Sheridan breaks record at Denim & Lace fundraiser

Submitted

Sheridan Youth Assistance Program (SYAP) held its annual Denim and Lace fundraiser on Sept. 16 at Lindley Farmstead at Chatham Hills, and it was a packed house. The love and support from all guests were felt throughout the night, and SYAP was able to raise a record amount of money to support the youth of the Sheridan community.

"We are blessed to have the support of so many former and current teachers from Sheridan Community Schools," SYAP Early Intervention Advocate Lisa Samuels said. "Their partnership is crucial to reaching our students and families in need of support and guidance."

With the investment for the future of area youth and support from school, town, county, state and federal leaders, SYAP can continue to provide services, opportunities, experiences, skills and guidance to neighbors

Learning about my birth father

As my adoption and reunion story continues, I've changed some names, places, and dates.

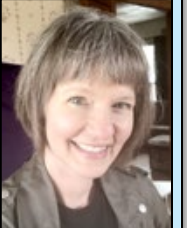

I learned that my birth father, Jack, had been the chairman of his class's Literary Festival. As a writer, I loved reading about this and his enjoyment of all the intellectuals that he met from across the country, including George McGovern.

He claimed to have found something exciting about every person he'd had the chance to get to know. Real education, according to Jack, was "getting to grab a half hour of someone else."

Jack had been spending his summers as an intern for *Earth* magazine, a publication that he described as having "a sense of change and liberation." When I finished reading the article, I sat back in wonder. Jack's personality sounded so much like my own, and I was also passionate about the environment.

This was one of the many instances where the notion of "nature versus nurture" would enter my mind. What aspects about me had come about due to how I was raised, and what ones were a part of me because of my genes?

Westfield YMCA partners with police department for water safety training

The REPORTER

Responding to dangerous situations is an accepted part of law enforcement. Officers often face life and death situations that arise in a variety of locations. Sometimes those locations include retention ponds. Unfortunately, many police officers don't receive training in water rescues, nor do they have the equipment necessary to help drowning victims.

The good news is that starting in October, officers in Westfield will be exposed to water safety training skills by the YMCA in Westfield that are designed to help save lives.

"Although this is not certified life-guard training, officers will learn some of the basic rules of water safety," said Shannon Russell, the Executive Director of the YMCA in Westfield. "One of those rules is to throw before you go. Our training will teach officers to never enter the water when a rescue can be performed with a safer method. For example, the first option is to throw the victim a flotation device that will allow you to pull them to safety."

I was born and raised right here in Noblesville. I grew up in a home without domestic violence or assault - it wasn't something I saw, or even heard about. But when I was introduced to Prevail of Central Indiana, I was shocked by the number of individuals who are affected by domestic violence. In 2018 alone, Prevail helped more than 4,000 clients in Hamilton County (nearly 80 percent of clients are women and children). Domestic violence and abuse are hard topics to discuss, so you don't often hear about them. But at Tom Wood Volkswagen in Noblesville, we're breaking the taboo and raising awareness for Prevail, an organization that helps families in Hamilton County.

Special judge grants preliminary injunction blocking Indiana's new abortion law

The REPORTER & WISH-TV
A special judge has granted a preliminary injunction blocking Indiana's new abortion law. The Thursday decision means the ban is no longer in effect as the lawsuit proceeds.
The ACLU sued to block the ban, arguing the Indiana constitution includes a right to privacy and to make decisions on whether to have children.
The judge wrote in her ruling that whether a right to privacy exists in the state

constitution is an open question.
Indiana Attorney General Todd Rokita said he plans to appeal the decision.
"We plan to appeal and continue to make the case for life in Indiana," Rokita said. "Our office remains determined to fight for the lives of the unborn, and this law provides a reasonable way to begin doing that."
Lauren Ganapini, the executive director of the Indiana Democratic Party, says the state's constitution includes a fundamental right to privacy and that the cost of the GOP's "extreme agenda" makes Hoosier taxpayers the losers in this debate.
"The Monroe County Circuit Court's decision for a preliminary injunction on the abortion ban today underscores what we all know: every Hoosier has a fundamental right to privacy," Ganapini said. "Only a woman and her doctor should make personal health care decisions, not politicians, and it's reassuring to see the decision show Hoosiers that the Indiana Republican Party's effort to ban a legal and safe abortion has crossed the line. But the loser today continues to be taxpayers who at minimum have spent \$240,000 to carry out the GOP's extremist agenda. Enough is enough: A vote for Democrats is a vote to repeal the dangerous abortion ban and we urge all Hoosiers to support pro-choice candidates up and down the ballot this November."
However, Indiana Right to Life lamented the blocking of the law.
"Today's blockage of Indiana's new law means over 161 unborn children will continue to lose their lives to abortion every week this injunction stays in effect. We are encouraged by the judge's acknowledgement

