers' soon in bloom over White River

Logan Street restrictions will begin Monday; in place for 30 days

The REPORTER

A Noblesville beautification project on the Logan Street Bridge will lead to partial road closures beginning Monday, Aug. 15.

The City of Noblesville, Hamilton County, and local business partners will activate the pedestrian overlook area on the south side of the Logan Street Bridge over the White River. Dubbed the “**Bridge of Flowers**,” the area will 1,000 square feet of raised planter boxes, of which approximately 230 square feet will be annuals maintained by Bridge of Flowers volunteers. The bridge will also include 90 linear feet of seating area, as well as two shade structures with overhead lighting.

In order to make these improvements, construction crews will begin work on Monday, Aug. 15. Logan Street traffic will be restricted to one lane in each direction between State

Hamilton Heights honors Athletic Hall of Fame Class of 2022 inductees

The REPORTER

The Hamilton Heights Athletic Hall of Fame Selection Committee has announced its Class of 2022, which includes one team, three multi-sport athletes and a standout basketball player who is still a recordholder.

This year's inductees include Roger Bryan ('60), Brittny (Curfman) Hensley ('01), Chad Sherer ('08), Jessica (Carr) Kuramata ('11), and the 2012-13 Hamilton Heights Girls State Runner-Up Team.

“On behalf of the Hall of Fame selection committee, we are very excited about this class,” said Mitch Street, Hamilton Heights High School Hall of Fame Committee Chairman and Dean of Students. “In Roger Bryant, we have our first Walnut Grove graduate being recognized in the Hall of Fame. We are excited that Roger is going to deservedly get this recognition.”

“With the induction of Brittny Hensley, not only do we have a unique multi-sport athlete, but we have the first girls' soccer player being inducted,” Street continued. “The girls' soccer program has become

one of the most successful programs in our school history. The induction of Chad Sherer gives us another multi-sport athlete that went on to play football at Indiana University, but perhaps recognizes what many might believe to be the best overall athlete to come through Heights.”

“The last of our individuals being inducted is Jessica Carr,” Street said. “She was our first female Indiana Basketball All-Star and is the all-time leading scorer in history. To round out the class, the committee is proud to induct the 2012-2013 girls' basketball team. Not only

are they the first and only girls' team to participate in a state championship, but they along with Jessica Carr represent the girls' basketball program, which has become one of our most successful programs.”

Conner Prairie kicks off \$24M in capital projects

Unique exhibits & experiences will transform way visitors engage with museum

The REPORTER

Indiana's premier living history museum and one of the most visited outdoor museums in the United States, **Conner Prairie**, announced on Friday \$24 million in new capital projects that museum officials say will provide broader, deeper, bolder experiences to better serve its visitors and members.

These experiences include:

- **Enhanced Museum Experience Center**, with more access to space to host a variety of hands-on exhibits, Smithsonian Institution speakers and learning opportunities, a diversified collection, a dedicated youth leadership institute space, and local and global artist exhibits.
- **Outdoor Nature Experience**, activating Conner Prairie's largest educational asset: 3.3 miles of the White River and more than 260 acres of prairie and woodland. Two trails, one that is fully acces-

sible, will feature up to four education hubs with evolving content that includes the past, present and future role of the river, environmental science education opportunities, and visual art displays.

- **Promised Land as Proving Ground (PLPG)**, a comprehensive, new permanent exhibit set to open in Summer 2023, will tell a more inclusive story of Indiana's history, focused on the faith and lifeways, religious traditions, foodways, agriculture, music, dance and art of the African Diaspora and the African American culture and traditions. It will cover centuries of history from pre-colonial to present day.

Additionally, Conner Prairie will renovate its theater and create spaces that provide access to historic artifacts, either from its own collection or from traveling exhibits, while improving how visitors enter the Museum and access Prairie-

He decided to break the ice with himself

I self-published my first book 28 years ago: *Break The Ice: 200 Fun Question to Help Break the Ice at Business Meetings, Training Sessions and other Gatherings*. What it lacked in plot, it made up for in questions. Two hundred questions to be exact. It was the reader's job to provide the answers.

Even in 1994 the book's content was a bit outdated since some questions referenced drive-in movies, 8-track tapes, *Gilligan's Island*, and other topics tied to nostalgia.

I had forgotten about “Break The Ice” until my daughter, Delaney, recently texted me a photo of a copy in her possession while she and her husband took a vacation. “Road trip classic,” she captioned the text.

Later, she admitted that she had to Google what a CB handle was, referencing the book's Question #8, “What was your CB handle in the 1970s?”

I joked that CBs were to the '70s what texting is to The Now. “Moon Shadow” was my CB handle, inspired by that Cat Stevens' song. Unfortunately, “Dream Weaver” was taken by an uncle.

I was happy to know my little book of 200 questions was still being useful, helping my daughter and son-in-law learn more about each other despite being married for two years. Of course, I couldn't help but retrieve my old copy. It was time to break the ice with myself.

Question #40: What is the name of a movie you saw at a drive-in?

