Congratulations to Noblesville High School (NHS) Biomedical Innovations students on their recent presentation at the Indiana Academy of Science conference. The only high school students chosen to present at the prestigious event for science professionals, their research focused on using microbial materials on high-touch surfaces to reduce the spread of infectious diseases. Their conference fees were funded thanks to a grant from the Noblesville Schools Education Foundation. Floating down the creek

It was my job as a young man to help rope and wrangle young calves. At one to two weeks old they were amazingly strong. Nub horns would be removed. Any needed medical treatment would be applied. Young bulls would be rubber banded so we could have steers. It was also my job to keep the cattle fed and watered.

We had a herd that varied in size from 20 to 30 head of cattle. I say "we" had a herd because Grandpa Adler had paid me for work I had done for him. The payment was him giving me a registered polled Herford heifer. Her name was Mabel III, and I was proud to hold her registration documentation.

It took a while to watch the cow water tanks fill. It took that project longer than getting down the hay and spreading out some chop. So, every now and then, my attention would get diverted and I would let the tanks overflow. Not a happy day when Father found out. Additionally, it was my

Duke Energy & Nickel Plate Express announce partnership

Bringing the Monon caboose to Northern Hamilton County

The REPORTER

The historic Monon caboose operated by Nickel Plate Express (NPX) will make its way to Arcadia and Atlanta this year thanks to the generous support of Duke Energy.

The energy company's financial support makes it possible for NPX to provide the popular and family-friendly caboose rides in Northern Hamilton County throughout 2023. NPX is a local nonprofit organization operating regular excursion trains on the former Nickel Plate Road rail line

between Noblesville and Atlanta. The sponsorship from Duke ensures operating costs are covered for these special rides and makes them accessible to NPX guests regardless of income.

"We are so excited to partner with Duke Energy this year so we can use our little red caboose as a community outreach tool," NPX Executive Director Emily Reynolds said. "We introduced \$5 caboose rides last year in Arcadia and the response was overwhelming. Our goal

from the beginning has been to grow this program and offer an affordable, memorable experience for everyone. We are grateful to Duke Energy for helping us achieve this goal."

Nickel Plate Express's Monon caboose rides will operate throughout the warmer months, kicking off April 23 in Atlanta during the Hamilton County Bicentennial Celebration. Rides will depart from Main Street in Atlanta between 1 and 3 p.m. Tickets will be available onsite for just \$5 per person.

National Drug Take Back Day set for April 22

The REPORTER

In honor of National Drug Take Back Day, the Hamilton County Council on Alcohol & Other Drugs (HCCOAO) will hold a take-back event on Saturday, April 22 in the far east parking lot of Riverview Health in Noblesville. The drop off location is directly across from Federal Hill Commons.

"Most people who misuse prescription drugs get them from family, friends, and acquaintances," HCCOAO Executive Director Monica Greer said. "We know prevention

starts at home. The simple step of clearing out medications that are no longer needed makes our homes safer, prevents prescription drug misuse, and can help save lives."

The Centers for Disease Control and Prevention estimates 100,306 people died of drug overdoses in the United States last year, marking the largest number of drug-related deaths ever recorded in a year. With close to 5,000

Greer

collection sites nationwide, the United States Drug Enforcement Administration, along with its law enforcement partners, have removed more than 15.2 million pounds of medication from circulation since the inception of National Drug Take Back Day in 2010.

"The only safe medications are ones prescribed by a trusted medical professional and dispensed by a licensed pharmacist," Greer added. "Old and

unwanted medicine too often becomes a gateway to addiction. Events like these are a critical effort to curb the historic surge in U.S. overdoses."

Hamilton County residents are encouraged to drop off their expired or unused medications between 9 a.m. and noon at the drive-thru event. No liquids, sharps, or needles will be accepted. For those who cannot make it, there are opportunities to safely dispose of unneeded medications at local pharmacies, hospitals, and police departments throughout the year.