Rokita

Taylor

of the state's legitimate interest in protecting unborn babies and are hopeful the blockage will be brief."
Democrats in the state legislature applauded the judge's decision to stay the new law. House Democrats say the decision "restores dignity."
"The judge's motion today temporarily restored dignity to Hoosier women. Indiana Republicans continue

to waste Hoosier taxpayer dollars after a costly special session to ban abortion. The GOP's endless crusade to disenfranchise women and girls of personal choice and autonomy has already cost our state countless dollars, and this lawsuit will surely add to the tab of hard-working folks. House Democrats will monitor the lawsuit as it moves through the judicial process."
Indiana Senate Democratic Leader Greg Taylor says his caucus will continue to fight for expanded reproductive care.
"I'm thankful to the judge for her ruling today and to the ACLU who has been persistent in their fight for reproductive rights, and I know Hoosiers across Indiana are as well," Sen. Taylor said. "Although this is only a preliminary injunction, it's a win for every Hoosier woman who is in need of vital care and will, because of today's ruling, now be able to access it without traveling out of Indiana. Abortion care is healthcare and every extra day that this healthcare is available to women is critical. Because of this injunction, women have control of their bodies, lives and futures for that much longer. My caucus will continue fighting for expanded access to all reproductive care in Indiana until abortion is permanently restored as a right to the women of our state."

Study shows impact of TIF in Carmel

The REPORTER

The citizens of Carmel now have a new tool to explore how the city's use of Tax Increment Financing, or TIF, has been used to redevelop properties in the city and how it has changed the landscape of the city in more ways than one.

City officials worked with a team from Community Data Platforms who analyzed data to determine the impact of implementing an urban development strategy using TIF.

After several months of compiling data on properties within redevelopment areas and blending that data with public and commercial data on businesses and jobs, the TIF explorer evaluated the research and showed the benefits to Carmel of leveraging TIF. Users can explore areas or individual redevelopment projects to find out financial information in a quick and easy way.

The study shows that the TIF funding mechanism, as it has been used by the Carmel Redevelopment Commission (CRC), has immensely contributed to the quality of life in the city as well as to future tax revenue. Here are some of the key findings:

- The total increase in assessed values of all CRC TIF projects was \$1.97 billion as of 2021.
- Midtown, Midtown West and Monon & Main alone have experienced a growth of 2,850 percent from inception.
- Since 2015, the assessed value per acre of commercial TIF parcels has been valued at 50 percent more than commercial non-TIF parcels when compared side-by-side.
- Multi-family commercial TIF parcels are increasing in value at a higher rate than comparable non-TIF parcels in the same area of the city.
- Tax revenue from TIF projects has continued to rise at an average of \$1 million per acre per year since 2015.
- The number of business establishments in the city continues to increase over time, with 524 more businesses than in 2015.

Many concerned Carmel parents speak out at public hearing over proposed Valor Classical Academy

WISH-TV | wistv.com

Carmel parents, community members and school district officials filled a room Wednesday evening at the Holiday Inn Indianapolis Carmel, 251 Pennsylvania Pkwy., Carmel, for a public meeting on the proposed [Valor Classical Academy](#).

The purpose of the meeting was to collect valuable feedback on the establishment of the K-12 public charter school, which would use [Hillsdale College's Barney Charter School Initiative](#) curriculum. Officials from Valor say the school would not have a religious affiliation, instead emphasizing core disciplines of math, science, history, and language arts, including phonics, writing, and literature. Music, visual arts, and foreign languages are also studied.

Valor Classical Academy wants to open its doors in August 2023 in the old Orchard Park Elementary building still currently owned by Carmel Clay Schools. Valor is asking Grace College, a Christian college in Winona Lake, Ind., to authorize the charter. As part of Indiana law, the college must gather data before a charter can open.

Valor is currently suing Carmel Clay Schools for the Orchard Park building, which is no longer being used for student instruction. Per Indiana's '\$1 law,' a school district must allow charter school organizers to buy or lease empty building for \$1, but according to Carmel Clay Schools Superintendent Dr. Michael Beresford, his district is using the building for storage and community trainings for other organizations. He says the district has future plans for the building.