Irwin Allen's “The Poseidon Adventure.” My parents took me to see it at the Starlite Drive-In in 1972. It was about a cruise ship flipped by a rogue, 90-foot tidal wave out on the briny. Most of the script involved an upside-down movie set showing survivors trying to climb and swim their way “up” to the ship's bottom. It was the coolest movie a seven-year-old boy could possibly see – my first-ever disaster flick. Ernest Borgnine! Gene Hackman! What was not to like! Here it is 50 years later, and I still can't bring myself to board a cruise ship.

Heights' Arnett Cooper named exemplary school board member

The REPORTER

Arnett Cooper, Vice President of Hamilton Heights School Board of Trustees, was among the active school board members recently named to the Indiana State Board Association's (ISBA) Exemplary Honor Roll.

Cooper earned the Level 4 Exemplary distinction by accumulating at least 225 points in the ISBA's Governance Awards (EGA's) program. The awards are based on the numerous professional development opportunities provided by ISBA each year to help keep members informed and educated on best board practices, legislative changes, legal updates, and policies that need to be considered.

Cooper earned this notable recognition by demonstrating outstanding commitment to student success, educational leadership, and good governance by engaging in regular and ongoing professional learning and continuous development, ultimately reaching the highest level within this program.

Cooper, a veteran of the United States Air Force, has served as a Hamilton Heights School Board member in various leadership roles, representing White River and Jackson townships since July 2010. He is a retired

BREAK THE ICE

Question #60: What is the title of a 45 rpm record that you owned?

In the 1970s, I owned hundreds of 45 rpm records. I bequeathed them to my younger brother when I went to college. I never saw them again. I'd kill to have them now. My first 45 rpm record was "Blinded By The Light," by Manfred Mann's Earth Band, which, by the way, was written by Bruce Springsteen. Despite hearing the song hundreds of times (including Bruce's recording), I still don't understand 75 percent of the lyrics. It's like the aftermath of a rhyming dictionary explosion. I still love both versions though.

Question #70: What is the most memorable sporting event you ever saw?

Easy. The 1980 Wimbledon Championship between Borg and McEnroe. After I watched that grueling, dramatic, grass-court match, I was inspired to take up the sport. I begged my parents for a Head tennis racquet, which was fairly expensive, and became obsessed with the game. It wasn't unusual to play two or three matches a day in the scorching Southern Indiana heat. I was a scrappy, top-spinning, dive-on-the-asphalt, loud-mouthed, human backboard type of player. The inner sides of my tennis shoes would rip after a couple of matches, and I would wrap them with black electrician's tape.

In my early 30s, I ripped my ACL while stepping on a rock during a backcourt forehand, and that was all she wrote for my Wimbledon dreams. I haven't even played doubles since my 40s, but my tennis court times remain my fondest memories.

Question #90: What is the worst decision you

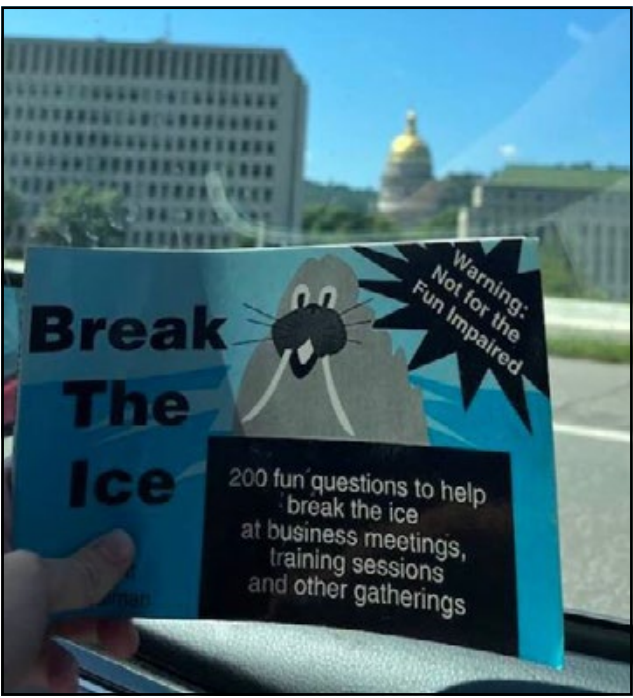

Photo provided

ever made?

There's no way I will answer that one publicly. I'm no fool.

Question #107: Where were you when you experi-

enced your first kiss?

Brian King's basement. Seventh grade. In a closet. Spin the Bottle.

Question #117: If you suddenly became the lead-

er of a musical group, what would you name it?

Courtesy Flush.

Question #128: Where can you find the best cheeseburger?

Saxony Pizzeria in Fishers. The \$6.99 double cheeseburger Tuesday night special is my Cheeseburger in Paradise.

Question #130: What was one of the first 33-1/3 rpm record albums you owned?

Simple. On the Christmas that I was given my first "stereo" turntable, I received two complementary albums: Cat Stevens' *Greatest Hits* and Kiss *Destroyer*. Who knew Kris Kringle was a Kiss fan?

Question #131: In your opinion, what is the greatest thing since sliced bread?

Back when this book was published, my answer was likely the Diaper Genie. Just as my infant son needed per-

petual changing, so did the Diaper Genie, which, during its changings, brought to mind poop sausages, each of our baby boy's plastic-encased A-bombs attached to the payload released before it and after it.