Hamilton County Courts warning of new jury duty scam conning victims out of thousands of dollars

The REPORTER

The Hamilton County Courts are warning residents about a jury duty scam that has bilked dozens of people out of thousands of dollars. Scammers are calling residents and telling them they missed jury duty and have to pay a fine.

Victims have reportedly lost upwards of two to three thousand dollars through gift cards and mobile payments like Zelle

and Venmo.

"This scam has been around for a long time," said Captain Scott Pass with the Hamilton County Sheriff's Office. "Unfortunately, the scammers are getting more persistent and convincing, at times posing as sheriff's deputies and dropping the real names

Acklin

of local judges to add legitimacy to the call. They have also figured out how to spoof their phone numbers to make it look as though the call is local – and in some cases coming from the sheriff's office."

When in doubt, Court Administrator Jill Acklin recommends residents hang up and call (317) 776-8589.

"These scammers will try to keep you on the phone and threaten legal action if you hang up, but please know we would never do that," Acklin. "Chances are if you haven't received a summons or answered a jury questionnaire recently, you have not missed jury duty."

Pass says the scammers seem to be targeting professionals like attorneys and doctors, who may fear having their licenses revoked if they're found in contempt of court.

"Please know the Sheriff's Office would never call you about jury duty and would certainly never ask for money over the phone."

"Same with the courts," Acklin added. "We collect all fines through the Clerk's

Energy Government and Community Relations Manager Mark LaBarr said.

NPX's Monon caboose No. 81528 has significant historic ties to Hamilton County. The Monon Railroad, nicknamed "The Hoosier Line," moved freight and passengers from Chicago to Indianapolis and Louisville, with a secondary line to Michigan City, until it was merged into the larger Louisville & Nashville Railroad in 1971.

NPX's caboose was built by the Monon at its Lafayette, Ind. Shops

in 1956, and roamed the Monon and L&N systems for four decades – including the Monon line that ran through Sheridan, Westfield, and Carmel in Hamilton County.

More information on caboose rides, along with schedule information and secure ticket-ordering for NPX's popular themed excursions, is available at NickelPlateExpress.com. NPX's historic railroad equipment is also available for chartered rides such as corporate events, weddings and other gatherings.

job to clear the moss type stuff that grew and floated on top of the water. That was fairly easy to flick those out of the tank with one of the random sticks that always appeared to be about. There wasn't much else to do as I waited for the tanks to fill, so I decided it would be good to have some fish in the tanks. Besides, they might eat moss.

Although our farm was on the eastern side of the subcontinental divide, the Wabash River was close by to the West. A fishing pole and five-gallon bucket soon brought home several small catfish. Into the tank they went. Constant enter-

tainment for an otherwise boring job. Most of the fish I was able to catch were small. But I did have a great fish story. On one cast of my pole, I caught eight large carp. The rest of the story was that they were in a gunnysack floating down the river. Someone else's loss was my great fish story.

I couldn't help thinking while fishing that it would be great to have a Huckleberry Finn type raft and float down the Wabash River. Grandpa Howard lived at Sterling, Ind., just across Coal Creek from Veedersburg.

I could start at our farm, a few miles from Ohio, and raft down to Grandpa Howard's,

I was born and raised right here in Noblesville. I grew up in a home without domestic violence or assault - it wasn't something I saw, or even heard about. But when I was introduced to Prevail of Central Indiana, I was shocked by the number of individuals who are affected by domestic violence. In 2018 alone, Prevail helped more than 4,000 clients in Hamilton County (nearly 80 percent of clients are women and children). Domestic violence and abuse are hard topics to discuss, so you don't often hear about them. But at Tom Wood Volkswagen in Noblesville, we're breaking the taboo and raising awareness for Prevail, an organization that helps families in Hamilton County.

