The bridges of Fall Creek Woods

Reeling in the years with a cane pole boy

New pedestrian bridges & 600-foot switchback will connect park's trails

The REPORTER

Fall Creek Township held a groundbreaking ceremony on Thursday to commemorate the development of Fall Creek Woods Natural Area.

The development of the natural area continues with the construction of a 40- and 80-foot pedestrian bridge over the wooded ravines, as well as a large, 600-foot switchback that will connect the trails within the park. In total, more than 150 helical piers will be bored into the ravine to hold the structures.

Fall Creek Township Trustee Doug Allman has been instrumental in developing this project over the past few years.

"Fall Creek Woods is unique to our area," Allman said. "You are able to enjoy the beauty of the woods while observing animals in their natural habitat."

Local contractor Meyer Najem will work alongside Fall Creek Township to build the

(From left) Kevin Upshaw, Rose Walther, Dylan Sievers, Doug Allman, Adam Windler, Tony Tedrow, Tom Fansler IV, and Tom Fansler III.

new structures.

"Meyer Najem is proud to continue our partnership with Fall Creek Township," Senior Project Manager Adam Windler said. "We are excited to see how

this project will give the local community greater accessibility to the natural area."

The natural area currently has over four miles of walking trails that will now be connected

by the construction of the pedestrian bridges and switchback. This project is expected to be completed in Spring 2023.

Ag Science classes & FFA back in action at Westfield High School

The REPORTER

After over 30 years, Agriculture Science has returned to Westfield High School.

Students are encouraged to be a part of this fun and engaging program that will offer students an opportunity to explore more than 300 careers related to the Agricultural Bio and Life Sciences.

This program is relevant to everyone. Throughout our

WESTFIELD WASHINGTON SCHOOLS

lives we all must eat, and through agriculture is where that food comes from, is processed, and eventually gets to

your table. Everyone can benefit from a better understanding of how food gets to the table. Everyone daily interacts with

plants and animals, and in the Ag Science program, students will study and understand the internal and external anatomical characteristics and functions of animals and plants.

[Click here](#) to watch a YouTube video about the program.

Additionally, the Ag Science program at WHS will enlighten students about the

See works from artist Anthony Schillaci at Nickel Plate Arts throughout September

The REPORTER

Nickel Plate Arts this month features Anthony (Tony) Schillaci's exhibit "Post Impressionism Realist." It will include many of his figure and portrait works.

Tony became interested in drawing as a seventh grader with a sister who never stopped encouraging him. In the early 1970s as a war veteran, he enrolled in the American Academy of Art undergraduate courses.

By the early 1980s, Tony returned to art once more by taking evening life classes with instructor Max Randt. Every Sunday, Tony and Max enjoyed traveling around Northern Illinois painting en plein air.

With a strong interest in

portrait and figure painting, Tony enrolled in the Arts Students League under the guidance of Max Ginsberg who Tony describes as a "master" and was grateful to have him as a teacher.

Today, Tony's artistic goal is painting and drawing every day, trying to improve, in order to paint "that one masterpiece."

Tony is a proud member of Nickel Plate Arts, IPAPA Indiana Plein Air Painters, Hamilton County Artists' Association, Indiana Heritage Arts, and the Hoosier Salon New Harmony Gallery.

Tony's exhibit, "Post Impressionism Realist," is on exhibit in the Stephenson House on the Nickel Plate Arts campus through

Sept. 24. The gallery is free and open to the public from noon to 5 p.m. Wednesdays to Fridays, and 10 a.m. to 5 p.m. Saturdays.

Artwork can be purchased by contacting Nickel Plate Arts or ordering online from NickelPlateArts.org/exhibits.

About Nickel Plate Arts

Nickel Plate Arts is an umbrella nonprofit organization that creates and coordinates arts and cultural experiences across communities in eastern Hamilton County and the surrounding areas to improve the quality of life for residents, strengthen local economies and enrich experiences for visitors. Nickel Plate Arts is a project of Hamilton County Tourism, Inc.

Anthony Schillaci's Gloucester Catch is only one the works you can see this month at the Stephenson House on the Nickel Plate Arts campus.

Art provided

I was a cane pole boy.

Bamboo sticking out the backseat window, cork bobbies bobbing in a country breeze, the crunch and grind of Goodyear on gravel, a day's dust drying our throats, our Sundays measured by cousins' smiles and country road miles.

Creek, spillway, river, lake, and pond. Crappie and catfish and lumbering carp. Bluegill and bass.

The squirm of live bait in rusty Folgers cans. The worms: slimy, nightmarish creatures unearthed from sewer soil by us wee lads as our grandfather watched from a taskmaster's higher ground. We harvested the stinky, slippery worm bed that sat like a bruise on a steep hillside.

To this day, I have not seen a worm like those my grandfather bred, skinnier than the hooks they were put on, more vein than worm, pink, putrid, little, wriggling, writhing live-wired things, sun stunned when pulled by the handfuls from the black muck, while we cursed the smelly slop squishing between our toes, a cancerous ground that I swear stunted my growth, left me prematurely bald.

Even the birds wouldn't eat those worms. I think they were scared of them. The devil's worms.

The frugal man's worm, the homegrown, free worm, not the costly worm found in the Main Street bait shop where you were somehow calmed by the doomed crickets' chirps and fascinated by the juicy, chilled, fat night crawlers caged in waxed cardboard and sold by the dozens like doughnuts.

Crouching behind cattails, sworn to silence so as not to scare the fish, even if a snake shoots between your legs (which they did), staring intently at that cork bobber, as if trying to psychically will it to bob, to begin a dance between an outdoorsman and a denizen swimming just beneath the cumulous-cloud-reflected surface, refusing to blink—the blink being a fisher boy's biggest sin—so as not to miss the sinking of the bobber and the cue to pull back on the pole, tightly set the hook and lift a deep-water dweller to daylight, all scaly and tail bent, gilled, finned, floppy, and frown faced. I lived for the cane pole bend, the airlift of frightened fish. It was my oxygen.

I caught a mud puppy once, hauled from the murk, all rusty brown, mad, and mucus snorting. (The hellish salamander hiss still gives me chills as I write about it.) Pulling it up the steep creek bank was half the chore, for it then ran wildly across land, eternally hook-mouthed, as if searching for a tree to scale and escape. I cut the line, not wanting to deal with what the devil had dealt. I cut the line, too, for river eel and pond snake – satanic aquatic astonishments that kept this wild-eyed cane pole boy wide-eyed during his water hole days. The snapping turtles did their own line-cutting, which was a good thing, for you didn't want to risk a finger – I was told he wouldn't let go until a full moon.