With diapering duty long behind me now, today, my answer to Question #131 would be: the Payday candy bar. I'm nuts for the Payday. You can get three for the price of two at Kroger.

Question #135: What famous person has someone said you remind them of?

Woody Harrelson. I don't see it, but you'd be surprised how many strangers have asked, "Are you Woody Harrelson?" Sometimes I play along and regale them about the filming of Cheers. Anything for a free beer.

to community needs while also changing the way the world views and engages with museums," Conner Prairie CEO Norman Burns said. "Conner Prairie is taking proactive steps towards telling a more complete and more inclusive story, both in person and virtually. These projects ensure that we'll be a place where the doors are always open to a diversity of voices and limitless experiences for generations to come."

Private philanthropic giving to the Prairie Pathways Campaign of \$15 million or more will support the new capital projects. The museum anticipates the remaining funds will be provided by partnerships currently in development.

Conner Prairie is pleased to announce the lead gift to the Prairie Pathways Campaign of \$3.5 million from Jay and Nancy Rick-er, part of their overall \$5 million commitment to Conner Prairie. In addition, commitments of \$1 million or more have been received from the Allen Whitehill Clowes Charitable Foun-

"Our passion for meeting the needs of our visitors, patrons, and community has propelled us to imagine the broader, deeper, bolder pathways that will be made possible by these capital projects," Conner Prairie Vice President & Chief Advancement Officer Andrew Bradford said. "We are not just adding experiences, we are building the ability to create continually evolving experiences, now and into the future."

Conner Prairie's plans for continued growth are centered around strong partnerships locally, regionally, and nationally, such as the Smithsonian national affiliate program and the White River Alliance educational and conservation initiative, which provides hands-on ways for the public to learn more about the river and participate in its improvement.

I was born and raised right here in Noblesville. I grew up in a home without domestic violence or assault - it wasn't something I saw, or even heard about. But when I was introduced to Prevail of Central Indiana, I was shocked by the number of individuals who are affected by domestic violence. In 2018 alone, Prevail helped more than 4,000 clients in Hamilton County (nearly 80 percent of clients are women and children). Domestic violence and abuse are hard topics to discuss, so you don't often hear about them. But at Tom Wood Volkswagen in Noblesville, we're breaking the taboo and raising awareness for Prevail, an organization that helps families in Hamilton County.

(From left) Roger Bryant (Walnut Grove, '60), Brittney (Curfman) Hensley (HHHS '01), Chad Sherer (HHHS '08), and Jessica (Carr) Kuramata (HHHS, '11).

Roger Bryant
Bryant is a 1960 graduate of Walnut Grove High School, where he was a standout basketball player. He was a 1,000-point scorer (1,071) during his career. He was All Hamilton County for three years. He holds the record of 71 points for the most points scored in a single Hamilton County Tourney and also for the single game scoring record with 32 points. He has remained in the community and is a frequent attendee at Hamilton Heights boys' and girls' basketball games.

Brittney (Curfman) Hensley
Hensley is a 2001 graduate of Hamilton Heights High School. During her tenure at the high school, she was one of the more unique athletes to walk the halls. She was a four-sport athlete, where she competed in basketball, track, soccer, and football. At the time of graduation, she held records in soccer for most goals in a season and goals in a career. Her single season goals are currently second and third respectively, and she is second in career goals. She was all-conference, all-county, and all-state in each of her four years playing soccer. Although she was likely best known for her success on the soccer field, she also was the kicker for the football team, where at the time of her graduation she held the record for most PATs in a game and a season. She went on to play soccer at Indiana Wesleyan University. She still resides in the community and actively serves alongside her family.

Chad Sherer
Sherer is a 2008 graduate of Hamilton Heights High School. He was a three-sport athlete, playing football, baseball, and basketball. He

was a four-year starter in both football and baseball and was a two-year starter in basketball. He still holds records in both football and basketball. His records in football are as follows: he is all-time career leader in points, he is the all-time leader in rushing yards and is the all-time leader in rushing touchdowns. In baseball he still holds the records for highest batting average in a season.

He went on to play football at Indiana University, where he was a three-year letter winner.

Jessica (Carr) Kuramata
Kuramata is a 2011 graduate of Hamilton Heights High School. She was a standout basketball player during her time at the high school. She is the school record holder for points in a career (1,340), which ranks her 12th overall in Hamilton County history, as well as the all-time assist leader. She was twice named the Hamilton County Female Basketball Player of the Year. She was the Indianapolis Star All-North Player of the Year in 2009-2010. She was selected as a member of the 2011 Indiana Girls All-Star team, which is the highest recognition in the state. She went onto have a successful college career at Valparaiso University.