Having a healthy immune system is more than keeping it “boosted”

“Good health and good sense are two of life’s greatest blessings.”
– Publilius Syrus

How often have you, during the past few years, thought of your body’s immunity? Probably more than you ever did in the “pre-pandemic” years! Although the past decade or so has increased our awareness in the necessity of a strong immune system, that perception has gained increased interest and importance during these troubling times.

You may be very aware of the many supplements which promise “immune boosting” properties, and in truth some are quite beneficial. However, the word “boost” does not give us an accurate picture of how we need for our immune systems to work with us. If your immune system is working properly, it does not need a boost as such. According to Frank Lipman, M.D., co-author of *The New Rules of Aging Well*, “I know it’s semantics, but I wouldn’t use the word ‘boost.’ You don’t want your immune system to overreact any more than you want it to underreact.”

What should we do? – and you have heard it many times! Eat healthy whole foods, get adequate sleep and hydration, and avoid smoking and excessive alcohol. Unfortunately, the people most affected by COVID-19 are those people who are not relying on the aforementioned suggestions but also suffer from diabetes, obesity, and heart disease. Having a healthy immune system would go a long way in the prevention of many of those obstacles.

Suzanne Cassel, M.D., an allergist and clinical immunologist at Cedars-Sinai in Los Angeles says that a healthy immune system isn’t the same thing as never getting sick.

“It means your body has an appropriate response when eventually you pick up an infection.” The simplest way to stay healthy, according to Dr. Cassel, is to

“stay away from sick people, large group gatherings, washing your hands, and getting your vaccines.”

While food should always be your primary source of nutrients, sometimes supplements can play an important part of your healthy immune system goals. Your primary physician will check your Vitamin D levels during your annual checkup and bloodwork. If your Vitamin D levels are low, he/she may suggest a daily supplement. Some of the best food sources of Vitamin D are egg yolks, beef liver, salmon, and certain cheeses. Personally, as a vegetarian, I do take the Vitamin D supplements at the encouragement of my physician. Please check with your physician before beginning any supplementation, as some may affect any medications you are prescribed.

Remember, too, lack of activity and stress can greatly affect your immune system. Keeping our immune systems strong will assist us as we strive to stay healthy during a critical period of battling a significant coronavirus. We cannot change the world, but we can change and improve our own “world of wellness.”

Stay healthy, my friends.

Monumental Marathon racers qualify for Boston Marathon with goal to raise awareness

By LAKYN MCGEE
WISH-TV | wishtv.com

Thousands compete in the **Boston Marathon**. Some include those that have trained their entire lives, while others do it to help others.

The Shinneman Family will run the April 17 race with the goal to help others.

Jamie and Amy Shinneman qualified for

the Massachusetts-based marathon when they completed the Monumental Marathon in November. The difference between the Shinnemans and other racers is that the husband and wife use a duo bike because Amy has muscular dystrophy. It’s a way for Amy to join Jamie on his runs.

“I’ve watched Jamie run the Boston Marathon twice as a spectator, so I’m really

excited to actually be a part of the Boston Marathon,” Amy said. “It’s a dream come true.”

Since the pair got the duo bike in 2015, they’ve completed three races together – including the Chicago and New York Marathons.

“Yea, I’m pretty nervous,” explained Jamie of his upcoming race. “Even though I’ve done it before,

she’s not. So, I’m excited to run her down the streets of Boston at one of the most iconic marathons in the world. I’m excited for her to see all of that.”

The couple will **raise money** for the Muscular Dystrophy Association during the race.

Their goals for the future include the Berlin, London, and Tokyo Marathons.

Hamilton County receives over \$3M in road project grants

The REPORTER
Governor Eric J. Holcomb and the Indiana Department of Transportation (INDOT) have announced 224 Indiana cities, towns, and counties will receive a combined \$133.4 million in state matching funds for local road projects through Community Crossings, a component of Governor Holcomb's Next Level Roads program.