According to the [Indiana Attorney General's website](#), Carmel Clay Schools is not in violation of the law. The inspections of the buildings by the attorney general's office came after someone filed a complaint.

Public comment on the new charter can be filled out [online](#) until the end of the business on Friday, Sept. 23.

Carmel’s plans for Monon Square will cost nearly \$1B

By CODY ADAMS
WISH-TV | wishtv.com

The Carmel city government is unveiling plans for the Monon Square redevelopment, right along the trail, allowing for multiuse businesses as well as apartments and condos. On top of that, they’re also planning on a new development on the outskirts of the city. Between the two, they will equal nearly \$1 billion in redevelopment projects. “Monon Square is really our last missing piece between our City Center area and our Midtown redevelopment area,” Carmel Redevelopment Director Henry Mestetsky

said. “We used a world-renowned urban planner, Jeff Speck, to plan Midtown and we brought him back to plan Monon Square.” The decision to redevelop that area did not sit well with many of the business owners forced to relocate. Mestetsky says small businesses are a major part of Carmel’s plans for the future. “We always focus on our small businesses,” Mestetsky said. “For Monon Square, since 2018, those month-to-month tenants have known that redevelopment was coming.

Mestetsky

We hired several brokers to help many of them relocate, and many of them have relocated. I personally found a new location for Union Brewery. I’m quite proud of that. I’m excited to see them in their new location along with many of the other businesses in Monon Square.” The first phase, the Monon Square redevelopment, has a price tag of \$100 million. A new project at 111th and Pennsylvania streets, with a price tag of \$700 million, will turn an open field into a whole new part of the city.

“This is going to transform it. It will be walkable, vibrant, and have a big open plaza in the middle of it, filled with amenities,” Mestetsky said. “We expect there to be a lot of for-sale housing, a 12.5 percent workforce housing component, and lots of new retail, lots of new offices.” He says the best part is taxpayers won’t feel a thing. The money to fund the projects is coming from future taxes from the projects. Mestetsky says it’s all so the city can continue to develop into a destination. “The goal here is to build an amazing place to live, and an amazing place to work,” he said.

CCHA expands Fishers office

The REPORTER

Church Church Hittle + Antrim (CCHA), Hamilton County's oldest law firm, is expanding its Fishers location to serve a growing client base.

The Fishers location at 10765 N. Lantern Road first opened in 2008. This expansion more than doubles the previous CCHA Fishers' footprint with newly renovated office space and client meeting rooms.

Many professional partners were instrumental in the design, construction, and final layout for the new space. These include the Capitol Construction Ser-

vices, Inc., Peterson Architecture, SDB Design, Essential Architectural Signs and Binford Group of Indiana.

"We are thrilled to expand our office space in Fishers to better serve our clients," CCHA Managing Partner Alexander Pinegar said. "Hamilton County continues to grow, and with it, so does CCHA. It was important for us to be able to keep up with the needs of our clients."

Media is encouraged to attend the open house with a ceremonial ribbon cutting with OneZone Chamber on Thursday, Sept. 29 at 10765 Lantern Road, Suite 201,

Fishers. The event will begin with a ceremonial ribbon cutting at 4 p.m. and an opportunity to tour the office space until 6 p.m.

In addition to the Fishers location, CCHA has five more distinct office locations across Indiana including Fort Wayne, Merrillville, Noblesville, Tipton, and Westfield. The CCHA legal team offers services to clients across a wide variety of practices including family law, estate planning, personal injury, school law, sports law, and business services.

Squirrel Stampede Mini Golf debuts this weekend at Fishers Farmers Market

The REPORTER

The City of Fishers will debut Squirrel Stampede Mini Golf, a four-hole mini course commemorating the 200th anniversary of the **Great Squirrel Stampede of Hamilton County**, at the Fishers Farmers Market. The fun begins at 8 a.m. this Saturday, Sept. 24 and will conclude at noon at the Nickel Plate District Amphitheater, 6 Municipal Drive.

This project is made possible through partnership with Visit Hamilton County as part of the 2023 Hamilton County Bicentennial.

The free course takes players along on the journey that hundreds of thousands of squirrels made in 1822 when they invaded Hamil-

ton County as they migrated south, trampling crops and causing mass destruction along the way. Players will scurry with the squirrels at each hole as they cross the historic farmland of Hamilton County, through cornfields and into the waters of the White River as they navigate the path south.