My grandfather kept everything he caught, even the smallest of sunfish. Catch and release was a real eye-roller to him. "It'll make a fine sandwich," he'd say with

S&P affirms Hamilton County's 'AAA' credit rating

The REPORTER

S&P Global Ratings recently affirmed its 'AAA' long-term rating of Hamilton County, which is the highest rating that can be given. In addition, the agency assigned its 'AAA' to the county's bridge improvement bonds that are scheduled to close in September 2022. The outlook is stable.

The bond proceeds will be used to finance a new bridge project over the White River. This will be done in conjunction with the City of Noblesville.

The bridge is the critical component to Noblesville's Pleasant Street project, which city officials say will provide traffic congestion relief on State Road 32.

This is the second year the county has received a AAA rating, and it is still the only county in Indiana that holds a AAA rating from S&P.

"This rating not only saves our residents money, but also signals a sound

Heirbrandt

and stable economic climate," County Commissioner Mark Heirbrandt said. "It certainly speaks to the hard work and teamwork of our county commissioners, county council, and finance team."

In its report, S&P analysts noted that the county has "[a] very strong economic profile, characterized by robust economic growth . . . wealth levels that are among the highest in the state, [and] ro-

bust tax base growth and strong budgetary management practices."

"To improve our credit rating, while we continue to recover from the effects of the pandemic and ramp up numerous projects is simply exceptional," Heirbrandt added. "Our county is fiscally strong, disciplined, resilient, and poised for more growth in the future."

Analysts further elaborated that the county's financial position will remain very strong and will be supported by its proactive budgetary management.

35 S. 9th St.
Noblesville

All proceeds from this event will go to our annual charity campaign

AG SCI

environmental impact on the world and how proper conservation methods can keep this planet beautiful for future generations. Agriculture is so much more than farming, and WHS encourages all students to enroll in these courses to broaden and expand their knowledge of food, natural resources, plants, and animals.

All Ag Science courses will be dual credit courses with Ivy Tech, meaning students will earn both college credit and a grade-point average weighted grade.

As a bonus to restarting the Ag Science program, WHS has reopened its FFA Chapter and offers this club to all those students enrolled in Ag Science classes. The National FFA Organization is the largest student organization in the world. FFA makes a positive difference in the lives of students by developing their potential for premier leadership, personal growth and career success through agricultural education.

The Ag Science program and FFA chapter are officially up and running at WHS. Students are encouraged to see their counselor and change their schedule for the second and third trimesters to take these dynamic Ag Science courses and join the FFA.

Courses currently offered

- Principle of Agriculture, Food, and Natural Resources – Trimesters 1 & 2
- Animal Science – Trimesters 2 & 3
- Plant and Soil Science – Trimesters 3 & 4
- Ag Biotech – Trimester 3

Future courses

- Natural Resources
- Agribusiness
- Advanced Animal Science
- Advanced Plant and Soil Science
- Food Science
- Landscape Management
- Horticulture

REELIN'

each catch attached to the stringer. We'd hatchet the heads, scale the bodies, slit the bellies, thumb-gut them. We'd coat them with crumb, fry them, and once the meat was in our mouths, use our tongue tips to tease, test and tunnel the meat to find stray bone. I feared the fish bone

choke, a slain fish's final revenge. Karma. Balled bread loosened the bone from the gullet, dropped it safely to the belly. I have reached my fifties, in part, thanks to dough balls of my youth.

Before all that, I was a creek bank baby, left behind on a blanket while my

young, lovey-dovey parents fished and cavorted beside a Perry County creek. My father once lifted my squealing mother and pretended to toss her into the drink, except he didn't pretend well enough . . . my infant ears soon heard the big splash of two bodies. I could've become an instant orphan, the perfect bait for the infamous bobcat slinking around that summer, but then I heard my parents laugh and splash and bob together (they were in love like that), and everything was A-OK.

I graduated from cane pole to rod and reel. I lived for Zebco summers: river hooks baited with drippy liver slime, standing sure-footed on riverbank, lost in catfish fever; casted Rapalas and rubber worms from boat decks, hoping to fool a big-mouthed bass; mined crappie beds with the shine of minnow and corpse

of cricket.

In my 20s, I experienced a sea change. I started feeling sorry for fish – even worms. Cricket choruses gnawed at my conscience. I lost the thrill of the gill, sold my poles and tackle in a yard sale. I became a repentant fisherman. Somehow, though, when I catch myself reeling in the years, like now, I think fondly of the carefreeness of a cane pole boy whiling away warm-aired days near creeks, spillways, rivers, lakes, and ponds, thinking of nothing else but crappie and catfish and lumbering carp, bluegill, and bass, way back before the adulthood hooks of worry and regret sunk in and, sadly, my jaw became tightly set.

I was born and raised right here in Noblesville. I grew up in a home without domestic violence or assault - it wasn't something I saw, or even heard about. But when I was introduced to Prevail of Central Indiana, I was shocked by the number of individuals who are affected by domestic violence. In 2018 alone, Prevail helped more than 4,000 clients in Hamilton County (nearly 80 percent of clients are women and children). Domestic violence and abuse are hard topics to discuss, so you don't often hear about them. But at Tom Wood Volkswagen in Noblesville, we're breaking the taboo and raising awareness for Prevail, an organization that helps families in Hamilton County.

- Mike Bragg, GM of Tom Wood Volkswagen in Noblesville

To help Hamilton County families affected by domestic violence and sexual abuse, you can donate the following items:

- Individually packaged snacks
- Lysol
- Hand sanitizer
- Disinfecting wipes

Fishers man fires gun after fight with father over probation appointment

By KYLE BLOYD
WISH-TV | wishtv.com

An 18-year-old Fishers man who was on probation for a juvenile robbery case involving a gun faces new charges after being accused of firing a gun at his father following an argument over a probation appointment.

Darion Murray faces charges for criminal recklessness, intimidation and pointing a weapon **following an altercation in the in the 13400 block of Eastern Road in Fishers on Thursday afternoon.**

According to court documents acquired by News 8, Murray's father told police that an argument got physical after telling his son "that it was not his responsibility to know when his probation appointments are and that he needed to take care of them himself."

The father told police his son was on probation for a Marion County case involving a robbery with a gun. Murray told police the case happened when he was a minor.

Murray's father told police that he told his son "that he was not welcome at the home and that he needed to leave" and that's when Murray fired the gun from the outside of the house, striking between two bricks of the façade.

According to police, security video at the residence shows Murray and

Murray

his father on the back patio of the residence. Police say the video shows Murray pacing with a black handgun, repeatedly screaming in his father's face that he would kill him.

After taking Murray into custody, he told police that his father had choked him and hit him on the head with a bat. After that, Murray said he went and got his gun.

According to online court records, Murray had an initial court appearance on Friday afternoon.

Murray also has an open case for criminal mischief charges in Hamilton County from earlier this year.