Well over \$3 million was awarded here in Hamilton County:

- Hamilton County: \$1 million
- Cicero: \$720,135
- Fishers: \$1 million
- Noblesville: \$1 million

"The continued success of the Community Crossings program becomes more evident each year," Gov. Holcomb said. "Improving transportation infrastructure at the most local level makes communities that much more attractive for business

and Hoosier families alike to connect and grow."

Communities submitted applications for funding during a highly competitive call for projects in January. Applications were evaluated based on need and current conditions, as well as impacts to safety and economic development. Funding for Community Crossings comes from the state's local road and bridge matching grant fund. The Community Crossings initiative has provided more than \$1.27 billion in state matching funds for local construction projects since 2016.

"Safe, modern infrastructure at the local level makes Indiana's transportation network stronger," INDOT Commissioner Mike Smith said. "Partnering with locals on these projects is something INDOT looks forward to each year. The hard work and dedication of local entities to secure these

funds and make improvements in their communities does not go unnoticed."

To qualify for funding, local governments must provide local matching funds of 50 percent for larger communities or 25 percent for smaller communities and have an asset management plan for maintaining existing roads and bridges. Indiana law requires annually that 50 percent of the available matching funds be awarded to communities located in counties with a population of 50,000 or fewer.

State lawmakers identified long-term funding for Community Crossings as part of House Enrolled Act 1002, passed by the legislature and signed into law by Gov. Holcomb in April 2017.

Mr. Rogers once said, "When I was a boy and I would see scary things in the news, my mother would say to me, 'Look for the helpers. You will always find people who are helping.'"

It was always their dream to own a business someday, and Erika thought Just Love Coffee Cafe would be Peter's adventure, but soon she learned that she would be the one to fill others' cups with love. When they lived in Texas, Erika worked as an engineer at Boeing, but had always loved the idea of working for a non-profit and after having the twins, she fell in love with a social service agency and worked there for a while.

“We thought that that would be the time to start our own business since we had talked about starting one for years, even though it was during the rough of COVID,” Erika said. “I’m a person of faith and always just said, ‘If God leads us there, then it’ll happen.’”

They had always talked about making sure their business would be one that would give back to the community, and they decided on a cafe-style business so kids and young adults could have a safe place to hang out. Once settled in Indiana, a franchise coaching company reached out to Erika and connected them to Just Love

“Since we had never been business owners, Peter and I thought it would be best to start with Just Love Coffee Cafe so that way if we had questions,

we would have someone to reach out to for help,” Erika said. “We also liked their origin story. The founder, Rob, started roasting coffee beans to help support his own family’s international adoption and he found that his family was able to fundraise very well, so they started helping families with their adoption processes by roasting and selling coffee beans for them through an online market.”

Just Love Coffee Cafe not only helps raise funds for adoption, but they raise funds for other national and community chapter organizations as well by selling Cause Coffee. For example, one can purchase the Spectrum Blend Cause Coffee and a portion of those proceeds go towards raising awareness and support for people with intellectual and developmental disabilities.

Once inside the cafe, you'll notice the atmosphere is vibrant and upbeat. There's plenty of seating and family-friendly board games for family fun together. A room in the back of the cafe can be closed off and used for meetings, small gatherings, and sometimes prep work for when Just Love Coffee Cafe does catering events. The menu offers specialty coffee, lattes, and other drinks, too.

perfect for a stormy day. One of the most unique things about the menu is the use of a simple cooking appliance: the good ol' waffle iron.

“The majority of our menu is cooked on a waffle iron, which is something unique that Just Love Coffee Cafe is known for,” Erika mentioned.

The Bacon Tater is just one of the many items cooked on a waffle iron, and it might call your name. If you try it, you'll sing praises of the ooey-goey cheese and the crisp bite of tater tots with just plenty of bacon pieces on top that'll make you squeal with delight.

