County hires new Director of Communications Michael Hubbs to take the reigns next month

The REPORTER

Hamilton County has hired a new Executive Director of Communications. Michael Hubbs has served as the Director of the Marion County 911 Center in Indianapolis since 2014.

"This is a once in a lifetime career opportunity," Hubbs said. "Hamilton County's 911 Center is highly regarded within the industry as one of the best. Its dispatchers are second to none. It will be a true honor to work alongside folks who are just as passionate about helping people as I am."

Having dedicated his life to law enforcement, Hubbs has worked as a 911 dispatcher, an Indiana State Trooper, a commander for the Marion County Sheriff's Office, and a United States Secret Service agent. Originally from the south side of Indianapolis, Hubbs graduated with degrees in Criminal Justice and Spanish from the University of Indianapolis.

Westfield's own Joey Chestnut sets world record for competitive popcorn eating

The REPORTER & WISH-TV

Competitive eater Joey Chestnut successfully munched and crunched his way to a new world record Tuesday night at Victory Field.

Chestnut had eight minutes to eat more than 28.5, 24-ounce servings of popcorn – equal to nearly 43 pounds of the buttery, salty stuff – as part of the World Record Popcorn-Eating Challenge.

Preliminary results show that Chestnut ate more than 29 servings. Verification of these results will be performed by the *Guinness Book of World Records* before being accepted and finalized.

It was a tall order, but Chestnut has history on his side. He already holds more competitive eating records than any other athlete in history. His records include eating 76 Nathan's Famous Hot Dogs and buns in

10 minutes, and 18 pounds, 9.6 ounces of St. Elmo shrimp cocktail in eight minutes.

The competitive eater, who lives in Westfield, stopped by *Daybreak* on Tuesday to discuss his strategy for the popcorn-eating challenge.

"I have a plan of attack on

how I'm gonna go in and attack it. It's actually really hard to eat fast," Chestnut said. "So, I'm drinking water during it to get it down. You can't really dunk popcorn, but it's definitely faster when I'm drinking water. I'm taking the right size handful, squeezing it just a little bit, too,

but really I'm depending on the water to wash it down."

A week ago, Chestnut popped by Victory Field and devoured items from \$2 menu during the Indianapolis Indians game against the Iowa Cubs.

The home, which is for sale and listed at \$415,000, is at an intersection the city plans to convert into a roundabout in the future. Construction will require the city to use some of the existing yard.

200th anniversary of Great Squirrel Stampede Take part in community events & support local businesses

The REPORTER

The legend of the Great Squirrel Stampede will be commemorated this fall with fun activities that also provide a sneak preview to the upcoming 2023 Hamilton County Bicentennial.

Residents and visitors can enjoy countywide, squirrel-themed events and support local businesses that have squirrel-themed offerings sponsored by Hamilton County Tourism and participating partners.

In 1822, an abundance of squirrels invaded the area during their migration south, trampling crops and causing mass environmental destruction. While this was devastating to central Indiana at the time, the story has become a part of quirky folklore from Hamilton County's past.

"In honor of the 200th anniversary of the Squirrel Stampede, communities in Hamilton County plan to host a variety of events," said Sarah Buckner, Assistant Director of Community Engagement. "Learn the 'official' Squirrel Stomp dance at Nickel Plate Arts, paint squirrel pottery, play a round of

"It's always fun to explore oddball history, and Hamilton County's squirrels are solidly in that category," Hamilton County Historian David Heighway said.

This "celebration" also includes an arts initiative sponsored by Hamilton County Tourism. Event partners include the City of Fishers, City of Westfield, Nickel Plate Arts, Primeval Brewing in Noblesville, Nickel Plate Arts, and the Carmel Clay Historical Society.

COMMS DIRECTOR

from Page 1

“Public Safety is a top priority in Hamilton County, so we did a national search to fill this position,” County Commissioner Christine Altman said. “Turns out the best candidate was in our backyard. Mr. Hubbs’ extensive law enforcement background and depth of experience have earned him the respect and support of Hamilton County Public Safety leadership, our Dispatch team, and makes him the perfect person to lead us through the building of a new 911 center.”