2012-13 Hamilton Heights Girls State Runner-Up Team
The team was the first girls' team to make an appearance in a state finals contest. They finished the year 23-3 before losing a tough one to Mt. Vernon High School, a team they had beaten earlier in the year. They were a team who set the tone on the defensive end and were explosive offensively. As a team they

shot over 38 percent from the three-point line and they outscored their opponents by over 23 points a game on the season. They had multiple athletes who went on to play college basketball. * * *

The Athletic Hall of Fame is designed to recognize and honor Hamilton Heights High School athletes, coaches, teams, and athletic contribu-

The owners on Tuesday afternoon filed court documents [to seek a stay of Noblesville's order](#) to shut down its store and [to request a judicial review of the city's order](#). A spokesperson for the city of Noblesville's legal department on Tuesday, after the initial story first aired, provided News 8 with

On August 1, 2022, the Board of Zoning Appeals unanimously affirmed the Noblesville Planning Director's decision that the business My Inner Baby was operating is not a permitted use under Noblesville's Ordinances. Despite the unanimous decision of the Board of Zoning Appeals, My Inner Baby continued operating, and therefore the City requested (and continues to request) that My Inner Baby voluntarily comply with the law and the Board's decision. This forthcoming roundabout sculpture at Hague and Carrigan roads in Noblesville celebrates the area’s tourism and aquatic recreation opportunities.

Keep Noblesville Beautiful awarded \$5K public art activation grant

The REPORTER

Keep Noblesville Beautiful was one among 49 organizations awarded almost \$250,000 by the Indiana Destination Development Corporation (IDDC) to support public art projects throughout the state.

The Noblesville non-profit received \$5,000 to fund a portion of a roundabout sculpture planned for the Hauge and Carrigan roads intersection.

The sculpture pays

tribute to the tourism and aquatic recreation opportunities brought to Noblesville thanks to nearby Morse Reservoir. Dubbed “Sail Away IN Indiana,” the sculpture is the work of artist Kevin Huff, whose previous work includes the “Embrace the Trace” sculpture installed on Hazel Dell Road in 2021.

“Keep Noblesville Beautiful is excited to celebrate one of Noblesville’s most important natural resources with this highly

visible public art piece,” Keep Noblesville Beautiful Board President Darren Peterson said. “We are grateful to the IDDC for continuing to support public art and the vibrancy it adds to our growing communities.”

“Sail Away IN Indiana” is scheduled for a late fall 2022 installation. Those interested in making a tax-deductible contribution to support public art and clean community initiatives can visit [KeepNoblesvilleBeautiful.org](#).

Police cracking down on school bus stop-arm violations

The REPORTER

With schools back in session, the Hamilton County Sheriff’s Office reminds motorists to stop for school buses – or face the consequences.

Over the next couple weeks, officers will increase patrols to prevent stop-arm violations, speeding and other forms of reckless driving around school buses and in school zones.

The department joins more than 200 police agencies across the state for the back-to-school Stop Arm Violation Enforcement campaign – better known as SAVE. The overtime patrols are funded by the National Highway Traffic Safety Administration through grants administered by the Indiana Criminal Justice Institute (ICJI).

“Our two biggest concerns this time of year are drivers not paying attention to the road and speeding,” Hamilton County Sheriff Dennis Quakenbush said. “Most of the stop-arm violations we encounter stem from those actions. Help us keep kids safe by slowing down, putting away the distractions and stopping for buses.”

Stop-arm violations are still a problem

Despite thousands of motorists being cited under the SAVE program, unsafe driving around school buses continues to be a concern, according to state officials.

In April, thousands of bus drivers who participated in a one-day observational survey counted 2,041 stop-arm violations in Indiana. That one-day total, when multiplied by the number of school days, adds up to a

potential 367,380 violations throughout the school year.

The newly released data comes from the National School Bus Illegal Passing Driver Survey, which is managed by the Indiana Department of Education in the state. The survey has been conducted annually since 2011 but was put on hold for the past two years due to the pandemic.

This year, collection took place on April 26, with 6,665 bus drivers participating from 195 school districts.

“The fact that we still have people willing to put students and bus drivers at risk is the reason this campaign is necessary,” ICJI Executive Director Devon McDonald said. “Still, law enforcement can’t be everywhere, so drivers need to do the right thing and exercise caution around buses. Students’ lives depend on it.”

To prevent unsafe driving, officers will be conducting high-visibility patrols in the morning and afternoon hours, as well as working to raise awareness about the importance of school bus safety and following the law.

What to do when you encounter a stopped school bus

Drivers should slow down and prepare to stop when the overhead lights on a school bus are flashing yellow. Once the lights turn red and the stop arm extends, drivers are required to stop on all roads with one exception. On highways divided by a physical barrier, such as a concrete wall or grassy median, only vehicles traveling in the same direction as the school bus are required to stop.

Motorists should also be mindful of posted speed limits, avoid distractions and watch for children in or near school and residential areas. Planning ahead and allowing for extra time during each commute will help keep all road users safe.

What are the legal consequences?

Disregarding a school bus stop arm is a Class A Infraction. Violators could pay a fine of up to \$10,000, have their license suspended for up to 90 days for the first offense or up to one year for the second.