Erika said her favorite menu item is the Jive Turkey, a wrap with turkey, bacon, provolone cheese,

spinach, and creamy pepper jelly spread. Her coffee drink of choice would be Toffee Coffee, a signature latte with flavors of toffee, chocolate, and caramel. Looking for something gluten-free? Don't worry, Just Love Coffee Cafe offers gluten-free options baked by No Label at the Table, a local business in Carmel that is staffed by people on the Autism Spectrum.

Just Love Coffee Cafe has raised awareness and funds for organizations such as Shepherd's Center of Hamilton County and other local organizations. Last year, the cafe donated 10 percent of sales sold on Mother's Day to benefit mothers and their children at O'Connor House in Carmel.

Loyal customers to Just

Love Coffee Cafe are what makes the cafe able to assist the community, and Erika and Peter hope to be able to continue to do just that.

Be kind & give blood in April

Get Snoopy T-shirt for donating through April 23

The REPORTER

April is National Volunteer Month, and the American Red Cross is celebrating the millions of people who volunteer to give blood, platelets and plasma throughout the year. This month, the Red Cross and PEANUTS are joining forces as a reminder that it's cool to be kind and help save lives.

Don't wait until there's a crisis to give – donors of all blood types, especially type O blood donors and those giving platelets – are needed now to keep the blood supply strong enough to support critical patient care all season long.

People coming together to care for one another is the humanitarian spirit shared by the Red Cross community and PEANUTS. Donors are

encouraged to take a page from the comic strips that have charmed generations and take care of one another by making a blood donation.

Book a time to give by visiting RedCrossBlood.org, downloading the [Red Cross Blood Donor App](http://RedCrossBloodDonorApp), or calling 1-800-RED CROSS.

As a thank you, all who come to give through April 23 will receive an exclusive Red Cross and PEANUTS T-shirt featuring Snoopy as the coolest beagle in town, Joe Cool, while supplies last. (Terms apply. Visit red-blood.org/cool.)

Those who come to give through April 30 will be automatically entered for a chance to win a three-night trip for two to Sonoma County, Calif. This getaway includes flights, hotel, a

\$1,000 gift card and special tours of the Charles M. Schulz Museum and Snoopy's Home Ice, courtesy of Peanuts Worldwide.

Amplify your impact – volunteer!

Another way to support the lifesaving mission of the Red Cross is to become a volunteer blood donor ambassador at Red Cross blood drives. Blood donor ambassadors help greet, check-in and thank blood donors to ensure they have a positive donation experience.

Volunteers can also serve as transportation specialists, playing a vital role in ensuring lifesaving blood products are delivered to nearby hospitals. For more information and to apply for either position, visit red-cross.org/volunteertoday.

Jurassic Quest works in collaboration with leading paleontologists to ensure each dinosaur is painstakingly replicated in every detail, from coloration to teeth size, to textured skin, fur,

or feathers, drawing on the latest research about how it’s understand dinosaurs looked and moved.

Made-to-order deliciousness

Customers love Quack Daddy Donuts

By **CHRISTY HEITGER-EWING**
Westfield Chamber of Commerce

A decade ago, a seed was planted in their minds when Andy Arrendale and his wife, Nicole, stumbled upon a made-to-order donut shop in Florida. Both nurses, the pair loved the made-to-order concept and thought how great it would be if they could one day bring it back to Indiana.

At the time, they had one young child with another on the way, so the timing wasn't right to launch a new business. Through the years, the family continued to visit that donut shop in The Sunshine State, and the desire to open their own place back home only grew.

"I finally got the okay from my better half to look into it further," Arrendale said. He learned that there was a franchise in Pendleton called Quack Daddy Donuts, and the owner was looking to exit the business.

The original owner named his shop Quack Daddy because the Pendleton area (especially Falls Park) attracted a lot of ducks.

"It's a cute and catchy name that's memorable," Arrendale said.