Hubbs replaces Jeff Schemmer, who accepted a job in May as Executive Director at the Indiana State-wide 9-1-1 Board. Hubbs’ first day with the county will be Monday, Sept. 19.

POPCORN

He says there were also two popcorn-eating practice sessions – one just for technique and one for technique and capacity.

Practices – and the competitions themselves – are better when the food is good, according to Chestnut.

“It’s so much better when I enjoy the food. I mean there are times where I’m like, ‘All right, I have to ignore the taste. It’s been sitting out too long.’ But popcorn... salty and buttery. They make it themselves, so it’s really good, and I’m excited for it.”

After the game, fans exiting Victory Field received complimentary bottles of Chestnut’s very own Creamy Green Hatch and Jalapeno Wing and Dipping Sauce.

Tickets to the 120th season of the Indianapolis Indians baseball are **on sale now**.

CARMEL HOUSE

from Page 1

The city plans to lease the home until the roundabout is built and then sell the property to a new homeowner. City officials claim this is because it will be easier for a new homeowner to move to the property after the roundabout is complete rather than having someone buy the house and move in shortly before construction begins.

Furthermore, city officials say it’s easier since the city will look to obtain land from the property for construction. Currently, there is no timeline for when the roundabout will be built.

City officials claim since property will be sold at a later date, purchasing this home will not negatively affect city budgets.

I was born and raised right here in Noblesville. I grew up in a home without domestic violence or assault - it wasn't something I saw, or even heard about. But when I was introduced to Prevail of Central Indiana, I was shocked by the number of individuals who are affected by domestic violence. In 2018 alone, Prevail helped more than 4,000 clients in Hamilton County (nearly 80 percent of clients are women and children). Domestic violence and abuse are hard topics to discuss, so you don't often hear about them. Auditions for Midtown’s Got Talent open until Aug. 31

The REPORTER

Do you love singing in the shower or crooning along with the radio in your car? Are you ready to step on stage and share your awesome vocals with the rest of the world? If so, the City of Carmel and Allied Solutions have just the opportunity

you’ve been waiting for.

Midtown’s Got Talent presented by Allied Solutions is accepting auditions for the third annual contest to be held at Midtown Plaza in September and October. We are looking for talented and entertaining vocal soloists/duos and instrumental soloists/duos, ages 10 years and up, with stage presence and charisma to participate in the multi-week competition.

Contestants who are selected by judges based on their video audition will compete in a Youth, Teen or Adult category. The judges are looking and listening for participants who can “wow” them with their 90-second audition tape and then go on to entertain live audiences at Midtown Plaza throughout the contest. Contestants will be competing for up to \$500 in cash prizes.

Auditions need to be submitted by Aug. 31.

“One of the reasons we focus on art and culture in Carmel is so that our younger generations can be inspired to discover their own talents and share them with others,” said Nancy Heck,

Director of Community Relations and Economic Development. “Midtown’s Got Talent is the perfect vehicle to help individuals discover what they can do on a small stage, so that perhaps they may perform one day on a much bigger stage.”

Contest finals will take place Oct. 7 and 8 and cash prizes up to \$500 will be awarded in each age category. As the competition narrows to the semi-finals and finals, contestants will have

the opportunity to impress the judges with up to two songs in the final round.

The deadline to submit audition videos is 5 p.m. on Wednesday, Aug. 31. For details about the competition criteria and schedule, go to [MidtownPlazaCarmel.com](#) and look for the Midtown’s Got Talent logo and [link to the registration form](#). Come let us reason together...
(Isa. 1:18).

In Isaiah 1, God was extending to His people an invitation to think. To reason is the power of the mind to think, understand, and form judgments by a process of logic. The Lord concluded His case against Israel by offering them the opportunity to be forgiven and by setting before them the alternatives of renewed blessing and final judgment.