AG Todd Rokita moves to protect public retirement funds from corporate causes

The REPORTER

Attorney General Todd Rokita issued an advisory opinion Thursday affirming that Indiana law requires Indiana Public Retirement System (INPRS) investments to be based solely on the financial interests of Hoosier public employees and retirees.

Such investments may not, under state law, be based upon any so-called environmental, social and governance (ESG) considerations. According to Rokita, "these are activist-driven agendas intended to achieve radical environmental and social policies." Examples of ESG goals include eradicating fossil-fuel industries and implementing critical race theory (CRT) in schools and corporate-training programs.

"Hoosiers deserve assurance that these retirement funds are being invested solely for financial interests," Rokita said. "Any other commitment or stated purpose is unlawful."

INPRS board members here in Indiana have steadily worked hard to serve the best interests of Hoosiers. But increasingly, Rokita said, actions by outside investment firms hired to manage Indiana's investments threaten to erode this financial stability.

"ESG investment strategies represent a threat not only to the savings of individual retirees, but also to the larger national economy and democratic policymaking processes," Rokita said. "We must root out investment-management companies that scheme to leverage Hoosiers' retirement funds to advance leftist social and economic agendas that otherwise cannot be implemented through the ballot box. The proliferation of ESG investing has begun to affect state pension funds across the nation. We're going to make sure that Indiana is not among the states being duped by this kind of mismanagement."

To that end, Rokita is demanding answers from BlackRock, an investment management company that has been sole manager of Indiana's large cap equity index fund – and one of several managers of the state's international equity fund, real estate assets and public equity fund. BlackRock has publicized that it has made a "firm-wide commitment to integrate ESG information" into its investment processes.

BlackRock's activities include involvement with a program that may represent an illegal agreement to restrict the production of fossil fuels, which may run afoul of federal and state antitrust laws.

"These woke Big Businesses are collaborating with their leftist allies to subvert the will of the people, including by investing Hoosiers' hard-earned money in ways that work against the best interests of Indiana families," Rokita said. "Our advisory opinion makes

Market District plans Westfield supermarket near Grand Park

By **BRADY GIBSON**
WISH-TV | wishtv.com

Giant Eagle hopes to open a new Market District supermarket in Westfield near Grand Park.

The company has submitted plans to the city for a nearly 50,000 square-foot facility north of State Road 32 along Grand Park Boulevard.

It will be part of the Wheeler Landing Development District. The company has not announced a potential opening date for the store.

“We have enjoyed positive feedback from area guests since introducing Market District and GetGo to the Indianapolis community in 2014,” a company spokesperson told WISH-TV in a statement.

Photo illustration provided

“While we are excited for the potential opportunity to expand our Market District presence in the market, we are in the very

early stages of the process and do not have any additional detail to share about the Westfield site at this time.”

The Westfield Advisory Plan Commission is set to review the plans at its meeting on Tuesday, Sept. 6.

Nickel Plate Arts to highlight local artists at upcoming 10th anniversary Diamond Gala

The REPORTER

Every year, the Nickel Plate Arts Awards recognize some of the most inspirational artists and art advocates among the region’s thriving arts scene. The awards originally started in 2016, with nominations coming from the entire central Indiana region. Members of the community submit each nomination.

The award winners will be named at Nickel Plate Arts’ **10th Anniversary Diamond Gala** on Wednesday, Sept. 21. The gala is the primary fundraiser of the year and is an important event to bring the area’s arts community together each year.

This year, Nickel Plate Arts will feature an Emerging Artist of the Year, an Artist of the Year, an Arts Patron of the Year, and an Arts Champion of the Year, which will recognize someone

working hard to integrate arts into programming or putting the needs of artists in the community first.

Also new this year is an award for Cultural Venture of the Year, which recognizes those who are putting effort into creating something new in the arts community.

“The arts are such a driver for economic development in Hamilton County, it’s important to recognize those who are leading the charge to support the arts and artists throughout the year,” Nickel Plate Arts Director Ailithir McGill said. “That’s why we created this and why it continues to be an important celebration of our arts community. We love being able to tell new stories and bring

McGill

recognition to local artists, but we also want to raise awareness to what they are doing to make Hamilton County a vibrant place to live.”

The nominees are listed below.

Artist of the Year

- Roseanne Crow-

- Beth A Forst
- Shaunt'e Lewis
- Eric Salazar
- Jalynn Simmons

Emerging Artist of the Year

- Critt Hunter
- Maroline Ritter
- Jenny Spires

Arts Patron of the Year

- Daniel Drexler/ Indiana Small Business Development Center
- Moonshot Games
- Jennifer Roberts

Arts Champion of the Year

- Cheryl Bowlin
- Christy Brocken
- Barb Conlin
- Marissa Deckert
- Emilia Seabourne
- Virginia Tate

Cultural Venture of the Year

- Bryan Glover
- James Holbrook
- Kelly McVey
- Eric Sablan
- Lindsay Zehren

"De-Lovely: An Evening of Cole Porter" coming to Carmel's Hotel Carmichael

The REPORTER

Feinstein's at Hotel Carmichael presents Elizabeth Doyle and David Edelfelt in "De-Lovely: An Evening of Cole Porter" on Oct. 14. With songs ranging from playful, to poignant, to comedic, these two singers/pianists will take audiences on a journey through Portner's life, from his small-town Peru, Ind., beginnings to Paris, Broadway and Hollywood.

"De-Lovely" – which Doyle and Edelfelt created and have performed to standing ovations in Paris, New York City, Chicago, and the 2021 Annual Cole Porter Festival – includes both vocal solos and duets and showcases their versatility as they take turns at the piano, playing for each other and themselves.

"As Cole's cousins, we've heard countless per-

Photo provided
David Edelfelt and Elizabeth Doyle will bring the music of Cole Porter to Hotel Carmichael in October.

formers present his intricate rhymes and story-telling tunes ... this show was among the best we've ever heard," Maryalice Kubesch Williams and Polly Kubesch Dobbs said after Doyle and Edelfelt's performance at the 2021 Cole Porter Festival.

"De-Lovely: An Evening of Cole Porter" with Elizabeth Doyle and David Edelfelt plays Feinstein's at Hotel Carmichael, 1 Carmichael Square, Carmel, at 7:30 p.m. Friday, Oct. 14. [Click here](#) for tickets and more information.

Flittner: I have experience required for school board funds management

If you don't know me, my name is Stephanie Flittner. I'm a mother of two young children, the current president of the Junior League of Indianapolis, a full-time lawyer for a top local construction firm, and a candidate for Carmel Clay School Board elections that will be decided this November.

As my campaign for this position begins in earnest, I wanted to let you know why I'm doing this – why this election is so important to me, and, perhaps most importantly, why I believe that I am the perfect candidate for this position.