When the Arrendales began hunting for a location to open Quack Daddy Donuts, they looked on the Butler campus and in Carmel, but neither place felt right. Then they found a location in Westfield just a half a mile from their house, and it was a no-brainer.

"It was perfect for us!" Arrendale said. He signed the lease for Quack Daddy Donuts in February 2020, just before the COVID closures. Although the original plan was to open in the summer of 2020, it got pushed to November, and they officially welcomed the public on Small Business Saturday. Ultimately, it all worked out well. Not being a sit-down restaurant was a good thing at the time. Operating in a carry-out capacity meant they could maintain social distancing requirements.

"With my wife and I having a medical background, we were overly cautious anyway," Arrendale said. The community welcomed the new donut establishment with open arms. "We feel like if we can ride through that [pandemic], we should be able to take anything that comes our way."

Upon entering the shop, customers

fill out a made-to-order order form, choosing from seven different icings and 17 different toppings. The staff then ices and tops the doughnut in front of you.

One of their most popular flavors is the maple bacon doughnut with maple icing and warm bacon.

As for toppings, sprinkles top the list! It isn't just the kids who love them; adults want those sprinkles, too.

Their doughnuts are vanilla cake only. Sometimes when customers learn that they don't make yeast doughnuts, they're bummed.

"I'll usually offer them a free cake doughnut to at least try," Arrendale said.

They kick off every weekend with Flavored Cake Friday, which offers various flavors such as chocolate, blueberry pie, or apple pie. In the fall, they may offer apple cider or pumpkin. In December, they have crushed candy cane topping. They also sell local milk from Dandy Breeze Creamery in Sheridan and local roasted coffee from Indy Coffee Roasters out of Carmel.

"We're a full-service café, so that we can make all your espresso, lattes, cold brew, and Nitro coffee," Arrendale said.

They provide catering, so if you'd like Quack Daddy to come to your office, they'll bring their doughnuts, icings, and toppings and basically do what they do in the shop at your event. They also can accommodate large orders for pickup. Plus, they host events like birthday parties in their store.

Arrendale loves partnering with different organizations and entities in the community to benefit local schools, churches, and nonprofits. They have a

Photo provided

program called "Ducks for Dollars," in which they sell little rubber ducks in the shop for a dollar a piece; each month, they donate those dollars to a local nonprofit within the Indy area.

Over the last few years, Arrendale has paid attention to trends and listened to customers' likes, dislikes, requests, and suggestions.

For instance, they love that Arrendale and his staff are big race fans, so, during May,

they ask for some Indy car drivers' favorite desserts and turn them into specialty doughnuts. For four-time Indy 500 winner Hélio Castroneves they transformed a famous Brazilian dessert – chocolate with toasted coconut and chocolate shavings on top – and made it into a delicious doughnut. For racer Graham Rahal, they made a banana pudding doughnut. At the end of every month, the staff is always gearing up to try something different.

"There have been times when we've not transitioned to our new doughnut by the first of the month, and customers are like, 'Hey, where's the new Flavor of the Month?'" Arrendale said.

He says he loves that his customers are so loyal and hungry to try new things. One fun memory involves a Saturday when a group of nuns came in dressed in full habits. They had clearly been in before because they went directly to the order form area and wrote out "Sisters" as their name.

"We thought that was very cool," Arrendale said.

Quack Daddy Donuts is located at 16153 Spring Mill Road, Suite 500, Westfield. For more information, call (317) 804-9932 or [click here](#).

Call before you dig.**

Duke Energy reminds customers to call 811 before starting spring digging projects

The REPORTER

April is Safe Digging Month, and Duke Energy reminds customers and communities to call 811 before digging to protect the country's underground utility infrastructure.

"A spring yard project can quickly turn into an emergency if you don't plan ahead and call 811," said Brian Weisker, Duke Energy senior vice president and chief operations officer, natural gas. "Calling 811 is the best way to prevent costly and potentially dangerous damage to underground utility lines."

Can you dig it?