God expects us to use our ability to reason and think. Words have meaning and meanings have consequences. God calls upon man to gather facts and in light of those facts reach conclusions.

Come let us reason...let us join together in earnest, sincere Bible study so that we might understand God’s revelation to man. Thought our sins be as scarlet they can be white as wool. That is God’s invitation and promise to those who will reason with Him.

Carmel International Arts Festival & city partner to bring Italian & Latvian artists

The REPORTER

The Carmel International Arts Festival (CIAF) this year will welcome artists from two of Carmel’s Sister Cities during this year’s event, which will take place Sept. 24 and 25 in the Arts & Design District.

The VanRiper-Woodard Family Foundation has agreed to sponsor this special part of the festival that helps to tie in not only the art of other cities and countries, but the values and cultures, as well.

Carmel city officials recently announced two new Sister Cities relationships with Jelgava, Latvia, and Cortona, Italy. Previous agreements are already in place with Kawachinagano, Osaka, Japan and Xiangyang, Hubei, China.

CIAF and the city share the mission of spreading the art and creativity of artists from two of these cities with visitors to this year’s festival as a way to promote diversity of artistic expression and multi-cultural understanding.

“CIAF is excited to have the sister cities join us for the weekend to share their history, culture, and rich art heritage,” CIAF Board President Jill Gilmer said. “I have met the artists and believe the city and festival spectators will love having them be a part of our Festival.”

Carmel Mayor Jim Brainard recommended that the festival host the artists.

“During my time in Italy, while finalizing our Sister Cities relationship with Cortona, I was able to experience first-hand the art and culture of this region,” Mayor Brainard said. “I have also come to learn more about the art and culture of Latvia. I look forward to our residents and visitors having the chance to share in the experience as part of the cultural exchange of our new relationship. I appreciate the work that has been done by the festival board to make this happen so quickly.”

The Artists

Sebastian DelBrenna of Cortona, Italy, is an artist who works with jewelry. Building on his family’s history of jewelry and chain design, DelBrenna created his own collection using gemstones, Italian coins and sculptural elements. His goal is to be a jeweler who “not only celebrates jewelry and Italy’s rich traditions, but one that also stirs a deep sense of connection,” according to his website.

[Click here](#) to learn more about DelBrenna.

Cortona is a beautiful, historic city in the Tuscany area of Italy that enjoys landscapes of low mountains and lakes. It is known in the area as a city that ap-

preciates the art of fine food and fine wines, in addition to beautiful art.

Ilze-Emse Grinberga of Jelgava, Latvia, is an artist and sculptor who works in many different forms but is known for her “Chamotte Sculptures” which adorn a special garden by the river in her home of Jelgava. These sculptures are actually unveiled while still on the kiln with the fire going, and then are placed permanently in the garden.

Grinberga has a Master of Humanities in Art. She has had solo exhibitions in Latvia, Lithuania, Estonia, Sweden and Finland among others. Other than her works along the river, her works appear in public spaces at the Jelgava University Forestry Faculty, Jelgava Post Island, and Abgunste Manor.

While she cannot bring these sculptures with her, Grinberga will bring large photo posters to share her incredible work. In addition, she will bring smaller pieces of her porcelain meant for Christmas tree ornaments and will bring items from MIL DESIGN and leather works made by her sister-in-law, leather artist Ilizan Grinberga. These items will ensure visitors get a feeling of the Latvian culture. You can see more of her work at [Facebook.com/ilze.emsegrinberga](#).

After discussion with the Mayor, the CIAF Board fully embraced the idea and is making booth space available for both artists. This will undoubtedly be a highlight of the festival and something both the community and visitors will enjoy.

The project is made possible by the VanRiper-Woodard Family Foundation’s contribution toward this Sister City program portion of the festival.