As someone who has served on boards for multi-million-dollar charities, I know how expenditures can add up if an organization's budgeting is not consistently aligned with its mission's core values. To elaborate, if there is the option to build something flashy that won't necessarily improve the day-to-day educational ex-

periences of our children, a responsible member of the school board would represent the needs of this district by diverting those funds into something more beneficial to cultivating the minds of our children: which are, truly, this district's biggest assets.

When someone without extensive experience in responsibly managing these types of budgets is entrusted with them, there is a much higher probability that they will overlook the small details when faced with large improvement projects. Regardless of how much experience my opponents have with education, they do not come close to my level of experience when it comes to funds management, which means that they are inherently unfit for the office they wish to hold.

As much as school board members should be aware and engaged with educational outcomes, their primary duty is

to protect the assets of your community. School districts are not only a major source of a community's investment in its own future, but they are also a major determinant of future property values and stability.

Furthermore, as a voting tax member of this district, you deserve to know where your tax dollars are spent. You deserve transparency in your local officials, especially when they're in positions that play pivotal roles in determining the trajectory of this school district's children, albeit indirectly. As someone who has been accountable to the spending of charities like the Junior League of Indianapolis and Indianapolis Wish and multiple for-profit corporations, I thrive under this kind of scrutiny. Regardless of who wins your vote this November, transparency is something that you should expect, and competency is something you should demand in this district's candidate for school board.

I know that this election is an important one. That's the whole reason I'm running. I want to use my skills to both maintain and improve upon the education my children will receive. This is a nonpartisan position because educating a child to creatively solve problems and use their unique perspective to see our world differently from us is not a political issue. I am not running to indoctrinate the children of our district, I am running to educate them.

As such, if you want to have an experienced candidate win this election, you won't be able to vote straight ticket this November.

And, while I hope that your vote will ultimately be cast in my favor, I want you to do your research and vote your conscience here. Hopefully, I will be able to earn your vote this November, but, if not, I'm thankful that you've at least heard me out.

I hope you have a fantastic Labor Day and I hope to see you on the trail!

This year's Fishers Mayor's Breakfast brought a large crowd to the Historic Ambassador House.

Fishers Mayor's Breakfast brings community together

The REPORTER

The City of Fishers held the 2022 Mayor's Breakfast on Thursday at the Historic Ambassador House & Heritage Gardens, 10598 Eller Road, Fishers.

YMI Executive Director Brittany Rayburn and YMI Board President Dr. Matt Kegley welcomed attendees. The feature of the 7:30 a.m. program was a three-member panel moderated by Mayor Scott Fadness. The panel included:

• **Kelsey Murphy:** winner of the 2021 season of MasterChef Legends, and now the owner of Inspo in the Fishers Test Kitchen

• **Noah Malone:** a graduate of Hamilton Southeastern High School, now a student-athlete at Indiana State University, as well as a Paralympic sprinter for Team USA.

• **Ronald Nored:** Assistant Coach of the Indiana Pacers, former point guard at Butler University from 2008 to 2012, during which he made two Final Four appearances.

Ryan Gall, a YMI parent, was the Family Impact speaker. Closing remarks were made by YMI Executive Director Brittany Rayburn and YMI Board Member and Event Chair Joe Eaton.

Ivy Tech listed among America's best state employers

The REPORTER

Ivy Tech Community College was named in the annual Top 100 ranking of America's Best State Employers. This is the third Forbes designation the College has received this year, along with the Best Employers for Women for the second straight year and the Best Employers for Diversity.

Along with market research company Statista, Forbes' rankings identify the companies positively rated by their employees on a variety of criteria, including the safety of work environment, fairness of compensation, opportunities for advancement, openness to telecommuting, and likelihood to recommend their employer to others. The final list ranks

the 1,382 employers that received the greatest number of recommendations in each of the 50 states and the District of Columbia. Indiana's list includes 75 employers, but only five institutions of higher education.

"Becoming known as great place to work has been a focus of the College," Ivy Tech President Dr. Sue Ellspermann said. "It is exciting to see that our efforts to align policies and procedures to support all employees have paid off. These efforts have enabled us to increase employee engagement and attract and retain top talent."

Ivy Tech has over 6,400 employees; about half of those are full-time. [Click here](#) to see the full Forbes list.

AG Rokita defends law requiring reporting of abortion complications

The REPORTER

Indiana Attorney General Todd Rokita has won the dismissal of a lawsuit challenging an Indiana law requiring physicians, hospitals and abortion clinics to report 25 listed abortion complications to the Indiana Department of Health.

"We are making strong and steady progress in protecting women's health and safeguarding unborn children," Rokita said. "Day by day, we are building a culture that respects the lives and well-being of all Hoosiers."

Planned Parenthood's patients historically have been able to choose from two different methods of first-trimester abortion: chemical (medication) abortion and surgical abortion by aspiration (suction). Both methods can, at times, cause serious complications.

Chemical abortions can result in infection, excessive vaginal bleeding, failure to terminate the pregnancy and incomplete abortion. Complications of aspiration abortion may include uterine perforation, cervical laceration, infection, excessive vaginal bleeding, pulmonary embolism, deep vein thrombosis, cardiac arrest, respiratory arrest, renal failure, shock, amniotic fluid embolism and coma.

In some cases, both methods of abortion have

even resulted in women's deaths.

"The legislature had a legitimate concern that researchers have insufficient data available to study the safety of abortion," Rokita said. "This law advances the causes of compassion, common sense, medical science and public health."

Rokita

Planned Parenthood first challenged the law requiring reporting of complications in 2018. They won at the district-court level, but Indiana then won in appellate court. Most recently, Planned Parenthood renewed the challenge at the district-court level based on a different legal argument.

Previously, Indiana also won a final judgment on another aspect of the same lawsuit – a challenge to the state's requirement for annual inspections of abortion clinics.

"I am grateful to our team for their persistence over many years in defending good laws protecting the sanctity of life and the health of women," Rokita said. "We will keep pressing onward in this important work."

The dismissal of this lawsuit represents Rokita's fifth legal **victory on behalf of Indiana's pro-life laws** since the U.S. Supreme Court overturned *Roe v. Wade* in June.

Letter to the Editor

Shaffer: President Biden should realize U.S. is a republic

Dear Editor:

The President of the United States stood in front of Independence Hall Thursday and called for equality and democracy.

His speechwriter ignored their incompatibility with logic and history.

Philosopher Friedrich Hayek pointed out in 1960 that people are different by nature. Increasing equality decreases individual freedom, excellence and achievement. However, he added, freedom does require equality before the law which facilitates inequality. (*The Constitution of Liberty*)

Thursday the President spoke just a few paces from where, in 1787, Benjamin Franklin was asked what sort of government the delegates to the Constitutional Convention had just created.