Squirrel Stampede Mini Golf is part of Fishers' year-long Sesquicentennial celebration, which kicked off in June and runs through June 2023. There are opportunities for residents of all ages and interests to participate in the 150th birthday celebration, including a self-guided tour of the city's history, culture, and community favorites along

the Fishers Sesquicentennial Trail; a community time capsule in partnership with *Fishers Magazine*; a blog post and podcast series highlighting local history; Sesquicentennial-themed apparel; and more. Visit thisisfishers.com/Fishers150 to learn more.

After its debut at the Fishers Farmers Market this weekend, the course will travel around Fishers throughout the city's Sesquicentennial celebration through June 2023. Next up, the squirrels will visit the Fishers AgriPark Fall Festival in October.

To stay up to date on the squirrels' next stop, visit thisisfishers.com/SquirrelGolf.

Fishers & Lawrence police endorse State Sen. Kyle Walker

Commend Walker's efforts to reduce crime

Submitted by Walker for Indiana

Local law enforcement organizations in Fishers and Lawrence announced their support on Wednesday for State Senator Kyle Walker in his re-election campaign for Senate District 31. Senate District 31 encompasses parts of Hamilton and Marion counties, including all of Fishers and part of Lawrence.

The Fishers Fraternal Order of Police Lodge 199 and the Lawrence Fraternal Order of Police Lodge 159 cited Walker's record on advancing efforts to reduce crime in Central Indiana and support law enforcement.

"Senator Walker has taken meaningful action to help reduce crime across our region and support local law enforcement officers as we protect and serve," said Christopher Owens, President of the Fishers FOP Lodge 199. "Senator Walker has worked closely with our Fishers police officers to support, amplify and strengthen the work we're doing to keep the community safe."

In the Senate, Walker sponsored legislation to expand an innovative partnership between the Fishers Police Department and the Indianapolis Metropolitan Police Department (IMPD) to track guns used to commit crimes across Central Indiana and bring more violent criminals to justice (**HEA 1558**). Over the last year since its creation, the Indiana Crime Guns Task Force has seized 369 illegal firearms, leading to the arrests of 397 repeat violent offenders.

Walker also authored legislation to improve elec-

tronic monitoring of offenders to prevent them from going on to commit additional crimes while under surveillance (**SEA 9**), which is a growing problem in the region. Marion County has more offenders on electronic monitoring than Cook County, Ill., where Chicago is located. The new law provides more oversight of this program, improves response time if a monitor is disabled, and ensures victims are notified.

In its endorsement, the Lawrence Fraternal Order of Police Lodge 159 thanked Walker for being an advocate for Lawrence law enforcement and the community.

"Senator Walker is a strong supporter of Lawrence law enforcement and the citizens we serve," said Brandon Raftery, President of the Lawrence Fraternal Order of Police Lodge 159. "He listens to and understands the challenges of officers face and has been a leader in passing legislation that gives police officers the tools and resources we need to protect the Lawrence community."

Walker co-sponsored landmark, bipartisan law enforcement legislation in 2021 that provided expanded training for police officers (**HEA 1006**), and supported the state budget which gave raises to state police and excise officers and increased funding for the Indiana Law Enforcement Academy and for other crime reduction programs (**HEA 1001**). Walker also authored the Marion

Walker

County Crime Reduction Pilot Program to encourage law enforcement collaboration to tackle violent crime in the region (**SEA 7**), as well as bipartisan legislation to protect the identities of child crime victims (**SEA 117**).

Walker is a citizen member of the Central Indiana Police Foundation, and has also been endorsed by the Indiana State Fraternal Order of Police, the Indiana Fire Chiefs Association and the Indiana Professional Firefighters PAC.

Walker is also endorsed by the Indiana Chamber of Commerce, the Indiana AFL-CIO and the Indiana State Pipe Trades Association.

Marsha K. Went-DeShon

December 20, 1958 – September 19, 2022

Marsha K. Went-DeShon, 63, Sheridan, passed away on Monday morning, September 19, 2022, at IU Methodist Hospital in Indianapolis. Born December 20, 1958, in Lebanon, Ind., she was the daughter of the late Frederick M. "Ted" and Jeanne Pauline (Smith) Vogg.

Marsha attended Sheridan High School and was a loyal member of the KV Elliott American Legion Post 67 Ladies' Auxiliary.

Marsha was a familiar face in Sheridan. She tended bar and waited tables at Bill and Pat's on Main Street for 25 years. When ownership of the bar changed hands and changed names, Marsha stayed on, working for the Hovey family for a little while longer. After many years of working in someone else's establishment, it was finally time to work for herself; and so, together with her husband Tom, Tomasha's Deli and Pizzeria was born.