Republicans flock to outdoor party

After a VIP event at the Gaylor Electric Production Innovation Center, 17230 Kraft Ct., Noblesville, people drove across town so this GOP fundraising party could move outside for the first time in years. Forest Park was filled with candidates and supporters early Friday evening, who were there to strategize for November and hear guest speakers Lt. Governor Suzanne Crouch and U.S. Senator Todd Young. The originally slated keynote speaker Ohio Congressman Jim Jordan was not able to attend, but VIP guests heard a pre-recorded video message from him. His absence did nothing to dampen spirits at either portion of Friday's festivities. (Reporter photos by Stu Clampitt)

Enjoy best of art, shopping, music today at Meet Me on Main in Carmel

The REPORTER

Come to the Carmel Arts & Design District from 5 to 9 p.m. on Saturday, Aug. 13 for Allied Solutions' *Meet Me on Main*. Make your way to Main Street and Range Line Road for an evening of art, shopping, music, and more.

Meet Me on Main is the City of Carmel's monthly "second Saturday" event to highlight local galleries, restaurants and design-related businesses in the District. Art galleries and businesses will feature special events specially planned to enhance the art and design-related features of the District.

Special Community Activity

Nancy Keating of Mosaic Gardens and Carmel Art on Main Gallery and Gifts will host a Chip-in Community Mosaic on the plaza at Main Street and Monon Greenway. You can start "chipping in" at 4 p.m.

Sophia Square Mural

Join Carmel city officials and community members at 5 p.m. in celebration of the unveiling of a mural in the Sophia Square breezeway next to Monterey Coastal Cuisine and Pad Thai restaurants, 110 W. Main St., #140. Enjoy light refreshments following the ceremony in the Sophia Square courtyard.

Visit the art galleries and businesses to enjoy their special offers, as well as special activities in the Arts & Design District:

- Live music stationed along the sidewalk throughout the district: Rosie Inman, on the patio in front of Kuaba Gallery (404 W. Main St.), Mina Koehane, next to Carmel Chocolate Café (45 W. Main St.); Classical Music Indy, in front of Indiana Artisan (22 N. Range Line Road)
- Free make and take crafts in the breezeway next to Vitality Bowls (110 W. Main St., Suite 115)
- Free caricatures in front of Circle Real Estate (30 W. Main St.)
- Carmel Fire Department community display next to Vitality Bowls (110 W. Main St., Suite 115)
- New featured artists and special events at various art galleries along Main Street and Range Line Road

There will be an opportunity to register to win one of three \$100 gift cards by visiting participating merchants and dropping your name and contact information into a special drawing that will take place the following week. The gift cards are from select Carmel Arts & Design District businesses. Be sure to visit as many

galleries and shops as possible to increase your chance to win.

Visit the following galleries and businesses for your chance to win one of three \$100 gift cards:

- Soori Gallery, 33 E. Main St.
- Magdalena Gallery of Art, 27 E. Main St. #100
- Indiana Artisan Gifts & Gallery, 22 N. Range Line Road
- The Olive Mill, 10 S. Range Line Road
- Carmel Arts Council – The Children's Art Gallery, 40 W. Main St.
- All Things Carmel, 110 W. Main St. #104
- Art on Main Gallery & Gifts, 111 W. Main St. #140
- CCA Gallery & Gifts, 111 W. Main St. #135
- Kuaba Gallery, 404 W. Main St.

Art on Main Gallery & Gifts

Art on Main Gallery & Gifts, 111 W. Main St., Suite 140. The featured show for August is "Abstracting Our World," the annual mother/daughter show by painters Deb Slack and Barb Gregory. This exhibit features colorful and meaningful abstract painting and landscape work. A portion of their sales goes to support Northside Food Pantry. In addition to the featured show, Art on Main has new art and gifts in the gallery by their 20 artists.

CCA Gallery & Gifts

CCA Gallery, 111 W. Main St., Suite 135. The featured artists for August at CCA Gallery include photography by Kenneth Keifer and beautiful ceramic works by Judy Le Mere. Meet the artists at the reception from 5 to 9 p.m. Discover what inspires them and enjoy refreshments.

Indiana Artisan

Indiana Artisan, 22 N. Range Line Road. Meet Jon Vance and see his one-of-a-kind photography technique this month. He carefully cuts around every intricate element on multiple copies of the same photo, then layers the cuts separated by spaces to create an eye-catching 3D effect. Jon will be in the gallery from 5 to 9 p.m.

Kuaba Gallery

Kuaba Gallery, 404 W. Main St., presents "Wayfinding." You are invited to view art by Phyllis Boyd and listen to the artist talk about her works. Enjoy an aperitif and music beginning at 5 p.m. Boyd will speak at 6:15 p.m. at the gallery.

Special Offers

- **All Things Carmel**, 110 W. Main St., #104. This month, the store will feature the latest back-to-school Carmel swag and clothing for students. There

will also be samplings from local wineries Peace Water and Sugar Creek as part of the Carmel Brews & Barrels Trail.

- **The Olive Mill**, 10 S. Range Line Road. Enter to win a \$50 Olive Mill gift certificate in addition to the city drawing.

- **Xchocol'Art**, 228 W. Main St. Here is your chance to be a chocolate chef at the Make Your Own Bar workshop. Pour beautiful dark chocolate and add your favorite ingredients – dried fruit, nuts, cookies, even flowers. You will take home three bars to share with friends and family. While your bars are drying, Xchocol'Art staff will talk about all things chocolate. There will also be beautiful back-to-school teacher/student gifts as well as free samples.

A map of the gallery locations and more information about Meet Me on Main activities can be found at CarmelArtsAndDesign.com.