"A republic, if you can keep it," he said.

Not a democracy, since none had ever existed that didn't devolve into mob rule and dictatorship.

Next time he writes a speech for the President, the official scrivener should write "freedom and a republican form of government."

Bill Shaffer
Carmel

Letter to the Editor

Support our unions this Labor Day

Dear Editor:

This Monday will be my seventh Labor Day as a union member. As a commercial airline pilot, I know that labor unions like the one I belong to built the backbone of our country's middle class.

When I decided to run for State Representative in Indiana's 39th district, I knew that I wanted to make supporting labor unions a major part of my campaign. Unions have done so much for me and my family to provide us with a better, more secure life. However, Unions have not always had the support they need from our state to do the work of protecting and supporting workers. We all must do more to support labor unions in Indiana, especially as a part of our celebrations this Labor Day weekend.

As an Air Line Pilots Association (ALPA) member, I know I owe my job safety to the strength of our union organization. Since its founding in 1931, ALPA has prioritized aviation safety and security. The union has fought for an independent aviation safety board, crew rest requirements, and the adoption of the "fasten seatbelt" safety sign that is required on every commercial passenger airplane to this day. There is no question that ALPA's work is a huge part of why flying remains the safest form of travel in our country – we are all safer flying because of this union.

Beyond making work safer, unions create high-quality, well-paying jobs that help grow economies. On average, union jobs pay \$191 more per week than nonunion counterparts. These jobs also provide better employer-provided pensions and health insurance benefits. In today's global economy, creating and protecting high paying, quality jobs for working people is essential for any state looking to attract new workers. In Indiana especially, our unions are fighting to create new high-paying jobs in innovative industries. During the 2022 legislative session, the Indiana AFL-CIO worked with legislators to pass HB 1221, a law that will create new union jobs in the electric vehicle industry and encourage more talent to come to our state.

Unions work hard for workers, and I believe in giving back to our unions. Since becoming a union member, I have walked a picket line to help fight for better wages and working conditions. I supported my union brothers and sisters during the UAW strike in Fort Wayne. I believe that collective action is the only way for unions to win the fight to provide workers with safe, better paying jobs in inclusive and welcoming environments.

This Labor Day, I challenge everyone in our community to learn more about the unions that work to create better jobs and a better economy for Indiana. Visit the Indiana AFL-CIO online at inaflcio.org and learn how you can support union fights for workers happening right now in our state. And remember to thank a union member on Monday for the federally recognized day off of work.

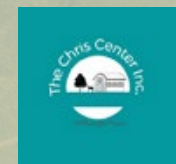

With all our support, unions will make our state workforce and economy stronger, more equitable, and ready for the jobs of tomorrow. I am proud to be a union member running for office in Indiana.

Matt McNally

Candidate for State Representative,
House District 39, Carmel/Westfield

Matt McNally is a 22-year military veteran, a commercial airline pilot, and a member of the Air Line Pilots Association, Int'l. He is currently running for State Representative in House District 39.

TODAY’S BIBLE READING

Therefore, with minds that are alert and fully sober, set your hope on the grace to be brought to you when Jesus Christ is revealed at his coming. As obedient children, do not conform to the evil desires you had when you lived in ignorance. But just as he who called you is holy, so be holy in all you do; for it is written: “Be holy, because I am holy.”

1 Peter 1:13-16 (NIV)

Martha B. Gascho

July 12, 1936 – August 29, 2022

Martha B. Gascho, 86, Noblesville, passed away on Monday, August 29, 2022. She was born on July 12, 1936, to Clarence and Eunice (Whitmore) Gascho in Noblesville.

Martha graduated as valedictorian of the Noblesville High School Class of 1954. She received a master’s degree in English at Butler University, where she was a member of Alpha Chi Omega. Martha taught high school English for 12 years while pursuing a law degree at Indiana University. After graduating, she worked as an attorney for Webb Law Firm, and then started her own practice.

She was a long-term member of the Noblesville First United Methodist Church, where she sang in the choir. She was also a member of the Hamilton County Historical Society and at one time served as its president. Other organizations she was involved with include DAR, AAUW, Literary Club, and the Noblesville Cemetery Commission.

Martha is survived by her sisters, Linda Ham and Susan Martin; their children, Mo Frencham (Jenni), Christopher Martin, and Jennifer Deer (Christopher); and the Deer children, James and Jacob.

In addition to her parents, she was preceded in death by her brothers-in-law, Norman Ham and John Martin.

Visitation will be from 10:30 a.m. to 2 p.m., with services at 2 p.m. on Wednesday, September 7, 2022, at Randall & Roberts Funeral Home, 1150 Logan St., Noblesville. Burial will follow at Crownland Cemetery in Noblesville.

Memorial contributions may be made to the Hamilton County Historical Society, 810 Conner St., Noblesville, IN 46060.

Online condolences may be shared at randallroberts.com.

FOLLOW THE REPORTER ON FACEBOOK!

William “Gene” Eugene Jones

July 1, 1938 – August 31, 2022

William “Gene” Eugene Jones, 84, Celina, Tenn., and formerly of Sheridan, passed away on Wednesday, August 31, 2022, surrounded by his loving family. He was born on July 1, 1938, to the late William Thomas and Flossie (Williams) Jones in Geneva, Ky.

Gene met the love of his life, Karen Sue (Rice) Jones. Gene and Karen wanted to get married, so they decided to elope, and they were married on July 5, 1958, in Shawneetown, Ill., and the two of them have been at each other’s sides for 64 years.

Gene drove a truck for Wallace Grain, and he would look forward to his stops during the day so he could visit with his friends. He worked for the Wallace family for 36 years when he retired.

After retiring he and Karen decided to move on the river in Celina, Tenn. Gene loved to garden, and every year he looked forward to canning his tomatoes. He also enjoyed fishing and he could be found on any given day with a line in the river. He took a lot of pride in taking care of his yard and he became quite skilled at catching moles. After a while Gene decided he wanted to go to work so he started working two days a week at the recycling and trash facility, where he made a lot of friends. He would always tell people he worked for the Mayor of Clay County, Tenn.

Gene’s favorite thing he looked forward to was when his family would come and visit, especially his grandchildren. He would spend hours doing stuff with them.

He leaves behind his loving wife of 64 years, Karen; and their children, Gayla (Terry) Hart and Bryan (Erin) Jones. He was a loving grandfather to Joshua, Taylor, Jacob, Craig (Courtney), Brooke, Laura, Danielle, and Dawn. Gene was a proud great-grandfather to 18 and a great-great-grandfather to one. He was a devoted brother to Elsie Clark, Geraldine (Richard) Tyler, Wanda (Charlie) Shelton, Joyce Deno, Janice Hill and a proud uncle to many nieces and nephews.