It wasn't always work, work, work for Marsha. She loved playing golf, frequenting Applebee's, and just relaxing by the pool in the backyard. She also loved to travel, with some of her favorite destinations being Gatlinburg, Long Lake, and Gulf Shores, but her favorite road trip was always heading up to Chicago to watch the Cubs play. The one thing that could always capture Marsha's undivided attention was her grandkids.

Marsha is survived by her husband, Thomas Edward DeShon. He and Marsha were married on June 6, 2008. Also surviving is her son, Kennis Ray "Kenny" Went of Sheridan; daughter, Rachel Went-Spencer (fiancé, Eric Himes) of Lafayette; four grandchildren, Corbin Went, Emma Went, Blake Byran, and Cabot Spencer; brothers-in-law, Mike DeShon (Vicki) of Gas City, and Jeffrey Jay Went of Ogden, Utah; and many nieces and nephews.

She was preceded in death by her parents, Frederick M. "Ted" and Jeanne Pauline (Smith) Vogg; sister, Teresa Vogg Walden; brother, Frederick M. Vogg, Jr.; fathers-in-law and mothers-in-law, Meredith and Irene Went, and Wilbur and Martha DeShon; brother-in-law, Christopher S. Went; and by her first husband, Kennis Ray Went on January 1, 2006.

Services will be held at 7 p.m. on Sunday evening, September 25, 2022, at Kercheval Funeral Home, 306 E. 10th St., Sheridan, with visitation from 4 p.m. until the time of service. Graveside rites will be held at 11 a.m. on Monday morning, September 26, 2022, at Spencer Cemetery in Sheridan.

In lieu of flowers, contributions may be presented to Kercheval Funeral Home to help defray to cost of funeral expenses.

TODAY'S BIBLE READING

Therefore, since Christ suffered in his body, arm yourselves also with the same attitude, because whoever suffers in the body is done with sin. As a result, they do not live the rest of their earthly lives for evil human desires, but rather for the will of God. For you have spent enough time in the past doing what pagans choose to do—living in debauchery, lust, drunkenness, orgies, carousing and detestable idolatry. They are surprised that you do not join them in their reckless, wild living, and they heap abuse on you. But they will have to give account to him who is ready to judge the living and the dead. For this is the reason the gospel was preached even to those who are now dead, so that they might be judged according to human standards in regard to the body, but live according to God in regard to the spirit.

Volleyball

Shamrocks fall short against Bulldogs

The REPORTER

The Westfield volleyball team took on Brownsburg Thursday night in a Hoosier Crossroads Conference match at CSI Gymnasium, falling in straight sets, 25-22, 25-14, 25-19.

The Shamrocks kept things close in the first set before the Bulldogs took control in the middle of the set, eventually leading 20-16, then 23-18. Westfield cut that lead to 24-22, with Emma Dodson hitting a pair of kills along the way, before a Brownsburg kill finished the set.

The Bulldogs were in control of the second set the entire way, leading 7-1 early. Brownsburg went up 16-6, after which the 'Rocks won three straight points, including a service ace by Chloe Sutake. Westfield hung around for a few more points before the Bulldogs won the last three to take the second set.

In the third set, the Shamrocks led for about two-thirds of the way. Dodson hit three kills early, and Westfield led 8-4. A successful block from Sutake gave the 'Rocks an 11-7 lead.

Ella Jenkins added a kill, and another kill from Dodson put Westfield ahead 14-11. But Brownsburg went on an extended tear after that, taking 11 of the next 13 points to lead 22-16. The Bulldogs then had two successful shots at the end to clinch the win.

"I think that third set, we had control of the game and lost it towards the end," said Jackson. "But our ability to be aggressive improved tonight, and not be playing afraid to make errors."

Dodson led the offense with 10 kills, while Jenkins put down seven kills. Lilly Stanton dished out 17 assists, followed by eight as-

On defense, Mallory Weber collected 16 digs. Jenkins and Sutake both had two blocks.

"Our defense is scrappy and strong," said Jackson. The coach said her team "did a good job defensively, especially back row. We were able to run down balls and keep them alive from our back row defense."

Westfield is 8-9 for the season, including a 2-3 record in the HCC. The Shamrocks will travel to Fort Wayne Carroll on Saturday to play the Chargers and Concordia Lutheran.