Public parking is available in the Carmel Lions Club lot (141 E. Main St.), Sophia Square parking garage (entrance off of 1st Ave. NW), Indiana Design Center parking garage (200 S. Range Line Road) or on-street. [Click here](#) to download the Arts & Design District parking map.

Sen. Young says he’s withholding judgment on FBI’s Mar-A-Lago raid

By GARRETT BERGQUIST
WISH-TV | wishtv.com

U.S. Senator Todd Young said Friday morning he wants to see the search warrant for former President Donald Trump’s home before he criticizes the FBI’s raid there.

The Indiana Republican’s comments came during a campaign event at a McCordsville gas station. They contrast with statements from other leading Republicans including Young’s colleague Sen. Mike Braun, who accused the Biden Administration of using the FBI and the Department of Justice as tools to attack its political opponents.

“This seems unprecedented. I don’t know that we’ve had a President of the United States experience this sort of investigation,” Young said. “I think it’s smart for us to withhold full judgment until we see the search warrant and other documents.”

Young instead focused his criticism on President Joe Biden’s economic policy. As part of his campaign event, the owner of the gas station temporarily lowered prices there to \$2.38 per gallon, the average

Young

when Biden took office. Young said he blamed Biden’s energy policies for high gas prices and inflation, though he said he hoped new numbers suggesting inflation slowed last month are correct.

President Biden late last month credited his administrations’ efforts to boost oil production with the drop in gas prices over the past two months. He said oil and gas companies already have more lease permits than they need, and he wants to force them to use them or lose them.

Friends of Fishers holds first fundraiser for HSE school board candidates

Submitted

On Wednesday, the Friends of Fishers Political Action Committee's (FoF PAC) held the first in a series of fundraisers to support Hamilton Southeastern school board candidates.

The event engaged more than 200 concerned community members, including local and state elected officials. The event exceeded the FoF PAC's fundraising goal and has the group positioned to achieve its overall goal of electing leaders who will restore academic excellence, transparency, and fiscal responsibility to HSE Schools.

With messages of support from Republican candidate for Hamilton County Prosecutor Greg Garrison and State Senator and State Education Chairman Jeff Raatz, all four school board candidates endorsed by Friends of Fishers spoke. They each spoke passionately on their desire to restore academic excellence to HSE Schools.

The following are the FoF-endorsed school board candidates by district:

- District 1: **Tiffany Pascoe**
- District 2: **Dr. Juanita Albright**
- District 3: **Dawn Lang**

• District 4: Ben Orr

Friends of Fishers supports these candidates who are committed to the goals we value: (1) Focusing on academic excellence, (2) Partnering with parents/guardians, (3) Rewarding employees based on academic goals, (4) Ensuring fiscal responsibility and transparency.

Friends of Fishers PAC is taking action to support HSE School Board candidates who will restore parental rights and academic excellence to HSE Schools. You can learn more about Friends of Fishers by visiting friendsoffishers.com.

Democrats delivering for Hoosiers

President Joe Biden promised Americans he would tell it straight and make the government work for working families once again.

The Inflation Reduction Act (IRA) accomplishes this goal, and thanks to the leadership of Indiana Democrats like André Carson and Frank Mrvan, this Congressional session will be remembered as one of the most productive in American history.

For decades, special interests have blocked progress and have kept voters from seeing the kitchen-table issues they care about most solved. Not anymore. Older Hoosiers wanted to see lower prices for their prescription drugs. This

MIKE SCHMUHL

bill got it done. Younger Hoosiers demanded politicians take climate change seriously. The IRA delivered the biggest energy investment in our nation's history.

And, voters who have been worried about our country's debts can be rest assured. The IRA reduces the deficit by \$300 billion and does not raise taxes on Hoosiers because for the first time in a long while, multi-billion-dollar corporations will finally pay their fair share.

America's middle class is being rebuilt for the better, and Democrats are repairing the F-rated quality of life and D- rated workforce Republicans have created in the Hoosier State. The Indiana Democratic

Party has delivered on jobs, broadband, infrastructure, health care for veterans, lower drug and insurance costs, and plans that combat climate change and global inflation. All the Indiana GOP has done was make abortion against the law, pass permitless carry for firearms, and put politics in our schools.

Indiana Democrats are focused on creating a better future for Hoosier families – no matter who they are or where they live. As for the Republicans, they divide us with their extremist agenda. Democrats will hit the road once more sharing this record directly with voters, and we are confident they will put pocketbook issues ahead of endless culture wars.

Mike Schmuhl serves as the Chairman of the Indiana Democratic Party.

Hamilton County woman starts cosmetic company

By DENISE MOE
For The Reporter

Summer Couch is a Hamilton County business owner of the new female-branded cosmetics company called Exotika Beauty. She founded, owns, runs, and manages all aspects of the company locally in the county.

The new company carries everything from lipsticks to anti-anti-aging creams.

Couch founded this business in May, and what started as a dream quickly became a reality for her. Exotika Beauty was founded upon her passion for helping women feel beautiful. Since she was a teenager, many women would ask her to do their makeup for special occasions. They loved how she was able to make them look and feel beautiful and give them confidence.