Preceding Gene in death are his sons, Michael in 1989, and Rick in 2016, and his daughter, Rebecca in 2022; his two grandsons, Matthew Jacob and Casey; along with his siblings, Charlie and Tommy Jones, Mamie Cavanaugh, Patsy LaRue, Mary Ardel Parker, and Margie Floyd.

Services will be held at 1 p.m. on Tuesday, September 6, 2022, at Fisher Family Funeral Services, 508 E. 6th St., Sheridan, where family and friends are invited to gather from 11 a.m. till time of services. Burial will follow at Crown View Cemetery. Gene’s nephew Bill Floyd will officiate his service.

In lieu of flowers, donations may be made to the American Cancer Society (donate3.cancer.org).

Everyone is invited to sign the online guest book, leave a condolence, or share a memory at fisherfunerals.com.

Those who will not be able to attend Gene’s services can go onto Fisher Family Funeral Services [Facebook page](https://www.facebook.com/fisherfunerals) where it will be broadcast live. Fisher Family Funeral Services have been entrusted with the care of the Jones Family.

Hamilton County High School Football, Week 3

Fishers pulls away late to secure HCC opener

By JAMES SEAY
For The Reporter

FISHERS – The Class 6A No. 13 Fishers Tigers beat the 6A No. 15 Noblesville Millers 49-25 as both Hamilton County teams met at the Fishers stadium to open Hoosier Crossroads Conference play.

Both teams got off to a strong start with great offensive plays and key stops in the first half. The second half was a different story as sophomore JonAnthony Hall and senior Carson Dunn powered Fishers to pull away by outscoring Noblesville 28-8 in the second half.

“I’m proud of our kids’ effort, we preach effort. It is important to us and it is a staple of our program and our kids brought effort for all four quarters,” Fishers head coach Curt Funk said after the win on Friday.

Fishers started off what would be 74 combined points from the Hamilton County foes with a five-play, 64-yard drive which was capped off by a 25-yard touchdown run by Dunn. The drive featured a pass from Lucas Minns to Joe Syrus to start and was powered by runs from Dunn and junior Khobie Martin.

“Khobie and Carson are elite, elite, elite - they are the best in the state and are able to turn small gains into big gains,” said Noblesville head coach Dave Sharpe after the game.

Sharpe’s Millers were quick to respond on the following drive as they marched right down the field with a 11-play, 76-yard drive of their own. Noblesville’s rushing attack was crisp and the offensive line got a great push on the Tigers with a rushing attack that featured several different running backs and ended with junior Blake Widget marching in for a two-yard score.

The Millers were able to keep momentum on the defensive side of the ball and stopped the following drive from Fishers with a turnover on downs. Junior Austin Hastings anchored the Millers defense with nine tackles on the night including being in on the action for the fourth down stop, but it wasn’t enough as the Millers fell short on the following drive.

Junior Logan Shoffner started the drive off strong for the Millers with a 20-yard run. In a beautiful play design by Sharpe, freshman quarterback Landon Hughes slightly overthrew junior tight end Andrew Page for what could have easily been a walk in “big man” touchdown. Two plays later Hughes did connect with sophomore Aiden Brewer for a huge pass, but the play was waved off by an offensive pass interference call.

After a punt by Noblesville, Fishers quickly added a passing touchdown from Lucas Minns to Aidan Zimmer. Noblesville responded quickly as Shoffner ripped off a 67-yard run en route to a Noblesville touchdown which knotted the score at 14. Shoffner would go on to lead both teams in all-purpose yards with 245 total yards.

The following drive, Fishers was able to string together a long drive which ended in the second of Dunn’s three touchdowns runs on the night.

“We knew coming into the game that Noblesville runs a tempo offense and that we would need to score with every possession. It was a great team win as our offensive line was able to move the opponent” said Dunn after the big night which included 340 yards on the ground between him, Martin and Minns.

The result of the drive was a 21-14 lead for FHS. In what became a theme for the first half the Millers marched down field and were able to add a field goal right before the half for a 21-17 lead.

In the second half, the tables turned as Dunn was able to find daylight for a 75-yard run on the first play of the second half for his third TD. The Millers took the next possession on a methodical 13-play, 72-yard drive that was capped off by a Gage Gulley rushing touchdown that bought the score within three late in the second half at 28-25 Fishers.

JonAnthony Hall took the ensuing kickoff 87 yards to the Millers three-yard line which resulted in another Tigers touchdown to push the lead to 35-25.

“We were good enough to win tonight, but it fell apart with kickoff return,” said Sharpe.

According to Hall, he was challenged to make a play at the half and he was able to deliver.

“It was shot for shot in the first half. We scored, then they scored – I knew we had to turn up in the second half and we were fortunate to get it going,” said Hall.

Fishers was able to add two more touchdowns from both Hall and Minns to close out the game with a 49-25 win.

“We have to continue to strive for the perfect four-quarter game. We must put four quarters together on all three phases of our team. We haven’t done it yet, but the effort is there” said Coach Funk.

The Tigers will travel to rival 6A No. 4 Hamilton Southeastern to face their crosstown rivals in the annual Mudsock game next week.

“Our slogan this week was TEAM and we will start tomorrow and come as a team to ensure we don’t have the same result as last year,” said Dunn.

“We are good enough to win all of the games in our conference. We have a similar challenge next week with Westfield, but we know what it will take,” said Sharpe.

The Millers will face 6A No. 7 Westfield at home on next Friday.

Hamilton Heights' Bodie Derrer threw three touchdown passes for the Huskies in their 21-0 win over Rensselaer Central on Friday at Heights' brand-new turf field.

Hamilton Heights breaks in new turf with shutout over Rensselaer Central

By CRAIG ADKINS
For The Reporter

ARCADIA — Friday night's home opener was special for Hamilton Heights for numerous reasons. The Huskies had waited long enough to join the trend of high school football teams across the country and now they can say they have a new turf field at Husky Stadium.

The Huskies made sure that they were the only team that scored during their first game on their new field turf, keeping the visiting Bombers off of the scoreboard in a convincing 21-0 win.

"We have been waiting and waiting and waiting for this night," said a satisfied fifth-year Hamilton Heights head coach Jon Kirschner.

"We probably had our best practice all year on the turf last night. We had our best Thursday night clean up practice, under the lights and it's the most focused we've been," continued Kirschner on a change in the Huskies having a new surface to practice and play on.

"Physically, mentally, emotionally, it all just plays into it," stated Kirschner

on the impact the turf has had on the Huskies just this week in preparation for this game against a Hoosier Conference opponent. (The Bombers are in a different division, so it does not count in the conference standings.)

Hamilton Heights students were moved from the old Jackson Central to the current Heights campus during Spring Break toward the end of the 1992-93 school year. The first football season on the grounds of Husky Stadium took place in August 1993. Now, it's 30 seasons later and the surface has been converted from natural grass to field turf.