Yes, you can. The national 811 "Call Before You Dig" system was created so anyone who plans to dig can make a free call to have underground utility lines clearly marked. Contractors, homeowners, business owners and anyone preparing for an excavation project

should call 811 at least three business days before digging begins. The local utilities will send a crew to mark underground lines in the area (electric, natural gas, water, sewer, phone, cable TV and others) with stakes, flags, or paint.

In 2022, Duke Energy reported approximately 475 damages to its underground electric network in Indiana.

"Our highest priority is the safety of our customers, employees and communities," Weisker said. "We want everyone to enjoy their time outside this spring and begin their yard projects with safety in mind."

TODAY'S BIBLE READING

"The ten horns you saw are ten kings who have not yet received a kingdom, but who for one hour will receive authority as kings along with the beast. They have one purpose and will give their power and authority to the beast. They will wage war against the Lamb, but the Lamb will triumph over them because he is Lord of lords and King of kings—and with him will be his called, chosen and faithful followers."

Millers end up victorious after ‘Hounds try tremendous takeover

By **RICHIE HALL**
sports@readthereporter.com

CARMEL – On a picture-perfect Wednesday evening at Carmel’s Cherry Tree Softball Complex, both Noblesville and the Greyhounds got to show off their offense.

The Millers won the all-county game 14-8. Noblesville led 11-0 after the top of the fourth inning, but Carmel made a tremendous run in the bottom of the fourth, scoring eight runs. The Millers added runs in the next two innings, allowing them to hold on for the victory.

Noblesville jumped on top early with four runs in the first inning. Delaney Rundle scored on a passed ball, then the Millers hit back-to-back home runs. Mack Harvey went first with a center field blast, also sending Reis Sjöholm in to score. Erin Clark was up next, and she sent a 0-2 ball over the left field fence.

The Millers went on to score runs in each of the first six innings. That included two more in the second; Addi Emmerson went home on Sjöholm’s RBI groundout, then Rundle scored on a passed ball. Bella Schatko singled in Clark for a third-inning run.

Noblesville cranked up its bats in the fourth inning with two more homers. Fowler sent a right field hit over the fence for a solo home run, then Thompson cracked one into center field, also bringing in Clark. Emmerson added another RBI when she doubled in Schatko.

With that, the Millers led 11-0. Then Carmel got going. Hope McDonald went first, with a triple to score Jayden Kleiner.

McDonald was soon home, as Lily Sullivan scored her with a right field base hit. Bella Davis singled in Sullivan for a third run, then later

scored on Ella Weir’s RBI fielder’s choice. Grace Erickson was next, with a single to score Alex Longstreth.

That brought up Sophie Esposito, and she blasted a three-run homer into left field, scoring Weir and Erickson. Just like that, the Greyhounds were within 11-8.

Noblesville got a run back in the fifth inning when Harvey doubled in Sjöholm. In the sixth inning, Thompson led off with her second home run of the game, then Schatko scored to give the Millers their 14th run.

“I liked it,” said Noblesville coach Deke Bullard. “I definitely liked that we responded. They’re a good team. And sometimes the ball bounces your way and sometimes it doesn’t. Tonight it bounced our way the majority of the time and then the one inning it bounced their way a lot. Take nothing away from them. They played a good game. I think we were just fortunate to get a few more runners and a few more bats on the ball in order to take care of business.”

Seven Noblesville batters had two hits. Lulu Van Beek got the pitching win, with four strikeouts over three and a third innings.

Broughton, McDonald and Sullivan all finished with two hits. Broughton pitched six and two-thirds innings, also striking out four.

“It can be done,” said Carmel coach Ginger Britton. She said the Greyhounds’ big fourth inning shows that the team has the potential to score multiple runs in an inning. “We talked a lot about just passing the bat, so that’s going to be the focus going forward is making sure that we continue to work on that,” she said.