Growing up, Summer loved to play with makeup, and the older she got the more she learned about new and trending techniques and applications. Staying up to date with endless techniques can be a challenge, but her 14-year-old stepdaughter Kimber Couch, who shares the same passion for makeup, makes it easy to be on top of recent trends.

Kimber plays a major role in her stepmom's beauty business and serves as a

Photo provided

model for Exotika Beauty. "This is a family business," Summer said, "and I truly enjoy the time I get to spend with Kimber, sharing our passion and dreams."

Whether it's Kimber trying to help her stepmom make a TikTok video or whether it is Summer showing Kimber how to run the business, it truly is a family endeavor. "One day this business could be hers, so every moment we have together means the world to me," Summer said.

Summer spent a considerable amount of time researching other cosmetic companies. What finally drove her to start Exotika Beauty was based on that research. She discovered that most mainstream cosmetic companies were founded by men and that women historically did not have a large

role in ownership or management. Summer said she was disappointed, and she believes that if other women did research on the make-up brands they wear, they would feel the same and would appreciate supporting a female-founded and operated family company.

This inspired Summer to lead by example and create Exotika Beauty: *a makeup brand by women, for women.*

Exotika Beauty is a high-quality cosmetics company at an affordable price for all women. New inventory is continuously being launched. The entire product line aims to keep skin hydrated and youthful. Its foundations, tinted creams, and tinted oils are UVA/UVB protecting and can reverse the signs of aging. All cosmetics are formulated to help correct sun damage,

dark spots, fine lines, and wrinkles. Exotika Beauty has a proprietary multi-peptide formula, made from natural plants with vitamins A, C, E, and hyaluronic acid that is used throughout the entire portfolio. Women can count on this same formula being consistent whether they buy lipstick or a hydration cream.

Summer said she wanted a brand that focused on "beauty at any age." Whether you are 16 or 60 years old, Exotika Beauty is here for "The Beautiful You!"

"Not only do we take pride in our formula and brand," Summer said, "but Exotika Beauty is determined to make women feel empowered!" Summer says she believes it is the perfect time to introduce her new brand, to bring a fresh perspective, and to unite women in the name of beauty.

TODAY'S BIBLE READING

Not many of you should become teachers, my fellow believers, because you know that we who teach will be judged more strictly. We all stumble in many ways. Anyone who is never at fault in what they say is perfect, able to keep their whole body in check.

When we put bits into the mouths of horses to make them obey us, we can turn the whole animal. Or take ships as an example. Although they are so large and are driven by strong winds, they are steered by a very small rudder wherever the pilot wants to go. Likewise, the tongue is a small part of the body, but it makes great boasts. Consider what a great forest is set on fire by a small spark. The tongue also is a fire, a world of evil among the parts of the body. It corrupts the whole body, sets the whole course of one's life on fire, and is itself set on fire by hell.

All kinds of animals, birds, reptiles and sea creatures are being tamed and have been tamed by mankind, but no human being can tame the tongue. It is a restless evil, full of deadly poison.

With the tongue we praise our Lord and Father, and with it we curse human beings, who have been made in God's likeness. Out of the same mouth come praise and cursing. My brothers and sisters, this should not be. Can both fresh water and salt water flow from the same spring? My brothers and sisters, can a fig tree bear olives, or a grapevine bear figs? Neither can a salt spring produce fresh water.

Noblesville scrimmages North Central in first game action at new Beaver Stadium

By CRAIG ADKINS

NOBLESVILLE – The Noblesville Millers’ anticipation of getting to play on their new football field just had to be all they could think about during the first couple of weeks of school and practices.

The Millers have a brand-new football facility that’s located directly on the west side of the high school campus. They had previously played at Beaver Materials Field since 1969, which is adjacent to Ivy Tech Community College, which was the original high school.

Third-year head coach Dave Sharpe has his team primed to change the tone of last season’s 2-8 campaign that started out well with two wins, but ended with eight consecutive losses.

In Friday night’s scrimmage, the Millers defense took to the field to face the Panthers offense. There are a lot of returnees to lead the defense, but also some new faces seeing more playing time than they did a year ago.

“We feel we have a lot of experience returning in the linebacker core. We tweaked our scheme a little bit to get our personnel in the game. Guys like Jordan Sharp, Trey Speck, Austin Hastings, Mac Lynas, Gavin Kinyon, all those guys have a ton of varsity experience, so we’re going to play more of a five linebacker-type of set this year,” said Noblesville head coach Dave Sharpe on his defense and how excited he and his staff are about the experience that returns.

The first defensive series seemed a little rusty, but let’s be honest, a scrimmage is a great tool to see who and what are going to work well against different offensive styles. The first three plays were all first downs by speedy playmakers

Noblesville junior Logan Shoffner carried the ball 148 times for 1,270 yards and nine touchdowns last season and is expected to get many of the carries this season. Shoffner is shown here during the Millers’ Friday scrimmage with Mount Vernon at the new Beaver Stadium.

from North Central, but that’s no surprise with their usually quick offensive skilled players.

Coach Sharpe is also high on his defensive unit as a whole. There will be many that will see time on defense this year to keep fresh bodies out there, especially because we all know that late the August and September heat will come back and play a big role.