This was one of those games where it took both squads some time to feel each other out and figure out what they can do and how.

The Bombers started off the game with an 11-play drive that resulted in a turnover on downs at the Huskies' 10 on a botched snap that quarterback Corbin Mathew had to dive on.

The Huskies resembled the same, but took 14 plays just to turn it back over to Rensselaer Central on downs at their 22.

The new five posses-

sions were three Bomber punts and two Husky punts. Then Heights was able to get something going on their next series.

Heights put together a 10 play, 87-yard drive that was capped off by a Bodie Derrer 19-yard touchdown strike to Tyler Champion for a 7-0 Husky lead.

"Getting that first touchdown and on the board first was a big deal, but typically speaking, we haven't always been a team that can go in and get the score right before half," said Kirschner on his team's first scoring drive.

Hamilton Heights wasted no time at all when it got the ball to start the third quarter.

They marched down the field again in 10 plays, but just 61 yards this time, taking six minutes off the clock. They had a 4th down and six at the Bomber 35 and Derrer went to the air again. He found junior Jaylyn Pugh for a 35-yard TD, pushing the lead to 14-0.

"We came out in the second half and we hit that second touchdown. Not only that, but to run six minutes off of the clock, on a team like Rensselaer Central,

Carmel’s Christian Peterson (3) walks off the field after making a 57-yard run for the Greyhounds during the second quarter of their game with Cass Technical on Friday. Also pictured is Reece Bellin (8), who went on to tie a school record by making four touchdown receptions for Carmel in the game.

Reporter photo by Richie Hall

Carmel shows Detroit how Hoosiers play ball

The REPORTER

Led by a school record-tying performance from Reece Bellin, the Carmel football team got itself its first win of the season Friday.

The Class 6A No. 7 Greyhounds hosted Cass Technical from Detroit. After giving up an early touchdown, Carmel started to roll in the second quarter and eventually won 35-21. Bellin played outstanding for the ‘Hounds, with four touchdown receptions on the night.

“I think the first two weeks set the stage for the way we played tonight,” said Carmel coach John Hebert.

After tough losses to Louisville Trinity and Center Grove to start the season, Hebert said his team was “pretty unified” in their unhappiness about that 0-2 mark.

“They’ve worked really hard to change that,” said Hebert. “I saw a level of focus out of them that you’re looking for when you’ve faced adversity.”

Bellin’s first score came with 26 seconds left in the first quarter, when he connected on a 28-yard throw from Jack Kazmierczak. That tied the game at 7-7, the Technicians scored earlier on a short run midway through the quarter.

Carmel then shutout Cass in the second quarter to take a 21-7 lead. A 57-yard run by Christian Peterson got the Greyhounds the Technician’s 13-yard line, and that’s all Bellin needed for his second TD pass of the game. But why not get one more? That’s what Bellin did late in the quarter, grabbing a 23-yard throw from Kazmierczak and putting Carmel up 21-7 at the break.

Bellin and Kazmierczak teamed up

one more time with under a minute left in the third period. Their fourth touchdown connection of the game was a 53-yard throw, and it put Carmel up 28-14. With that, Bellin put himself in a three-way tie with Joe Bejin in 1978 and Jalen Walker in 2016 for most touchdown catches by a Greyhound in a single game.

“He’s having quite a start to the season,” said Hebert.

Kazmierczak finished 13-of-17 with 210 total yards, while Bellin’s six catches gave him 139 yards.

Aidan Alfayyad completed Carmel’s scoring, making a one-yard run in the fourth quarter. Alfayyad led the Carmel rushing with 75 yards. Ben Sponsler was a perfect 5-for-5 in extra-point kicks.

“Aidan really stepped up, seeing his first action of the season,” said Hebert.

“Nick Beidl was out and Aidan just really made a difference there, especially in that fourth quarter, that last drive that we had.”

Hebert also had praise for his quarterbacks. He said Kazmierczak “did a great job” and threw the ball efficiently, and credited Cam Carmichael with leading the way on the Greyhounds’ last drive of the game, throwing well and making “some good reads on the run game.”

Carmel’s defense played well, with Arty Bryant, Aidan McFall, Noah Bradbury (who made a strip sack) and Will Heldt among those helping out. Winston Berglund’s late interception sealed the victory.

“The defense pulled together quite a bit,” said Hebert.

The Greyhounds are 1-2 and host Pike next Friday.

from Page 12

The next Bomber drive had the visitors in position pushing for a score, but a sack of Mathew and a holding penalty took them back to a 4th down and 23 at the Heights 29. Rensselaer Central went for the end zone and Mathew threw an interception right to Pugh.

“He (Pugh) has done that twice this year,” said Kirschner of Pugh on his second big interception in just three games.

Two drives later, running back Diego Hernandez-Reyes fumbled at the 11-yard line, giving the Huskies an extremely short field to work with.

After a penalty and another miscue, Heights faced a 4th and 12 at the Bomber 13.

Derrer then found Champion with ease for the 13-yard touchdown, making it what wound up as the final score of 21-0.

“We were able to keep the pedal on and they were gassed,” stated Kirschner on Heights wearing down the Bombers’ defense, keeping them on the field so much.

“Beating a quality opponent like Rensselaer Central, we played them twice last year, because of how our conference is set up. We went up there twice. It was nice to play here for a change,” continued a happy Jon Kirschner on his teams’ performance to get their second win of the season.

“Trey Ehman was a big difference for us tonight as well,” said Kirschner on his senior running back.

“All three running backs that we played tonight, did a great job, but Trey has been out. He’s an all-state back, has been a 1,000-yard back the last two years and he has not played yet, because he has been recovering from an injury during track season. To have him fresh and ready to go, having another back in our stable, he’s a load,” continued Kirschner on Ehman and his impact back in the backfield.

After rushing for 317 yards and seven touchdowns in the first two games, Heights held running back Kadyn Rowland to 55 yards on 16 carries.

Rensselaer Central (2-1) lost its first game this season. The Bombers will travel to Twin Lakes (1-2) next week.

Trey Ehman led the rushing attack for the Huskies with 96 yards on 24 rushes and also caught one pass out of the backfield for 21 yards.

Bodie Derrer had a great night passing, going 13-of-17 for 210 yards and three touchdowns. Derrer connected on two of those scores with Tyler Champion, who grabbed five passes for 65 yards. Jaylyn Pugh caught four for 79 yards and a touchdown.

Hamilton Heights (2-1) heads to Kokomo for its first Hoosier Conference East Division game, at Northwestern (1-2) next Friday.

Blackhawks handily take care of Tri-Central

Reporter photo by Kirk Green
Sheridan quarterback Caleb Alexander threw two touchdown passes during the Blackhawks' Hoosier Heartland Conference win over Tri-Central on Friday.