Noblesville is 3-2 and plays Saturday morning at Lawrence North. The Greyhounds are 1-4 and play at New Palestine on Friday.

Lindsey hit a double in that inning to score Eli Manbeck, then Matt Drozlek doubled Lindsey home to bring Westfield within 5-4. In the bottom of the seventh, Wilson and Manbeck both had base hits, and both scored on Gentry’s left field base hit.

Andrew Bouse

Republican for Westfield City Council, District 2

As a 7-year-member of Countryside HOA, Andrew has enjoyed developing relationships with other residents and board members, learning about the community’s needs, working with City and County, and executing strategic plans. He worked 18 months to get the approval and County dredging to replace a treacherous bridge. He is not allowed to say that you can drive a car over the new one, that he helped build that bridge with his own hands, or that it is ADA compliant. But he will tell you that it has an incline and decline of one inch per foot and it has concrete pylons for a dock.

Now it’s time to build a different kind of bridge. The relationship between city, council, and clerk treasurer has been dysfunctional. Andrew knows it’s time to heal and move forward. He will bring these groups closer to sync.

He has been involved with the Grand Junction Task Group, Communications Task Group, Westfield Art Alliance, WeCan, and has been a member of the Lions Club, VFW Auxiliary, and currently Historian for the SAL Carmel American Legion.

His finest achievements are his marriage to the beautiful Dr. Elizabeth Bouse and his two girls.

Victor McCarty

Republican for Westfield City Council, District 2

I’m just a kid from the trailer park that wants to serve the community I love. As a lifelong Shamrock, my love for Westfield started when I was mascot at WHS. At that time, I had lost 100 pounds and didn’t know where I was going. By being mascot, I was out in the community interacting with businesses and our residents. It gave me a sense of purpose. Simultaneously, Westfield became a city. Since then, I have had a deep passion for our community and every step I have taken has been to ensure that I am prepared to be a positive leader for Westfield. Through my experiences, I have learned that if we RISE together anything is possible. By building positive Relationships, investing in our aging Infrastructure, supporting our public Safety teams, and providing Engagement opportunities, we can create a welcoming community for all to live, work, and visit.

Fred Glynn

Republican for Carmel Mayor

My biggest achievement, without question, is my family. I've been blessed to be married to my wife, Beth, for 20 years. We have a teenage daughter, as well as two dogs named Bailey and Thor. We are members of St. Elizabeth Ann Seton Church.

I served two terms on the Hamilton County Council. I ran to bring leadership and accountability to Hamilton County – which I did, despite push back from members of my own party. I analyzed every proposal that came before me to see whether it represented a good use of the tax dollars my constituents worked hard to bring home.

I don't make decisions based on what politicians want, I make decisions based upon the long-term interests of our community. Looking at our city, I see that now, more than ever, we need new leadership and fresh thinking for our future. I share a desire with my neighbors to ensure our community remains safe and prosperous.

My goals for Mayor include bringing fiscal responsibility to city government, development and growth without using taxpayer dollars, and a new focus on preserving our neighborhoods.

Matthew has a history of ‘getting things done,’ and has led several initiatives that have propelled Carmel forward.

Initially, Matthew became involved in public service because of his passion for the parks. That passion turned into active involvement, and under Matthew’s leadership, the township has led and managed \$100 million in capital improvement projects, built three roundabouts in the last year, passed a resolution to govern the Clay Township Impact Program, and made significant improvements to the city’s public safety infrastructure. The board has accomplished this without a tax increase.

Matthew’s work in the community includes: past Janus Development board member, Carmel Clay Historical Society, Carmel School Ballet, and he is a member of the American Legion.

Matthew is an entrepreneur and has bought and sold companies over his professional career. Along with his wife, Ashlee, they have two children, Charlie and Benjamin. As a family, they enjoy Carmel festivals together.

If elected, Matthew will focus on keeping residents safe and continuing to enhance quality of life while being fiscally responsible.