“It gives me and my family great joy to support the Carmel arts community, especially the initiative to bring two international

artists in to display at this year’s festival,” Turner Woodard said. “Our family has had strong ties to the local arts community, dating back many years to when my stepfather, Guernsey

VanRiper, displayed his works in Carmel. The VanRiper-Woodard Family Foundation is honored to carry on this legacy.”

The Carmel International Arts Festival will take

place from 11 a.m. to 7 p.m. on Saturday, Sept. 24 and from 11 a.m. to 5 p.m. on Sunday, Sept. 25 at Main Street and Range Line Road.

Traffic Safety Partnership will conduct multiple sobriety checkpoints Aug. 27

The REPORTER

Multiple sobriety checkpoints will be conducted on the night of Saturday, Aug. 27. Impaired driving is one of the nation’s most frequently committed violent crimes. Just in Indiana in 2019, alcohol-related traffic crashes killed 106 people and injured another 1,014 people. Twenty-six percent of all drivers involved in fatal collisions in Indiana were legally impaired. In Hamilton County in 2020, the State filed 898

cases involving impaired driving. Of these, 101 drivers had prior convictions for operating while intoxicated within the last five years. To combat this crime, the Hamilton County Traffic Safety Partnership will set up sobriety checkpoints around Hamilton County to aggressively deter, detect and arrest those drivers who make the decision to drive impaired. Sobriety checkpoints have proven successful in both raising awareness of impaired driving and reducing the likelihood of a person driving after they have been drinking. In order to raise awareness of the prevalence of impaired driving in our community and the efforts of the Partnership to combat the crime, the Partnership maintains a webpage at hamiltoncounty.in.gov/503.

At a sobriety checkpoint, law enforcement officers evaluate drivers for signs of alcohol or drug impairment at a specified point along the roadway, often depending upon the support of local property owners for the use of appropriate land. Checkpoint sites are selected based upon analysis of available crash and impaired driving arrest data and a consideration of officer safety. Vehicles are stopped in a specific sequence, such as every other vehicle, every third vehicle, every fourth vehicle or by stopping three, four, or five cars in succession and allowing other traffic to proceed while checking the stopped vehicles. The planned sequence in which vehicles are stopped depends on the number of officers available to staff the checkpoint, traffic congestion, and other safety concerns. Upon making contact with the driver, the officer advises them that they’ve been stopped at an HCTSP sobriety checkpoint and asks for the driver’s license and the vehicle’s registration. If, in the course of the contact, the officer detects that alcohol may be involved and that the driver may be impaired or if some other issue arises, then the vehicle is directed into a pull-off area for further investigation. Further investigation may involve the Standardized Field Sobriety Tests (SFSTs). On the other hand, if all looks right during the initial contact, the driver is often on his or her way in less than two minutes. Officers staffing the sobriety checkpoints work on an overtime basis paid by grant funds from the National Highway Traffic Safety Administration through the Indiana Governor’s Council on Impaired and Dangerous Driving.

Sobriety checkpoints are conducted in 37 states, including Indiana, and the District of Columbia. In 1990, the U.S. Supreme Court ruled that, if conducted properly, sobriety checkpoints do not constitute an illegal search and seizure. In the 2002 case of *State v. Gerschoffer*, the Indiana Supreme Court found that sobriety checkpoints are constitutional when conducted properly. Members of the Hamilton County Prosecuting Attorney’s Office work with the Partnership to ensure that each checkpoint meets constitutional requirements. **About the Hamilton County Traffic Safety Partnership** The Hamilton County Traffic Safety Partnership (HCTSP) is a consortium of law enforcement agencies in Hamilton County working to increase the usage of seatbelts, to combat aggressive driving, and to decrease impaired driving with the overall goal of creating a safer Hamilton County. The HCTSP is comprised of the Hamilton County Sheriff’s Department, Fishers Police Department, Carmel Police Department, Noblesville Police Department, and Westfield Police Department, with the assistance of the Indiana State Police.