The REPORTER

Sheridan overwhelmed another Hoosier Heartland Conference opponent on Friday, easily winning its Homecoming game over Tri-Central 54-7 at Bud Wright Stadium.

The Blackhawks trailed early after the Trojans scored an early touchdown, but tied the game in the middle of the first quarter on a 61-yard touchdown run by Zach Bales.

"We were a little bit slow getting started," said Wright. "We had a miscommunication on the receiver."

But that would just be a speed bump for the game. Sheridan outscored Tri-Central 47-0 over the next three quarters, and made it to the end zone both by land and by air. The 'Hawks had three touchdown passes, including two throws from Caleb Alexander — a 26-yarder to Evan Grinstead and a 13-yarder toe Kea-

gan Hampton. Owen Bell also connected with Chance Spencer on a 12-yard score in the third quarter.

Sheridan's ground game was solid too, of course. Bales ran in from 32 yards early in the second quarter to put the 'Hawks in front for good. Peyton Cross, Trent DeCraene and Bell also scored rushing touchdowns.

"We were down 7-0," said Wright. "We decided to come back and play then." The coach said that once Sheridan got going, it held the Trojans to minus yardage.

Bales finished with 182 yards rushing, while Cross totaled 123 yards on the ground. Alexander went 6-of-10 through the air, totaling 120 yards.

The Blackhawks are 2-0 in HHC play and 2-1 overall, and play at Delphi next Friday to continue conference play.

The Westfield seniors pose with the Shining Star trophy, which the Shamrocks won after beating Zionsville 23-16 in a hard-fought Friday game at Riverview Health Stadium. This is the 10th year in a row that Westfield has beaten the Eagles.

‘Rocks keep on rolling with conference wins, beat Zionsville

The REPORTER

Westfield began Hoosier Crossroads Conference play in 2022 the same way it did the past two years: With a win.

The Class 6A No. 7 Shamrocks beat Zionsville 23-16 in a hard-fought game at Riverview Health Stadium on Friday. The victory was the 16th straight conference contest win for Westfield, and as coach Jake Gilbert pointed out, it was the team's 21st straight win over HCC opponents, including post-season games, "which I think is the most amazing we've done here as a program because our conference is so good," said Gilbert.

The Shamrocks also won the Shining Star trophy, a traveling trophy between the two schools. This is the 10th consecutive year that Westfield has beaten Zionsville, although it wasn't easy.

The 'Rocks scored first when Kendall Garnett took the ball in 15 yards to score early in the first quarter. Zionsville tied the game in the second period with back-to-back field goals, but Westfield's Brody Boehm nailed a 32-yard

field goal to put the Shamrocks in front 9-6 at halftime.

Westfield got the lead back early in the third quarter after Cole Ballard took a 12-yard run into the end zone. Again, the Eagles came back with a Eugene Hilton touchdown reception late in the third, and another field goal tied it up early in the fourth.

Ballard stepped up again for the 'Rocks, making a three-yard touchdown run to put Westfield in front for good with 7:40 left in the game. Westfield's defense held on from there, and a Sam Toney interception with 1:05 on the clock sealed the win.

"Zionsville really outplayed us in the second and third quarter in a lot of ways, but the fourth quarter was definitely way better," said Gilbert, who also called the Shamrocks' defense "awesome."

Garnett led the Westfield rushing with 113 yards, while Ballard had a solid night, going 11-of-16 for 128 yards.

The Shamrocks are 2-1 overall and play at Noblesville next Friday.

Guerin Catholic's Cooper Navarro made several big runs for the Golden Eagles during their 35-21 win over Heritage Christian on Friday.

Golden Eagles still perfect, send Heritage Christian home

The REPORTER

Guerin Catholic kept its record perfect on Friday, beating Heritage Christian 35-21 at the Eagles' Nest. The Class 3A No. 5 Golden Eagles were in a tough battle with 2A No. 6 Heritage in the first half, which finished in a 14-14 tie. Ryan Zimmerman caught a 71-yard touchdown pass in the first quarter, then Justin Zdobyak scored on a six-yard run in the second quarter. Things began to turn Guerin Catholic's way in the third quarter, in which the Golden Eagles shut out Heritage. Meanwhile, GC's Harrison Miller connected with Zimmerman for a 27-yard touchdown pass play to put the Golden Eagles ahead 21-14. Miller and Zimmerman

teamed up for a 32-yard touchdown pass in the fourth quarter. Heritage Christian scored again to stay within 28-21, but Zdobyak's two-yard run sealed the victory. Evan Guentner kicked all five extra-point kicks. "I think our guys just calmed down at halftime, stopped making the mistakes they were making earlier," said Guerin Catholic coach Tom Dilley. The coach said his team made "some good simple adjustments" and went back to what it was good at. "There weren't really any earth-shattering adjustments, it was just calm down and execute," said Dilley. The Golden Eagles host Brebeuf Jesuit next Friday for their first Circle City Conference game of the season.

Southeastern soars to victory in HCC opener against Avon

The REPORTER

On the ground and through the air, the Royals were scoring everywhere on Friday night. Hamilton Southeastern, ranked No. 4 in Class 6A, won its Hoosier Crossroads Conference opener in style, blasting past Avon 48-13 in an away game. The Royals led 14-0 after the first quarter and never looked back, putting up a total of 448 yards on offense. "It was a pretty balanced attack," said Southeastern coach Michael Kelly. The Royals went to the air for their first touchdown, as Ty Bradle connected with Clayton Wilke on a 23-yard scoring pass early in the first quarter. A few minutes later, Jalen Alexander got Southeastern's first rushing touchdown on a four-yard carry. Donovan Hamilton then got going, delivering HSE's next two touchdowns, both on throws from Bradle. Hamilton hauled in a 30-yard touchdown pass in the second quarter, which gave the Royals a 21-6 halftime lead. In the third quarter, Hamilton scored on an 18-yard pass. "Donovan Hamilton's a really special player," said Kelly, who noted that the Orioles were putting two or three defenders on him during the game. He also credited Alexander with running "really hard tonight as well."

Southeastern stayed on the ground for its remaining scores. Chandler Weston went 31 yards into the end zone midway through the third quarter, then Azariah Wallace took a three-yard run to score late in the period. Sam Forrest completed HSE's scoring with a 13-yard touchdown as the clock ran out in the fourth quarter. The Royals' defense played well, making a goal-

line stand in the third quarter from what Kelly said was "about the six-inch line." Southeastern's defense stopped a quarterback sneak, then had two tackles for a loss in that stand. "Any conference win's a good win," said Kelly. The Royals are 3-0 overall and return home to TCU Field next Friday to host Fishers in the Mudsock game.