“We’re rotating in a ton of bodies at defensive line, especially here in August and September, so we know it’s going to be a war of attrition in these hot, humid games,” Sharpe said of how the anticipated heat and humidity will play a factor in the upcoming weeks.

“And, the same thing with our secondary. We honestly feel like we have five or six DB’s that can play on Fridays,” stated Sharpe confident in his corners and safeties.

“We’re still trying to figure out who’s going to get the bulk of the snaps, so it was great defensively, from an audition standpoint. We’ll have thorough evaluations and we’ll feel pretty confident about the very difficult decisions we need to make coming into next week,” continued Sharpe about his defense.

Noblesville’s offense brings back junior running back Logan Shoffner, who rushed 148 times for 1,270 yards and nine touchdowns, while averaging 8.6 yards per carry.

“Shoff’s our guy and

we’re going to get him the ball as much as we possibly can in creative ways. He’s just a tremendous high school football player,” said Sharpe on his speedy junior tailback.

The Millers offense will be guided by freshman Landon Hughes and sophomore Max Miller, more than likely both seeing ample time leading the offense at the quarterback position.

“The quarterback situation, yeah we’re about 50/50 with Max and Landon right now,” said Sharpe on the possibility of platooning his young quarterbacks.

“It might be a rotate type of thing until we figure out who’s going to get more of the reps on Friday nights,” continued Sharpe on his two signal callers.

Sharpe and the Millers have their regular season opener at home when they host the defending Class 4A state champion Mount Vernon Marauders at 7 p.m. next Friday, Aug. 19 at Beaver Stadium.

Talent level high for Westfield boys soccer, says coach

By RICHIE HALL
sports@readthereporter.com

Westfield boys soccer coach Kevin Scanlon had this to say about the 2022 edition of the Shamrocks team: “Very talented but needing experience playing on the varsity level.”

Westfield graduated several key players from

its 2021 team, including its top four scorers, who accounted for 35 of the goals ‘Rocks scored. But Westfield has a strong senior class waiting in the wings, with a handful of players that have some varsity experience from last season’s squad, which went 10-5-2.

The list of returners includes several senior midfielders: Marlon Gomez, Aiden Yonkus and Yahir Lopez. Two more seniors also bring back experience: Defender Beck Hunter and goalkeeper/forward Liam Lloyd. Senior Everett Fife and junior Oliver Smith both scored three goals last season and are back as well.

The Shamrocks play

Westfield Varsity Roster

Seniors: Cooper Ardiolo, Sam Degnan, Cameron Fay, Everett Fife, Marlon Gomez, Beck Hunter, Colton Lahr, Liam Lloyd, Yahir Lopez, Quinn McConaha, Carson Melnick, Joey Parrish, Aiden Yonkus.

Juniors: Ben Church, Justin Dao, Aiden Greusser, Oliver Smith, Noah Speicher.

Heights “all in with football” after Eastbrook scrimmage

Reporter photo by Richie Hall
The Hamilton Heights football team hosted Eastbrook in a scrimmage on Friday. The game took place at the old Heights Middle School field, located at the Student Activity Center. There are 62 players on this year's Huskies team, and coach Jon Kirschner said after the scrimmage that this group is “all in with football” this season. Pictured here is Cooper Vondersaar (5) scoring a touchdown as Jaylyn Pugh (21) cheers him on. Be sure to read next week's Reporter for previews on this year's Hamilton County football teams and see what the coaches have to say about their teams.

Fever fall to Washington

The REPORTER
In the first of two matchups against the Washington Mystics to end the regular season, the Indiana Fever fell 82-70 at Hinkle Fieldhouse on Friday night. Rookie forward Emily Engstler led the way, tallying a career-high 18 points, five rebounds and three blocks.
The first quarter for Indiana was led by forward Emma Cannon. After getting added to the starting lineup minutes before tip-off, Cannon scored all of Indiana's 12 points in the first quarter. She is only the second player — the first being Erica Wheeler — in franchise history to score every point in a quarter.
Washington continued its balanced scoring attack in the second quarter, shooting 50 percent from the field. Mystics forward Elena Delle Donne and center Elizabeth Williams led the team with eight points each and scored the majority of Washington's 18 first-half points in the paint.
Washington kept control of the lead in the third quarter, with Delle Donne scoring eight of her game-high 24 points in the quarter. Up 60-47 after three quarters, Indiana put up a 7-0 run in the fourth quarter to cut the lead down to eight. The Mystics responded, however, with two straight baskets to push the lead back to double digits and held the lead for the remainder of the game.
Four players in total scored in double figures for Indiana. Behind Engstler's 18, Cannon tied her season-high with 16 points and eight rebounds. Guard Tiffany Mitchell scored 13 points and rookie forward NaLysa Smith recorded her 23rd career game in double figures with 11 points.
Every player who touched the floor for Washington scored a basket in the contest for the 21-14 Mystics. Williams was the second-leading scorer behind Delle Donne with 10 points. The Mystics assisted on 26 of their 31 made field goals — the most this season.
The Fever play the final game of the regular season at 3 p.m. Sunday at the Washington Mystics.
Sunday's game will be streamed on the official [Indiana Fever Facebook page](#).