Spartz: We cannot betray Ukrainian people; inaction would equal sabotage

The REPORTER

Congresswoman Victoria Spartz (R-Ind.-05) on Monday sent a letter to President Joe Biden, Secretary of State Antony Blinken, Secretary of Defense Lloyd Austin and Chairman of the Joint Chiefs of Staff General Mark Milley urging them to improve efficiency and volume of direct lethal aid to Ukraine, implement P2P (point to point) logistics to the frontline, and establish an advisory and oversight joint task force in collaboration with the U.S. Embassy in Ukraine for distribution of financial aid to address high risks of incompetency, corruption, infiltration and abuse of power in the Ukrainian government.

Read Rep. Spartz's full letter below.

Dear President Biden, Secretary Blinken, Secretary Austin and General Milley:

I know that many are

playing politics right now, but the value of human life should transcend politics. There are many domestic issues that we have significant disagreements on, and I believe this Administration needs to do a much better job collaborating with Republicans to urgently address issues like border security.

Nevertheless, I wanted to bring up an issue that has been supported on a bipartisan basis requiring your urgent attention. I visited Ukraine last week for the 7th time and urge you to carry out the following immediately:

1) Improve direct lethal assistance to Ukraine:

a) Implement P2P (point-to-point) logistics to the frontlines, which will diversify and mitigate risk and provide badly needed

Spartz

efficiencies and proper oversight; b) Significantly increase volume of lethal assistance; and c) Start implementing lend-lease legislation. 2) Establish an advisory oversight joint task force in collaboration with the U.S. Embassy in Ukraine:

a) Implement proper oversight and governance of any U.S. financial assistance and eliminate any direct budget transfers to Ukrainian government to address significant risks of corruption and incompetence, and provide better accountability and transparency to Congress;

b) Improve strategic decision making, securing critical infrastructure and better engagement with the U.S. business and non-profit community; and c) Establish an interna-

tional mechanism for better anticorruption enforcement and addressing the grievances of Ukrainian citizens due to significant risks of abuse of government power, effective dictatorship and lack of a functioning justice system.

Many Ukrainians are dying in this fight for freedom and international order, but many more will die if we do not take these urgent actions. I have no doubt that Ukrainians are going to prevail in the end, but the question is at what cost. You can save many of lives by taking proper action. The success or failure of our strategic interest depends on your actions. We cannot betray the Ukrainian people and heroes bravely fighting and sacrificing their lives for our shared values. Inaction equals sabotage.

Sincerely,
Victoria Spartz
Member of Congress

Shaffer: Despite inflation, Carmel continues spending

Dear Editor:

As the rest of us rethink our spending in light of 8 to 9 percent inflation and the start of stagflation, the Carmel central progressive planners are hard at work thinking up new ways to spend other people's money.

Real estate researchers at Cushman & Wakefield report one in five Carmel offices are vacant, and the central planners are building hundreds of more offices.

Massive apartment complexes have yet to be filled and even more massive complexes are a-building.

Meanwhile, the mayor belittles anyone bold enough to ask for explanations.

And the city council reins in any hope of establishing an independent audit committee with authority to at least report publicly just how bad city finances are.

It's time to end amateur night in the cabin of the municipal 747.

TODAY'S BIBLE READING

Be patient, then, brothers and sisters, until the Lord's coming. See how the farmer waits for the land to yield its valuable crop, patiently waiting for the autumn and spring rains. You too, be patient and stand firm, because the Lord's coming is near. Don't grumble against one another, brothers and sisters, or you will be judged. The Judge is standing at the door!

Jane Konrad

November 7, 1927 – August 19, 2022

Jane Konrad, Carmel, passed away peacefully at age 94 on August 19, 2022, while in hospice care following an illness. She was preceded in death by her beloved husband Mark in 2015, to whom she was married for more than 65 years.

Jane was born in 1927 in Louisville, Ky., the second of two daughters of James Porter Bourne and Wilner T. Bourne. After finishing high school, Jane attended the University of Louisville, where she would meet her future husband Mark Konrad, who completed medical school there. They married in December 1949, and they remained married until Mark's death.

After graduating from the University of Louisville with a bachelor's degree, Jane attended the University of Iowa in Iowa City, where she earned her master's degree in psychology at a time when relatively few women pursued advanced degrees. Afterward, she and Mark would move together to Milwaukee, Wis., where he would complete his residency training. In 1954, the Army called Mark back into service, and they were stationed for the next two years at Ft. Eustis in Virginia.

In 1956, Mark was hired to chair the Radiology Department for a new hospital in Western Pennsylvania, a place where they would spend the next 57 years. They would raise their children together there, and Jane would go on to put her academic background to good use, first as a high school science teacher at Sewickley Academy. She then moved on to work as the Education Outreach Coordinator for the Pittsburgh Supercomputing Center and finally as the Executive Director of the Pittsburgh Regional Center for Science Teachers through the Education Department at the University of Pittsburgh. She spent over 40 years working to help develop teaching curricula for local area science teachers. During this time, she instilled in her own children the importance of education and encouraged and ensured their ability to pursue their studies to whatever extent possible.

Outside of her work, she had many eclectic interests, including painting, drawing, bookbinding, needlepoint, sewing, embroidery, and scrapbooking to name a few. She was also an avid collector of all kinds of glass.

She was passionate about nature and the environment and shared with her husband a special appreciation of botany and plants, especially flowering azaleas, rhododendrons, and herbs. Together, she and Mark maintained a large garden in their Western Pennsylvania backyard for more than 40 years, where each spring and summer they entertained friends, family, and visitors from the regional rhododendron society, the Pittsburgh herb society, and many other local organizations. She remained most passionate, however, about science and trying to find ways to educate both students and teachers about the importance that a basic understanding of science has for society.

She will be greatly missed by all those who knew her over the years, most especially her family and close friends. Her immediate family is most grateful for the excellent care that she received while she was a patient at the St. Vincent's hospice facility in Indianapolis, where the wonderful and caring staff ensured that she was always treated with dignity and made to feel as comfortable as possible during her final days.

A private celebration of life will take place at a later date for the immediate family.

The Millers won an exciting five-set match over Pendleton Heights at The Mill, 15-25, 25-17, 19-25, 25-22, 15-13. Noblesville trailed 12-8 in the fifth set before making a big rally to close out the match and run its record to 6-0.

Junior Riley Resmer started the run with a net tip, then served back-to-

back aces. The Millers soon had the set tied at 12-12. The Arabians then hit a big kill to move ahead 13-12, but an error tied it up again at 13-13. Freshman Reese Resmer then set up match point by making a kill, then senior Diana Cox stepped up and served an ace to clinch the match.

“This team has a lot of fight in them,” said Millers coach Annie (Phillips) Poulson. The coach thinks her teams play better in those fourth and fifth sets.

“They’re up for the challenge and they’re ready for that challenge every time,” said Poulson. “And

they’re ready for the challenge even when they’re down four and it’s 12-8. And they’re just hungry. They’re very hungry for what’s to come of Miller volleyball.”

Reese Resmer is one of two freshmen in the varsity lineup. The other is setter Madison Brown, who did her job well against Pendleton Heights by dishing out 30 assists.

“Our freshmen have a really big role on the team,” said Poulson. The Millers have gotten the freshmen implemented into the Noblesville system quickly, and it’s worked: Poulson

said “they don’t act like freshmen out there, which is what we’ve asked of them.”

At the same time, Noblesville has plenty of experienced upperclassmen. The Millers have five seniors on their roster, and all of them stepped up in different ways. Ava Harris hit 16 kills and made two blocks. Cox collected 16 digs.

The Noblesville junior class was strong as well. Riley Resmer put down 12 kills and Anna Elkin served three aces. Aubrey Sticher hit several kills in the fourth set, helping the Millers to even the match.

It was a good start to the season for Noblesville after it won five matches last week. That total includes two regular-season matches the previous week, then three more matches last Saturday at the Bishop Chatard Tournament.

“And we’re winning with a lot of different people on the court,” said Poulson. “This Saturday, we won with all 14 kids on our bench. Every single kid got in. And we are the deepest we have ever been as a program. We can put any of our kids in and have faith that they’re going to do the job for us, which is really great,

to have confidence in all of those players that come off the bench.”

Noblesville travels to Avon Thursday to play its first Hoosier Crossroads Conference match of the season. Doing well in conference play is one of two big goals the Millers have for this year.

“Our goal as a team this year is to make that post-season emphasis that we haven’t quite made yet,” said Poulson. The same goes for the HCC, where Poulson said “we really have a god to shake some of those things up at the top half of the conference.”

Zionsville bests Fishers in boys soccer 1-2 battle

By **RICHARD TORRES**
For The Reporter

FISHERS – The calendar read late August, but on Tuesday night at Fishers High School, it felt more like October.

Ranked No. 1 in the state, unbeaten Class 3A Fishers faced its first regular-season test against Hoosier Crossroads Conference rival 3A No. 2 Zionsville, and for 10 minutes, the Tigers passed before the Eagles rallied with three unanswered goals to ultimately flip the ISCA rankings.

A goal by senior Santiago Morales off an assist from junior Kyle Clayton put the host Tigers (2-1-1/1-1-1 HCC) ahead, 1-0, in the first half, but the Eagles’ (2-0-1/1-0 HCC) defense clamped down the remaining 70 minutes to avenge last year’s 1-0 HCC loss with a 3-1 victory.

“We created enough chances. We have some talented, attacking players. I thought they did a good job in transition, and it was kind of like they were running downhill and played a little bit more aggressive than we did,” Fishers boys soccer coach Phil Schmidt said. “Once we got down, I thought we showed a lot of fight and really put a lot of effort in, but they’re a good team, and we can’t give up three goals and think we’re going to win against a good team like that.”

The Tigers were the aggressor in the early portion of the first half and amassed 15 shot attempts overall. However, the Eagles countered at midfield and strung together multiple attacks to tie the game 1-1 in the 17th minute with a quick change of possession initiated by junior Blake Graves, who fed senior Jackson Jelinek for Zionsville’s first goal.

The Eagles seized the lead 2-1 in the 28th minute with an indirect-kick set play that momentarily caught the Tigers off guard.

AJ Jacklin orchestrated the scoring play with a slick pass to Gino Badalow, who found Luke Cero battling for position in front of the net and the Eagles’ second goal.

“Give Zionsville the credit. They played really well tonight and exploited some things that we have to get better at. As I told the guys at the end, the question is, how do we respond? Do we get better from it? We’ll go to the tape and learn from some mistakes, and if we can learn from the mistakes, then it’s something we can get better from,” Schmidt said.

In-game, the Tigers learned on the move, immediately responding with a shot on goal in the 31st minute by senior Noah Reinhart, which unfortunately drew crossbar.

The Tigers had recorded 13 goals prior to their third HHC contest and the Eagles’ defense paid close attention to their trio of attackers (Clayton, 6 goals; Morales, 4 goals; and Reinhart, 4 goals).

Fishers finished the night with 10 shots on goal compared to Zionsville’s 11. The Eagles posted more than 20 shots overall.

“I thought we did a good job, but they’re still extremely dangerous. There were some opportunities where we were a slide tackle away from them getting in. It was just one of those days where we had the effort and got on the end of the ball,” Zionsville head coach Rob Jordan said. “But this is a team that is going to beat a lot of people. I fully expect to see Fishers toward the end of the year. They’re going to do well. They’re an exciting team.”

Both teams ramped up

the physicality in the final 40 minutes with three yellow cards issued to Zionsville and two for Fishers. The Eagles had four yellow cards in the match.

“We knew a 1-2 battle wasn’t going to be easy from start to finish. We started off the way we wanted to, got a nice little goal, but a couple defensive mistakes on our part and our offense should have done a little bit more,” Reinhart said. “It is frustrating, but that’s our fourth game of the season. We want to win games and get better as a team for sectional.”

Both programs reached their respective sectional finals in 2021, but the two teams lost to the eventual state finalists in champion Noblesville and runner-up Carmel.

With added motivation for this fall, the Eagles pushed their advantage to 3-1 over Fishers in the 45th minute off a goal from Ian Backhaus, while the defensive wall of William Sweetney, Badalow and Jacklin swarmed in front of goalkeeper Angelo Badalow, who had eight saves.

“In the grand scheme of things, we want to be the last team playing, but these are the type of games that get you prepared for that,” Jordan said. “They’re a great team, and we’re fortunate that we knocked our goals in. They had some chances, and they didn’t go in for them. It was a well-fought game. It was evenly played, and it could have been a game that went the other way as well.”

The Tigers pressured Badalow in net with a tip save off a hard shot on goal by Clayton in the 50th minute and a pair of shots that just sailed wide from sophomore Reid Spittler in the 56th and 67th minutes.

Fishers executed a perfect attack with quick passes from Reinhart to Clayton to Morales, who buried a would-be goal before it was waved off for offside in the game’s final 3 minutes, 57 seconds.

“One shot hit the post when we were down 2-1. If that goes in, then it’s proba-

Noah Reinhart (11) gets ready as his Fishers teammate Caleb Hernandez (15) prepares to pass the ball.

bly a dogfight until the end, but it didn’t. That’s soccer. Sometimes, it falls your way. Sometimes, it doesn’t, but I thought we created enough chances,” Schmidt said. “It’s the toughest conference in the state and we play a tough schedule. Over the next couple of weeks, we play nothing but really good teams the whole season, and that’s what you want. You want to play good teams and get better from it. Tonight, is a tough result because we hate to lose, but again, give Zionsville credit. I thought the guys can learn from this and get better for the next game.”

Their top ranking might vanish when next week’s ISCA 3A poll is released, but where they fall in the rankings has no bearing on the task ahead.

“Personally, for me, and I’ve been harping at our team, sectional is the goal. Sectional is the first step and then further on from there,” Reinhart said. “That’s what our whole season is building on.”

“That was a very good defense and that’s something that we’re going to have to adapt to as a team. It’s not going to be easy to score on that team, so we have to keep fighting and keep working to find different ways to score.”

In last year’s sectional final, the Tigers lost to Noblesville, 1-0, behind a late goal scored. After facing their first deficit of the season against Zionsville,

they’re aiming to adjust to any situation for victory come October.

“Rankings are fun, but I don’t care about them,” Schmidt said. “That’s somewhat new for Fishers to have that target on your back, and I tell the guys, I literally don’t care about the rankings. I’m a pollster and I vote, and I respect it, but in the end, the rankings don’t take the field. The teams do. Having that target on your back you know you’re going to get every team’s best effort, and now, we’ve got to rebound from this.”

Fishers’ Kyle Clayton assisted on the Tigers’ goal during their game with Zionsville on Tuesday.

between the No. 4-ranked Royals and the No. 3-rated Panthers.

North Central beat Southeastern 4-1. The Royals win came from No. 3 singles Abhi Chaddha, who cruised to a 6-0, 6-1 victory.

Two other matches were close ones: At No. 1 singles, NC's Maurquis Willingham outlasted Southeastern's Rohan Golla 3-6, 6-1, 7-5, while at No. 2 doubles, Rhonit Jha and Tyler Douley got past the Royals' Leo McVeigh

and Alex White 7-5, 6-4.

"The 1-4 score does not tell the whole story of the match," said HSE coach Graham McMullen. "These matches were decided by the big points. Too many times we were up 40-love,

40-15 and we struggle to convert those opportunities tonight. We bounce back, we focus on the learnings, and we take them into practice and our future matches to turn this score around later in the season."
